A Medicaid Waiver Request to Assist in Addressing Health Impacts from Potential Lead Exposure in Flint, Michigan, Pursuant to Section 1115 of the Social Security Act

February 13, 2016

State of Michigan

Rick Snyder, Governor

Nick Lyon, Director
Michigan Department of Health and Human Services
201 Townsend Street
Lansing, MI 48913

I. Overview

The State of Michigan, through its Department of Health and Human Services (MDHHS), hereby submits the following request for a waiver pursuant to Section 1115 of the Social Security Act. The purpose of this waiver request is to address potential lead exposure in the impacted areas of Flint, Michigan as further described herein.

This request has three aims: (1) to expand Medicaid and Children's Health Insurance Program (CHIP) eligibility for select individuals in the impacted area; (2), to coordinate comprehensive benefits and resources for these individuals through the provision of Targeted Case Management services; and (3) to provide a mechanism for expanded lead abatement activities in the impacted area. Although measures have been taken to address the public health issues brought about by this emergency, obtaining proper health care, case management and other assistance is necessary to minimize and further prevent any long-term adverse health effects associated with lead exposure.

II. Section 1115 Waiver Request

A. Expansion of Medicaid and CHIP Eligibility for Impacted Individuals

MDHHS proposes to suspend or alter existing eligibility requirements to provide Medicaid eligibility for select individuals who are served by the Flint water system or were served by the Flint water system. The requirements to be modified and the target population are described below.

1. Eligible Individuals: Eligible individuals include residents of Michigan who meet one of the following criteria:

    - Those individuals up to age 21 who are served by the Flint water system or were served by the Flint water system between April 2014 and the date on which the Flint water system is deemed safe by the appropriate authorities. This would include any children born to the pregnant women described below.
    - Those individuals who are served by the Flint water system and are pregnant between the date of approval of this waiver request and the date on which the Flint water system is deemed safe by the appropriate authorities.

2. Income and Asset Standards: An income standard of 400 percent FPL would be applied, using MAGI-based methodologies. No asset test would be applied. Individuals up to age 21 and pregnant women with household income above 400 percent FPL could buy in to unsubsidized coverage under the program.

3. Annual Renewals: MDHHS will use an electronic passive renewal process to redetermine the eligibility of those found eligible under this waiver. The renewals will occur at least once in each twelve month eligibility period. Income and residency will be verified. Those who are found ineligible through the electronic process will be given an opportunity to provide paper verification. In addition, any individual who has already been determined eligible for a Medicaid category and is served by or has been served by the Flint water system during the above mentioned period will maintain their current eligibility according to the rules described

above. However, these individuals may be reevaluated using the modified standards if they lose their eligibility at any time before the Flint water system is deemed safe by the appropriate authorities.

4. Duration of Eligibility: Those determined eligible based on the above criteria will retain full Medicaid eligibility according the following schedule:

   - Pregnant Women: The duration of the pregnancy and during the two calendar months post-delivery.
   - All others: Until the age of 21.

5. Benefits

   Eligible beneficiaries described above will receive the full array of State Plan benefits. This includes the provision of Early and Periodic Screening, Diagnostic and Treatment Services (EPSDT) for children up to age 21, Non-Emergency Medical Transportation (NEMT) and Maternal Infant Health Program services.

6. Delivery System

   The State will utilize its existing delivery systems to provide Medicaid benefits to eligible individuals. Individuals will be enrolled in the Medicaid Health Plans, consistent with the State's approved §1915(b) waiver. Populations that are considered voluntary or exempt from enrollment into a Medicaid Health Plan (e.g., Native Americans, beneficiaries who have other Health Maintenance Organization or Preferred Provider Organization coverage, etc.), will remain a voluntary or exempt population from managed care under this demonstration.

   Behavioral health services and related specialty supports will also be provided to eligible individuals through the State's existing Prepaid Inpatient Health Plan system in accordance with the Medicaid State Plan and any relevant waiver authorities. The services provided under this demonstration will be coordinated with existing case management services as appropriate.

7. Cost-Sharing

   Michigan does not impose any cost sharing for individuals under 21 or pregnant women under the state plan. Cost-sharing for eligible individuals described above will be consistent with the Medicaid State Plan. Children under age 19 covered under MIChild (the state's title XXI-funded Medicaid expansion program, with income between 160 – 212% of the FPL) are charged a premium under the state plan. However, individuals subject to this waiver will be exempt from all premiums. Children who are currently eligible for the MIChild program and are served by or have been served by the Flint water system as described in Section II A will also be exempt from premiums for the duration of their eligibility.

B. Targeted Case Management

In addition to the benefits described above, the State plans to offer Targeted Case Management (TCM) Services to all children and pregnant women served by the Flint water system who have

been determined eligible for Medicaid. For the purposes of this demonstration, TCM services are defined as services furnished to assist these individuals within the target population in gaining access to needed medical, social, educational, and other services. The State will provide face-to-face TCM services in a manner consistent with 42CFR 441.18 and 42 CFR 440.169 through a Designated Provider Organization (DPO), as defined below.

1. Target Population

   For the purposes of this demonstration, the target group includes all children who are newly eligible pursuant to Section II A, as well as all Medicaid eligible children (up to 21) served by the Flint water system.

2. Delivery System

   As noted above, the State will provide TCM services through DPOs. For the purposes of this demonstration, a DPO is any provider who has been approved by the State (in coordination with community leaders and stakeholders in the impacted area) and meets the following qualifications:

   - Is currently enrolled as a Michigan Medicaid Provider;
   - Can demonstrate the capacity to provide all core elements of TCM, including comprehensive assessment and care plan management, as well as linking, coordination and long-term monitoring of services;
   - Has a sufficient number of staff to meet the service needs of the target population and the administrative capacity to ensure the provision of quality services in accordance with State and Federal requirements;
   - Has experience in the coordination and linkage of community services; and
   - Has the willingness and capabilities to coordinate with the individual's Medicaid Health Plan, as applicable.

3. DPO Staff Qualifications

   The DPO will provide TCM services primarily through the use of a case manager. The case manager must meet one of the following criteria:

   - Licensure as a Registered Nurse by the Michigan Department of Licensing and Regulatory Affairs and at least one year of experience providing community health, pediatric or maternal of infant health nursing services; or
   - Licensure as a Social Worker by the Michigan Department of Licensing and Regulatory Affairs and at least one year of experience providing social work services to families.

   With active participation by the beneficiary, case managers will be required to provide comprehensive TCM services consistent with 42 CFR 440.169, which includes but is not limited to: performance of a comprehensive history, assessment, and reassessment of the individual; the development and ongoing management of an individualized plan of care, including identification of goals and actions; the provision of ongoing communication with

the individual's primary care physician and health plan (as applicable); coordination of health care and related community support services, including physical and behavioral health-related services (i.e. Medicaid health plans and community mental health services programs), nutritional support and age appropriate referrals to Early On, Great Start Readiness Programs and Head Start; and referral to and assistance in obtaining additional social supports, including financial, housing and transportation assistance, and lead assessment and abatement resources.

C. Lead Abatement

The State also seeks enhancement and expansion of its current lead abatement program through the use of a designated state health program model. As part of this expansion, the State would provide abatement services to homes in the impacted area. Abatement services are defined as the removal of lead hazards, including:

- The permanent enclosure or encapsulation of lead based paint,
- The replacement of surfaces or fixtures, the removal or covering of soil lead hazards, and
- All preparation, cleanup, disposal, and post-abatement clearance testing activities associated with such measures.

Individuals performing abatement services must be properly certified by the state. MDHHS also requests funding to train individuals in lead abatement.

III. Goals and Objectives

Through the provision of direct health care services as part of expanded eligibility, and the inclusion of TCM services, along with the provision of lead abatement activities, the State expects to do the following:

- Identify and address any physical or behavioral health issues associated with actual or potential exposure to lead hazards.
- Mitigate lead hazards in the impacted area through the provision of expanded lead abatement activities, which will result in a reduction in the number of individuals experiencing potential lead exposure.

As part of this demonstration, the State will test the following hypotheses:

- Providing expanded eligibility under this waiver will allow for enrollees to have access to services to identify and address physical or behavioral health issues associated with lead exposure.
- Providing Targeted Case Management services will allow for enrollees to receive assistance in gaining access to needed medical, social, educational, and other service.
- Providing enhancement and expansion of the lead hazard removal program will reduce the potential for ongoing or re-exposure to lead hazards.

To test these hypotheses, the State will utilize the following evaluation measures:

- Utilization of services for waiver enrollees including but not limited to access to primary/preventive services, lead screening, well-child visits, behavioral health services.
- Utilization of TCM services including but not limited to the number of waiver enrollees served, types of referrals provided.
- Number of homes in the designated area in which lead hazard removal has occurred.

IV. Enrollment and Financial Information

The State anticipates approximately 15,000 individuals will be eligible for the group described in Section II A. In addition, approximately 30,000 individuals in the impacted area are currently enrolled in Medicaid.

V. Cost-Effectiveness and Budget Neutrality

The Medicaid Eligibility Group (MEG) and associated amounts listed in the table below in conjunction with the amount calculated in paragraph (B) constitute the budget neutrality limit for the target population.

MEG	DY 1 – PMPM	DY 2 – PMPM	DY 3 – PMPM	DY 4 – PMPM	DY 5 – PMPM
Target Population	$446.83	$449.35	$469.07	$484.60	$500.93

A. The PMPM amounts detailed in the table above represent estimated total computable costs for the full array of State Plan benefits and Targeted Case Management Services for the target population. If the state's experience of the take up rate and other factors that affect the costs of this population indicates that the PMPM limit above may underestimate the actual costs of State Plan benefits and Targeted Case Management Services for the target population, the state may submit a PMPM adjustment for CMS review and approval without submitting a formal waiver amendment.

B. In addition to the PMPM amounts above, the budget neutrality amounts will be increased to include the total computable costs of lead abatement services for the target population in the impacted area. These costs will be incurred in a manner which utilizes existing state administrative infrastructure and lead abatement programs. The non-federal share of these costs will be limited to resources appropriated by the state for the express purpose of lead abatement in the impacted area. Amounts associated with this paragraph will be reported to CMS on an annual basis for inclusion in the overall budget neutrality limit for the target population.

C. The State requests Title XXI funding be made available for the population made eligible by this waiver and all lead abatement activities described herein.

VI. Waivers and Expenditure Authorities

MDHHS seeks waiver of the following requirements of the Social Security Act:

- Eligibility §1902(e)(14) – To the extent necessary to eliminate the income and asset test and modify redetermination requirements for eligible individuals as described herein.
- Comparability §1902(a)(17) or § 1902(a)(10)(B) - To the extent necessary to provide the benefits described in this demonstration request to those individuals who meet the criteria described herein.
- Cost-Sharing §1902(a)(14) insofar as it incorporates Sections 1916 and 1916A, and § 2103(e) - To the extent necessary to waive premiums in the State's MIChild program for those individuals impacted by this demonstration.
- Freedom of Choice §1902(a)(23) - To the extent necessary to allow the State to limit those entities providing Targeted Case Management services under this demonstration.
- Statewideness §1902(a)(1) - To the extent necessary to allow the State to carry out the demonstration as described herein.
- Amount, Duration, and Scope of Services -Section 1902(a)(10)(b) - To the extent necessary to allow the State to provide a benefit package to the demonstration population that differs from the State Plan benefit package.

VII. Public Notice and Tribal Consultation Process

Given that this request is intended to address an emergency, as declared by the President on January 16, 2016, the State seeks an exemption from the public notice process pursuant to 42 CFR 431.416(g). However, the State does intend to seek input from the public as well as various stakeholders as part of the waiver development and implementation process, and has already issued some information through a press release as the State developed this proposal.

Given the expedient nature of this emergency request, the State also requests modification of the tribal consultation process. The State is submitting a letter to the Tribal Chairs and Health Directors in concert with the submission of this request, which will notify them of this proposal. MDHHS expects to schedule a conference call with the Tribal Chairs and Health Directors to discuss the waiver application, seek consultation and answer any questions.

VIII. Implementation Timeline

The State anticipates a phased approach to implementation upon approval of the demonstration.

The State also plans to engage in targeted outreach efforts to reach the individuals described in Section IIA as well as those in the impacted area who are currently eligible. This may include, but is not limited to, increasing the availability of application materials and related support services in the impacted area and providing State eligibility specialists in schools, health care facilities and other community locations to assist with the application process. The State also expects to pursue a streamlined application process for individuals who may be eligible under this demonstration.

IX. Expedited Renewal

Given the possible long-term risks from potential lead exposure, the State requests that upon expiration of the waiver, an expedited renewal process will be granted.

NEWS RELEASE

FOR IMMEDIATE RELEASE
February 12, 2016
Release #: 36

INTERVIEW OPPORUNITY: Spec. Colwell will be available for interviews at Fire Station #1 located at 210 E. 5th St. from 1-4 p.m. on Friday, Feb. 12.

National Guard Soldier Distributing Water Saves Flint Resident's Life

FLINT, Mich. –While helping to hand out water to the citizens of Flint, a National Guard soldier helped save a Flint resident's life.

"This is why I joined the military, to help people," said Spec. Charles D. Colwell, a medic with the Headquarters Company of the 125th Infantry Battalion attached to Alpha Company from Detroit, Mich. He is one of 65 soldiers helping distribute water resources after Gov. Rick Snyder activated the National Guard to help with the Flint water emergency.

Because of his actions on Feb. 1, Spec. Colwell is being recommended for the Michigan Lifesaving Medal by his immediate supervisor.

While on duty at Fire Station #1 in downtown Flint, Pfc. Zacharry R. Burrell greeted the resident who was there to return recyclables. Noticing that she was short of breath and struggling for her inhaler, Burrell ascertained the resident was clearly having a medical condition and needed immediate assistance.

"She stood there for a minute and it kind of looked like she was looking for something in her bag and then she bent down and put her hands on her knees and began coughing uncontrollably and I saw she had an inhaler in her hand," said Burrell.

Burrell brought Spec. Colwell out to the woman, who immediately started assessing her condition. She had been walking with some women to the firehouse. They told Colwell the woman had used her inhaler twice and it was nearly empty. He determined she was also suffering from severe bronchitis, so he called 911.

It wasn't until the next day the other soldiers realized how much he had done when she came back to the firehouse to thank Colwell for saving her life.

Colwell who has been a medic with the Michigan National Guard for the last two years is also a trained emergency medical technician on the civilian side in the city of Detroit.

"I do this so much every day and everyone else is kind of blowing it up," explained a humble Colwell, who doesn't understand why the other soldiers he is working with thinks he deserves the Michigan Lifesaving Medal.

"I couldn't be more proud of him," said his squad leader, Sgt. Brandon M. Lewis. "That's why I put him in for the highest award that I could possibly recommend for him for doing that."

Colwell went beyond his normal duties while in Flint and his actions made what could have been a bad situation a positive one.

"If it wasn't for him, one of us might have misjudged the situation and just thought she was sick," said Lewis. "Not only did he immediately seek her out, but he did everything he could to make her comfortable and by the time the EMTs and paramedics got here he already had an assessment to hand over to them so they were a few steps ahead."

The 125th Infantry Battalion includes soldiers from different companies from around the state who have volunteered to assist the citizens of Flint during this time. They are stationed at water resource sites at the five fire stations, handing out water, water filters and water testing kits.

Release #: 37

Boil Water Advisory Lifted by City of Flint

No Bacteria Identified

FLINT, Mich. – With the Feb. 9 water main break repaired and successful back-to-back bacteria tests completed, the city of Flint lifted its boil water advisory today.

Affected residents no longer need to boil their filtered water because testing did not reveal any bacteria during or after the repair of the water main break. The boil water advisory was issued as a precautionary measure because the loss of pressure in the water distribution system can make the system vulnerable to bacterial contamination.

Previously installed water filters are still safe to use given the absence of bacteria, but residents are reminded to check their water filter indicator and replace the filter cartridge, if needed. Individuals should follow the water filter manufacturer replacement instructions.

Residents are reminded to continue use of filtered water for drinking, food preparation, brushing teeth and pets. Unfiltered water may be used for bathing and cleaning. Pregnant woman and children under 6 years of age should continue to drink only bottled water.

The U.S. Environmental Protection Agency and Michigan Department of Environmental Quality both encourage residents and businesses to flush their water for between two to five minutes through all taps every day. This will assist with flushing their individual pipes as well as rescaling the water system as a whole. This should be done first thing in the morning after the water system has been stagnant for several hours.

To prolong the life of their filter, this daily flushing should be done with the filter turned in the off position. Once the system has been flushed for two to five minutes, the filter should be turned back on for all cooking and drinking.

Residents are also reminded to clean the aerator on every household faucet every week.

Free water filter cartridges, water filters, bottled water and water testing kits are available at water resource sites that remain open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1 (also a water bottle recycling site)
310 East 5th St.

MORE

Fire Station #3
1525 Martin Luther King Ave.

Fire Station #5 (also a water bottle recycling site)
3402 Western Road.

Fire Station #6
716 West Pierson Road.

Fire Station #8 (also a water bottle recycling site)
202 East Atherton Road.

All water filters distributed by the State of Michigan are certified by NSF International for lead reduction. Individuals wishing to verify that a specific filter is NSF-certified can do so via the NSF website.

The State of Michigan continues to coordinate response efforts in partnership with the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater, by calling 211 or visiting www.helpforflint.com.

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	02/09/2016 08:00:00
Operational Period End:	02/16/2016 08:00:00
Situation Report No.	38
SEOC Status:	Full
SEOC Hours of Operation Begin:	02/12/2016 08:00:00
SEOC Hours of Operation End:	02/12/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (February 12, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Still working on getting the supplies and equipment needed for the second warehouse.

JIC:
- MDHHS Chief Medical Executive Dr. Eden Wells joined Senator Stabenow, Mayor Weaver, Dr. Hanna-Attisha to join the Children's Health Fund to deliver a mobile medical clinic that will provide medical care to children in Flint.
- Key state agency PIOs staffed the Flint Water Interagency Coordinating Committee for media. Two media outlets attempted to attend the meeting, but were advised about the Live Streaming service available at www.michigan.gov/snyderlive.
- Issued a news release about a National Guard soldier saving a Flint resident's life. National Guard Spec. Charles Colwell was made available for media interviews at Flint Fire Station No. 1. Interviews were conducted with WEYI-TV 25, WNEM-TV5 and WJRT-TV 12.
- Continued routing public information materials for approval, including fact sheets on breast feeding and lead poisoning, lead and children fact sheet by the Michigan Alliance for Families, Frequently Asked Questions fact sheet, and supporting children and family's fact sheet.
- Drafted a news release about the boil water advisory being lifted. The JIC issued news release this afternoon upon lifting of boil water advisory.
- Held media availability at the Genesee County Emergency Operations Center to give the news media access to a sentinel team briefing prior to disbursing throughout Flint. More than 10 news media outlets attended, including local and regional members.

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings
- Team priorities today: water distribution and rapid response.
- Team priority tomorrow: water distribution and rapid response.
- 8 American Red Cross teams scheduled for Saturday, February 13 – extra vehicles on hand for surge in event based volunteers.

- Data is for 2/12/16 as of 5:00 pm:
o Total homes visited:
❑ 21,230 (round 3 total).
❑ 1,173 (today).
o Water cases (liters calculated by multiplying # of cases x 12):
❑ 147,648 liters or 12,304 cases (round 3 total).
❑ 6,840 liters or 570 cases (today).
o Replacement cartridges:
❑ 4,860 (round 3 total).
❑ 340 (today).
o Faucet filters:
❑ 7,475 (round 3 total).
❑ 48 (today).

Planning Section:
- Published Site Rep #38.
- Submitted daily Governor's report.
- Updated Flint Water Timeline.
- Updated PSC position procedures.
- Participated in daily calls and meetings with UCG, state agencies and distribution process.
- Developed estimates for each position to comply with FOIA request.

Operations Section:

• Facilitated 09:30 and 16:00 SEOC briefing and attended the 08:30 UCG meeting.
• Preparation for FOIA requests.
• 80 volunteers were active across the operation today (56 event based, 15 ARC, 9 NCCC).

• Warehouse Numbers as of 1800:
❑ Water (liters):
• 866,976 liters or 72,248 cases.
❑ Filters (faucet):
• 47,492.
❑ Replacement cartridges:
• 376,394.
❑ Test Kits (prepped):
• 28,919.

• PODs (Number as of 1700 2/12):
❑ Water (cases):
• 53,676 liters or 4,473 cases.
❑ Filters (faucet):
• 138.
❑ Replacement Cartridges:
• 544.
❑ Test kits:
• 117.

Finance Section:
• Reviewed Pierson Rd. Warehouse Memorandum of Agreement.
• Reviewed Agency Expenditures for inclusion as Category B eligible costs.
• Updated the Resource Request Form.

GIS Branch Updates:
• Refine data sent from MDEQ for mapping of water test location.
• Preparations for GIS to meet FOIA requests.
• Generated a list of number of visits by parcel.
• Produced maps of parcels that needed to be revisited.
• Produced map of visits by parcel.

DTMB:
• Addressing parking issues at the Flint State Office Building parking ramp.
• Procuring first aid kits for warehouses.

DHHS-CH (weekly):
• The CHECC remains active at a Level 2, and continues to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.
• MDHHS continues planning efforts in support of lead blood level testing for children age 6 and under.

DEQ:
• Coordinated calls from EAC to PEAS line on-calls from 17:00 2/12/16 to 2/16/16 at 08:00 due to the holiday weekend.
• Worked with MDARD to provide canine test kits for dogs in Flint. These kits will test for elevated lead and copper levels.
• Continued Sentinel water sampling collection crews and continued data collection and monitoring.
• Worked on Governor's office request for review of agency documents.
• Continued assembling data for EPA Emergency Administrative Order and second EPA request.
• Tracked progress of data collection for Sentinel water testing sites.
• Reviewed incident objectives to reflect activities for the upcoming week.
• Conducted an After Action Review focused on Sentinel sampling effort.

State Voluntary Agency Liaison (VAL):
• Draft water distribution courses of action under review by city and Captain.
• Connected Good360 with Food Bank.
• Relayed info on Woodside Church for Spanish materials.
• Relayed info from MCSC to Logs re warehousing for school/WalMart water.
• Worked with TIA on Displaced Worker Grant.
• Passed along info from Kidney Foundation for filter/cartridge need for homebound dialysis patients.

Unified Coordination Group (UCG):
• WQTF: Has a new team listed in the ICS-204 community involvement teams.
• Attended tactics meeting.
• Transitioned to using vulnerable populations as standard language instead of special populations.

Local EOC:
• 10 Sentinel Site Monitoring Teams and Elevated Lead and Copper Initial Assessment Task Force out in the field.
• Sentinel teams inspected approximately 170 homes since 02/10/2016, Initial Assessment Task force inspected approximately 65 homes with elevated lead levels and 30 days with elevated copper levels since 02/04/2016.
• Planning for staffing and transition from state agency support personnel to local personnel at Genesee County EOC.
• Liaison Officer and Incident Commander visited UCG and made contact with the Federal Health Coordinating Officer.
• Boil Water Advisory issued by City of Flint in response to water transmission line break was lifted at approximately 1700.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.

10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 12. The JIC was operational until 9:30 p.m. on Feb. 11.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Environmental Quality, Health and Human Services and Treasury. The Genesee County Sheriff's Office and American Red Cross were also present.

Tasks accomplished:
- Media hotline staff answered more than 10 emails and phone calls, ranging from the news media asking to embed with sentinel teams to inquiries about the status of the water pipes in Flint.
- MDHHS Chief Medical Executive Dr. Eden Wells joined Senator Stabenow, Mayor Weaver, Dr. Hanna-Attisha to join the Children's Health Fund to deliver a mobile medical clinic that will provide medical care to children in Flint.
- Created a media monitoring report and looked for misinformation.
- Updated a Daily JIC Activities log to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Key state agency PIOs staffed the Flint Water Interagency Coordinating Committee for media. Two media outlets attempted to attend the meeting, but were advised about the LiveStreaming service available at www.michigan.gov/snyderlive. The news media was unhappy about not being able to attend in person.
- Issued a news release about a National Guard soldier saving a Flint resident's life. National Guard Spec. Charles Colwell was made available for media interviews at Flint Fire Station No. 1. Interviews were conducted with WEYI-TV 25, WNEM-TV5 and WJRT-TV 12.
- Continued routing public information materials for approval, including fact sheets on breast feeding and lead poisoning, lead and children fact sheet by the Michigan Alliance for Families, Frequently Asked Questions fact sheet, and supporting children and families fact sheet.
- Drafted a news release about the boil water advisory being lifted. The JIC intends to issue the news release upon approvals and official notification from partners.
- Held a media availability at the Genesee County Emergency Operations Center to give the news media access to a sentinel team briefing prior to disbursing throughout Flint. More 10 news media outlets attended, including local and regional members.
- Completed staffing for the next two weeks.

Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/11/2016 included the following:
- 6 food establishment assessments conducted
- 9 follow-up food establishment assessments conducted
- 5 water samples collected

Responsibility for water testing and follow-ups for schools was clarified with MDLARA and MDEQ. Contact names and phone numbers for these agencies were given to the Food and Dairy Division's Incident Management Team for their own information and also for the people answering the MDARD phones.

American Red Cross (ARC)

The American Red Cross deployed 8 Water Response Teams on Friday, 2/12/16.

The Volunteer Reception Center is operating from 9-5 on Friday. The VRC will operate on the same schedule tomorrow.

Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Advised senior leadership of forthcoming FOIA process request. Engaged in constituent outreach regarding request for informational documents.

Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline Monday through Friday to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.

MDHHS continues planning efforts in support of lead blood level testing for children age 6 and under.

Corrections (MDOC)

MDOC continues to keep trucks dedicated to delivering to individual POD's and covering Rapid Responses for PODs that get to a

critical level. PODs remained well supplied throughout day and will continue to be well supplied moving forward.

We are continuing to work with Finance and MDOC assets to capture total employee payroll information and expenditures. MDOC continue to staff the SEOC from 0800-2000, 7 days/week. Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC

Warehouse inventory has been modified to adjust for different sized containers and is now housing additional resources to assist LARA with their mission.

606 Test kits were delivered from Flint to Lansing today. 593 were DEQ and 13 were MDARD.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

Coordinated calls from EAC to PEAS line on-calls from 1700 hrs 2/12/16 to 2/16/16 at 0800 hrs due to the holiday weekend.

Worked with MDARD to provide canine test kits for dogs in Flint. These kits will test for elevated lead and copper levels.

Continued Sentinel water sampling collection crews and continued data collection and monitoring.

Worked on Governor's office request for review of agency documents.

Continued assembling data for EPA Emergency Administrative Order and second EPA request.

Tracked progress of data collection for Sentinel water testing sites.

Reviewed incident objectives to reflect activities for the upcoming week.

Conducted an After Action Review focused on Sentinel sampling effort.

Human Services (MDHS)

Participated in Human Services Executive call.

Licensing and Regulatory Affairs (LARA)

Participated in briefings and updated the LARA Executive Team

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

LARA continuing efforts to plan and schedule faucet replacements for Flint schools. LARA is working with MDOC to track and store incoming material at the warehouse.

Translation services for various documents continue to be provided as needed.

Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

Military and Veterans Affairs (DMVA)

Commanders Situation Report (SITREP)

1. DTG: 1213002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell: Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 65 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs). Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has 65 Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke, will be seeking approval from CPT Bowles and Dana and/or Kim at the purchasing office for laminating.

b. A press conference was held at the EOC in regards to the DEQ sentinel teams and the data that has been collected within homes.

8. PERSONNEL: 65 Soldiers are currently assigned to the POD operations. 58 Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: Water boil advisory will be lifted.

10. LOGISTICS: In support of TF Flint

a. Schupon has placed an order for more instruction cards attached to recycle bags.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
• An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
• OUT (last 24 hours)
Bottled water-5245 Water (Gallons)25 Lead Testing Kits-134
Pitcher (23 cup)-0 Brita Faucet Filter-103 Brita Replacement Cartridge-158
Pur Filter-84 Pur Replacement Filter-262

National Weather Service (NWS)

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

Natural Resources (MDNR)

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

State Police (MSP)

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

Technology, Management and Budget (MDTMB)

Continue to provide DTMB management with daily updates and resource requests received.

Addressing parking issues at the Flint State Office Building parking ramp.
Procuring first aid kits for warehouses.

Transportation (MDOT)

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

Rumor Control | Health & Water Quality/Safety Concerns | Taxonomy Terms |Q&A | Printed Materials

Background Information:

Early January, Flint Water situation has been declared a State of Emergency and the Governor's Office got involved to set up resources. The concern is the lead and general quality of the water, piping, lead poisoning risk and health impacts. January 17, President Obama Signed a Declaration of Emergency releasing FEMA assistance for 90 days. Here's the press release. 2-1-1 is being advertised as the place to give and get help.

Many residents are upset at the situation and lack of steps being taken to fix the situation and the government is hopeful the partnership with us to get information to people and help assess the situation from people (unmet needs, trends, etc) will help them take steps – certainly along with other things they're doing! ***It's really important we express empathy and compassion to these callers, take time to listen, offer the help we can, record unique situations and report them to the partners – please email Jennie Pollak (jennifer.pollak@lifewayscmh.org) and I'll pass them up!***

The relief efforts include bottled water giveaway sites, water testing giveaways sites, water filter sites, homebound delivery of supplies, recycling centers, lead poison testing, as well as organized bottled water & monetary donation sites and volunteer organization.

Rebuild efforts have begun being announced. A lead pipe removal plan was announced on 2/9/16 by Flint Mayor Karen Weaver and will be led by retired Brigadier General Michael McDaniels. The plan will replace **residential** lead pipes with copper and is expected to begin by the end of March. There's no cost to homeowners. State Funding requests have been proposed.
www.detroitnews.com/story/news/michigan/flint-water-crisis/2016/02/09/flint-mayor-announces-lead-pipe-removal-plan/80052634/

Canvas efforts are in place to visit all residents, door to door in the City of Flint, providing filters, testing kits & drinking water. Teams are starting in neighborhoods with the highest lead concentration first. If the resident is not home, a flyer will be left instructing them to call 2-1-1. Treat these caller as a new caller, assessing their ability to pick up supplies or need for delivery. Canvas teams will make a second pass to reach residents.

Rumor Control – Record Referrals as OOD Disaster Related Rumor Control

Niagara Bottle E.Coli Rumor – Refer callers to Niagra Bottle Company website or the Consumer Affairs Dept to see if the bottles they've received were recalled. The recall was issued Summer 2015 from 2 Pennsylvania plants. www.niagarawater.com/consumer-notice/ Save OOD Referral for **Disaster Related Rumor Control** and Agency: **Niagara Bottling Company**

Revised 2.15.16_JP

Lead found in Bottled Water Received by Fire Stations – See official press release of <Dept of Environmental Quality Total Dissolved Solids> testing performed of bottled water. There's over 21 bottles of water that were tested – Sparklettes and Star Wars are some of the brands. Save OOD Referral for **Disaster Related Rumor Control** and Agency: **Joint Information Center.**

FEMA Relocation Assistance – There is no relocation assistance currently being provided as this is a Declared Emergency, not Declared Disaster. Please let residents know relief efforts are focused on water resources, testing and health support. Save OOD Referral for **Disaster Related Rumor Control** and Agency: **FEMA.**

~~~~~~

Health and Water Quality/Safety Concerns; several questions and concerns have been reported – safe to bathe, cook, etc. Refer to <WATER SAFETY FLYER> for basic information or refer for additional questions/concerns. Save referral for **Water Quality Assurance** for **Central Michigan 2-1-1** when basic information is provided and to another agency when referral is provided.

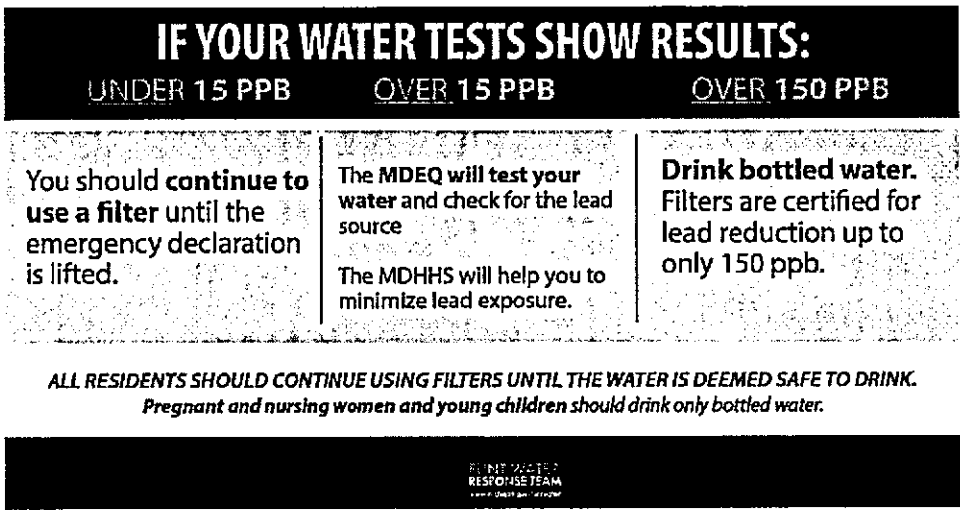
Q&A:

Lead Test Results Received: Several residents have called asking what to do after receiving their test results. Please advise as directed below. Residents will receive their results in the mail (we're hearing 3-4 weeks) after returning the sample, and results will be posted online to www.michigan.gov/flintwater as soon as they're processed. Click "Testing Results" to see residential results. Please do not share individual household results, but instead direct them to find the file online. We are not lead testing experts! Please record this call as Water Testing Information (saved in OOD box). If you're able to answer their question, save the agency as Central Michigan 2-1-1 (saved in dropdown list). If you refer to the website, save agency as www.michigan.gov/flintwater (saved in dropdown list).



Se

Class Action Lawsuits – An informational meeting about the Class Action Suits will be held at UofM Flint Tuesday, February 16th. Information is noted in the ACLU record. A few lawsuits have been filed against the City of Flint and Governor Snyder, etc. regarding the Water Situation. If callers want more information or to join, refer them to the ACLU by Taxonomy term: **Class Action Litigation.**

Lead Poisoning Results – Lead poisoning results will be received by the clinic or doctor that performed the bloodwork and follow up will be arranged; however if a family is concerned about positive lead poisoning test results for their child, please refer to **Case/Care Management** programs. If the child has Medicaid, refer to CHAP through the Greater Flint Health Coalition (**Case/Care Management**). If another form of insurance, please refer the Genesee County Health Department (**Case/Care Management*Lead Poisoning**).

Governor Constituent Services – Constituent Services is available for residents to share concerns, complaints, etc. Many Flint callers are upset, remember to be empathetic and understanding for what they are experiencing, but if we are not able to resolve their concern, or provide referrals, or if they are

calling only to share their opinion, please direct them to Constituent Services. Taxonomy term: **Government Complaints/Government Ombudsman Offices.**

Skin Rashes – Health information is available for those with questions about skin rashes that may be attributed to the water conditions. A physician is on duty that can help answer questions. Taxonomy term is **Medical Information Lines.**

Questions about Lead: EPA has developed a hotline to answer specific questions about the effects of lead and lead poisoning. Taxonomy term: **Lead Information.**

Questions about Water Safety: EPA has developed a hotline to Answer questions about drinking water safety and also can refer residents to the free testing kits. Taxonomy term: **Water Quality Assurance.**

Loans for Small Businesses – Economic Injury Disaster Loans have been approved for businesses in Genesee County and City of Flint. Business owners must apply by Nov 7, 2016. Taxonomy term: Disaster Business Loans.

Information for Visually Impaired Residents –Bureau of Services for Blind Persons is helping provide resources for blind or visually impaired residents. Taxonomy term: Disaster Preparedness Information

Water Main Break/Water Shut Off – The boil water advisory was lifted and no bacteria was found 2.12. During a water main break, residents may experience a drop in pressure or no water in their tap. This was confused with residents thinking the City shut off their water. Be advised, there have been no water bill shut off notices issued since around December 2015. When service is restored, it may have an odor or be discolored-let the water run for a few minutes to clear the line. As water main breaks do occur, this may happen again.

Water for Pets - Official statements state filtered water is safe for pets to drink, although the Humane Society is providing water for pet owners. Taxonomy term: **Disaster Related Drinking Water.**

Water Resources for Business, Nonprofits, Nursing Homes, Churches –Commercial food/beverage business may receive up to 10 cases/day and non-food business may receive up to 5/day. Taxonomy term: **Disaster Related Drinking Water.** Schools should contact Food Bank of Eastern Michigan if they are not already a distribution site. Licensed daycare/foster care providers should contact DHHS if they do not have resources.

Agencies offering to be a distribution site - Water resource distribution is a coordinated effort and please refer organizations that are a 501c3 to the Food Bank of Eastern Michigan to set up directly.

Ages 0-6 and Pregnant Women Advised not to Drink Water – Some homes are testing very high for lead (higher than the current water filters are certified to remove lead) and officials are warning people, especially those with kids 0-6 or pregnant to not drink tap water, even with a filter until they get their tap water tested and know their levels. There are no specific water distribution centers set up for this population. Refer callers to **Tap Water Testing** and **Disaster Related Drinking Water** as appropriate. Here's an article about the situation:
http://www.mlive.com/news/flint/index.ssf/2016/01/flint_water_crisis_filter.html

Revised 2.15.16_JP

CHAP – Families have trouble accessing health care, with their health care provider or transportation. Until the CHAP Screening process is in place, please refer directly to the Genesee County CHAP. Taxonomy term: **Case/Care Management.**

Emotional/Mental Health Support – Genesee Health System (CMH) is offering a weekly workshop for those seeking support, prayer, relaxation, crisis management, mental health resources, blood pressure checks, etc. Taxonomy term: **Workshops/Symposiums*Disaster or Emergency Issues.**

Hair Care – Creative Hair School of Cosmetology will provide monthly shampoo, condition and style for those affected by the Flint Water Crisis. Taxonomy term: **Hairdressing/Nail Care**

Pitcher Water Filters – Pitcher filters are no longer stocked at the Fire Stations; instead they're provided to residents who have tried the faucet filters. Please offer a plumber/pipefitter to try to install the faucet filter first; Taxonomy term: **Disaster Specific Home Repair.** The plumber/pipefitter will alert the team for the need of a pitcher filter. If the person is sure a faucet filter won't fit (sprayer faucet), please email Jennie Pollak the caller's name and need for pitcher filter (Jennifer.pollak@lifewayscmh.org) to make note on the referral list.

New Faucet – Donated faucets have been secured for residents that have been identified to need a new faucet to fit the faucet filter. Taxonomy term: **Disaster Specific Home Repair.** The plumber/pipefitter will alert the team for the need of a new faucet.

Recycling – Water bottles and water filter cartridges can be recycled at various locations in Flint. Taxonomy term is **Residential Recycling Programs.** Please see <Flint Recycling Information Handout>

Fraud Reporting – There have been reports of frauds or scams. If a resident is concerned, please direct them to report to FEMA or LARA. Taxonomy term is **Disaster Related Fraud Reporting.**

Volunteer Uniform: If callers have questions/concerns about those distributing resources, it's helpful to know which team. Red Cross volunteers have red vests, plumbers have neon yellow sweat shirts, and police and National Guard are in uniform.

Concerns about Treatment by National Guard: We've received concerns and complaints about how residents are treated at Fire Stations by National Guardsman. Please email Jennie Pollak at Jennifer.pollak@lifewayscmh.org an overview of situation including the caller's name and phone number (if interested) and she will send forward to a contact at the Michigan State Police.

Assisting agency call volume - Do not provide the phone number to Fire Stations, Genesee County Sheriff (*except to Apartment/Group Home Managers*) and Red Cross to help manage their call volume so they focus on relief efforts.

Filter doesn't fit faucet – All faucet filter kits come with several adaptions. Offer to have someone help install the faucet filter or suggest they get a pitcher filter if they're sure a faucet filter won't fit (sprayer faucets, etc).

Fire Station Resource Supply – The supply at the Fire Stations are being checked on an hourly basis. We've heard reports that they may temporarily run out of supplies; they will be replenished. We are not receiving updates when they are out or have supplies back in.

Revised 2.15.16_JP

Picking up filters for family members - People are no longer able to pick up water resources for another person. As of 1.22 People no longer need to bring ID to pick up supplies. Those unable to pick up supplies (homebound residents) may have them delivered by the Genesee County Sheriff's Office.

How Often? – People can pick up cases of water daily, replacement filter cartridges as needed and homebound residents can call as they need supplies delivered. There's one filter per household.

Township/nearby other city residents that receive City Water: if someone isn't a City of Flint resident but receives City of Flint water, they're called a "franchise customer" and it should be noted on their water bill (through Flint Township, etc). Direct callers to check their water bill or with their Township/Apartment manager to learn if their household is affected (if they are a franchise customer). They should be eligible for water filters, bottled water, etc. The canvas teams know about these residents and will be sure to deliver even though they are outside the City limits. Water filters will be mailed to franchise customers beginning 1/25. *Still waiting to hear about Delivery for homebound Franchise customers.*

Blood Lead Tests – Concerns for lead poisoning have shown need for Blood Lead testing sites. Children are at highest risk of developing lead poisoning, and the target of free community based lead testing clinics, though adult testing is available for a fee at the Health Department Saginaw St Clinic or their Primary Care Physician.

Water Bill Payment – Currently residents are obligated to pay their water bill since the courts have settled the disputes. If they have questions or concerns about their water bill, direct them to call the City of Flint Water Department for billing questions. The Governor did mention to provide aid to the City for utilities in his State of the State address but we are not aware that programs have been set to pay for resident's bills. Direct callers facing shut off to current resources, Taxonomy term: **Water Bill Payment Assistance.**

Apartment/Group home Managers picking up for residents - Public/Private housing unit apartment managers should be directed to call the Sheriff's Department water line, 810-257-3600 to coordinate pick up of water supplies for the units in their care. Residents may pick up resources for themselves, but Apartment/Nonprofit Group Home complexes may pick up water filters for their residents too.

Residents hired for Water Testing – Governor Snyder announced 2/8 partners were hiring 50 residents to assist with water testing. That opportunity was filled 2/9 so not entered into the database. Here's the article, FYI: www.mlive.com/news/flint/index.ssf/2016/02/flint_residents_being_hired_to.html

Water Resources for Business, Nonprofits, Nursing Homes, Churches –Commercial food/beverage business may receive up to 10 cases/day and non-food business may receive up to 5/day. Taxonomy term: **Disaster Related Drinking Water.** Schools should contact Food Bank of Eastern Michigan if they are not already a distribution site. Licensed daycare/foster care providers should contact DHHS if they do not have resources.

Eroded Hot Water heater - Refer to current resources (DHHS SER Program), but also record their name, address and phone number with a client note saying the cause is believed to be from the City Water in case specific assistance does become available

Revised 2.15.16_JP

Free Bus Transportation to Fire Stations - MTA (public transportation) is waiving the fare for people getting off at the Fire Station Water Resource Centers

Water filter scams - There have been reports of people selling water filters. If you hear of someone selling water filters, avoid that situation and call non-emergency Genesee County Sheriff's Office at 810-257-3407. All water filters are being provided free.

Water Testing Sample Questions – Instructions and an application form were provided with the water sample kit. There's also an instructional video online at www.michigan.gov/flintwater. Test Samples should be dropped off at Fire Stations, City Hall or Water Department (Taxonomy term **Tap Water Testing**). If homebound resident needs sample picked up, please save as Unmet Need **Tap Water Testing Drop Off** and Service Inaccessible/transportation. They'll work to get a volunteer pick it up. Also reference <DW Flint Sampling> document.

How to read water filters: If the indicator says the filter needs to be replaced, another filtration or drinking source should be identified. Images of filters are available at www.michigan.gov/flintwater

- The PUR Faucet Filter has a Red/Yellow/Green reading. Yellow is a warning the filter should be replaced soon. Red Means the filter needs replacement
- The Pitcher Filters have a thermometer style reading. There are instructions that tell when the filter needs to be changed. Waiting for more information. Replacement cartridges should be in later this week (week of 1/18).

RICK SNYDER
GOVERNOR

BRIAN CALLEY
LT. GOVERNOR

February 13, 2016

Ms. Victoria Wachino, Director
Center for Medicaid and Chip Services
Centers for Medicare and Medicaid Services
7500 Security Boulevard
Mail Stop: S2-01-16
Baltimore, Maryland 21244-1850

Dear Ms Wachino:

The State of Michigan hereby submits a demonstration application, pursuant to Section 1115 of the Social Security Act, to address issues related to lead exposure in the impacted areas of Flint, Michigan.

The waiver request has three aims: (1) to expand Medicaid and Children's Health Insurance Program eligibility for select individuals (i.e. children up to age 21 and pregnant women) in the impacted area; (2) to coordinate comprehensive benefits and resources through the provision of Targeted Case Management services; and (3) to provide a mechanism for expanded lead abatement activities in the impacted area. Approval of this demonstration will expand access to health care, case management and other supportive services and is necessary to minimize and further prevent any long-term adverse health effects associated with lead exposure.

We appreciate the assistance both you and your colleagues at the Centers for Medicare & Medicaid Services have already provided, and look forward to working together to achieve our mutual goal of improving the health and well-being of Michigan's citizens.

Sincerely,

Rick Snyder
Governor

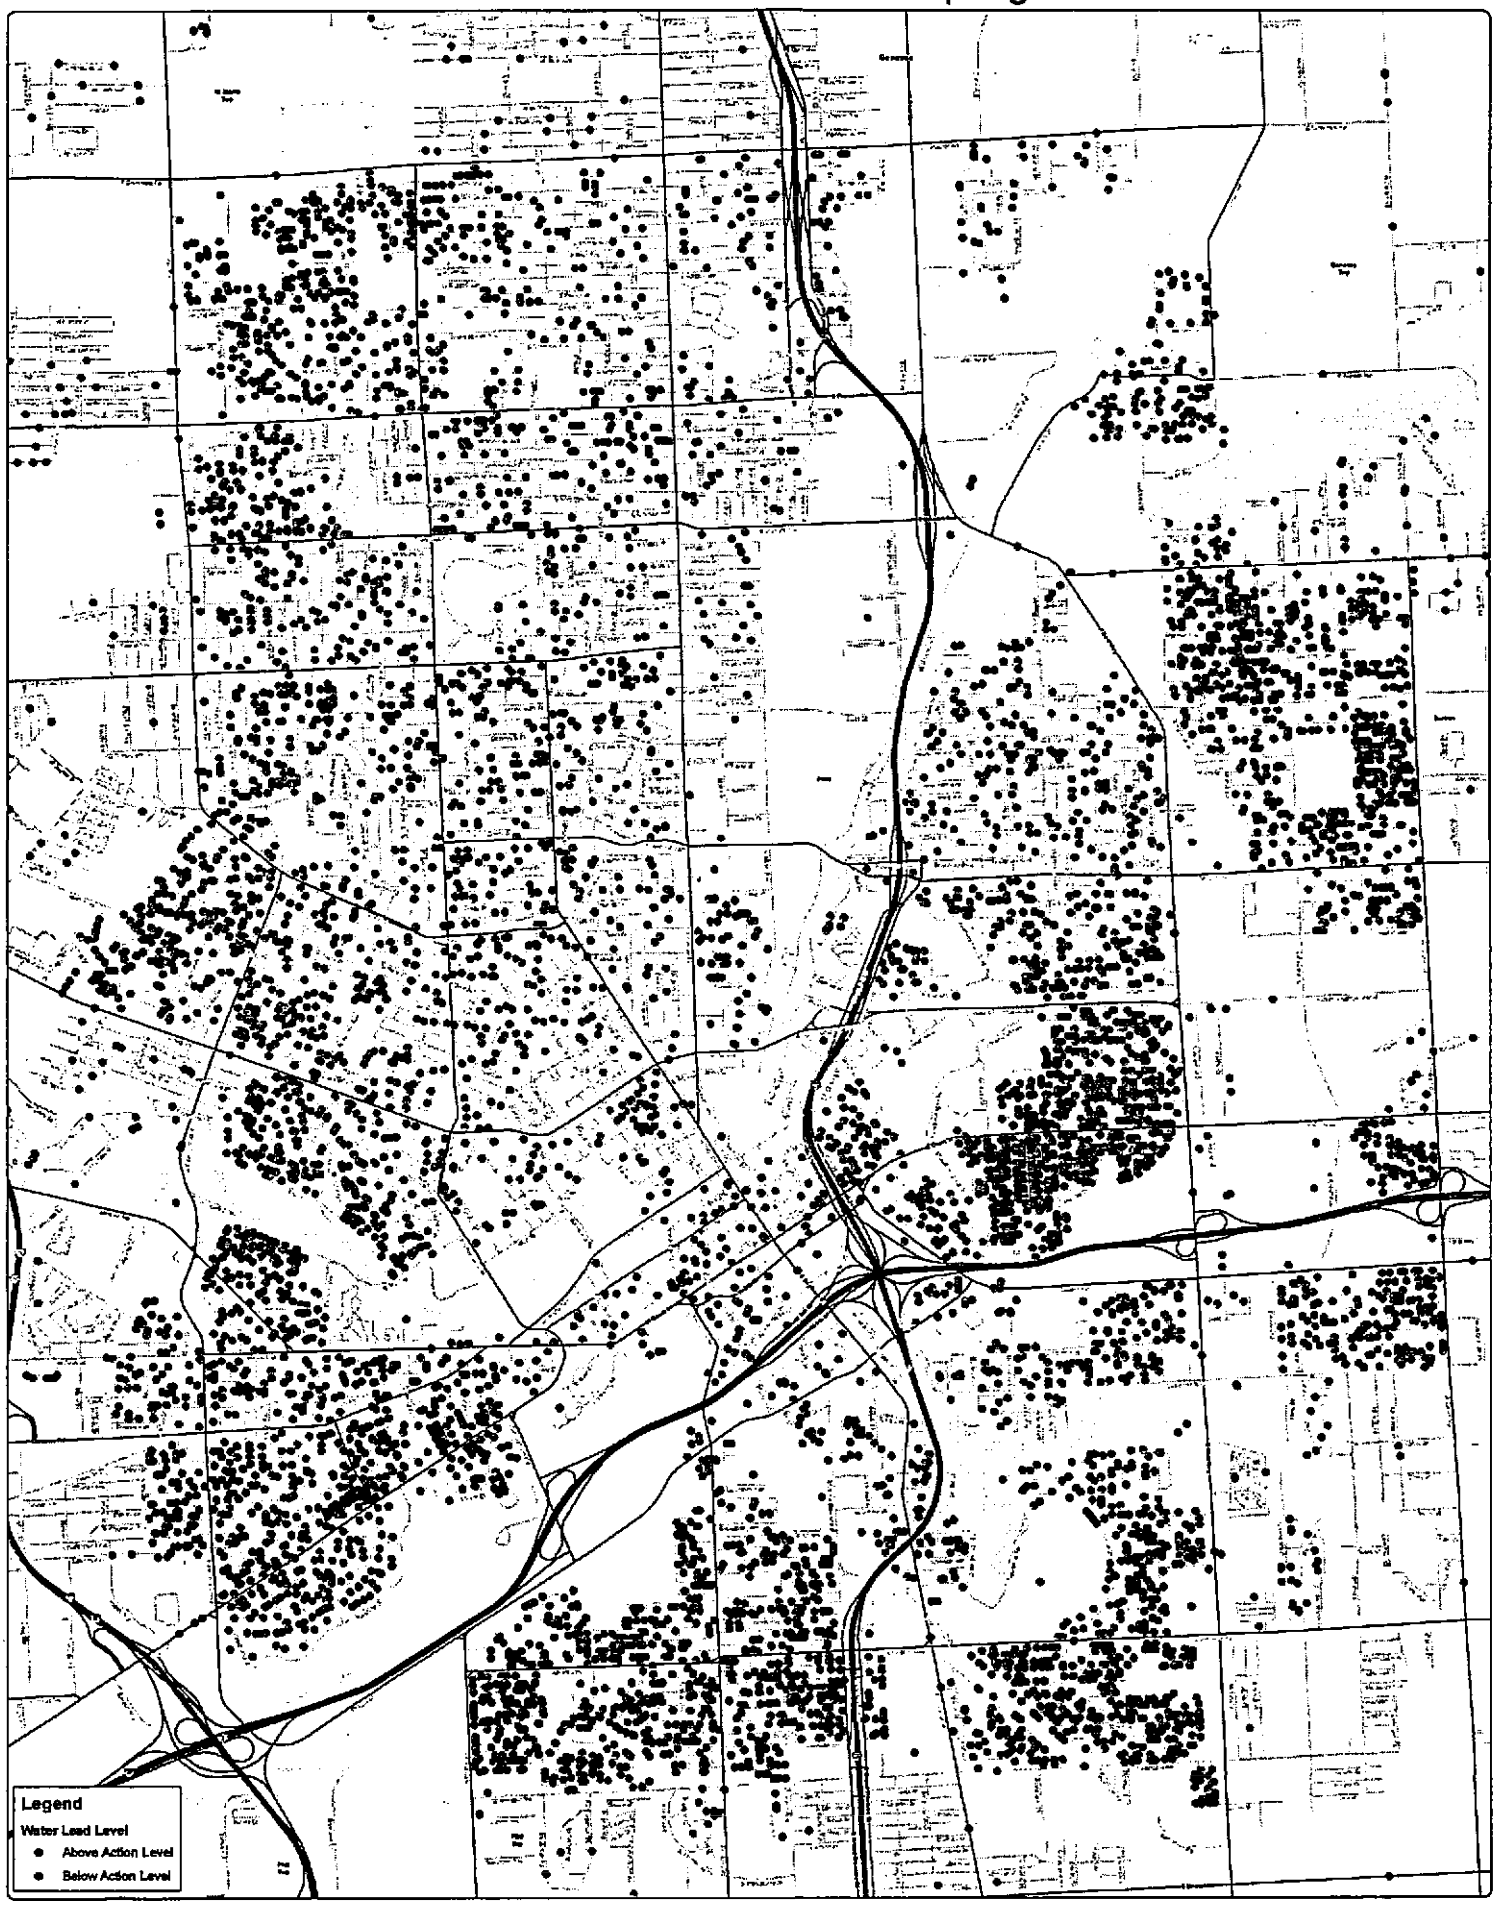
Flint Water Crisis - Residential Water Sampling Results - Lead



Michigan State Police
Emergency Management and
Homeland Security Division

Miles 0 0.75 1.5

This information is being provided by the City of Flint, Michigan State Police, Emergency Management and Homeland Security Division (MSP/EMHSD). The MSP/EMHSD assumes no responsibility for the completeness or accuracy of the data displayed on the map. Data layers were compiled from various sources and are not to be construed as a "legal description"

Author: msp-aeoogis@michigan.gov, (A111)
Created: 04:54 PM, 12 Feb 16

SEOC Report for February 14, 2016
Full Days Since Emergency Declaration: 40

Items to Note

• There is a decrease in number of total residential parcels and total residential active water subscribers. Seven parcels were originally classified as residential parcels and were found to be right-of-way or easements. The data has been updated to remove those seven properties.
• National Guard mission has been extended through 3/16/2016.
• SEOC Logistics is working with Flint Schools to identify alternative locations to store water. Additionally, Logistics is continuing to fulfill resource requests for Warehouse #2, based on the Memorandum of Agreement with the Seventh Day Adventist.
• Recovery Branch is working to outline the transition between National Civilian Community Corp (NCCC) and Southern Baptists for the Flint Water Response Teams. NCCC will complete their volunteer mission on 2/15/2016 and Southern Baptists will begin their mission on 2/16/16. ARC will return their iPads to the local EOC for the Southern Baptists teams to use for data collection.

SEOC Report for February 13, 2016
Full Days Since Emergency Declaration: 39

Items to Note

- City of Flint lifted the Boil Water Advisory issued in response to the 02/09 water transmission line break at approximately 1700 on 02/12/2016.
- Per MDEQ, all of the results from the samples collected in response to the water main break were non-detect for coliform bacteria.
- SEOC staff continues to work to comply with FOIA request.

Flint Water Media Monitoring Report
Thursday, February 11, 2016

Topics:

- Flint mayor asks Obama to visit her city
- FY 17 Budget Proposal
- Governor Rick Snyder working on government culture

Social Media:

- Topics that trended today:
  - Some tweets calling for Snyder to resign
- Key hashtags: #FlintWater, #FlintWaterCrisis, #Flint, #Justice4Flint, #Dontdrinkthewater #waterforflint, #helpflint

Misreports:

- None at this time.

Headlines

- **Mlive: Snyder ordered DEQ to withhold Flint lead test results, emails claim**
  http://www.mlive.com/news/flint/index.ssf/2016/02/snyder_ordered_deq_to_withhold.html

  Gov. Rick Snyder and other state officials allegedly withheld lead testing results from county health officials while they worked to find ways to present the information to the public, according to emails obtained by The Flint Journal.

- **WNEM: Flint mayor asks Obama to visit her city**
  http://www.wnem.com/story/31195139/flint-mayor-asks-obama-to-visit-her-city#ixzz3zsWQ6AOF

  The mayor of Flint is asking President Barack Obama to visit her city, where lead has contaminated the water supply, caused health problems and put children at risk for developmental delays.

- **LSJ: 3 things state workers should watch in '17 budget**
  http://www.lansingstatejournal.com/story/news/local/capitol/2016/02/10/3-things-state-workers-should-watch-17-budget/80177210/

  The biggest news out of Gov. Rick Snyder's budget proposal on Wednesday was nearly $1 billion in requested new spending for the Flint water crisis, Detroit Public Schools and higher education.

- **York Dispatch: York Kids' Confirmed Lead Levels High**
  http://www.yorkdispatch.com/story/news/2016/02/10/york-kids-confirmed-lead-levels-high/79834630/

  As members of Congress hold hearings on the Flint, Michigan, water crisis, more people are concerned about the levels of lead in their children's blood and the level of exposure their children have.

- **WZZM: State Defends Legionnaires' response in Flint crisis**
  http://www.wzzm13.com/news/nation-now/state-defends-legionnaires-response-in-flint-crisis/39929596

  State health officials defended their response to the Legionnaires' disease outbreak in Flint, discounting concerns that infighting hurt public health.

- **NANO NEWS: EPA says water tests show filters are crucial**

  http://nanonews.org/epa-says-water-tests-show-filters-are-crucial/

- **THE WASHINGTON POST: Manslaughter charges possible in Flint Water Crisis, Says Top Investigator**
  https://www.washingtonpost.com/news/morning-mix/wp/2016/02/10/manslaughter-charges-possible-in-flint-water-crisis-says-top-investigator/

  As a probe begins into the water crisis gripping Flint, Mich., a top investigator announced Tuesday that if officials are found to have been grossly negligent, they could face charges as serious as manslaughter.

- **MLIVE: Michigan Gov. Rick Snyder working on government culture change after Flint water crisis**
  http://www.mlive.com/news/index.ssf/2016/02/michigan_gov_rick_snyder_worki.html

  Gov. Rick Snyder said Wednesday that his administration was working to change the culture of state government after failures contributed to the Flint water crisis, which exposed an unknown number of children to lead.

- **NBC News: Michigan Governor Includes $195 Million for Flint in New Budget**
  http://www.nbcnews.com/storyline/flint-water-crisis/michigan-governor-includes-195-million-flint-new-budget-n516306

  Michigan Gov. Rick Snyder on Wednesday proposed spending hundreds of millions more dollars to address Flint's water crisis from lead contamination and to update pipes there and across the state — a plan that lawmakers from both parties generally welcomed as moving in the right direction with the proper priorities.

MLIVE: Possible lead exposure-miscarriage link probed in Flint water crisis
http://www.mlive.com/news/flint/index.ssf/2016/02/doctor_who_exposed_blood_lead.html

The pediatrician who exposed rising blood lead levels in young children in Flint and the state of Michigan are separately investigating whether pregnant women who drank the city's tainted water had abnormally high miscarriage rates.

Internal JIC Talking Points

Flint Water Emergency Response

NOT FOR RELEASE OUTSIDE JOINT INFORMATION CENTER
-- For use in answering media inquiries --

General

- The health and safety of Flint residents remains a top priority. Until water is declared safe, residents are directed to continue to follow established safety protocols.

- These recommendations include that all homes obtain a water filter and use filtered water for drinking and cooking.

- Until we know the water from the tap is safe, vulnerable populations, including children under six and pregnant or nursing women, should drink bottled water.

- It is essential that all Flint residents have the water in their homes tested as soon as possible. Free water testing kits are available at fire stations 1, 3, 5, 6, and 8. Water samples should be returned to the fire stations for testing. The DEQ lab provides results to the City of Flint within 3 business days. The City of Flint mails results to residents. Results are posted on www.michigan.gov/flintwater.

- Residents are also encouraged to clean the aerators on their faucets to lessen lead sediment. Instructions for how to do this can be found on our website at www.michigan.gov/flintwater.

- For additional information, go to www.michigan.gov/FlintWater. This website includes health fact sheets and information about free resources including bottled water, water filters, replacement cartridges and water test kits.

- Flint residents, both English- or Spanish-speaking, with questions or those who need assistance can call United Way 2-1-1. United Way 2-1-1 is a free information and referral service that is available 24 hours a day, seven days a week.

- Response efforts are being coordinated by the State of Michigan in partnership with the City of Flint, Genesee County, and local community organizations to provide a full set of water resources to the residents of Flint.

Resources and support services

Flint water testing and bottled water pick up sites

- Five water resource sites have been established in Flint fire stations as one-stop locations where residents can pick-up everything they need to ensure their drinking water is safe.

- These sites are open daily from 9 a.m. to 9 p.m. Residents can pick-up free bottled water, water filters, replacement cartridges, and home water testing kits. Citizens who need transportation can call 2-1-1 for assistance.

- Identification is not required to receive any of these resources.

- In order to ensure supply keeps pace with demand, residents are reminded the general guideline is one case of bottled water per household per day.

- Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

- The locations are:

    - Fire Station #1 located at 310 East 5th St. in Flint, MI 48502
    - Fire Station #3 located at 1525 Martin Luther King Ave. in Flint, MI 48503
    - Fire Station #5 located at 3402 Western Rd. in Flint, MI 48506
    - Fire Station #6 located at 716 West Pierson Rd. in Flint, MI 48505
    - Fire Station #8 located at 202 East Atherton Rd. in Flint, MI 48507

- Filters and replacement cartridges are also available at the following locations:

    - Michigan Department of Health and Human Services office
      125 E. Union St.
      Flint, MI 48502

    - Michigan Department of Health and Human Services office
      4809 Clio Road
      Flint, MI 48504

    - Genesee County Community Action Resource Department
      2727 Lippincott

Flint, MI 48507

- Genesee County Community Action Resource Department
  601 N. Saginaw
  Flint, MI 48502

- Flint City Hall
  1101 S. Saginaw St.
  Flint, MI 48502

2-1-1

- Anyone having difficulty reaching 2-1-1 can use the alternate toll-free number 1-844-875-9211.

- United Way 2-1-1 is not a disaster distress helpline and does not provide stress counseling.

- Flint residents should not call 2-1-1 about their individual testing results. If you have questions regarding blood level results, talk to your health provider.

Water Response Teams—home water delivery

- Water response teams consisting of volunteers are making deliveries to homes that need the most assistance, for example homes that do not have filters yet, or residents that are homebound.

- The water response teams are handing out bottled water, water filters, replacement cartridges, and water testing kits.

- Members of the water response teams have official credentialed badges with a State of Michigan seal hologram to be easily identified.

- If a resident is not at home when the teams stop by, a flyer with information on how to receive these free water resources will be left at their residence.

Filters

- When used properly water filters remove 99% of lead in water.

- Residents are urged to use filtered water for drinking, food preparation, brushing teeth and watering pets. Unfiltered water may be used for bathing and cleaning.

- One filter and one replacement cartridge are being provided per household initially. Each filter is good for approximately 100 gallons of water. The filter has an indicator on it that will turn from green to red when it needs to be replaced.

- The filters have a two to five-year, non-replaceable battery that operates the indicator light.

- The Plumbers and Pipefitters Union has agreed to provide free installation to homebound residents needing assistance.

- There is a detailed video posted on www.michigan.gov/flint that explains how to properly install a water filter cartridge.

- Water filters are also available for small businesses, in addition to Flint residents, at the water resource sites.

- ZeroWater filters and pitchers are not kept at the point of distribution (POD) locations for people to pick up. They are complicated and vary in size for different homes. There is a Rapid Response Team (RRT) that goes to homes and installs them as needed. When a replacement filter is needed, residents can go to a POD (such as a fire station) and request a filter (and pitcher if it's the first time).

Water Testing

- Flint residents can drop-off water samples to the five water resource sites at fire stations. Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

- EPA has set up an email and toll free number for sampling questions, flintwater@epa.gov and 800.426.4791.

Results

- Results are posted on www.michigan.gov/flintwater under "school and residential testing results."

- Citizens who have not received a response on water test results should contact the City of Flint at 810-787-6537 ext. 3501.

Resources for homebound individuals

- Homebound individuals can contact 2-1-1 for assistance. Those contacts are being provided to volunteers who are responding to needs.

- The Plumbers and Pipefitters Union has agreed to provide free water filter installation to homebound residents needing assistance. This is being coordinated through 2-1-1.

Fire Suppression Systems

- The fire code requires an annual inspection of sprinkler systems by trained technicians.
- The code also requires the inspection of the sprinkler piping at a minimum of every five years.
- If potential obstructions are observed, the piping is required to be flushed completely.
- If a business owner has questions or concerns regarding their sprinkler system, they should contact a licensed fire protection contractor for assistance.

Non-English and deaf/hard of hearing individuals:

- There are a few 2-1-1 agents in the state system that are fluent in Spanish and Arabic. When these agents are available calls are routed to them. Otherwise, tele-interpreter services are available 24/7/365. It usually takes under one minute to connect with an interpreter in any of 180 languages.
- TDD/TTY (Telecommunication Device for the Deaf) is available at every center, but very few calls come in this way.
- Email allows direct communication between the deaf/hard of hearing person and the 2-1-1 agent.
- Live chat is available at most of the 2-1-1 partners which allows individuals to communicate directly and privately with a 2-1-1 agent in real-time.

Pets

- Whatever you are doing in your own home for water, you should do for your pets (e.g., filtered, bottled water).
- In the last 5 years, there have been two cases of lead toxiosis in animals reported in Genesee County.
- If you have any concerns about your animal's health, you should work with a licensed veterinarian.

- There are a variety of diseases and issues that could mimic signs/symptoms of a lead-related issue, which is why it's critical to work with your vet to properly diagnose your pet.

- If a licensed vet suspects a possible lead-related issue, they contact MDARD and the department will work with them to have a sample tested. MDARD is covering the sample testing costs coming through veterinary offices.

- Media contacts wanting more information about pet testing or potential impacts can contact Jen Holton at MDARD: 517-284-5724, holtonj@michigan.gov

- Michigan has had very few cases of lead toxicity over the last five years, with most cases being related to cattle. For background purposes, with cattle, it's counted as one farm. Those cases almost always involve lead in batteries or some other contamination in the pasture where cattle graze.

- Under the Animal Industry Act, Public Act 466 of 1988, as amended, reportable diseases/conditions are exempt from disclosure. MDARD does provide reportable disease/condition case information down to the county level, but cannot provide the specifics of those individual cases.

Paying for water

- Inquiries regarding the payment of water bills should be referred to the City of Flint.

- Per the Mayor, the city put a halt on all shut off notices or disconnections. No shut off notices have been issued since December and the utility billing department has been given no instruction to resume at this time.

- The City is currently reviewing its policy on shut off notices in light of the declared emergency and amended preliminary injunction order issued on January 11, 2016.

- Per DHHS, State Emergency Relief funding is available to qualified households to replace damaged water heaters. This information is available by calling 211.

Bathing

- According to the Michigan Department of Health and Human Services, routine bathing practices can continue. It is recommended bath time be used for bathing

only, after which children should be taken out of the bath rather than be allowed to play in the water for extended periods of time.

- If a resident has a rash that they are concerned about, we recommend they contact their primary care doctor.

- Currently, rashes are only reportable to MDHHS when there is a suspected infectious disease such as measles or chickenpox.

- MDHHS is working together with the CDC and Genesee County Health Department to ensure we're monitoring health issues that may be related to water.

- We will be building on our partnership with the local provider community to determine what additional supports and surveillance may be necessary.

For non-Flint residents who want to test their water

  - Anyone in Michigan who wants to test their water for lead can call the State Drinking Water Lab at 517-335-8184.

  - The lead testing kit costs $18, which includes the sample bottle and instructions shipped to your home as well as the lab test. It does not include the cost of shipping your filled sample bottle back to the lab.

  - Depending on the lab workload, results are typically available within 1-2 weeks.

  - Your results will include information about the EPA's lead recommendations as well as contact information for your local health department, which can help you interpret your results further, if needed.

Other/general

- Legionnaires disease related inquiries will not be handled by the JIC. Inquiries should be directed to DHHS – Jen Eisler - cell 517-230-9804

How to help

Volunteering

- Since early January, over 2,000 volunteers have volunteered their time to assist Flint residents during the water emergency.

- Volunteers are coordinated jointly by the American Red Cross and the United Way of Genesee County.

- Volunteers are still needed to provide assistance with water distribution, warehousing, data entry and assembly of water test kits.

- To learn more or sign up to volunteer, visit www.flintvolunteer.com.

Material Donations

- Material and in-kind donations of cases of water bottles, gallon jugs and larger containers of water can be dropped off at the below locations.

- Donations of 100 cases or less:
  - Catholic Charities Center for Hope, 517 E. Fifth Ave, Flint
    Monday – Friday, 9 a.m. - 4 p.m.
  - Call 810-232-9950, ext.325 to make arrangements for deliveries.

- Donations of 100 cases or more, pallets of water or donations in one semi-truck:
  - Food Bank of Eastern Michigan, 2300 Lapeer Rd., Flint
    Monday - Friday 8 a.m. - 4:30 p.m.
  - Call (810) 239-4441 to schedule a dock time for delivery.

- Donations not on pallets:
  - Pierson Road Warehouse on Monday, Friday and Saturdays between 12 – 6 p.m.
  - Call 517-420-3984 or email flintwarehouse2@michigan.gov to schedule a dock time for delivery.

- For extra-large donations, such as multiple semi-trucks, delivery arrangements can be made by emailing flintdonations@michigan.gov or 517-420-4162. Dave Martus will be handling these calls and emails.

- In-kind donations include labor to install filters and trucks to deliver materials. All in-kind donors should email flintdonations@michigan.gov or 517-420-4162. Dave Martus will be handling these calls and emails.

- If asked, preference is for water donations to be jugs of water (rather than bottles).

Financial Donations

- Visit www.helpforflint.com for options.

- The United Way of Genesee County, Community Foundation of Greater Flint, Hurley Children's Hospital and the Greater Flint Health Coalition have created a fund that will address both the short-term and long-term needs of Flint residents.

- The Community Foundation is managing all financial donations and no administrative fee is assessed. Visit www.flintkids.org or call the United Way at 810-232-8121 or Community Foundation of Greater Flint at 810-767-8270 for more information.

What's being done—Government actions

Presidential Disaster Declaration – FEMA assistance

- On Saturday, January 16, President Obama approved Gov. Snyder's request for a federal emergency in Flint. This action will provide emergency relief in the form of bottled water, water filters, filter replacements and water test kits. The period of assistance is up to 90 days.

- Gov. Rick Snyder on Wednesday, January 20, submitted an appeal to President Barack Obama following the denial of a major disaster declaration, a move that could potentially bring additional and much-needed resources to help the people of Flint.

- In the appeal to President Obama, Gov. Snyder said the severity of the disaster warrants special consideration for all categories under the Individual and Public Assistance Programs, as well as the Hazardous Mitigation Program in order to facilitate recovery.

- The President denied that appeal based on the legal requirement that under the Stafford Act disaster relief is available only for natural events, fires, floods, or explosions.

- On Friday, January 22, President Obama denied Gov. Snyder's appeal for a federal disaster declaration to aid Flint.

- On Wednesday, January 27, the state requested the federal WIC program increase access and availability of WIC benefits to children five to 10 years of age in the Flint area, to help children battle lead exposure through nutrition. On

Friday, January 29, the USDA denied the state's request. Gov. Snyder is appealing that decision.

Emergency Declaration – City of Flint

- Gov. Rick Snyder issued a proclamation Thursday, January 28 calling for an extension to the emergency declaration in the City of Flint and Genesee County.
- The Michigan House and Senate approved the request, extending the emergency until Thursday, April 14, 2016.
- This extension coincides with the current Presidential Emergency Declaration.
- Extending this emergency will help us continue providing immediate assistance to the people of Flint while working on long-term solutions to help Flint recover from this tragedy.

Resources Distributed Since January 9

- Since Saturday, January 9, the following resources have been distributed to residents, both at the water resource sites and by water response teams, in addition to donations:
    - *Below figures are as of Feb.11, 2016*
        - 307,943 cases of water
        - 105,015 water filters
        - 36,158 water testing kits
- Water is being distributed primarily in bottles rather than jugs because donations are largely comprised of bottled water.
- In addition to donated supplies, the State of Michigan has purchased the following resources, since Tuesday, January 5, which will continue to be delivered to Flint over the coming days:
    - *Below figures are as of Feb. 5, 2016*
        - 141,982 cases of water
        - 124,052 filters
        - 62,701 water testing kits

National Guard Mobilization

- The Michigan National Guard has been activated to assist with distribution efforts at the five water resource sites at fire stations in the city.
    - Gov. Snyder issued an Executive Order on Tuesday, January 12, 2016, to activate Michigan National Guard.
    - Currently they are being used to staff water resource sites to support the distribution of bottled watered, water filters, replacement cartridges, and water testing kits.
    - National Guard is uniquely prepared and trained to respond quickly in emergency situations.
    - First group of National Guard personnel arrived in Flint on Wednesday, January 13, 2016 to conduct assessment and get acclimated (seven personnel).
    - Thirty (30) more personnel arrived on Friday, January 15; and that number was expanded to approximately 70 personnel on Monday, January 18, 2016. From Saturday, January 23 through Saturday, January 30, there were 279 MI National Guard Service Members on the ground in support of efforts in Flint (engaging in door-to-door effort). This number included both Army and Air guard assets. As of Sunday, January 31 there are 70 MI National Guard Service Members on the ground in Flint.
    - This is the second time the Gov. Snyder has activated the National Guard. Last time was for the Duck Lake Fire in Luce County in May 2012.
    - Per Michigan Emergency Management Plan, the Michigan State Police Director or designee is responsible for coordinating all state efforts, including the Michigan National Guard.
    - Activation of the Michigan National Guard has allowed the American Red Cross, who had been staffing the water resource sites, to join the water distribution teams.

Attorney General Investigation

- On Friday, January 15 the Michigan Attorney General office announced they launched an investigation to determine what, if any, Michigan laws were violated in the process that resulted in lead contamination in Flint.

- On Monday, January 25 Michigan Attorney General Bill Schuette assigned individuals to lead the investigation: attorney Todd Flood (defense attorney and former Wayne County assistant prosecutor) and Andy Area (former Detroit FBI bureau chief).

Supplemental Budget Request

- After reviewing financial requests from the City of Flint, as well as financial requests from the State Emergency Operations Center and the involved state agencies and receiving input from various other organizations in Genesee County, the state budget director has submitted to the Legislature an emergency supplemental budget request on behalf of the governor to address the **immediate** funding needs for the Flint water crisis. We understand further investment will be necessary.

- On Friday, January 29, the Gov. Snyder signed the legislation allocating $28 million for more water resources and expanded health care initiatives, including more school nurses, diagnostic tests and community education through the Genesee County Health Department.

- This supplemental request is not intended to address all of the future financial needs that will be necessary to aid the city and the people of Flint. This supplemental request addresses the immediate funding needs and requests, including the cost of bottled water, filters and testing kits.

- All state resources are being brought to bear to protect public health and safety. In addition, the Gov. Snyder requested federal aid through FEMA and through direct request to the President – to date $5 million in federal aid has been approved for Flint.

- This supplemental request includes funding for immediate needs and is not intended to include funding for some of the longer-term needs such as special education, long-term health monitoring of children, and potential replacement of the water infrastructure and service lines. The longer-term needs will be addressed through the traditional budget development process and the governor will release his fiscal year 2017 budget recommendation on Wednesday, February 10.

Gov. Snyder and DEQ Announce 5-Part Plan to Determine Water Safety

- On Sunday, January 31, the DEQ embarked on a 5-point strategy to establish a baseline of data to determine when the water is safe to drink. The strategy includes:

- Residential water testing: at-home water testing done by residents is key in guiding experts to areas of concern. To date, of 4,924 total residential water samples, tests show 93.7 percent of homes are below the actionable level of 15 parts per billion (ppb) for lead.

- School testing: DEQ in collaboration with the Michigan Department of Licensing and Regulatory Affairs (LARA) has tested all 13 public schools in the city and continues to test non-public schools, children's centers and senior centers. The state will retest the public schools once it has completed replacing water fixtures.

- Food service/restaurant provider testing: DEQ is working in collaboration with the Michigan Department of Agriculture and Rural Development (MDARD) to test establishments and ensure they are using water filters, flushing water systems properly, and using the correct food and water standards.

- Blood level testing: DEQ is working in conjunction with the Michigan Department of Health and Human Services (MDHHS) to ensure residents with high blood lead levels have their water tested for lead. Homes with high water lead levels are provided additional services by MDHHS and the Genesee County Health Department to ensure residents' exposure to lead is minimized.

- Flint water distribution system testing: DEQ and the City of Flint are working to monitor and test the quality of the water as it travels throughout the city's water distribution system. Additionally, sentinel sites are being established to set a baseline for data collection.

Governor Snyder FY 17 Budget Proposal – Supporting Flint Families

- $195 million of the proposed budget will go toward helping Flint families by funding both short and long-term solutions to the water crisis.

    - $37 million to help ensure clean, safe drinking water. This funding will assist with water testing, inspection and replacement of fixtures in schools and daycare facilities, and help the city stay connected to the Detroit Water and Sewerage Department through the end of 2016.

    - $15 million to support food and nutrition funding for families and children. This funding will support school meal programs, mobile food banks and food inspections at food establishments in the county.

- $63 million for physical, social and educational well-being. This funding will support families with blood testing, early childhood development programs, educational support and home lead abatement.

- $50 million will be kept on reserve to address the future needs of Flint residents.

- The remaining $30 million pertains to the recent proposal to help the city of Flint assist residents with covering a portion of their water bill.
  - A typical Flint resident's billing statement includes charges for water and sewer.
  - Under the plan, the funding would be made available to cover water used for drinking, cooking and bathing which is approximately 65 percent of the water portion of a residents' water and sewer bill.
  - Residents would still be responsible for the remaining balance of the water portion of a bill accounting for water used in ways that do not qualify as consumption.
  - Residents would be responsible for covering all sewer costs.
  - This $30 million has been approved in the Senate and awaits approval in the house before it goes to the Governor for his signature.

- If fully approved, the $195 million will be in addition to the previous $37.3 million in emergency funding already allocated to the city of Flint, totaling more than $230 million.

- An infographic detailing the above is available here.

Governor Snyder FY 17 Budget Proposal – Statewide Infrastructure

- In his FY 2017 Budget proposal presented today, the Governor called for the creation of a Michigan Infrastructure Fund to support statewide infrastructure needs.

- If approved, there will be a $165 million investment which will be allocated based on projects with the most immediate needs.

- In 2015, Michigan renewed a commitment to fix our roads and bridges, now it's time to focus on the rest of the state's infrastructure.

- Potential projects that could receive a portion of the $165 million include replacement of known high-risk lead and copper service lines, infrastructure upgrades while repairing roads or other utilities, and analysis of statewide infrastructure needs.

- An infographic detailing the above is available here.

- For a copy of the Governor's press release and additional materials visit www.michigan.gov/mibudget.

Testing of Bottled Water for Lead

In January, concerns have been raised about the possibility of lead being in the water being provided to Flint residents. This concern was raised due to measurements some residents obtained with a Total Dissolved Solids (TDS) meter provided with ZeroWater brand water filters.

- TDS is a measurement of all minerals and other common chemicals present in the water. The TDS meter is not sensitive enough to measure lead in the water and was included to help users determine when it is time to replace the filter.

- Although the TDS meter does not measure lead, the concern raised an excellent point that the bottled water being distributed should be tested for lead. Therefore, the MDEQ has analyzed a sample from each of the 21 brands of bottled water that are in inventory for both lead and copper. Results show all 21 brands of bottled had results of "Not Detected." With respect to lead, that means that all brands were less than 1 part per billion and for copper all 21 brands were less than 50 parts per billion.

- Although bottled water is regulated and must meet safety criteria, it was an excellent suggestion by the residents of Flint that we verify that the bottled water being distributed is safe and for that. We appreciate the suggestion.

Federal Funds – How They Can Be Used

- In an interview on Thursday, January 28, Lt. Gov. Brian Calley said that only $17 million of the $80 million in federal loans made available to Michigan can be allocated towards the recovery effort in Flint.

- This clarified a misunderstanding that the entire $80 million in federal loans could be allocated to aid in water infrastructure improvements for Flint.

- Read the Detroit Free Press story here: http://www.freep.com/story/news/local/michigan/flint-water-crisis/2016/01/28/only-17m-federal-loans-flint-says-lt-gov/79454204/

Seeking Healthcare Services for Flint Residents under age 21

- Gov. Snyder sent a request to U.S. Department of Health and Human Services to provide Flint residents under age 21 with additional healthcare services to address potential problems brought on from exposure to lead.

- The Governor requested to expand Medicaid eligibility for all residents in the impacted areas up to age 21, regardless of income level. The request is also for Medicaid coverage for people already enrolled in other forms of insurance to ensure comprehensive benefits are available to children who may have come into contact with lead in the water. The White House and federal Department of Health and Human Services did not have an immediate response.

Jobs and Talent & Economic Development Assistance

- The Department of Talent & Economic Development (TED) is engaged with Gov. Snyder's efforts to address the situation in Flint.

- Agency directors and staff have been on the ground in Flint assisting with water distribution efforts and talking with city officials on ability to assist with the needs in the community to provide safe, clean drinking water.

- Michigan State Housing Development Authority (MSHDA) Executive Director Elsenheimer and the MSHDA team have been on the ground ensuring all MSHDA housing has appropriate filters and water resources.

- Michigan Economic Development Corporation / Michigan Strategic Fund is currently focused and in discussions with local officials on how the state can assist in the immediate infrastructure needs of the City of Flint.

- Michigan Talent Investment Agency is eager to be a full partner in enhancing the economy of the community and the self-sufficiency of its families through numerous programs and initiatives, including the Community Ventures Program that assists Flint residents in finding good paying jobs.

- Through Travel Michigan, TED is continuing to promote the cultural, historical and natural assets of the area, and working collaboratively with the community to showcase the positive stories coming out of Flint.

- In addition to these efforts, the TED team is exploring any and all other options for TED to assist the residents of Flint both on addressing their immediate water issues, as well as long term economic and community development needs.

- On Monday, February 8, Gov. Snyder announced a new partnership between the State of Michigan and Flint human service groups. The partnership with Orchards

Children's Services and Flint YMCA's Safe Places Program will help hire and train 50 residents in February to fill jobs on teams helping conduct water tests across Flint.

Michigan School for the Deaf

- *For specific questions regarding actions taken to address lead levels at **any** schools (including Michigan School for the Deaf), ask that they contact the Michigan Department of Education (MDE).*

- When the Michigan School for the Deaf (MSD) initially heard of the water lead issue in September, school officials conducted their own testing which came back with clear results.

- Administrators closed down fountains in the building and have been purchasing 35-gallon water dispensers (150 gallons/week) from Culligan.

- Water filters have been placed on cafeteria drinking fountains and kitchen sinks for use in cooking/food prep.

- The school was notified by the local Health Department (Wednesday, January 20) about free testing for students for lead poisoning.

- The school has a staffed health center and MDE has approved the health center to work with the health department to set up a testing schedule and follow testing protocols outlined by the health department.

- Active consent is required for blood testing, so the school is working with the health department to notify parents and obtain consent.

- On the evening of Tuesday, January 12, MSD was notified by the dormitory landlord that they had a lead level reading of 28 parts per billion on some water outlets. The DEQ recommends school facilities take action if samples from any drinking water outlets show lead levels greater than 15 parts per billion.

    - Current actions being taken by MSD:

        - Informing parents of the situation.

        - Expediting replacement of 62-65 faucets in the dorm beginning Friday, January 22, 2016 and to have all replaced by the end of that weekend.
        - The landlord and school officials are looking at replacing shower heads and/or installing in-line filters on showers.

- Approximately 75 students board at MSD, ranging in age from four to 26. There are 167 students attending the school.

History, background timeline

Chronology

- October 1, 2015: Public Health Emergency Declaration issued
- December 14, 2015: State of Emergency declared by City of Flint.
- January 4, 2016: Genesee County Board of Commissioners declared a local emergency
  - In a separate document, Genesee County requested a Governor's Declaration of Emergency with the local declaration.
- January 5, 2015: Governor declared State of Emergency
  - State Emergency Operations Center activated in Lansing to coordinate state response
  - Joint Information Center (JIC) activated on January 6, 2016 in Lansing; moved to Flint on January 11, 2016
- January 9, 2016: Water resource sites established at fire stations. 9 a.m. to 4 p.m. on January 9, 2016 but 9 a.m. – 9 p.m. starting January 10, 2016.
- January 12, 2016: Water resource teams began going door-to-door (4 teams)
- January 12, 2016: Governor Snyder issued an Executive Order activating the Michigan National Guard
- January 14, 2016: Governor requested Presidential declaration of emergency and expedited major disaster for Genesee County
- January 16, 2016: President Obama approved the Governor's request for a federal emergency in Flint.
  - Denied request for major disaster
- January 20, 2016: Governor Snyder submitted an appeal to President Barack Obama following the denial of a major disaster declaration.
- January 22, 2016: President Obama denied Governor Snyder's appeal for a federal disaster declaration to aid Flint.
- January 28, 2016: Gov. Rick Snyder today issued a proclamation calling for an extension to the emergency declaration in the city of Flint and Genesee County until April 14, 2016.

- February 5, 2016: The Small Business Administration approved Gov. Rick Snyder's request for low-interest disaster loans for businesses in Genesee County and the city of Flint. Business owners seeking these loans must apply by Nov. 7, 2016.

Other/Misc.

- The state recognizes that offering recycling options for empty water bottles is a priority. Measures will be put in place soon to provide for recycling opportunities.

- Per the Michigan Department of Education, the state is not involved in the water provided to the Flint Schools. Any questions related to this topic should be referred to Flint Schools.

- Governor has asked the Receivership Transition Advisory Board to transfer the powers and authority currently vested in the city administrator to the mayor. Any inquiries related to this should be referred to the Governor's office.

- Population of Flint, as of 2014, was 99,000. Number of occupied households is 39,125, according to the state demographer. (Households with families, 22,809; non family head of household 16,316).

- For calls received from constituents offering lead removal solutions, take down their information and let them know it will be forwarded to the appropriate person. If there is interest in their services, they will be contacted directly. Their contact information should be forwarded to the MSP-SEOCPIO.

- Inquiries about providing vendor services should email DTMBECC@michigan.gov.

MEDIA at the SEOC

- If the media shows up at the new SEOC and requests or is expecting a tour of the facility, the reporter/photographer should be told that we ARE NOT conducting tours at this time, for two reasons: the SEOC remains under construction and it is an extremely busy time at the SEOC.

- PIOs in the SEOC are to talk with the media and let them know no tours are being offered and advise that they should contact EMHSD sometime in mid-February for the possibility of a tour.

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	02/09/2016 08:00:00
Operational Period End:	02/16/2016 08:00:00
Situation Report No.	37
SEOC Status:	Full
SEOC Hours of Operation Begin:	02/11/2016 08:00:00
SEOC Hours of Operation End:	02/11/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (February 11, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.

JIC:
- Media hotline staff answered less than 10 emails and phone calls, ranging from the news media asking to embed with sentinel teams to inquiries about the city of Flint's boil water advisory.
- MDHHS Chief Medical Executive Dr. Eden Wells attended a Great Lakes Health Connect press conference, announcing the donation of $250,000 to connect various health care providers in the Flint area so they can easily share information about patients affected by lead exposure. Dr. Wells was interviewed by the Associated Press and gave an update about children blood-level testing in Flint. Dr. Wells also conducted an interview with Michigan Radio about the boil water advisory in Flint.
- Updated a Daily JIC Activities log to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Key state agency PIOs attended Gov. Rick Snyder's media availability at the Food Bank of Eastern Michigan. More than 10 news media members were at the event, representing local and regional outlets.
- The National Guard PIO conducted on-camera interview with a media outlet at Flint Fire Station No. 6, updating the reporter about ongoing operations and community relations.
- Drafted a news release about a National Guard soldier saving a Flint resident's life. The JIC plans to issue the news release this afternoon.
- Drafted a media advisory about holding media availability at the Genesee County Emergency Operations Center to give the news media access to a sentinel team briefing prior to disbursing throughout Flint.
- Drafted a follow-up news release to issue after the city of Flint's water warning is lifted.
- Drafted and issued social media posts about ongoing Flint water emergency, including daily numbers and links to Oral Heath and Adult Lead Exposure fact sheets.

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings.
- Merged lists compiled from various agencies in to one master Access and Functional Needs (AFN) List.
- Team Priority Visited Today: Active Water Subscribers without filters marked vacant or no contact.
- Team Priority Scheduled Tomorrow: Water Distribution and Rapid Response.
- 8 American Red Cross Teams scheduled for Friday, February 12.
- Data is for 2/11/16 as of 5:00 pm:

o Total homes visited:
- 20,057 (round 3 total).
- 786 (today).

o Water cases (liters calculated by multiplying # of cases x 12):
- 140,808 liters or 11,734 cases (round 3 total).
- 6,492 liters or 541 cases (today).

o Replacement cartridges:
- 4,520 (round 3 total).
- 269 (today).

o Faucet filters:
- 7,427 (round 3 total).
- 58 (today).

Planning Section:
- Participated in state, local, and distribution process meeting.
- Published Sit Rep #37.
- Worked to update daily data report.

Operations Section:
- 7:30am in service.
- Facilitate 8:30 local call.
- Facilitate 9:30 SEOC briefing.
- Facilitate 10:00 FOI meeting.
- Jackie Hampton covers from 10:30-12.
- 2:00pm State Quarterly Meeting.
- 2:30 Tele-town hall.
- 4:00 SEOC briefing.
- 6:00 distribution meeting.
- SEOC State Agency Briefing.
- Warehouse Numbers as of 1600:

❑ Water (liters):
- 866,976 liters or 72,248 cases.

❑ Filters (faucet):
- 47,492.

❑ Replacement cartridges:
- 377,334.

❑ Test Kits (prepped):
- 29,470.
- PODs (Number as of 1700 2/11):

❑ Water (cases):
- 53,964 liters or 4,497 cases.

❑ Filters (faucet):
- 164.

❑ Replacement Cartridges:
- 411.

❑ Test kits:
- 106.

Finance Section:
- Assisting SBO/OIA audit staff with understanding SEOC processes and roles of state agencies.
- Continuing to update summary cost reports to provide to SBO on Friday morning.
- Estimate daily emails for FOIA unit.
- Work on compiling Category B costs incurred for appeal to FEMA.

GIS Branch Updates:
- Author a custom map application for governor's office.
- Compile a list of houses in Flint that do not have water filters.
- Produce an image of a 10 block section of Flint from video flown by Trooper 2.
- Refine data sent from MDEQ for mapping of water test locations.
- Preparations for GIS to meet FOIA requests.

DTMB:
- Continued to provide DTMB management with daily updates and resource requests received.
- Two DTMB drivers were involved in an accident last evening upon return to Lansing. Their vehicle was hit from behind at an intersection. Both were treated and released and were medically cleared to return to work. The accident was reported to their supervisor in compliance with internal processes and protocols and they reported to Flint on Thursday morning for work.
- DTMB Print and Graphic Services printing recycling cards and door hangar for volunteers to distribute on Saturday.

DHHS-CH (weekly):
- The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.
- The State Chief Medical Executive, Dr. Eden Wells, conducted a webinar today for healthcare professionals in Flint that focused on pregnancy and breastfeeding. The peak number of people/sites in attendance was 42. Positive feedback was received, particularly on the discussion portion of the webinar. The recording was sent to the MDHHS PIO, and will also be available on the flint water website and on MI-TRAIN.
- Continue to provide clarification in reference to the teams that are visiting homes in Flint. MDHHS is accompanying DEQ on the Initial Assessment Teams that are visiting homes that have tested high in copper and/or lead.

DEQ:
- Coordinated school sampling with DLARA.
- Coordinated delivery of test kits for Michigan Works.
- Deployed Sentinel water sampling collection crews and continued data collection and monitoring.
- Continued assembling data for EPA Emergency Administrative Order and second EPA request.
- Tracked progress of data collection for Sentinel water testing sites.
- Reviewed incident objectives to reflect activities for the upcoming week.
- Conducted an After Action Review focused on Sentinel sampling effort.

State Voluntary Agency Liaison (VAL):
- Attended community partners meeting.
- Met with water resources group.

Unified Coordination Group (UCG):
- WQTF: 1st round of sequential paired with the MDEQ sentinel site sampling will provide a good picture of how the system is improving.
- HMTF: Met with the Mass Transportation Authority (MTA), they have a lot of resources to get people to places of interest e.g. care facilities, good food sources, etc.
- PEATF: Dr. Mona, Chelsea Clinton, and Dr. Lurie are in town. A lot of community outreach going on over the weekend. Surgeon General will be in town next week.

Local EOC:

• Attended Community Stakeholder meeting.
• Long-term distribution plan, based on discussions with City of Flint and SEOC representatives on 02/09 and 02/10/2016 in Lansing, will be presented to Deputy State Director of Emergency & Homeland Security on 02/12/2016.
• Developing logistics procedures to aid transition to local EOC staff.
• 10 Sentinel Site Monitoring Teams and Elevated Lead and Copper Initial Assessment Task Force out in the field.
• Sentinel Site Monitoring Teams will be accompanied by media on 02/12/2016. Coordination through JIC.
• In response to water transmission line break, pipe has been fixed and reconnected. Line is being pressurized and properly treated, followed by 24 hour water testing period before Boiled Water Advisory can be lifted.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 11. The JIC was operational until 10 p.m. on Feb. 10.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Environmental Quality and Health and Human Services. The Genesee County Sheriff's Office and American Red Cross were also present.

Tasks accomplished:
- Media hotline staff answered less than 10 emails and phone calls, ranging from the news media asking to embed with sentinel teams to inquiries about the city of Flint's boil water advisory.
- MDHHS Chief Medical Executive Dr. Eden Wells attended a Great Lakes Health Connect press conference, announcing the donation of $250,000 to connect various health care providers in the Flint area so they can easily share information about patients affected by lead exposure. Dr. Well was interviewed by the Associated Press and gave an update about children blood-level testing in Flint. Dr. Wells also conducted an interview with Michigan Radio about the boil water advisory in Flint.
- Created a morning and afternoon media monitoring report.
- Updated a Daily JIC Activities log to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Key state agency PIOs attended Gov. Rick Snyder's media availability at the Food Bank of Eastern Michigan. More than 10 news media members were at the event, representing local and regional outlets.
- Drafted talking points for Capt. Chris Kelenske for a 2:30 p.m. TeleTown Hall meeting hosted by the Governor's Office.
- The National Guard PIO conducted on-camera interview with a media outlet at Flint Fire Station No. 6, updating the reporter about ongoing operations and community relations.
- Continued routing public information materials for approval, including an updated recycling flier and a breast feeding and lead exposure fact sheet from MDHHS.
- Drafted a news release about a National Guard soldier saving a Flint resident's life. The JIC plans to issue the news release this afternoon.
- Drafted a media advisory about holding a media availability at the Genesee County Emergency Operations Center to give the news media access to a sentinel team briefing prior to disbursing throughout Flint.
- Drafted a follow-up news release to issue after the city of Flint's water warning is lifted.
- Continued working to have staffing for Feb. 16-26 by Thursday. Staffing has become difficult.
- Drafted and issued social media posts about ongoing Flint water emergency, including daily numbers and links to Oral Heath and Adult Lead Exposure fact sheets.

Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/10/2016 included:
- 6 food establishment assessments conducted (all follow-ups) and 5 in-use water samples collected
- no water sample requests/appointments were scheduled

As of 2/10/16, MDARD has completed a total of 346 food establishment assessments (271 initial/75 follow-up). 267 establishments are verified to be in compliance (77.17%). All high and medium risk firms have had an initial assessment. 214 water samples have been collected and 160 are currently scheduled.

MDARD's Animal Industry Division has created an Incident Management Team to deal with pet testing related issues in Flint.

Provided information to the JIC and Capt. Kelenski regarding using water from Flint for growing vegetables in response to a call on the Governor's Tele-Town Hall today.

American Red Cross (ARC)

The American Red Cross deployed 6 Water Response Teams on Thursday, 2/11/16, to deliver bottled water, and 3 Rapid Response Teams responding to calls from individuals needing additional support.

The Volunteer Reception Center was operating from 9-5 on Thursday. The VRC will operate on the same schedule tomorrow.

Water test kits are being assembled today. We anticipate that about 3,000 will have been completed by the end of the day.

Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Advised senior leadership of forthcoming FOIA process request.

Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.

The State Chief Medical Executive, Dr. Eden Wells, conducted a webinar today for healthcare professionals in Flint that focused on pregnancy and breastfeeding. The peak number of people/sites in attendance was 42. Positive feedback was received, particularly on the discussion portion of the webinar. The recording was sent to the MDHHS PIO, and will also be available on the flint water website and on MI-TRAIN.

Continue to provide clarification in reference to the teams that are visiting homes in Flint. MDHHS is accompanying DEQ on the Initial Assessment Teams that are visiting homes that have tested high in copper and/or lead.

Corrections (MDOC)

MDOC continues to keep trucks dedicated to delivering to individual POD's and covering Rapid Responses for PODs that get to a critical level. PODs remained well supplied throughout day and will continue to be well supplied moving forward.

We are continuing to work with Finance and MDOC assets to capture total employee payroll information and expenditures. MDOC continue to staff the SEOC from 0800-2000, 7 days/week. Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC

We received the 2 additional box trucks for warehouse use to replace non-functioning trucks. Thank you DTMB.

Warehouse inventory has been modified to adjust for different sized containers.

206 Test kits were delivered from Flint to Lansing today.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

Coordinated school sampling with DLARA.

Coordinated delivery of test kits for Michigan Works.

Deployed Sentinel water sampling collection crews and continued data collection and monitoring.

Continued assembling data for EPA Emergency Administrative Order and second EPA request.

Tracked progress of data collection for Sentinel water testing sites.

Reviewed incident objectives to reflect activities for the upcoming week.

Conducted an After Action Review focused on Sentinel sampling effort.

Human Services (MDHS)

80% of current caregivers, who are caring for children under the care and supervision of MDHHS, have submitted a water sample to approved water testing facilities.

Daily update conference call with MDHHS Budget & Field Operations.

Licensing and Regulatory Affairs (LARA)

Participated in briefings and updated the LARA Executive Team

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

LARA continuing efforts to plan and schedule faucet replacements for Flint schools.

Translation services for various documents continue to be provided as needed.

Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

Military and Veterans Affairs (DMVA)

Commanders Situation Report (SITREP)

1. DTG: 1112002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell: | Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 65 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs). Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has 65 Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. POD 5 has two generator lighting units from MDOT. All PODs now have sufficient lighting.

1. Station 5 received a key and key code to utilize the fuel pump at station 5. A fuel can was purchased locally.

b. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke, will be seeking approval from CPT Bowles and Dana and/or Kim at the purchasing office for laminating.

8. PERSONNEL: 65 Soldiers are currently assigned to the POD operations. 58 Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: More firefighter units will respond to emergencies to equalize pressure in the water lines, due to the water main damage.

10. LOGISTICS: In support of TF Flint

a. Schupon has placed an order for more instruction cards attached to recycle bags.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
• An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
• OUT (last 24 hours)
Bottled water-4615 Water (Gallons)218 Lead Testing Kits-121
Pitcher (23 cup)-0 Brita Faucet Filter-96 Brita Replacement Cartridge-131
Pur Filter-61 Pur Replacement Filter-244

National Weather Service (NWS)

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

Natural Resources (MDNR)

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

State Police (MSP)

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

Technology, Management and Budget (MDTMB)

Continue to provide DTMB management with daily updates and resource requests received.

Two DTMB drivers were involved in an accident last evening upon return to Lansing. Their vehicle was hit from behind at an intersection. Both were treated and released and were medically cleared to return to work. The accident was reported to their supervisor in compliance with internal processes and protocols and they reported to Flint on Thursday morning for work.

Processed resource request for:
(2) 20 foot trucks to replace MDOC trucks that are out of service
Printing 3,000 more recycling cards

Transportation (MDOT)

Providing staff to Pierson Rd. warehouse.

Providing 2 portable light tower generators to Fire Station #5 on Western Rd.

Providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 (3' x 5') standard signs (2 each site)
-100 grabber traffic cones (narrow reflective cones) (50 each site).

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

Sentinel Site Teams to Discuss Process For Testing Water at Homes Across the City

402 Flint Households to Help Determine When City's Water Safe to Drink

DATE: Friday, Feb.12, 2016

TIME: 9 a.m.

WHERE: Local Emergency Operations Center
Genesee County Administration Building
1101 Beach Street
Flint, MI 48502

WHO: Sentinel site teams comprised of Michigan Department of Environmental Quality (DEQ) employees and licensed plumbers.

WHAT: Yesterday, 10 sentinel site teams began visiting 402 identified Flint homes across the city to teach residents how to test their water in a scientifically accurate manner so they may submit regular samples to the state for testing. This in-depth level of data collection will help confirm when Flint's drinking water is safe and provide a more streamlined level of post-testing services for resident health and wellness.

To protect individuals' privacy, demonstrations will not be given at residences.

This is an opportunity for media to get photos and video of the information teams that will cover with homeowners.

###

ALL MEDIA INQUIRIES ARE BEING HANDLED BY THE JOINT INFORMATION CENTER AT 888-EMD-TODAY (888-363-8632) or JICNews@michigan.gov.

DRINKING WATER WARNING

The City of Flint water system lost pressure and contamination may have occurred
BOIL YOUR FILTERED WATER BEFORE USING

Due to a drop in pressure in the City of Flint water supply, bacterial contamination may have occurred in the water system. Bacteria are generally not harmful and are common throughout our environment. Corrective measures are currently being undertaken to correct the situation.

What should I do?

AS A PRECAUTIONARY MEASURE, DO NOT DRINK THE WATER WITHOUT BOILING IT FIRST. Bring all FILTERED water to a boil, let it boil for one minute, and let it cool before using, or use bottled water. If you are currently NOT using a filter to remove lead from drinking water, FLUSH your water for AT LEAST 7 minutes before collecting any to boil. Boiled FILTERED, boiled FLUSHED, or bottled water should be used for drinking, making ice, brushing teeth, washing dishes, and preparing food. Boiling kills bacteria and other organisms in the water. Continue using boiled or bottled water until further notice.

Due to the pressure loss, there may be trapped air and loose sediment in your water lines. The air and sediment may be removed by flushing you water system. DO NOT FLUSH YOUR SYSTEM THROUGH THE FILTER. The resulting air and sediment may affect the performance of your filter and the filter cartridge should be replaced.

What happened? What is being done?

These precautionary actions are being taken due to the loss of water pressure in the water distribution system caused by a water transmission main break on February 9, 2016. Whenever a water system loses pressure for any significant length of time, precautionary measures are recommended.

The City of Flint Water Department is working to get pressure restored, and water staff will be taking other remedial actions such as flushing and collecting bacteriological samples from around the system. The samples will be collected to determine that the water quality meets the state drinking water standards. We will inform you when tests show no bacteria and you no longer need to boil your water. We anticipate resolving the problem later today. This precautionary boil water notice shall remain in effect until results from the sampling verify the water is safe to drink. **Customers will be advised when the boil water advisory has been lifted.**

For more information, please contact The City of Flint Water Department at (810) 766-7202. General guidelines on ways to lessen the risk of infection by microbes are available from the EPA Safe Drinking Water Hotline at 1(800) 426-4791.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

CERTIFICATION: WSSN: 2310

I certify that this water supply has fully complied with the public notification requirements in the Michigan Safe Drinking Water Act, 1976 PA 399, as amended, and the administrative rules.

Michael Glasgow	UTILITIES ADMINISTRATOR	2/9/16
Signature	Title	Date Distributed

Reminder to water supplier: This notice / certification must be sent to the DEQ.

Boil Water Advisory
Frequently Asked Questions

1. Why do I have to boil my water?
A "Boil Water Advisory" has been issued by the City of Flint due to a drop in pressure in the City of Flint water supply. Due to this drop in pressure, bacterial contamination may have occurred in the water system.

Bacteria are not generally harmful and are common throughout our environment. Corrective measures are currently underway to remedy the situation.

2. Should I use bottled water?
Water from an alternative water source is the best option during a "Boil Water Advisory." When bottled water is available, it is a good alternative to boiling water.

3. What is the proper way to disinfect my water so it is safe to drink or prepare other drinks like baby bottles, drink mixes, tea, frozen juices, etc.?
The best method of treatment for those served by the City of Flint Water department is to first filter the water through an NSF-approved water filter. Then, the water must be boiled.

Boiling water kills harmful bacteria and parasites (freezing will not disinfect water). Bring water to a full rolling boil for at least 1 minute to kill most infectious organisms (germs).

For areas without power, disinfect tap water by adding 8 drops, about 1/8 teaspoon, of plain unscented household bleach to a gallon of water. Thoroughly mix the solution and allow the water to stand for 30 minutes.

4. Can I use my coffee maker, ice machine, water or soda dispenser?
Do not use if they are directly connected to your water supply. Use bottled water or water that has been boiled or disinfected for making coffee and ice.

Once you have been notified that the boil water advisory has been lifted, these devices should be cleaned, disinfected and flushed according to the operator's manual for the device.

5. Can I just use my filter instead of boiling water?
No. You must boil the water after you run it through the filter during the "Boil Water Advisory."

6. Can I use tap water to brush my teeth?
No. Do not use tap water to brush your teeth. Use bottled water or water that has been filtered and boiled or disinfected as you would for drinking.

7. How should I wash my hands during a boil water advisory?
Vigorous handwashing with soap and your tap water is safe for basic personal hygiene. However, if you are washing your hands to prepare food, you should use boiled (then cooled) water, disinfected or bottled water with handwashing soap.

8. Is potentially contaminated water safe for washing dishes or clothes?
Yes, if you thoroughly rinse hand washed dishes for a minute in a bleach solution (1 tablespoon bleach per gallon of filtered water). Allow dishes to completely air dry. Most household dishwashers don't reach the proper temperature to sanitize dishes. It is safe to wash clothes in tap water.

9. Is potentially contaminated water safe for bathing and shaving?
The water may be used for showering, baths, shaving and washing, if absolutely necessary, but don't swallow water or allow it to get in your eyes, nose or mouth. Children and disabled individuals should have their bath supervised to make sure water is not ingested. Minimize bathing time. Though the risk of illness is minimal, individuals who have recent surgical wounds, have compromised immune systems, or have a chronic illness may want to consider using bottled or boiled water for cleansing until the advisory is lifted.

10. How should I wash fruit, vegetables, and food preparation surfaces or make ice?
Wash fruit and vegetables with filtered and boiled (then cooled water) or bottled water or water sanitized with 8 drops (about 1/8 teaspoon) of unscented household bleach per gallon of filtered water. Also, use filtered and boiled water to wash surfaces where food is prepared. Ice should be made with filtered and boiled water, bottled water or disinfected water.

11. What do I do with food and drink prepared during the advisory?
Throw away uncooked food, beverages or ice cubes if made or prepared using tap water during the day of the advisory.

12. How does a "Boil Water Advisory" affect feeding my infant?
Mothers who are breastfeeding should continue to breastfeed their babies. Wash and sterilize all baby bottles and nipples before each use. If this is not possible, then single-serve, ready to feed bottles of formula must be used with a sterilized nipple. Always filter and boil water before mixing concentrated liquid or powdered formula. If unable to boil filtered water, water may be disinfected as described for drinking.

13. What if I have already consumed potentially contaminated water?
Even if someone has consumed potentially contaminated water before they were aware of the boil water advisory, the likelihood of becoming ill is low. Anyone experiencing symptoms such as diarrhea, nausea, vomiting, abdominal cramps, with or without fever, should contact their healthcare provider. Symptoms associated with waterborne illness are also associated with foodborne illness, or even the common cold.

14. What infectious organisms might be present in contaminated water?
Illnesses from contaminated water occur principally by ingesting water. The major organisms that produce illnesses are protozoa such as Giardia and Cryptosporidium, and bacteria, such as Shigella, E. coli, and viruses. These organisms primarily affect the gastrointestinal system, causing diarrhea, abdominal cramps, nausea, and vomiting with or without fever. Most of these illnesses are not usually serious or life-threatening except in the elderly, the very young or those with compromised immune systems.

15. Is potentially contaminated water safe for household pets?
The same precautions that are taken to protect humans should be applied to household pets. Fish and other animals living in water should not be exposed to potentially contaminated water. If the animal's water needs to be changed use filtered and boiled or bottled water.

16. What happens after the boil water advisory has ended?
You will be notified by the City of Flint when the boil water advisory has been lifted. Once the boil advisory has been lifted, you must change the cartridge in your water filter. The water filter can then be used with the new cartridge.

17. Where can I get additional information?
www.cdc.gov

GIS City of Flint 2/9/2016

SEOC Report for February 10, 2016

Full Days Since Emergency Declaration: 36

Items to Note

• Boil water advisory has been issued in the City of Flint by the local utility due to a broken water main.
• MDEQ implemented Sentential Sampling Program today.
• The long term recovery continued meeting today and anticipates having a completed long term recovery plan by Thursday February 11, 2016.
• 10 ARC Flint Water Response Teams to the field today. It is anticipated that by the end of tomorrow all water customers will have been contacted at least once.
• In conjunction with Michigan Department of Education, USDA visited a Flint elementary school and health department today to discuss how USDA programs can help provide relief to those affected by water contamination. From the visit, came a USDA media release that highlighted the efforts between the USDA, MI Department of Education and all Health/Human Service partners to expand nutrition programs.
• The American Red Cross is helping to coordinate volunteers, distribution efforts, supply storage and logistics planning in concert with local officials, United Way, Michigan Community Service Commission and a growing list of partners.
• SEOC staff met with UPS representatives today re: delivering cartridges to functional/mobility needs citizens. UPS is prepared to assist in this partnership and will provide service at no charge. UPS suggested treating each delivery as a separate package so each can be effectively tracked, and would be able to begin deliveries within the 2-3 week window.

Flint Water Daily Update
Updated Feb. 10

Current Issues Talking Points

Budget Proposal – Supporting Flint Families

- $195 million of the proposed budget will go toward helping Flint families by funding both short and long-term solutions to the water crisis.
    - $37 million to help ensure clean, safe drinking water. This funding will assist with water testing, inspection and replacement of fixtures in schools and daycare facilities, and help the city stay connected to the Detroit Water and Sewerage Department through the end of 2016.
    - $15 million to support food and nutrition funding for families and children. This funding will support school meal programs, mobile food banks and food inspections at food establishments in the county.
    - $63 million for physical, social and educational well-being. This funding will support families with blood testing, early childhood development programs, educational support and home lead abatement.
    - $50 million will be kept on reserve to address the future needs of Flint residents.
    - The remaining $30 million pertains to the recent proposal to help the city of Flint assist residents with covering a portion of their water bill.
        - A typical Flint resident's billing statement includes charges for water and sewer.
        - Under the plan, the funding would be made available to cover water used for drinking, cooking and bathing which is approximately 65 percent of the water portion of a residents' water and sewer bill.
        - Residents would still be responsible for the remaining balance of the water portion of a bill accounting for water used in ways that do not qualify as consumption.
        - Residents would be responsible for covering all sewer costs.
        - This $30 million has been approved in the Senate and awaits approval in the house before it goes to the Governor for his signature.
- If fully approved, the $195 million will be in addition to the previous $37.3 million in emergency funding already allocated to the city of Flint, totaling more than $230 million.
- An infographic detailing the above is available here.

Budget Proposal – Statewide Infrastructure

- In his FY 2017 Budget proposal presented today, the Governor called for the creation of a Michigan Infrastructure Fund to support statewide infrastructure needs.
- If approved, there will be a $165 million investment which will be allocated based on projects with the most immediate needs.
- In 2015, Michigan renewed a commitment to fix our roads and bridges, now it's time to focus on the rest of the state's infrastructure.
- Potential projects that could receive a portion of the $165 million include replacement of known high-risk lead and copper service lines, infrastructure upgrades while repairing roads or other utilities, and analysis of statewide infrastructure needs.
- An infographic detailing the above is available here.
- For a copy of the Governor's press release and additional materials visit www.michigan.gov/mibudget.

Misreports:

- None at this time.

Headlines:

New York Times: House Backs Bill to Require EPA Notification in Lead Cases
The House on Wednesday approved legislation to clarify the Environmental Protection Agency's authority to notify the public about danger from lead in their drinking water — the first action by Congress to respond to the water crisis in Flint, Michigan.

Huff Post: Hero Pediatrician To Congress: Government 'Betrayal' Has Traumatized Flint
Dr. Mona Hanna-Attisha, the pediatrician who helped blow the whistle last year on the toxic water in Flint, Michigan, told members of Congress on Wednesday that the crisis has put fear in the eyes of the city's parents.

MLive: Flint water main break contained, boil advisory remains in place
A water main break that lead to the city of Flint issuing a boil water advisory has been contained, but the advisory remains in place.

Michigan Radio: Can "stupidity" in Flint water crisis lead to criminal charges?
In the wake of the Flint water crisis, there are some who are calling for criminal charges to be filed against Michigan Gov. Rick Snyder and other state and local officials.

The Detroit News: House Dems complain about Snyder's absence at hearing
Democrats didn't waste much time Wednesday mentioning the absence of a particular Michigan governor at the witness table in a U.S. House meeting room on Capitol Hill.

The Wall Street Journal: Michigan Governor Seeks $195 Million for Flint in State Budget
Michigan Gov. Rick Snyder on Wednesday proposed $195 million in new spending to address the water crisis in Flint, as he announced a 2017 state budget that would also prop up Detroit's ailing public schools and provide more money to repair the Rust Belt state's aging infrastructure.

Detroit Free Press: Bill would put lead notification responsibility on EPA
The U.S. House passed its first piece of legislation related to the Flint water crisis on Wednesday, approving a measure that will require the U.S. Environmental Protection Agency to alert residents of high lead levels in circumstances where state officials or a local utility does not.

NBC News: Faces of Flint: Portraits From the Crisis
It's easy for most people in the United States to take running water for granted. Not so in Flint, Michigan, where collecting bottled water has become part of the new routine.

Sports Illustrated: Rasheed Wallace drives truck with cases of water to Flint, Michigan
Former NBA star Rasheed Wallace drove a truck filled with cases of water from North Carolina to Flint, Michigan on Thursday night, according to UNC's basketball program.

Chicago Tribune: Michigan governor plans $360M for Flint water crisis, infrastructure
Michigan Gov. Rick Snyder on Wednesday proposed spending hundreds of millions more dollars to address Flint's water crisis and to update infrastructure, including lead water pipes, in the city and across the state.

MLive: More than 400 Flint residents to receive at-home water test training
More than 400 homes spanning Flint's nine wards have been targeted as "sentinel sites" where residents will be trained to test water from their faucets for the state to provide lead level results.

Wallstreet Journal: Michigan Governor Seeks $195 Million for Flint in State Budget
Michigan Gov. Rick Snyder on Wednesday proposed $195 million in new spending to address the water crisis in Flint, as he announced a 2017 state budget that would also prop up Detroit's ailing public schools and provide more money to repair the Rust Belt state's aging infrastructure.

Bridge: Signs of trouble at MDEQ, years before Flint lead crisis
Years before a lead-poisoning crisis made Flint an unenviable center of national attention, there were warning signs about the state agency charged with keeping drinking water safe.

MLive: Chelsea Clinton to meet with Flint doctor, union to discuss water crisis
Chelsea Clinton is set to meet with a Flint doctor who helped research the city's water crisis and union members aiding in delivering resources to city residents as part of a campaign stop.

Boston Globe: Officials could face charges in Flint water crisis, investigator says
As a probe begins into the water crisis gripping Flint, Mich., a top investigator announced Tuesday that if officials are found to have been grossly negligent they could face charges as serious as manslaughter.

MLive: Gov. Rick Snyder proposes $195M for Flint water as protesters call for his removal
Gov. Rick Snyder entered the House Appropriations room in the state capitol through a throng of booing protesters to present his annual budget proposal on Wednesday.

ABC News: Water Expert Rejects Explanation on Flint Corrosion Control
A water expert who first raised concerns about lead in Flint's drinking water dismissed as "contrived" a city official's suggestion in an email that anti-corrosive phosphates weren't added to the Flint River because of worries that the chemicals would promote bacterial growth.

Detroit Free Press: Live at 2: Flint mayor, doctor to testify on water crisis
Congressional Democrats will hold a hearing this afternoon on the Flint water crisis, taking testimony from the city's mayor, a pediatrician who helped raise the alarm over high levels of lead in the water supply and others.

AP: Michigan governor plans $360M for Flint, infrastructure
Michigan Gov. Rick Snyder on Wednesday proposed spending hundreds of millions more dollars to address Flint's water crisis and to update infrastructure, including lead water pipes, in the city and across the state.

WZZM: Snyder budget tackles urgencies: Flint water, Detroit schools
Michigan faces two unique challenges -- the Flint public health crisis and the financial meltdown at Detroit Public Schools -- that require immediate attention in the 2016-17 state budget, Gov. Rick Snyder said in a presentation to lawmakers Wednesday.

ABC 12: Chelsea Clinton to visit Hurley, meet with pipe fitters of UA Local 370
Chelsea Clinton has released her schedule for Thursday's visit to Flint.

ABC News: Digitizing historical deeds could help with Flint's water emergency
Genesee County's register of deeds wants historical documents to be digitized, saying it could help with Flint's water emergency.

ABC News: Latest: State Boosting Level of Testing, Services in Flint
State environmental and health officials say they are boosting the level of data collected as well as the services offered to Flint residents affected by lead-tainted drinking water.

Think Progress: Former Flint Mayor Comes Clean About The Water Crisis
He was mayor of Flint, Michigan when the city switched its water source from Detroit to the Flint River, without adding corrosion controls.

ANTI Media: Dogs Are Being Poisoned by Flint's Lead-Laced Water, Too
Two dogs in Genesee County, Michigan have tested positive for lead poisoning, according to the state's Department of Agriculture and Rural Development.

National Geographic: Intimate Portraits of Flint Show Frustration, Fear, Perseverance
The water contamination crisis in Flint, Michigan has forced the city's residents to dramatically change how they live.

WILX 10: WATCH: Flint Water Crisis takes toll on pets
The water crisis in Flint, Michigan is taking its toll on pets as well.

ABC 12: Flint Fire Chief: Water damaging fire engine water pumps
At just a year-and-a-half old, Fire Engine 61 is the newest in the Flint Fire Department's fleet, but look a little closer and you'll see it...

The Ring of Fire: Flint Water Crisis Protesters In Michigan Capital Shout "Bring Out Rick"
Protesters have descended upon the Michigan capital in an effort to speak with Michigan governor Rick Snyder who many believe knowingly allowed citizens of Flint to continue to drink lead-poisoned water for as long as two years before the public was notified.

The Hill: House votes to require EPA lead warnings after Flint crisis
The House voted near unanimously Wednesday to improve the Environmental Protection Agency's notifications about drinking water contamination like the crisis plaguing Flint, Mich.

The Weather Channel: Flint's Water Crisis Is Now Poisoning Dogs, Too
Flint's human crisis is also affecting the Michigan city's dog population, as several canines have been poisoned by lead-tainted water.

Digital Journal: 'This is a joke, right?' Flint citizens asked to boil water first
The citizens of Flint, Michigan, already embroiled in a water crisis that seems to have no end, received notice Tuesday evening that the water coming out of their faucets must be boiled before use.

Leader Call: Clinton Calls Flint Water Crisis "Immoral"
Trailing by double digits, according to some polls, the Clinton campaign is finding it can't escape the expectations and the limits of that "special bond" between the Clintons and voters of New Hampshire on the cusp of Tuesday's primary.

MLive: Koegel Meats still using original recipe after 100 years
Refrigerated trucks worked a little different more than 70 years ago when Albert J. Koegel took on a summer job working for his father's meat company.

New York Times: Michigan Officials Defend Handling of Legionnaires' Disease Outbreak in Flint
Michigan health officials on Tuesday defended their handling of a deadly Legionnaires' disease outbreak in Flint after widespread criticism of their failure to promptly notify the public, and questions about state regulators' cooperation with their local counterparts.

Bob,

Please move forward with plans to have a new curb box and service line installed at 212 Browning. I have spoken with the City Attorney and we intend to have the resident sign a hold harmless letter prior the actual work being done.

I will need to know the date that the contractor plans to proceed with the work.

Thank you.

Flint Water Media Monitoring Report
Wednesday, February 10, 2016
Morning

Topics:

- Governor's Budget announcement and media roundtable in Lansing.
- USDA Food, Nutrition and Consumer Services Deputy Under Secretary Dr. Katie Wilson will be traveling to Flint today, visiting a school lunch program, a WIC clinic, and the federal emergency operations command center.
- Manslaughter charge possible
- Bacteria worries influenced Flint corrosion decision

Social Media:

- Key hashtags: #FlintWater, #FlintWaterCrisis, #Flint, #Justice4Flint, #Dontdrinkthewater #waterforflint
- Chatter on boil water advisory when boiling water increases lead

Misreports:

- None at this time.

Headlines:

CNN: Adding insult to injury: Flint issues boil-water advisory after water main break
The folks in Flint, Michigan, just can't seem to get a break. Already using filters on their faucets to make their toxic water clean, they'll now have to boil it too.

Detroit Free Press: Same old sins seen in state e-mails on Flint crisis
Few new sins are revealed in the latest release of emails related to the Flint water crisis.

Detroit Free Press: Snyder budget tackles urgencies: Flint water and DPS
Michigan faces two unique challenges -- the Flint public health crisis and the financial meltdown at Detroit Public Schools -- that require immediate attention in the 2016-17 state budget, Gov. Rick Snyder said in a presentation to lawmakers Wednesday.

Detroit Free Press: Flint businesses affected by water crisis get loan help
The Small Business Administration has opened a Business Recovery Center in Flint that will hold office hours Wednesday through Feb. 25.

MLive: Help center opens for small businesses impacted by Flint's water crisis
Businesses impacted by Flint's water crisis will have a place to go in the city for assistance.

MLive: Signs of trouble at MDEQ, years before Flint water crisis
Years before a lead-poisoning crisis made Flint an unenviable center of national attention, there were warning signs about the state agency charged with keeping drinking water safe.

The Detroit News: Snyder focuses $195M on Flint's health, water needs

Gov. Rick Snyder laid out his plan Wednesday for $195.4 million in new aid to help deal with Flint's contaminated water problem in his state budget plan for next year.
ABC News: Latest: Democrats: White House Signals Support for Flint Aid
Democratic lawmakers say the White House has signaled support for an emergency bill that would spend $765 million to help solve a water crisis in Flint, Michigan.

NY Daily News: Officials in Michigan could be facing charges as serious as involuntary manslaughter for Flint water crisis
Flint's water crisis, after a switch in the source allowed dangerous levels of lead and potentially caused deadly cases of Legionnaires' disease, could result in criminal charges as serious as involuntary manslaughter, a top investigator said Tuesday.

WILX: FLINT WATER UPDATE - Expert rejects explanation on corrosion control
A Virginia Tech expert who first raised public concerns about lead in Flint's water is dismissing a city official's email suggesting that anti-corrosive phosphates weren't added to the Flint River because of worries that the chemicals would promote bacterial growth.

Washington Post: Manslaughter charges possible in Flint water crisis
As a probe begins into the water crisis gripping Flint, Mich., a top investigator announced Tuesday that if officials are found to have been grossly negligent they could face charges as serious as manslaughter.

Detroit News: Manslaughter charge possible in Flint
Todd Flood, special counsel for the state attorney general's office investigation into the Flint water crisis, said Tuesday the probe could lead to a variety of criminal charges or civil actions.

Los Angeles Times: How scientists failed the public in the Flint water crisis
The Flint, Mich., water crisis, in which thousands of children were exposed to elevated lead levels after a supposedly money-saving decision to start using the corrosive Flint River as the city's water supply, is more than a massive failure of politics and regulation.

Detroit Free Press: Snyder to propose $195M more for Flint water crisis
Gov. Rick Snyder on Wednesday is expected to request an additional $195 million to bring back safe drinking water to Flint and treat its impacted residents after highly corrosive water drawn from the Flint River leached lead throughout the city's drinking water system, according to a person familiar with the budget.

Slate Magazine: Flint Special Counsel: Officials Face Possible Manslaughter Charges for Water Contamination The investigation into the contamination of the drinking water in Flint, Michigan could result in criminal charges for those responsible, including potential involuntary manslaughter charges that are punishable by up to 15 years in prison.

Detroit Free Press: State defends Legionnaires' response in Flint crisis
State health officials today defended their response to the Legionnaires' disease outbreak in Flint, discounting concerns that infighting hurt public health.

New York Times: Michigan Officials Defend Handling of Legionnaires' Disease Outbreak in Flint
Michigan health officials on Tuesday defended their handling of a deadly Legionnaires' disease outbreak in Flint after widespread criticism of their failure to promptly notify the public, and questions about

state regulators' cooperation with their local counterparts.

Detroit Free Press: Officials work to inform blind about Flint water crisis
Officials are working to ensure blind residents of Flint have access to all needed information and resources related to the city's crisis with lead-tainted water.

The Detroit News: GM, UAW donating $3 million to help Flint children
General Motors Co. and the United Auto Workers will donate $3 million to the United Way of Genesee County to help support health and education needs for the children of Flint who have been impacted by lead-contaminated water.

Mlive: Flint EM spent more than $52K on theft probes after water was deemed unsafe
The city of Flint paid more than $52,000 for two outside water theft investigators even after county officials told residents in October to stop drinking the water.

Mlive: Water line breaks disrupt service to Flint residents
Water lines breaks in Flint Tuesday, Feb. 9 have disrupted traffic and school events in some areas of the city.

ABC 12: Email: Bacteria worries influenced Flint corrosion decision
An email written by a former Flint official says anti-corrosive treatments weren't added to the Flint River water because of concerns about bacteria.

Internal JIC Talking Points

Flint Water Emergency Response

NOT FOR RELEASE OUTSIDE JOINT INFORMATION CENTER
-- For use in answering media inquiries –

General

- The health and safety of Flint residents remains a top priority. Until water is declared safe, residents are directed to continue to follow established safety protocols.

- These recommendations include that all homes obtain a water filter and use filtered water for drinking and cooking.

- Until we know the water from the tap is safe, vulnerable populations, including children under six and pregnant or nursing women, should drink bottled water.

- It is essential that all Flint residents have the water in their homes tested as soon as possible. Free water testing kits are available at fire stations 1, 3, 5, 6, and 8. Water samples should be returned to the fire stations for testing. The DEQ lab provides results to the City of Flint within 3 business days. The City of Flint mails results to residents. Results are posted on www.michigan.gov/flintwater.

- Residents are also encouraged to clean the aerators on their faucets to lessen lead sediment. Instructions for how to do this can be found on our website at www.michigan.gov/flintwater.

- For additional information, go to www.michigan.gov/FlintWater. This website includes health fact sheets and information about free resources including bottled water, water filters, replacement cartridges and water test kits.

- Flint residents, both English- or Spanish-speaking, with questions or those who need assistance can call United Way 2-1-1. United Way 2-1-1 is a free information and referral service that is available 24 hours a day, seven days a week.

- Response efforts are being coordinated by the State of Michigan in partnership with the City of Flint, Genesee County, and local community organizations to provide a full set of water resources to the residents of Flint.

Resources and support services

Flint water testing and bottled water pick up sites

- Five water resource sites have been established in Flint fire stations as one-stop locations where residents can pick-up everything they need to ensure their drinking water is safe.

- These sites are open daily from 9 a.m. to 9 p.m. Residents can pick-up free bottled water, water filters, replacement cartridges, and home water testing kits. Citizens who need transportation can call 2-1-1 for assistance.

- Identification is not required to receive any of these resources.

- In order to ensure supply keeps pace with demand, residents are reminded the general guideline is one case of bottled water per household per day.

- Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

- The locations are:

    - Fire Station #1 located at 310 East 5th St. in Flint, MI 48502
    - Fire Station #3 located at 1525 Martin Luther King Ave. in Flint, MI 48503
    - Fire Station #5 located at 3402 Western Rd. in Flint, MI 48506
    - Fire Station #6 located at 716 West Pierson Rd. in Flint, MI 48505
    - Fire Station #8 located at 202 East Atherton Rd. in Flint, MI 48507

- Filters and replacement cartridges are also available at the following locations:

    - Michigan Department of Health and Human Services office
      125 E. Union St.
      Flint, MI 48502

    - Michigan Department of Health and Human Services office
      4809 Clio Road
      Flint, MI 48504

    - Genesee County Community Action Resource Department
      2727 Lippincott
      Flint, MI 48507

    - Genesee County Community Action Resource Department
      601 N. Saginaw
      Flint, MI 48502

- Flint City Hall
  1101 S. Saginaw St.
  Flint, MI 48502

2-1-1

- Anyone having difficulty reaching 2-1-1 can use the alternate toll-free number 1-844-875-9211.
- United Way 2-1-1 is not a disaster distress helpline and does not provide stress counseling.
- Flint residents should not call 2-1-1 about their individual testing results. If you have questions regarding blood level results, talk to your health provider.

Water Response Teams—home water delivery

- Water response teams consisting of volunteers are making deliveries to homes that need the most assistance, for example homes that do not have filters yet, or residents that are homebound.
- The water response teams are handing out bottled water, water filters, replacement cartridges, and water testing kits.
- Members of the water response teams have official credentialed badges with a State of Michigan seal hologram to be easily identified.
- If a resident is not at home when the teams stop by, a flyer with information on how to receive these free water resources will be left at their residence.

Filters

- When used properly water filters remove 99% of lead in water.
- Residents are urged to use filtered water for drinking, food preparation, brushing teeth and watering pets. Unfiltered water may be used for bathing and cleaning.
- One filter and one replacement cartridge are being provided per household initially. Each filter is good for approximately 100 gallons of water. The filter has an indicator on it that will turn from green to red when it needs to be replaced.
- The filters have a two to five-year, non-replaceable battery that operates the indicator light.

- The Plumbers and Pipefitters Union has agreed to provide free installation to homebound residents needing assistance.

- There is a detailed video posted on www.michigan.gov/flint that explains how to properly install a water filter cartridge.

- Water filters are also available for small businesses, in addition to Flint residents, at the water resource sites.

- ZeroWater filters and pitchers are not kept at the point of distribution (POD) locations for people to pick up. They are complicated and vary in size for different homes. There is a Rapid Response Team (RRT) that goes to homes and installs them as needed. When a replacement filter is needed, residents can go to a POD (such as a fire station) and request a filter (and pitcher if it's the first time).

Water Testing

- Flint residents can drop-off water samples to the five water resource sites at fire stations. Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

- EPA has set up an email and toll free number for sampling questions, flintwater@epa.gov and 800.426.4791.

Results

- Results are posted on www.michigan.gov/flintwater under "school and residential testing results."

- Citizens who have not received a response on water test results should contact the City of Flint at 810-787-6537 ext. 3501.

Resources for homebound individuals

- Homebound individuals can contact 2-1-1 for assistance. Those contacts are being provided to volunteers who are responding to needs.

- The Plumbers and Pipefitters Union has agreed to provide free water filter installation to homebound residents needing assistance. This is being coordinated through 2-1-1.

Fire Suppression Systems

- The fire code requires an annual inspection of sprinkler systems by trained technicians.
- The code also requires the inspection of the sprinkler piping at a minimum of every five years.
- If potential obstructions are observed, the piping is required to be flushed completely.
- If a business owner has questions or concerns regarding their sprinkler system, they should contact a licensed fire protection contractor for assistance.

Non-English and deaf/hard of hearing individuals:

- There are a few 2-1-1 agents in the state system that are fluent in Spanish and Arabic. When these agents are available calls are routed to them. Otherwise, tele-interpreter services are available 24/7/365. It usually takes under one minute to connect with an interpreter in any of 180 languages.
- TDD/TTY (Telecommunication Device for the Deaf) is available at every center, but very few calls come in this way.
- Email allows direct communication between the deaf/hard of hearing person and the 2-1-1 agent.
- Live chat is available at most of the 2-1-1 partners which allows individuals to communicate directly and privately with a 2-1-1 agent in real-time.

Pets

- Whatever you are doing in your own home for water, you should do for your pets (e.g., filtered, bottled water).
- In the last 5 years, there have been two cases of lead toxiosis in animals reported in Genesee County.
- If you have any concerns about your animal's health, you should work with a licensed veterinarian.
- There are a variety of diseases and issues that could mimic signs/symptoms of a lead-related issue, which is why it's critical to work with your vet to properly diagnose your pet.

- If a licensed vet suspects a possible lead-related issue, they contact MDARD and the department will work with them to have a sample tested. MDARD is covering the sample testing costs coming through veterinary offices.

- Media contacts wanting more information about pet testing or potential impacts can contact Jen Holton at MDARD: 517-284-5724, holtonj@michigan.gov

- Michigan has had very few cases of lead toxicity over the last five years, with most cases being related to cattle. For background purposes, with cattle, it's counted as one farm. Those cases almost always involve lead in batteries or some other contamination in the pasture where cattle graze.

- Under the Animal Industry Act, Public Act 466 of 1988, as amended, reportable diseases/conditions are exempt from disclosure. MDARD does provide reportable disease/condition case information down to the county level, but cannot provide the specifics of those individual cases.

Paying for water

- Inquiries regarding the payment of water bills should be referred to the City of Flint.

- Per the Mayor, the city put a halt on all shut off notices or disconnections. No shut off notices have been issued since December and the utility billing department has been given no instruction to resume at this time.

- The City is currently reviewing its policy on shut off notices in light of the declared emergency and amended preliminary injunction order issued on January 11, 2016.

- Per DHHS, State Emergency Relief funding is available to qualified households to replace damaged water heaters. This information is available by calling 211.

Bathing

- According to the Michigan Department of Health and Human Services, routine bathing practices can continue. It is recommended bath time be used for bathing only, after which children should be taken out of the bath rather than be allowed to play in the water for extended periods of time.

- If a resident has a rash that they are concerned about, we recommend they contact their primary care doctor.

- Currently, rashes are only reportable to MDHHS when there is a suspected infectious disease such as measles or chickenpox.

- MDHHS is working together with the CDC and Genesee County Health Department to ensure we're monitoring health issues that may be related to water.

- We will be building on our partnership with the local provider community to determine what additional supports and surveillance may be necessary.

For non-Flint residents who want to test their water

  - Anyone in Michigan who wants to test their water for lead can call the State Drinking Water Lab at 517-335-8184.
  - The lead testing kit costs $18, which includes the sample bottle and instructions shipped to your home as well as the lab test. It does not include the cost of shipping your filled sample bottle back to the lab.
  - Depending on the lab workload, results are typically available within 1-2 weeks.
  - Your results will include information about the EPA's lead recommendations as well as contact information for your local health department, which can help you interpret your results further, if needed.

Other/general

- Legionnaires disease related inquiries will not be handled by the JIC. Inquiries should be directed to DHHS – Jen Eisler - cell 517-230-9804

How to help

Volunteering

- Since early January, over 2,000 volunteers have volunteered their time to assist Flint residents during the water emergency.

- Volunteers are coordinated jointly by the American Red Cross and the United Way of Genesee County.

- Volunteers are still needed to provide assistance with water distribution, warehousing, data entry and assembly of water test kits.

- To learn more or sign up to volunteer, visit www.flintvolunteer.com.

Material Donations

- Material and in-kind donations of cases of water bottles, gallon jugs and larger containers of water can be dropped off at the below locations.

- Donations of 100 cases or less:
  - Catholic Charities Center for Hope, 517 E. Fifth Ave, Flint
    Monday – Friday, 9 a.m. - 4 p.m.
  - Call 810-232-9950, ext.325 to make arrangements for deliveries.

- Donations of 100 cases or more, pallets of water or donations in one semi-truck:
  - Food Bank of Eastern Michigan, 2300 Lapeer Rd., Flint
    Monday - Friday 8 a.m. - 4:30 p.m.
  - Call (810) 239-4441 to schedule a dock time for delivery.

- Donations not on pallets:
  - Pierson Road Warehouse on Monday, Friday and Saturdays between 12 – 6 p.m.
  - Call 517-420-3984 or email flintwarehouse2@michigan.gov to schedule a dock time for delivery.

- For extra-large donations, such as multiple semi-trucks, delivery arrangements can be made by emailing flintdonations@michigan.gov or 517-420-4162. Dave Martus will be handling these calls and emails.

- In-kind donations include labor to install filters and trucks to deliver materials. All in-kind donors should email flintdonations@michigan.gov or 517-420-4162. Dave Martus will be handling these calls and emails.

- If asked, preference is for water donations to be jugs of water (rather than bottles).

Financial Donations

- Visit www.helpforflint.com for options.

- The United Way of Genesee County, Community Foundation of Greater Flint, Hurley Children's Hospital and the Greater Flint Health Coalition have created a fund that will address both the short-term and long-term needs of Flint residents.

- The Community Foundation is managing all financial donations and no administrative fee is assessed. Visit www.flintkids.org or call the United Way at 810-232-8121 or Community Foundation of Greater Flint at 810-767-8270 for more information.

What's being done—Government actions

Presidential Disaster Declaration – FEMA assistance

- On Saturday, January 16, President Obama approved Gov. Snyder's request for a federal emergency in Flint. This action will provide emergency relief in the form of bottled water, water filters, filter replacements and water test kits. The period of assistance is up to 90 days.

- Gov. Rick Snyder on Wednesday, January 20, submitted an appeal to President Barack Obama following the denial of a major disaster declaration, a move that could potentially bring additional and much-needed resources to help the people of Flint.

- In the appeal to President Obama, Gov. Snyder said the severity of the disaster warrants special consideration for all categories under the Individual and Public Assistance Programs, as well as the Hazardous Mitigation Program in order to facilitate recovery.

- The President denied that appeal based on the legal requirement that under the Stafford Act disaster relief is available only for natural events, fires, floods, or explosions.

- On Friday, January 22, President Obama denied Gov. Snyder's appeal for a federal disaster declaration to aid Flint.

- On Wednesday, January 27, the state requested the federal WIC program increase access and availability of WIC benefits to children five to 10 years of age in the Flint area, to help children battle lead exposure through nutrition. On Friday, January 29, the USDA denied the state's request. Gov. Snyder is appealing that decision.

Emergency Declaration – City of Flint

- Gov. Rick Snyder issued a proclamation Thursday, January 28 calling for an extension to the emergency declaration in the City of Flint and Genesee County.

- The Michigan House and Senate approved the request, extending the emergency until Thursday, April 14, 2016.

- This extension coincides with the current Presidential Emergency Declaration.

- Extending this emergency will help us continue providing immediate assistance to the people of Flint while working on long-term solutions to help Flint recover from this tragedy.

Resources Distributed Since January 9

- Since Saturday, January 9, the following resources have been distributed to residents, both at the water resource sites and by water response teams, in addition to donations:
    - *Below figures are as of Feb. 8, 2016*
        - 299,273 cases of water
        - 104,500 water filters
        - 35,756 water testing kits

- Water is being distributed primarily in bottles rather than jugs because donations are largely comprised of bottled water.

- In addition to donated supplies, the State of Michigan has purchased the following resources, since Tuesday, January 5, which will continue to be delivered to Flint over the coming days:
    - *Below figures are as of Feb. 5, 2016*
        - 141,982 cases of water
        - 124,052 filters
        - 62,701 water testing kits

National Guard Mobilization

- The Michigan National Guard has been activated to assist with distribution efforts at the five water resource sites at fire stations in the city.
    - Gov. Snyder issued an Executive Order on Tuesday, January 12, 2016, to activate Michigan National Guard.
    - Currently they are being used to staff water resource sites to support the distribution of bottled watered, water filters, replacement cartridges, and water testing kits.
    - National Guard is uniquely prepared and trained to respond quickly in emergency situations.

- First group of National Guard personnel arrived in Flint on Wednesday, January 13, 2016 to conduct assessment and get acclimated (seven personnel).

- Thirty (30) more personnel arrived on Friday, January 15; and that number was expanded to approximately 70 personnel on Monday, January 18, 2016. From Saturday, January 23 through Saturday, January 30, there were 279 MI National Guard Service Members on the ground in support of efforts in Flint (engaging in door-to-door effort). This number included both Army and Air guard assets. As of Sunday, January 31 there are 70 MI National Guard Service Members on the ground in Flint.

- This is the second time the Gov. Snyder has activated the National Guard. Last time was for the Duck Lake Fire in Luce County in May 2012.

- Per Michigan Emergency Management Plan, the Michigan State Police Director or designee is responsible for coordinating all state efforts, including the Michigan National Guard.

- Activation of the Michigan National Guard has allowed the American Red Cross, who had been staffing the water resource sites, to join the water distribution teams.

Attorney General Investigation

- On Friday, January 15 the Michigan Attorney General office announced they launched an investigation to determine what, if any, Michigan laws were violated in the process that resulted in lead contamination in Flint.

- On Monday, January 25 Michigan Attorney General Bill Schuette assigned individuals to lead the investigation: attorney Todd Flood (defense attorney and former Wayne County assistant prosecutor) and Andy Area (former Detroit FBI bureau chief).

Supplemental Budget Request

- After reviewing financial requests from the City of Flint, as well as financial requests from the State Emergency Operations Center and the involved state agencies and receiving input from various other organizations in Genesee County, the state budget director has submitted to the Legislature an emergency supplemental budget request on behalf of the governor to address the **immediate** funding needs for the Flint water crisis. We understand further investment will be necessary.

- On Friday, January 29, the Gov. Snyder signed the legislation allocating $28 million for more water resources and expanded health care initiatives, including more school nurses, diagnostic tests and community education through the Genesee County Health Department.

- This supplemental request is not intended to address all of the future financial needs that will be necessary to aid the city and the people of Flint. This supplemental request addresses the immediate funding needs and requests, including the cost of bottled water, filters and testing kits.

- All state resources are being brought to bear to protect public health and safety. In addition, the Gov. Snyder requested federal aid through FEMA and through direct request to the President – to date $5 million in federal aid has been approved for Flint.

- This supplemental request includes funding for immediate needs and is not intended to include funding for some of the longer-term needs such as special education, long-term health monitoring of children, and potential replacement of the water infrastructure and service lines. The longer-term needs will be addressed through the traditional budget development process and the governor will release his fiscal year 2017 budget recommendation on Wednesday, February 10.

Gov. Snyder and DEQ Announce 5-Part Plan to Determine Water Safety

- On Sunday, January 31, the DEQ embarked on a 5-point strategy to establish a baseline of data to determine when the water is safe to drink. The strategy includes:

    - Residential water testing: at-home water testing done by residents is key in guiding experts to areas of concern. To date, of 4,924 total residential water samples, tests show 93.7 percent of homes are below the actionable level of 15 parts per billion (ppb) for lead.

    - School testing: DEQ in collaboration with the Michigan Department of Licensing and Regulatory Affairs (LARA) has tested all 13 public schools in the city and continues to test non-public schools, children's centers and senior centers. The state will retest the public schools once it has completed replacing water fixtures.

    - Food service/restaurant provider testing: DEQ is working in collaboration with the Michigan Department of Agriculture and Rural Development (MDARD) to test establishments and ensure they are using water filters, flushing water systems properly, and using the correct food and water standards.

- Blood level testing: DEQ is working in conjunction with the Michigan Department of Health and Human Services (MDHHS) to ensure residents with high blood lead levels have their water tested for lead. Homes with high water lead levels are provided additional services by MDHHS and the Genesee County Health Department to ensure residents' exposure to lead is minimized.

- Flint water distribution system testing: DEQ and the City of Flint are working to monitor and test the quality of the water as it travels throughout the city's water distribution system. Additionally, sentinel sites are being established to set a baseline for data collection.

Testing of Bottled Water for Lead

In January, concerns have been raised about the possibility of lead being in the water being provided to Flint residents. This concern was raised due to measurements some residents obtained with a Total Dissolved Solids (TDS) meter provided with ZeroWater brand water filters.

- TDS is a measurement of all minerals and other common chemicals present in the water. The TDS meter is not sensitive enough to measure lead in the water and was included to help users determine when it is time to replace the filter.

- Although the TDS meter does not measure lead, the concern raised an excellent point that the bottled water being distributed should be tested for lead. Therefore, the MDEQ has analyzed a sample from each of the 21 brands of bottled water that are in inventory for both lead and copper. Results show all 21 brands of bottled had results of "Not Detected." With respect to lead, that means that all brands were less than 1 part per billion and for copper all 21 brands were less than 50 parts per billion.

- Although bottled water is regulated and must meet safety criteria, it was an excellent suggestion by the residents of Flint that we verify that the bottled water being distributed is safe and for that. We appreciate the suggestion.

Federal Funds – How They Can Be Used

- In an interview on Thursday, January 28, Lt. Gov. Brian Calley said that only $17 million of the $80 million in federal loans made available to Michigan can be allocated towards the recovery effort in Flint.

- This clarified a misunderstanding that the entire $80 million in federal loans could be allocated to aid in water infrastructure improvements for Flint.

- Read the Detroit Free Press story here: http://www.freep.com/story/news/local/michigan/flint-water-crisis/2016/01/28/only-17m-federal-loans-flint-says-lt-gov/79454204/

Seeking Healthcare Services for Flint Residents under age 21

- Gov. Snyder sent a request to U.S. Department of Health and Human Services to provide Flint residents under age 21 with additional healthcare services to address potential problems brought on from exposure to lead.

- The Governor requested to expand Medicaid eligibility for all residents in the impacted areas up to age 21, regardless of income level. The request is also for Medicaid coverage for people already enrolled in other forms of insurance to ensure comprehensive benefits are available to children who may have come into contact with lead in the water. The White House and federal Department of Health and Human Services did not have an immediate response.

Jobs and Talent & Economic Development Assistance

- The Department of Talent & Economic Development (TED) is engaged with Gov. Snyder's efforts to address the situation in Flint.

- Agency directors and staff have been on the ground in Flint assisting with water distribution efforts and talking with city officials on ability to assist with the needs in the community to provide safe, clean drinking water.

- Michigan State Housing Development Authority (MSHDA) Executive Director Elsenheimer and the MSHDA team have been on the ground ensuring all MSHDA housing has appropriate filters and water resources.

- Michigan Economic Development Corporation / Michigan Strategic Fund is currently focused and in discussions with local officials on how the state can assist in the immediate infrastructure needs of the City of Flint.

- Michigan Talent Investment Agency is eager to be a full partner in enhancing the economy of the community and the self-sufficiency of its families through numerous programs and initiatives, including the Community Ventures Program that assists Flint residents in finding good paying jobs.

- Through Travel Michigan, TED is continuing to promote the cultural, historical and natural assets of the area, and working collaboratively with the community to

showcase the positive stories coming out of Flint.

- In addition to these efforts, the TED team is exploring any and all other options for TED to assist the residents of Flint both on addressing their immediate water issues, as well as long term economic and community development needs.

- On Monday, February 8, Gov. Snyder announced a new partnership between the State of Michigan and Flint human service groups. The partnership with Orchards Children's Services and Flint YMCA's Safe Places Program will help hire and train 50 residents in February to fill jobs on teams helping conduct water tests across Flint.

Michigan School for the Deaf

- *For specific questions regarding actions taken to address lead levels at **any** schools (including Michigan School for the Deaf), ask that they contact the Michigan Department of Education (MDE).*

- When the Michigan School for the Deaf (MSD) initially heard of the water lead issue in September, school officials conducted their own testing which came back with clear results.

- Administrators closed down fountains in the building and have been purchasing 35-gallon water dispensers (150 gallons/week) from Culligan.

- Water filters have been placed on cafeteria drinking fountains and kitchen sinks for use in cooking/food prep.

- The school was notified by the local Health Department (Wednesday, January 20) about free testing for students for lead poisoning.

- The school has a staffed health center and MDE has approved the health center to work with the health department to set up a testing schedule and follow testing protocols outlined by the health department.

- Active consent is required for blood testing, so the school is working with the health department to notify parents and obtain consent.

- On the evening of Tuesday, January 12, MSD was notified by the dormitory landlord that they had a lead level reading of 28 parts per billion on some water outlets. The DEQ recommends school facilities take action if samples from any drinking water outlets show lead levels greater than 15 parts per billion.

    - Current actions being taken by MSD:

- Informing parents of the situation.

- Expediting replacement of 62-65 faucets in the dorm beginning Friday, January 22, 2016 and to have all replaced by the end of that weekend.
- The landlord and school officials are looking at replacing shower heads and/or installing in-line filters on showers.

- Approximately 75 students board at MSD, ranging in age from four to 26. There are 167 students attending the school.

History, background timeline

Chronology

- October 1, 2015: Public Health Emergency Declaration issued
- December 14, 2015: State of Emergency declared by City of Flint.
- January 4, 2016: Genesee County Board of Commissioners declared a local emergency
    - In a separate document, Genesee County requested a Governor's Declaration of Emergency with the local declaration.
- January 5, 2015: Governor declared State of Emergency
    - State Emergency Operations Center activated in Lansing to coordinate state response
    - Joint Information Center (JIC) activated on January 6, 2016 in Lansing; moved to Flint on January 11, 2016
- January 9, 2016: Water resource sites established at fire stations. 9 a.m. to 4 p.m. on January 9, 2016 but 9 a.m. – 9 p.m. starting January 10, 2016.
- January 12, 2016: Water resource teams began going door-to-door (4 teams)
- January 12, 2016: Governor Snyder issued an Executive Order activating the Michigan National Guard
- January 14, 2016: Governor requested Presidential declaration of emergency and expedited major disaster for Genesee County
- January 16, 2016: President Obama approved the Governor's request for a federal emergency in Flint.
    - Denied request for major disaster
- January 20, 2016: Governor Snyder submitted an appeal to President Barack Obama following the denial of a major disaster declaration.
- January 22, 2016: President Obama denied Governor Snyder's appeal for a federal disaster declaration to aid Flint.
- January 28, 2016: Gov. Rick Snyder today issued a proclamation calling for an extension to the emergency declaration in the city of Flint and Genesee County until April 14, 2016.
- February 5, 2016: The Small Business Administration approved Gov. Rick Snyder's request for low-interest disaster loans for businesses in Genesee

County and the city of Flint. Business owners seeking these loans must apply by Nov. 7, 2016.

Other/Misc.

- The state recognizes that offering recycling options for empty water bottles is a priority. Measures will be put in place soon to provide for recycling opportunities.

- Per the Michigan Department of Education, the state is not involved in the water provided to the Flint Schools. Any questions related to this topic should be referred to Flint Schools.

- Governor has asked the Receivership Transition Advisory Board to transfer the powers and authority currently vested in the city administrator to the mayor. Any inquiries related to this should be referred to the Governor's office.

- Population of Flint, as of 2014, was 99,000. Number of occupied households is 39,125, according to the state demographer. (Households with families, 22,809; non family head of household 16,316).

- For calls received from constituents offering lead removal solutions, take down their information and let them know it will be forwarded to the appropriate person. If there is interest in their services, they will be contacted directly. Their contact information should be forwarded to the MSP-SEOCPIO.

- Inquiries about providing vendor services should email DTMBECC@michigan.gov.

MEDIA at the SEOC

- If the media shows up at the new SEOC and requests or is expecting a tour of the facility, the reporter/photographer should be told that we ARE NOT conducting tours at this time, for two reasons: the SEOC remains under construction and it is an extremely busy time at the SEOC.

- PIOs in the SEOC are to talk with the media and let them know no tours are being offered and advise that they should contact EMHSD sometime in mid-February for the possibility of a tour.

Snyder's budget proposal provides strong investments for one Michigan moving forward

Key investments for Flint water crisis, statewide infrastructure, and Detroit Public Schools

LANSING, Mich. — Gov. Rick Snyder presented his proposed fiscal year 2017 budget today, a total budget that is up just 0.8 percent from last year, calling for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

By investing in the specific needs for Flint and Detroit, setting aside funding for statewide infrastructure needs and the rising cost of prescription drugs, while staying committed to the core statewide priorities of education, talent and economic development, health and human services, and public safety, today's announcement provides the right plan for moving Michigan forward.

A new supplemental budget request for the current fiscal year was introduced, which includes $30 million for relief of Flint water bill payments currently being acted upon by the Legislature.

The supplemental request also includes $25 million for infrastructure needs specific to Flint and another $165 million to be set aside for statewide infrastructure needs in a newly created Michigan Infrastructure Fund. The $165 million in statewide infrastructure funding represents the first step toward a longer term solution for the state's needs and will be used to make strategic improvements based on recommendations from the Commission on 21st Century Infrastructure.

The overall budget recommendation totals $54.9 billion, an increase of 0.8 percent or $438 million over last year, and includes $10.2 billion in general fund dollars. The general fund is up 1.5 percent from last year which translates to $145 million.

Budget recommendations to aid Flint and Detroit Public Schools include:

Funding for Flint Water Crisis

- An additional investment of over $195 million spread out across several state agencies to continue the support needed for the children and residents of Flint. These funds will be used to address various needs, including safe drinking water; food and nutrition; physical health; social well-being; and educational intervention. When combined with previously enacted supplemental funding in fiscal year 2016, total funding for Flint comes to more than $230 million.

Funding for Detroit Public Schools

- An investment of $72 million a year, for 10 years, from Michigan's tobacco settlement proceeds to offset the Detroit Public Schools' repayment of a debt load expected to accumulate to $515 million by this summer. The $720 million generated from this plan will provide for $200 million needed for the startup and transition costs to create the new district.

- The fiscal year 2016 supplemental includes $50 million to ensure Detroit schools remain solvent through the rest of this school year while the governor's longer term solution is considered by the Legislature. General fund dollars will used for this funding to ensure the school aid fund is held harmless.

The proposed fiscal year 2017 budget is a balanced approach focused on Michigan's continued growth and future prosperity. The governor today also offered a 2018 projected budget, continuing his practice of ensuring that Michigan maintains a long-range planning focus with an emphasis on fiscal responsibility.

With a growing economy and unemployment at its lowest rate in more than 15 years, Michigan's future economic forecast remains bright. With more than 440,000 new private sector jobs since December 2010 and rising personal incomes for families across Michigan, the state is well positioned to continue its comeback.

"I'm committed to providing critical investments needed for the Flint water crisis and Detroit Public Schools while maintaining the long-term focus on the key priorities of education, job creation, health and human services, public safety and fiscal responsibility. Coupled with fiscal year 2016 investments, this recommendation brings total funding for the Flint water crisis to more than $230 million. The plan provides new investments in both K-12 education as well as higher education and continues the emphasis on developing our talent and connecting that talent to jobs," Snyder said. "From day one we have remained committed to our vision and reinvention strategy and it is paying off. This budget recommendation is the next step in the remarkable growth of our state and I look forward to working on it with our partners in the Legislature."

State Budget Director John Roberts joined Snyder in outlining the budget recommendation to a joint session of House and Senate appropriations committees.

"As budget director, I am proud of this budget because we addressed the challenges we have in Flint and Detroit while remaining committed to our core budget principles and managing the

taxpayer dollar wisely," Roberts said. "This is a credit positive plan that keeps us on a good growth curve."

Lt. Governor Brian Calley was in Flint during the budget presentation to meet with stakeholders about the budget recommendation and how it will directly benefit the residents of the city. Snyder's recommended budget will now be reviewed and acted upon by the Legislature in the coming months with the target of having the budget signed in early June.

Additional highlights of the recommended budget include:

Preparing Our Children for the Future

- An additional $150 million for the K-12 foundation allowance, bringing total K-12 appropriations to $12.1 billion, a $1.4 billion funding increase from fiscal year 2011. The increase in the foundation allowance equates to an additional $60 to $120 per pupil.
- An additional $61.2 million or 4.3 percent for the operations of Michigan's 15 public universities and an additional $7.5 million or 2.4 percent for community college operations. The recommendation calls for universities to limit tuition increases to 4.8 percent or less in order to receive the funding increase. This investment restores aggregate university funding to fiscal year 2011 levels.
- An increase of $15 million for career and technical education middle college and equipment program
- An investment of $2.1 million to encourage students toward studying the fields of science, technology, engineering and mathematics.
- An investment of $9 million for water testing in schools.
- An investment of $5 million for school consolidation grants.

Putting People First

- Funding of $91.5 million to treat nearly 7,000 patients living with hepatitis C and $43.7 million to treat approximately 320 children with cystic fibrosis is built into the Department of Health and Human Services' (DHHS) base budget. The state Pharmacy and Therapeutics Committee recently recommended that new specialty medications to treat these conditions be approved for Medicaid patients.
- An investment of $30 million to include a specialty medications prescription reserve in the DHHS budget to address additional specialty medications in the pipeline.
- An investment of $3.4 billion in federal funds for the Healthy Michigan Plan to continue expanded Medicaid coverage for more than 600,000 Michigan residents.
- Another $25.6 million in funding to fully expand the Healthy Kids Dental program to cover all eligible children across the state in all 83 counties, growing the number of children who will receive good dental care to approximately 826,800. When the governor took office, the program covered 285,000 children in 61 counties.
- An investment of $7.6 million for a new patient unit at the Center for Forensic Psychiatry.

- An investment of $22.3 million to fully implement the state's automated child welfare information system.
- Increased funding of $6.1 million to enhance and expand the clothing allowance from $140 to $200 a year for children in the Family Independence Program. The clothing allowance will cover all children in the program, adding nearly 25,000 children.

Job Creation

- A total of $115.5 million to grow Michigan's economy through business attraction and community revitalization efforts.
- An investment of $2 million for the Community Ventures - Challenge Grant, which will provide matching grants to expand service and further program integration in Detroit, Flint and Saginaw to help the structurally unemployed pursue career opportunities and maintain employment.
- A $10 million increase to the skilled trades training program, bringing total funding to $35.6 million to match employers talent needs with skilled workers for in-demand jobs.

Infrastructure/Technology

- A total of $533.3 million in new dedicated transportation revenue, including $189.2 million for the state trunkline fund, $283 million for local road agencies and $61.4 million for rail and public transit, for maintenance and improvement of transportation infrastructure across the state.
- A total of $57.5 million in new federal funds from the Fixing America's Surface Transportation (FAST) Act, to be used for local road agency, state trunk line, and transit projects.
- A total of $132.8 million in new technology investments, including additional funding for cybersecurity to protect critical data from growing threats and added investment for the Information Technology Investment Fund for technology improvements to better serve residents and improve government efficiency.

Protecting the Public

- An additional $9.5 million to run a trooper recruit school with the goal of producing another 85 graduates that will further the enlisted strength within the Michigan State Police.
- A total of $1.5 million to expand the Secure Cities effort to the communities of Benton Harbor, Hamtramck, Harper Woods, Highland Park, Inkster and Muskegon Heights. The program has already produced impressive results by reducing violent crime in Detroit, Flint, Pontiac and Saginaw.
- An investment of $8.5 million to run an academy to train and graduate 350 new corrections officers for prisons across the state.

- A total of $500,000 to help prevent sexual assaults on college campuses through the higher education sexual assault prevention and education initiative.
- Funding of $2.2 million to enhance the capacity to combat the increasing growth of digital crime.
- An investment of $4 million to support safe and secure learning environments for students.
- An investment of close to $1 million for the purchase of new ballistic vests to keep probation and parole agents safe while on field duty.

Stronger Communities

- Eligible counties will receive a combination of revenue sharing payments and incentive-based payments, provided they meet required transparency provisions, totaling $215.2 million, which is the maximum funding allowed under statute to 78 eligible counties, up from 76 counties in the current fiscal year.
- A 3.9 percent increase in constitutional revenue sharing payments for cities, villages, and townships for a total of $781.5 million, based on estimated sales tax collections.
- As an incentive to combine government operations, all local units may apply for grant assistance to help defray expenses related to consolidation of services or programs, with a recommendation of $11 million for this competitive grant assistance program.

Focusing on Long-term Liabilities

- Fiscal year 2016 deposits to the Budget Stabilization ("Rainy Day") Fund will bring the projected total balance to $611 million which equates to a $609 million increase since the governor first took office, when the rainy day fund was at a mere $2.2 million.
- Funding for the school employee retirement system is recommended at $1 billion for K-12 schools, which equates to over $660 per K-12 student. This investment provides fiscal relief to schools for retirement obligations and helps ensure retirement promises made to employees can be kept. The governor's commitment to solving the state's pension and retiree health care obligations is strong. Reforms made to the school employee retirement system and the state employee retirement system have reduced the state's long-term debt by more than $20 billion.
- A $730,000 increase and a total of $5.9 million in ongoing funds is recommended within higher education to provide for costs above a proposed rate cap for seven participating universities in the Michigan Public School Employees Retirement System (MPSERS). Community colleges receive a recommended $3.7 million increase and $74.9 million total in ongoing funds, to provide for costs above the rate cap for MPSERS.

The state's new fiscal year begins Oct. 1.

Flint Water Daily Update
Updated Feb. 10

Current Issues Talking Points

Legionnaires Disease

- Recent comments in the media are inconsistent with the collaboration that has taken place between the Michigan Department of Health and Human Services and the Genesee County Health Department.
- MDHHS takes legionella concerns seriously and has released some of its earliest email conversations between its epidemiologists and the Genesee County Health Department regarding legionella cases.
- The MDHHS partnership with the Genesee County Health Department is central to providing Flint residents with the health resources they need to overcome obstacles in both the short and long terms. They have worked side by side to deliver health services, exchange data and ideas, and to be there for the Flint community.
- In the fall of 2014, the Michigan Department of Health and Human Services was aware of an increase in Legionnaires' disease cases in Genesee County and it was determined that additional support from the state was needed. The state stepped in to offer that support. Within a month, state epidemiologists were actively conducting interviews with cases and medical record reviews to make sure that Flint residents had the joint resources of local and state experts.
- MDHSS is continues to be engaged with environmental health officials on the local and national levels to proactively address the potential for future Legionnaires disease cases.

Budget Proposal today, Feb. 10

- The Governor will give the formal FY 2017-18 budget presentation today, Feb. 10 at 11 a.m.
- As part of the budget proposal, the Governor will outline long-term funding efforts to aide in Flint's recovery.
- To date, the state has allocated $37.3 million in emergency funding for Flint.
    - The Governor also proposed and the Senate has approved an additional $30 million the city could use to help relieve Flint residents of a portion of their water bill.
- The budget presentation is available via livestream at www.michigan.gov/snyderlive.
    - To limit the negative impact on state network speeds, DTMB advises employees to reserve a conference room and watch the presentation in teams rather than individually at their desks.

Flint Mayor calls for immediate replacement of Flint pipes

- In an announcement yesterday, Flint Mayor Karen Weaver called for immediate replacement of Flint's water infrastructure.
- Immediately removing pipes could potentially add to the infrastructure problem and result in higher costs for the city.
- Both Senate Minority Leader Jim Ananich and Virginia Tech water treatment expert Marc Edwards advise first mapping the city's pipes to determine the location of lead infrastructure.
- Edwards also says the state is taking the correct actions to make Flint's water safe again. Adding phosphate to the water to coat the pipes is a necessary first step toward ensuring safe drinking water for Flint residents.
    - Flint's damaged pipes spark debate on fix (Detroit Free Press)
    - Prof. Marc Edwards discusses pipes in Flint (video)
- The Governor continues to work with Edwards and the Flint Water Interagency Coordinating Committee to identify and implement a successful long-term solution for Flint families.

Residents Reminded of Boil Water Advisory
Water Filter Cartridges Should be Replaced After Advisory is Lifted

Free water filters, cartridges, bottled water, testing kits available at resource sites

FLINT, Mich. Flint residents are reminded to boil their water due to the drinking water warning issued by the city of Flint on Feb. 9. Until further notice, boiled filtered water or bottled water should be used for drinking, brushing teeth, washing dishes, preparing food and for pets.

The boil water advisory was issued in response to a water main break on Tuesday that caused a loss of pressure in the water distribution system. Whenever a water system loses pressure for a significant length of time, bacteria contamination can result. As a precautionary measure, residents are advised to boil their water to kill bacteria and other organisms in the water.

Once the City of Flint lifts the advisory, affected residents should be prepared to take a few precautions to ensure their water is safe for use.

First, residents should always flush their water system for at least five minutes after it has gone unused for several hours. For filtered pitchers, flush before filling the pitcher. Residents can prolong the life of their tap filter by turning the valve to the unfiltered setting before flushing, then switch back to the filtered setting before drinking or cooking.

Second, residents should replace the cartridge in their water filter after a boil advisory. Previously installed water filters will still be safe to use after the cartridge has been replaced, and residents should be sure to follow the water filter manufacturer replacement instructions.

For other tips, see the attachment, "Boil Water FAQs."

Free water filter cartridges, water filters, bottled water and water testing kits are available at water resource sites that remain open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1 (also a water bottle recycling site)
310 East 5th St.

Fire Station #3
1525 Martin Luther King Ave.

MORE

Fire Station #5 (also a water bottle recycling site)
3402 Western Rd.

Fire Station #6
716 West Pierson Rd.

Fire Station #8 (also a water bottle recycling site)
202 East Atherton Rd.

All water filters distributed by the State of Michigan are certified by NSF International for lead reduction. Individuals wishing to verify that a specific filter is NSF-certified can do so via the NSF website.

The State of Michigan continues to coordinate response efforts in partnership with the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater, by calling 211 or visiting www.helpforflint.com.

NEWS RELEASE

FOR IMMEDIATE RELEASE
February 10, 2016
Release #: 34

State Launches New Streamlined Services for Residents

New Testing Sites Help Confirm Water Quality

FLINT, Mich. – This week the Michigan Departments of Environmental Quality (DEQ) and Health and Human Services (MDHHS) initiated new initiatives to engage residents in a more in-depth level of data collection that will help confirm when Flint's drinking water is safe and provide a more streamlined level of post-testing services for resident health and wellness.

Starting today, 10 Sentinel Site teams consisting of representatives from the DEQ, along with licensed plumbers, will begin to visit 402 identified residential sites across the city to teach homeowners how to test their water in a scientifically accurate manner so they may submit regular samples to the state for testing.

Geographically dispersed across all nine wards, these sites will be established for ongoing lead and copper monitoring and will be resampled periodically to help determine when the drinking water advisory may be discontinued. This testing regimen calls for resampling every two weeks for an additional four, two-week cycle.

"These Sentinel Sites are an important step in helping us achieve a higher level of data analytics on the quality of the water," said Keith Creagh, Director of the DEQ. "The data collected will help us determine when and where corrosion control treatment has been effective."

Also launching today is a more streamlined system of addressing residences that test high for lead or copper in their water. This new process will provide residents with more efficient in-home follow-up for environmental and health wrap-around services.

"As soon as we see that a household's water level tests high for lead or copper, this new automatic protocol kicks in, beginning a series of measures to get people the health-related services they need faster," said Dr. Eden Wells, chief medical executive with the MDHHS. "While many of these residents have had outreach from county and state agencies since last fall, this new system creates a timeline and multi-agency organizational structure so that services can be provided in a more cohesive manner."

MORE

The new streamlined system of in-home follow-up visits not only allows for faster residential feedback, but also allows for multiple agencies to work with residents in a more coordinated manner. The process is as follows:

- Daily lab test results are posted publicly online at www.michigan.gov/flintwater
- Test results greater than 150 ppb are emailed to MDHHS
- All test results are emailed to the City of Flint, who then sends them to residents by U.S. Mail
- **Within 48 hours, MDHHS coordinates a home health visit** through the Genesee County Health Department to any resident whose lead test result was greater than 150 ppb. Home visit includes:
  - Health and wellness information
  - Off-site blood test referral
  - Assists with transportation support for appointments, as necessary
  - Provides additional bottled water, filters and water sample kits
- **Within 48 hours, DEQ schedules a home water visit** to any resident whose lead test result was greater than 150 ppb (100 ppb or greater, but less than 150 ppb residents are visited within seven days). Home visit includes:
  - Water testing and sampling information
  - Water sample collection
  - Inspection by the Flint Local 370 Plumbers Union (field verification of service line, aerator cleanout, filter check)
  - Provides additional bottled water, filters and water sample kits

Unlike lead, there is a safe level of copper. Everyone comes into contact with it every day and copper is essential for good health, but for homes with elevated copper levels, individuals are being instructed to use bottled water for drinking and cooking.

People's bodies require copper for normal functioning, and at different amounts depending on age, and whether a women is pregnant or breastfeeding. Ingesting high levels of copper can cause nausea, vomiting and diarrhea.

Additional information about the Flint water emergency is available at www.michigan.gov/flintwater, by calling United Way 211 or visiting www.helpforflint.com.

###

NOTE: **ALL MEDIA INQUIRIES ARE BEING HANDLED BY THE JOINT INFORMATION CENTER AT 888-EMD-TODAY (888-363-8632). FOR FLINT WATER EMERGENCY DONATION INFORMATION, GO TO www.helpforflint.com.**

WORKING TO MOVE FLINT FORWARD

In the FY2017 budget and associated supplemental, Governor Rick Snyder recommends making a bold investment in Flint's future.

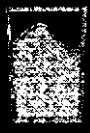
HOW AN ADDITIONAL $195 MILLION WILL HELP

FLINT FAMILIES

SAFE DRINKING WATER

- Water sampling to ensure safe drinking water for every resident in the city
- Inspection and replacement of fixtures in schools and daycare facilities
- Infrastructure prioritization
- Staying connected with Detroit water through the end of 2016

$37 MILLION



FOOD AND NUTRITION

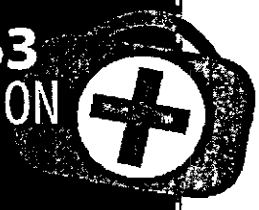
- School lunch and breakfast programs
- Summer meal program for children
- Mobile food bank and additional food bank resources
- Food inspections at licensed food establishments through the Genesee County Food Safety Division

$15 MILLION

PHYSICAL, SOCIAL AND EDUCATIONAL WELL-BEING

- Treatment of children with high blood levels which includes nurse visits, blood testing resources, and environmental assessments
- Expansion of programs for preschoolers
- Child and adolescent health centers and additional support necessary for children's healthcare access
- *Behavioral health and in-home services for children exposed to lead*
- Funding for special education, nutrition, literacy support, and staffing for health professionals
- School nurses
- Crisis counseling through local community mental health
- Epidemiologists to analyze blood lead levels
- Lead abatement in Flint homes
- Lab and testing costs

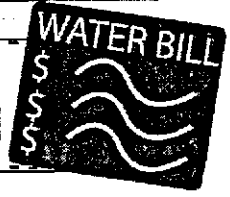
$63 MILLION



WATER BILL RELIEF

- $30 million to provide the city of Flint with water bill relief

$30 MILLION



RESERVES

- $50 million in reserved funding for future needs in Flint

$50 MILLION

TOTAL FOR FLINT: $232 MILLION

with supplementals included

WE ARE ONE MICHIGAN

MI.GOV/MIBUDGET | #FLINTFWD

DRINKING WATER WARNING

The City of Flint water system lost pressure and contamination may have occurred
BOIL YOUR FILTERED WATER BEFORE USING

Due to a drop in pressure in the City of Flint water supply, bacterial contamination may have occurred in the water system. Bacteria are generally not harmful and are common throughout our environment. Corrective measures are currently being undertaken to correct the situation.

What should I do?

AS A PRECAUTIONARY MEASURE, DO NOT DRINK THE WATER WITHOUT BOILING IT FIRST. Bring all FILTERED water to a boil, let it boil for one minute, and let it cool before using, or use bottled water. If you are currently NOT using a filter to remove lead from drinking water, FLUSH your water for AT LEAST 7 minutes before collecting any to boil. Boiled FILTERED, boiled FLUSHED, or bottled water should be used for drinking, making ice, brushing teeth, washing dishes, and preparing food. Boiling kills bacteria and other organisms in the water. Continue using boiled or bottled water until further notice.

Due to the pressure loss, there may be trapped air and loose sediment in your water lines. The air and sediment may be removed by flushing you water system. DO NOT FLUSH YOUR SYSTEM THROUGH THE FILTER. The resulting air and sediment may affect the performance of your filter and the filter cartridge should be replaced.

What happened? What is being done?

These precautionary actions are being taken due to the loss of water pressure in the water distribution system caused by a water transmission main break on February 9, 2016. Whenever a water system loses pressure for any significant length of time, precautionary measures are recommended.

The City of Flint Water Department is working to get pressure restored, and water staff will be taking other remedial actions such as flushing and collecting bacteriological samples from around the system. The samples will be collected to determine that the water quality meets the state drinking water standards. We will inform you when tests show no bacteria and you no longer need to boil your water. We anticipate resolving the problem later today. This precautionary boil water notice shall remain in effect until results from the sampling verify the water is safe to drink. **Customers will be advised when the boil water advisory has been lifted.**

For more information, please contact The City of Flint Water Department at (810) 766-7202. General guidelines on ways to lessen the risk of infection by microbes are available from the EPA Safe Drinking Water Hotline at 1(800) 426-4791.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

CERTIFICATION: WSSN: 2310

I certify that this water supply has fully complied with the public notification requirements in the Michigan Safe Drinking Water Act, 1976 PA 399, as amended, and the administrative rules.

Signature	Title	Date Distributed
Michael Glasgow	UTILITIES ADMINISTRATOR	2/9/16

Reminder to water supplier: This notice / certification must be sent to the DEQ.

STATEWIDE INFRASTRUCTURE PRIORITIZATION

In his FY 2017 budget recommendation, Governor Rick Snyder calls for the creation of a ***Michigan Infrastructure Fund*** *to be used to fund statewide infrastructure needs. The investment in the FY 2017 budget is the first step in addressing Michigan's infrastructure needs.*

$165 MILLION

Investment to be based on prioritization of needs.

Michigan's infrastructure received a 'D' grade by the American Society of Civil Engineers.

'D'

An estimated 71 percent of Michigan residents are on public water supply systems with the remainder of households on private wells

THE FIRST STEPS

In 2015, we made a **renewed commitment to our roads and bridges** with the passage of the transportation funding package.

Now it's time to **focus on the rest of Michigan's infrastructure** need based on the recommendations of the announced **Commission on 21st Century Infrastructure.**

Categories for investment could include:

1) Replacement of known high-risk lead and copper service lines attributed to high lead or copper levels in children, pregnant women, or the drinking water supply.

2) Implementation of infrastructure improvements that incentivize **infrastructure upgrades while repairing roads or other utilities** and allow communities to fully leverage federal, state, and local funds.

3) Development of asset management plans including an inventory and analysis of the current infrastructure and prioritization of needs based on a right sizing of infrastructure in comparison to population

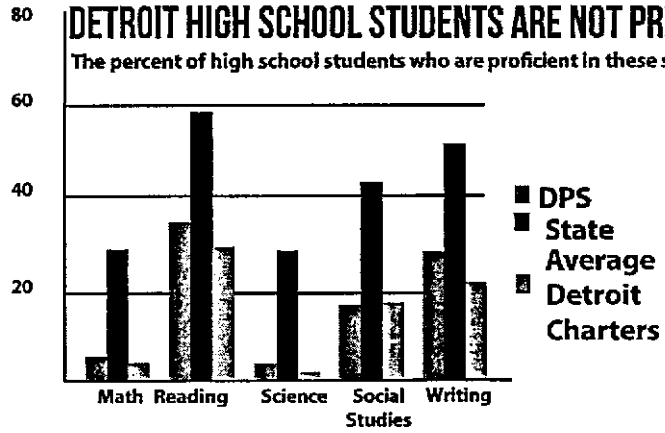
DETROIT SCHOOLS

Educating our future for lasting success

••TIME TO ACT••

DETROIT HIGH SCHOOL STUDENTS ARE NOT PREPARED

The percent of high school students who are proficient in these subjects:



CRUSHING DEBT

$515 MILLION

by summer 2016

KEY ACTION ITEMS

We need to work together to develop an approach that ensures Detroit's children receive a high-quality education

The new system for schools in Detroit would require $200M in startup/reinvestment funding. The previous Detroit Public Schools sytem would be responsible for that $200M and the $515M in legacy liabilities for a total of $715M, which is expected to be repaid by FY28.

Invest in Detroit's public schools, **$720 million** from Michigan's tobacco settlement proceeds

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	02/09/2016 08:00:00
Operational Period End:	02/16/2016 08:00:00
Situation Report No.	36
SEOC Status:	Full
SEOC Hours of Operation Begin:	02/10/2016 08:00:00
SEOC Hours of Operation End:	02/10/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (February 10, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Attended long term recovery meeting.
- Coordinated water order with FEMA.

JIC:
- Media hotline staff answered less than 10 emails and phone calls, ranging from the news media asking to embed with sentinel teams to inquiries about why schools in Flint were not tested for lead until October 2015.
- Key state agency PIOs attended the Governor's proposed FY2017 budget and Gov. Rick Snyder's media roundtable in Lansing.
- Continued routing public information materials for approval, including an updated recycling flier and a breast feeding and lead exposure fact sheet from MDHHS.
- Issued a press release about the state of Michigan launching new streamlined services for residents, with new testing sites to help confirm water quality.
- Drafted a press release about the next steps to take after the city of Flint issued a water warning on February 9, 2016.
- Drafted social media posts about ongoing Flint water emergency, including U.S. Small Business Administration's Flint Business Recovery Center and the American Red Cross and United Way playing a crucial role coordinating volunteer effort.

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings, and Tactics Meeting.
- Merged lists compiled from various agencies in to one master Access and Functional Needs (AFN) List.
- Met with Distribution Meeting participants regarding possible courses of action related to Boil Advisory and replacement cartridge distribution.
- Team Priority Visited Today: Active Water Subscribers without filters marked vacant or no contact.
- Team Priority Scheduled Tomorrow: Active Water Subscribers without filters marked vacant or no contact.
- 10 American Red Cross Teams scheduled for Wednesday, February 10, 2016.
- Data is for 2/10/16 as of 5:00 pm:

o Total homes visited:
- 19,271 (round 3 total).
- 302 (today).

o Water cases (*liters calculated by multiplying # of cases x 12*):
- 134,316 liters or 11,193 cases (round 3 total).
- 2,628 liters or 219 cases (today).

o Replacement cartridges:
- 4,251 (round 3 total).
- 136 (today).

o Faucet filters:
- 7,369 (round 3 total).
- 29 (today).

Planning Section:
- Participated in state, local, and distribution process meeting.
- Published Sit Rep #36.
- Worked with Distribution Process group to strategize the impacts of the boil water advisory.
- Worked to update daily data report.

Operations Section:
- Continued to monitor the Flint City water main break, the repair progress and its cause.

• Assisted in working on a plan of action to replace all filter cartridges once the boil water advisory is lifted.
• Met with United Parcel Service (UPS) re: delivery of replacement filter cartridges to functional and mobility needs citizens.
• Led the Local Agency briefing and State Agency conference call.
• Participated in the Distribution Process meeting.
• SEOC State Agency Briefing:
• Warehouse Numbers as of 1800:
❑ Water (liters):
• 582,536 liters or 48,544 cases.
❑ Filters (faucet):
• 49,520.
❑ Replacement cartridges:
• 378,140.
❑ Test Kits (prepped):
• 18,886.
• PODs (1700 2/7 – 1600 2/10):
❑ Water (cases):
• 48,048 liters or 4,004 cases.
❑ Filters (faucet):
• 125.
❑ Replacement Cartridges:
• 257.
❑ Test kits:
• 108.

Finance Section:
• Reviewed cost reports received from state agencies to see if additional information is needed.
• Requested additional cost information from state agencies.
• Reviewed current cost data from state agencies that have submitted information.
• Updated Resource Request Information.

GIS Branch Updates:
• Water Sampling Results Mapping.
• Daily Data Pulls.
• Daily JIC Map.
• Daily Parcel Pairing & numbers to Ben Geiger.
• Boil Alert Map.
• Addressed matching of at-risk elderly with high lead test result addresses.

DTMB:
• Continued to provide DTMB management with daily updates and resource requests received.
• Provided expenses to date to include personnel overtime from January 6 through February 6, 2016 to the Financial Chief.
• Coordinating equipment delivery for Pierson Road warehouse.
• Reconciled expenditures to-date for record keeping.
• Requested to acquire two replacement 16-20 foot trucks with 6 foot lift gates to replace two vehicles that have broken down to assist with water distribution.

DHHS-CH:
• The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.
• The State Chief Medical Executive, Dr. Eden Wells, conducted a webinar today for healthcare professionals in Flint that focused on pregnancy and breastfeeding. The peak number of people/sites in attendance was 42. Positive feedback was received, particularly on the discussion portion of the webinar. The recording was sent to the MDHHS PIO, and will also be available on the flint water website and on MI-TRAIN.
• Continue to provide clarification in reference to the teams that are visiting homes in Flint. MDHHS is accompanying DEQ on the Initial Assessment Teams that are visiting homes that have tested high in copper and/or lead.

DEQ:
• Coordinated message of filter cartridge for local media dissemination.
• Deployed Sentinel water sampling collection crews and began data collection.
• Provided the Director's Office with data to respond to the Congressional Committee of Energy and Commerce information request.
• Tracked progress of data collection at Sentinel water sampling sites.
• Met with Director's staff for clarification of EPA's 2/8/16 memo on compliance deficiencies and began preparing a response.
• Reviewed incident objectives to determine activities for the upcoming week.

State Voluntary Agency Liaison (VAL):
• Continued meeting with FEMA, county and city to develop distribution transition plan.
• Met with Seventh Day Adventist for transition of warehouse #2.

Unified Coordination Group (UCG):
• EPA: Additional team to provide Residual Chlorine testing (2 teams today).
• HSTF: Returning to a programmatic/recovery stage and providing support from DC not in the UCG.
• HMTF: Public Health Support Team of 7 transitioning out today. Working to capture work products and setting up continued sustainment at the state level. Two nurse case workers starting today.
Mental health team here until the 14th working to bring in new team.
• WQTF: Discussion of state/federal messaging regarding the water main break in addition to the City's.
• EPA: 1,000 samples collected at over 150 homes. Sequential testing at several homes today.
• GCHD: Requested clear understating of expectations of county and has concerns on whether their staff can perform this task.
• USDA: Announcing official response to the state's request for expanding WIC funds for blood level. Testing support and expanding program up to the age of 10.
• HUD: Made contact with 100% (2,350) private residences that receive HUD assistance, all have filters installed. Public housing starting today with housing commission to test all properties within a week. Using in-house staff.

Local EOC:
• Incident Command, Liaison Officer and Logistics Section Chief discussing long-term distribution plans with representatives from City of Flint and SEOC in Lansing (on 02/09, 02/10 and 02/11/2016).
• Elevated Lead and Copper Initial Assessment Task Force out in the field, visited 6 homes (provided information at 8 additional homes).
• Ten Sentinel Site Monitoring Teams out in the field, visited 30 homes (provided information at 50 additional homes).
• Expecting increased demand for bottled water and filter cartridges due to Boiled Water Advisory in response to water transmission line break. Aligning additional supplies for appropriate resupply at Fire Station PODs.
• Managing donations and volunteers with Michigan Community Service Commission, ARC and United Way of Genesee County.
• Coordinating rapid response deliveries to homebound residents and special locations.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

12. Develop and implement a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 9. The JIC was operational until 9 p.m. on Feb. 8.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Agriculture and Rural Development, Environmental Quality, Health and Human Services, and Natural Resources. The Genesee County Sheriff's Office was also present.

Tasks accomplished:
- Media hotline staff answered less than 10 emails and phone calls, ranging from inquiries about state costs incurred due to the Flint water emergency to testing dogs for lead toxicity. Media inquiries have continued to decline.
- Created a morning and afternoon media monitoring report.
- Created a Daily JIC Activities email to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Issued a news release about the role of the American Red Cross and United Way in coordinating volunteers.
- Issue a news release about the state's outreach to blind residents to help ensure access to information and resources.
- Shared the updated resource guides for water donations and recycling with 211.
- Continued updating and revising internal and general talking points to better reflect ongoing information.
- Continued routing public information materials for approval, including a newsletter article from the Michigan Department of Corrections and a Lead Toxicity fact sheet from MDARD.
- Continued discussions on drafting a news release to announce high-lead and copper teams that are beginning operations this week.
- Continued to post information on the www.michigan.gov/flintwater website, especially facts sheets and fliers in Spanish, Arabic, Mandarin Chinese and other languages.
- Held a 2:30 p.m. legislative and congressional conference call involving updates from key state agencies to talk about ongoing operations and activities.
- Revised staffing needs for next two-week period to reduce number of PIOs needed. Working to have staffing for February 16 – 26 by Thursday.

Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/9/16 included:
- 2 food establishment assessments conducted (both follow-up) and 2 in use water samples collected
- 5 water sample requests/appointments were scheduled

NOTE: There was a break in the water main at the Flint Water plant, so staff were unable to collect the majority of planned water samples today.

As of 2/8/16, MDARD has completed a total of 331 food establishment assessments (263 initial/68 follow-up). 231 establishments are verified to be in compliance (70%). All high and medium risk firms have had an initial assessment. 196 water samples have been collected and 137 are currently scheduled. Data is now being auto-calculated, resulting in reduction in total assessments reported on 2/5/16, but is now a more accurate count of total assessments.

The food establishment list with assessment, sampling and test results has been combined and mapping activities are underway.

MDARD has a conference call on February 10th at 8:30 am with stakeholder groups, including MSU, MDHHS and Genesee County to provide an update on current lead testing plans for dogs and to explore funding options and other assistance to provide additional testing.

The keep your pet safe from lead poster was posted on the FlintWater website (attached). A veterinarian guidance document was finalized today and will be posted as soon as possible.

American Red Cross (ARC)

The American Red Cross deployed 10 Water Response Teams on Tuesday, 2/9/16, to attempt contact at those residences where no one had yet answered the door.

The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm. The VRC will be operating from 9-5 again on Wednesday.

Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Reviewed foreign languages documentation.

Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.

Discussed concerns from LEOC regarding MDHHS staff accompanying DEQ on home visits. The CHECC contacted the LEOC and confirmed that MDHHS will send one staff member per day (more are available if requested) to serve on the DEQ "Initial Assessment Teams," visiting homes with high levels of lead and/or copper. A pool of MDHHS staff were trained today for this purpose.

Provided CHECC leadership with information regarding USDA VIP visit from the Food, Nutrition and Consumer Services Deputy Under Secretary Dr. Katie Wilson, who will be visiting Flint tomorrow, to include a stop at a local WIC clinic.

MDHHS held a conference call with the Michigan Pharmacist Association and other community pharmacy members to discuss the potential role of pharmacies in the Flint response efforts. Options will be explored in regards to blood lead testing, communications, and nutritional counseling.

Confirmed with DEQ that the DEQ laboratory will be open, operational, and able to process Coliform lab analysis from the EPA from Friday through Monday, since the GCHD laboratory will be closed for a furlough, the weekend, and the holiday.

Corrections (MDOC)

MDOC continued operations at both warehouses with warehouse 2 opening as scheduled. All PODs were well supplied during the entire operational period.

MDOC continues to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

MDOC had 14 employees on the ground in Flint today.

In an effort to reduce overtime costs we are working on completing a critical staff review. All dedicated resources will be reviewed to determine if it is feasible to reduce staffing in lieu of volunteers wherever possible.

We are working with Finance and MDOC assets to capture total employee payroll information and expenditures.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

Continued coordination of Sentinel Sampling Team resources with partner agencies, to begin data collection tomorrow

Worked with DEQ lab to assure they are prepared, if necessary, to receive water samples for bacteria testing due to water main break.

Updated tracking sheet of requested data by Congressional Committee of Energy and Commerce.

Reviewed upcoming deadlines from EPA Order tracking spreadsheet.

Coordinated putting together sentinel site teams .

Briefed updated Incident Objectives to reflect activities for the upcoming week.

Human Services (MDHS)

Looking into filtration system for a child care institute, possibly through donation.

Donation details being entering into MI CIMS.

211 reporting that the number of calls related to Flint was down to 10.5% for Feb 1 - Feb 7.

Daily update conference call with MDHHS Budget & Field Operations.

Licensing and Regulatory Affairs (LARA)

Participated in briefings and updated the LARA Executive Team
LARA completed mapping at the International Academy of Flint and created a materials list.
LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
Translation services for various documents continue to be provided as needed.
Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

Military and Veterans Affairs (DMVA)

Commanders Situation Report (SITREP)

1. DTG: 0913002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell: Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 65 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has 65 Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. POD 5 has two generator lighting units from MDOT. All PODs now have sufficient lighting.

1. Fuel cans and the utilization of station 5 fuel pump is being requested through city of Flint liaison.

b. 4 Detroit Piston players will be purchasing food and visiting the POD Soldiers in appreciation of their assistance to Flint.

b. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke, will be seeking approval from CPT Bowles and Dana and/or Kim at the purchasing office for laminating.

8. PERSONNEL: 65 Soldiers are currently assigned to the POD operations.58 Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: Water main at Dort highway near I475 has broke causing massive flooding. Water has been shutoff in respected areas therefore increasing water request at POD locations.

10. LOGISTICS: In support of TF Flint

a. The order for a pallet of rock salt from the state purchasing office should arrive at warehouse COB 09Feb2016.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
• An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
• OUT (last 24 hours)
Bottled water-6422 Water (Gallons)1160 Lead Testing Kits-250
Pitcher (23 cup)-0 Brita Faucet Filter-134 Brita Replacement Cartridge-190
Pur Filter-52 Pur Replacement Filter-255

National Weather Service (NWS)

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

Natural Resources (MDNR)

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

State Police (MSP)

DEQ contacted MSP reference providing telephone numbers for approx. 400 residences in Flint for Sentinel site sampling efforts. DEQ was advised MSP is unable to provide information.
*****Valencia Jones - SEOC OPS Public Safety MSP - jonesv4@michigan.gov at 14:58:30 on 2/8/2016*****

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

Technology, Management and Budget (MDTMB)

Continue to provide DTMB management with daily updates and resource requests received.

Contacted DTMB Risk Management regarding injuries at warehouses.
Coordinating equipment delivery for Pierson Road warehouse.

Transportation (MDOT)

Providing staff to Pierson Rd. warehouse.

Providing 2 portable light tower generators to Fire Station #5 on Western Rd.

Providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 (3' x 5') standard signs (2 each site)
-100 grabber traffic cones (narrow reflective cones) (50 each site).

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

Incident Related Images

This is the daily 2-1-1 summary on the Flint Water Response for Tuesday, February 9, 2016

GENERAL INFORMATION:

- **Water main break was reported** next to Dort Highway and another along Dupont Road, leading to localized flooding and loss of water service for affected residences. Repairs are expected to take most of the day (Tuesday) and other Flint residents may experience low water pressure. When service is restored residents may experience discolored water due to sediment in the system being disturbed. The city issued a statement that, "While water is still safe to use, running the water from the tap for a few minutes should clear the line of any discoloration or odor." http://www.mlive.com/news/flint/index.ssf/2016/02/water_line_breaks_disrupts_ser.html#incart_river_home
- **A lead pipe removal plan** was announced by Flint Mayor Karen Weaver. It provides $55 million to replace residential lead pipes in the city. The initiative will be led by retired Brigadier General Michael McDaniels. http://www.detroitnews.com/story/news/michigan/flint-water-crisis/2016/02/09/flint-mayor-announces-lead-pipe-removal-plan/80052634/
- **Governor's office releases video on coordinated Flint Response** – the video features 2-1-1 and Team Rubicon assisting with home delivery of water resources to Flint residents. https://www.youtube.com/watch?v=PupJw3vztRQ&feature=youtu.be

CORRECTION:

This coming weekend's furlough is for Genesee County, not City of Flint employees: Genesee County employees will be out on furlough from Friday February 12 through Monday February 15, returning to work on Tuesday.

CALL VOLUME:

Jennie Pollak, Central Michigan 2-1-1 Manager is preparing a detailed breakdown of call data for the past month. February 9, 2016 marks one month that the State of Michigan has actively promoted 2-1-1 as a primary contact for the Flint Water Response. During that period 2-1-1 has provided nearly 11,000 referrals to Flint residents – slightly more than 1 in 5 of all service requests processed by 2-1-1 in the past month. Look in tomorrow's update for the full report.

SPECIAL NEEDS/REQUESTS

☑ **The Bureau of Services for Blind Persons** (BSBP) is working to ensure Flint's blind community has access to all information and resources related to the Flint water emergency. Information is available in braille by contacting the bureau. Flint residents who are blind or visually impaired and need further assistance or information should contact Sue Luzenski at the BSBP at Luzenskis@michigan.gov<mailto:Luzenskis@michigan.gov> or 517-335-4265.

☐ **Flint residents seek help understanding water test kits and results.** The types of assistance requested by Flint residents continue to evolve. As water test kits are distributed, 2-1-1 is receiving calls for assistance understanding how to fill out MDEQ's "REQUEST FOR WATER ANALYSIS" form. **Can MDEQ create an annotated version of the form to post at** www.michigan.gov/flintwater **to provide guidance for residents and 2-1-1 agents assisting residents to complete the form correctly?**

- ☐ As water test results are posted online and mailed to residents, 2-1-1 is receiving questions about how to read and interpret results. **Is there a resource at MDEQ, Flint Water Department, and/or DHHS that can answer residents test result questions?**

RUMOR/SCAM CONTROL

- No new rumors to reports
  - 2-1-1 continues to receive calls reporting a variety of rumors -- agents are providing the most accurate and up-to-date information available to answer questions and reassure callers.

UNRESOLVED

- ☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?
- ☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through Good360 or another supplier? UPDATE:** The Michigan 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.
- ☐ **From 2/8/16: Residents are asking for help understanding lead testing results.** Results are beginning to arrive at what will happen next. **Can the SEOC provide guidance on the follow up process for households that have received their test results, particularly if the results indicate high lead levels.**
- ☐ **From 2/8/16: Residents have asked for the water test results link to be prominently featured on the Flint Water Site.** The link for residents to check water results on the www.michigan.gov/flintwater web has changed several times in the past week making it difficult for 2-1-1 staff to direct residents appropriately to locate their test results on the state web site.

Internal JIC Talking Points
Flint Water Emergency Response

NOT FOR RELEASE OUTSIDE JOINT INFORMATION CENTER
-- For use in answering media inquiries –

General

- The health and safety of Flint residents remains a top priority. Until water is declared safe, residents are directed to continue to follow established safety protocols.

- These recommendations include that all homes obtain a water filter and use filtered water for drinking and cooking.

- Until we know the water from the tap is safe, vulnerable populations, including children under six and pregnant or nursing women, should drink bottled water.

- It is essential that all Flint residents have the water in their homes tested as soon as possible. Free water testing kits are available at fire stations 1, 3, 5, 6, and 8. Water samples should be returned to the fire stations for testing. The DEQ lab provides results to the City of Flint within 3 business days. The City of Flint mails results to residents. Results are posted on www.michigan.gov/flintwater.

- Residents are also encouraged to clean the aerators on their faucets to lessen lead sediment. Instructions for how to do this can be found on our website at www.michigan.gov/flintwater.

- For additional information, go to www.michigan.gov/FlintWater. This website includes health fact sheets and information about free resources including bottled water, water filters, replacement cartridges and water test kits.

- Flint residents, both English- or Spanish-speaking, with questions or those who need assistance can call United Way 2-1-1. United Way 2-1-1 is a free information and referral service that is available 24 hours a day, seven days a week.

- Response efforts are being coordinated by the State of Michigan in partnership with the City of Flint, Genesee County, and local community organizations to provide a full set of water resources to the residents of Flint.

Resources and support services

Flint water testing and bottled water pick up sites

- Five water resource sites have been established in Flint fire stations as one-stop locations where residents can pick-up everything they need to ensure their drinking water is safe.

- These sites are open daily from 9 a.m. to 9 p.m. Residents can pick-up free bottled water, water filters, replacement cartridges, and home water testing kits. Citizens who need transportation can call 2-1-1 for assistance.

- Identification is not required to receive any of these resources.

- In order to ensure supply keeps pace with demand, residents are reminded the general guideline is one case of bottled water per household per day.

- Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

- The locations are:

    - Fire Station #1 located at 310 East 5th St. in Flint, MI 48502
    - Fire Station #3 located at 1525 Martin Luther King Ave. in Flint, MI 48503
    - Fire Station #5 located at 3402 Western Rd. in Flint, MI 48506
    - Fire Station #6 located at 716 West Pierson Rd. in Flint, MI 48505
    - Fire Station #8 located at 202 East Atherton Rd. in Flint, MI 48507

- Filters and replacement cartridges are also available at the following locations:

    - Michigan Department of Health and Human Services office
      125 E. Union St.
      Flint, MI 48502

    - Michigan Department of Health and Human Services office
      4809 Clio Road
      Flint, MI 48504

    - Genesee County Community Action Resource Department
      2727 Lippincott
      Flint, MI 48507

    - Genesee County Community Action Resource Department
      601 N. Saginaw
      Flint, MI 48502

- Flint City Hall
  1101 S. Saginaw St.
  Flint, MI 48502

2-1-1

- Anyone having difficulty reaching 2-1-1 can use the alternate toll-free number 1-844-875-9211.
- United Way 2-1-1 is not a disaster distress helpline and does not provide stress counseling.
- Flint residents should not call 2-1-1 about their individual testing results. If you have questions regarding blood level results, talk to your health provider.

Water Response Teams—home water delivery

- Water response teams consisting of volunteers are making deliveries to homes that need the most assistance, for example homes that do not have filters yet, or residents that are homebound.
- The water response teams are handing out bottled water, water filters, replacement cartridges, and water testing kits.
- Members of the water response teams have official credentialed badges with a State of Michigan seal hologram to be easily identified.
- If a resident is not at home when the teams stop by, a flyer with information on *how to receive these free water resources will be left at their residence.*

Filters

- When used properly water filters remove 99% of lead in water.
- Residents are urged to use filtered water for drinking, food preparation, brushing teeth and watering pets. Unfiltered water may be used for bathing and cleaning.
- One filter and one replacement cartridge are being provided per household initially. Each filter is good for approximately 100 gallons of water. The filter has an indicator on it that will turn from green to red when it needs to be replaced.
- The filters have a two to five-year, non-replaceable battery that operates the indicator light.

- The Plumbers and Pipefitters Union has agreed to provide free installation to homebound residents needing assistance.

- There is a detailed video posted on www.michigan.gov/flint that explains how to properly install a water filter cartridge.

- Water filters are also available for small businesses, in addition to Flint residents, at the water resource sites.

- ZeroWater filters and pitchers are not kept at the point of distribution (POD) locations for people to pick up. They are complicated and vary in size for different homes. There is a Rapid Response Team (RRT) that goes to homes and installs them as needed. When a replacement filter is needed, residents can go to a POD (such as a fire station) and request a filter (and pitcher if it's the first time).

Water Testing

- Flint residents can drop-off water samples to the five water resource sites at fire stations. Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

- EPA has set up an email and toll free number for sampling questions, flintwater@epa.gov and 800.426.4791.

Results

- Results are posted on www.michigan.gov/flintwater under "school and residential testing results."

- Citizens who have not received a response on water test results should contact the City of Flint at 810-787-6537 ext. 3501.

Resources for homebound individuals

- Homebound individuals can contact 2-1-1 for assistance. Those contacts are being provided to volunteers who are responding to needs.

- The Plumbers and Pipefitters Union has agreed to provide free water filter installation to homebound residents needing assistance. This is being coordinated through 2-1-1.

Non-English and deaf/hard of hearing individuals:

- There are a few 2-1-1 agents in the state system that are fluent in Spanish and Arabic. When these agents are available calls are routed to them. Otherwise, tele-interpreter services are available 24/7/365. It usually takes under one minute to connect with an interpreter in any of 180 languages.

- TDD/TTY (Telecommunication Device for the Deaf) is available at every center, but very few calls come in this way.

- Email allows direct communication between the deaf/hard of hearing person and the 2-1-1 agent.

- Live chat is available at most of the 2-1-1 partners which allows individuals to communicate directly and privately with a 2-1-1 agent in real-time.

Pets

- Whatever you are doing in your own home for water, you should do for your pets (e.g., filtered, bottled water).

- In the last 5 years, there have been two cases of lead toxiosis in animals reported in Genesee County.

- If you have any concerns about your animal's health, you should work with a licensed veterinarian.

- There are a variety of diseases and issues that could mimic signs/symptoms of a lead-related issue, which is why it's critical to work with your vet to properly diagnose your pet.

- If a licensed vet suspects a possible lead-related issue, they contact MDARD and the department will work with them to have a sample tested. MDARD is covering the sample testing costs coming through veterinary offices.

- Media contacts wanting more information about pet testing or potential impacts can contact Jen Holton at MDARD: 517-284-5724, holtonj@michigan.gov

- Michigan has had very few cases of lead toxicity over the last five years, with most cases being related to cattle. For background purposes, with cattle, it's counted as one farm. Those cases almost always involve lead in batteries or some other contamination in the pasture where cattle graze.

- Under the Animal Industry Act, Public Act 466 of 1988, as amended, reportable diseases/conditions are exempt from disclosure. MDARD does provide

reportable disease/condition case information down to the county level, but cannot provide the specifics of those individual cases.

Paying for water

- Inquiries regarding the payment of water bills should be referred to the City of Flint.
- Per the Mayor, the city put a halt on all shut off notices or disconnections. No shut off notices have been issued since December and the utility billing department has been given no instruction to resume at this time.
- The City is currently reviewing its policy on shut off notices in light of the declared emergency and amended preliminary injunction order issued on January 11, 2016.
- Per DHHS, State Emergency Relief funding is available to qualified households to replace damaged water heaters. This information is available by calling 211.

Bathing

- According to the Michigan Department of Health and Human Services, routine bathing practices can continue. It is recommended bath time be used for bathing only, after which children should be taken out of the bath rather than be allowed to play in the water for extended periods of time.
- If a resident has a rash that they are concerned about, we recommend they contact their primary care doctor.
- Currently, rashes are only reportable to MDHHS when there is a suspected infectious disease such as measles or chickenpox.
- MDHHS is working together with the CDC and Genesee County Health Department to ensure we're monitoring health issues that may be related to water.
- We will be building on our partnership with the local provider community to determine what additional supports and surveillance may be necessary.

For non-Flint residents who want to test their water

- Anyone in Michigan who wants to test their water for lead can call the State Drinking Water Lab at 517-335-8184.
- The lead testing kit costs $18, which includes the sample bottle and instructions shipped to your home as well as the lab test. It does not include the cost of shipping your filled sample bottle back to the lab.
- Depending on the lab workload, results are typically available within 1-2 weeks.
- Your results will include information about the EPA's lead recommendations as well as contact information for your local health department, which can help you interpret your results further, if needed.

Other/general

- Legionnaires disease related inquiries will not be handled by the JIC. Inquiries should be directed to DHHS – Jen Eisler - cell

How to help

Volunteering

- Since early January, over 2,000 volunteers have volunteered their time to assist Flint residents during the water emergency.

- Volunteers are coordinated jointly by the American Red Cross and the United Way of Genesee County.

- Volunteers are still needed to provide assistance with water distribution, warehousing, data entry and assembly of water test kits.

- To learn more or sign up to volunteer, visit www.flintvolunteer.com.

Material Donations

- Material and in-kind donations of cases of water bottles, gallon jugs and larger containers of water can be dropped off at the below locations.

- Donations of 100 cases or less:
  - Catholic Charities Center for Hope, 517 E. Fifth Ave, Flint
    Monday – Friday, 9 a.m. - 4 p.m.
  - Call 810-232-9950, ext.325 to make arrangements for deliveries.

- Donations of 100 cases or more, pallets of water or donations in one semi-truck:
  - Food Bank of Eastern Michigan, 2300 Lapeer Rd., Flint
    Monday - Friday 8 a.m. - 4:30 p.m.
  - Call (810) 239-4441 to schedule a dock time for delivery.

- Donations not on pallets:
  - Pierson Road Warehouse on Monday, Friday and Saturdays between 12 – 6 p.m.
  - Call 517-420-3984 or email flintwarehouse2@michigan.gov to schedule a dock time for delivery.

- For extra-large donations, such as multiple semi-trucks, delivery arrangements can be made by emailing flintdonations@michigan.gov or 517-420-4162. Dave Martus will be handling these calls and emails.

- In-kind donations include labor to install filters and trucks to deliver materials. All in-kind donors should email flintdonations@michigan.gov or 517-420-4162. Dave Martus will be handling these calls and emails.

- If asked, preference is for water donations to be jugs of water (rather than bottles).

Financial Donations

- Visit www.helpforflint.com for options.

- The United Way of Genesee County, Community Foundation of Greater Flint, Hurley Children's Hospital and the Greater Flint Health Coalition have created a fund that will address both the short-term and long-term needs of Flint residents.

- The Community Foundation is managing all financial donations and no administrative fee is assessed. Visit www.flintkids.org or call the United Way at 810-232-8121 or Community Foundation of Greater Flint at 810-767-8270 for more information.

What's being done—Government actions

Presidential Disaster Declaration – FEMA assistance

- On Saturday, January 16, President Obama approved Gov. Snyder's request for a federal emergency in Flint. This action will provide emergency relief in the form of bottled water, water filters, filter replacements and water test kits. The period of assistance is up to 90 days.

- Gov. Rick Snyder on Wednesday, January 20, submitted an appeal to President Barack Obama following the denial of a major disaster declaration, a move that could potentially bring additional and much-needed resources to help the people of Flint.

- In the appeal to President Obama, Gov. Snyder said the severity of the disaster warrants special consideration for all categories under the Individual and Public Assistance Programs, as well as the Hazardous Mitigation Program in order to facilitate recovery.

- The President denied that appeal based on the legal requirement that under the Stafford Act disaster relief is available only for natural events, fires, floods, or explosions.

- On Friday, January 22, President Obama denied Gov. Snyder's appeal for a federal disaster declaration to aid Flint.

- On Wednesday, January 27, the state requested the federal WIC program increase access and availability of WIC benefits to children five to 10 years of age in the Flint area, to help children battle lead exposure through nutrition. On Friday, January 29, the USDA denied the state's request. Gov. Snyder is appealing that decision.

Emergency Declaration – City of Flint

- Gov. Rick Snyder issued a proclamation Thursday, January 28 calling for an extension to the emergency declaration in the City of Flint and Genesee County.

- The Michigan House and Senate approved the request, extending the emergency until Thursday, April 14, 2016.

- This extension coincides with the current Presidential Emergency Declaration.

- Extending this emergency will help us continue providing immediate assistance to the people of Flint while working on long-term solutions to help Flint recover from this tragedy.

Resources Distributed Since January 9

- Since Saturday, January 9, the following resources have been distributed to residents, both at the water resource sites and by water response teams, in addition to donations:
    - *Below figures are as of Feb. 8, 2016*
        - 299,273 cases of water
        - 104,500 water filters
        - 35,756 water testing kits

- Water is being distributed primarily in bottles rather than jugs because donations are largely comprised of bottled water.

- In addition to donated supplies, the State of Michigan has purchased the following resources, since Tuesday, January 5, which will continue to be delivered to Flint over the coming days:
    - *Below figures are as of Feb. 5, 2016*
        - 141,982 cases of water
        - 124,052 filters
        - 62,701 water testing kits

National Guard Mobilization

- The Michigan National Guard has been activated to assist with distribution efforts at the five water resource sites at fire stations in the city.
    - Gov. Snyder issued an Executive Order on Tuesday, January 12, 2016, to activate Michigan National Guard.
    - *Currently they are being used to staff water resource sites to support the* distribution of bottled watered, water filters, replacement cartridges, and water testing kits.
    - National Guard is uniquely prepared and trained to respond quickly in emergency situations.

- First group of National Guard personnel arrived in Flint on Wednesday, January 13, 2016 to conduct assessment and get acclimated (seven personnel).

- Thirty (30) more personnel arrived on Friday, January 15; and that number was expanded to approximately 70 personnel on Monday, January 18, 2016. From Saturday, January 23 through Saturday, January 30, there were 279 MI National Guard Service Members on the ground in support of efforts in Flint (engaging in door-to-door effort). This number included both Army and Air guard assets. As of Sunday, January 31 there are 70 MI National Guard Service Members on the ground in Flint.

- *This is the second time the Gov. Snyder has activated the National Guard.* Last time was for the Duck Lake Fire in Luce County in May 2012.

- Per Michigan Emergency Management Plan, the Michigan State Police Director or designee is responsible for coordinating all state efforts, including the Michigan National Guard.

- Activation of the Michigan National Guard has allowed the American Red Cross, who had been staffing the water resource sites, to join the water distribution teams.

Attorney General Investigation

- On Friday, January 15 the Michigan Attorney General office announced they launched an investigation to determine what, if any, Michigan laws were violated in the process that resulted in lead contamination in Flint.

- On Monday, January 25 Michigan Attorney General Bill Schuette assigned individuals to lead the investigation: attorney Todd Flood (defense attorney and former Wayne County assistant prosecutor) and Andy Area (former Detroit FBI bureau chief).

Supplemental Budget Request

- After reviewing financial requests from the City of Flint, as well as financial requests from the State Emergency Operations Center and the involved state agencies and receiving input from various other organizations in Genesee County, the state budget director has submitted to the Legislature an emergency supplemental budget request on behalf of the governor to address the **immediate** funding needs for the Flint water crisis. We understand further investment will be necessary.

- On Friday, January 29, the Gov. Snyder signed the legislation allocating $28 million for more water resources and expanded health care initiatives, including more school nurses, diagnostic tests and community education through the Genesee County Health Department.

- This supplemental request is not intended to address all of the future financial needs that will be necessary to aid the city and the people of Flint. This supplemental request addresses the immediate funding needs and requests, including the cost of bottled water, filters and testing kits.

- All state resources are being brought to bear to protect public health and safety. In addition, the Gov. Snyder requested federal aid through FEMA and through direct request to the President – to date $5 million in federal aid has been approved for Flint.

- This supplemental request includes funding for immediate needs and is not intended to include funding for some of the longer-term needs such as special education, long-term health monitoring of children, and potential replacement of the water infrastructure and service lines. The longer-term needs will be addressed through the traditional budget development process and the governor will release his fiscal year 2017 budget recommendation on Wednesday, February 10.

Gov. Snyder and DEQ Announce 5-Part Plan to Determine Water Safety

- On Sunday, January 31, the DEQ embarked on a 5-point strategy to establish a baseline of data to determine when the water is safe to drink. The strategy includes:

    - Residential water testing: at-home water testing done by residents is key in guiding experts to areas of concern. To date, of 4,924 total residential water samples, tests show 93.7 percent of homes are below the actionable level of 15 parts per billion (ppb) for lead.

    - School testing: DEQ in collaboration with the Michigan Department of Licensing and Regulatory Affairs (LARA) has tested all 13 public schools in the city and continues to test non-public schools, children's centers and senior centers. The state will retest the public schools once it has completed replacing water fixtures.

    - Food service/restaurant provider testing: DEQ is working in collaboration with the Michigan Department of Agriculture and Rural Development (MDARD) to test establishments and ensure they are using water filters, flushing water systems properly, and using the correct food and water standards.

- Blood level testing: DEQ is working in conjunction with the Michigan Department of Health and Human Services (MDHHS) to ensure residents with high blood lead levels have their water tested for lead. Homes with high water lead levels are provided additional services by MDHHS and the Genesee County Health Department to ensure residents' exposure to lead is minimized.

- Flint water distribution system testing: DEQ and the City of Flint are working to monitor and test the quality of the water as it travels throughout the city's water distribution system. Additionally, sentinel sites are being established to set a baseline for data collection.

Testing of Bottled Water for Lead

In January, concerns have been raised about the possibility of lead being in the water being provided to Flint residents. This concern was raised due to measurements some residents obtained with a Total Dissolved Solids (TDS) meter provided with ZeroWater brand water filters.

- TDS is a measurement of all minerals and other common chemicals present in the water. The TDS meter is not sensitive enough to measure lead in the water and was included to help users determine when it is time to replace the filter.

- Although the TDS meter does not measure lead, the concern raised an excellent point that the bottled water being distributed should be tested for lead. Therefore, the MDEQ has analyzed a sample from each of the 21 brands of bottled water that are in inventory for both lead and copper. Results show all 21 brands of bottled had results of "Not Detected." With respect to lead, that means that all brands were less than 1 part per billion and for copper all 21 brands were less than 50 parts per billion.

- Although bottled water is regulated and must meet safety criteria, it was an excellent suggestion by the residents of Flint that we verify that the bottled water being distributed is safe and for that. We appreciate the suggestion.

Federal Funds – How They Can Be Used

- In an interview on Thursday, January 28, Lt. Gov. Brian Calley said that only $17 million of the $80 million in federal loans made available to Michigan can be allocated towards the recovery effort in Flint.

- This clarified a misunderstanding that the entire $80 million in federal loans could be allocated to aid in water infrastructure improvements for Flint.

- Read the Detroit Free Press story here: http://www.freep.com/story/news/local/michigan/flint-water-crisis/2016/01/28/only-17m-federal-loans-flint-says-lt-gov/79454204/

Seeking Healthcare Services for Flint Residents under age 21

- Gov. Snyder sent a request to U.S. Department of Health and Human Services to provide Flint residents under age 21 with additional healthcare services to address potential problems brought on from exposure to lead.

- The Governor requested to expand Medicaid eligibility for all residents in the impacted areas up to age 21, regardless of income level. The request is also for Medicaid coverage for people already enrolled in other forms of insurance to ensure comprehensive benefits are available to children who may have come into contact with lead in the water. The White House and federal Department of Health and Human Services did not have an immediate response.

Jobs and Talent & Economic Development Assistance

- The Department of Talent & Economic Development (TED) is engaged with Gov. Snyder's efforts to address the situation in Flint.

- Agency directors and staff have been on the ground in Flint assisting with water distribution efforts and talking with city officials on ability to assist with the needs in the community to provide safe, clean drinking water.

- Michigan State Housing Development Authority (MSHDA) Executive Director Elsenheimer and the MSHDA team have been on the ground ensuring all MSHDA housing has appropriate filters and water resources.

- Michigan Economic Development Corporation / Michigan Strategic Fund is currently focused and in discussions with local officials on how the state can assist in the immediate infrastructure needs of the City of Flint.

- Michigan Talent Investment Agency is eager to be a full partner in enhancing the economy of the community and the self-sufficiency of its families through numerous programs and initiatives, including the Community Ventures Program that assists Flint residents in finding good paying jobs.

- Through Travel Michigan, TED is continuing to promote the cultural, historical and natural assets of the area, and working collaboratively with the community to

showcase the positive stories coming out of Flint.

- In addition to these efforts, the TED team is exploring any and all other options for TED to assist the residents of Flint both on addressing their immediate water issues, as well as long term economic and community development needs.

- On Monday, February 8, Gov. Snyder announced a new partnership between the State of Michigan and Flint human service groups. The partnership with Orchards Children's Services and Flint YMCA's Safe Places Program will help hire and train 50 residents in February to fill jobs on teams helping conduct water tests across Flint.

Michigan School for the Deaf

- *For specific questions regarding actions taken to address lead levels at **any** schools (including Michigan School for the Deaf), ask that they contact the Michigan Department of Education (MDE).*

- When the Michigan School for the Deaf (MSD) initially heard of the water lead issue in September, school officials conducted their own testing which came back with clear results.

- Administrators closed down fountains in the building and have been purchasing 35-gallon water dispensers (150 gallons/week) from Culligan.

- Water filters have been placed on cafeteria drinking fountains and kitchen sinks for use in cooking/food prep.

- The school was notified by the local Health Department (Wednesday, January 20) about free testing for students for lead poisoning.

- The school has a staffed health center and MDE has approved the health center to work with the health department to set up a testing schedule and follow testing protocols outlined by the health department.

- Active consent is required for blood testing, so the school is working with the health department to notify parents and obtain consent.

- On the evening of Tuesday, January 12, MSD was notified by the dormitory landlord that they had a lead level reading of 28 parts per billion on some water outlets. The DEQ recommends school facilities take action if samples from any drinking water outlets show lead levels greater than 15 parts per billion.

    - Current actions being taken by MSD:

- Informing parents of the situation.

- Expediting replacement of 62-65 faucets in the dorm beginning Friday, January 22, 2016 and to have all replaced by the end of that weekend.
- The landlord and school officials are looking at replacing shower heads and/or installing in-line filters on showers.

- Approximately 75 students board at MSD, ranging in age from four to 26. There are 167 students attending the school.

History, background timeline

Chronology

- October 1, 2015: Public Health Emergency Declaration issued

- December 14, 2015: State of Emergency declared by City of Flint.

- January 4, 2016: Genesee County Board of Commissioners declared a local emergency
    - In a separate document, Genesee County requested a Governor's Declaration of Emergency with the local declaration.

- January 5, 2015: Governor declared State of Emergency
    - State Emergency Operations Center activated in Lansing to coordinate state response
    - Joint Information Center (JIC) activated on January 6, 2016 in Lansing; moved to Flint on January 11, 2016

- January 9, 2016: Water resource sites established at fire stations. 9 a.m. to 4 p.m. on January 9, 2016 but 9 a.m. – 9 p.m. starting January 10, 2016.

- January 12, 2016: Water resource teams began going door-to-door (4 teams)

- January 12, 2016: Governor Snyder issued an Executive Order activating the Michigan National Guard

- January 14, 2016: Governor requested Presidential declaration of emergency and expedited major disaster for Genesee County

- January 16, 2016: President Obama approved the Governor's request for a federal emergency in Flint.
    - Denied request for major disaster
- January 20, 2016: Governor Snyder submitted an appeal to President Barack Obama following the denial of a major disaster declaration.

- January 22, 2016: President Obama denied Governor Snyder's appeal for a federal disaster declaration to aid Flint.

- January 28, 2016: Gov. Rick Snyder today issued a proclamation calling for an extension to the emergency declaration in the city of Flint and Genesee County until April 14, 2016.

- February 5, 2016: The Small Business Administration approved Gov. Rick Snyder's request for low-interest disaster loans for businesses in Genesee

County and the city of Flint. Business owners seeking these loans must apply by Nov. 7, 2016.

Other/Misc.

- The state recognizes that offering recycling options for empty water bottles is a priority. Measures will be put in place soon to provide for recycling opportunities.

- Per the Michigan Department of Education, the state is not involved in the water provided to the Flint Schools. Any questions related to this topic should be referred to Flint Schools.

- Governor has asked the Receivership Transition Advisory Board to transfer the powers and authority currently vested in the city administrator to the mayor. Any inquiries related to this should be referred to the Governor's office.

- Population of Flint, as of 2014, was 99,000. Number of occupied households is 39,125, according to the state demographer. (Households with families, 22,809; non family head of household 16,316).

- For calls received from constituents offering lead removal solutions, take down their information and let them know it will be forwarded to the appropriate person. If there is interest in their services, they will be contacted directly. Their contact information should be forwarded to the MSP-SEOCPIO.

- Inquiries about providing vendor services should email DTMBECC@michigan.gov.

MEDIA at the SEOC

- If the media shows up at the new SEOC and requests or is expecting a tour of the facility, the reporter/photographer should be told that we ARE NOT conducting tours at this time, for two reasons: the SEOC remains under construction and it is an extremely busy time at the SEOC.

- PIOs in the SEOC are to talk with the media and let them know no tours are being offered and advise that they should contact EMHSD sometime in mid-February for the possibility of a tour.

Headlines

$30M Flint water proposal not enough, shutoffs could resume
Flint's city administrator said a recent $30 million proposal from state lawmakers isn't enough to counteract the impact the water crisis is having on city finances and could force officials to begin water shutoffs once again.

Flint water crisis continues to worry parents, lead testing continues
As 5-year-old Gabriella Venegas looked down at her hand, she quickly looked away. Tears in her eyes, she couldn't stand the sight or idea of a needle pricking her finger.

Utility: Flint's lead lines could be replaced in a year
Lansing's public utility estimates that 32 crews working regular full-time hours could replace Flint's 15,000 water service lines containing toxic lead metal within a year, city officials said Monday.

Flint water: KWA chief helped FBI in corruption case
The Flint drinking water crisis and the Detroit City Hall corruption case are two of the biggest Michigan scandals of the last 10 years.

Flint e-mails: CDC voiced concerns over Legionnaires actions
More than eight months before Gov. Rick Snyder disclosed a deadly Legionnaires' disease outbreak in the Flint area, federal health officials worried a lack of cooperation in Michigan could be hampering the public health response.

State board of canvassers approves petition to recall Snyder
The State Board of Canvassers has approved a petition to recall Gov. Rick Snyder, but denied the majority of proposals related to Flint's lead-tainted water crisis.

Gov. Snyder talks one on one with ABC 12 News
Governor Snyder talks one on one with ABC 12 News. He's answering questions about the future of Flint and when people will start to see lead pipes getting replaced.

Family of lead-poisoned Flint girl, 2, files suit
Flint resident Luke Waid had a gut feeling something was wrong when his 2-year-old daughter recently went from being a bubbly, energetic child to anxious and constantly irritable.

Frustrations over water crisis mount at Flint City Council meeting
"I'm angry. I work every day. I've been working since I was 15. This is my hometown and my memories of my own hometown are ruined," shouted Alexis Daniels during the public comment portion of the Flint City Council meeting.

Lead in tap water is a risk in other cities, too
While the crisis in Flint draws attention to disastrous consequences of failing to properly maintain a public water system, Chicago highlights a broader problem facing scores of U.S. cities that spent more than a century installing lead pipes to deliver drinking water.

CDC feared agencies hindered Legionnaires help in Flint
More than eight months before Gov. Rick Snyder disclosed a deadly Legionnaires' disease outbreak in the Flint area, federal health officials worried a lack of cooperation in Michigan could be hampering the public health response.

$30M Flint water proposal not enough, shutoffs could resume
Flint's city administrator said a recent $30 million proposal from state lawmakers isn't enough to counteract the impact the water crisis is having on city finances and could force officials to begin water shutoffs once again.

What the Science Says About Long-Term Damage From Lead
Many eyes are now focused on Flint, Mich., where government failures have resulted in elevated lead levels in the city's drinking water. But the effects on Flint's residents, particularly its children, may not show up until long after the cameras have left town.

Phil Power: Second thoughts on the Flint water debacle
The story of poisoned water in Flint has grown and metastasized until it threatens to suck all the oxygen out of the room.

The national news media have fluttered in. Even the New York Times, noted for its dismissive nose-in-the-air attitude toward the provincials in Michigan and its habit of running urban ruin porn stories about Detroit, has taken notice. Last week's editorial

mixed assigning the blame to Gov. Rick Snyder and airily instructing we locals about how to resolve the problem. I'm told you can't walk around Flint these days without running into out-of-state TV notables, reporters and political pundits.

Editorial: Test for lead in area schools
How safe is the water we're drinking? It's a question all of us should be asking.

The Flint water crisis has raised awareness about an issue so many take for granted: Clean and safe drinking water is not a guarantee.

Flint water crisis exposes threat to Michigan's comeback
The Flint water crisis is like a fusion bomb of neglect, indifference and bad public policy that — when drawn together — exploded in disaster, revealing the true condition of our state, and the corrosive approach of state leadership.

Gov. sits down with NBC 25's Drew Moore (WEYI-TV)

Governor talks with ABC 12's Jessica Dupnack (WJRT-TV)

Snyder: State will hire 50 Flint residents to help with water testing (AP)
Gov. Rick Snyder says the state is working with two Flint organizations to hire 50 residents who will help test the city's water for lead contamination.

Flint residents to be hired for water testing (Detroit News)
Fifty Flint residents will be hired for supplemental state water testing teams working in the city, Gov. Rick Snyder announced Monday.

State: Flint residents will be hired to help test water (WXMI)
Michigan Gov. Rick Snyder says the state is working with two Flint organizations to hire 50 residents who will help test the water in the city that's been plagued with lead contamination

Flint residents being hired to perform water testing in city (Mlive)
Fifty residents will receive training to assist the state in water testing taking place across Flint. The state has partnered with Orchards Children's Services and Flint YMCA's Safe Places Program to train the residents on the job.

50 Flint residents to be hired to test local water (WLNS)
A new partnership between the state of Michigan and Flint human service groups will result in fifty Flint residents being hired to help test water. The partnership was announced today by Gov. Rick Snyder. Snyder says in a release that water testing teams need more people to get the job done, and "no one is better suited to help the city bounce back."

Flint residents will be hired to help with water testing (WDIV)
Flint residents will be hired to assist with water testing under a new partnership between the state and human service groups, Gov. Rick Snyder announced Monday. The

partnership with Orchards Children's Services and Flint YMCA's Safe Places Program will help hire and train 50 residents this month to fill jobs on teams helping conduct water tests across the city.

Overlooked during water crisis, Flint's Latino community paid visit by Michigan governor (Latino Fox News)
Michigan Gov. Rick Snyder visited a predominately Latino Catholic Church in Flint late last week to reach out to a community that has felt overlooked and isolated during the ongoing water crisis in the Midwestern city.

$30M Flint water proposal not enough, shutoffs could resume (Mlive)
Flint's city administrator said a recent $30 million proposal from state lawmakers isn't enough to counteract the impact the water crisis is having on city finances and could force officials to begin water shutoffs once again.

Utility: Flint's lead lines could be replaced in a year (Detroit News)
Lansing's public utility estimates that 32 crews working regular full-time hours could replace Flint's 15,000 water service lines containing toxic lead metal within a year, city officials said Monday.

Flint e-mails: CDC voiced concerns over Legionnaires actions (Freep)
More than eight months before Gov. Rick Snyder disclosed a deadly Legionnaires' disease outbreak in the Flint area, federal health officials worried a lack of cooperation in Michigan could be hampering the public health response.

Lead contamination of Flint water draws multiple lawsuits (WDTN)
Residents of Flint have filed lawsuits against almost anyone who may have had a role in supplying the city with water that contained dangerous amounts of lead.

Amid Flint water crisis, lawsuits piling up (CBS)
One lawsuit seeks to replace lead-leaching water lines at no cost to customers. Another seeks money for thousands of Flint residents who unwittingly drank toxic water. A third complaint has been filed on behalf of people with Legionnaires' disease.

Lead contamination of Flint water draws multiple lawsuits (WLNS)
Residents of Flint have filed lawsuits against almost anyone who may have had a role in supplying the city with water that contained dangerous amounts of lead.

Flint water: KWA chief helped FBI in corruption case (Freep)
The Flint drinking water crisis and the Detroit City Hall corruption case are two of the biggest Michigan scandals of the last 10 years. Linking them is political consultant Sam Riddle, a Flint native and felon.

Flint water crisis continues to worry parents, lead testing continues (Mlive)
As 5-year-old Gabriella Venegas looked down at her hand, she quickly looked away. Tears in her eyes, she couldn't stand the sight or idea of a needle pricking her finger. Her mother — Flint resident Sarah Truesdail — held Gabriella closely Monday, Feb. 8,

and moments later through a bout of kicking and screaming, there was no pain and she became calm.

Column How scientists failed the public in the Flint water crisis (LA Times)
The Flint, Mich., water crisis, in which thousands of children were exposed to elevated lead levels after a supposedly money-saving decision to start using the corrosive Flint River as the city's water supply, is more than a massive failure of politics and regulation. It's also a failure of science and scientists.

Lessenberry: In order to move on, we need to know exactly what happened with Flint (Michigan Radio)

It hasn't been very easy to defend Governor Rick Snyder lately, but I think he did absolutely the right thing in refusing to testify before a committee of congressional Democrats about the scandal involving the lead poisoning of the water in Flint.

200 Flint Kids Have Elevated Blood-Lead Levels
Officials have identified at least 200 children in Flint who have elevated blood-lead levels.
Governor Rick Snyder "disclosed the figure during a tele-town hall event with nearly 8,000 listeners. He says the state is working to ensure all kids are tested," ABC News reported.

U.S. Small Business Administration

U. S. SMALL BUSINESS ADMINISTRATION
FACT SHEET – ECONOMIC INJURY DISASTER LOANS

MICHIGAN Declaration 14620
(Disaster: MI-00054)
Incident: CONTAMINATED PUBLIC WATER SUPPLY

occurring: ***October 1, 2015 & continuing***

in ***Genesee County, Michigan;*** *and the contiguous* ***Michigan*** *counties of:* ***Lapeer, Livingston, Oakland, Saginaw, Shiawassee and Tuscola***

Application Filing Deadline: November 7, 2016

Disaster Loan Assistance Available:

Economic Injury Disaster Loans (EIDLs) – Working capital loans to help small businesses, small agricultural cooperatives, small businesses engaged in aquaculture, and most private, non-profit organizations of all sizes meet their ordinary and necessary financial obligations that cannot be met as a direct result of the disaster. These loans are intended to assist through the disaster recovery period.

Credit Requirements:

- Credit History – Applicants must have a credit history acceptable to SBA.
- Repayment – Applicants must show the ability to repay the loan.
- Collateral – Collateral is required for all EIDL loans over $25,000. SBA takes real estate as collateral when it is available. SBA will not decline a loan for lack of collateral, but SBA will require the borrower to pledge collateral that is available.

Interest Rates:

The interest rate is determined by formulas set by law and is fixed for the life of the loan. The maximum interest rate for this program is 4 percent.

Loan Terms:

The law authorizes loan terms up to a maximum of 30 years. SBA will determine an appropriate installment payment based on the financial condition of each borrower, which in turn will determine the loan term.

Loan Amount Limit:

The law limits EIDLs to $2,000,000 for alleviating economic injury caused by the disaster. The actual amount of each loan is limited to the economic injury determined by SBA, less business interruption insurance and other recoveries up to the administrative lending limit. SBA also considers potential contributions that are available from the business and/or its owner(s) or affiliates. If a business is a major source of employment, SBA has the authority to waive the $2,000,000 statutory limit.

Loan Eligibility Restrictions:

Noncompliance – Applicants who have not complied with the terms of previous SBA loans may not be eligible. This includes borrowers who did not maintain required flood insurance and/or hazard insurance on previous SBA loans.

Note: Loan applicants should check with agencies / organizations administering any grant or other assistance program under this declaration to determine how an approval of SBA disaster loan might affect their eligibility.

Refinancing:

Economic injury disaster loans cannot be used to refinance long term debts.

Insurance Requirements:

To protect each borrower and the Agency, SBA may require you to obtain and maintain appropriate insurance. By law, borrowers whose damaged or collateral property is located in a special flood hazard area must purchase and maintain flood insurance. SBA requires that flood insurance coverage be the lesser of 1) the total of the disaster loan, 2) the insurable value of the property, or 3) the maximum insurance available.

For more information, contact SBA's Disaster Assistance Customer Service Center by calling (800) 659-2955, emailing *disastercustomerservice@sba.gov*, or visiting SBA's Web site at *http://www.sba.gov/disaster*. Hearing impaired individuals may call (800) 877-8339. Applicants may also apply online using the Electronic Loan Application (ELA) via SBA's secure Web site at *https://disasterloan.sba.gov/ela*.

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	02/09/2016 08:00:00
Operational Period End:	02/16/2016 08:00:00
Situation Report No.	35
SEOC Status:	Full
SEOC Hours of Operation Begin:	02/09/2016 08:00:00
SEOC Hours of Operation End:	02/09/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (February 9, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Working with local EOC and found a suitable space for SBA.
- Attended long term recovery meeting.
- Coordinated security needs at Warehouse 2 with local EOC.

JIC:
- Issued a news release about the role of the American Red Cross and United Way in coordinating volunteers.
- Issued a news release about the state's outreach to blind residents to help ensure access to information and resources.
- Shared the updated resource guides for water donations and recycling with 211.
- Held a 2:30 p.m. legislative and congressional conference call involving updates from key state agencies to talk about ongoing operations and activities.

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings, and Tactics Meeting.
- Completed the Apartment list, finalizing all apartments receiving Flint City Water.
- Team Priority Visited Today: Active Water Subscribers without filters marked vacant.
- Team Priority Scheduled Tomorrow: Active Water Subscribers without filters marked vacant.
- 10 American Red Cross Teams scheduled for Wednesday, February 10.
- Data is for 2/9/16 as of 5:00 pm:

o Total homes visited:
- 18,529 (round 3 total).
- 440 (today).

o Water cases (liters calculated by multiplying # of cases x 12):
- 129,012 liters or 10,751 cases (round 3 total).
- 2,676 liters or 223 cases (today).

o Replacement cartridges:
- 3,950 (round 3 total).
- 165 (today).

o Faucet filters:
- 7,283 (round 3 total).
- 57 (today).

Planning Section:
- Published Sit Rep #35.
- Worked with Governor's rep to redevelop Governor's data sheet.
- Updated commodities daily totals.
- Participated in daily meetings, local EOC, state agency briefing, and distribution process meeting.

Operations Section:
- Planning section revising the statistics for an accurate reflection of parcels visited, confirmed, volunteered for testing.
- Long Term Recovery Planning.
- Ensuring State agencies to stay connected with Emergency Coordination Centers.
- Ensuring State workers in the local EOC know their role.
- Participated in Local agency briefing.
- Participated in State Agency Conference call.
- Participated in Distribution Process meeting.

• SEOC State Agency Briefing
• Warehouse Numbers as of 1600:
□ Water (liters):
• 652,382 liters or 54,365 cases.
□ Filters (faucet):
• 49,148.
□ Replacement cartridges:
• 378,410.
□ Test Kits (prepped):
• 18,642.
• PODs (1700 2/7 – 1600 2/9):
□ Water (cases):
• 48,984 liters or 4,082 cases.
□ Filters (faucet):
• 123.
□ Replacement Cartridges:
• 293.
□ Test kits:
• 114.

Finance Section:
• Continued to research organizations accepting monetary donations for City of Flint Water emergency and how the funds are utilized
• Continued to develop spreadsheet to track lodging being billed directly to EMHSD for state agency approval of individuals being billed and for accuracy in payment.
• Update weekly financial status reports as data becomes available from state agencies.
GIS Branch Updates:
• Updated Water Test Results.
• Provided food establishment spreadsheet to MDARD.
• Provided filter status vs. contacts made spreadsheets to recovery.
• Coordinated with DNR regarding Sentinel App.
• Provided Filter Status vs. Water Testing Map for SEOC Command.
• Began work on low income map for SEOC Command.
• Published final layers for Team Activity and POD Activity to ArcGIS Online for V1 through V3 Data.

DTMB:
• Continued to provide DTMB management with daily updates and resource requests received.
Contacted DTMB Risk Management regarding injuries at warehouses.
Coordinating equipment delivery for Pierson Road warehouse.

DHHS-CH:
• Discussed concerns from LEOC regarding MDHHS staff accompanying DEQ on home visits. The CHECC contacted the LEOC and confirmed that MDHHS will send one staff member per day (more are available if requested) to serve on the DEQ "Initial Assessment Teams," visiting homes with high levels of lead and/or copper. A pool of MDHHS staff were trained today for this purpose.
• Provided CHECC leadership with information regarding USDA VIP visit from the Food, Nutrition and Consumer Services Deputy, under Secretary Dr. Katie Wilson, who will be visiting Flint tomorrow, to include a stop at a local WIC clinic.
• Confirmed with DEQ that the DEQ laboratory will be open, operational, and able to process Coliform lab analysis from the EPA from Friday through Monday, since the GCHD laboratory will be closed for a furlough, the weekend, and the holiday.

DEQ:
• Continued coordination of Sentinel Sampling Team resources with partner agencies, to begin data collection tomorrow.
• Worked with DEQ lab to assure they are prepared, if necessary, to receive water samples for bacteria testing due to water main break.
• Updated tracking sheet of requested data by Congressional Committee of Energy and Commerce.
• Reviewed upcoming deadlines from EPA Order tracking spreadsheet.
• Coordinated putting together sentinel site teams.

State Voluntary Agency Liaison (VAL):
• Met with FEMA, county and city to develop distribution transition plan.

Unified Coordination Group (UCG):
• Approved IAP #8.
• EPA: Most residents not using their water for anything other than bathing. Also, not running the water. This is an issue for chlorine and phosphate. Concerns for summer, chlorine can cause increased bacteria.
• MDEQ: Visited every home adjacent to high lead lines.
Visited all homes higher than 15 ppb.
• HMTF: Working with GCHD to have a clear idea of what has been completed and what additional needs to exist.
• HMTF: Working on redirecting 211 calls from the state to the county so they can sustain long term.

Local EOC:
• Incident Command, Liaison Officer and Logistics Section Chief in Lansing for long-term distribution planning discussions with representatives from City of Flint and SEOC.
• Determined team-make up and staffing for Sentinel Site Monitoring Teams in coordination with SEOC, UCG and MDEQ ECC.
• Finalizing plans for deployment of Sentinel Site Monitoring Teams starting 02/10/2016.
• Updating IAP to include current work assignments.
• Elevated Copper Initial Assessment Task Force visited 11 addresses with elevated copper and Lead-water levels.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

12. Develop and implement a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.

8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

Damage Assessment Summary

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 9. The JIC was operational until 9 p.m. on Feb. 8.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Agriculture and Rural Development, Environmental Quality, Health and Human Services, and Natural Resources. The Genesee County Sheriff's Office was also present.

Tasks accomplished:
- Media hotline staff answered less than 10 emails and phone calls, ranging from inquiries about state costs incurred due to the Flint water emergency to testing dogs for lead toxicity. Media inquiries have continued to decline.
- Created a morning and afternoon media monitoring report.
- Created a Daily JIC Activities email to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Issued a news release about the role of the American Red Cross and United Way in coordinating volunteers.
- Issue a news release about the state's outreach to blind residents to help ensure access to information and resources.
- Shared the updated resource guides for water donations and recycling with 211.
- Continued updating and revising internal and general talking points to better reflect ongoing information.
- Continued routing public information materials for approval, including a newsletter article from the Michigan Department of Corrections and a Lead Toxicity fact sheet from MDARD.
- Continued discussions on drafting a news release to announce high-lead and copper teams that are beginning operations this week.
- Continued to post information on the www.michigan.gov/flintwater website, especially facts sheets and fliers in Spanish, Arabic, Mandarin Chinese and other languages.
- Held a 2:30 p.m. legislative and congressional conference call involving updates from key state agencies to talk about ongoing operations and activities.
- Revised staffing needs for next two-week period to reduce number of PIOs needed. Working to have staffing for February 16 – 26 by Thursday.

Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/9/16 included:
- 2 food establishment assessments conducted (both follow-up) and 2 in use water samples collected
- 5 water sample requests/appointments were scheduled

NOTE: There was a break in the water main at the Flint Water plant, so staff were unable to collect the majority of planned water samples today.

As of 2/8/16, MDARD has completed a total of 331 food establishment assessments (263 initial/68 follow-up). 231 establishments are verified to be in compliance (70%). All high and medium risk firms have had an initial assessment. 196 water samples have been collected and 137 are currently scheduled. Data is now being auto-calculated, resulting in reduction in total assessments reported on 2/5/16, but is now a more accurate count of total assessments.

The food establishment list with assessment, sampling and test results has been combined and mapping activities are underway.

MDARD has a conference call on February 10th at 8:30 am with stakeholder groups, including MSU, MDHHS and Genesee County to provide an update on current lead testing plans for dogs and to explore funding options and other assistance to provide additional testing.

The keep your pet safe from lead poster was posted on the FlintWater website (attached). A veterinarian guidance document was finalized today and will be posted as soon as possible.

American Red Cross (ARC)

The American Red Cross deployed 10 Water Response Teams on Tuesday, 2/9/16, to attempt contact at those residences where *no one had yet answered the door.*

The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm. The VRC will be operating from 9-5 again on Wednesday.

Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Reviewed foreign languages documentation.

Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.

Discussed concerns from LEOC regarding MDHHS staff accompanying DEQ on home visits. The CHECC contacted the LEOC and confirmed that MDHHS will send one staff member per day (more are available if requested) to serve on the DEQ "Initial Assessment Teams," visiting homes with high levels of lead and/or copper. A pool of MDHHS staff were trained today for this purpose.

Provided CHECC leadership with information regarding USDA VIP visit from the Food, Nutrition and Consumer Services Deputy

Under Secretary Dr. Katie Wilson, who will be visiting Flint tomorrow, to include a stop at a local WIC clinic.

MDHHS held a conference call with the Michigan Pharmacist Association and other community pharmacy members to discuss the potential role of pharmacies in the Flint response efforts. Options will be explored in regards to blood lead testing, communications, and nutritional counseling.

Confirmed with DEQ that the DEQ laboratory will be open, operational, and able to process Coliform lab analysis from the EPA from Friday through Monday, since the GCHD laboratory will be closed for a furlough, the weekend, and the holiday.

Corrections (MDOC)

MDOC continued operations at both warehouses with warehouse 2 opening as scheduled. All PODs were well supplied during the entire operational period.

MDOC continues to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

MDOC had 14 employees on the ground in Flint today.

In an effort to reduce overtime costs we are working on completing a critical staff review. All dedicated resources will be reviewed to determine if it is feasible to reduce staffing in lieu of volunteers wherever possible.

We are working with Finance and MDOC assets to capture total employee payroll information and expenditures.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

Continued coordination of Sentinel Sampling Team resources with partner agencies, to begin data collection tomorrow

Worked with DEQ lab to assure they are prepared, if necessary, to receive water samples for bacteria testing due to water main break.

Updated tracking sheet of requested data by Congressional Committee of Energy and Commerce.

Reviewed upcoming deadlines from EPA Order tracking spreadsheet.

Coordinated putting together sentinel site teams .

Briefed updated Incident Objectives to reflect activities for the upcoming week.

Human Services (MDHS)

Looking into filtration system for a child care institute, possibly through donation.

Donation details being entering into MI CIMS.

211 reporting that the number of calls related to Flint was down to 10.5% for Feb 1 - Feb 7.

Daily update conference call with MDHHS Budget & Field Operations.

Licensing and Regulatory Affairs (LARA)

Participated in briefings and updated the LARA Executive Team
LARA completed mapping at the International Academy of Flint and created a materials list.
LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
Translation services for various documents continue to be provided as needed.
Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

Military and Veterans Affairs (DMVA)

Commanders Situation Report (SITREP)

1. DTG: 0913002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell: mail: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 65 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has 65 Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. POD 5 has two generator lighting units from MDOT. All PODs now have sufficient lighting.

1. Fuel cans and the utilization of station 5 fuel pump is being requested through city of Flint liaison.

b. 4 Detroit Piston players will be purchasing food and visiting the POD Soldiers in appreciation of their assistance to Flint.

b. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke, will be seeking approval from CPT Bowles and Dana and/or Kim at the purchasing office for laminating.

8. PERSONNEL: 65 Soldiers are currently assigned to the POD operations.58 Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: Water main at Dort highway near I475 has broke causing massive flooding. Water has been shutoff in respected areas therefore increasing water request at POD locations.

10. LOGISTICS: In support of TF Flint

a. The order for a pallet of rock salt from the state purchasing office should arrive at warehouse COB 09Feb2016.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
• An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
• OUT (last 24 hours)
Bottled water-6422 Water (Gallons)1160 Lead Testing Kits-250
Pitcher (23 cup)-0 Brita Faucet Filter-134 Brita Replacement Cartridge-190
Pur Filter-52 Pur Replacement Filter-255

National Weather Service (NWS)

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

Natural Resources (MDNR)

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

State Police (MSP)

DEQ contacted MSP reference providing telephone numbers for approx. 400 residences in Flint for Sentinel site sampling efforts.
DEQ was advised MSP is unable to provide information.
****Valencia Jones - SEOC OPS Public Safety MSP - jonesv4@michigan.gov at 14:58:30 on 2/8/2016****

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

Technology, Management and Budget (MDTMB)

Continue to provide DTMB management with daily updates and resource requests received.

Contacted DTMB Risk Management regarding injuries at warehouses.
Coordinating equipment delivery for Pierson Road warehouse.

Transportation (MDOT)

Providing staff to Pierson Rd. warehouse.

Providing 2 portable light tower generators to Fire Station #5 on Western Rd.

Providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 (3' x 5') standard signs (2 each site)
-100 grabber traffic cones (narrow reflective cones) (50 each site).

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

SEOC Hours of Operation Begin:	02/09/2016 08:00:00
SEOC Hours of Operation End:	02/09/2016 20:00:00

Executive Summary

On January 6, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County. Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply, and the detection of elevated blood lead levels exceeding governmental standards. These conditions exist in the City of Flint, which declared a local State of Emergency and activated local response plans and their Emergency Operations Center on December 15, 2015. A public health emergency was declared by the Genesee County Health Department on October 1, 2015.

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to the Flint River as their primary water source. The corrosive river water caused the leaching of lead from lead pipes into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Elevated blood lead levels were observed in a significant sampling of young children in the City of Flint, and confirmed by the State Chief Medical Officer.

To mitigate the negative effects of corrosive river water on the water infrastructure in the City of Flint, the city switched back to DSWD as their primary water source on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone. MDHHS has increased surveillance of blood lead levels in children, addresses water issues in environmental investigations facilitated to identify lead sources in the environment of affected children, and provide health education and information to residents, health care providers and daycare/educational institutions. Local nonprofit organizations have provided potable water to Flint residents. MSP/EMHSD GIS staff is supporting county and local GIS staff, consolidate data from local sources into comprehensive databases, and providing mapping services that support incident analysis and forecasting. Data and maps will be made available regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, predictive blood lead levels for affected areas, demographics, etc.

Before December 16, 2015, $9.35 million were provided by the State of Michigan, and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While drops in lead levels have been observed since reconnecting to the DWSD system, water in the City of Flint is still not safe to drink, unless specifically filtered.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.

9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 9. The JIC was operational until 9 p.m. on Feb. 8.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Agriculture and Rural Development, Environmental Quality, Health and Human Services, and Natural Resources. The Genesee County Sheriff's Office was also present.

Tasks accomplished:
- Media hotline staff answered less than 10 emails and phone calls, ranging from inquiries about state costs incurred due to the Flint water emergency to testing dogs for lead toxicity. Media inquiries have continued to decline.
- Created a morning and afternoon media monitoring report.
- Created a Daily JIC Activities email to catalog actions completed for the day and planned for the week to keep all key agency PIOs aware of actions.
- Issued a news release about the role of the American Red Cross and United Way in coordinating volunteers.
- Issue a news release about the state's outreach to blind residents to help ensure access to information and resources.
- Shared the updated resource guides for water donations and recycling with 211.
- Continued updating and revising internal and general talking points to better reflect ongoing information.
- Continued routing public information materials for approval, including a newsletter article from the Michigan Department of Corrections and a Lead Toxicity fact sheet from MDARD.
- Continued discussions on drafting a news release to announce high-lead and copper teams that are beginning operations this week.
- Continued to post information on the www.michigan.gov/flintwater website, especially facts sheets and fliers in Spanish, Arabic, Mandarin Chinese and other languages.
- Held a 2:30 p.m. legislative and congressional conference call involving updates from key state agencies to talk about ongoing operations and activities.
- Revised staffing needs for next two-week period to reduce number of PIOs needed. Working to have staffing for Feb. 16 – 26 by Thursday.

Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/9/16 included:
- 2 food establishment assessments conducted (both follow-up) and 2 in use water samples collected
- 5 water sample requests/appointments were scheduled

NOTE: There was a break in the water main at the Flint Water plant, so staff were unable to collect the majority of planned water samples today.

As of 2/8/16, MDARD has completed a total of 331 food establishment assessments (263 initial/68 follow-up). 231 establishments are verified to be in compliance (70%). All high and medium risk firms have had an initial assessment. 196 water samples have been collected and 137 are currently scheduled. Data is now being auto-calculated, resulting in reduction in total assessments reported on 2/5/16, but is now a more accurate count of total assessments.

The food establishment list with assessment, sampling and test results has been combined and mapping activities are underway.

MDARD has a conference call on February 10th at 8:30 am with stakeholder groups, including MSU, MDHHS and Genesee County to provide an update on current lead testing plans for dogs and to explore funding options and other assistance to provide additional testing.

The keep your pet safe from lead poster was posted on the FlintWater website (attached). A veterinarian guidance document was finalized today and will be posted as soon as possible.

American Red Cross (ARC)

The American Red Cross deployed 10 Water Response Teams on Tuesday, 2/9/16, to attempt contact at those residences where no one had yet answered the door.

The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm. The VRC will be operating from 9-5 again on Wednesday.

Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Reviewed foreign languages documentation.

Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.

Discussed concerns from LEOC regarding MDHHS staff accompanying DEQ on home visits. The CHECC contacted the LEOC and confirmed that MDHHS will send one staff member per day (more are available if requested) to serve on the DEQ "Initial Assessment Teams," visiting homes with high levels of lead and/or copper. A pool of MDHHS staff were trained today for this purpose.

Provided CHECC leadership with information regarding USDA VIP visit from the Food, Nutrition and Consumer Services Deputy Under Secretary Dr. Katie Wilson, who will be visiting Flint tomorrow, to include a stop at a local WIC clinic.

MDHHS held a conference call with the Michigan Pharmacist Association and other community pharmacy members to discuss the potential role of pharmacies in the Flint response efforts. Options will be explored in regards to blood lead testing, communications, and nutritional counseling.

Confirmed with DEQ that the DEQ laboratory will be open, operational, and able to process Coliform lab analysis from the EPA from Friday through Monday, since the GCHD laboratory will be closed for a furlough, the weekend, and the holiday.

Corrections (MDOC)

MDOC continued operations at both warehouses with warehouse 2 opening as scheduled. All PODs were well supplied during the entire operational period.

MDOC continues to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

MDOC had 14 employees on the ground in Flint today.

In an effort to reduce overtime costs we are working on completing a critical staff review. All dedicated resources will be reviewed to determine if it is feasible to reduce staffing in lieu of volunteers wherever possible.

We are working with Finance and MDOC assets to capture total employee payroll information and expenditures.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

Continued coordination of Sentinel Sampling Team resources with partner agencies, to begin data collection tomorrow

Worked with DEQ lab to assure they are prepared, if necessary, to receive water samples for bacteria testing due to water main break.

Updated tracking sheet of requested data by Congressional Committee of Energy and Commerce.

Reviewed upcoming deadlines from EPA Order tracking spreadsheet.

Coordinated putting together sentinel site teams .

Briefed updated Incident Objectives to reflect activities for the upcoming week.

Human Services (MDHS)

Looking into filtration system for a child care institute, possibly through donation.

Donation details being entering into MI CIMS.

211 reporting that the number of calls related to Flint was down to 10.5% for Feb 1 - Feb 7.

Daily update conference call with MDHHS Budget & Field Operations.

Licensing and Regulatory Affairs (LARA)

Participated in briefings and updated the LARA Executive Team
LARA completed mapping at the International Academy of Flint and created a materials list.
LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
Translation services for various documents continue to be provided as needed.
Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

Military and Veterans Affairs (DMVA)

Commanders Situation Report (SITREP)

1. DTG: 0913002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell: (Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St, Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 65 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

Phone: (404) 331-0333

Economic Injury Disaster Loans Available to Small Businesses in Flint, Michigan Due to Contaminated Public Water Supply

WASHINGTON – Low-interest Economic Injury Disaster Loans from the U.S. Small Business Administration (SBA) are available to Flint, Michigan and surrounding area small businesses, small agricultural cooperatives, small aquaculture businesses and private nonprofit organizations affected by the contaminated public water supply disaster that began on Oct. 1, 2015.

SBA Administrator Maria Contreras-Sweet made the loans available following a disaster declaration request from Gov. Richard D. Snyder on Feb. 4. The declaration covers Genesee County and the adjacent counties of Lapeer, Livingston, Oakland, Saginaw, Shiawassee and Tuscola in **Michigan.**

"The public water contamination in Flint is a tragedy and a historic health emergency with repercussions that will continue to ripple across the entire community. While the situation continues to unfold, SBA is committed to bolstering the economic livelihood of Flint and surrounding communities by offering low interest working capital loans to the small businessmen and women severely impacted by this disaster," said Administrator Contreras-Sweet.

"The SBA can help affected small businesses and nonprofit organizations overcome their economic losses by offering financial assistance, but the help cannot start until they submit an SBA disaster loan application to us," said Constance P. Logan, SBA's deputy district director in Michigan.

Eligible entities may qualify for loans up to $2 million. The SBA offers economic injury loans to help meet working capital needs caused by the disaster. The rates on these loans are 4 percent for small businesses and 2.625 percent for nonprofit organizations with terms up to 30 years. Eligibility for these working capital loans are based on the size and type of business and its financial resources.

SBA is very pleased for the tremendous support received from Flint / Genesee Regional Chamber and Metro Community Development in establishing the Business Recovery Center at the Oak Business Center in Flint. Our customer service representatives are available at the Center to answer questions about the disaster loan program and help individuals complete their applications.

The Center is located in the following community and is open as indicated:

Genesee County
Oak Business Center
2712 Saginaw Street
Flint, MI 48505

Opens: Wednesday, Feb. 10 at noon
Hours: 8 a.m. - 5 p.m. weekdays
Closed: Saturdays and Sundays
Closed: Monday, Feb. 15 (Presidents' Day)
Closes: Thursday, Feb. 25 at 3 p.m.

-more-

Applicants may apply online using the Electronic Loan Application (ELA) via SBA's secure website at https://disasterloan.sba.gov/ela.

Applications and program information are available by calling the SBA's Customer Service Center at 1-800-659-2955 (1-800-877-8339 for the deaf and hard-of-hearing), or by sending an email to disastercustomerservice@sba.gov. Loan applications can also be downloaded from the SBA's website at www.sba.gov/disaster. Completed applications should be mailed to: U.S. Small Business Administration, Processing and Disbursement Center, 14925 Kingsport Road, Fort Worth, TX 76155.

The deadline to return economic injury applications is **November 7, 2016**.

Outreach to Flint's Blind Community Helps Ensure Access to Information and Resources

FOR IMMEDIATE RELEASE
February 9, 2016
Release #: 33

Flint, Mich. – The Bureau of Services for Blind Persons (BSBP) is working to ensure Flint's blind community has access to all information and resources related to the Flint water emergency.

"We have made direct contact with all of the bureau's blind clients who live in Flint to ensure they have the resources they need and we will continue to provide assistance to any Flint resident who is blind or visually impaired," said BSBP Director Edward Rodgers.

Bureau staff contacted nearly 40 BSBP clients living in Flint by either home visit or phone to ensure they had access to all health-related water emergency information and to offer assistance in obtaining bottled water, filters, water replacement cartridges and water testing kits.

Information is available in braille by contacting the bureau. Flint residents who are blind or visually impaired and need further assistance or information should contact Sue Luzenski at the BSBP at Luzenskis@michigan.gov or 517-335-4265.

The State of Michigan continues to coordinate response efforts in partnership with the City of Flint, Genesee County and local community organizations. Additional information about water response efforts is available at www.michigan.gov/flintwater, by calling United Way's 211 or visiting www.helpforflint.com.

For more information about the BSBP, visit www.michigan.gov/bsbp or call 1-800-292-4200, TTY 888-864-1212.

###

NOTE: ALL MEDIA INQUIRIES ARE BEING HANDLED BY THE JOINT INFORMATION CENTER AT 888-EMD-TODAY (888-363-8632). FOR FLINT WATER EMERGENCY DONATION INFORMATION, GO TO www.helpforflint.com.

Subject: RE: Staffing Email - DRAFT

Fellow PIOs,

Thank you for your continued support of the Joint Information Center for the Flint water emergency. As operations enter the next phase of response, we are changing our staffing needs to scale back the number of PIOs needed each day.

Beginning Feb. 16, we will are requesting **TWO** non-lead agency PIOs each weekday to provide support for the media hotline and news email account, to assist with writing tasks and to help with media monitoring.

I ask that you please see the attached schedule for available spots and respond with staffing considerations by noon on Thursday, Feb. 11.

Hotel rooms can be provided upon request, if needed. Lunch and dinner will be served.

Thank you for your commitment to the Flint JIC.

Best regards,

Ron

American Red Cross and United Way Play Crucial Role Coordinating Volunteer Efforts in Flint

FOR IMMEDIATE RELEASE
February 9, 2016
Release #: 32

FLINT, Mich. – Since early January, over 2,000 volunteers have volunteered their time to assist Flint residents during the water emergency. Volunteers are coordinated through the Volunteer Reception Center, operated jointly by the American Red Cross and United Way of Genesee County. These volunteers have performed numerous tasks throughout the community from delivering water resources door-to-door to assembling water test kits.

"We have had volunteers of all ages from all different backgrounds come forward to help," stated Sarah Lewan, community volunteer manager. "We have processed more than 200 groups of varying sizes, including corporate groups, social groups and concerned citizens."

Volunteers are utilized at a variety of community organizations to provide assistance with water distribution, warehousing, data entry and assembly of water test kits. The volunteers give whatever time they can, whether it is a couple of hours or availability for several days.

There are opportunities for additional groups and individuals to volunteer. To learn more or sign-up to volunteer, visit www.flintvolunteer.com.
The State of Michigan continues to coordinate response efforts in partnership with the City of Flint, Genesee County and local community organizations.

Additional information about water response efforts is available at www.michigan.gov/flintwater, by calling United Way's 211 or visiting www.helpforflint.com.

Dan,

We have just experienced a main break on a large transmission main located on Stewart Ave, near I-475. Crews are working now to isolate the break. Looking at maps, we should be able to shut down a small portion of the main and not directly affect any customers. Once the break is isolated we can then assess and develop a timeline on the repair.
The City has just prepared a press release in regards to the issue. We are currently looking at pressures to determine if any resulting public notices will be issued.

On Tue, Feb 9, 2016 at 11:37 AM, Lord, Daniel (DNR) <LordD1@michigan.gov> wrote:

Mike,

Per my voicemail on your land line. Below you'll see that we've had a couple of calls in regards to loss of service / pressure, the addresses are identified below.

My assumption is that this might relate to a break, and if you could get back to us on your course of action and associated response time so we can communicate as needed I would appreciate it.

Considering the change in temperatures heading into this weekend (close to zero on Saturday) I'm thinking we may have a few more similar situations in the future.

I'll follow up on your cell as well.

Hiring Flint residents
Snyder: State will hire 50 Flint residents to help with water testing (AP)
Gov. Rick Snyder says the state is working with two Flint organizations to hire 50 residents who will help test the city's water for lead contamination.

Flint residents to be hired for water testing (Detroit News)
Fifty Flint residents will be hired for supplemental state water testing teams working in the city, Gov. Rick Snyder announced Monday.

State: Flint residents will be hired to help test water (WXMI)
Michigan Gov. Rick Snyder says the state is working with two Flint organizations to hire 50 residents who will help test the water in the city that's been plagued with lead contamination

Flint residents being hired to perform water testing in city (Mlive)
Fifty residents will receive training to assist the state in water testing taking place across Flint. The state has partnered with Orchards Children's Services and Flint YMCA's Safe Places Program to train the residents on the job.

50 Flint residents to be hired to test local water (WLNS)
A new partnership between the state of Michigan and Flint human service groups will result in fifty Flint residents being hired to help test water. The partnership was announced today by Gov. Rick Snyder. Snyder says in a release that water testing teams need more people to get the job done, and "no one is better suited to help the city bounce back."

Flint residents will be hired to help with water testing (WDIV)
Flint residents will be hired to assist with water testing under a new partnership between the state and human service groups, Gov. Rick Snyder announced Monday. The partnership with Orchards Children's Services and Flint YMCA's Safe Places Program will help hire and train 50 residents this month to fill jobs on teams helping conduct water tests across the city.

Congressional invite
Snyder will not testify on Capitol Hill over Flint water crisis (WWMT)
Governor Snyder has announced he will not testify on Capitol Hill regarding the Flint water crisis.

Snyder declines invitation to testify before House Dems (Detroit News)
Michigan Gov. Rick Snyder has declined an invitation to testify before a committee of congressional Democrats this week about the lead contamination of drinking water in Flint.

Kildee disappointed by Gov. Snyder's refusal to testify on Flint water (Mlive)
U.S. Rep. Dan Kildee has expressed his disappointment after Gov. Snyder declined an invitation to a House Democrats' Feb. 10 committee meeting taking place to discuss the Flint water crisis.

Snyder declines second request to testify, ignores documents request over Flint water crisis (Talk Media News)
Michigan Republican Governor Rick Snyder has declined a second request by House Democrats to testify over the Flint water crisis.

Michigan governor declines congressional committee invite to discuss Flint water crisis (CNN)
In the midst of the water crisis in Flint, Michigan Gov. Rick Snyder has declined an invitation to testify at a hearing Wednesday before the House Democratic Steering and Policy Committee about children affected by lead in the water.

Snyder declines invitation to testify before House Dems (Detroit News)
Michigan Gov. Rick Snyder has declined an invitation to testify before a committee of congressional Democrats this week about the lead contamination of drinking water in Flint.

Michigan Governor Declines to Testify at Flint Hearing (Roll Call)
The governor of Michigan has declined an invitation to testify at the second Congressional hearing on the Flint water crisis, according to a statement released Monday by Rep. Dan Kildee, D-Mich. Instead, Gov. Rick Snyder will spend Wednesday afternoon presenting his proposed state budget for the 2018 fiscal year in Lansing, a spokeswoman from his office said.

Governor Snyder Will Not Testify About Flint Water Crisis On Capitol Hill (9&10 News)
Governor Rick Snyder says he will not be talking about the Flint water crisis on Capitol Hill. The governor's office says he turned down an invitation sent to him by house democrats, calling for him to testify.

Board of Canvassers
State board approves petition to recall Gov. Snyder (AP)
The State Board of Canvassers has approved a petition to recall Gov. Rick Snyder, but denied the majority of proposals related to Flint's lead-tainted water crisis.

Michigan board approves petition to recall Gov. Snyder (USA Today)
The State Board of Canvassers has approved a petition to recall Gov. Rick Snyder, but denied the majority of proposals related to Flint's lead-tainted water crisis.

1 of 10 Snyder recall petitions OK'd for circulation (Detroit News)
The Board of State Canvassers on Monday unanimously approved for circulation a petition seeking to recall Gov. Rick Snyder for his 2015 decision to move the state School Reform Office to a department under his control.

Recall Petition Against Governor Snyder Approved (WSJM)
One recall petition against Governor Rick Snyder has cleared the state's top elections board, but nine others failed. The Board of State Canvassers approved petition language on an effort to recall the governor for moving the School Reform office into a state department that falls under his authority.

Petition to recall Michigan Gov. Rick Snyder approved by state board (Mlive)
A petition to recall Michigan Gov. Rick Snyder was approved by the Board of State Canvassers Monday after more than 100 citizens attended the meeting in anger over the Flint water crisis.

Recall petition for Gov. Snyder gets approved (Fox 2 Detroit)
A recall petition for Gov. Rick Snyder has been approved. The Michigan State Board of Canvassers approved the language for a recall petition of Snyder Monday

State Board of Canvassers approves Gov. Snyder recall petition (WDIV)
The Michigan State Board of Canvassers has approved a recall petition for Gov. Rick Snyder. The petition calls for Snyder's removal from office over an executive order he signed last March related to the school reform office. The order included a section which created
State Board of Canvassers approves petition to recall Governor Snyder (WLNS)
The State Board of Canvassers has unanimously approved a petition to recall Governor Rick Snyder, but not over the Flint water crisis. The petition approved includes how Governor Snyder handled moving the State School Reform/Redesign Office into the Mich. Dept. of Technology, Management and Budget.

Michigan Board Approves Petition to Recall Gov. Rick Snyder (NBC News)
A Michigan state board has approved circulation of a petition to recall Michigan Gov. Rick Snyder — but not over the water crisis in Flint. The Board of State Canvassers, part of the secretary of state's office, rejected nine other recall petitions, six of them based on Snyder's widely criticized handling of lead from corroded pipes that began leaching into Flint homes following a cost-saving move to pump water from the Flint River.

State Board Approves One Of Ten Petitions To Recall Governor Snyder (Michigan Radio)
A state elections board has approved one petition that seeks to recall Governor Rick Snyder, but rejected several others. The rejected petitions include efforts to remove the governor for his handling of the Flint water crisis. The rejected petitions were mostly due to spelling and grammar errors that could have made the drives susceptible to a legal challenge.

Visit to Flint church
Overlooked during water crisis, Flint's Latino community paid visit by Michigan governor (Latino Fox News)
Michigan Gov. Rick Snyder visited a predominately Latino Catholic Church in Flint late last week to reach out to a community that has felt overlooked and isolated during the ongoing water crisis in the Midwestern city.

FLINT

$30M Flint water proposal not enough, shutoffs could resume (Mlive)
Flint's city administrator said a recent $30 million proposal from state lawmakers isn't enough to counteract the impact the water crisis is having on city finances and could force officials to begin water shutoffs once again.

Utility: Flint's lead lines could be replaced in a year (Detroit News)
Lansing's public utility estimates that 32 crews working regular full-time hours could replace Flint's 15,000 water service lines containing toxic lead metal within a year, city officials said Monday.

Flint e-mails: CDC voiced concerns over Legionnaires actions (Freep)
More than eight months before Gov. Rick Snyder disclosed a deadly Legionnaires' disease outbreak in the Flint area, federal health officials worried a lack of cooperation in Michigan could be hampering the public health response.

Lead contamination of Flint water draws multiple lawsuits (WDTN)
Residents of Flint have filed lawsuits against almost anyone who may have had a role in supplying the city with water that contained dangerous amounts of lead.

Amid Flint water crisis, lawsuits piling up (CBS)
One lawsuit seeks to replace lead-leaching water lines at no cost to customers. Another seeks money for thousands of Flint residents who unwittingly drank toxic water. A third complaint has been filed on behalf of people with Legionnaires' disease.

Lead contamination of Flint water draws multiple lawsuits (WLNS)
Residents of Flint have filed lawsuits against almost anyone who may have had a role in supplying the city with water that contained dangerous amounts of lead.

Flint water: KWA chief helped FBI in corruption case (Freep)
The Flint drinking water crisis and the Detroit City Hall corruption case are two of the biggest Michigan scandals of the last 10 years. Linking them is political consultant Sam Riddle, a Flint native and felon.

Flint water crisis continues to worry parents, lead testing continues (Mlive)
As 5-year-old Gabriella Venegas looked down at her hand, she quickly looked away. Tears in her eyes, she couldn't stand the sight or idea of a needle pricking her finger. Her mother — Flint resident Sarah Truesdail — held Gabriella closely Monday, Feb. 8, and moments later through a bout of kicking and screaming, there was no pain and she became calm.

DETROIT

Power outage, building issue closes 2 Detroit schools (Detroit News)
Two Detroit Public Schools buildings are closed on Monday, one for a power outage, the other for a building issue, the district announced.

DPS bilingual high school holds open house at new site (Detroit News)
Detroit Public Schools' bilingual Academy of the Americas will hold an open house from 3:30-5:30 p.m. Monday to celebrate its expansion to a new high school site.

The EAA is dead. What does that mean for the bigger Detroit schools picture? (Michigan Radio)
Last week was the beginning of the end for the controversial Education Achievement Authority.

New chief putting mark on Detroit fire dept. (Detroit News)
In his first months as the new head of Detroit's beleaguered Fire Department, Eric Jones is building bridges with union leaders, touting improved response times and a decline in arson fires. But aging infrastructure, worker safety and wages are among the issues that remain on his hefty to-do list.

Civic leader, MSU scholar discuss Detroit schools' future (WKAR)
The end is nearing for Michigan's controversial Education Achievement Authority. With that and urgent Detroit Public Schools reforms being discussed in the legislature, what are we and what is the way ahead? We speak with Tonya Allen of the Coalition for the Education of Detroit Schoolchildren and MSU professor David Arsen, who has studied the EAA.

High school featuring bilingual education opens in Detroit (WWTV)
A new high school that includes a bilingual education program in Spanish and English has opened in Detroit.

DPS lacks $300K to tackle school health, safety issues (Detroit News)
Detroit Public Schools is shifting $300,000 within its budget for repairs and maintenance at school buildings, including work addressing health and safety violations found by city inspectors.

Detroit Public Schools says it is redirecting $300,000 in budgeted funds to address building issues, including those cited in city inspections (AP)
Detroit Public Schools says it is redirecting $300,000 in budgeted funds to address building issues, including those cited in city inspections. The school district said Monday that the funds are being transferred from existing spending plans of other district departments.

Detroit teachers plan 'day of action' Tuesday (The Detroit News)
Teachers, school employees, parents and others are expected to turn out for a day of action, which will include "walk-ins" at Detroit Public Schools, according to a release from the American Federation of Teachers late Monday.

New Detroit water assistance program could become reality this week (Michigan Radio)
Detroit water department officials have a proposal meant to ensure everyone in the city can afford water. The Water Residential Assistance Program (WRAP) would give qualifying low-income customers a fixed monthly payment.

DPS to invest $300,000 to fix building problems (Detroit Free Press)
Detroit Public Schools has begun using money budgeted for other departments to fix some of the building problems at its schools. The district said Monday that $300,000 has been redirected to such work. Among the projects: The steam heat line under Spain Elementary-Middle School was repaired Friday — fixing a problem that prevented students from using the playground.

Instead of sick-outs, DFT teachers plan 'walk-ins' (Detroit Free Press)
In a departure from the sick-outs staged in recent weeks, Detroit teachers are planning "walk ins" Tuesday, as part of their continued efforts to draw attention to the city's public school conditions. Unlike the sick-outs, no classes should be cancelled, said Janet Bass, a spokeswoman for the American Federation of Teachers, the parent group for the Detroit Federation of Teachers.

DEPARTMENTS

AG
Michigan settles with HSBC over abusive mortgage practices (MLive)
The mortgage lender and servicer HSBC will pay out $470 million nationwide for abuses in its practices, according to the Michigan Attorney General's office.

DNR
Environmental groups debate over fish farm expansion in Michigan (WLNS)
Some environmental groups are taking on the Michigan Department of Environmental Quality over the approved expansion of a fish farm in the northern part of the state. The DEQ issued a permit to Harrietta Hills Trout Farm in Crawford County, allowing it to expand to 15 times its current size.

Help DNR find Michigan moose in advance of herd count (MLive)
Spot a moose? The state wants you to document it on a Moose Observation Report form now available online. The sightings help the Michigan Department of Natural Resources decide where in the western Upper Peninsula to conduct an aerial survey to estimate the state's moose population.

Why snowy owls are landing in Michigan after tough journey from Arctic (Mlive)
Large numbers of white snowy owls, magnificent birds from the Arctic tundra, started showing up in the Upper Peninsula in October in an influx known as an "irruption."

DHHS

Michigan marriage rate on the rise (WLNS)

The number of marriages in Michigan is on the rise. The Michigan Department of Health and Human Services data shows 57,071 Michigan couples said "I do" in 2014 — the highest number of marriages in the state in 2006. Marriages in counties more locally are also on the rise.

LEGISLATIVE

Proposed measure would bar paid ads to promote the Healthy Michigan plan (WKZO)

A bill that would restrict advertising by a government agency has been floated in the Michigan Senate, but apparently needs work.

Michigan's proposed 75-80 mph speed limit would be highest in Midwest (MLive)

If a law to increase speed limits on rural freeways in Michigan passes the state will have the highest speed limits in the Great Lakes region and tie South Dakota for the highest speed limits in the Midwest.

Testimony heard on Mackinac Bridge drone bill (ABC 10)

A bill making its way through the Michigan Senate could have an impact on how drones are used in a unique Michigan location. Testimony on the proposed Senate Bill 432, introduced in July by Senator Tom Casperson, was heard last week by the Senate Transportation Committee.

OPINION

Editorial: Lowering Detroit taxes will increase revenue (Detroit News)

Mayor Mike Duggan and the city of Detroit will continue this year to slash property tax assessments for large swaths of homes between 5 and 15 percent, although bustling areas like Midtown and downtown will see a slight increase.

Editor's Note: Get moving on teacher strike bills (Detroit News)

The rhetoric in Lansing regarding the recent spate of teacher strikes in Detroit has been heated, especially from GOP leaders in the Legislature.

Flint water crisis exposes threat to Michigan's comeback (MLive)

The Flint water crisis is like a fusion bomb of neglect, indifference and bad public policy that — when drawn together — exploded in disaster, revealing the true condition of our state, and the corrosive approach of state leadership. The crisis exposed:

Editorial: Test for lead in area schools (LSJ)

How safe is the water we're drinking? It's a question all of us should be asking.

Second thoughts on the Flint water debacle (Bridge)

The story of poisoned water in Flint has grown and metastasized until it threatens to suck all the oxygen out of the room.

Column How scientists failed the public in the Flint water crisis (LA Times)

The Flint, Mich., water crisis, in which thousands of children were exposed to elevated lead levels after a supposedly money-saving decision to start using the corrosive Flint River as the city's water supply, is more than a massive failure of politics and regulation. It's also a failure of science and scientists.

Lessenberry: In order to move on, we need to know exactly what happened with Flint (Michigan Radio)

It hasn't been very easy to defend Governor Rick Snyder lately, but I think he did absolutely the right thing in refusing to testify before a committee of congressional Democrats about the scandal involving the lead poisoning of the water in Flint.

Donald J. Trump held a town-hall-style event in Salem, N.H., on Monday. He and Bernie Sanders are leading the polls in the state. Damon Winter/The New York Times

Your Tuesday Briefing

By ADEEL HASSAN

Good morning.

Here's what you need to know:

• New Hampshire's decision.

A new poll says 23 percent of undeclared voters in the state are still open to changing their minds in today's primaries. Forty percent of eligible voters there are undeclared and are allowed to vote in either the Democratic or Republican primary.

Marco Rubio's difficulties with talking points continue, and he had a tense exchange with a gay voter on Monday.

Bernie Sanders and Donald J. Trump are leading New Hampshire polls, but a winter weather advisory could affect turnout.

And we take a close look at why a loss for Hillary Clinton today could be especially painful for her: In 1992, New Hampshire voters saved Bill Clinton's presidential campaign.

• At the White House.

President Obama submits his final budget proposal to Congress today. The $4 trillion plan includes $7.5 billion to escalate the fight against Islamic State extremists.

The Republican chairmen of the House and Senate budget committees have already snubbed the proposal, sight unseen. They said they would not invite the president's budget director to a hearing on the proposal, an extreme break from tradition.

• On Capitol Hill.

The Senate Armed Services Committee hears testimony today from James R. Clapper Jr., the director of national intelligence, and others about worldwide security threats, including from the Islamic State.

A Senate energy bill is expected to be put to a vote this week, and with it a large infusion of money for Flint, Mich., where high lead levels have been found in tap water.

• Water contamination.

In addition to Flint, lead contamination has hit scores of U.S. communities in recent years, a problem that experts attribute to holes in rules and procedures intended to keep water free of poisons.

We look at the latest research on long-term damage from lead exposure. Between three million and six million miles of pipe lines from water mains to U.S. homes contain lead, so the problem could take a long time to resolve.

• Train collision in Germany.

At least eight people are dead and more than 100 injured after two commuter trains crashed head-on this morning in the state of Bavaria.

It's not immediately clear why the trains were traveling on the same stretch of track at the same time.

• Updates on police shootings.

A Chicago officer being sued for the fatal shooting of a black 19-year-old has countersued, and he is seeking more than $10 million in damages from the teenager's estate for "extreme emotional trauma."

In Baltimore, prosecutors have asked a judge to delay the trials — possibly for several months — of three officers charged in the Freddie Gray case.

• The SAT gets a makeover.

Some educators worry that the revised, reading-heavy test — one of its biggest redesigns ever — will penalize certain categories of students, like immigrants and the poor.

Try these questions, taken from a practice test.

• A tinkerer with more patents than Edison.

Artur Fischer, an inventor who registered more than 1,100 patents, including the first synchronized camera flash and an anchor that millions of do-it-yourselfers use to secure screws into walls, died at age 96.

BUSINESS

• **Viacom** is scheduled to report earnings today. The resignation of Sumner M. Redstone last week as executive chairman has added to a power struggle at the company.

a big lift from sales of "Star Wars" merchandise. But concerns about ESPN remain.

• **Japanese stocks** fell more than 5 percent today. Here are snapshots of the U.S. and world markets.

NOTEWORTHY

• **New reads.**

The Pulitzer Prize winner Jhumpa Lahiri releases her nonfiction debut, "In Other Words," about her love of the Italian language.

Jean Stein chronicles the bad behavior of Hollywood's ruling class in "West of Eden." Chris Offutt's memoir, "My Father, the Pornographer," is about a man who wrote and published more than 400 books.

• **What's on.**

"Frontline," in collaboration with The Times, follows the growth of fantasy sports and online sports betting in the U.S. and beyond (10 p.m. Eastern, PBS, but check local listings).

• **Health remedy.**

Our Personal Health column today looks at chronic constipation, a common problem that is rarely discussed in polite company or even during medical checkups.

• **Mardi Gras recipes.**

How about a recipe for gumbo tonight, plus bananas Foster bread pudding for dessert?

• **Winter's not the same.**

Last week we told you about festivals that embrace winter and its frigid temperatures. Towns in northern New York, though, are struggling to celebrate the season because of warm weather.

BACK STORY

"Dear God, I am fourteen years old. I have always been a good girl. Maybe you can give me a sign letting me know what is happening to me."

So begins "The Color Purple," the story of Celie, a poor, black child-bride who struggles to escape her abusive stepfather in 1930s Georgia.

The author of the book, Alice Walker, born on this day in 1944 in Eatonton, Ga., told the tale mostly through Celie's letters. The authenticity of her voice catapulted the novel to best-sellers lists, as well as a Pulitzer Prize and a National Book Award.

Ms. Walker was born to sharecroppers, the youngest of eight children. At age 8, she was blinded in one eye when her brother accidentally shot her with a BB gun.

She later wrote that the disfiguring scar and blindness left her feeling isolated and introspective. She started a journal and began to develop her writing voice.

"I think writing really helps you heal yourself," Ms. Walker once told The Times. "I think if you write long enough, you will be a healthy person. That is, if you write what you need to write, as opposed to what will make money, or what will make fame."

Your Morning Briefing is published weekdays at 6 a.m. Eastern and updated on the web all morning.

- Topics that trended this morning:
  - Pipe replacements to begin this month
  - Schuette Flint Water investigation update
- Key hashtags: #FlintWater, #FlintWaterCrisis, #Flint, #Justice4Flint, #Dontdrinkthewater #waterforflint

Misreports:

- None at this time.

Headlines

$30M Flint water proposal not enough, shutoffs could resume
Flint's city administrator said a recent $30 million proposal from state lawmakers isn't enough to counteract the impact the water crisis is having on city finances and could force officials to begin water shutoffs once again.

Flint water crisis continues to worry parents, lead testing continues
As 5-year-old Gabriella Venegas looked down at her hand, she quickly looked away. Tears in her eyes, she couldn't stand the sight or idea of a needle pricking her finger.

Utility: Flint's lead lines could be replaced in a year
Lansing's public utility estimates that 32 crews working regular full-time hours could replace Flint's 15,000 water service lines containing toxic lead metal within a year, city officials said Monday.

Flint water: KWA chief helped FBI in corruption case
The Flint drinking water crisis and the Detroit City Hall corruption case are two of the biggest Michigan scandals of the last 10 years.

Flint e-mails: CDC voiced concerns over Legionnaires actions
More than eight months before Gov. Rick Snyder disclosed a deadly Legionnaires' disease outbreak in the Flint area, federal health officials worried a lack of cooperation in Michigan could be hampering the public health response.

State board of canvassers approves petition to recall Snyder
The State Board of Canvassers has approved a petition to recall Gov. Rick Snyder, but denied the majority of proposals related to Flint's lead-tainted water crisis.

Gov. Snyder talks one on one with ABC 12 News
Governor Snyder talks one on one with ABC 12 News. He's answering questions about the future of Flint and when people will start to see lead pipes getting replaced.

Family of lead-poisoned Flint girl, 2, files suit
Flint resident Luke Waid had a gut feeling something was wrong when his 2-year-old daughter recently went from being a bubbly, energetic child to anxious and constantly irritable.

Frustrations over water crisis mount at Flint City Council meeting
"I'm angry. I work every day. I've been working since I was 15. This is my hometown and my memories of my own hometown are ruined," shouted Alexis Daniels during the public comment portion of the Flint City Council meeting.

Lead in tap water is a risk in other cities, too
While the crisis in Flint draws attention to disastrous consequences of failing to properly maintain a public water system, Chicago highlights a broader problem facing scores of U.S. cities that spent more than a century installing lead pipes to deliver drinking water.

CDC feared agencies hindered Legionnaires help in Flint
More than eight months before Gov. Rick Snyder disclosed a deadly Legionnaires' disease outbreak in the Flint area, federal health officials worried a lack of cooperation in Michigan could be hampering the public health response.

$30M Flint water proposal not enough, shutoffs could resume
Flint's city administrator said a recent $30 million proposal from state lawmakers isn't enough to counteract the impact the water crisis is having on city finances and could force officials to begin water shutoffs once again.

What the Science Says About Long-Term Damage From Lead
Many eyes are now focused on Flint, Mich., where government failures have resulted in elevated lead levels in the city's drinking water. But the effects on Flint's residents, particularly its children, may not show up until long after the cameras have left town.

Phil Power: Second thoughts on the Flint water debacle
The story of poisoned water in Flint has grown and metastasized until it threatens to suck all the oxygen out of the room.

The national news media have fluttered in. Even the New York Times, noted for its dismissive nose-in-the-air attitude toward the provincials in Michigan and its habit of running urban ruin porn stories about Detroit, has taken notice. Last week's editorial

mixed assigning the blame to Gov. Rick Snyder and airily instructing we locals about how to resolve the problem. I'm told you can't walk around Flint these days without running into out-of-state TV notables, reporters and political pundits.

Editorial: Test for lead in area schools
How safe is the water we're drinking? It's a question all of us should be asking.

The Flint water crisis has raised awareness about an issue so many take for granted: Clean and safe drinking water is not a guarantee.

Flint water crisis exposes threat to Michigan's comeback
The Flint water crisis is like a fusion bomb of neglect, indifference and bad public policy that — when drawn together — exploded in disaster, revealing the true condition of our state, and the corrosive approach of state leadership.

Snyder: State will hire 50 Flint residents to help with water testing (AP)
Gov. Rick Snyder says the state is working with two Flint organizations to hire 50 residents who will help test the city's water for lead contamination.

Flint residents to be hired for water testing (Detroit News)
Fifty Flint residents will be hired for supplemental state water testing teams working in the city, Gov. Rick Snyder announced Monday.

State: Flint residents will be hired to help test water (WXMI)
Michigan Gov. Rick Snyder says the state is working with two Flint organizations to hire 50 residents who will help test the water in the city that's been plagued with lead contamination

Flint residents being hired to perform water testing in city (Mlive)
Fifty residents will receive training to assist the state in water testing taking place across Flint. The state has partnered with Orchards Children's Services and Flint YMCA's Safe Places Program to train the residents on the job.

50 Flint residents to be hired to test local water (WLNS)
A new partnership between the state of Michigan and Flint human service groups will result in fifty Flint residents being hired to help test water. The partnership was announced today by Gov. Rick Snyder. Snyder says in a release that water testing teams need more people to get the job done, and "no one is better suited to help the city bounce back."

Flint residents will be hired to help with water testing (WDIV)
Flint residents will be hired to assist with water testing under a new partnership between the state and human service groups, Gov. Rick Snyder announced Monday. The

partnership with Orchards Children's Services and Flint YMCA's Safe Places Program will help hire and train 50 residents this month to fill jobs on teams helping conduct water tests across the city.

Overlooked during water crisis, Flint's Latino community paid visit by Michigan governor (Latino Fox News)
Michigan Gov. Rick Snyder visited a predominately Latino Catholic Church in Flint late last week to reach out to a community that has felt overlooked and isolated during the ongoing water crisis in the Midwestern city.

$30M Flint water proposal not enough, shutoffs could resume (Mlive)
Flint's city administrator said a recent $30 million proposal from state lawmakers isn't enough to counteract the impact the water crisis is having on city finances and could force officials to begin water shutoffs once again.

Utility: Flint's lead lines could be replaced in a year (Detroit News)
Lansing's public utility estimates that 32 crews working regular full-time hours could replace Flint's 15,000 water service lines containing toxic lead metal within a year, city officials said Monday.

Flint e-mails: CDC voiced concerns over Legionnaires actions (Freep)
More than eight months before Gov. Rick Snyder disclosed a deadly Legionnaires' disease outbreak in the Flint area, federal health officials worried a lack of cooperation in Michigan could be hampering the public health response.

Lead contamination of Flint water draws multiple lawsuits (WDTN)
Residents of Flint have filed lawsuits against almost anyone who may have had a role in supplying the city with water that contained dangerous amounts of lead.

Amid Flint water crisis, lawsuits piling up (CBS)
One lawsuit seeks to replace lead-leaching water lines at no cost to customers. Another seeks money for thousands of Flint residents who unwittingly drank toxic water. A third complaint has been filed on behalf of people with Legionnaires' disease.

Lead contamination of Flint water draws multiple lawsuits (WLNS)
Residents of Flint have filed lawsuits against almost anyone who may have had a role in supplying the city with water that contained dangerous amounts of lead.

Flint water: KWA chief helped FBI in corruption case (Freep)
The Flint drinking water crisis and the Detroit City Hall corruption case are two of the biggest Michigan scandals of the last 10 years. Linking them is political consultant Sam Riddle, a Flint native and felon.

Flint water crisis continues to worry parents, lead testing continues (Mlive)
As 5-year-old Gabriella Venegas looked down at her hand, she quickly looked away. Tears in her eyes, she couldn't stand the sight or idea of a needle pricking her finger. Her mother — Flint resident Sarah Truesdail — held Gabriella closely Monday, Feb. 8,

and moments later through a bout of kicking and screaming, there was no pain and she became calm.

Column How scientists failed the public in the Flint water crisis (LA Times)
The Flint, Mich., water crisis, in which thousands of children were exposed to elevated lead levels after a supposedly money-saving decision to start using the corrosive Flint River as the city's water supply, is more than a massive failure of politics and regulation. It's also a failure of science and scientists.

Lessenberry: In order to move on, we need to know exactly what happened with Flint (Michigan Radio)

It hasn't been very easy to defend Governor Rick Snyder lately, but I think he did absolutely the right thing in refusing to testify before a committee of congressional Democrats about the scandal involving the lead poisoning of the water in Flint.

200 Flint Kids Have Elevated Blood-Lead Levels
Officials have identified at least 200 children in Flint who have elevated blood-lead levels.
Governor Rick Snyder "disclosed the figure during a tele-town hall event with nearly 8,000 listeners. He says the state is working to ensure all kids are tested," ABC News reported.

STATE OF MICHIGAN
JOINT INFORMATION CENTER

NEWS RELEASE

FOR IMMEDIATE RELEASE
February 9, 2016
Release #: 33

Outreach to Flint's Blind Community Helps Ensure Access to Information and Resources

Flint, Mich. – The Bureau of Services for Blind Persons (BSBP) is working to ensure Flint's blind community has access to all information and resources related to the Flint water emergency.

"We have made direct contact with all of the bureau's blind clients who live in Flint to ensure they have the resources they need and we will continue to provide assistance to any Flint resident who is blind or visually impaired," said BSBP Director Edward Rodgers.

Bureau staff contacted nearly 40 BSBP clients living in Flint by either home visit or phone to ensure they had access to all health-related water emergency information and to offer assistance in obtaining bottled water, filters, water replacement cartridges and water testing kits.

Information is available in braille by contacting the bureau. Flint residents who are blind or visually impaired and need further assistance or information should contact Sue Luzenski at the BSBP at Luzenskis@michigan.gov or 517-335-4265.

The State of Michigan continues to coordinate response efforts in partnership with the City of Flint, Genesee County and local community organizations. Additional information about water response efforts is available at www.michigan.gov/flintwater, by calling United Way's 211 or visiting www.helpforflint.com.

For more information about the BSBP, visit www.michigan.gov/bsbp or call 1-800-292-4200, TTY 888-864-1212.

###

NOTE: **ALL MEDIA INQUIRIES ARE BEING HANDLED BY THE JOINT INFORMATION CENTER AT 888-EMD-TODAY (888-363-8632). FOR FLINT WATER EMERGENCY DONATION INFORMATION, GO TO www.helpforflint.com.**

A new high school that includes a bilingual education program in Spanish and English has opened in Detroit.

DPS lacks $300K to tackle school health, safety issues (Detroit News)
Detroit Public Schools is shifting $300,000 within its budget for repairs and maintenance at school buildings, including work addressing health and safety violations found by city inspectors.

Detroit Public Schools says it is redirecting $300,000 in budgeted funds to address building issues, including those cited in city inspections (AP)
Detroit Public Schools says it is redirecting $300,000 in budgeted funds to address building issues, including those cited in city inspections. The school district said Monday that the funds are being transferred from existing spending plans of other district departments.

Detroit teachers plan 'day of action' Tuesday (The Detroit News)
Teachers, school employees, parents and others are expected to turn out for a day of action, which will include "walk-ins" at Detroit Public Schools, according to a release from the American Federation of Teachers late Monday.

New Detroit water assistance program could become reality this week (Michigan Radio)
Detroit water department officials have a proposal meant to ensure everyone in the city can afford water. The Water Residential Assistance Program (WRAP) would give qualifying low-income customers a fixed monthly payment.

DPS to invest $300,000 to fix building problems (Detroit Free Press)
Detroit Public Schools has begun using money budgeted for other departments to fix some of the building problems at its schools. The district said Monday that $300,000 has been redirected to such work. Among the projects: The steam heat line under Spain Elementary-Middle School was repaired Friday — fixing a problem that prevented students from using the playground.

Instead of sick-outs, DFT teachers plan 'walk-ins' (Detroit Free Press)
In a departure from the sick-outs staged in recent weeks, Detroit teachers are planning "walk ins" Tuesday, as part of their continued efforts to draw attention to the city's public school conditions. Unlike

the sick-outs, no classes should be cancelled, said Janet Bass, a spokeswoman for the American Federation of Teachers, the parent group for the Detroit Federation of Teachers.

DEPARTMENTS

AG

Michigan settles with HSBC over abusive mortgage practices (MLive)
The mortgage lender and servicer HSBC will pay out $470 million nationwide for abuses in its practices, according to the Michigan Attorney General's office.

DNR

Environmental groups debate over fish farm expansion in Michigan (WLNS)
Some environmental groups are taking on the Michigan Department of Environmental Quality over the approved expansion of a fish farm in the northern part of the state. The DEQ issued a permit to Harrietta Hills Trout Farm in Crawford County, allowing it to expand to 15 times its current size.

Help DNR find Michigan moose in advance of herd count (MLive)
Spot a moose? The state wants you to document it on a Moose Observation Report form now available online. The sightings help the Michigan Department of Natural Resources decide where in the western Upper Peninsula to conduct an aerial survey to estimate the state's moose population.

Why snowy owls are landing in Michigan after tough journey from Arctic (Mlive)
Large numbers of white snowy owls, magnificent birds from the Arctic tundra, started showing up in the Upper Peninsula in October in an influx known as an "irruption."

DHHS

Michigan marriage rate on the rise (WLNS)
The number of marriages in Michigan is on the rise. The Michigan Department of Health and Human Services data shows 57,071 Michigan couples said "I do" in 2014 — the highest number of marriages in the state in 2006. Marriages in counties more locally are also on the rise.

LEGISLATIVE

Proposed measure would bar paid ads to promote the Healthy Michigan plan (WKZO)
A bill that would restrict advertising by a government agency has been floated in the Michigan Senate, but apparently needs work.

Michigan's proposed 75-80 mph speed limit would be highest in Midwest (MLive)
If a law to increase speed limits on rural freeways in Michigan passes the state will have the highest speed limits in the Great Lakes region and tie South Dakota for the highest speed limits in the Midwest.

Testimony heard on Mackinac Bridge drone bill (ABC 10)
A bill making its way through the Michigan Senate could have an impact on how drones are used in a unique Michigan location. Testimony on the proposed Senate Bill 432, introduced in July by Senator Tom Casperson, was heard last week by the Senate Transportation Committee.

OPINION

Editorial: Lowering Detroit taxes will increase revenue (Detroit News)
Mayor Mike Duggan and the city of Detroit will continue this year to slash property tax assessments for large swaths of homes between 5 and 15 percent, although bustling areas like Midtown and downtown will see a slight increase.

Editor's Note: Get moving on teacher strike bills (Detroit News)
The rhetoric in Lansing regarding the recent spate of teacher strikes in Detroit has been heated, especially from GOP leaders in the Legislature.

Flint water crisis exposes threat to Michigan's comeback (MLive)
The Flint water crisis is like a fusion bomb of neglect, indifference and bad public policy that — when drawn together — exploded in disaster, revealing the true condition of our state, and the corrosive approach of state leadership. The crisis exposed:

Editorial: Test for lead in area schools (LSJ)
How safe is the water we're drinking? It's a question all of us should be asking.

Second thoughts on the Flint water debacle (Bridge)
The story of poisoned water in Flint has grown and metastasized until it threatens to suck all the oxygen out of the room.

Column How scientists failed the public in the Flint water crisis (LA Times)
The Flint, Mich., water crisis, in which thousands of children were exposed to elevated lead levels after a supposedly money-saving decision to start using the corrosive Flint River as the city's water supply, is more than a massive failure of politics and regulation. It's also a failure of science and scientists.

Lessenberry: In order to move on, we need to know exactly what happened with Flint (Michigan Radio)
It hasn't been very easy to defend Governor Rick Snyder lately, but I think he did absolutely the right thing in refusing to testify before a committee of congressional Democrats about the scandal involving the lead poisoning of the water in Flint.

STATE OF MICHIGAN
JOINT INFORMATION CENTER

NEWS RELEASE

FOR IMMEDIATE RELEASE
February 9, 2016
Release #: 32

American Red Cross and United Way Play Crucial Role Coordinating Volunteer Efforts in Flint

FLINT, Mich. – Since early January, over 2,000 volunteers have volunteered their time to assist Flint residents during the water emergency. Volunteers are coordinated through the Volunteer Reception Center, operated jointly by the American Red Cross and United Way of Genesee County. These volunteers have performed numerous tasks throughout the community from delivering water resources door-to-door to assembling water test kits.

"We have had volunteers of all ages from all different backgrounds come forward to help," stated Sarah Lewan, community volunteer manager. "We have processed more than 200 groups of varying sizes, including corporate groups, social groups and concerned citizens."

Volunteers are utilized at a variety of community organizations to provide assistance with water distribution, warehousing, data entry and assembly of water test kits. The volunteers give whatever time they can, whether it is a couple of hours or availability for several days.

There are opportunities for additional groups and individuals to volunteer. To learn more or sign-up to volunteer, visit www.flintvolunteer.com.

The State of Michigan continues to coordinate response efforts in partnership with the City of Flint, Genesee County and local community organizations.

Additional information about water response efforts is available at www.michigan.gov/flintwater, by calling United Way's 211 or visiting www.helpforflint.com.

- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
  - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
  - Includes filter replacement strategies.
- Open secondary state warehouse.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received January 22, 2016. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Governor's Report for 2/8/2016.
2. Sit Rep #34.

Key items for tomorrow to note are:

- Team Priority Scheduled Tomorrow: Active Water Subscribers without filters marked vacant
- 10 American Red Cross Teams scheduled for Tuesday, February 9
- Congressional and Legislative Call, 2:30 PM

Items to Note

- JIC Drafted a news release about the team visiting homes with high copper levels. Anticipate releasing tomorrow.
- SEOC Logistics had a conference call with Seventh Day Adventists on agreement and staffing for new warehouse.
- SEOC Planning developed a new Incident Action Plan for Operation Period from 2/9-2/16/2016.
- Requested monetary donation information from United Way and Community Foundation of Greater Flint.
- GIS develop an online application for Governor Snyder to view maps.

Unified Coordination Group (UCG):

- No updates.

Local EOC

- Establishing objectives and IAP for next operational period, 02/08/2016 – 02/12/2016.
- Awaiting additional information regarding companion animals with potential lead and chlorine poisoning from MDARD.
- Establishing plans for Elevated Copper Initial Assessment Task Force starting 02/08/2016 and follow-up outreach to homes with water lead levels over 150 ppb starting 02/10/2016.
- Aligning resources and supplies for Elevated Copper Initial Assessment Task Force and follow-up outreach to homes with water lead levels over 150 ppb.
- Analyzing locations of faith-based organizations and churches for integration into long-term recovery plans.

Chris

Update 2/7/16 – 34th Day (33rd Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Soft opening of secondary state warehouse; clean and prep for SBA staff.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received January 22, 2016. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data – Note two new reports: GovReport
2. Sit Rep #33.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Monday, February 8, 2016.
- The new warehouse will be operational on Monday, February 8, 2016 and managed by MDOC.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- State VAL is working on the Category B and Individuals and Households appeal.
- There continues to be a concern that EPA refuses to work with the state teams in addressing the high lead level homes.
- Genesee County EM expressed concerns about lead poisoning in service/companion animals. MDARD has initiated contact with their partners to address this concern.
- 28 addresses have copper testing that exceeds the "action level" (1,300 ppb). DHHS is currently working on messaging regarding this issue, and DEQ is discussing filtering options.

Unified Coordination Group (UCG):

- Task Forces Health & Medical: working on creating a flow chart for visual of testing results.
- EPA conducted 11 filter grabs yesterday, and will be doing 2 today. This includes up to 33 samples per grab. A grab would be considered a location/residence. They are also following up on the AmeriCorps volunteers (2) that have rashes.

Local EOC

- Establishing objectives and IAP for next operational period, 02/08/2016 – 02/12/2016.
- Awaiting additional information regarding companion animals with potential lead and chlorine poisoning from MDARD.

- Establishing plans for Elevated Copper Initial Assessment Task Force starting 02/08/2016 and follow-up outreach to homes with water lead levels over 150 ppb starting 02/10/2016.
- Aligning resources and supplies for Elevated Copper Initial Assessment Task Force and follow-up outreach to homes with water lead levels over 150 ppb.
- Analyzing locations of faith-based organizations and churches for integration into long-term recovery plans.

Chris

Update 2/6/16 – 33rd Day (32nd Full Day) After Governor's Declaration of an Emergency

The link below is a new video published today by 211. This is part of the Rapid Response Teams currently staffed by Team Rubicon.

https://www.youtube.com/watch?v=P5Orqzc5efg

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Soft opening of secondary state warehouse; clean and prep for SBA staff.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data.
2. Sit Rep #32.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Sunday, February 7, 2016.
- MDOC will continue setting up the new warehouse.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- JIC posted the AIA Flint Safe Water Storage Guideline flyers on MI CIMS under internal documents.
- SEOC Logistics is working to secure space in new warehouse for SBA office, additional information needed from SBA.

- GIS geocoded and cleansed addresses for food establishments in the Flint Metro Area.
- GIS digitized water service lines coded by pressure from paper map onto digital map.
- State VAL is working on the Category B and Individuals and Households appeal.
- MOU with Seventh Day Adventist for donations management currently under review.
- MDARD is planning for additional follow up with food related businesses as water test results come in; new maps with updated information will help with future prioritization.
- MDARD will attend a USDA-Natural Resources Conservation Service press conference to be held on Monday; NRCS will be announcing funds to support community gardens and local foods.
- A team from the CDC arrived yesterday to work with MDHHS Bureau of Epidemiology. Their work began today by beginning to analyze data for the development of long term surveillance strategies that will look to link blood lead level results to specific populations, to include vulnerable and at-risk populations.
- LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
- Freeman Elementary was tested today (2/6/15) by DEQ/LARA staff members.

Unified Coordination Group (UCG):

- Attended 3 matrix review meetings, taskforce leads gave status updates on the original requests/asks sent from the State to Federal government.
- UCG POC will update the objectives with current status once completed by the information cell.
- EPA has 4 teams going out today, 17 filter grabs, a sequential sampling, and walk in requests.
- Additional phosphorus results remain consistent with previous reports. Appears the coating is working in the pipes.
- Multiple Hispanic events are taking place in the community and will be attended by federal staff.
- CDC recommendation should go out today for blood level testing for children under the age of 6.

Local EOC

- Finalized DEQ outreach at homes with water lead levels above 150 ppb.
- Developing plan for outreach at homes with water lead levels of 100 to 149 ppb.
- Will start outreach at homes with water lead levels of 100 to 149 ppb with one group on Monday.
- Potentially following up on initial outreach at homes with water lead levels of 100 to 149 ppb 10 strike teams for evaluation of pluming system, water sampling, etc. starting Wednesday.
- Evaluating need to address health needs of companion animals in households exceeding water lead levels above 100 ppb.
- Awaiting clarification regarding effectiveness of filter systems for removal of copper.

Below is a summary of Federal Teams in the field during next operational period until 2/10 per the UCG.

Public Health Support Team (PHST) (US HHS) stationed at GCHD

9 personnel

- Develop engagement strategy for GCHD to facilitate outreach efforts to the community members and community partners.
- Development database for incoming calls to standardize the responses to caller queries; develop resource list for GCHD.
- Two personnel will facilitate case management follow up on results from GCHD concerning water samples with high home water lead levels.
- Provide technical assistance and community health outreach support to GCHD and to the EPA field team during water sampling and rash investigations.
- Create email groups for email messaging blasts to community partners.

Behavior Health Team (US HHS) stationed at GCHD
4 personnel

- Develop Behavior Health Surveillance Plan and Gap Assessment.
- Provide Behavioral Health Support for community-based health and human service providers.

EPA Sampling Teams out in the field
3 teams with 3 personnel,

- Identify sampling locations based on State DEQ requests and/or inquiries from residents, schedule visits with residents.
- Develop facts sheets based on high lead homes and other facts sheets, as needed.
- Provide risk communications and test results to residents.
- Conduct sequential, filter pilot, and distribution system sampling.

High Lead Home Strike Team out in the field
5 personnel
One MDEQ rep (Taylor) with EPA high lead team.

- Conduct water sampling at residences with rash complaints
- High lead homes with no contact information

MDEQ (Provided by Mark Ducharme) out in the field

- One Initial Outreach Visit team consisting of 1 DEQ rep (Oeming) and 1 MDHHS rep (Groetsch), supported by 2 team Rubicon, 1 city of Flint PD escort, and 1 Penske truck loaded with commodities.

Genesee County Health Department team out in the field
1 team with 2 personnel One LHD person (EH), One EPA person (for sampling)

- Responding to high lead homes – Made contact with all homes 150 ppb last Wednesday and will continue as long as they have resources.

Subject: SEOC Update 2/5/16 - Flint Water - Limited Distribution

Update 2/5/16 – 32nd Day (31st Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made. Special attention to apartments/multifamily residences.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.

- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Prepare of opening of secondary state warehouse

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data (NG field is showing 0 which is not correct). NG personnel are still at the PODs.
2. Sit Rep #31.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Saturday, February 6, 2016.
- MDOC will begin setting up Kroger warehouse.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- SBA declaration approved. SEOC Logistics will be working to identify office space in Flint for SBA staff.
- Recovery Branch estimate based on information collected last weekend is as follows:
    - 80 Complexes
    - 4170 Units
    - 2892 Assisted Living/Senior Housing (Dept of Aging)
- Information in DHHS Sit Rep is from GCCARD only, this information is not included in the daily totals.
- JIC issued a news release around 10 a.m. about the state of Michigan encouraging food establishments to take advantage free water safety inspections. The news release was picked up by the Associated Press and other news media outlets.
- JIC held a media event to encourage people to check out Flint area restaurants with Lt. Gov. Brian Calley and Michigan Department of Agriculture and Rural Development Director Jamie Clover Adams. Nine local and statewide news media members attended the event.
- Finance Section developed guidance for Flint Water Inter-Agency Coordinating Committee related to reimbursements for non-state employees.
- State Voluntary Agency Liaison (VAL) prepared list of NGOs involved in Flint for DHHS SERG grant application.
- State VAL worked on potential jobs funding with TIA via Dept of Labor.
- Question was asked from the Governor's office yesterday if commodities purchased could be returned. Per FEMA, any item such as filter, pitcher, cartridge etc. cannot be returned. Once procured via State RRF the state owns it - no returns. Water can be returned with 12 months remaining shelf life and in complete factory issued pallet w shrink wrap and the state will fund/ transport of returning water to the designated Distribution Center. FEMA will inspect all returning water prior to movement and water is limited to available storage space in the FEMA Distribution Centers which will range between 0-5 million liters. Quantity to be returned will be approved prior to movement based upon available space and known inbound inventory.
- DEQ finalized sentinel sampling plan to commence activities beginning February 10th, 2016.

- DEQ received 12 iPads for deployment with teams for status tracking.

Unified Coordination Group (UCG):

- Met with the nutrition task force today on request from the state.
- Cleared up misinformation on areas that have not been covered.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Developed floor plan proposal for new warehouse with warehouse workers.
- Recycling and water distribution event with MSU athletics.
- Establishing plan to provide public transit vouchers for travel to blood lead level test clinics.
- Work with Michigan Community Service Commission to align supplies and resources for PUR filter distribution effort next week.
- DEQ/Team Rubicon team visited 30 homes with water lead levels of 150 ppb.
- Developing plans for follow-up with residents at homes with water lead levels of 150 ppb.

Subject: SEOC Update 2/4/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/4/16 – 31st Day (30th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
  - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made. Special attention to apartments/multifamily residences.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
  - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
  - Includes filter replacement strategies.
- Submit SBA application.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data.
2. Sit Rep #30.

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Friday, February 5, 2016.
- FWICC and Mission Flint meetings in Flint.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Continued priority is the apartment list from 2/2/16.
- Recovery Branch worked with county and postal partners to collect information about home vacancies and resident's with forwarded mail addresses in order to ensure we are contacting all occupied residences in the City of Flint.
- Recovery Branch supported the efforts of MSDHA to provide resources to tenants in their facilities.
- JIC issued a media advisory about federal lead for Flint water crisis Dr. Nicole Lurie to visit EPA's command post.
- MDHHS provided a representative to accompany the MDEQ team to the high lead homes in Flint. The MDHHS representative will encourage individuals to have blood lead testing and answer health questions as necessary.
- GIS is working to develop a field application for MDEQ and MDHHS for field collection of water test data and health data respectively.
- SEOC and MTED are working with Department of Labor to identify grants that may be available to assist with jobs programs (wages, training, overhead, and potentially equipment and leasing resources). DOC looking at prisoner re-entry programs for those returning to Flint area.

Unified Coordination Group (UCG):

- Working on improving communication flow between UCG and state partners.
- Attended long term recovery meeting held by state VAL.
  - Discussed MARC model and potential transition plan.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Attended meeting with federal, state and local health and environmental agencies to establish process for notification of households with water test results that exceed 150 ppb.
- Attended two long term recovery planning meetings with SEOC staff, VOADs and local agencies (Flint Water Recovery Leadership group).
- Ensuring Community Access Center for the Deaf and Hard of Hearing receives appropriate supplies.
  - Briefed staff on site on filter installation and water sampling process.
- Clarified distribution process at city sites with Flint City Administrator's Office. Coordinating with Fire Department Quartermaster for supplying city sites.
- Addressing various public concerns, including identification of canvassing teams.
- Instituted credentialing verification process for 2-1-1 calls.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/3/16 – 30th Day (29th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Refocus state agencies on objectives, tasks in the Incident Action Plan and how we get to the end state/shift to longer term recovery.
- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Submit SBA application – outstanding item is the certification of availability of financial assistance. Priority item for the a.m. so this can get submitted. Press release has been completed.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. **Daily Summary of Data, full version and abridged (New reporting format – we will ensure we give liters of water and cases in the future)**
2. Residential Water Sampling Results Maps – Lead and Copper
3. SitRep 29

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Thursday, February 4, 2016.
- Will continue to target residences from the Apartment List from 2/2/16

Items to Note

- Paired down the list of parcels not visited from 2400 to 958. Will continue on 2/4/16 to identify any parcels not visited. Some parcels contain multifamily residences and those types of residences are being reviewed and targeted to ensure coverage.
- MDOC is going to look into their job programs for any prisoners begin release back into the Flint area. This will be in conjunction with any other job programs identified. We are working with MTED on solutions.
- DEQ and DHHS will be going to residences with >150 ppb starting tomorrow. They will be checking residences next to the one with the high lead level to see if this is a single residence issue or a bigger issue affecting the block or line in an area. This will not initially include EPA as they did not seem interested in combining teams but we are working on more collaboration without slowing us down.
- DEQ will have a representative in the UCG starting 2/4/15.
- Discussed with UPS on ways they can assist with Rapid Response Team and filter replacements in the future.
- Additional warehouse will be put in service potentially Saturday. Seventh Day Adventist are potentially going to operate it or help with operations to phase out state agency personnel and make it more community run. The warehouse does include some office space if needed.

- 10 ARC Flint Water Response Teams to the field today.
- Team Priority Visited Today: Apartment List from 2/2/16
- SEOC Logistics worked with MDOC on their assistance with warehouse management and staffing for new warehouse. Reached out to Food Bank on their recommendation and coordination for hours/days of operation of new warehouse.
- SEOC Operations attended a donations management meeting to discuss the need for a consolidated list of donated goods.
- JIC strategized with the U.S. Department of Health and Human Services and Environmental Protection Agency on how to better coordinate public information.

Unified Coordination Group (UCG):

- UCG IAP approved today for the operational period 0800 2/2/16 to 0800 2/4/16.
- The Federal Health Coordinating Officer had a meeting today with Economic Development and Housing and Urban Development.
- EMHSD liaison provided information on Michigan EM structure to Command.
- State JIC manager now in the communication loop for the UCG.
- UCG discussed MARCs and potential implementation.
- Capt. Kelenske met with Don Boyce from US DHHS to discuss concerns with Federal HHS and EPA and how we can move forward with better collaboration and coordination. Boyce also met with Governor's Office staff on same. The meeting went well and a solid relationship is in place with Boyce. He is a direct report to Dr. Lurie and will provide her some context on the issues and how we can move forward. He will be a good POC to assist us with any shifts in direction needed at the federal level.

Local EOC

- Coordinated rapid response deliveries to homebound residents and special locations.
- Working on refining rapid response delivery process.
    - Preparing transition from Team Rubicon personnel to NCCC teams, and eventually Southern Baptist Disaster Relief.
    - Coordinating with ARC for logistics support to NCCC teams (AmeriCorp).
- Working with ARC to ensure resource needs of franchise customers at Sunridge Apartments complex in Flint Township are met.
- Coordinating with MDEQ to streamline test kit assembly process.
- Attended distribution plan meeting with faith-based organizations, state, and local agencies.
- Referring VOADs to appropriate volunteer management agencies.
- Addressing various public concerns, including availability of supplies at child care facilities.

Subject: SEOC Update 2/8/16 - Flint Water - Limited Distribution

Update 2/8/16 – 35th Day (34th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
  - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
  - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
  - Includes filter replacement strategies.
- Open secondary state warehouse.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received January 22, 2016. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Governor's Report for 2/8/2016.
2. Sit Rep #34.

Key items for tomorrow to note are:

- Team Priority Scheduled Tomorrow: Active Water Subscribers without filters marked vacant
- 10 American Red Cross Teams scheduled for Tuesday, February 9
- Congressional and Legislative Call, 2:30 PM

Items to Note

- JIC Drafted a news release about the team visiting homes with high copper levels. Anticipate releasing tomorrow.
- SEOC Logistics had a conference call with Seventh Day Adventists on agreement and staffing for new warehouse.
- SEOC Planning developed a new Incident Action Plan for Operation Period from 2/9-2/16/2016.
- Requested monetary donation information from United Way and Community Foundation of Greater Flint.
- GIS develop an online application for Governor Snyder to view maps.

Unified Coordination Group (UCG):

- No updates.

Local EOC

- Establishing objectives and IAP for next operational period, 02/08/2016 – 02/12/2016.
- Awaiting additional information regarding companion animals with potential lead and chlorine poisoning from MDARD.
- Establishing plans for Elevated Copper Initial Assessment Task Force starting 02/08/2016 and follow-up outreach to homes with water lead levels over 150 ppb starting 02/10/2016.
- Aligning resources and supplies for Elevated Copper Initial Assessment Task Force and follow-up outreach to homes with water lead levels over 150 ppb.
- Analyzing locations of faith-based organizations and churches for integration into long-term recovery plans.

Chris

Update 2/7/16 – 34th Day (33rd Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.

- Includes filter replacement strategies.
- Soft opening of secondary state warehouse; clean and prep for SBA staff.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received January 22, 2016. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data – Note two new reports: GovReport
2. Sit Rep #33.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Monday, February 8, 2016.
- The new warehouse will be operational on Monday, February 8, 2016 and managed by MDOC.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- State VAL is working on the Category B and Individuals and Households appeal.
- There continues to be a concern that EPA refuses to work with the state teams in addressing the high lead level homes.
- Genesee County EM expressed concerns about lead poisoning in service/companion animals. MDARD has initiated contact with their partners to address this concern.
- 28 addresses have copper testing that exceeds the "action level" (1,300 ppb). DHHS is currently working on messaging regarding this issue, and DEQ is discussing filtering options.

Unified Coordination Group (UCG):

- Task Forces Health & Medical: working on creating a flow chart for visual of testing results.
- EPA conducted 11 filter grabs yesterday, and will be doing 2 today. This includes up to 33 samples per grab. A grab would be considered a location/residence. They are also following up on the AmeriCorps volunteers (2) that have rashes.

Local EOC

- Establishing objectives and IAP for next operational period, 02/08/2016 – 02/12/2016.
- Awaiting additional information regarding companion animals with potential lead and chlorine poisoning from MDARD.
- Establishing plans for Elevated Copper Initial Assessment Task Force starting 02/08/2016 and follow-up outreach to homes with water lead levels over 150 ppb starting 02/10/2016.
- Aligning resources and supplies for Elevated Copper Initial Assessment Task Force and follow-up outreach to homes with water lead levels over 150 ppb.
- Analyzing locations of faith-based organizations and churches for integration into long-term recovery plans.

Chris

Update 2/6/16 – 33rd Day (32nd Full Day) After Governor's Declaration of an Emergency

The link below is a new video published today by 211. This is part of the Rapid Response Teams currently staffed by Team Rubicon.

https://www.youtube.com/watch?v=P5Orqzc5efg

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Soft opening of secondary state warehouse; clean and prep for SBA staff.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data.
2. Sit Rep #32.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Sunday, February 7, 2016.
- MDOC will continue setting up the new warehouse.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- JIC posted the AIA Flint Safe Water Storage Guideline flyers on MI CIMS under internal documents.
- SEOC Logistics is working to secure space in new warehouse for SBA office, additional information needed from SBA.
- GIS geocoded and cleansed addresses for food establishments in the Flint Metro Area.
- GIS digitized water service lines coded by pressure from paper map onto digital map.
- State VAL is working on the Category B and Individuals and Households appeal.
- MOU with Seventh Day Adventist for donations management currently under review.
- MDARD is planning for additional follow up with food related businesses as water test results come in; new maps with updated information will help with future prioritization.
- MDARD will attend a USDA-Natural Resources Conservation Service press conference to be held on Monday; NRCS will be announcing funds to support community gardens and local foods.
- A team from the CDC arrived yesterday to work with MDHHS Bureau of Epidemiology. Their work began today by beginning to analyze data for the development of long term surveillance strategies that will look to link blood lead level results to specific populations, to include vulnerable and at-risk populations.
- LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
- Freeman Elementary was tested today (2/6/15) by DEQ/LARA staff members.

Unified Coordination Group (UCG):

- Attended 3 matrix review meetings, taskforce leads gave status updates on the original requests/asks sent from the State to Federal government.
- UCG POC will update the objectives with current status once completed by the information cell.
- EPA has 4 teams going out today, 17 filter grabs, a sequential sampling, and walk in requests.
- Additional phosphorus results remain consistent with previous reports. Appears the coating is working in the pipes.
- Multiple Hispanic events are taking place in the community and will be attended by federal staff.
- CDC recommendation should go out today for blood level testing for children under the age of 6.

Local EOC

- Finalized DEQ outreach at homes with water lead levels above 150 ppb.
- Developing plan for outreach at homes with water lead levels of 100 to 149 ppb.
- Will start outreach at homes with water lead levels of 100 to 149 ppb with one group on Monday.
- Potentially following up on initial outreach at homes with water lead levels of 100 to 149 ppb 10 strike teams for evaluation of pluming system, water sampling, etc. starting Wednesday.
- Evaluating need to address health needs of companion animals in households exceeding water lead levels above 100 ppb.
- Awaiting clarification regarding effectiveness of filter systems for removal of copper.

Below is a summary of Federal Teams in the field during next operational period until 2/10 per the UCG.

Public Health Support Team (PHST) (US HHS) stationed at GCHD

9 personnel

- Develop engagement strategy for GCHD to facilitate outreach efforts to the community members and community partners.
- Development database for incoming calls to standardize the responses to caller queries; develop resource list for GCHD.
- Two personnel will facilitate case management follow up on results from GCHD concerning water samples with high home water lead levels.
- Provide technical assistance and community health outreach support to GCHD and to the EPA field team during water sampling and rash investigations.
- Create email groups for email messaging blasts to community partners.

Behavior Health Team (US HHS) stationed at GCHD

4 personnel

- Develop Behavior Health Surveillance Plan and Gap Assessment.
- Provide Behavioral Health Support for community-based health and human service providers.

EPA Sampling Teams out in the field

3 teams with 3 personnel,

- Identify sampling locations based on State DEQ requests and/or inquiries from residents, schedule visits with residents.
- Develop facts sheets based on high lead homes and other facts sheets, as needed.
- Provide risk communications and test results to residents.
- Conduct sequential, filter pilot, and distribution system sampling.

High Lead Home Strike Team out in the field

5 personnel

One MDEQ rep (Taylor) with EPA high lead team.

- Conduct water sampling at residences with rash complaints
- High lead homes with no contact information

MDEQ (Provided by Mark Ducharme) out in the field

- One Initial Outreach Visit team consisting of 1 DEQ rep (Oeming) and 1 MDHHS rep (Groetsch), supported by 2 team Rubicon, 1 city of Flint PD escort, and 1 Penske truck loaded with commodities.

Genesee County Health Department team out in the field

1 team with 2 personnel One LHD person (EH), One EPA person (for sampling)

- Responding to high lead homes – Made contact with all homes 150 ppb last Wednesday and will continue as long as they have resources.

Subject: SEOC Update 2/5/16 - Flint Water - Limited Distribution

Update 2/5/16 – 32nd Day (31st Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made. Special attention to apartments/multifamily residences.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Prepare of opening of secondary state warehouse

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data (NG field is showing 0 which is not correct). NG personnel are still at the PODs.
2. Sit Rep #31.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Saturday, February 6, 2016.
- MDOC will begin setting up Kroger warehouse.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- SBA declaration approved. SEOC Logistics will be working to identify office space in Flint for SBA staff.
- Recovery Branch estimate based on information collected last weekend is as follows:
    - 80 Complexes
    - 4170 Units
    - 2892 Assisted Living/Senior Housing (Dept of Aging)
- Information in DHHS Sit Rep is from GCCARD only, this information is not included in the daily totals.
- JIC issued a news release around 10 a.m. about the state of Michigan encouraging food establishments to take advantage free water safety inspections. The news release was picked up by the Associated Press and other news media outlets.
- JIC held a media event to encourage people to check out Flint area restaurants with Lt. Gov. Brian Calley and Michigan Department of Agriculture and Rural Development Director Jamie Clover Adams. Nine local and statewide news media members attended the event.
- Finance Section developed guidance for Flint Water Inter-Agency Coordinating Committee related to reimbursements for non-state employees.
- State Voluntary Agency Liaison (VAL) prepared list of NGOs involved in Flint for DHHS SERG grant application.
- State VAL worked on potential jobs funding with TIA via Dept of Labor.
- Question was asked from the Governor's office yesterday if commodities purchased could be returned. Per FEMA, any item such as filter, pitcher, cartridge etc. cannot be returned. Once procured via State RRF the state owns it - no returns. Water can be returned with 12 months remaining shelf life and in complete factory issued pallet w shrink wrap and the state will fund/ transport of returning water to the designated Distribution Center. FEMA will inspect all returning water prior to movement and water is limited to available storage space in the FEMA Distribution Centers which will range between 0-5 million liters. Quantity to be returned will be approved prior to movement based upon available space and known inbound inventory.
- DEQ finalized sentinel sampling plan to commence activities beginning February 10th, 2016.
    - DEQ received 12 iPads for deployment with teams for status tracking.

<u>Unified Coordination Group (UCG):</u>

- Met with the nutrition task force today on request from the state.
- Cleared up misinformation on areas that have not been covered.

<u>Local EOC</u>

- Coordinating rapid response deliveries to homebound residents and special locations.
- Developed floor plan proposal for new warehouse with warehouse workers.
- Recycling and water distribution event with MSU athletics.
- Establishing plan to provide public transit vouchers for travel to blood lead level test clinics.
- Work with Michigan Community Service Commission to align supplies and resources for PUR filter distribution effort next week.
- DEQ/Team Rubicon team visited 30 homes with water lead levels of 150 ppb.
- Developing plans for follow-up with residents at homes with water lead levels of 150 ppb.

Subject: SEOC Update 2/4/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/4/16 – 31st Day (30th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
  - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made. Special attention to apartments/multifamily residences.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
  - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
  - Includes filter replacement strategies.
- Submit SBA application.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data.
2. Sit Rep #30.

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Friday, February 5, 2016.
- FWICC and Mission Flint meetings in Flint.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Continued priority is the apartment list from 2/2/16.
- Recovery Branch worked with county and postal partners to collect information about home vacancies and resident's with forwarded mail addresses in order to ensure we are contacting all occupied residences in the City of Flint.
- Recovery Branch supported the efforts of MSDHA to provide resources to tenants in their facilities.
- JIC issued a media advisory about federal lead for Flint water crisis Dr. Nicole Lurie to visit EPA's command post.
- MDHHS provided a representative to accompany the MDEQ team to the high lead homes in Flint. The MDHHS representative will encourage individuals to have blood lead testing and answer health questions as necessary.
- GIS is working to develop a field application for MDEQ and MDHHS for field collection of water test data and health data respectively.
- SEOC and MTED are working with Department of Labor to identify grants that may be available to assist with jobs programs (wages, training, overhead, and potentially equipment and leasing resources). DOC looking at prisoner re-entry programs for those returning to Flint area.

Unified Coordination Group (UCG):

- Working on improving communication flow between UCG and state partners.

- Attended long term recovery meeting held by state VAL.
  - Discussed MARC model and potential transition plan.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Attended meeting with federal, state and local health and environmental agencies to establish process for notification of households with water test results that exceed 150 ppb.
- Attended two long term recovery planning meetings with SEOC staff, VOADs and local agencies (Flint Water Recovery Leadership group).
- Ensuring Community Access Center for the Deaf and Hard of Hearing receives appropriate supplies.
  - Briefed staff on site on filter installation and water sampling process.
- Clarified distribution process at city sites with Flint City Administrator's Office. Coordinating with Fire Department Quartermaster for supplying city sites.
- Addressing various public concerns, including identification of canvassing teams.
- Instituted credentialing verification process for 2-1-1 calls.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/3/16 – 30th Day (29th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Refocus state agencies on objectives, tasks in the Incident Action Plan and how we get to the end state/shift to longer term recovery.
- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
  - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
  - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
  - Includes filter replacement strategies.
- Submit SBA application – outstanding item is the certification of availability of financial assistance. Priority item for the a.m. so this can get submitted. Press release has been completed.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. **Daily Summary of Data, full version and abridged (New reporting format – we will ensure we give liters of water and cases in the future)**
2. Residential Water Sampling Results Maps – Lead and Copper
3. SitRep 29

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Thursday, February 4, 2016.
- Will continue to target residences from the Apartment List from 2/2/16

Items to Note

- Paired down the list of parcels not visited from 2400 to 958. Will continue on 2/4/16 to identify any parcels not visited. Some parcels contain multifamily residences and those types of residences are being reviewed and targeted to ensure coverage.
- MDOC is going to look into their job programs for any prisoners begin release back into the Flint area. This will be in conjunction with any other job programs identified. We are working with MTED on solutions.
- DEQ and DHHS will be going to residences with >150 ppb starting tomorrow. They will be checking residences next to the one with the high lead level to see if this is a single residence issue or a bigger issue affecting the block or line in an area. This will not initially include EPA as they did not seem interested in combining teams but we are working on more collaboration without slowing us down.
- DEQ will have a representative in the UCG starting 2/4/15.
- Discussed with UPS on ways they can assist with Rapid Response Team and filter replacements in the future.
- Additional warehouse will be put in service potentially Saturday. Seventh Day Adventist are potentially going to operate it or help with operations to phase out state agency personnel and make it more community run. The warehouse does include some office space if needed.
- 10 ARC Flint Water Response Teams to the field today.
- Team Priority Visited Today: Apartment List from 2/2/16
- SEOC Logistics worked with MDOC on their assistance with warehouse management and staffing for new warehouse. Reached out to Food Bank on their recommendation and coordination for hours/days of operation of new warehouse.
- SEOC Operations attended a donations management meeting to discuss the need for a consolidated list of donated goods.
- JIC strategized with the U.S. Department of Health and Human Services and Environmental Protection Agency on how to better coordinate public information.

Unified Coordination Group (UCG):

- UCG IAP approved today for the operational period 0800 2/2/16 to 0800 2/4/16.
- The Federal Health Coordinating Officer had a meeting today with Economic Development and Housing and Urban Development.
- EMHSD liaison provided information on Michigan EM structure to Command.
- State JIC manager now in the communication loop for the UCG.
- UCG discussed MARCs and potential implementation.
- Capt. Kelenske met with Don Boyce from US DHHS to discuss concerns with Federal HHS and EPA and how we can move forward with better collaboration and coordination. Boyce also met with Governor's Office staff on same. The meeting went well and a solid relationship is in place with Boyce. He is a direct report to Dr. Lurie and will provide her some context on the issues and how we can move forward. He will be a good POC to assist us with any shifts in direction needed at the federal level.

Local EOC

- Coordinated rapid response deliveries to homebound residents and special locations.
- Working on refining rapid response delivery process.
    - Preparing transition from Team Rubicon personnel to NCCC teams, and eventually Southern Baptist Disaster Relief.
    - Coordinating with ARC for logistics support to NCCC teams (AmeriCorp).
- Working with ARC to ensure resource needs of franchise customers at Sunridge Apartments complex in Flint Township are met.
- Coordinating with MDEQ to streamline test kit assembly process.
- Attended distribution plan meeting with faith-based organizations, state, and local agencies.
- Referring VOADs to appropriate volunteer management agencies.

- Addressing various public concerns, including availability of supplies at child care facilities.

Update 2/8/16 – 35th Day (34th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Open secondary state warehouse.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received January 22, 2016. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Governor's Report for 2/8/2016.
2. Sit Rep #34.

Key items for tomorrow to note are:

- Team Priority Scheduled Tomorrow: Active Water Subscribers without filters marked vacant
- 10 American Red Cross Teams scheduled for Tuesday, February 9
- Congressional and Legislative Call, 2:30 PM

Items to Note

- JIC Drafted a news release about the team visiting homes with high copper levels. Anticipate releasing tomorrow.
- SEOC Logistics had a conference call with Seventh Day Adventists on agreement and staffing for new warehouse.
- SEOC Planning developed a new Incident Action Plan for Operation Period from 2/9-2/16/2016.
- Requested monetary donation information from United Way and Community Foundation of Greater Flint.
- GIS develop an online application for Governor Snyder to view maps.

Unified Coordination Group (UCG):

- No updates.

Local EOC

- Establishing objectives and IAP for next operational period, 02/08/2016 – 02/12/2016.
- Awaiting additional information regarding companion animals with potential lead and chlorine poisoning from MDARD.
- Establishing plans for Elevated Copper Initial Assessment Task Force starting 02/08/2016 and follow-up outreach to homes with water lead levels over 150 ppb starting 02/10/2016.
- Aligning resources and supplies for Elevated Copper Initial Assessment Task Force and follow-up outreach to homes with water lead levels over 150 ppb.
- Analyzing locations of faith-based organizations and churches for integration into long-term recovery plans.

Chris

Update 2/7/16 – 34th Day (33rd Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Soft opening of secondary state warehouse; clean and prep for SBA staff.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received January 22, 2016. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data – Note two new reports: GovReport
2. Sit Rep #33.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Monday, February 8, 2016.
- The new warehouse will be operational on Monday, February 8, 2016 and managed by MDOC.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- State VAL is working on the Category B and Individuals and Households appeal.
- There continues to be a concern that EPA refuses to work with the state teams in addressing the high lead level homes.
- Genesee County EM expressed concerns about lead poisoning in service/companion animals. MDARD has initiated contact with their partners to address this concern.
- 28 addresses have copper testing that exceeds the "action level" (1,300 ppb). DHHS is currently working on messaging regarding this issue, and DEQ is discussing filtering options.

Unified Coordination Group (UCG):

- Task Forces Health & Medical: working on creating a flow chart for visual of testing results.
- EPA conducted 11 filter grabs yesterday, and will be doing 2 today. This includes up to 33 samples per grab. A grab would be considered a location/residence. They are also following up on the AmeriCorps volunteers (2) that have rashes.

Local EOC

- Establishing objectives and IAP for next operational period, 02/08/2016 – 02/12/2016.
- Awaiting additional information regarding companion animals with potential lead and chlorine poisoning from MDARD.
- Establishing plans for Elevated Copper Initial Assessment Task Force starting 02/08/2016 and follow-up outreach to homes with water lead levels over 150 ppb starting 02/10/2016.
- Aligning resources and supplies for Elevated Copper Initial Assessment Task Force and follow-up outreach to homes with water lead levels over 150 ppb.
- Analyzing locations of faith-based organizations and churches for integration into long-term recovery plans.

Chris

Update 2/6/16 – 33rd Day (32nd Full Day) After Governor's Declaration of an Emergency

The link below is a new video published today by 211. This is part of the Rapid Response Teams currently staffed by Team Rubicon.

https://www.youtube.com/watch?v=P5Orqzc5efg

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.

- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Soft opening of secondary state warehouse; clean and prep for SBA staff.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data.
2. Sit Rep #32.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Sunday, February 7, 2016.
- MDOC will continue setting up the new warehouse.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- JIC posted the AIA Flint Safe Water Storage Guideline flyers on MI CIMS under internal documents.
- SEOC Logistics is working to secure space in new warehouse for SBA office, additional information needed from SBA.
- GIS geocoded and cleansed addresses for food establishments in the Flint Metro Area.
- GIS digitized water service lines coded by pressure from paper map onto digital map.
- State VAL is working on the Category B and Individuals and Households appeal.
- MOU with Seventh Day Adventist for donations management currently under review.
- MDARD is planning for additional follow up with food related businesses as water test results come in; new maps with updated information will help with future prioritization.
- MDARD will attend a USDA-Natural Resources Conservation Service press conference to be held on Monday; NRCS will be announcing funds to support community gardens and local foods.
- A team from the CDC arrived yesterday to work with MDHHS Bureau of Epidemiology. Their work began today by beginning to analyze data for the development of long term surveillance strategies that will look to link blood lead level results to specific populations, to include vulnerable and at-risk populations.
- LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
- Freeman Elementary was tested today (2/6/15) by DEQ/LARA staff members.

Unified Coordination Group (UCG):

- Attended 3 matrix review meetings, taskforce leads gave status updates on the original requests/asks sent from the State to Federal government.
- UCG POC will update the objectives with current status once completed by the information cell.
- EPA has 4 teams going out today, 17 filter grabs, a sequential sampling, and walk in requests.
- Additional phosphorus results remain consistent with previous reports. Appears the coating is working in the pipes.
- Multiple Hispanic events are taking place in the community and will be attended by federal staff.
- CDC recommendation should go out today for blood level testing for children under the age of 6.

Local EOC

- Finalized DEQ outreach at homes with water lead levels above 150 ppb.
- Developing plan for outreach at homes with water lead levels of 100 to 149 ppb.
- Will start outreach at homes with water lead levels of 100 to 149 ppb with one group on Monday.
- Potentially following up on initial outreach at homes with water lead levels of 100 to 149 ppb 10 strike teams for evaluation of pluming system, water sampling, etc. starting Wednesday.
- Evaluating need to address health needs of companion animals in households exceeding water lead levels above 100 ppb.
- Awaiting clarification regarding effectiveness of filter systems for removal of copper.

Below is a summary of Federal Teams in the field during next operational period until 2/10 per the UCG.

Public Health Support Team (PHST) (US HHS) stationed at GCHD

9 personnel

- Develop engagement strategy for GCHD to facilitate outreach efforts to the community members and community partners.
- Development database for incoming calls to standardize the responses to caller queries; develop resource list for GCHD.
- Two personnel will facilitate case management follow up on results from GCHD concerning water samples with high home water lead levels.
- Provide technical assistance and community health outreach support to GCHD and to the EPA field team during water sampling and rash investigations.
- Create email groups for email messaging blasts to community partners.

Behavior Health Team (US HHS) stationed at GCHD

4 personnel

- Develop Behavior Health Surveillance Plan and Gap Assessment.
- Provide Behavioral Health Support for community-based health and human service providers.

EPA Sampling Teams out in the field

3 teams with 3 personnel,

- Identify sampling locations based on State DEQ requests and/or inquiries from residents, schedule visits with residents.
- Develop facts sheets based on high lead homes and other facts sheets, as needed.
- Provide risk communications and test results to residents.
- Conduct sequential, filter pilot, and distribution system sampling.

High Lead Home Strike Team out in the field

5 personnel

One MDEQ rep (Taylor) with EPA high lead team.

- Conduct water sampling at residences with rash complaints
- High lead homes with no contact information

MDEQ (Provided by Mark Ducharme) out in the field

- One Initial Outreach Visit team consisting of 1 DEQ rep (Oeming) and 1 MDHHS rep (Groetsch), supported by 2 team Rubicon, 1 city of Flint PD escort, and 1 Penske truck loaded with commodities.

Genesee County Health Department team out in the field

1 team with 2 personnel One LHD person (EH), One EPA person (for sampling)

- Responding to high lead homes – Made contact with all homes 150 ppb last Wednesday and will continue as long as they have resources.

Subject: SEOC Update 2/5/16 - Flint Water - Limited Distribution

Update 2/5/16 – 32nd Day (31st Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made. Special attention to apartments/multifamily residences.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Prepare of opening of secondary state warehouse

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data (NG field is showing 0 which is not correct). NG personnel are still at the PODs.
2. Sit Rep #31.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Saturday, February 6, 2016.
- MDOC will begin setting up Kroger warehouse.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- SBA declaration approved. SEOC Logistics will be working to identify office space in Flint for SBA staff.
- Recovery Branch estimate based on information collected last weekend is as follows:
    - 80 Complexes
    - 4170 Units
    - 2892 Assisted Living/Senior Housing (Dept of Aging)
- Information in DHHS Sit Rep is from GCCARD only, this information is not included in the daily totals.

- JIC issued a news release around 10 a.m. about the state of Michigan encouraging food establishments to take advantage free water safety inspections. The news release was picked up by the Associated Press and other news media outlets.
- JIC held a media event to encourage people to check out Flint area restaurants with Lt. Gov. Brian Calley and Michigan Department of Agriculture and Rural Development Director Jamie Clover Adams. Nine local and statewide news media members attended the event.
- Finance Section developed guidance for Flint Water Inter-Agency Coordinating Committee related to reimbursements for non-state employees.
- State Voluntary Agency Liaison (VAL) prepared list of NGOs involved in Flint for DHHS SERG grant application.
- State VAL worked on potential jobs funding with TIA via Dept of Labor.
- Question was asked from the Governor's office yesterday if commodities purchased could be returned. Per FEMA, any item such as filter, pitcher, cartridge etc. cannot be returned. Once procured via State RRF the state owns it - no returns. Water can be returned with 12 months remaining shelf life and in complete factory issued pallet w shrink wrap and the state will fund/ transport of returning water to the designated Distribution Center. FEMA will inspect all returning water prior to movement and water is limited to available storage space in the FEMA Distribution Centers which will range between 0-5 million liters. Quantity to be returned will be approved prior to movement based upon available space and known inbound inventory.
- DEQ finalized sentinel sampling plan to commence activities beginning February 10th, 2016.
    - DEQ received 12 iPads for deployment with teams for status tracking.

Unified Coordination Group (UCG):

- Met with the nutrition task force today on request from the state.
- Cleared up misinformation on areas that have not been covered.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Developed floor plan proposal for new warehouse with warehouse workers.
- Recycling and water distribution event with MSU athletics.
- Establishing plan to provide public transit vouchers for travel to blood lead level test clinics.
- Work with Michigan Community Service Commission to align supplies and resources for PUR filter distribution effort next week.
- DEQ/Team Rubicon team visited 30 homes with water lead levels of 150 ppb.
- Developing plans for follow-up with residents at homes with water lead levels of 150 ppb.

Subject: SEOC Update 2/4/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/4/16 – 31st Day (30th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.

- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made. Special attention to apartments/multifamily residences.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Submit SBA application.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data.
2. Sit Rep #30.

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Friday, February 5, 2016.
- FWICC and Mission Flint meetings in Flint.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Continued priority is the apartment list from 2/2/16.
- Recovery Branch worked with county and postal partners to collect information about home vacancies and resident's with forwarded mail addresses in order to ensure we are contacting all occupied residences in the City of Flint.
- Recovery Branch supported the efforts of MSDHA to provide resources to tenants in their facilities.
- JIC issued a media advisory about federal lead for Flint water crisis Dr. Nicole Lurie to visit EPA's command post.
- MDHHS provided a representative to accompany the MDEQ team to the high lead homes in Flint. The MDHHS representative will encourage individuals to have blood lead testing and answer health questions as necessary.
- GIS is working to develop a field application for MDEQ and MDHHS for field collection of water test data and health data respectively.
- SEOC and MTED are working with Department of Labor to identify grants that may be available to assist with jobs programs (wages, training, overhead, and potentially equipment and leasing resources). DOC looking at prisoner re-entry programs for those returning to Flint area.

Unified Coordination Group (UCG):

- Working on improving communication flow between UCG and state partners.
- Attended long term recovery meeting held by state VAL.
    - Discussed MARC model and potential transition plan.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Attended meeting with federal, state and local health and environmental agencies to establish process for notification of households with water test results that exceed 150 ppb.
- Attended two long term recovery planning meetings with SEOC staff, VOADs and local agencies (Flint Water Recovery Leadership group).

- Ensuring Community Access Center for the Deaf and Hard of Hearing receives appropriate supplies.
    - Briefed staff on site on filter installation and water sampling process.
- Clarified distribution process at city sites with Flint City Administrator's Office. Coordinating with Fire Department Quartermaster for supplying city sites.
- Addressing various public concerns, including identification of canvassing teams.
- Instituted credentialing verification process for 2-1-1 calls.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/3/16 – 30th Day (29th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Refocus state agencies on objectives, tasks in the Incident Action Plan and how we get to the end state/shift to longer term recovery.
- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Submit SBA application – outstanding item is the certification of availability of financial assistance. Priority item for the a.m. so this can get submitted. Press release has been completed.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. **Daily Summary of Data, full version and abridged (New reporting format – we will ensure we give liters of water and cases in the future)**
2. Residential Water Sampling Results Maps – Lead and Copper
3. SitRep 29

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Thursday, February 4, 2016.
- Will continue to target residences from the Apartment List from 2/2/16

Items to Note

- Paired down the list of parcels not visited from 2400 to 958. Will continue on 2/4/16 to identify any parcels not visited. Some parcels contain multifamily residences and those types of residences are being reviewed and targeted to ensure coverage.

- MDOC is going to look into their job programs for any prisoners begin release back into the Flint area. This will be in conjunction with any other job programs identified. We are working with MTED on solutions.
- DEQ and DHHS will be going to residences with >150 ppb starting tomorrow. They will be checking residences next to the one with the high lead level to see if this is a single residence issue or a bigger issue affecting the block or line in an area. This will not initially include EPA as they did not seem interested in combining teams but we are working on more collaboration without slowing us down.
- DEQ will have a representative in the UCG starting 2/4/15.
- Discussed with UPS on ways they can assist with Rapid Response Team and filter replacements in the future.
- Additional warehouse will be put in service potentially Saturday. Seventh Day Adventist are potentially going to operate it or help with operations to phase out state agency personnel and make it more community run. The warehouse does include some office space if needed.
- 10 ARC Flint Water Response Teams to the field today.
- Team Priority Visited Today: Apartment List from 2/2/16
- SEOC Logistics worked with MDOC on their assistance with warehouse management and staffing for new warehouse. Reached out to Food Bank on their recommendation and coordination for hours/days of operation of new warehouse.
- SEOC Operations attended a donations management meeting to discuss the need for a consolidated list of donated goods.
- JIC strategized with the U.S. Department of Health and Human Services and Environmental Protection Agency on how to better coordinate public information.

Unified Coordination Group (UCG):

- UCG IAP approved today for the operational period 0800 2/2/16 to 0800 2/4/16.
- The Federal Health Coordinating Officer had a meeting today with Economic Development and Housing and Urban Development.
- EMHSD liaison provided information on Michigan EM structure to Command.
- State JIC manager now in the communication loop for the UCG.
- UCG discussed MARCs and potential implementation.
- Capt. Kelenske met with Don Boyce from US DHHS to discuss concerns with Federal HHS and EPA and how we can move forward with better collaboration and coordination. Boyce also met with Governor's Office staff on same. The meeting went well and a solid relationship is in place with Boyce. He is a direct report to Dr. Lurie and will provide her some context on the issues and how we can move forward. He will be a good POC to assist us with any shifts in direction needed at the federal level.

Local EOC

- Coordinated rapid response deliveries to homebound residents and special locations.
- Working on refining rapid response delivery process.
    - Preparing transition from Team Rubicon personnel to NCCC teams, and eventually Southern Baptist Disaster Relief.
    - Coordinating with ARC for logistics support to NCCC teams (AmeriCorp).
- Working with ARC to ensure resource needs of franchise customers at Sunridge Apartments complex in Flint Township are met.
- Coordinating with MDEQ to streamline test kit assembly process.
- Attended distribution plan meeting with faith-based organizations, state, and local agencies.
- Referring VOADs to appropriate volunteer management agencies.
- Addressing various public concerns, including availability of supplies at child care facilities.

FLINT WATER RESPONSE TEAM

UPDATE | MONDAY, FEBRUARY 8, 2016

This daily update is being issued in order to provide the latest information regarding actions and available resources.

Michigan partners with Flint human service groups to hire 50 Flint residents to assist with water testing

Flint residents will be hired to assist with water testing under a new partnership forged Friday between the state and Flint human service groups. The partnership with Orchards Children's Services and Flint YMCA's Safe Places Program will help hire and train 50 residents this month to fill jobs on teams helping conduct water tests across the city. Details on how to apply are available here.

CBS: Flint residents will be hired to help test water

Flint families need critical clean water resources. Since January 9, the state has distributed:

- 293,809 cases of bottled water
- 104,256 water filters
- 210,596 replacement cartridges
- 35,499 water testing kits

REMINDERS

- For Flint water assistance: Dial United Way 211 or visit www.mi.gov/FlintWater
- To donate or volunteer: visit www.HelpForFlint.com
- Residents should install filters to their taps to ensure they have immediate and ongoing access to safe water. Only run cold water through the water filter and use filtered water for

drinking and cooking. Monitor the cartridge on the filter and replace as needed.

WATER RESOURCE LOCATIONS
These sites are open seven days a week from 9 a.m. to 9 p.m. with the following resources:

- Bottled water
- Water filters
- Replacement cartridges for water filters
- Water testing kits pick-up
- Drop-off location for water testing kits

Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Rd.
Flint, MI 48506

Fire Station #6
716 West Pierson Rd.
Flint, MI 48505

Fire Station #8
202 East Atherton Rd.
Flint, MI 48507

We will continue to work to improve the water situation in Flint. Community members and local officials are working together to make sure we hear and respond to concerns. Governor Snyder will continue to keep you updated on the latest news and information. **If you don't find the resources you need by dialing United Way 211 please call the Governor's office directly at 517-335-7858.**

Meegan – per our conversation, this is the best comparison I could come up with. If the document is on this list, we are getting it translated or it hasn't hit the web page yet. I know there will be more Hmong documents coming. Hope it helps or doesn't confuse anyone more than we already are...!

This is the daily 2-1-1 summary on the Flint Water Response for Monday, February 8, 2016

GENERAL INFORMATION:

- **Beyoncé post-Superbowl announcement of United Way partnership to help Flint**

As part of her Formation World Tour, Beyoncé will be asking fans to support their local United Ways and will include a special request to help in Flint. She will also be partnering with the Community Foundation of Greater Flint to create a fund that will address long-term developmental, education, nutrition and health needs of Flint children.
http://investors.livenationentertainment.com/news-center/news-center-details/2016/BEYONC-ANNOUNCES-THE-FORMATION-WORLD-TOUR/default.aspx

Reminder: City of Flint Furlough February 12-15, 2016: Flint City employees will be out on furlough from Friday February 12 through Monday February 15, returning to work on Tuesday. This is a reminder to all partners working with the City of Flint to coordinate activities and ensure coverage for essential activities.

CALL VOLUME:

Flint Water Calls to 2-1-1: Feb 1 – 7, 2016

		Service Requests		
	Calls received	Referrals Made	Unmet needs**	Total Requests
Flint Water	994	1,254	36	1,290
All 211 Calls Statewide	9,479	9,078	604	9,682
Flint Daily Average	142/day	179/day	5.1/day	184/day
State Daily Average	1,354/day	1,296/day	86/day	1,383/day
% Calls For Flint	10.5%	13.8%	6.0%	13.3%

** Percent of Flint calls resulting in unmet needs is down to 2.9% of Flint-related calls.

SPECIAL NEEDS/REQUESTS

☐ **Residents are asking for help understanding lead testing results.** Results are beginning to arrive at people's homes and they are looking for information on how to interpret results and understanding what will happen next. **Can the SEOC provide guidance on the follow up process for households that have received their test results, particularly if the results indicate high lead levels.**

☐ **Residents have asked for the results link to be prominently featured on the Flint Water Site.** The link for residents to check water results on the www/michigan.gov/flintwater web has changed several times in the past week making it difficult for 2-1-1 staff to direct residents appropriately to locate their test results on the state web site.

☐ **National Federation of the Blind of Michigan asks SEOC to follow up** with, Vice President of the Genesee Chapter to coordinate translation of water resource information into braille. Georgia Kitchen: 810-767-0870.

RUMOR/SCAM CONTROL

☑ **UPDATE: Inmates with limited water access/residents arrested during water deliveries**

United Way of Genesee County provided a link to an MLive article refuting this story:
http://www.mlive.com/news/flint/index.ssf/2016/02/police_debunk_rumor_cops_using.html#comments

UNRESOLVED

Many thanks to Sheryl Thompson and Angela Minicuci at DHHS for their efforts to address these unresolved issues.

☑ **From 1/18/16:** Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue. **From DHHS:** ***"No cut-off date has been established and donations continue to come in."***

☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?

☑ **From 1/20/16:** Michigan 2-1-1 heard an anecdotal report today that real estate agents are reluctant to close sales in Flint because they cannot verify the any properties are free from lead contamination. **Is there are state agency or partner who can give real estate agency and home inspectors information on their potential liability. From DHHS:** *"Under the regulations of the Environmental Protection Agency, there are lead-based* ***paint*** *disclosure requirements any time a home is sold. But when it comes to lead in* ***water*** *for homes in Flint, while there are no similar requirements, we do recommend that individuals looking to buy or sell homes in Flint consider having their water tested. Water testing continues to be available through the City of Flint, or Flint Water Plant by calling 810-648-6942."*

☑ **From 1/25/26:** Organizations distributing bottles to collect water samples report running out of bottles. **Is there a contact for individuals and organizations to get additional testing sample bottles? From DHHS:** *"To get a free water test, visit a water resource site, Flint City Hall, or call the Flint Water Plant at 810-787-6537."*

☑ **From 1/26/26:** Callers are asking about the efficacy of various water filters and whole-home filtration system to screen out lead. **Is there an state- or independently-vetted list of effective filters available for residents to reference. From DHHS:** *"All water filters distributed by the State of Michigan are certified by NSF International for lead reduction. Individuals wishing to verify that a specific filter is NSF-certified can do so via the NSF website.*

NSF Statement on Flint: http://www.nsf.org/newsroom/statement-regarding-flint-water-system-lead-issue-and-to-certification-nsf/

NSF List of Certified Filters: http://www.nsf.org/

☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through Good360 or another supplier? UPDATE:** The Michigan 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.

☑ **From 1/26/26:** Callers are asking about the availability of whole-home filtration systems. **Is there any guidance on whether this is being considered as an option for residents? FROM DHHS:** *"At this time DHHS is not aware of any discussion around whole-home filtration. The coating of the pipes remains a top priority. Ensuring the pipes are properly coated to prevent the leaching of lead into the water will help restore safe drinking water citywide."*

☑ **From 2/1/16:** 2-1-1 received a related rumor that due to the class-action lawsuits filed against the state, MDEQ will no longer be able to process lead tests for Flint residents. **Can SEOC investigate this rumor and determine whether or not it is true? FROM DHHS:** *"This is incorrect. Lead in water tests continue to be processed by the state."*

☑ **From 2/1/16:** A few callers are expressing concerns about the reliability of MDEQ test results and are asking how to get independent lab testing for free or low cost. **FROM DHHS:** *"While we cannot provide guidance on independent lab testing, anyone with questions about their test results can call the Genesee County Health Department directly at 810-257-3603."*

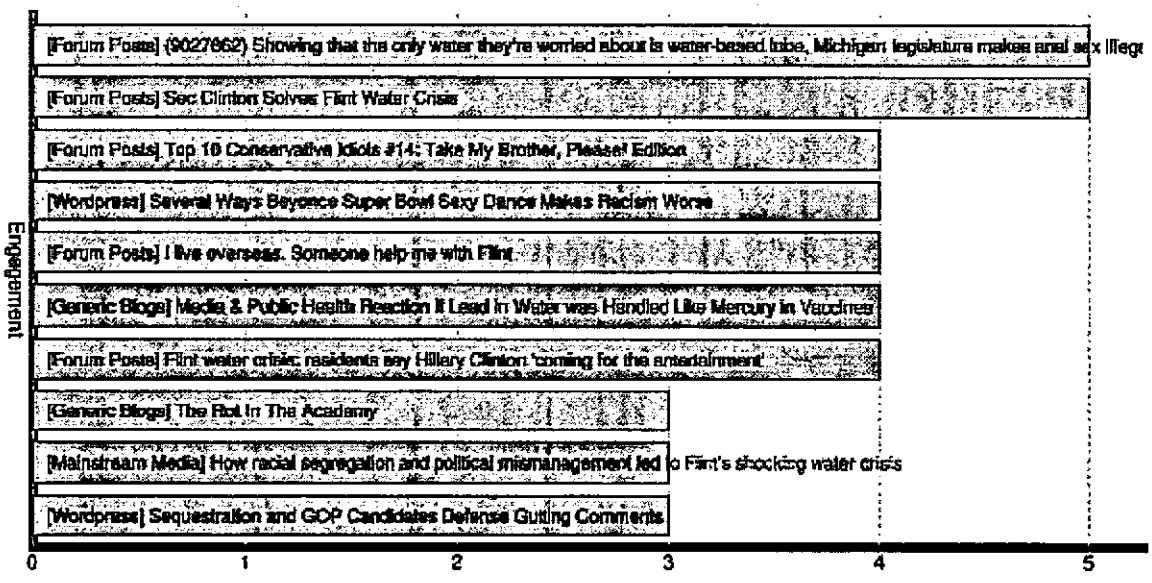
Daily Social Summary: Top Stories Flint Water from Radian6

This is an automatically generated daily report utilizing Radian6 showing two items: (1) Top 10 trending social and online news stories for the day and (2) social media content and news stories manually flagged by the JIC social media admin.

Contact Chad Wiebesick, Director of Social Median and Interactive Marketing at MEDC, wiebesickc@michigan.org if there are any questions.

Daily Top 10 Trending Stories

This is a collection of the Top 10 stories published online and/or shared on social media. The Radian6 tool monitors both the social web (Facebook, Twitter, blogs, forums, etc.) and also online mainstream news outlets (e.g. NewYorkTimes.com, WSJ.com, MLive.com etc).



Flagged Social Content and News Stories

This is a collection of social content, online trending stories, online videos and other items across the social web flagged by the JIC social media manager. These items were flagged because they were deemed significant or were noteworthy in some fashion. Keep in mind there are more than 1,000 tweets per hour around the Flint water emergency.

Flint Water Daily Update
Updated Feb. 8

Current Issues Talking Points

State partners with Flint human service groups to assist with water testing

- Water testing teams need extra hands to get the job done in a timely manner.
- The new partnership between the state and Flint area organizations - Orchards Children's Services and Flint YMCA's Safe Places Program – will hire and train 50 Flint residents this month to help conduct water tests for their fellow community member across the city.
    - More residents will be hired as more work is identified.
- The partnership is part of a comprehensive effort to help ensure Flint families benefit from both short-term and long-term opportunities created by relief efforts.
- Comprehensive water testing is a necessary step along Flint's road to recovery.
- The health, safety and well-being of Flint families remains a top priority as we work together to ensure progress in the city.
- Free water testing kits are also still available at Fire Stations 1,3,5,6, and 8. Water samples should be returned to the fire stations for testing.
- Until water is declared safe, people should continue to follow established safety protocols.

Governor invited to testify at Congressional Hearing

- The Governor received an invitation to testify at the Democratic Steering and Policy Committee hearing in Washington D.C. next week.
- The Governor has denied the invitation as he will be giving the formal FY 2017 budget presentation the same day in Lansing.
- As part of the budget proposal, the Governor will outline long-term funding efforts to aide in Flint's recovery.
- To date, the state has allocated $37.3 million in emergency funding for Flint.

- The Governor also proposed and the Senate has approved an additional $30 million the city could use to help relieve Flint residents of a portion of their water bill.
  - The $30 million recommendation must also be approved by the House before it going into effect.

As long as Ginna Holmes at the Michigan Community Service Commission (DHHS) Services can take this on, you should be good to go. They are handling major donations like this, and respond to the emails from flintdonations@michigan.gov. They would need to coordinate transport from the train to the warehouse.

Tim, would you mind emailing that email address and checking?

The train would be coming from Chicago to Flint on the back of the Blue Water Amtrak service. The logistic would be unloading at the Amtrak station in Flint or dropping off the baggage car to be unloaded and if it is in the winter having the water freeze since the baggage cars aren't heated.

Jeff,

The logistics could be interesting (I'm not sure how they handle cargo nowadays between Canada and the U.S.).

Since this is a donation, you could send this to flintdonations@michigan.gov to see if this is something they could coordinate.

Thanks!

Subject: Amtrak

On our weekly call with Amtrak this morning they mentioned they have been in contact with the mayor of Flint about how Amtrak can help. Apparently there are communities on the east coast who would like to send water to Flint and Amtrak is offering to us a baggage car on the Blue Water to deliver the water. What are your thoughts on this?

Gov. Rick Snyder: State partners with Flint human service groups to hire 50 Flint residents to assist with water testing

Additional residents to be hired as more work is identified

FLINT, Mich. –Flint residents will be hired to assist with water testing under a new partnership forged Friday between the state and Flint human service groups, Gov. Rick Snyder announced today.

The partnership with Orchards Children's Services and Flint YMCA's Safe Places Program will help hire and train 50 residents this month to fill jobs on teams helping conduct water tests across the city.

"The people of Flint deserve timely action on emergency efforts to help the city move toward recovery," Snyder said. "We realize our water testing teams need more manpower to get the job done. There is no one better suited to help the city bounce back than Flint residents themselves and we appreciate Orchards Children's Services and the YMCA for helping connect Flint talent with this important positions."

Snyder said this hiring is part of a larger and ongoing effort to ensure Flint residents benefit from

opportunities created by relief efforts in response to the water crisis.

"Orchards Children's Services and the YMCA are committed to serving children and families in Flint as we have done long before this crisis and will do long after," said Michael Williams, president of Orchards Children's Services. "The solution to this situation should involve the people of Flint and that is why we are partnering with the state to strengthen our community for the future."

Details on how to apply are available at http://www.orchards.org.

Flint food establishments urged to get water inspections (AP)
Officials are encouraging food establishments in Flint to take advantage of free water safety inspections being offered

amid the city's crisis with lead-tainted water.

Flint restaurants working to get the lead out of their water (Michigan Radio)
There's a sign on the front door of Blackstone's Pub and Grill in downtown Flint. It reads: Water Test: Lead Free.

Lt. Gov. Calley deflects calls for Snyder to resign (Detroit News)
Lt. Gov. Brian Calley deflected questions Friday about whether Gov. Rick Snyder should resign for the Flint contaminated water crisis as Democrats continued a drumbeat of calls for the ouster.

Lt. Gov. Brian Calley begs people to visit Flint during water crisis (MLive)
Lt. Gov. Brian Calley pleaded for people to come visit Flint's restaurants despite the negativity surrounding the toxic lead levels in the water here.

Snyder: Feds OK loans for small businesses in Flint (Detroit News)
Gov. Rick Snyder announced Friday the federal Small Business Administration has approved his request for low-interest disaster loans for businesses affected by Flint's lead-tainted water.

FLINT

Democrats rip Flints response, pitch Kildee's $1.5B plan (Detroit Free Press)
U.S. Rep. Dan Kildee led a group of fellow House Democrats through Flint on Saturday, meeting with residents affected by the city's water crisis and making the case for his new, $1.5-billion Flint aid bill, which he concedes faces long odds in Washington.

Flint mayor thanks Hillary Clinton for helping get fed action on water crisis (MLive)
Mayor Karen Weaver thanked Hillary Clinton, saying the former Secretary of State's concern over the city's water crisis helped spur government action for the residents of Flint.

Hillary Clinton's Flint water crisis visit drawing supporters, critics (MLive)
Democratic presidential candidate Hillary Clinton's visit to Flint is drawing residents from around the state.

What nobody is talking about in Flint (Huffington Post)
Governor Rick Snyder was inaugurated on January 1, 2010. Coming from big business and venture capital, he only took six weeks in office to propose a radical redistribution of the state's shrinking tax base. Snyder's budget completely gutted the state's complex business tax, replacing it with a significantly lower flat tax on corporations.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- State VAL is working on the Category B and Individuals and Households appeal.
- There continues to be a concern that EPA refuses to work with the state teams in addressing the high lead level homes.
- Genesee County EM expressed concerns about lead poisoning in service/companion animals. MDARD has initiated contact with their partners to address this concern.
- 28 addresses have copper testing that exceeds the "action level" (1,300 ppb). DHHS is currently working on messaging regarding this issue, and DEQ is discussing filtering options.

Unified Coordination Group (UCG):

- Task Forces Health & Medical: working on creating a flow chart for visual of testing results.
- EPA conducted 11 filter grabs yesterday, and will be doing 2 today. This includes up to 33 samples per grab. A grab would be considered a location/residence. They are also following up on the AmeriCorps volunteers (2) that have rashes.

Local EOC

- Establishing objectives and IAP for next operational period, 02/08/2016 – 02/12/2016.
- Awaiting additional information regarding companion animals with potential lead and chlorine poisoning from MDARD.
- Establishing plans for Elevated Copper Initial Assessment Task Force starting 02/08/2016 and follow-up outreach to homes with water lead levels over 150 ppb starting 02/10/2016.
- Aligning resources and supplies for Elevated Copper Initial Assessment Task Force and follow-up outreach to homes with water lead levels over 150 ppb.
- Analyzing locations of faith-based organizations and churches for integration into long-term recovery plans.

Chris

Update 2/6/16 – 33rd Day (32nd Full Day) After Governor's Declaration of an Emergency

The link below is a new video published today by 211. This is part of the Rapid Response Teams currently staffed by Team Rubicon.

https://www.youtube.com/watch?v=P5Orqzc5efg

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.

- Soft opening of secondary state warehouse; clean and prep for SBA staff.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data.
2. Sit Rep #32.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Sunday, February 7, 2016.
- MDOC will continue setting up the new warehouse.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- JIC posted the AIA Flint Safe Water Storage Guideline flyers on MI CIMS under internal documents.
- SEOC Logistics is working to secure space in new warehouse for SBA office, additional information needed from SBA.
- GIS geocoded and cleansed addresses for food establishments in the Flint Metro Area.
- GIS digitized water service lines coded by pressure from paper map onto digital map.
- State VAL is working on the Category B and Individuals and Households appeal.
- MOU with Seventh Day Adventist for donations management currently under review.
- MDARD is planning for additional follow up with food related businesses as water test results come in; new maps with updated information will help with future prioritization.
- MDARD will attend a USDA-Natural Resources Conservation Service press conference to be held on Monday; NRCS will be announcing funds to support community gardens and local foods.
- A team from the CDC arrived yesterday to work with MDHHS Bureau of Epidemiology. Their work began today by beginning to analyze data for the development of long term surveillance strategies that will look to link blood lead level results to specific populations, to include vulnerable and at-risk populations.
- LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
- Freeman Elementary was tested today (2/6/15) by DEQ/LARA staff members.

Unified Coordination Group (UCG):

- Attended 3 matrix review meetings, taskforce leads gave status updates on the original requests/asks sent from the State to Federal government.
- UCG POC will update the objectives with current status once completed by the information cell.
- EPA has 4 teams going out today, 17 filter grabs, a sequential sampling, and walk in requests.
- Additional phosphorus results remain consistent with previous reports. Appears the coating is working in the pipes.
- Multiple Hispanic events are taking place in the community and will be attended by federal staff.
- CDC recommendation should go out today for blood level testing for children under the age of 6.

Local EOC

- Finalized DEQ outreach at homes with water lead levels above 150 ppb.
- Developing plan for outreach at homes with water lead levels of 100 to 149 ppb.
- Will start outreach at homes with water lead levels of 100 to 149 ppb with one group on Monday.
- Potentially following up on initial outreach at homes with water lead levels of 100 to 149 ppb 10 strike teams for evaluation of pluming system, water sampling, etc. starting Wednesday.
- Evaluating need to address health needs of companion animals in households exceeding water lead levels above 100 ppb.
- Awaiting clarification regarding effectiveness of filter systems for removal of copper.

Below is a summary of Federal Teams in the field during next operational period until 2/10 per the UCG.

Public Health Support Team (PHST) (US HHS) stationed at GCHD

9 personnel

- Develop engagement strategy for GCHD to facilitate outreach efforts to the community members and community partners.
- Development database for incoming calls to standardize the responses to caller queries; develop resource list for GCHD.
- Two personnel will facilitate case management follow up on results from GCHD concerning water samples with high home water lead levels.
- Provide technical assistance and community health outreach support to GCHD and to the EPA field team during water sampling and rash investigations.
- Create email groups for email messaging blasts to community partners.

Behavior Health Team (US HHS) stationed at GCHD

4 personnel

- Develop Behavior Health Surveillance Plan and Gap Assessment.
- Provide Behavioral Health Support for community-based health and human service providers.

EPA Sampling Teams out in the field

3 teams with 3 personnel,

- Identify sampling locations based on State DEQ requests and/or inquiries from residents, schedule visits with residents.
- Develop facts sheets based on high lead homes and other facts sheets, as needed.
- Provide risk communications and test results to residents.
- Conduct sequential, filter pilot, and distribution system sampling.

High Lead Home Strike Team out in the field

5 personnel

One MDEQ rep (Taylor) with EPA high lead team.

- Conduct water sampling at residences with rash complaints
- High lead homes with no contact information

MDEQ (Provided by Mark Ducharme) out in the field

- One Initial Outreach Visit team consisting of 1 DEQ rep (Oeming) and 1 MDHHS rep (Groetsch), supported by 2 team Rubicon, 1 city of Flint PD escort, and 1 Penske truck loaded with commodities.

Genesee County Health Department team out in the field

1 team with 2 personnel One LHD person (EH), One EPA person (for sampling)

- Responding to high lead homes – Made contact with all homes 150 ppb last Wednesday and will continue as long as they have resources.

Subject: SEOC Update 2/5/16 - Flint Water - Limited Distribution

Update 2/5/16 – 32nd Day (31st Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made. Special attention to apartments/multifamily residences.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Prepare of opening of secondary state warehouse

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data (NG field is showing 0 which is not correct). NG personnel are still at the PODs.
2. Sit Rep #31.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Saturday, February 6, 2016.
- MDOC will begin setting up Kroger warehouse.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.

- SBA declaration approved. SEOC Logistics will be working to identify office space in Flint for SBA staff.
- Recovery Branch estimate based on information collected last weekend is as follows:
  - 80 Complexes
  - 4170 Units
  - 2892 Assisted Living/Senior Housing (Dept of Aging)
- Information in DHHS Sit Rep is from GCCARD only, this information is not included in the daily totals.
- JIC issued a news release around 10 a.m. about the state of Michigan encouraging food establishments to take advantage free water safety inspections. The news release was picked up by the Associated Press and other news media outlets.
- JIC held a media event to encourage people to check out Flint area restaurants with Lt. Gov. Brian Calley and Michigan Department of Agriculture and Rural Development Director Jamie Clover Adams. Nine local and statewide news media members attended the event.
- Finance Section developed guidance for Flint Water Inter-Agency Coordinating Committee related to reimbursements for non-state employees.
- State Voluntary Agency Liaison (VAL) prepared list of NGOs involved in Flint for DHHS SERG grant application.
- State VAL worked on potential jobs funding with TIA via Dept of Labor.
- Question was asked from the Governor's office yesterday if commodities purchased could be returned. Per FEMA, any item such as filter, pitcher, cartridge etc. cannot be returned. Once procured via State RRF the state owns it - no returns. Water can be returned with 12 months remaining shelf life and in complete factory issued pallet w shrink wrap and the state will fund/ transport of returning water to the designated Distribution Center. FEMA will inspect all returning water prior to movement and water is limited to available storage space in the FEMA Distribution Centers which will range between 0-5 million liters. Quantity to be returned will be approved prior to movement based upon available space and known inbound inventory.
- DEQ finalized sentinel sampling plan to commence activities beginning February 10th, 2016.
  - DEQ received 12 iPads for deployment with teams for status tracking.

Unified Coordination Group (UCG):

- Met with the nutrition task force today on request from the state.
- Cleared up misinformation on areas that have not been covered.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Developed floor plan proposal for new warehouse with warehouse workers.
- Recycling and water distribution event with MSU athletics.
- Establishing plan to provide public transit vouchers for travel to blood lead level test clinics.
- Work with Michigan Community Service Commission to align supplies and resources for PUR filter distribution effort next week.
- DEQ/Team Rubicon team visited 30 homes with water lead levels of 150 ppb.
- Developing plans for follow-up with residents at homes with water lead levels of 150 ppb.

Subject: SEOC Update 2/4/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/4/16 – 31st Day (30th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made. Special attention to apartments/multifamily residences.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Submit SBA application.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data.
2. Sit Rep #30.

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Friday, February 5, 2016.
- FWICC and Mission Flint meetings in Flint.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Continued priority is the apartment list from 2/2/16.
- Recovery Branch worked with county and postal partners to collect information about home vacancies and resident's with forwarded mail addresses in order to ensure we are contacting all occupied residences in the City of Flint.
- Recovery Branch supported the efforts of MSDHA to provide resources to tenants in their facilities.
- JIC issued a media advisory about federal lead for Flint water crisis Dr. Nicole Lurie to visit EPA's command post.
- MDHHS provided a representative to accompany the MDEQ team to the high lead homes in Flint. The MDHHS representative will encourage individuals to have blood lead testing and answer health questions as necessary.
- GIS is working to develop a field application for MDEQ and MDHHS for field collection of water test data and health data respectively.

- SEOC and MTED are working with Department of Labor to identify grants that may be available to assist with jobs programs (wages, training, overhead, and potentially equipment and leasing resources). DOC looking at prisoner re-entry programs for those returning to Flint area.

Unified Coordination Group (UCG):

- Working on improving communication flow between UCG and state partners.
- Attended long term recovery meeting held by state VAL.
  - Discussed MARC model and potential transition plan.

Local EOC

- *Coordinating rapid response deliveries to homebound residents and special locations.*
- Attended meeting with federal, state and local health and environmental agencies to establish process for notification of households with water test results that exceed 150 ppb.
- Attended two long term recovery planning meetings with SEOC staff, VOADs and local agencies (Flint Water Recovery Leadership group).
- Ensuring Community Access Center for the Deaf and Hard of Hearing receives appropriate supplies.
  - Briefed staff on site on filter installation and water sampling process.
- Clarified distribution process at city sites with Flint City Administrator's Office. Coordinating with Fire Department Quartermaster for supplying city sites.
- Addressing various public concerns, including identification of canvassing teams.
- Instituted credentialing verification process for 2-1-1 calls.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/3/16 – 30th Day (29th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Refocus state agencies on objectives, tasks in the Incident Action Plan and how we get to the end state/shift to longer term recovery.
- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
  - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
  - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
  - Includes filter replacement strategies.
- Submit SBA application – outstanding item is the certification of availability of financial assistance. Priority item for the a.m. so this can get submitted. Press release has been completed.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.

- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. **Daily Summary of Data, full version and abridged (New reporting format – we will ensure we give liters of water and cases in the future)**
2. Residential Water Sampling Results Maps – Lead and Copper
3. SitRep 29

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Thursday, February 4, 2016.
- Will continue to target residences from the Apartment List from 2/2/16

Items to Note

- Paired down the list of parcels not visited from 2400 to 958. Will continue on 2/4/16 to identify any parcels not visited. Some parcels contain multifamily residences and those types of residences are being reviewed and targeted to ensure coverage.
- MDOC is going to look into their job programs for any prisoners begin release back into the Flint area. This will be in conjunction with any other job programs identified. We are working with MTED on solutions.
- DEQ and DHHS will be going to residences with >150 ppb starting tomorrow. They will be checking residences next to the one with the high lead level to see if this is a single residence issue or a bigger issue affecting the block or line in an area. This will not initially include EPA as they did not seem interested in combining teams but we are working on more collaboration without slowing us down.
- DEQ will have a representative in the UCG starting 2/4/15.
- Discussed with UPS on ways they can assist with Rapid Response Team and filter replacements in the future.
- Additional warehouse will be put in service potentially Saturday. Seventh Day Adventist are potentially going to operate it or help with operations to phase out state agency personnel and make it more community run. The warehouse does include some office space if needed.
- 10 ARC Flint Water Response Teams to the field today.
- Team Priority Visited Today: Apartment List from 2/2/16
- SEOC Logistics worked with MDOC on their assistance with warehouse management and staffing for new warehouse. Reached out to Food Bank on their recommendation and coordination for hours/days of operation of new warehouse.
- SEOC Operations attended a donations management meeting to discuss the need for a consolidated list of donated goods.
- JIC strategized with the U.S. Department of Health and Human Services and Environmental Protection Agency on how to better coordinate public information.

Unified Coordination Group (UCG):

- UCG IAP approved today for the operational period 0800 2/2/16 to 0800 2/4/16.
- The Federal Health Coordinating Officer had a meeting today with Economic Development and Housing and Urban Development.
- EMHSD liaison provided information on Michigan EM structure to Command.
- State JIC manager now in the communication loop for the UCG.
- UCG discussed MARCs and potential implementation.
- Capt. Kelenske met with Don Boyce from US DHHS to discuss concerns with Federal HHS and EPA and how we can move forward with better collaboration and coordination. Boyce also met with Governor's Office staff on same. The meeting went well and a solid relationship is in place with Boyce. He is a direct report to Dr. Lurie and

will provide her some context on the issues and how we can move forward. He will be a good POC to assist us with any shifts in direction needed at the federal level.

Local EOC

- Coordinated rapid response deliveries to homebound residents and special locations.
- Working on refining rapid response delivery process.
    - Preparing transition from Team Rubicon personnel to NCCC teams, and eventually Southern Baptist Disaster Relief.
    - Coordinating with ARC for logistics support to NCCC teams (AmeriCorp).
- Working with ARC to ensure resource needs of franchise customers at Sunridge Apartments complex in Flint Township are met.
- Coordinating with MDEQ to streamline test kit assembly process.
- Attended distribution plan meeting with faith-based organizations, state, and local agencies.
- Referring VOADs to appropriate volunteer management agencies.
- Addressing various public concerns, including availability of supplies at child care facilities.

Update 2/7/16 – 34th Day (33rd Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Soft opening of secondary state warehouse; clean and prep for SBA staff.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received January 22, 2016. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data – Note two new reports: GovReport
2. Sit Rep #33.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Monday, February 8, 2016.
- The new warehouse will be operational on Monday, February 8, 2016 and managed by MDOC.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.

- State VAL is working on the Category B and Individuals and Households appeal.
- There continues to be a concern that EPA refuses to work with the state teams in addressing the high lead level homes.
- Genesee County EM expressed concerns about lead poisoning in service/companion animals. MDARD has initiated contact with their partners to address this concern.
- 28 addresses have copper testing that exceeds the "action level" (1,300 ppb). DHHS is currently working on messaging regarding this issue, and DEQ is discussing filtering options.

Unified Coordination Group (UCG):

- Task Forces Health & Medical: working on creating a flow chart for visual of testing results.
- EPA conducted 11 filter grabs yesterday, and will be doing 2 today. This includes up to 33 samples per grab. A grab would be considered a location/residence. They are also following up on the AmeriCorps volunteers (2) that have rashes.

Local EOC

- Establishing objectives and IAP for next operational period, 02/08/2016 – 02/12/2016.
- Awaiting additional information regarding companion animals with potential lead and chlorine poisoning from MDARD.
- Establishing plans for Elevated Copper Initial Assessment Task Force starting 02/08/2016 and follow-up outreach to homes with water lead levels over 150 ppb starting 02/10/2016.
- Aligning resources and supplies for Elevated Copper Initial Assessment Task Force and follow-up outreach to homes with water lead levels over 150 ppb.
- Analyzing locations of faith-based organizations and churches for integration into long-term recovery plans.

Chris

Update 2/6/16 – 33rd Day (32nd Full Day) After Governor's Declaration of an Emergency

The link below is a new video published today by 211. This is part of the Rapid Response Teams currently staffed by Team Rubicon.

https://www.youtube.com/watch?v=P5Orqzc5efg

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Soft opening of secondary state warehouse; clean and prep for SBA staff.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.

- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data.
2. Sit Rep #32.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Sunday, February 7, 2016.
- MDOC will continue setting up the new warehouse.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- JIC posted the AIA Flint Safe Water Storage Guideline flyers on MI CIMS under internal documents.
- SEOC Logistics is working to secure space in new warehouse for SBA office, additional information needed from SBA.
- GIS geocoded and cleansed addresses for food establishments in the Flint Metro Area.
- GIS digitized water service lines coded by pressure from paper map onto digital map.
- State VAL is working on the Category B and Individuals and Households appeal.
- MOU with Seventh Day Adventist for donations management currently under review.
- MDARD is planning for additional follow up with food related businesses as water test results come in; new maps with updated information will help with future prioritization.
- MDARD will attend a USDA-Natural Resources Conservation Service press conference to be held on Monday; NRCS will be announcing funds to support community gardens and local foods.
- A team from the CDC arrived yesterday to work with MDHHS Bureau of Epidemiology. Their work began today by beginning to analyze data for the development of long term surveillance strategies that will look to link blood lead level results to specific populations, to include vulnerable and at-risk populations.
- LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
- Freeman Elementary was tested today (2/6/15) by DEQ/LARA staff members.

Unified Coordination Group (UCG):

- Attended 3 matrix review meetings, taskforce leads gave status updates on the original requests/asks sent from the State to Federal government.
- UCG POC will update the objectives with current status once completed by the information cell.
- EPA has 4 teams going out today, 17 filter grabs, a sequential sampling, and walk in requests.
- Additional phosphorus results remain consistent with previous reports. Appears the coating is working in the pipes.
- Multiple Hispanic events are taking place in the community and will be attended by federal staff.
- CDC recommendation should go out today for blood level testing for children under the age of 6.

Local EOC

- Finalized DEQ outreach at homes with water lead levels above 150 ppb.
- Developing plan for outreach at homes with water lead levels of 100 to 149 ppb.
- Will start outreach at homes with water lead levels of 100 to 149 ppb with one group on Monday.
- Potentially following up on initial outreach at homes with water lead levels of 100 to 149 ppb 10 strike teams for evaluation of pluming system, water sampling, etc. starting Wednesday.
- Evaluating need to address health needs of companion animals in households exceeding water lead levels above 100 ppb.
- Awaiting clarification regarding effectiveness of filter systems for removal of copper.

Below is a summary of Federal Teams in the field during next operational period until 2/10 per the UCG.

Public Health Support Team (PHST) (US HHS) stationed at GCHD
9 personnel

- Develop engagement strategy for GCHD to facilitate outreach efforts to the community members and community partners.
- Development database for incoming calls to standardize the responses to caller queries; develop resource list for GCHD.
- Two personnel will facilitate case management follow up on results from GCHD concerning water samples with high home water lead levels.
- Provide technical assistance and community health outreach support to GCHD and to the EPA field team during water sampling and rash investigations.
- Create email groups for email messaging blasts to community partners.

Behavior Health Team (US HHS) stationed at GCHD
4 personnel

- Develop Behavior Health Surveillance Plan and Gap Assessment.
- Provide Behavioral Health Support for community-based health and human service providers.

EPA Sampling Teams out in the field
3 teams with 3 personnel,

- Identify sampling locations based on State DEQ requests and/or inquiries from residents, schedule visits with residents.
- Develop facts sheets based on high lead homes and other facts sheets, as needed.
- Provide risk communications and test results to residents.
- Conduct sequential, filter pilot, and distribution system sampling.

High Lead Home Strike Team out in the field
5 personnel
One MDEQ rep (Taylor) with EPA high lead team.

- Conduct water sampling at residences with rash complaints
- High lead homes with no contact information

MDEQ (Provided by Mark Ducharme) out in the field

- One Initial Outreach Visit team consisting of 1 DEQ rep (Oeming) and 1 MDHHS rep (Groetsch), supported by 2 team Rubicon, 1 city of Flint PD escort, and 1 Penske truck loaded with commodities.

Genesee County Health Department team out in the field
1 team with 2 personnel One LHD person (EH), One EPA person (for sampling)

- Responding to high lead homes – Made contact with all homes 150 ppb last Wednesday and will continue as long as they have resources.

Subject: SEOC Update 2/5/16 - Flint Water - Limited Distribution

Update 2/5/16 – 32nd Day (31st Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made. Special attention to apartments/multifamily residences.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Prepare of opening of secondary state warehouse

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data (NG field is showing 0 which is not correct). NG personnel are still at the PODs.
2. Sit Rep #31.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Saturday, February 6, 2016.
- MDOC will begin setting up Kroger warehouse.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- SBA declaration approved. SEOC Logistics will be working to identify office space in Flint for SBA staff.
- Recovery Branch estimate based on information collected last weekend is as follows:
    - 80 Complexes
    - 4170 Units
    - 2892 Assisted Living/Senior Housing (Dept of Aging)
- Information in DHHS Sit Rep is from GCCARD only, this information is not included in the daily totals.
- JIC issued a news release around 10 a.m. about the state of Michigan encouraging food establishments to take advantage free water safety inspections. The news release was picked up by the Associated Press and other news media outlets.
- JIC held a media event to encourage people to check out Flint area restaurants with Lt. Gov. Brian Calley and Michigan Department of Agriculture and Rural Development Director Jamie Clover Adams. Nine local and statewide news media members attended the event.
- Finance Section developed guidance for Flint Water Inter-Agency Coordinating Committee related to reimbursements for non-state employees.
- State Voluntary Agency Liaison (VAL) prepared list of NGOs involved in Flint for DHHS SERG grant application.

- State VAL worked on potential jobs funding with TIA via Dept of Labor.
- Question was asked from the Governor's office yesterday if commodities purchased could be returned. Per FEMA, any item such as filter, pitcher, cartridge etc. cannot be returned. Once procured via State RRF the state owns it - no returns. Water can be returned with 12 months remaining shelf life and in complete factory issued pallet w shrink wrap and the state will fund/ transport of returning water to the designated Distribution Center. FEMA will inspect all returning water prior to movement and water is limited to available storage space in the FEMA Distribution Centers which will range between 0-5 million liters. Quantity to be returned will be approved prior to movement based upon available space and known inbound inventory.
- DEQ finalized sentinel sampling plan to commence activities beginning February 10th, 2016.
    - DEQ received 12 iPads for deployment with teams for status tracking.

Unified Coordination Group (UCG):

- Met with the nutrition task force today on request from the state.
- Cleared up misinformation on areas that have not been covered.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Developed floor plan proposal for new warehouse with warehouse workers.
- Recycling and water distribution event with MSU athletics.
- Establishing plan to provide public transit vouchers for travel to blood lead level test clinics.
- Work with Michigan Community Service Commission to align supplies and resources for PUR filter distribution effort next week.
- DEQ/Team Rubicon team visited 30 homes with water lead levels of 150 ppb.
- Developing plans for follow-up with residents at homes with water lead levels of 150 ppb.

Subject: SEOC Update 2/4/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/4/16 – 31st Day (30th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made. Special attention to apartments/multifamily residences.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.

- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Submit SBA application.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data.
2. Sit Rep #30.

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Friday, February 5, 2016.
- FWICC and Mission Flint meetings in Flint.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Continued priority is the apartment list from 2/2/16.
- Recovery Branch worked with county and postal partners to collect information about home vacancies and resident's with forwarded mail addresses in order to ensure we are contacting all occupied residences in the City of Flint.
- Recovery Branch supported the efforts of MSDHA to provide resources to tenants in their facilities.
- JIC issued a media advisory about federal lead for Flint water crisis Dr. Nicole Lurie to visit EPA's command post.
- MDHHS provided a representative to accompany the MDEQ team to the high lead homes in Flint. The MDHHS representative will encourage individuals to have blood lead testing and answer health questions as necessary.
- GIS is working to develop a field application for MDEQ and MDHHS for field collection of water test data and health data respectively.
- SEOC and MTED are working with Department of Labor to identify grants that may be available to assist with jobs programs (wages, training, overhead, and potentially equipment and leasing resources). DOC looking at prisoner re-entry programs for those returning to Flint area.

Unified Coordination Group (UCG):

- Working on improving communication flow between UCG and state partners.
- Attended long term recovery meeting held by state VAL.
    - Discussed MARC model and potential transition plan.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Attended meeting with federal, state and local health and environmental agencies to establish process for notification of households with water test results that exceed 150 ppb.
- Attended two long term recovery planning meetings with SEOC staff, VOADs and local agencies (Flint Water Recovery Leadership group).
- Ensuring Community Access Center for the Deaf and Hard of Hearing receives appropriate supplies.
    - Briefed staff on site on filter installation and water sampling process.
- Clarified distribution process at city sites with Flint City Administrator's Office. Coordinating with Fire Department Quartermaster for supplying city sites.
- Addressing various public concerns, including identification of canvassing teams.
- Instituted credentialing verification process for 2-1-1 calls.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/3/16 – 30th Day (29th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Refocus state agencies on objectives, tasks in the Incident Action Plan and how we get to the end state/shift to longer term recovery.
- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Submit SBA application – outstanding item is the certification of availability of financial assistance. Priority item for the a.m. so this can get submitted. Press release has been completed.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. **Daily Summary of Data, full version and abridged (New reporting format – we will ensure we give liters of water and cases in the future)**
2. Residential Water Sampling Results Maps – Lead and Copper
3. SitRep 29

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Thursday, February 4, 2016.
- Will continue to target residences from the Apartment List from 2/2/16

Items to Note

- Paired down the list of parcels not visited from 2400 to 958. Will continue on 2/4/16 to identify any parcels not visited. Some parcels contain multifamily residences and those types of residences are being reviewed and targeted to ensure coverage.
- MDOC is going to look into their job programs for any prisoners begin release back into the Flint area. This will be in conjunction with any other job programs identified. We are working with MTED on solutions.
- DEQ and DHHS will be going to residences with >150 ppb starting tomorrow. They will be checking residences next to the one with the high lead level to see if this is a single residence issue or a bigger issue affecting the block or line in an area. This will not initially include EPA as they did not seem interested in combining teams but we are working on more collaboration without slowing us down.
- DEQ will have a representative in the UCG starting 2/4/15.
- Discussed with UPS on ways they can assist with Rapid Response Team and filter replacements in the future.

- Additional warehouse will be put in service potentially Saturday. Seventh Day Adventist are potentially going to operate it or help with operations to phase out state agency personnel and make it more community run. The warehouse does include some office space if needed.
- 10 ARC Flint Water Response Teams to the field today.
- Team Priority Visited Today: Apartment List from 2/2/16
- SEOC Logistics worked with MDOC on their assistance with warehouse management and staffing for new warehouse. Reached out to Food Bank on their recommendation and coordination for hours/days of operation of new warehouse.
- SEOC Operations attended a donations management meeting to discuss the need for a consolidated list of donated goods.
- JIC strategized with the U.S. Department of Health and Human Services and Environmental Protection Agency on how to better coordinate public information.

Unified Coordination Group (UCG):

- UCG IAP approved today for the operational period 0800 2/2/16 to 0800 2/4/16.
- The Federal Health Coordinating Officer had a meeting today with Economic Development and Housing and Urban Development.
- EMHSD liaison provided information on Michigan EM structure to Command.
- State JIC manager now in the communication loop for the UCG.
- UCG discussed MARCs and potential implementation.
- Capt. Kelenske met with Don Boyce from US DHHS to discuss concerns with Federal HHS and EPA and how we can move forward with better collaboration and coordination. Boyce also met with Governor's Office staff on same. The meeting went well and a solid relationship is in place with Boyce. He is a direct report to Dr. Lurie and will provide her some context on the issues and how we can move forward. He will be a good POC to assist us with any shifts in direction needed at the federal level.

Local EOC

- Coordinated rapid response deliveries to homebound residents and special locations.
- Working on refining rapid response delivery process.
    - Preparing transition from Team Rubicon personnel to NCCC teams, and eventually Southern Baptist Disaster Relief.
    - Coordinating with ARC for logistics support to NCCC teams (AmeriCorp).
- Working with ARC to ensure resource needs of franchise customers at Sunridge Apartments complex in Flint Township are met.
- Coordinating with MDEQ to streamline test kit assembly process.
- Attended distribution plan meeting with faith-based organizations, state, and local agencies.
- Referring VOADs to appropriate volunteer management agencies.
- Addressing various public concerns, including availability of supplies at child care facilities.

Subject: Additional DCDS Coding - City of Flint
Attachments: Activity Tab DCDS.png

Good Afternoon:

The State Budget Office (SBO) has requested some additional coding in DCDS for staff that work on the City of Flint Water Emergency. We will still be coding all overtime costs to PCA 28670. But at their request, we will also be utilizing the "Activity" code in DCDS.

To enter Activity Code

- Open Employee Data Collection
- Click on **Activity Tab** of DCDS timesheet
- On the Unit Entry tab, under Activity column at left, enter F in drop down box and select **FDWP** when it appears.
- Enter total of **"regular and overtime hours"** related to the Flint Water emergency in cell for each date worked.
- These hours should match the total hours for each day you have entered into your timesheet.
- Save when you have entered your activity hours.

Again, this is only for hours spent working on the City of Flint Emergency and should begin with this current pay period. Please let me know if you have questions.

Thanks,
Penny

Subject: 2-1-1 Update Flint Water Response for Friday, February 5, 2016
Attachments: 2016-02-05 MI211 Flint Water Daily Update.docx

This is the daily 2-1-1 summary on the Flint Water Response for Friday, February 5, 2016

GENERAL INFORMATION:

- ☐ **City of Flint Furlough February 12-15, 2016:** Flint City employees will be out on furlough from Friday February 12 through Monday February 15, returning to work on Tuesday. This is a reminder to all partners working with the City of Flint to coordinate activities and ensure coverage for essential activities.

CALL VOLUME:

Aside from a minor challenge from staff members who were out sick, Central Michigan 2-1-1 was able to manage Friday's call volume with minimal wait times for Flint callers. Outside of Flint the call volume to Michigan 2-1-1 is following the traditional seasonal pattern of initial high demand at the start of tax season subsiding to normal volume with another major increase anticipated from April 1st until tax filing closes (this year on April 18th).

SPECIAL NEEDS/REQUESTS

Pets testing positive for lead. 2-1-1 has received several requests from people concerned about bottled water for their animals . Yesterday (2/4/16) the Detroit Free Press reported two animals testing positive to lead. 2-1-1 is providing referrals to The Humane Society for assistance providing water for animals.
Here's the article:
www.freep.com/story/news/local/michigan/flint-water-crisis/2016/02/04/flint-lead-pets-dogs/79704210/

- ☐ **Reminder: Please contact tpage@uwmich.org with resources or options for providing alternate access to Flint water information for visually impaired, deaf, and hard of hearing residents.**

RUMOR/SCAM CONTROL

- ☐ **Inmates with limited water access/residents arrested during water deliveries**
  Think Progress reports inmates in the Genesee County jail are receiving on 48 oz of bottled water per day for all needs, and pregnant inmates have had to drink city water.
  http://www.democracynow.org/2016/2/4/exclusive_report_how_long_did_flints
- ☐ Related reports in Think Progress and Counter Current include the jail report and adds that some local residents with outstanding warrants were arrested when the identified themselves during home water deliveries.
  http://thinkprogress.org/justice/2016/02/04/3746154/flint-inmates-forced-to-drink-tap-water/
  http://countercurrentnews.com/2016/02/flint-police-water-filters/
  - ☐ **It would be a serious ethical conflict for 2-1-1 if a referral for water resources led to a caller's arrest. Can the Sheriff's Department or City of Flint investigate this report and inform Michigan 2-1-1 as soon as possible if callers with outstanding warrants seeking water delivery are at risk of arrest, so we can provide accurate information to residents?**

UNRESOLVED

- ☐ **From 1/18/16:** Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue.

- ☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?
- ☐ **From 1/20/16:** Michigan 2-1-1 heard an anecdotal report today that real estate agents are reluctant to close sales in Flint because they cannot verify the any properties are free from lead contamination. **Is there are state agency or partner who can give real estate agency and home inspectors information on their potential liability.**
- ☐ **From 1/25/26:** Organizations distributing bottles to collect water samples report running out of bottles. **Is there a contact for individuals and organizations to get additional testing sample bottles?**
- ☐ **From 1/26/26:** Callers are asking about the efficacy of various water filters and whole-home filtration system to screen out lead. **Is there an state- or independently-vetted list of effective filters available for residents to reference.**
- ☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through Good360 or another supplier? UPDATE:** The Michigan 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.
- ☐ **From 1/26/26:** Callers are asking about the availability of whole-home filtration systems. **Is there any guidance on whether this is being considered as an option for residents?**
- ☐ **From 2/1/16:** 2-1-1 received a related rumor that due to the class-action lawsuits filed against the state, MDEQ will no longer be able to process lead tests for Flint residents. **Can SEOC investigate this rumor and determine whether or not it is true?**
- ☐ **From 2/1/16:** A few callers are expressing concerns about the reliability of MDEQ test results and are asking how to get independent lab testing for free or low cost

This is the daily 2-1-1 summary on the Flint Water Response for Friday, February 8, 2016

GENERAL INFORMATION:

- **Beyoncé post-Superbowl announcement of United Way partnership to help Flint**
  As part of her Formation World Tour, Beyoncé will be asking fans to support their local United Ways and will include a special request to help in Flint. She will also be partnering with the Community Foundation of Greater Flint to create a fund that will address long-term developmental, education, nutrition and health needs of Flint children.
  http://investors.livenationentertainment.com/news-center/news-center-details/2016/BEYONC-ANNOUNCES-THE-FORMATION-WORLD-TOUR/default.aspx

Reminder: City of Flint Furlough February 12-15, 2016: Flint City employees will be out on furlough from Friday February 12 through Monday February 15, returning to work on Tuesday. This is a reminder to all partners working with the City of Flint to coordinate activities and ensure coverage for essential activities.

CALL VOLUME:

Flint Water Calls to 2-1-1: Feb 1 – 7, 2016

		Service Requests		
	Calls received	Referrals Made	Unmet needs**	Total Requests
Flint Water	994	1,254	36	1,290
All 211 Calls Statewide	9,479	9,078	604	9,682
Flint Daily Average	142/day	179/day	5.1/day	184/day
State Daily Average	1,354/day	1,296/day	86/day	1,383/day
% Calls For Flint	10.5%	13.8%	6.0%	13.3%

** Percent of Flint calls resulting in unmet needs is down to 2.9% of Flint-related calls.

SPECIAL NEEDS/REQUESTS

☐ **Residents are asking for help understanding lead testing results.** Results are beginning to arrive at people's homes and they are looking for information on how to interpret results and understanding what will happen next. **Can the SEOC provide guidance on the follow up process for households that have received their test results, particularly if the results indicate high lead levels.**

☐ **Residents have asked for the results link to be prominently featured on the Flint Water Site.** The link for residents to check water results on the www/michigan.gov/flintwater web has changed several times in the past week making it difficult for 2-1-1 staff to direct residents appropriately to locate their test results on the state web site.

☐ **National Federation of the Blind of Michigan asks SEOC to follow up** with, Vice President of the Genesee Chapter to coordinate translation of water resource information into braille. Georgia Kitchen: 810-767-0870.

RUMOR/SCAM CONTROL

☑ **UPDATE: Inmates with limited water access/residents arrested during water deliveries**

United Way of Genesee County provided a link to an MLive article refuting this story: http://www.mlive.com/news/flint/index.ssf/2016/02/police_debunk_rumor_cops_using.html#comments

UNRESOLVED

Many thanks to Sheryl Thompson and Angela Minicuci at DHHS for their efforts to address these unresolved issues.

☑ **From 1/18/16:** Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue. **From DHHS: *"No cut-off date has been established and donations continue to come in."***

☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?

☑ **From 1/20/16:** Michigan 2-1-1 heard an anecdotal report today that real estate agents are reluctant to close sales in Flint because they cannot verify the any properties are free from lead contamination. **Is there are state agency or partner who can give real estate agency and home inspectors information on their potential liability. From DHHS:** *"Under the regulations of the Environmental Protection Agency, there are lead-based **paint** disclosure requirements any time a home is sold. But when it comes to lead in **water** for homes in Flint, while there are no similar requirements, we do recommend that individuals looking to buy or sell homes in Flint consider having their water tested. Water testing continues to be available through the City of Flint, or Flint Water Plant by calling 810-648-6942."*

☑ **From 1/25/26:** Organizations distributing bottles to collect water samples report running out of bottles. **Is there a contact for individuals and organizations to get additional testing sample bottles? From DHHS:** *"To get a free water test, visit a water resource site, Flint City Hall, or call the Flint Water Plant at 810-787-6537."*

☑ **From 1/26/26:** Callers are asking about the efficacy of various water filters and whole-home filtration system to screen out lead. **Is there an state- or independently-vetted list of effective filters available for residents to reference. From DHHS:** *"All water filters distributed by the State of Michigan are certified by NSF International for lead reduction. Individuals wishing to verify that a specific filter is NSF-certified can do so via the NSF website.*

NSF Statement on Flint: http://www.nsf.org/newsroom/statement-regarding-flint-water-system-lead-issue-and-to-certification-nsf/

NSF List of Certified Filters: http://www.nsf.org/

☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through Good360 or another supplier? UPDATE:** The Michigan 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.

☑ **From 1/26/26:** Callers are asking about the availability of whole-home filtration systems. **Is there any guidance on whether this is being considered as an option for residents? FROM DHHS:** *"At this time DHHS is not aware of any discussion around whole-home filtration. The coating of the pipes*

remains a top priority. Ensuring the pipes are properly coated to prevent the leaching of lead into the water will help restore safe drinking water citywide."

- ☑ **From 2/1/16:** 2-1-1 received a related rumor that due to the class-action lawsuits filed against the state, MDEQ will no longer be able to process lead tests for Flint residents. **Can SEOC investigate this rumor and determine whether or not it is true? FROM DHHS:** *"This is incorrect. Lead in water tests continue to be processed by the state."*
- ☑ **From 2/1/16:** A few callers are expressing concerns about the reliability of MDEQ test results and are asking how to get independent lab testing for free or low cost. **FROM DHHS:** *"While we cannot provide guidance on independent lab testing, anyone with questions about their test results can call the Genesee County Health Department directly at 810-257-3603."*

SEOC Update for Monday, February 08, 2016
Full Days Since Emergency Declaration: 34

Items to Note	• JIC Drafted a news release about the team visiting homes with high copper levels. Release is routing through for final approvals before dissemination this evening. • SEOC Logistics had a conference call with Seventh Day Adventists on agreement and staffing. • SEOC Planning developed a new Incident Action Plan for Operation Period from 2/9-2/16/2016. • Requested monetary donation information from United Way and Community Foundation of Greater Flint. • GIS develop an online application for Governor Snyder to view maps.

Flint Water Daily Update
Updated Feb. 8

Current Issues Talking Points

State partners with Flint human service groups to assist with water testing

- Water testing teams need extra hands to get the job done in a timely manner.
- The new partnership between the state and Flint area organizations - Orchards Children's Services and Flint YMCA's Safe Places Program – will hire and train 50 Flint residents this month to help conduct water tests for their fellow community member across the city.
    - More residents will be hired as more work is identified.
- The partnership is part of a comprehensive effort to help ensure Flint families benefit from both short-term and long-term opportunities created by relief efforts.
- Comprehensive water testing is a necessary step along Flint's road to recovery.
- The health, safety and well-being of Flint families remains a top priority as we work together to ensure progress in the city.
- Free water testing kits are also still available at Fire Stations 1,3,5,6, and 8. Water samples should be returned to the fire stations for testing.
- Until water is declared safe, people should continue to follow established safety protocols.

Governor invited to testify at Congressional Hearing

- The Governor received an invitation to testify at the Democratic Steering and Policy Committee hearing in Washington D.C. next week.
- The Governor has denied the invitation as he will be giving the formal FY 2017 budget presentation the same day in Lansing.
- As part of the budget proposal, the Governor will outline long-term funding efforts to aide in Flint's recovery.
- To date, the state has allocated $37.3 million in emergency funding for Flint.
    - The Governor also proposed and the Senate has approved an additional $30 million the city could use to help relieve Flint residents of a portion of their water bill.
        - The $30 million recommendation must also be approved by the House before it going into effect.

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	02/02/2016 08:00:00
Operational Period End:	02/09/2016 08:00:00
Situation Report No.	34
SEOC Status:	Full
SEOC Hours of Operation Begin:	02/08/2016 08:00:00
SEOC Hours of Operation End:	02/08/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (February 8, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Working with local EOC to find a suitable space for SBA.
- Conference call with Adventists on agreement and staffing.
- Coordinated pallet use for Warehouse #2.

JIC:
- Worked with FEMA to coordinate a 2:30 p.m. legislative and congressional conference call for Tuesday, Feb. 9, 2016.
- Had a visit from Governor Snyder and Richard Baird. Spent approximately 20 minutes discussing the role of the JIC and what we are hearing and doing.
- Drafted a news release about the team visiting homes with high copper levels. Release is routing through for final approvals before dissemination this evening.
- Drafted a news release about the American Red Cross playing a crucial role coordinating volunteer efforts during the Flint water emergency. Sent to ARC for review and approval prior to dissemination.

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, Distribution Process Meetings, and Tactics Meeting
- Updated ICS 204 Forms (Obj. 1 and Obj. 8)
- Drafted Proposed Changes Plan for WRTs – submitted to Ops Chief to take up to Command
- Working on compiling one Access and Functional Needs list for long-term planning efforts
- Team Priority Visited Today: Active Water Subscribers without filters marked vacant
- Team Priority Scheduled Tomorrow: Active Water Subscribers without filters marked vacant
- 10 American Red Cross Teams scheduled for Tuesday, February 9
- Data is for 2/8/16 as of 5:00 pm:

o Total homes visited:
- 18,529 (round 3 total).
- 847 (today).

o Water cases (liters calculated by multiplying # of cases x 12):
- 128,592 liters or 10,715 cases (round 3 total).
- 4,980 liters or 415 cases (today).

o Replacement cartridges:
- 3,950 (round 3 total).
- 308 (today).

o Faucet filters:
- 7,283 (round 3 total).
- 98 (today).

Planning Section:
- Developed IAP #9.
- Published Sit Rep #34.
- Worked to develop new standard data reporting.

Operations Section:
- Operations assisted the state agencies and the local EOC in requests from the Governor's office from constituents.
- Operations participated in the following briefings:
- Unified Command Objectives meeting
- Local Agency briefing

• Command/General Staff/SEOC briefing
• Distribution Process meeting
• Tactics meeting
• Planning Meeting/SEOC
• Planning Meeting/SEOC
• Warehouse Numbers as of 1600:
❑ Water (liters):
• 582,536 liters or 48,544 cases.
❑ Filters (faucet):
• 49,520.
❑ Replacement cartridges:
• 378,140.
❑ Test Kits (prepped):
• 18,886.
• PODs (1700 2/7 – 1600 2/8):
❑ Water (cases):
• 60,588 liters or 5,049 cases.
❑ Filters (faucet):
• 146.
❑ Replacement Cartridges:
• 353.
❑ Test kits:
• 143.

Finance Section:
• Updated spending plan with actual costs.
• Updated State Cost Share - RRF information.
• Continue to identify organizations receiving monetary donations.
• Requested monetary donation information from United Way and Community Foundation of Greater Flint.

GIS Branch Updates:
• Develop an online application for Governor Snyder to view maps.
• Build orthophoto from video collected by the Trooper 2 helicopter.
• Compile lists of customers that have not received water filters for planning.
• Calculate number of homes visited by Flint Water Resource Teams for planning.
• Build data set to calculate how many times each parcel has been visited in the City of Flint.

DTMB:
• Continue to provide DTMB management with daily updates and resource requests received.
• Obtained equipment and supplies for the SBA Disaster Loan Outreach Center and 2629 Clio Road second warehouse.

DHHS-CH:
• The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD.
• Two letters addressed to the USDA have been signed by the MDHHS Director asking that they reconsider their decision to deny Michigan's request for exemptions which would allow for nutrition supplemental funding and for an increase in the availability and access to the WIC program in order to offer blood lead testing and services to children up to the age of 10 years old. These two letters were sent by the CHECC to the UCG today.
• Working with the DEQ to resolve confusion with local partners regarding teams visiting homes with high lead and/or copper levels reported, and the need for MDHHS staff to support the teams conducting home visits in order to provide health education and encourage blood lead testing. The CHECC is working to identify MDHHS staff that is available to accompany those teams, as needed.
• Received word that the DHHS ASPR, Dr. Nicole Lurie, will be visiting Michigan on Thursday.

DEQ:
• Worked to obtain contact information for residents to implement the Sentinel Sampling plan.
• Tracked Department of Corrections pickup and delivery of 246 residential water samples and 15 MDARD samples to DEQ lab.
• Began visits to residences with high copper results from water samples.
• Organized tasks and made assignments for gathering data for the response to Congressional Committee of Energy and Commerce.
• Updated tracking sheet of requested data by Congressional Committee of Energy and Commerce.
• Reviewed upcoming deadlines from EPA Order tracking spreadsheet.

State Voluntary Agency Liaison (VAL):
• Developed ICS 204 form for Objective 12 on long term recovery.

Unified Coordination Group (UCG):
• No updates.

Local EOC:
• Worked with UA 370 to compile data on services rendered and infrastructure assessment.
• Worked with VAAA, 211, and the Radio Room to change the reporting process to alleviate duplicate efforts.
• Spoke with Director Paul Wallace, Genesee County Animal Control, regarding lead and copper questions coming from the public.
• Worked with Genesee County Comptroller to provide requested information on expenditures made on behalf of Genesee County for the current state of emergency.
• Evaluated Community Centers for possible future use as new PODs.
• Work with SEOC on office space for SBA.
• Local EOC Liaison Officer evaluated community centers for possible future use as new PODs.
• Genesee County Health Department is working on lead testing outreach plans and with MDHHS on the investigation of skin rashes.
• National Guard is developing an AAR and operational notes are being consolidated into SOPs to send to JOC to assist in updating the All Hazards Plan. An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

12. Develop and implement a comprehensive long term recovery and transition plan.
11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 8.

State agencies at the JIC included the Michigan State Police, Michigan National Guard, and Departments of Agriculture and Rural Development, Environmental Quality, Health and Human Services, and Natural Resources. The Genesee County Sheriff's Office and the American Red Cross were also present.

Tasks accomplished:
- Media hotline staff answered less than a dozen emails and phone calls, ranging from lead in animals to water donations and questions about water testing at the Genesee County Jail. Media inquiries were significantly down compared to previous days.
- Created a morning and afternoon media monitoring report.
- Updated and revised our internal talking points to better organize information.
- Continued routing public information materials for approval, including a fact sheet from EPA and facts sheets about lead in animals and pets.
- Continued to post information on the www.michigan.gov/flintwater website, especially facts sheets and fliers in Spanish, Arabic and other languages.
- Worked with FEMA to coordinate a 2:30 p.m. legislative and congressional conference call for Tuesday, Feb. 9, 2016.
- Created a tracking sheet to manage the number of foreign language documents for distribution.
- Had a visit from Governor Snyder and Richard Baird. Spent approximately 20 minutes discussing the role of the JIC and what we are hearing and doing.
- Drafted a news release about the team visiting homes with high copper levels. Release is routing through for final approvals before dissemination this evening.
- Drafted a news release about the American Red Cross playing a crucial role coordinating volunteer efforts during the Flint water emergency. Sent to ARC for review and approval prior to dissemination.

Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/8/16 included:
- 19 assessments conducted (11 initial, 6 follow-up and 2 second follow-up)
- 18 water samples collected (12 first draw samples and 6 routine samples)
- 6 water sample requests/appointments were scheduled

As of 2/5/16, MDARD has completed initial water assessments at all food businesses in the high risk area and has conducted a total of 426 assessments (380 initial/ 46 follow-up). The compliance rate is 77%. 169 water samples have been collected and 131 are currently scheduled. MDARD has been receiving questions about how to find the list of food businesses that are in compliance mentioned in a 2/5/16 press release. The list is at: http://www.michigan.gov/flintwater/0,6092,7-345-75251_75382—,00.html

MDARD attended the USDA – Natural Resources Conservation Services (NRCS) press conference in Flint today. The Flint-Genesee County High Tunnel Initiative is a partnership led by USDA NRCS to promote healthy, locally-produced food through the use of high tunnels. NRCS is providing $300,000 in financial and technical assistance to help local growers purchase and operate high tunnels. Applications are due to Flint NRCS by May 18th.

MDARD will be meeting later this week with the Land Bank to discuss the Clean and Green program and obtain a list of community garden information to supplement the data already provided to MDARD by Edible Flint.

MDARD continues to respond to questions on service and companion animals. Informational documents for the public and veterinarians are in the final review stages.

American Red Cross (ARC)

The American Red Cross deployed 10 Water Response Teams on Monday, 2/8/16, to attempt contact at those residences where no one had yet answered the door.

The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm. The VRC will be operating from 9-5 again on Monday.

Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Maintain awareness of projects, events, and material going out. Advise if any of these may not be clear to or include those who may have communication or logistic barriers. Reassigned Donations Management Task to MDHHS.

Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD. The CHECC continues to work with federal partners in the UCG on prioritized requests for assistance.

Two letters addressed to the USDA have been signed by the MDHHS Director asking that they reconsider their decision to deny Michigan's request for exemptions which would allow for nutrition supplemental funding and for an increase in the availability and

access to the WIC program in order to offer blood lead testing and services to children up to the age of 10 years old. These two letters were sent by the CHECC to the UCG today.

Working with the DEQ to resolve confusion with local partners regarding teams visiting homes with high lead and/or copper levels reported, and the need for MDHHS staff to support the teams conducting home visits in order to provide health education and encourage blood lead testing. ATSDR staff are working with MDHHS Environmental Health staff on copper informational materials for messaging purposes. The CHECC is working to identify MDHHS staff that are available to accompany those teams, as needed.

Received word that the DHHS ASPR, Dr. Nicole Lurie, will be visiting Michigan on Thursday. The details of her visit are unknown at this time.

Corrections (MDOC)

MDOC continued operations at both warehouses with warehouse 2 opening as scheduled. All PODs were well supplied during the entire operational period.

MDOC continues to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

246 water samples were collected and 15 MDARD samples and delivered to the DEQ Lab in Lansing for a total of 261 samples delivered.

MDOC had 18 employees and two SAI work crew (10 trainees total) on the ground in Flint today.

In an effort to reduce overtime costs we are working on completing a critical staff review. All dedicated resources will be reviewed to determine if it is feasible to reduce staffing in lieu of volunteers wherever possible.

We are working with Finance and MDOC assets to capture total employee payroll information and expenditures.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

Worked to obtain contact information for residents to implement the Sentinel Sampling plan.

Tracked Department of Corrections pickup and delivery of 246 residential water samples and 15 MDARD samples to DEQ lab.

Began visits to residences with high copper results from water samples.

Organized tasks and made assignments for gathering data for the response to Congressional Committee of Energy and Commerce.

Updated tracking sheet of requested data by Congressional Committee of Energy and Commerce.

Reviewed upcoming deadlines from EPA Order tracking spreadsheet.

Human Services (MDHS)

Looking into filtration system for a child care institute, possibly through donation.

Passing on resource request for staff to assist with donation management mission.

Training provided to donation management staff and staff from our Health side who are helping with donation activities.

Daily update conference call with MDHHS Budget & Field Operations.

Participated in all Branch Director planning day activities.

Licensing and Regulatory Affairs (LARA)

Participated in briefings and updated the LARA Executive Team
LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
Volunteer plumber will participate in copper testing teams on Monday, February 8.
Translation services for various documents continue to be provided as needed.
Ongoing discussion regarding coverage of state regulated facilities and elimination of duplication of effort.

Military and Veterans Affairs (DMVA)

Commanders Situation Report (SITREP)

1. DTG: 0813002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell: (Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. POD 5 has two generator lighting units from MDOT. All PODs now have sufficient lighting.

1. Fuel cans and the utilization of station 6 city fuel pump has been requested through SEOC.

b. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke, will be seeking approval from CPT Bowles and Dana and/or Kim at the purchasing office for laminating.

8. PERSONNEL: Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: No Force Protection intelligence at this time.

10. LOGISTICS: In support of TF Flint

a. Pamphlets are at the POD locations to distribute to flint residents on knowledge about water filters and extra precautionary measures they can take.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
• An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
• OUT (last 24 hours)

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	02/02/2016 08:00:00
Operational Period End:	02/09/2016 08:00:00
Situation Report No.	33
SEOC Status:	Full
SEOC Hours of Operation Begin:	02/07/2016 08:00:00
SEOC Hours of Operation End:	02/07/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (February 7, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Coordinating with SBA for office space in Warehouse #2.
- Still working on getting the supplies and equipment needed to make the second warehouse functional.
- Requested security for Warehouse #2.
- Updated Donations Guidelines to include Warehouse #2.
- Updated 204's to include Warehouse #2.

JIC:
- Continued media and social media monitoring.
- Added Pierson Road Warehouse on the Donation Guidelines document on the website.
- Shared yesterday's numbers on social media.

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, and Distribution Process Meetings.
- Worked with GIS to obtain a list of active water subscribers without filters who were marked as vacant in the field.
- Working on compiling one Access and Functional Needs list for long-term planning efforts.
- Team Priority Visited Today: Zero Contacts from Previous Sweeps List.
- Team Priority for Tomorrow: Active Water Subscribers without filters marked vacant.
- 10 American Red Cross teams scheduled for Monday, February 8.

- Data is for 2/7/16 as of 5:00 pm:
o Total homes visited:
- 17,682 (round 3 total).
- 1,121 (today).
o Water cases (liters calculated by multiplying # of cases x 12):
- 124,032 liters or 10,336 cases (round 3 total).
- 8,124 liters or 677 cases (today).
o Replacement cartridges:
- 3,644 (round 3 total).
- 312 (today).
o Faucet filters:
- 7,185 (round 3 total).
- 92 (today).

Planning Section:
- Published Sit Rep # 33.
- Updated water projections to included long term donated water.
- Participated in daily meetings, local EOC, state agency briefing, and distribution process meeting.

Operations Section:
- Address high copper test results - filters issued will not address copper and lead both.
- DEQ & DHHS indicate there are no major concerns with higher copper levels, everyone needs a certain amount of copper intake daily.
- Address request for LE for 10 State high lead home teams.
- Address MDARD activities in regard to testing pets.
- Additional information will be put out through the JIC.
- Advise of problem with EPA not coordinating with state team for high lead level.

Warehouse Numbers as of 1800:
❑ Water (liters):
• 593,210 liters or 49,434 cases.
❑ Filters (faucet):
• 50,096.
❑ Replacement cartridges:
• 379,562.
❑ Test Kits (prepped):
• 18,504.
• PODs (1700 2/6 – 1600 2/7):
❑ Water (cases):
• 54,492 liters or 4,541cases.
❑ Filters (faucet):
• 76.
❑ Replacement Cartridges:
• 192.
❑ Test kits:
• 65.

Finance Section:
• Begin updates to cost reports for upcoming week submittal.
• Notice to EMHSD staff concerning additional DCDS coding requested by State Budget Office for hours relating to City of Flint Emergency.
• Review FEMA RRF report for current costs and state cost match.
• Notice to Financial Unit regarding additional coding to be entered on any and all bills paid in relation to City of Flint Emergency.

GIS Branch Updates:
• Water Sampling Update Maps.
• MDARD Food Establishment Maps by Team Assignment Area.
• Worked Water Pressure Lines Digitization.
• Editing the field team data/POD data to put points inside respective polygons.
• JIC and Parcel Pairing Map.

DTMB:
• Continue to provide DTMB management with daily updates and resource requests received.
• Looking to secure office space for SBA Disaster Loan Outreach Center within the City of Flint.

DHHS-CH:
• The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD.
• A team from the CDC arrived yesterday to work with MDHHS Bureau of Epidemiology.
• Inquired with the CHECC regarding GCHD participating in home visits for residences for which test results were greater than 150 PPB.
• DEQ provided SEOC with a list of the homes visited and it appeared that only the home that was listed included a visit by GCHD staff. The CHECC will be contacting the GCHD on Sunday to verify with the local Environmental Health POC, who is off today.

DEQ:
• Participation in Unified Coordination Group.
• Developed detail task list for SEOC DEQ desk.
• 223 samples received at the laboratory.

State Voluntary Agency Liaison (VAL):
• Working with State Agencies to determine if a need exists for their activities on the ground in Flint that could benefit from the potential local hire program.

Unified Coordination Group (UCG):
• Task Forces Health & Medical: working on creating a flow chart for visual of testing results.
• EPA conducted 11 filter grabs yesterday, and will be doing 2 today. This includes up to 33 samples per grab. A grab would be considered a location/residence. They are also following up on the AmeriCorps volunteers (2) that have rashes.

Local EOC:
• Establishing objectives and IAP for next operational period, 02/08/2016 – 02/12/2016.
• Awaiting additional information regarding companion animals with potential lead and chlorine poisoning from MDARD.
• Establishing plans for Elevated Copper Initial Assessment Task Force starting 02/08/2016 and follow-up outreach to homes with water lead levels over 150 ppb starting 02/10/2016.
• Aligning resources and supplies for Elevated Copper Initial Assessment Task Force and follow-up outreach to homes with water lead levels over 150 ppb.
• Analyzing locations of faith-based organizations and churches for integration into long-term recovery plans.

Injuries:
• February 2, 2016, a FEMA staff person injured his knee while picking up a small package. The staff person did not realize the extent of his injuries until today. He received a medical assessment at the Flint Hospital; an incident report will follow his assessment.
• On February 5, 2016, a Sergeant with the MDOC assigned to work at the Bell Warehouse was injured. The Sgt. was transported to Fire Station #6 to meet with an on-site ambulance and was transported to Hurley Medical Center. The Sgt. was evaluated, treated, and then released to report to a hospital closer to his home.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.

8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

Damage Assessment Summary

Agriculture and Rural Development (MDARD)

MDARD issues for Sun. Feb 7
A new map with updated information has been developed for MDARD by SEOC-GIS, and will be used for additional follow up with food related businesses this week.
Concerns are being expressed about lead poisoning in service/companion animals since those might tend to be more with the functional needs population, who may be unable to afford blood testing of their animal. SEOC-OPS has requested information that could be put out publically that may be an offer of assistance, if needed, for those concerned. That information could be provided to 211 who could then assist in getting them the appropriate and available help. MDARD will connect with their partners including MSU College of Veterinary Medicine and others on this issue and report back to OPS.

American Red Cross (ARC)

The American Red Cross deployed 10 Water Response Teams on Sunday, 2/7/16, to attempt contact at those residences where no one had yet answered the door.

The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm. The VRC will be operating from 9-5 again on Monday.

No water test kits were assembled Saturday or Sunday. We anticipate that production will resume on Monday.

Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities.

Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD.

Coordinated with the CHECC to send MDHHS staff to the Genesee County EOC this upcoming week to accompany the DEQ teams that are conducting home visits for those residences that water tested above 150 PPB of lead. In addition, DEQ and MDHHS staff will be making initial visits to the homes on Monday and Tuesday that have tested above the 1300 PPB level for copper. DEQ has requested one health staff member per team going out each day, and the goal is to send 1 team on Monday, 1 team on Tuesday, and 10 teams on Wednesday.

Held afternoon conference call with CHECC leadership to discuss activities and updates. The CHECC continues to work diligently to strategize and develop a plan for a blood lead testing campaign for all children.

Confirmed that Ginna Holmes will be providing training to MDHHS staff in the CHECC that will be assisting her with donation management. Pam Strobel has offered to attend as well and provide access and instructions to use the new Donations board in MICIMS. Pam will also ensure that donations management is aligned with SEOC logistics.

Confirmed with the CHECC and the SEOC Operations Branch that Barbara Reynolds from CDC is no longer in Michigan but may return in the near future. If she returns and is available to provide training to state officials in the Governor's office and MDEQ staff, then that request will be considered and coordinated through the JIC (per the direction of SEOC Operations).

Requested that DEQ include the GCHD Environmental Health representative, who is in the GC LEOC today, in planning discussions regarding protocol development for elevated copper levels identified in water samples.

Participated on the Local EOC Call at the request of SEOC Operations Chief. Locals expressed concern over the 31 locations that have tested with copper levels above the EPA standard (1300 PPB). The LEOC requested that MDHHS and DEQ work with the JIC to enhance messaging on this topic. Held a conference call with the CHECC executive group to discuss this request. copper information was located by the CDC ATSDR, and ATSDR was requested by the CHECC to assist with health messaging to the public. The MDHHS PIO will be coordinating with the JIC, DEQ and MDHHS on to accomplish this.

Corrections (MDOC)

MDOC continued operations at both warehouses and all PODs were well supplied during the entire operational period.

MDOC continue to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

143 water samples were collected and delivered to the DEQ Lab in Lansing.

MDOC had 14 employees and one SAI work crew (6 trainees total) on the ground in Flint today.

In an effort to reduce overtime costs we are working on completing a critical staff review. All dedicated resources will be reviewed to determine if it is feasible to reduce staffing in lieu of volunteers wherever possible.

We are working with Finance and MDOC assets to capture total employee payroll information and expenditures.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

□ Research of copper reduction certified filtration systems. 31 homes with elevated copper results >1300ppb. Local EOC will coordinate contacting residents; provide bottled water and health information, retest and develop plans for reverse osmosis filtration installation.
□

□ 143 samples were received at the laboratory

- Continued work on closing communication and administrative gaps.
- Produced tracking sheet for the request by U.S. Congressional Committee of Energy and Commerce.
- Reviewed upcoming deadlines from EPA Order tracking spreadsheet.
- Organization Chart was updated.
- Updated incident objectives to reflect activities for the upcoming week.

Human Services (MDHS)

Looking into filtration system for a child care institute, possibly through donation.

Passing on resource request for staff to assist with donation management mission.

Continue to review activities to provide support and assistance to Human Services branch and other SEOC entities.

Licensing and Regulatory Affairs (LARA)

Participated in briefings and updated the LARA Executive Team
LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
Review and finalization of Contract with plumbers via Plumbers and Pipefitters Local 370. Volunteer plumber will participate in copper testing teams on Monday, February 8.
Clarification of response outreach needs for Child Care, Adult Foster Care and other facilities was provided.
Translation services for various documents continue to be provided as needed.

Military and Veterans Affairs (DMVA)

Commanders Situation Report (SITREP)

1. DTG: 0713002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell: ı :mail: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 65 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has ı Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Traffic signs are in place at all stations. Flint City Engineering with the aid of National Guard Soldiers, have placed signs in accordance with city code.

b. POD 5 has two generator lighting units from MDOT. All PODs now have sufficient lighting.

1. Fuel cans and fuel card have been requested through SEOC. Alternate methods may
be considered.

c. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke, will be seeking approval from CPT Bowles and Dana and/or Kim at the purchasing office for laminating.

d. Last 24hrs operation.

8. PERSONNEL: Soldiers are currently assigned to the POD operations.. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: No Force Protection intelligence at this time.

10. LOGISTICS: In support of TF Flint

a. In support of recycle project sponsored by Schupon, the special purpose recycle bags have now been incorporated into POD operations and being distributed.

b. Hotel issues have been resolved.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone

Governor Rick Snyder
REINVENTING MICHIGAN
Getting It Right. Getting It Done.

In the News

Monday, Feb. 8, 2016
NEWS (Click the link to read the full article)

GOV's ACTIVITIES

Former head of Michigan drinking water office fired (AP)
The former head of the Michigan's drinking water office has been fired after an investigation into the state's oversight of Flint's switch to a new water source that ultimately led to lead contamination.

Michigan governor fires suspended environmental officials over flint crisis (WSJ)
Michigan Gov. Rick Snyder on Friday fired a suspended official with the state environmental agency charged with protecting municipal drinking water, the latest administration official to be ousted as the governor addresses the lead contamination of water in Flint, Mich.

Snyder fires former head of DEQ water quality unit (FOX 2)
The former head of the state's Department of Environmental Quality Drinking Water has been fired.

DEQ administrator has now been fired because of the water crisis (WIN 98.5)

Former chief of Michigan's Dept. of Environmental Quality's water unit fired (FOX 28)
Michigan Governor Rick Snyder's office has announced the firing of the former head of the Drinking Water and Municipal Assistance unit for the state Department of Environmental Quality (DEQ).

Former head of drinking water unit at Michigan's DEQ fired (WXYZ)
The governor's office has confirmed that the former head of the Michigan Department of Environmental Quality's Drinking Water and Municipal Assistance unit, Liane Shekter Smith, has been fired.

Former head of Michigan DEQ water quality unit fired (WLNS)
The former head of the Michigan Department of Environmental Quality water quality unit was fired Friday.

Michigan DEQ drinking water head removed (WWMT)
The former head of the Michigan Department of Environmental Quality's drinking water and municipal assistance unit has been removed.

Flint Economic Disaster Relief
Rick Snyder asks SBA to help Flint residents (WOOD Radio)
Governor Snyder is asking the US Small Business Administration for an economic disaster declaration in Flint and Genesee County. It would allow some financial assistance for residents and business owners as

they try to recover from the poison water crisis. If the declaration is approved, it would allow those people to apply for low interest loans.

Gov. Rick Snyder's office says the U.S. Small Business Administration has approved his request for low-interest disaster loans for businesses in Genesee County and Flint during the city's lead-tainted water crisis (AP)
Gov. Rick Snyder's office says the U.S. Small Business Administration has approved his request for low-interest disaster loans for businesses in Genesee County and Flint during the city's lead-tainted water crisis.

Businesses affected by Flint water crisis can seek disaster loans from SBA (MLive)
The Small Business Administration has approved Gov. Rick Snyder's request for aid to businesses in Flint and Genesee County affected by the water crisis.

Snyder: Feds OK loans for small businesses in Flint (Detroit News)
Gov. Rick Snyder announced Friday the federal Small Business Administration has approved his request for low-interest disaster loans for businesses affected by Flint's lead-tainted water.

Legionnaires'
Snyder defends handling of Legionnaires' outbreak (Detroit News)
Michigan Gov. Rick Snyder is defending how his office responded to an email flagging a potential link between a surge in Legionnaires' disease and Flint's water, saying an aide asked for further investigation but a state agency did not bring forward the issue again.

Snyder defends office's handling of Legionnaires' outbreak (AP)
Gov. Rick Snyder on Friday defended how his office responded to an email flagging a potential link between a surge in Legionnaires' disease and Flint's water, saying an aide asked for further investigation but a state agency did not bring forward the issue again.

Gov. Snyder defends response to Legionnaires' and Flint water suspicions (AP)
Michigan Governor Rick Snyder is defending how his office responded to an email flagging a potential link between a surge in Legionnaires' disease and Flint's water.

Snyder backs office's response to Legionnaires' cases (Detroit Free Press)
Michigan Gov. Rick Snyder on Friday defended how his office responded to an e-mail flagging a potential link between a surge in Legionnaires' disease and Flint's water, saying an aide asked for further investigation but a state agency did not bring forward the issue again.

Snyder aide: No reason to brief Gov. Snyder on Legionnaires' (WZZM)
Gov. Rick Snyder's point man for the state's response to the Flint water crisis said he did not brief the governor about a growing Legionnaires' outbreak in the Flint area until January of this year despite first learning about a potential problem in March 2015.

Could awareness of Legionnaires' Disease have saved lives in Flint? (WLNS)
It's been less than 24 hours since e-mails released by Progress Michigan showed officials from Governor Rick Snyder's office knew about an outbreak of the disease months before the public did.

Flint Task Force Communications Concerns

Doctor: info 'being withheld' from Flint task force (Detroit News)
Some unidentified state agencies are resisting requests for information from a task force appointed by Gov. Rick Snyder to investigate the Flint water contamination crisis, task force member Dr. Lawrence Reynolds said Friday.

Gov. Snyder tells committee to stick to solutions, not blame (WLNS)
It's been just under 24 hours since e-mails released by Progress Michigan showed that officials from Governor Snyder's office knew about an outbreak of Legionnaires' disease months before the public did.

Snyder's Flint task force is battling state departments (Detroit Free Press)
Many state departments are cooperating with Gov. Rick Snyder's task force investigating the lead contamination of Flint's drinking water, but getting needed information from certain departments is "like pulling teeth," a task force member said Friday.

Flint Water

PR expert: "No turning point in sight" in Gov. Snyder's handling of Flint water crisis (Michigan Radio)
In the coming months, there will continue to be much debate and discussion over the Flint water crisis. Who made the wrong decisions, and who knew what, when?

Mounting public relations issues drowning Governor Snyder (WLNS)
New details seem to emerge every day in Flint. People are asking what did the Governor know and when did he know it? Is there a public relations crisis in the Snyder administration?

Wrong place, wrong time for Snyder to sign bill (Detroit News)
Slowly but surely, Gov. Rick Snyder is working toward solving the Flint water crisis.

Gov. Snyder spoke at meeting in Flint this morning (Michigan Radio)
Gov. Snyder spoke at a morning meeting of the Flint Water Interagency Coordinating Committee.

Michigan governor: solve Flint water crisis instead of laying blame (Reuters)
Michigan Governor Rick Snyder said on Friday he wants officials to focus on solving problems around lead-contaminated drinking water in the city of Flint instead of laying blame as he said some have been doing.

Congressional Dems press Snyder to do more in Flint (Detroit News)
Several congressional Democrats met on Saturday with Flint residents hard hit by the water crisis and pledged to fight for millions in funding and put pressure on a governor they say has failed to allay rising fears of residents exposed to lead in their drinking water.

Gov. Snyder visits Catholic church to meet Latinos in Flint (AP)
Michigan Governor Rick Snyder says he's reaching out to Flint's Latino community to make sure residents are getting bottled water and filters during the city's lead-contamination crisis.

Michigan governor: solve Flint water crisis instead of laying blame (Reuters)
Michigan Governor Rick Snyder said on Friday he wants officials to focus on solving problems around

lead-contaminated drinking water in the city of Flint instead of laying blame as he said some have been doing.

Snyder declines invite to testify before Congress on Flint (FOX 17)
Gov. Rick Snyder has declined an invitation to testify before Congress next week on the Flint water crisis and what's being done to rectify the situation.

Snyder declines invitation to testify before Congress (WDIV)
Gov. Rick Snyder declined to appear before Congress next week to offer his testimony on how the Flint water crisis happened and what is being done at the state level to make it right.

Gov. Snyder declines invite to testify on Flint water crisis by house Democrats (MLive)
Gov. Rick Snyder has declined an invitation to testify before the House Democratic Steering and Policy Committee on Wednesday, Feb. 10.

House Democrats want Gov. Snyder to testify at new hearing on Flint water (MLive)
Three Congress members have invited Gov. Rick Snyder to testify before the House Democratic Steering & Policy Committee during a hearing next week on the Flint water crisis.

Governor Snyder Invited to Testify at Congressional Hearing About Flint (9 & 10 News)
Speaker of the House Paul Ryan is among lawmakers in Washington who want to get to the bottom of the Flint water crisis.

Bill Signings

Emergency contact information law signed by governor (Advisor & Source)
Gov. Rick Snyder signed legislation on Feb. 2 that allows for emergency contact information to be added to driver's licenses and state identification cards.

Appointments

Snyder appoints judge to 61st District Court (Grand Rapids Business Journal)
Governor Rick Snyder has appointed a new judge to the 61st District Court in Grand Rapids.

Miscellaneous

Snyder cuts focused on unionized workers (Lansing State Journal)
Gov. Rick Snyder cut fewer civil service positions in his first five years than his predecessor cut in her last five years, but the current administration has focused its cuts on unionized workers.

Michigan Democratic Party urges Gov. Rick Snyder to resign over Flint crisis (MSNBC)
On the heels of growing scrutiny over his handling of the unfolding water crisis in Flint, Michigan, which has exposed thousands of children to high contamination levels of lead, the Michigan Democratic Party has called on Gov. Rick Snyder to step down.

Banner flying over Ann Arbor reads: "Snyder poisoned kids in Flint" (Michigan Daily)
A national activist group called Ultraviolet sponsored a plane banner protesting Governor Rick Snyder's (R) potential involvement in the Flint water crisis.

Snyder 'poisoned kids in Flint,' reads banner flying over Ann Arbor (MLive)
A plane with a banner is flying over the Crisler Center on Saturday ahead of the Michigan-Michigan State game, but it's not about basketball.

Lavish B'day cake for Michigan First Lady Sue Snyder draws attention (Deadline Detroit)
Timing and perception count for a lot in politics. Well, a birthday cake made for Sue Snyder, Michign's first lady, is getting notice on the Internet because.a cake that screams of prosperity and pampering when her husband grapples with a crisis in Flint is not a good thing for the governor's image.

See the elaborate cake made for Gov. Rick Snyder's wife by Ann Arbor bakery (MLive)
Heather Anne Leavitt, the cake designer and proprietress behind Ann Arbor's boutique cakery, Sweet Heather Anne, makes a lot of high-end, super-detailed cakes, so she didn't blink when a woman met with her to place an order for an expensive cake to be delivered to The West End Grill for a private party.

LT. GOVERNOR'S ACTIVITIES

Flint food establishments urged to get water inspections (AP)
Officials are encouraging food establishments in Flint to take advantage of free water safety inspections being offered amid the city's crisis with lead-tainted water.

Flint restaurants working to get the lead out of their water (Michigan Radio)
There's a sign on the front door of Blackstone's Pub and Grill in downtown Flint. It reads: Water Test: Lead Free.

Lt. Gov. Calley deflects calls for Snyder to resign (Detroit News)
Lt. Gov. Brian Calley deflected questions Friday about whether Gov. Rick Snyder should resign for the Flint contaminated water crisis as Democrats continued a drumbeat of calls for the ouster.

Lt. Gov. Brian Calley begs people to visit Flint during water crisis (MLive)
Lt. Gov. Brian Calley pleaded for people to come visit Flint's restaurants despite the negativity surrounding the toxic lead levels in the water here.

Snyder: Feds OK loans for small businesses in Flint (Detroit News)
Gov. Rick Snyder announced Friday the federal Small Business Administration has approved his request for low-interest disaster loans for businesses affected by Flint's lead-tainted water.

FLINT

Democrats rip Flints response, pitch Kildee's $1.5B plan (Detroit Free Press)
U.S. Rep. Dan Kildee led a group of fellow House Democrats through Flint on Saturday, meeting with residents affected by the city's water crisis and making the case for his new, $1.5-billion Flint aid bill, which he concedes faces long odds in Washington.

Flint mayor thanks Hillary Clinton for helping get fed action on water crisis (MLive)
Mayor Karen Weaver thanked Hillary Clinton, saying the former Secretary of State's concern over the city's water crisis helped spur government action for the residents of Flint.

Hillary Clinton's Flint water crisis visit drawing supporters, critics (MLive)
Democratic presidential candidate Hillary Clinton's visit to Flint is drawing residents from around the state.

What nobody is talking about in Flint (Huffington Post)
Governor Rick Snyder was inaugurated on January 1, 2010. Coming from big business and venture capital, he only took six weeks in office to propose a radical redistribution of the state's shrinking tax base. Snyder's budget completely gutted the state's complex business tax, replacing it with a significantly lower flat tax on corporations.

DETROIT

Michigan Senate committee reviews Detroit schools plan (Crain's Detroit Business) AP STORY
The debate over a plan to restructure Detroit's ailing school district is officially underway in Michigan's Legislature.

Ex-principal, school contractor plead guilty to bribery (MLive)
A former high school principal and a tutoring contractor pleaded guilty Thursday in a bribery scheme involving after school programing at the state-run Education Achievement Authority.

Chancellor urges EMU to end EAA pact (Detroit Free Press)
Eastern Michigan University's Board of Regents should put an end to the legal agreement that establishes the Education Achievement Authority, the controversial district's leader said this morning.

EAA chancellor urges EMU regents to end partnership with Detroit schools (MLive)
Eastern Michigan University's Board of Regents is expected to vote Friday afternoon on whether to continue the university's involvement with Gov. Rick Snyder's controversial Education Achievement Authority.

WXYZ-TV helps fill semi-trucks with donated school supplies for Detroit Public Schools (WXYZ)
WXYZ partnered with Leo's Coney Island for the Detroit School Supplies Drive – to benefit students and teachers in Detroit Public Schools.

UAW chief condemns Flint crisis, foreign car production (Detroit News)
United Auto Workers President Dennis Williams on Friday condemned Michigan politicians for not acting more swiftly to help Flint residents amid the city's ongoing water crisis.

EMU votes to withdraw from Detroit schools' Education Achievement Authority (Crain's Business Detroit)
Eastern Michigan University next year will end an interlocal agreement with Detroit Public Schools that helped form the Education Achievement Authority to oversee lower-performing schools in the city back in 2011. But the move may be moot if a pair of school restructuring bills pass in Lansing

Eastern Michigan to end agreement with schools authority (AP)
Eastern Michigan University is stepping away from its involvement with a spinoff system of 15 schools that once were part of the Detroit Public Schools.

Eastern Michigan pulls plug on EAA (Detroit Free Press)
It started over dinner at The Chop House in Ann Arbor. It ended in a packed meeting room at Eastern Michigan University.

Is bankruptcy next for Detroit Public Schools? (WDIV)
The Detroit Public Schools (DPS) district's money situation is on the edge of disaster.

EMU president on cutting ties with EAA: 'This chapter is essentially now closed' (MLive)
Shortly after Eastern Michigan University's Board of Regents voted Friday to end its involvement in Gov. Rick Snyder's controversial Education Achievement Authority, the university's interim president shared his thoughts.

Roof leaking for years damages Vernor Elementary School's gym and auditorium (WXYZ)
People at Vernor Elementary School in Detroit say their school is in such disrepair, it is turning into an unhealthy place to work and learn.

DPS on track for financial crash (Detroit Free Press)
Detroit's public schools are almost run aground on $3.5 billion in debt and long-term liabilities, all of which threatens insolvency. That's the state's largest district, charged, at present, with educating 46,000 kids. By April, reports predict, it will be out of cash.

Buss: EPA regs backfire on Detroit Marathon plant (Detroit News)
Detroit's Marathon Petroleum Co. refinery is seeking permit approval from the Michigan Department of Environmental Quality to increase its sulfur dioxide emissions. Nearby residents — and now, Mayor Mike Duggan and some state lawmakers — are understandably resisting more pollution in their neighborhood, already the dirtiest in Michigan.

Fox Theatre set as site of GOP presidential debate (Detroit News)
The Republican National Committee and Fox News Channel will hold the March 3 GOP presidential debate at the Fox Theatre in Detroit, five days before Michigan's primary, a Detroit area Fox affiliate said Friday.

DEPARTMENTS

MDARD
Flint food establishments urged to get water inspections (The Washington Times)
Food establishments in Flint are being encouraged to take advantage of free water safety inspections offered amid the city's crisis with lead-tainted water.

MDCR
Flint water crisis spurs hearings by Michigan Civil Rights Commission
The Michigan Civil Rights Commission will conduct at least three hearings regarding discrimination allegations involving Flint's water crisis.

MDE
Madison Elementary School receives $22,725 literacy intervention grant (The Daily Telegram)
A Michigan Department of Education grant has been awarded to Madison Elementary School to help provide additional instructional time in its literacy intervention program.

Michigan schools can apply for statewide program (FOX 47 News)
For the seventh year in a row, Michigan schools are invited to apply for the Building Healthy Communities program, a private-public initiative designed to fight obesity and improve childhood health through school-based wellness programming.

DEQ

DEQ: Marathon refinery already allowed to hike pollution (Freep)
The area around Marathon's Detroit refinery will see increased sulfur dioxide air pollution from the plant whether a new air pollution permit is approved or not.

Snyder fires former head of DEQ water quality unit (FOX 2)
The former head of the state's Department of Environmental Quality Drinking Water has been fired.

Questions arise MDEQ email release (FOX 47)
An email from the Michigan Department of Environmental Quality (MDEQ) to a top adviser in Governor Snyder's office calls his attention to the uptick in cases of Legionnaires' disease in Flint.

The Michigan DEQ says it will closely monitor a dioxane plume that's been slowly expanding in Ann Arbor as it moves closer to the Huron River in the coming years (Daily Journal)
The Michigan Department of Environmental Quality will closely monitor a dioxane plume that's been slowly expanding in Ann Arbor as it moves closer to the Huron River, according to the agency.

Rain caused 18 million gallon overflow into Saginaw River, DEQ report says (MLive)
Heavy rain Tuesday measuring 0.87 inches combined with snowmelt to cause the overflow of a Saginaw retention basin into the Saginaw River Wednesday, Feb. 3, according to a report the city of Saginaw sent to the Michigan Department of Environmental Quality.

Michigan DEQ drinking water head removed (WWMT)
The former head of the Michigan Department of Environmental Quality's drinking water and municipal assistance unit has been removed.

DEQ director invited to Ann Arbor to discuss dioxane concerns (MLive)
Washtenaw County officials have invited the director of the Michigan Department of Environmental Quality to Ann Arbor to discuss the Gelman dioxane plume.

FLINT UPDATE: DEQ administrator has now been fired because of the water crisis (WIN 98.5)
One of the two DEQ supervisors who were suspended last month, has become the latest to lose their job and the first to be fired because of their role in the Flint water crisis.

DEQ will hold public meetings tomorrow on a proposal to divert water from Lake Michigan (Michigan Radio)
The Michigan Department of Environmental Quality is holding public meetings on Tuesday about a proposal to divert water from Lake Michigan.

Current permit allows more pollution from Detroit refinery (9 & 10 News)
The area around Marathon's Detroit refinery could see increased sulfur dioxide air pollution regardless of whether new permit is approved.

DHHS

Holland city, schools form committee to study lead in children (Holland Sentinel)
The city of Holland and Holland Public Schools have drawn together a committee to study blood lead levels of young children living in the city.

New Data Reveals Decrease in Michigan Vaccination Waivers (WHTC 1450)
New data from the Michigan Department of Health and Human Services shows that Michigan has seen a 39 percent decrease in the number of vaccination waivers submitted this year compared to the same time last year.

Why rural children are going to school - not the doctor's office - for health care (MLive)
During a recent outbreak of hand, foot and mouth disease, Cedar Springs students sought treatment at school, not an urgent care center or hospital.

LEGISLATIVE

Making an appeal for a repeal (Grand Haven Tribune)
Changes to Michigan's election law still draw scrutiny from local public officials who say the measure restricts their ability to communicate with voters.

Michigan Senate OKs $30 million to cover Flint water bills (Grand Haven Tribune)
Michigan lawmakers moved quickly Thursday to start approving $30 million to help pay the water bills of Flint residents facing a lead-contaminated water supply.

Michigan Senators Attempt To Save Detroit Public Schools From Ruin (WEMU)
Bills in the state Senate would commit more than $700 million from the state to restructure Michigan's largest district and help pay down its crushing debt. Lawmakers serving on the state Senate Government Operations Committee acknowledged repeatedly that the stakes are high. "The legislation that we're going to put through and go through the process here is going to be a piece of legislation that is going to be here for years – for infinity, because we'll be impacting children. So we've got to get this right," said state Senator Morris Hood III (D-Detroit).

Bill would restrict ads for the state's Medicaid expansion program (Bridge MI)
A Republican state senator has floated a bill to prevent the state from advertising or encouraging enrollment in the Healthy Michigan Plan, the state's Medicaid expansion program.

Powerful law firms step up Lansing lobbying efforts (Bridge MI)
At times during the past few years, leaders of the Detroit Institute of Arts regularly invited Michigan lawmakers to tour the Midtown museum.

Bills threaten local historic districts in Michigan (Freep)
A collective shudder ran through Michigan's historic preservation community these past couple of weeks as details emerged about proposed legislation that could all but wipe out local historic districts in the state.

Michigan reps in Congress touting bill to speed up discovery of medical cures (MLive)

It's been less than three months since Chad Carr, the 5-year-old grandson of former University of Michigan football coach Lloyd Carr, died following a 15-month battle with an inoperable brain tumor.

Lawmakers introduce Flint water, Tesla sales bills (Freep)
Luxury automaker Tesla wants to sell its pricey cars in Michigan without having to open a dealership and a state representative from Sturgis introduced a bill last week that will try to make that happen.

Sen. Casperson responds to criticisms of Gov. Snyder (UP Matters)
Many Democrats continue to call for Governor Rick Snyder to resign, claiming that it was his incompetence that led to the Flint water crisis. Upper Peninsula State Senator Tom Casperson told the Radio Results Network that playing political games is the last thing the people of Flint need.

OPINION

DPS on track for financial crash (Detroit Free Press)
Detroit's public schools are almost run aground on $3.5 billion in debt and long-term liabilities, all of which threatens insolvency. That's the state's largest district, charged, at present, with educating 46,000 kids. By April, reports predict, it will be out of cash.

Money for Flint? Yes, but bigger issues loom (Detroit Free Press)
Michigan Sens. Debbie Stabenow and Gary Peters say they want $600 million to help Flint deal with infrastructure.

Wrong place, wrong time for Snyder to sign bill (Detroit News)
Slowly but surely, Gov. Rick Snyder is working toward solving the Flint water crisis.

Finley: What isn't helping Flint (Detroit News)
A crisis isn't solved by finger pointing, grandstanding, gotcha games, exaggerations and hysteria. That's what's been going on in Flint, and it isn't helping.

Editorial: Snyder must produce all emails immediately (Detroit News)
This week's alarming revelation that Gov. Rick Snyder's staff knew about the spike in Legionnaires' disease in Flint well before he announced it publicly calls into question the administration's commitment to full transparency regarding this crisis.

Assessment of Flint water crisis may hinge on stupidity vs. criminality (New York Times)
In the movie "The Big Short," which is concerned with how the housing bubble led to the financial crisis in 2008, one of the characters tries to explain why no one at the banks was being held accountable. "Tell me the difference between stupid and illegal, and I'll have my wife's brother arrested," he says.

More sunshine in Michigan (Toledo Blade)
The nation is rushing to try to help Flint, a city whose water has been disastrously contaminated with lead because of a decision made by an emergency manager appointed by Michigan's governor. By all accounts, the state was, at the very least, painfully slow to react — something even Gov. Rick Snyder has tacitly admitted in a series of public apologies.

Update 2/6/16 – 33rd Day (32nd Full Day) After Governor's Declaration of an Emergency

The link below is a new video published today by 211. This is part of the Rapid Response Teams currently staffed by Team Rubicon.

https://www.youtube.com/watch?v=P5Orqzc5efg

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
  - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
  - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
  - Includes filter replacement strategies.
- Soft opening of secondary state warehouse; clean and prep for SBA staff.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data.
2. Sit Rep #32.

3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Sunday, February 7, 2016.
- MDOC will continue setting up the new warehouse.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- JIC posted the AIA Flint Safe Water Storage Guideline flyers on MI CIMS under internal documents.
- SEOC Logistics is working to secure space in new warehouse for SBA office, additional information needed from SBA.
- GIS geocoded and cleansed addresses for food establishments in the Flint Metro Area.
- GIS digitized water service lines coded by pressure from paper map onto digital map.
- State VAL is working on the Category B and Individuals and Households appeal.
- MOU with Seventh Day Adventist for donations management currently under review.
- MDARD is planning for additional follow up with food related businesses as water test results come in; new maps with updated information will help with future prioritization.
- MDARD will attend a USDA-Natural Resources Conservation Service press conference to be held on Monday; NRCS will be announcing funds to support community gardens and local foods.
- A team from the CDC arrived yesterday to work with MDHHS Bureau of Epidemiology. Their work began today by beginning to analyze data for the development of long term surveillance strategies that will look to link blood lead level results to specific populations, to include vulnerable and at-risk populations.
- LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
- Freeman Elementary was tested today (2/6/15) by DEQ/LARA staff members.

Unified Coordination Group (UCG):

- Attended 3 matrix review meetings, taskforce leads gave status updates on the original requests/asks sent from the State to Federal government.
- UCG POC will update the objectives with current status once completed by the information cell.
- EPA has 4 teams going out today, 17 filter grabs, a sequential sampling, and walk in requests.
- Additional phosphorus results remain consistent with previous reports. Appears the coating is working in the pipes.
- Multiple Hispanic events are taking place in the community and will be attended by federal staff.
- CDC recommendation should go out today for blood level testing for children under the age of 6.

Local EOC

- Finalized DEQ outreach at homes with water lead levels above 150 ppb.
- Developing plan for outreach at homes with water lead levels of 100 to 149 ppb.
- Will start outreach at homes with water lead levels of 100 to 149 ppb with one group on Monday.
- Potentially following up on initial outreach at homes with water lead levels of 100 to 149 ppb 10 strike teams for evaluation of pluming system, water sampling, etc. starting Wednesday.
- Evaluating need to address health needs of companion animals in households exceeding water lead levels above 100 ppb.
- Awaiting clarification regarding effectiveness of filter systems for removal of copper.

Below is a summary of Federal Teams in the field during next operational period until 2/10 per the UCG.

Public Health Support Team (PHST) (US HHS) stationed at GCHD

9 personnel

- Develop engagement strategy for GCHD to facilitate outreach efforts to the community members and community partners.
- Development database for incoming calls to standardize the responses to caller queries; develop resource list for GCHD.
- Two personnel will facilitate case management follow up on results from GCHD concerning water samples with high home water lead levels.
- Provide technical assistance and community health outreach support to GCHD and to the EPA field team during water sampling and rash investigations.
- Create email groups for email messaging blasts to community partners.

Behavior Health Team (US HHS) stationed at GCHD

4 personnel

- Develop Behavior Health Surveillance Plan and Gap Assessment.
- Provide Behavioral Health Support for community-based health and human service providers.

EPA Sampling Teams out in the field

3 teams with 3 personnel,

- Identify sampling locations based on State DEQ requests and/or inquiries from residents, schedule visits with residents.
- Develop facts sheets based on high lead homes and other facts sheets, as needed.
- Provide risk communications and test results to residents.
- Conduct sequential, filter pilot, and distribution system sampling.

High Lead Home Strike Team out in the field

5 personnel

One MDEQ rep (Taylor) with EPA high lead team.

- Conduct water sampling at residences with rash complaints
- High lead homes with no contact information

MDEQ (Provided by Mark Ducharme) out in the field

- One Initial Outreach Visit team consisting of 1 DEQ rep (Oeming) and 1 MDHHS rep (Groetsch), supported by 2 team Rubicon, 1 city of Flint PD escort, and 1 Penske truck loaded with commodities.

Genesee County Health Department team out in the field

1 team with 2 personnel One LHD person (EH), One EPA person (for sampling)

- Responding to high lead homes – Made contact with all homes 150 ppb last Wednesday and will continue as long as they have resources.

- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data (NG field is showing 0 which is not correct). NG personnel are still at the PODs.
2. Sit Rep #31.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Saturday, February 6, 2016.
- MDOC will begin setting up Kroger warehouse.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- SBA declaration approved. SEOC Logistics will be working to identify office space in Flint for SBA staff.
- Recovery Branch estimate based on information collected last weekend is as follows:
    - 80 Complexes
    - 4170 Units
    - 2892 Assisted Living/Senior Housing (Dept of Aging)
- Information in DHHS Sit Rep is from GCCARD only, this information is not included in the daily totals.
- JIC issued a news release around 10 a.m. about the state of Michigan encouraging food establishments to take advantage free water safety inspections. The news release was picked up by the Associated Press and other news media outlets.
- JIC held a media event to encourage people to check out Flint area restaurants with Lt. Gov. Brian Calley and Michigan Department of Agriculture and Rural Development Director Jamie Clover Adams. Nine local and statewide news media members attended the event.
- Finance Section developed guidance for Flint Water Inter-Agency Coordinating Committee related to reimbursements for non-state employees.
- State Voluntary Agency Liaison (VAL) prepared list of NGOs involved in Flint for DHHS SERG grant application.
- State VAL worked on potential jobs funding with TIA via Dept of Labor.
- Question was asked from the Governor's office yesterday if commodities purchased could be returned. Per FEMA, any item such as filter, pitcher, cartridge etc. cannot be returned. Once procured via State RRF the state owns it - no returns. Water can be returned with 12 months remaining shelf life and in complete factory issued pallet w shrink wrap and the state will fund/ transport of returning water to the designated Distribution Center. FEMA will inspect

all returning water prior to movement and water is limited to available storage space in the FEMA Distribution Centers which will range between 0-5 million liters. Quantity to be returned will be approved prior to movement based upon available space and known inbound inventory.

- DEQ finalized sentinel sampling plan to commence activities beginning February 10th, 2016.
    - DEQ received 12 iPads for deployment with teams for status tracking.

Unified Coordination Group (UCG):

- Met with the nutrition task force today on request from the state.
- Cleared up misinformation on areas that have not been covered.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Developed floor plan proposal for new warehouse with warehouse workers.
- Recycling and water distribution event with MSU athletics.
- Establishing plan to provide public transit vouchers for travel to blood lead level test clinics.
- Work with Michigan Community Service Commission to align supplies and resources for PUR filter distribution effort next week.
- DEQ/Team Rubicon team visited 30 homes with water lead levels of 150 ppb.
- Developing plans for follow-up with residents at homes with water lead levels of 150 ppb.

Subject: SEOC Update 2/4/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/4/16 – 31st Day (30th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made. Special attention to apartments/multifamily residences.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Submit SBA application.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data.
2. Sit Rep #30.

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Friday, February 5, 2016.
- FWICC and Mission Flint meetings in Flint.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Continued priority is the apartment list from 2/2/16.
- Recovery Branch worked with county and postal partners to collect information about home vacancies and resident's with forwarded mail addresses in order to ensure we are contacting all occupied residences in the City of Flint.
- Recovery Branch supported the efforts of MSDHA to provide resources to tenants in their facilities.
- JIC issued a media advisory about federal lead for Flint water crisis Dr. Nicole Lurie to visit EPA's command post.
- MDHHS provided a representative to accompany the MDEQ team to the high lead homes in Flint. The MDHHS representative will encourage individuals to have blood lead testing and answer health questions as necessary.
- GIS is working to develop a field application for MDEQ and MDHHS for field collection of water test data and health data respectively.
- SEOC and MTED are working with Department of Labor to identify grants that may be available to assist with jobs programs (wages, training, overhead, and potentially equipment and leasing resources). DOC looking at prisoner re-entry programs for those returning to Flint area.

Unified Coordination Group (UCG):

- Working on improving communication flow between UCG and state partners.
- Attended long term recovery meeting held by state VAL.
  - Discussed MARC model and potential transition plan.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Attended meeting with federal, state and local health and environmental agencies to establish process for notification of households with water test results that exceed 150 ppb.
- Attended two long term recovery planning meetings with SEOC staff, VOADs and local agencies (Flint Water Recovery Leadership group).
- Ensuring Community Access Center for the Deaf and Hard of Hearing receives appropriate supplies.
  - Briefed staff on site on filter installation and water sampling process.
- Clarified distribution process at city sites with Flint City Administrator's Office. Coordinating with Fire Department Quartermaster for supplying city sites.
- Addressing various public concerns, including identification of canvassing teams.
- Instituted credentialing verification process for 2-1-1 calls.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/3/16 – 30th Day (29th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Refocus state agencies on objectives, tasks in the Incident Action Plan and how we get to the end state/shift to longer term recovery.
- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Submit SBA application – outstanding item is the certification of availability of financial assistance. Priority item for the a.m. so this can get submitted. Press release has been completed.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. **Daily Summary of Data, full version and abridged (New reporting format – we will ensure we give liters of water and cases in the future)**
2. Residential Water Sampling Results Maps – Lead and Copper
3. SitRep 29

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Thursday, February 4, 2016.
- Will continue to target residences from the Apartment List from 2/2/16

Items to Note

- Paired down the list of parcels not visited from 2400 to 958. Will continue on 2/4/16 to identify any parcels not visited. Some parcels contain multifamily residences and those types of residences are being reviewed and targeted to ensure coverage.
- MDOC is going to look into their job programs for any prisoners begin release back into the Flint area. This will be in conjunction with any other job programs identified. We are working with MTED on solutions.
- DEQ and DHHS will be going to residences with >150 ppb starting tomorrow. They will be checking residences next to the one with the high lead level to see if this is a single residence issue or a bigger issue affecting the block or line in an area. This will not initially include EPA as they did not seem interested in combining teams but we are working on more collaboration without slowing us down.
- DEQ will have a representative in the UCG starting 2/4/15.
- Discussed with UPS on ways they can assist with Rapid Response Team and filter replacements in the future.
- Additional warehouse will be put in service potentially Saturday. Seventh Day Adventist are potentially going to operate it or help with operations to phase out state agency personnel and make it more community run. The warehouse does include some office space if needed.
- 10 ARC Flint Water Response Teams to the field today.
- Team Priority Visited Today: Apartment List from 2/2/16

- SEOC Logistics worked with MDOC on their assistance with warehouse management and staffing for new warehouse. Reached out to Food Bank on their recommendation and coordination for hours/days of operation of new warehouse.
- SEOC Operations attended a donations management meeting to discuss the need for a consolidated list of donated goods.
- JIC strategized with the U.S. Department of Health and Human Services and Environmental Protection Agency on how to better coordinate public information.

Unified Coordination Group (UCG):

- UCG IAP approved today for the operational period 0800 2/2/16 to 0800 2/4/16.
- The Federal Health Coordinating Officer had a meeting today with Economic Development and Housing and Urban Development.
- EMHSD liaison provided information on Michigan EM structure to Command.
- State JIC manager now in the communication loop for the UCG.
- UCG discussed MARCs and potential implementation.
- Capt. Kelenske met with Don Boyce from US DHHS to discuss concerns with Federal HHS and EPA and how we can move forward with better collaboration and coordination. Boyce also met with Governor's Office staff on same. The meeting went well and a solid relationship is in place with Boyce. He is a direct report to Dr. Lurie and will provide her some context on the issues and how we can move forward. He will be a good POC to assist us with any shifts in direction needed at the federal level.

Local EOC

- Coordinated rapid response deliveries to homebound residents and special locations.
- Working on refining rapid response delivery process.
    - Preparing transition from Team Rubicon personnel to NCCC teams, and eventually Southern Baptist Disaster Relief.
    - Coordinating with ARC for logistics support to NCCC teams (AmeriCorp).
- Working with ARC to ensure resource needs of franchise customers at Sunridge Apartments complex in Flint Township are met.
- Coordinating with MDEQ to streamline test kit assembly process.
- Attended distribution plan meeting with faith-based organizations, state, and local agencies.
- Referring VOADs to appropriate volunteer management agencies.
- Addressing various public concerns, including availability of supplies at child care facilities.

Subject: Saturday, Feb. 6 update from the Flint Water Response Team

FLINT WATER RESPONSE TEAM

UPDATE | SATURDAY, FEBRUARY 6, 2016

This daily update is being issued in order to provide the latest information regarding actions and available resources.

U.S. Small Business Administration approves Governor Snyder's request

The approval provides low-interest disaster loans for small businesses in Flint and Genesee County. These loans will help small business owners and nonprofits in Flint recover from any damages as a result of the Flint water crisis. Business owners seeking these loans must apply by Nov. 7, 2016.

Former head of DEQ water quality unit removed

Putting the well-being of Michiganders first needs to be the top priority for all state employees. Anything less than that is unacceptable.

After a departmental review of circumstances during the time period leading to the Flint water crisis, the former head of the Michigan Department of Environmental Quality's Drinking Water and Municipal Assistance unit was officially terminated from state employment yesterday afternoon.

State encourages food establishments to take advantage of free water safety inspections

In an effort to support Flint food-based businesses, Lt. Gov. Brian Calley and others provided a behind-the-scenes look at how the Michigan Department of Agriculture and Rural Development and Genesee County Health Department are working with local restaurants to conduct free water assessments and ensure food safety precautions are in place.

Reminder: Children in Flint should be tested for lead

The 9,000 children in Flint under age 6 should have their blood tested for potential lead poisoning after some water tests showed lead levels in the city's water may exceed the capacity of faucet filters. Primary care doctors in Flint and the Genesee County Health Department offer lead testing of children's blood. For more information, dial United Way 2-1-1 or visit www.mi.gov/FlintWater.

Flint families need critical clean water resources. Since January 9, the state has distributed:

- 281,019 cases of bottled water
- 103,886 water filters

- 209,439 replacement cartridges
- 34,829 water testing kits

REMINDERS

- For Flint water assistance: Dial United Way 211 or visit www.mi.gov/FlintWater
- To donate or volunteer: visit www.HelpForFlint.com
- Residents should install filters to their taps to ensure they have immediate and ongoing access to safe water. Only run cold water through the water filter and use filtered water for drinking and cooking. Monitor the cartridge on the filter and replace as needed.

WATER RESOURCE LOCATIONS
These sites are open seven days a week from 9 a.m. to 9 p.m. with the following resources:

- Bottled water
- Water filters
- Replacement cartridges for water filters
- Water testing kits pick-up
- Drop-off location for water testing kits

Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Rd.
Flint, MI 48506

Fire Station #6
716 West Pierson Rd.
Flint, MI 48505

Fire Station #8
202 East Atherton Rd.
Flint, MI 48507

We will continue to work to improve the water situation in Flint. Community members and local officials are working together to make sure we hear and respond to concerns. Governor Snyder will continue to keep you updated on the latest news and information. **If you don't find the resources you need by dialing United Way 211 please call the Governor's office directly at 517-335-7858.**

THIS WEEK IN WASHINGTON: WINTER IS OVER?

Happy Friday, Everyone! This week included Groundhog Day, a day when otherwise reasonable Americans eschew advanced meteorology and put their faith in a seasonal weather forecast determined by a fur-covered mammal in a small Pennsylvania town. A crowd gathered in Punxsutawney, Pennsylvania awaiting the emergence of Punxsutawney Phil. After a tap of a cane on Phil's tree-trunk cage, his door was opened, and the animal emerged.

He was held aloft to cheers and applause. Phil did not respond, other than to blink. Placed on top of the trunk, he attempted to flee before his actions were closely analyzed. Interpreting Phil's behavior, the Groundhog Club emcee proclaimed, "There is no shadow to be cast! An early spring is my forecast!"

But how accurate are Punxsutawney Phil's forecasts? According to the USA Today, which has tracked his "predictions" since 1988, the groundhog has been "right" 13 times and "wrong" 15 times, for an accuracy rate of 46 percent.

While Phil's accuracy rate may not be high, his approval rating is much more favorable than Congress which continues to experience delays and partisan gridlock. This week the Senate hit a major stumbling block with the energy policy overhaul bill. A proposal to direct federal loans to the Flint drinking water crisis did not win the support from Michigan's Democratic senators, who sought more direct aid. The House Committee on Oversight and Government Reform also examined the Flint water crisis and held

a hearing examining federal administration of the Safe Drinking Water Act.

We will continue to provide you with the latest information from Capitol Hill. In the meantime please let us know of any questions you have. Have a wonderful weekend!

STATE DIRECTOR NEWS

NEMA would like to extend a warm welcome its two newest directors. James Waskom has been named Director of the Louisiana Governor's Office of Homeland Security & Emergency Preparedness. Col. Lee Smithson has been named Executive Director of the Mississippi Emergency Management Agency. Congratulations to both on their appointments. NEMA would also like to thank outgoing directors Kevin Davis and Robert Latham for their outstanding contributions to NEMA and the emergency management profession. We wish them all the very best!

NOAA's Climate.gov has launched a new El Niño-Southern Oscillation (ENSO) webpage. Everything you need to know about El Niño is now in one place!

WHITE HOUSE ANNOUNCES FEDERAL EARTHQUAKE RISK MANAGEMENT STANDARD

This week the White House held an Earthquake Resilience Summit where a number of subject matter experts discussed a number of topics ranging from early earthquake warning to building codes to next generation warnings. One of the panelist included Director of the Oregon Office of Emergency Management and NEMA Member, Andrew Phelps.

Phelps highlighted the importance of collaboration between all sectors to spread the preparedness message. "A warning is only good if the person that receives it knows what to do with the information", Phelps stated.

He also discussed the culture of preparedness and the key to shifting from a victim mindset to a survivor. Through collaboration, coordination, cooperation, and relationships,the preparedness message becomes clearer and more concise.

On the same day, the White House released an Executive Order establishing a Federal Earthquake Risk Management Standard. President Obama ordered all new or renovated federal buildings to be equipped with the latest protections against earthquakes. The White House says the standard will improve federal buildings' resilience to earthquakes, making them safer and lowering the costs for recovering from a quake.

The order states that agencies constructing or updating federal buildings must ensure they're built with earthquake-resistant designs that meet the latest building codes. The White House says following those codes are one of the best ways to save the lives of people living in a building.

The White House says it's also working to ensure government assets dollars are available for recovery efforts

after an earthquake.

SENATE HEARING ON FRONTLINE RESPONSE TO TERRORISM IN AMERICA

The Senate Homeland Security and Governmental Affairs Committee held a hearing entitled, "Frontline Response to Terrorism in America". The witness panel included the Director of the California Office of Emergency Services, the Governor's Homeland Security Advisor and NEMA Member, Mark Ghilarducci.

Other witnesses included: Wally Sparks, Everest Metro Police Department; The Honorable William Bratton, *Police Commissioner, New York City Police Department; Rhoda Mae Kerr, President and Chair of the* Board, International Association of Fire Chiefs and Edward Davis III, Chief Executive Officer, Edward Davis, LLC and former Commissioner of the Boston Police Department.

"Over the past year, terrorist attacks have occurred in communities across America—including in Boston, Massachusetts; Garland, Texas; Chattanooga, Tennessee; and San Bernardino, California. A number of other attacks poised to cause mass casualties were thwarted by federal, state and local authorities. U.S. authorities reported a high number of terrorism-related arrests last year — in fact, the most since 2001", Chairman Johnson (R-WI) stated.

The hearing focused on the local response to recent attacks and what police, fire and emergency service personnel in communities across the country are doing to prepare for the next attack. The panel also discussed the lessons learned from prior attacks. The witnesses also discussed areas for improvement such as information sharing and collaboration between law enforcement agencies on terrorism investigations to prevent attacks. Questions from members focused heavily on the balance of funds provided to States and locals and inquired repeatedly whether the equity and sustainability of that balance supports emerging threats to local communities.

"Any Bureau of Labor Statistics fans out there? Who knew labor data and weather data could come together to create such a wonky example of the impact of severe winter weather on the ever political seasonal adjustment for National jobs numbers? Read more here.

HURRICANE SANDY ELECTRIC UTILITY REINFORCEMENT EFFORT PAYS OFF IN BLIZZARD

A recent article by the Associated Press found that hardening the infrastructure after Superstorm Sandy paid off in the massive blizzard last month. The article found that the electric utilities that spent billions of dollars hardening infrastructure after Superstorm Sandy hit New York and New Jersey in 2012 say those upgrades helped keep the lights on during last month's blizzard.

An electric company, which serves 3 million customers in New York City and its northern suburbs, reported that only 4,500 customers lost power. On Long Island, where Atlantic storms have a history of playing havoc with overhead power lines, another utility company reported that fewer than 30,000 of its 1.1 million customers had an outage.

In fact, "utilities and some experts said things could have been a lot worse if the companies that oversee the power grid hadn't learned such hard lessons during Sandy, when 4 million customers in the two states lost service" the article stated.

TRANSFORMING CYBER AND INFRASTRUCTURE SECURITY: AN INTERVIEW WITH THE DHS CYBER CHIEF

Emergency Management had an exclusive interview with Dr. Phyllis Schneck, deputy under secretary for Cybersecurity and Communications for the National Protection and Programs Directorate within the Department of Homeland Security. The interview highlighted the number of cyberattcks, which have risen sharply in 2015, and addressed where cyberdefense and infrastructure protection is heading in 2016.

When asked what more needs to be done Schneck discussed the partnerships between the private sector and government on programs such as Scholarship for Service and internships. She stated, "We are working with these partners to help develop not just hiring opportunities, but career paths for the future. These career paths will combine government service with time in private sector to not only provide an exchange of expertise, but also a way to offset financial issues and enable top talent to serve in government while bringing government perspectives more fully into business and academia."

9 THINGS TOKYO'S NEW DISASTER GUIDE CAN TEACH YOU ABOUT SURVIVAL

Knowing how to survive in the wild isn't the same thing as knowing how to survive in the big city when an earthquake or tsunami strikes. Wherever you live, Japan's new survival manual may save your life.

STRENGTHENING REGIONAL COORDINATION COULD ENHANCE PREPAREDNESS EFFORTS

This week the Government Accountability Office (GAO) released a report on FEMA's regional coordination efforts. The report addresses the extent to which FEMA and regional offices have addressed preparedness grant management coordination challenges, established a system to assess National Incident Management System (NIMS) implementation, and collaborated with Regional Advisory Council (RAC) stakeholders. GAO analyzed FEMA documentation on grant management, NIMS evaluation, and RACs. GAO surveyed RAC members, visited 4 regional offices selected for their geographic representation, spoke with state emergency management officials from 10 states, and interviewed FEMA officials. The site visits cannot be generalized but provided insights.

GAO recommended that FEMA develop a plan for addressing long-standing coordination challenges with grant management, review after action reports to assess NIMS implementation, and improve coordination with RACs.

HURRICANE SANDY ELECTRIC UTILITY REINFORCEMENT EFFORT PAYS OFF IN BLIZZARD

A recent article by the Associated Press found that hardening the infrastructure after Superstorm Sandy paid off in the massive blizzard last month. The article found that the electric utilities that spent billions of dollars hardening infrastructure after Superstorm Sandy hit New York and New Jersey in 2012 say those upgrades helped keep the lights on during last month's blizzard.

An electric company, which serves 3 million customers in New York City and its northern suburbs, reported that only 4,500 customers lost power. On Long Island, where Atlantic storms have a history of playing havoc with overhead power lines, another utility company reported that fewer than 30,000 of its 1.1 million customers had an outage.

In fact, "utilities and some experts said things could have been a lot worse if the companies that oversee the power grid hadn't learned such hard lessons during Sandy, when 4 million customers in the two states lost service" the article stated.

TRANSFORMING CYBER AND INFRASTRUCTURE SECURITY: AN INTERVIEW WITH THE DHS CYBER CHIEF

Emergency Management had an exclusive interview with Dr. Phyllis Schneck, deputy under secretary for Cybersecurity and Communications for the National Protection and Programs Directorate within the Department of Homeland Security. The interview highlighted the number of cyberattcks, which have risen sharply in 2015, and addressed where cyberdefense and infrastructure protection is heading in 2016.

When asked what more needs to be done Schneck discussed the partnerships between the private sector and government on programs such as Scholarship for Service and internships. She stated, "We are working with these partners to help develop not just hiring opportunities, but career paths for the future. These career paths will combine government service with time in private sector to not only provide an exchange of expertise, but also a way to offset financial issues and enable top talent to serve in government while bringing government perspectives more fully into business and academia."

9 THINGS TOKYO'S NEW DISASTER GUIDE CAN TEACH YOU ABOUT SURVIVAL

Knowing how to survive in the wild isn't the same thing as knowing how to survive in the big city when an earthquake or tsunami strikes. Wherever you live, Japan's new survival manual may save your life.

STRENGTHENING REGIONAL COORDINATION COULD ENHANCE PREPAREDNESS EFFORTS

This week the Government Accountability Office (GAO) released a report on FEMA's regional coordination efforts. The report addresses the extent to which FEMA and regional offices have addressed preparedness grant management coordination challenges, established a system to assess National Incident Management System (NIMS) implementation, and collaborated with Regional Advisory Council (RAC) stakeholders. GAO analyzed FEMA documentation on grant management, NIMS evaluation, and RACs. GAO surveyed RAC members, visited 4 regional offices selected for their geographic representation, spoke with state emergency management officials from 10 states, and interviewed FEMA officials. The site visits cannot be generalized but provided insights.

GAO recommended that FEMA develop a plan for addressing long-standing coordination challenges with grant management, review after action reports to assess NIMS implementation, and improve coordination with RACs.

Update 2/5/16 – 32nd Day (31st Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made. Special attention to apartments/multifamily residences.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Prepare of opening of secondary state warehouse

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data (NG field is showing 0 which is not correct). NG personnel are still at the PODs.
2. Sit Rep #31.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Saturday, February 6, 2016.
- MDOC will begin setting up Kroger warehouse.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Priority for the weekend is homes that did not have contacts during previous sweeps.
- SBA declaration approved. SEOC Logistics will be working to identify office space in Flint for SBA staff.

- Recovery Branch estimate based on information collected last weekend is as follows:
  - 80 Complexes
  - 4170 Units
  - 2892 Assisted Living/Senior Housing (Dept of Aging)
- Information in DHHS Sit Rep is from GCCARD only, this information is not included in the daily totals.
- JIC issued a news release around 10 a.m. about the state of Michigan encouraging food establishments to take advantage free water safety inspections. The news release was picked up by the Associated Press and other news media outlets.
- JIC held a media event to encourage people to check out Flint area restaurants with Lt. Gov. Brian Calley and Michigan Department of Agriculture and Rural Development Director Jamie Clover Adams. Nine local and statewide news media members attended the event.
- Finance Section developed guidance for Flint Water Inter-Agency Coordinating Committee related to reimbursements for non-state employees.
- State Voluntary Agency Liaison (VAL) prepared list of NGOs involved in Flint for DHHS SERG grant application.
- State VAL worked on potential jobs funding with TIA via Dept of Labor.
- Question was asked from the Governor's office yesterday if commodities purchased could be returned. Per FEMA, any item such as filter, pitcher, cartridge etc. cannot be returned. Once procured via State RRF the state owns it - no returns. Water can be returned with 12 months remaining shelf life and in complete factory issued pallet w shrink wrap and the state will fund/ transport of returning water to the designated Distribution Center. FEMA will inspect all returning water prior to movement and water is limited to available storage space in the FEMA Distribution Centers which will range between 0-5 million liters. Quantity to be returned will be approved prior to movement based upon available space and known inbound inventory.
- DEQ finalized sentinel sampling plan to commence activities beginning February 10th, 2016.
  - DEQ received 12 iPads for deployment with teams for status tracking.

Unified Coordination Group (UCG):

- Met with the nutrition task force today on request from the state.
- Cleared up misinformation on areas that have not been covered.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Developed floor plan proposal for new warehouse with warehouse workers.
- Recycling and water distribution event with MSU athletics.
- Establishing plan to provide public transit vouchers for travel to blood lead level test clinics.
- Work with Michigan Community Service Commission to align supplies and resources for PUR filter distribution effort next week.
- DEQ/Team Rubicon team visited 30 homes with water lead levels of 150 ppb.
- Developing plans for follow-up with residents at homes with water lead levels of 150 ppb.

Subject: SEOC Update 2/4/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/4/16 – 31st Day (30th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made. Special attention to apartments/multifamily residences.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Submit SBA application.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data.
2. Sit Rep #30.

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Friday, February 5, 2016.
- FWICC and Mission Flint meetings in Flint.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Continued priority is the apartment list from 2/2/16.
- Recovery Branch worked with county and postal partners to collect information about home vacancies and resident's with forwarded mail addresses in order to ensure we are contacting all occupied residences in the City of Flint.
- Recovery Branch supported the efforts of MSDHA to provide resources to tenants in their facilities.
- JIC issued a media advisory about federal lead for Flint water crisis Dr. Nicole Lurie to visit EPA's command post.
- MDHHS provided a representative to accompany the MDEQ team to the high lead homes in Flint. The MDHHS representative will encourage individuals to have blood lead testing and answer health questions as necessary.
- GIS is working to develop a field application for MDEQ and MDHHS for field collection of water test data and health data respectively.
- SEOC and MTED are working with Department of Labor to identify grants that may be available to assist with jobs programs (wages, training, overhead, and potentially equipment and leasing resources). DOC looking at prisoner re-entry programs for those returning to Flint area.

Unified Coordination Group (UCG):

- Working on improving communication flow between UCG and state partners.
- Attended long term recovery meeting held by state VAL.
    - Discussed MARC model and potential transition plan.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Attended meeting with federal, state and local health and environmental agencies to establish process for notification of households with water test results that exceed 150 ppb.
- Attended two long term recovery planning meetings with SEOC staff, VOADs and local agencies (Flint Water Recovery Leadership group).
- Ensuring Community Access Center for the Deaf and Hard of Hearing receives appropriate supplies.
    - Briefed staff on site on filter installation and water sampling process.
- Clarified distribution process at city sites with Flint City Administrator's Office. Coordinating with Fire Department Quartermaster for supplying city sites.
- Addressing various public concerns, including identification of canvassing teams.
- Instituted credentialing verification process for 2-1-1 calls.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/3/16 – 30th Day (29th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Refocus state agencies on objectives, tasks in the Incident Action Plan and how we get to the end state/shift to longer term recovery.
- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Submit SBA application – outstanding item is the certification of availability of financial assistance. Priority item for the a.m. so this can get submitted. Press release has been completed.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. **Daily Summary of Data, full version and abridged (New reporting format – we will ensure we give liters of water and cases in the future)**
2. Residential Water Sampling Results Maps – Lead and Copper
3. SitRep 29

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Thursday, February 4, 2016.
- Will continue to target residences from the Apartment List from 2/2/16

Items to Note

- Paired down the list of parcels not visited from 2400 to 958. Will continue on 2/4/16 to identify any parcels not visited. Some parcels contain multifamily residences and those types of residences are being reviewed and targeted to ensure coverage.
- MDOC is going to look into their job programs for any prisoners begin release back into the Flint area. This will be in conjunction with any other job programs identified. We are working with MTED on solutions.
- DEQ and DHHS will be going to residences with >150 ppb starting tomorrow. They will be checking residences next to the one with the high lead level to see if this is a single residence issue or a bigger issue affecting the block or line in an area. This will not initially include EPA as they did not seem interested in combining teams but we are working on more collaboration without slowing us down.
- DEQ will have a representative in the UCG starting 2/4/15.
- Discussed with UPS on ways they can assist with Rapid Response Team and filter replacements in the future.
- Additional warehouse will be put in service potentially Saturday. Seventh Day Adventist are potentially going to operate it or help with operations to phase out state agency personnel and make it more community run. The warehouse does include some office space if needed.
- 10 ARC Flint Water Response Teams to the field today.
- Team Priority Visited Today: Apartment List from 2/2/16
- SEOC Logistics worked with MDOC on their assistance with warehouse management and staffing for new warehouse. Reached out to Food Bank on their recommendation and coordination for hours/days of operation of new warehouse.
- SEOC Operations attended a donations management meeting to discuss the need for a consolidated list of donated goods.
- JIC strategized with the U.S. Department of Health and Human Services and Environmental Protection Agency on how to better coordinate public information.

Unified Coordination Group (UCG):

- UCG IAP approved today for the operational period 0800 2/2/16 to 0800 2/4/16.
- The Federal Health Coordinating Officer had a meeting today with Economic Development and Housing and Urban Development.
- EMHSD liaison provided information on Michigan EM structure to Command.
- State JIC manager now in the communication loop for the UCG.
- UCG discussed MARCs and potential implementation.
- Capt. Kelenske met with Don Boyce from US DHHS to discuss concerns with Federal HHS and EPA and how we can move forward with better collaboration and coordination. Boyce also met with Governor's Office staff on same. The meeting went well and a solid relationship is in place with Boyce. He is a direct report to Dr. Lurie and will provide her some context on the issues and how we can move forward. He will be a good POC to assist us with any shifts in direction needed at the federal level.

Local EOC

- Coordinated rapid response deliveries to homebound residents and special locations.
- Working on refining rapid response delivery process.
    - Preparing transition from Team Rubicon personnel to NCCC teams, and eventually Southern Baptist Disaster Relief.
    - Coordinating with ARC for logistics support to NCCC teams (AmeriCorp).
- Working with ARC to ensure resource needs of franchise customers at Sunridge Apartments complex in Flint Township are met.
- Coordinating with MDEQ to streamline test kit assembly process.
- Attended distribution plan meeting with faith-based organizations, state, and local agencies.
- Referring VOADs to appropriate volunteer management agencies.
- Addressing various public concerns, including availability of supplies at child care facilities.

Use the parking garage entrance on Harrison Street. You may park in spots designated as "Flint Water Team" on Level 4 (Yellow Cones) or anywhere on the roof (Level 5). There will be a security guard at the gate on Level 3 to let you into the State of Michigan parking area.

JIC Hours:

Please try to be at the JIC by 8 a.m. as some briefings start as early at 8:30 a.m. The media hotline opens at 9 a.m. We are always in need of staff who can stay until 8 p.m.

Hotel Information:

PIOs who need to stay in Flint (at no charge to them), can reserve a room by calling the Holiday Inn, using the below information:

Holiday Inn - Flint
5353 Gateway Centre Dr.
Flint
Phone: 810-232-5300

Please use the following account code in order to ensure the room is charged to State Police:

If you reserve a room, we need to you to report it to JICManager@michigan.gov so it can be shared with Finance. If you have any problems or find the hotel to be booked, please email JICManager@michigan.gov.

Misc.

There are laptops here in the JIC; however, most PIOs have found working on their own laptops seems to work better. If you have a laptop, the recommendation is to bring it.

Flint Water Daily Update
Updated Feb. 5

Current Issues Talking Points

U.S. Small Business Administration disaster declaration request approved

- Coordination across all levels is necessary to assist Flint along its road to recovery. This disaster has impacted many families both at home and through their businesses.
- In an effort to secure all available resources to ensure the safety and well-being of Flint residents, the Governor requested a disaster declaration from the Small Business Administration yesterday, Feb. 4.
- The disaster declaration request was granted today, allowing Flint businesses, small agriculture cooperatives, and most private, nonprofit organizations who may have been affected by lead-impacted water to qualify for financial assistance in the form of federal Economic Injury Disaster loans.
- The SBA tailors loan repayment to each individual borrower's financial ability. Business owners seeking these loans must apply by Nov. 7, 2016.
- The approval will help support comprehensive recovery efforts in the city from health and infrastructure to economic development.

Former head of DEQ water quality unit removed

- The Governor remains committed to building a DEQ culture of trust and responsibility with residents well-being as a top priority.
- After a departmental review of circumstances and actions leading up to the Flint water crisis, the former head of the MDEQ Drinking Water and Municipal Assistance unit was officially terminated today.
- The former supervisor was dismissed following a disciplinary conference regarding performance.

Governor invited to testify at Congressional Hearing

- The Governor received an invitation to testify at the Democratic Steering and Policy Committee hearing in Washington D.C. next week.
- At this point in time, the Executive Office is reviewing the request.

Task Force Coordination/Communication Concerns

- Gov. Snyder has promised full cooperation with the Flint Water Task Force and any other authority investigating the Flint water crisis.
- The situation Dr. Reynolds described at the FWICC meeting today is exactly the frustration the Governor has spoken about regarding the culture in some state departments that was a problem and needed to be changed.
- The Governor is actively taking steps to rectify the situation, and ensure that authorities get the information they need when they need it.
- We are glad that Dr. Reynolds raised the issue directly with us today. We will not tolerate any departments withholding information from the task force.

FOR IMMEDIATE RELEASE
Friday, Feb. 5, 2016

Gov. Rick Snyder: Flint businesses can seek assistance through Small Business Administration disaster loans

SBA approved Snyder's Thursday request

LANSING, Mich. – The Small Business Administration today approved Gov. Rick Snyder's request for low-interest disaster loans for businesses in Genesee County and the city of Flint.

"Approval of economic injury disaster loans will help business owners and nonprofits in Flint recover from any damages as a result of the water crisis," Snyder said. "We will continue to seek resources from all levels of government to help the people of Flint and appreciate the SBA's partnership in our efforts."

The approval provides access to federal Economic Injury Disaster Loans, which are working capital loans to small businesses, small agricultural cooperatives, small businesses engaged in aquaculture and most private, non-profit organizations that meet

their ordinary and necessary financial obligations that cannot be met as a direct result of the disaster. Business owners seeking these loans must apply by Nov. 7, 2016.

Repayment of disaster loans is tailored by the SBA to the borrower's financial capacity.

More information and criteria for SBA disaster loans is available atwww.sba.gov/disaster. Eligible Flint business owners can apply online via SBA's website at https://disasterloan.sba.gov/ela.

Snyder Fires Former Head Of Water Quality Unit

Governor Rick Snyder announced this afternoon that the former head of the Department of Environmental Quality's Office of Drinking Water and Municipal Assistance office has been terminated.

The DEQ's online directory lists that individual as Liane Shekter Smith, and a source close to the situation confirmed that is indeed who has been removed.

Ms. Smith was one of two employees who had been suspended about two weeks ago pending an investigation by the governor's office into certain conduct. She is the first to officially have been announced as terminated. Former DEQ Director Dan Wyant and former DEQ spokesperson Brad Wurfel resigned last month amid the ongoing Flint water crisis.

"Putting the well-being of Michiganders first needs to be the top priority for all state employees," Mr. Snyder said in a statement. "Anything less than that is unacceptable. The DEQ is working to change this culture and ensure mistakes that endanger our residents don't occur again."

A departmental review of the actions of a second employee who was suspended last month are continuing, the statement indicated.

Gongwer News Service will have more on this story in Friday's Michigan Report.

Gov. Rick Snyder: Former head of DEQ water quality unit removed

LANSING, Mich. – After a departmental review of circumstances during the time period leading to the Flint water crisis, the former head of the Michigan Department of Environmental Quality's Drinking Water and Municipal Assistance unit was officially terminated from state employment today, Gov. Rick Snyder said.

"Putting the well-being of Michiganders first needs to be the top priority for all state employees," Snyder said. "Anything less than that is unacceptable. The DEQ is working to change this culture and ensure mistakes that endanger our residents don't occur again."

This former supervisor was dismissed today after a disciplinary conference regarding performance. A departmental review of the actions of a second employee who was suspended last month are continuing.

Thanks Meegan. I do understand that we're all busy, but I feel very strongly that this needs to happen today. The current navigation of the website is impossible to understand and extremely misleading.

Given the amount of attention and resources that point to this site, sending people somewhere that they cannot find what they need is NOT helpful. In fact, it keeps people from wanting to return to the site as a resource in the first place.

Angela

Subject: Flint Water Website Update
Importance: High

Good morning,

After thinking about the documents we have on the Flint Water website, and looking at the current navigation titles, I think we need a quick navigation fix. We've heard from residents, media, partners, and internally that people don't know where to look on the website for information that used to be there. It's still there, but it's too hard to find.

The content on the pages can stay the same, but the page link names, and the titles on the pages need to be cleaned up. Please see the following table to reference the current name/title and what it should say.

CURRENT TITLE	NEW TITLE
Keeping lead out: Test Results and Reports	Resident, Community Information and Reports
Keeping lead out of the body: Tips and Blood Lead Levels Reports	Individual and Family Health Information
Keeping lead out of the home: Tips and Residential Water Test Results	Home and Environmental Information
Keeping lead out of the school: Test Results and Reports	School and Residential Testing Results
Keeping lead out: Healthcare Providers	Healthcare Provider Resources
Business, Food Establishments, Etc.	Business and Food Establishment Information
City of Flint Distribution System Weekly Monitoring Reports	*City of Flint Weekly Monitoring Reports*

Since we're not moving content, but just renaming, we're hoping that these changes can happen quickly.

Thank you,

Angela Minicuci

State Encourages Food Establishments to take Advantage of Free Water Safety Inspections
Local and State Leaders Showcase Water Assessments Done at Flint Food Establishments

FOR IMMEDIATE RELEASE
February 5, 2016
Release #: 31

Flint, Mich. – In an effort to support Flint food-based businesses, Lt. Gov. Brian Calley, along with local and state food regulators and business development officials, provided a behind-the-scenes look at how the Michigan Department of Agriculture and Rural Development (MDARD) and Genesee County Health Department are working with local food establishments to conduct water assessments and ensure food safety precautions are in place.

"Flint has hundreds of restaurants, retail food markets and food processors committed to serving its residents safely," Calley said. "These establishments can now receive free assessments from MDARD and the Genesee County Health Department to ensure food safety precautions are in place."

"In response to this emergency and the need to assess lead levels in water being used at Flint food establishments, MDARD has mobilized 14 food inspectors, working full-time to conduct risk-based compliance assessments and verify adherence to current water source requirements," said MDARD Director Jamie Clover Adams. "MDARD inspectors are assisting the Genesee County Health Department in conducting the sampling and inspections, allowing the health department to focus its efforts on checking other priority facilities in its jurisdiction, including childcare facilities."

Food establishments must take extra precautions to protect food safety during the Flint water emergency. These precautions include having the water tested by an accredited laboratory to prove it is safe to use; installing approved water filters, as needed; flushing unfiltered faucets and hard-plumbed equipment on a daily basis; or using commercially bottled water for all cooking, cleaning/washing and drinking.

"Flint's restaurants and other food establishments are demonstrating they are taking the necessary precautions to reduce potential food safety risks associated with Flint water," said Mark Valacak, Health Officer, Genesee County Health Department. "Safe food preparation and handling is the cornerstone of any food business's success, and we are dedicated to working cooperatively with MDARD and the food service establishments we regulate to ensure the safety of our food supply."

The State of Michigan is covering the cost of water sample testing for food establishments on the City of Flint water supply.

"The restaurants, bars, cafes and other food businesses, like the Flint Farmers' Market, in Flint are the backbone of the city's culture and economic success, and help define who we are as a community," said George Wilkinson, Group Vice President, Flint & Genesee Chamber of Commerce. "Whether a relative new-comer or a well-established dining institution, we need to do whatever we can to support Flint food businesses and ensure their success."

Flint has a total of 633 licensed food businesses, including restaurants, food processors and retail grocery stores. Assessments have been prioritized according to risk, with those in known high-lead areas taking first priority, and by request from food establishments. Food businesses who have not yet had an assessment or free water sample testing can call MDARD's Call Center at 800-292-3939 to schedule an appointment.

As of Feb. 4, MDARD has completed approximately 225 initial assessments of food businesses and has begun doing follow-up assessments. If the businesses are taking the required precautions, they are determined to be in compliance with state and federal food regulations. A list of food businesses determined to be in compliance with current water use regulations is available at www.michigan.gov/flintwater. The list is updated regularly.

Flint food businesses not included on the list are not necessarily out of compliance with Michigan food regulations. Some businesses have not yet received a compliance assessment from food inspectors.

Initial water samples taken at the facilities were "first-draw" samples, taken when the water had not been in use for at least six hours. If first-draw samples showed any lead levels, follow-up samples are being taken. MDARD will continue to work with businesses to make sure they are in compliance with water use requirements and assist them in getting water test sample results below detectable levels.

For more information, or to schedule a food establishment water assessment, contact MDARD at 800-292-3939.

STATE OF MICHIGAN
JOINT INFORMATION CENTER

NEWS RELEASE

FOR IMMEDIATE RELEASE
February 4, 2016
Release #: xx

State Teams Visit Homes with Lead Levels above 150bpp

Flint, Mich. – The State of Michigan is sending health and water teams throughout the city of Flint to all residences where water test results showed lead levels above 150 parts per billion (ppb). Of the 5,590 total samples tested, 47 samples are greater than 150 ppb (0.84 percent).

Because NSF-certified filters are certified for use with water containing lead levels up to 150 ppb, health officials are still advising residents with samples greater than 150 ppb, especially nursing or pregnant mothers and children under six years of age, to take extra precautions and drink only bottled water.

Representatives from the Departments of Environmental Quality (DEQ), Health and Human Services (MDHHS) and other state officials are visiting residences to provide:

- Health and wellness information, recommendations and consultations;
- Plumbing inspection by a licensed plumber;
- Additional bottled water, filters and sample kits.

"All Flint residents need to have the water in their homes tested immediately," said Lt. Governor Brian Calley. "The State of Michigan is directly contacting homes that test above 150 ppb to provide a diverse set of additional assistance and guidance including essential information about blood lead level testing resources."

All children younger than 6 years of age should have their blood lead levels tested by their doctor or receive free testing at the Genesee County Health Department.

Water testing kits, along with bottled water and water filters, are available free of charge at water resource sites throughout the city.

State and federal health officials recommend that households with samples higher than 150 ppb use only bottled water for nursing or pregnant mothers and children under 6 years of age. NSF certified filters, available for free and distributed across the city, are for use with water containing lead.

DEQ continues to process water samples of residences. The updated number of samples reflects the number of samples taken at residences and is not reflective of the total number of households.

Updated lead test results:

- 4,737 are 5 ppb or less (84.7 percent)
- 5,227 are 15 ppb or less (93.5 percent)
- 362 are greater than 15 ppb (6.5 percent)
- 47 are greater than 150 ppb (0.84 percent)

Updated test results can be found: www.michigan.gov/flintwater.

In addition to water response teams, water resource sites remain open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1 (also a recycling site)
310 East 5th St.

Fire Station #3
1525 Martin Luther King Ave.

Fire Station #5 (also a recycling site)
3402 Western Rd.

Fire Station #6
716 West Pierson Rd.

Fire Station #8 (also a recycling site)
202 East Atherton Rd.

All water filters distributed by the State of Michigan are certified by NSF International for lead reduction. Individuals wishing to verify that a specific filter is NSF-certified can do so via the NSF website.

The State of Michigan continues to coordinate response efforts in partnership with federal agencies, the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater, by calling 211 or visiting www.helpforflint.com.

FLINT WATER RESPONSE TEAM

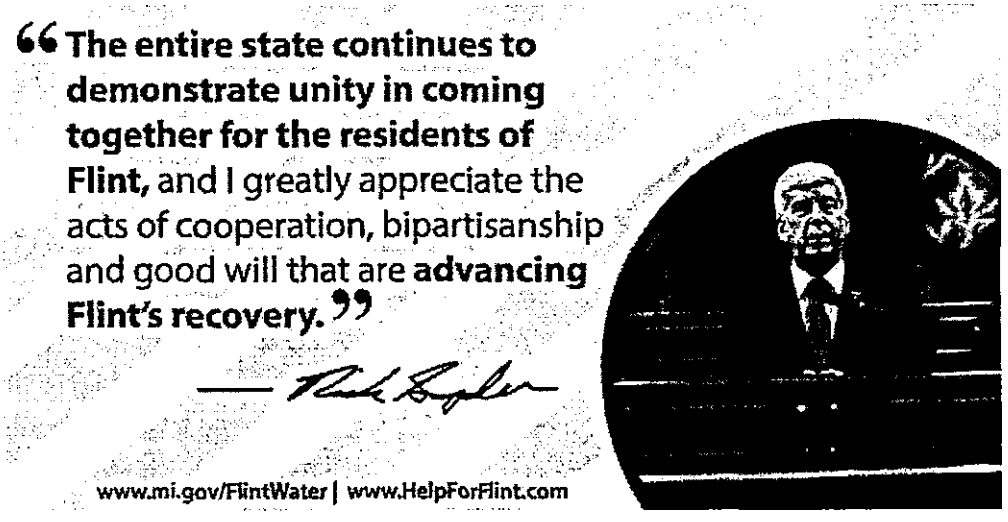
UPDATE | FRIDAY, FEBRUARY 5, 2016

This daily update is being issued in order to provide the latest information regarding actions and available resources.

LIVE at 10 AM: Gov. Rick Snyder will offer remarks at the Flint Water Interagency Coordinating Committee meeting

The Flint Water Interagency Coordinating Committee was established on January 11, 2016 to facilitate the collaboration and communication between state department, local governments and subject matter experts necessary to effectively coordinate a response and recovery effort to ensure safe drinking water for Flint residents. Tune in live at 10 am today to watch Governor Snyder offer remarks at the FWICC meeting.

Senate approves Governor Snyder's request of $30 million for Flint's water bills



The proposal announced Wednesday by Gov. Rick Snyder to aid the city of Flint with credits to be applied to the portion of residents' water and sewer bills for water used for drinking, bathing and cooking is one step closer to enactment after the state Senate voted unanimously yesterday for passage of the $30 million dollar funding request.

If approved by both chambers and signed into law, the Consumption and Consumer Use Credit would aid the city of Flint in applying these credits to residents' water portion of their water and sewer bills

until state and federal officials certify the water is safe to consume.

Learn more about the $30 million request for Flint water bills.

Flint families need critical clean water resources. Since January 9, the state has distributed:

- 272,017 cases of bottled water
- 103,402 water filters
- 208,576 replacement cartridges
- 34,456 water testing kits

REMINDERS

- For Flint water assistance: Dial United Way 211 or visit www.mi.gov/FlintWater
- To donate or volunteer: visit www.HelpForFlint.com
- Residents should install filters to their taps to ensure they have immediate and ongoing access to safe water. Only run cold water through the water filter and use filtered water for drinking and cooking. Monitor the cartridge on the filter and replace as needed.

WATER RESOURCE LOCATIONS
These sites are open seven days a week from 9 a.m. to 9 p.m. with the following resources:

- Bottled water
- Water filters
- Replacement cartridges for water filters
- Water testing kits pick-up
- Drop-off location for water testing kits

Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Rd.
Flint, MI 48506

Fire Station #6
716 West Pierson Rd.
Flint, MI 48505

Fire Station #8
202 East Atherton Rd.
Flint, MI 48507

We will continue to work to improve the water situation in Flint. Community members and local officials are working together to make sure we hear and respond to concerns. Governor Snyder will continue to keep you updated on the latest news and information. **If you don't find the resources you need by dialing United Way 211 please call the Governor's office directly at 517-335-7858.**

GOV's ACTIVITIES

Legionnaires

Emails warned Gov. Snyder's staff early of water, Legionnaires' link (AP)
High-ranking officials in Michigan Gov. Rick Snyder's administration were aware of a surge in Legionnaires' disease potentially linked to Flint's water long before the governor reported the increase to the public last month, internal emails show.

Emails show Snyder's Office Knew About The Surge in Legionnaire's Disease (9 & 10 News)
New details Thursday night on the investigation into the Flint water crisis. Internal emails show that high ranking officials knew about a surge in legionnaire's disease long before it was made public. Governor Snyder made the announcement in January.

Emails: Snyder aide was told of Legionnaires' in March (Detroit Free Press)
An aide in the office of Gov. Rick Snyder was notified in March — more than nine months before Snyder said he learned of the problem — that there was an increase in Legionnaires' disease in Genesee County and a county health official attributed the change to drinking water taken from the Flint River, according to records released Thursday by the liberal group Progress Michigan.

Officials warned of water, Legionnaires' link (Detroit News)
A top aide for Gov. Rick Snyder was notified about a rise in the number of Genesee County Legionnaires' disease cases — and their possible link to Flint's water source — in March, more than 10 months before the governor held a press conference to inform the public.

Newly releases emails show officials about the risk of water disease from the Flint crisis (Reuters)
Emails between Michigan state officials show they knew about an uptick in Legionnaires disease and that it could be linked to problems with Flint water many months before Governor Rick Snyder said he received information of the outbreak

Flint residents impacted by the water crisis want answers about Legionnaires' emails (WXYZ)
Residents affected the most by the Flint water crisis are speaking out, after new emails show top officials knew about the spike in Legionnaires' disease months before Governor Snyder told the public.

Rick Snyder's office was warned of deadly Legionnaires outbreak, did nothing (Huffington Post)
Michigan Gov. Rick Snyder (R) has said he didn't know about an uptick in deadly Legionnaires' disease around Flint until this year, but newly released emails show a Snyder aide had been warned last March.

Email warned Snyder's aid early of possible link between Legionnaires' surge, Flint water (WDIV)
High-ranking officials in Michigan Gov. Rick Snyder's administration were aware of a surge in Legionnaires' disease potentially linked to Flint's water long before the governor reported the increase to the public last month, internal emails show.

Emails show Michigan officials knew about the risk of disease and Flint's water problems (Newsweek)
Emails between Michigan state officials show they knew about an uptick in Legionnaires disease and that it could be linked to problems with Flint water many months before Governor Rick Snyder said he received information of the outbreak.

Gov. Rick Snyder 'incompetant,' 'morally bankrupt,' say D's following Legionnaire's revelations (MLive)
Michigan Democrats are turning up calls for resignation and expressing indignation following a revelation that Gov. Rick Snyder's administration knew of a possible connection between an outbreak of Legionnaire's Disease and the Flint water source in March of 2015.

Flint Economic Disaster Request
Snyder seeks economic disaster for Flint (AP)
Gov. Rick Snyder is seeking an economic disaster declaration from the U.S. Small Business Administration for Flint and Genesee County as the city struggles with lead-tainted water.

Snyder seeks economic disaster declaration for Flint (Detroit News)
Gov. Rick Snyder said he requested an economic disaster declaration Thursday from the U.S. Small Business Administration to obtain financial assistance for Flint residents and business owners affected by lead-contaminated water in the city.

Rick Snyder asks SBA to help Flint residents (WOOD Radio)
Governor Snyder is asking the US Small Business Administration for an economic disaster declaration in Flint and Genesee County.

Snyder seeks Flint economic disaster declaration (The Elkhart Truth)
Gov. Rick Snyder wants an economic disaster declaration from the U.S. Small Business Administration for Flint and Genesee County as the city struggles with lead-tainted water.

Congressional Hearing invitation
Governor Snyder invited to testify Congressional hearing about Flint (9&10)
Speaker of the House Paul Ryan is among lawmakers in Washington who want to get to the bottom of the Flint water crisis.

Gov. Snyder invited to testify in front of Congress on Flint water crisis (WXYZ)
Gov. Rick Snyder has been invited to testify in front of the Steering and Policy Committee on Wednesday, Feb. 10 in Washington D.C.

House Democrats invite Snyder to testify on Flint (Detroit News)
The House Democratic Steering and Policy Committee has invited Michigan Gov. Rick Snyder to testify about the lead contamination of drinking water in Flint at a Feb. 10 hearing.

House Democrats want Gov. Snyder to answer on Flint (Politico)
House Democrats have asked Michigan Republican Gov. Rick Snyder to testify at a hearing next week on the state's role in the Flint water contamination crisis.

House Democrats want Gov. Snyder to answer on Flint (Politico)
House Democrats have asked Michigan Republican Gov. Rick Snyder to testify at a hearing next week on the state's role in the Flint water contamination crisis. Congressional Democrats have helped push the Flint crisis, which has left close to a dozen children dead, into a national issue that's threatening to stall a previously bipartisan energy package in the Senate.

DPS
Snyder's DPS plan can't wait because children deserve better (FOX 2)
Recent revelations from safety inspects aft select Detroit Public Schools should make all of us living in Michigan cry out and demand action from the state legislature.

Skubick: Efforts to save Detroit schools gain momentum (WLNS)
An historic day Thursday as hearings opened on saving the Detroit school system.

Local control, charter schools focus of testimony over $715M Detroit schools reform package (MLive)
Testifying Thursday before a state senate committee, Detroit Mayor Mike Duggan pushed lawmakers – considering a $715 million proposal to reform the debt-plagued Detroit Public Schools – to restore local control to the district and create a commission with authority to open and close traditional and charter schools

GOP must give Snyder a win on DPS plan (The Detroit News)
Gov. Rick Snyder is in the middle of a political storm that's hourly growing in intensity. The mishandling of the Flint water crisis by all levels of government has fallen squarely on him.

Misc.
Gov. Snyder: Clinton politicizing Flint's water crisis (AP)
Michigan Gov. Rick Snyder says Democratic presidential hopeful Hillary Clinton is making Flint's water crisis a political issue. Clinton said during Sunday's Democratic debate that Snyder has "acted as though he didn't really care" about the crisis.

FLINT
Black lawmaker: Flint wouldn't be waiting for money if it was a white suburb (Politico)
The chairman of the Congressional Black Caucus said residents of Flint, Michigan wouldn't be waiting for government help after a massive water contamination scandal if the community was white and in the suburbs.

Flint's water crisis: Who Pays? (Michigan Radio)
High levels of lead in their drinking water have Flint residents relying on cases of bottled water for just about everything. It may come as no surprise that thousands of those residents have stopped paying their water bills.

Hillary Clinton plans Sunday visit to Flint (Detroit News)
Democratic presidential candidate Hillary Clinton will leave the New Hampshire campaign trail Sunday to visit Flint and highlight the water-tainted city's need for $600 million in federal funding.

Hillary Clinton, Bernie Sanders talk Flint crisis during debate (MLive)
While the Democratic presidential hopefuls talked about what they would change if they were elected, they also spoke about what should be done in response to Flint's water crisis.

Flint water crisis emerges as a key piece of Democrats' election-year message (Washington Post)
Hillary Clinton and Bernie Sanders have clashed over Wall Street reforms, gun control, free trade and more. But in recent weeks, the two presidential candidates, along with their fellow Democrats on Capitol Hill, have found an issue they can all rally around: the drinking-water crisis in Flint, Mich.

DETROIT

Lawmakers pledge Detroit bailout won't hurt other districts (Toledo Blade)
Lawmakers looking at a plan to spend $715 million over a decade rescuing Detroit's ailing school district said Thursday they will not pass legislation that affects the funding in other districts across the state.

Mayor Duggan to Deliver State of City Address Feb. 23 (Deadline Detroit)
Mayor Mike Duggan, who assumed office on Jan. 1, 2014, will deliver his third State of the City Address on Tuesday, Feb. 23 at 7 p.m. on Detroit's east side.

Detroit Mayor Mike Duggan says Detroit Public Schools legislation doesn't do enough (WXYZ)
Detroit Public Schools is facing an historic crisis. The district is on track to run out of the money it needs to operate by April. Then, it would be forced into a bankruptcy that would leave the state on the hook for billions of dollars in debt backed by the state.

DEPARTMENTS

DEQ

Ford plant's toxic groundwater plume creeping toward neighborhood (MLive)
Ford Motor Co. will be pulling groundwater samples from a residential neighborhood adjacent to its Livonia transmission plant next week in an effort to discover how far a toxic pollution plume has spread from its facility.

Without regulation, some schools scrambling to test for lead (Lansing State Journal)
In all likelihood, it had been there for decades – a sticker above a classroom sink saying the faucet should be flushed for five minutes to reduce the chance of lead poisoning.

Lead fixtures are replaced on as-you-go basis (Toledo Blade)
Toledo's water distribution system has lead connectors that are swapped out with copper ones if crews are replacing a water main, but there is no program to actively remove pipes or connectors that contain lead, officials said Wednesday.

DNR

Free Fishing Weekend to draw anglers to state waters (The Voice)
The Michigan Department of Natural Resources sponsors two free fishing weekends a year to give residents a chance to get outside into the fresh air and engage in a sport that is growing rarer in the digital age. One of the MDNR's purposes is to promote awareness of the state's abundant aquatic resources to Michigan residents and tourists from other states. The 2016 Annual Winter Free Fishing Weekend on Feb. 13 and 14 will draw many anglers to these waters.

Pure Michigan Hunt winners announced (Petoskey News)
The winners of the seventh annual Pure Michigan Hunt have been announced and, unfortunately, none of the winners were Northern Michigan residents. According to a Michigan Department of Natural Resources press release, the three winners, announced Monday, were Jeff Kresnak of Caledonia, Mike Scherzer of Freeland and Makayla Fleetwood of Bloomingdale

MDHHS

State, union partner on human trafficking (Lansing State Journal)
Michigan's largest state employee union and its largest state government department are in talks about how thousands of new government workers could join the front lines in the war on human trafficking.

MDOT

Community leaders converge on Port Huron (The Times Herald)

Standing on the porch of the Blue Water Convention Center Wednesday, city managers and leaders from communities across the state soaked in the sun on an unusually warm February day.

MDOT planning US-23 bridge rehab in Au Gres (Arenac County Independent)
Engineers from the Michigan Department of Transportation laid out plans at the Feb. 2 Au Gres City Council meeting to perform bridge rehabilitation over the Au Gres River this spring.

Officials hope to expand existing transit service (Petoskey News)
Emmet County's transportation committee is leaning toward using Straits Regional Ride for public bus transit, expanding the current service it provides.

MDARD
Credit card skimmer found at Livonia gas station (WXYZ)
It was just a routine annual check when an inspector with the Michigan Department of Agriculture and Rural Development noticed the tell-tale sign of tampering inside this self-service gas pump at the Shell station on Plymouth Road in Livonia Thursday morning.

MDOC
Parole absconder from Detroit found (Wood TV 8)
A man who absconded from parole in Detroit on Wednesday has been located, state authorities say.

Michigan State Housing Development Authority
MCOP taking applications for two housing assistance programs (Bedford Now)
The Monroe County Opportunity Program, which is the community housing development organization for Monroe County, provides various opportunities for housing assistance to qualifying Monroe County residents.

LEGISLATIVE
Michigan Senate committee begins reviewing Detroit schools plan (Crain's Detroit)
The debate over a plan to restructure Detroit's ailing school district is officially underway in Michigan's Legislature.

Michigan Senators Attempt To Save Detroit Public Schools From Ruin (WEMU)
Legislative hearings are underway on a plan to keep Detroit Public Schools (DPS) from going broke.

Hearings Begin On Detroit Schools Rescue, Republicans Pledge To End EAA (WMUK)
Legislative hearings are underway on a plan to keep Detroit Public Schools from going broke.

Hearings begin on DPS rescue; Republicans pledge to end EAA (Michigan Radio)
Legislative hearings are underway on a plan to keep Detroit Public Schools from going broke.

OPINION
Michigan's woeful track record for environmental justice (Detroit Free Press)The question has been raised again and again in the aftermath of the Flint water crisis: Would such a man-made health crisis unfold in a rich, white community?

Days turn into months in Flint water crisis and still lead pipes remain (MLive)
126 days and counting. And still the lead pipes that have poisoned Flint's water still sit in the ground.

Flint water crisis no reason to repeal EM law (Detroit News)
It's no surprise that we're already hearing voices demanding that Michigan's emergency manager law be repealed, with the Flint water disaster as the rationale for why this needs to happen.

Jacquesl GOP must give Snyder a win on DPS plan (Detroit News)
Gov. Rick Snyder is in the middle of a political storm that's hourly growing in intensity. The mishandling of the Flint water crisis by all levels of government has fallen squarely on him.

Editorial: Congress right to press EPA on Flint (Detroit News)
Congress served precisely the role it should have in the U.S. House Oversight hearing Wednesday on the Flint water crisis. Members of Congress rightly pressed hard on the role the Environmental Protection Agency (EPA) should have played, but didn't, in protecting Flint residents.

Thanks Meegan. I do understand that we're all busy, but I feel very strongly that this needs to happen today. The current navigation of the website is impossible to understand and extremely misleading.

Given the amount of attention and resources that point to this site, sending people somewhere that they cannot find what they need is NOT helpful. In fact, it keeps people from wanting to return to the site as a resource in the first place.

Angela

Subject: Flint Water Website Update
Importance: High

Good morning,

After thinking about the documents we have on the Flint Water website, and looking at the current navigation titles, I think we need a quick navigation fix. We've heard from residents, media, partners, and internally that people don't know where to look on the website for information that used to be there. It's still there, but it's too hard to find.

The content on the pages can stay the same, but the page link names, and the titles on the pages need to be cleaned up. Please see the following table to reference the current name/title and what it should say.

CURRENT TITLE	NEW TITLE
Keeping lead out: Test Results and Reports	Resident, Community Information and Reports
Keeping lead out of the body: Tips and Blood Lead Levels Reports	Individual and Family Health Information
Keeping lead out of the home: Tips and Residential Water Test Results	Home and Environmental Information
Keeping lead out of the school: Test Results and Reports	School and Residential Testing Results
Keeping lead out: Healthcare Providers	Healthcare Provider Resources
Business, Food Establishments, Etc.	Business and Food Establishment Information
City of Flint Distribution System Weekly Monitoring Reports	City of Flint Weekly Monitoring Reports

Since we're not moving content, but just renaming, we're hoping that these changes can happen quickly.

Thank you,

Angela Minicuci

Cc: Golder, Edward (DNR); Phillips, Kristin (DNR); Dexter, James (DNR)
Subject: Flint JIC Information

Hi Elyse and Krista,

Sorry for the delay. We've had a busy couple of days. I've outlined what you need to know below for working at the Flint JIC.

Please let me know if you have any questions.

Thanks,

Ron

JIC Location:

State of Michigan Office Building
125 E. Union Street
5th Floor (Next to the East Lobby)
Flint, MI 48502
https://goo.gl/maps/ZpiVMNys3u52

Free parking is available in the parking structure directly across the street from the main entrance to the State of Michigan Office Building.

Use the parking garage entrance on Harrison Street. You may park in spots designated as "Flint Water Mission" on Level 4 (Yellow Cones) or anywhere on the roof (Level 5). There will be a security guard at the gate on Level 3 to let you into the State of Michigan parking area.

JIC Hours:

Please try to be at the JIC by 8 a.m. as some briefings start as early at 8:30 a.m. The media hotline opens at 9 a.m. We are always in need of staff who can stay until 8 p.m.

Hotel Information:

PIOs who need to stay in Flint (at no charge to them), can reserve a room by calling the Holiday Inn, using the below information:

Holiday Inn - Flint

5353 Gateway Centre Dr.
Flint
Phone: 810-232-5300

Please use the following account code in order to ensure the room is charged to State Police: MSP12

If you reserve a room, we need to you to report it to JICManager@michigan.gov so it can be shared with Finance. If you have any problems or find the hotel to be booked, please email JICManager@michigan.gov.

Misc.

There are laptops here in the JIC; however, most PIOs have found working on their own laptops seems to work better. If you have a laptop, the recommendation is to bring it.

Subject: FW: REPLY NEEDED: Flint JIC Staffing Request
Importance: High

All:

I am writing to see if any of you would be willing to help out at the Joint Information Center in Flint. Previously, I had confined these requests to those in the department with specialized incident command training, but it sounds as though general communication skills would be welcome. I plan to take a shift at the JIC Monday and would be happy to report back on what I find.

My impression is that duties at the JIC involve writing, media monitoring and other similar responsibilities. None of this would be out-front media communication, which is handled by other designated individuals. Megan Holland in the governor's office informs me that they are looking for people for Feb. 8-12 in particular right now. If you wanted to spend a few days there, you could. All travel/hotel/meal expenses will be covered. We will hand off duties here as necessary. If you can identify other staff within your divisions who have communications skills to loan the JIC, please let me know.

Thanks for considering this request. If you can help, please let me know what days you can be available.

Ed

Subject: REPLY NEEDED: Flint JIC Staffing Request
Importance: High

Fellow PIOs,

The Flint Joint Information Center (JIC) is still looking for staffing for the next two weeks. To all of the state departments and agencies who have provided staffing, thank you for your commitment in making this operation happen.

We are asking everyone to please providing staffing availability by 2 p.m. today (Thursday, Jan. 28). The latest staffing roster has been attached.

The Flint JIC provides excellent crisis communication training. We have a great team and are willing to train individuals in different roles.

No previous experience is required. Hotel rooms are provided upon request. Lunch and dinner are provided.

Please reach out if you have any questions.

Sincerely,

Ron

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/4/16 – 31st Day (30th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made. Special attention to apartments/multifamily residences.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Submit SBA application.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data.
2. Sit Rep #30.

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Friday, February 5, 2016.
- FWICC and Mission Flint meetings in Flint.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Continued priority is the apartment list from 2/2/16.

- Recovery Branch worked with county and postal partners to collect information about home vacancies and resident's with forwarded mail addresses in order to ensure we are contacting all occupied residences in the City of Flint.
- Recovery Branch supported the efforts of MSDHA to provide resources to tenants in their facilities.
- JIC issued a media advisory about federal lead for Flint water crisis Dr. Nicole Lurie to visit EPA's command post.
- MDHHS provided a representative to accompany the MDEQ team to the high lead homes in Flint. The MDHHS representative will encourage individuals to have blood lead testing and answer health questions as necessary.
- GIS is working to develop a field application for MDEQ and MDHHS for field collection of water test data and health data respectively.
- SEOC and MTED are working with Department of Labor to identify grants that may be available to assist with jobs programs (wages, training, overhead, and potentially equipment and leasing resources). DOC looking at prisoner re-entry programs for those returning to Flint area.

Unified Coordination Group (UCG):

- Working on improving communication flow between UCG and state partners.
- Attended long term recovery meeting held by state VAL.
  - Discussed MARC model and potential transition plan.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Attended meeting with federal, state and local health and environmental agencies to establish process for notification of households with water test results that exceed 150 ppb.
- Attended two long term recovery planning meetings with SEOC staff, VOADs and local agencies (Flint Water Recovery Leadership group).
- Ensuring Community Access Center for the Deaf and Hard of Hearing receives appropriate supplies.
  - Briefed staff on site on filter installation and water sampling process.
- Clarified distribution process at city sites with Flint City Administrator's Office. Coordinating with Fire Department Quartermaster for supplying city sites.
- Addressing various public concerns, including identification of canvassing teams.
- Instituted credentialing verification process for 2-1-1 calls.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/3/16 – 30th Day (29th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Refocus state agencies on objectives, tasks in the Incident Action Plan and how we get to the end state/shift to longer term recovery.
- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
  - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
  - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.

- Includes filter replacement strategies.
- Submit SBA application – outstanding item is the certification of availability of financial assistance. Priority item for the a.m. so this can get submitted. Press release has been completed.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. ***Daily Summary of Data, full version and abridged (New reporting format – we will ensure we give liters of water and cases in the future)***
2. Residential Water Sampling Results Maps – Lead and Copper
3. *SitRep 29*

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Thursday, February 4, 2016.
- Will continue to target residences from the Apartment List from 2/2/16

Items to Note

- Paired down the list of parcels not visited from 2400 to 958. Will continue on 2/4/16 to identify any parcels not visited. Some parcels contain multifamily residences and those types of residences are being reviewed and targeted to ensure coverage.
- MDOC is going to look into their job programs for any prisoners begin release back into the Flint area. This will be in conjunction with any other job programs identified. We are working with MTED on solutions.
- DEQ and DHHS will be going to residences with >150 ppb starting tomorrow. They will be checking residences next to the one with the high lead level to see if this is a single residence issue or a bigger issue affecting the block or line in an area. This will not initially include EPA as they did not seem interested in combining teams but we are working on more collaboration without slowing us down.
- DEQ will have a representative in the UCG starting 2/4/15.
- Discussed with UPS on ways they can assist with Rapid Response Team and filter replacements in the future.
- Additional warehouse will be put in service potentially Saturday. Seventh Day Adventist are potentially going to operate it or help with operations to phase out state agency personnel and make it more community run. The warehouse does include some office space if needed.
- 10 ARC Flint Water Response Teams to the field today.
- Team Priority Visited Today: Apartment List from 2/2/16
- SEOC Logistics worked with MDOC on their assistance with warehouse management and staffing for new warehouse. Reached out to Food Bank on their recommendation and coordination for hours/days of operation of new warehouse.
- SEOC Operations attended a donations management meeting to discuss the need for a consolidated list of donated goods.
- JIC strategized with the U.S. Department of Health and Human Services and Environmental Protection Agency on how to better coordinate public information.

Unified Coordination Group (UCG):

- UCG IAP approved today for the operational period 0800 2/2/16 to 0800 2/4/16.
- The Federal Health Coordinating Officer had a meeting today with Economic Development and Housing and Urban Development.
- EMHSD liaison provided information on Michigan EM structure to Command.
- State JIC manager now in the communication loop for the UCG.
- UCG discussed MARCs and potential implementation.

- Capt. Kelenske met with Don Boyce from US DHHS to discuss concerns with Federal HHS and EPA and how we can move forward with better collaboration and coordination. Boyce also met with Governor's Office staff on same. The meeting went well and a solid relationship is in place with Boyce. He is a direct report to Dr. Lurie and will provide her some context on the issues and how we can move forward. *He will be a good POC to assist us with any shifts in direction needed at the federal level.*

Local EOC

- Coordinated rapid response deliveries to homebound residents and special locations.
- Working on refining rapid response delivery process.
    - Preparing transition from Team Rubicon personnel to NCCC teams, and eventually Southern Baptist Disaster Relief.
    - Coordinating with ARC for logistics support to NCCC teams (AmeriCorp).
- Working with ARC to ensure resource needs of franchise customers at Sunridge Apartments complex in Flint Township are met.
- Coordinating with MDEQ to streamline test kit assembly process.
- Attended distribution plan meeting with faith-based organizations, state, and local agencies.
- Referring VOADs to appropriate volunteer management agencies.
- Addressing various public concerns, including availability of supplies at child care facilities.

Gov. Rick Snyder requests disaster declaration from Small Business Administration

SBA declaration would provide low-interest loans for small businesses in Flint

LANSING, Mich. – Gov. Rick Snyder today requested an Economic Disaster Declaration for Genesee County and the City of Flint, from the U.S. Small Business Administration (SBA). A disaster declaration from SBA would pave the way for financial assistance for Flint residents and business owners impacted by lead-contaminated water in the City of Flint.

"While we continue to coordinate resources from all levels to ensure the health and welfare of Flint residents, we must also recognize that some Flint-area businesses have been impacted by this water emergency," Gov. Snyder said. "An SBA disaster declaration can help ensure that those businesses have access to federally subsidized loans."

If approved, the SBA disaster assistance program provides low-interest loans for small businesses and private, nonprofit organizations that "suffered substantial economic injury as a direct result of the contaminated public water supply," according to the Governor's request. The SBA tailors the repayment of each disaster loan to the borrower's financial capability.

Gov. Snyder declared a state of emergency on Jan. 5 for Genesee County. The declaration makes available all state resources in cooperation with local response and recovery efforts in the county as outlined in the Michigan Emergency Management Plan. On Jan. 28, the state of emergency was extended until April 14, 2016.

More information about SBA loans can be found here.

Flint Water Daily Update
Updated Feb. 4

Current Issues Talking Points

State Senate takes up and approves Governor's $30 million proposal to assist Flint with water bill payments.

- No family or resident should be required to pay for water that is or was unfit for consumption.
- Yesterday, the Governor announced a plan to request $30 million to assist the city of Flint with water bill payments. The funding would come in the form of a supplemental from the Fiscal Year 2016 budget.
- The proposal calls for a Consumption and Use Credit the city could use to relieve families of a portion of their water bills from April 2014 through April 2016.
    - A typical Flint resident's billing statement includes charges for water and sewer.
    - Under the plan, the funding would be made available to cover water used for drinking, cooking and bathing which is approximately 65 percent of the water portion of a residents' water and sewer bill.
    - Residents would still be responsible for the remaining balance of the water portion of a bill accounting for water used in ways that do not qualify as consumption.
    - Residents would be responsible for covering all sewer costs.
- The official request was to be part of the Governor's formal budget presentation next week on Feb. 10, the Senate took up the proposal and passed it unanimously today.
- If approved in the House, total supplemental emergency funding for Flint will total $67.3 million this fiscal year.

Legionnaires Disease

- As the Governor has said repeatedly, he was not briefed on this issue until January 2016. He took action promptly and released the information publicly.
- When Harvey Hollins received the March email, he requested the DEQ look into the concerns, check with its experts, and get the facts. If the concerns were determined to be credible, the director was to bring the issue to the attention of the Governor.
- The issue was not brought to the Governor's attention until January of this year.

- Gov. Snyder has made changes at the department to address these concerns and change the culture to best protect the well-being of Michiganders.

Republican and Democratic Presidential Debates coming to Flint

- It was confirmed today that both a Republican (Detroit) and Democratic (Flint) Presidential debate will take place in Michigan in early March.
- To date the Federal Government has provided only $5 million in funding to assist residents in Flint while the State has allocated $37.3 million in emergency funding to support Flint families.
    - The Governor also proposed a plan to dedicate an additional $30 million as part of his upcoming formal budget presentation to assist Flint residents with water bill payments.
- What will help Flint more than a presidential debate is working together to implement concrete solutions that will aid the city along its road to recovery now and into the future.
- It is important we draw on all available resources to help meet both the immediate and long-term needs of Flint residents.

Subject: 2-1-1 Update Flint Water Response for Thursday, February 4, 2016
Attachments: 2016-02-04 MI211 Flint Water Daily Update.docx

This is the daily 2-1-1 summary on the Flint Water Response for Thursday, February 4, 2016

GENERAL INFORMATION:

- **MLive confirms March 6 Democratic debate in Flint** between candidates Hillary Clinton and Bernie Sanders. Time and location have not been announced.
  http://www.mlive.com/news/flint/index.ssf/2016/02/flint_water_crisis_brings_demo.html#incart_river_home
- **EPA Reform Bill introduced** in Congress today by Reps. Upton and Kildee would require the Environmental Protection Agency notify the public when lead levels in public drinking water exceed federal standards, and to create a strategic plan for handling and improving information flow between water utilities, the states, the EPA, and affected consumers. The bill is co-sponsored by all 14 members of the Michigan House Congressional delegation. A companion senate bill was introduced by Senators Stabenow and Peter.
  http://www.mlive.com/news/kalamazoo/index.ssf/2016/02/flint_water_crisis_prompts_epa.html#incart_story_package

CALL VOLUME:

Aside from a minor challenge from staff members who were out sick, Central Michigan 2-1-1 was able to manage today's call volume with minimal wait times for Flint callers. Outside of Flint the call volume to Michigan 2-1-1 is following the traditional seasonal pattern of initial high demand at the start of tax season subsiding to normal volume with another major increase anticipated from April 1st until tax filing closes (this year on April 18th).

SPECIAL NEEDS/REQUESTS

- **2-1-1 called about suspicious behavior – Several Flint residents called 2-1-1 today concerned about people in green vests asking to come inside their homes. At least one resident reported they did not show identification. After investigating, we learned that EPA is testing residential homes for lead levels and were able to let residents know these were not scam artists or a danger.**

  REMINDER: Please let 2-1-1 know if an organization or agency will be canvassing or engaging in any out-of-the-ordinary activity so we are prepared to provide reassurance and accurate information, or report potentially dangerous or illegal activity.

- **Information and access to services for visually and hearing impaired residents** is an emerging issue. 2-1-1 has been contacted by a number of residents and caregivers asking for Flint water information in braille and other accessible formats like ASL videos.
  Please contact tpage@uwmich.org with resources or options for providing alternate access to Flint water information.

- 2-1-1 handles requests from deaf and hard of hearing individuals in several ways.
  - TDD/TTY is available at every center, but very few calls come in this way
  - 7-1-1 teleinterpreter is regularly used by callers to reach 2-1-1

- Email is widely used as it allows direct communication between the deaf/hard of hearing person and the 2-1-1 agent
- Live chat is available at most of the 2-1-1 partners which allows individuals to communicate directly and privately with a 2-1-1 agent in real-time

- A few 2-1-1s around the country are testing video chat with 2-1-1 agents skilled at sign language. We would like to implement this option. Our technology platform would support it, but do not currently have the resources to hire the needed staff.
- **Follow up: Skin Condition Plan** DHHS Bureau of EMS, Trauma and Preparedness provided a contact number for Flint residents to call with concerns about skin conditions. The number is 888-535-6136. It is available Monday-Friday from 8:00 am -5:00 pm.

RUMOR/SCAM CONTROL

This section is expanding today to include information on potential scams.

- Michigan Association of United Ways received word this morning that a web site www.flintwater.org was using the United Way and Red Cross logos to sell Flint water wrist bands, claiming a percentage of proceeds will go to help local residents. After verifying the logo was used without permission, MAUW notified the Attorney General's office and asked the site owner to remove any references to United Way. The owner complied and also received an educational letter from the Attorney General with information on the Charitable Solicitations Act and the legal risks of using trademarked logos without permission.
-
- No new rumors to reports
  - 2-1-1 continues to receive calls reporting a variety of rumors -- agents are providing the most accurate and up-to-date information available to answer questions and reassure callers.

UNRESOLVED

- ☐ **From 1/18/16:** Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue.
- ☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?
- ☐ **From 1/20/16:** Michigan 2-1-1 heard an anecdotal report today that real estate agents are reluctant to close sales in Flint because they cannot verify the any properties are free from lead contamination. **Is there are state agency or partner who can give real estate agency and home inspectors information on their potential liability.**
- ☐ **From 1/25/26:** Organizations distributing bottles to collect water samples report running out of bottles. **Is there a contact for individuals and organizations to get additional testing sample bottles?**
- ☐ **From 1/26/26:** Callers are asking about the efficacy of various water filters and whole-home filtration system to screen out lead. **Is there an state- or independently-vetted list of effective filters available for residents to reference.**
- ☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through Good360 or another supplier? UPDATE:** The Michigan 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.
- ☐ **From 1/26/26:** Callers are asking about the availability of whole-home filtration systems. **Is there any guidance on whether this is being considered as an option for residents?**
- ☐ **From 2/1/16:** 2-1-1 received a related rumor that due to the class-action lawsuits filed against the state, MDEQ will no longer be able to process lead tests for Flint residents. **Can SEOC investigate this rumor and determine whether or not it is true?**
- ☐ **From 2/1/16:** A few callers are expressing concerns about the reliability of MDEQ test results and are asking how to get independent lab testing for free or low cost

NEWS RELEASE

FOR IMMEDIATE RELEASE
February 4, 2016
Release #: 30

State Partners with MSU Student Athletes to Help with Flint Recycling and Water Distribution Efforts

New Recycling Site Open Friday from Noon to 4 p.m.

Flint, Mich. – Student athletes from Michigan State University are partnering with Schupan Recycling, Republic Services and the Michigan Community Service Commission (MCSC) to help with recycling and water distribution efforts in Flint on Friday, Feb. 5, including collection of empty water bottles and distribution of recycling bags and bins.

"We are excited to have students from MSU volunteer their time to help the residents of Flint," said Ginna Holmes, executive director of the MCSC. "The state is thankful to Schupan and Republic for stepping up to help recycle all the water bottles. We're also looking forward to engaging other volunteers in the future to assist with these recycling efforts."

Recycling collection and water distribution will take place Friday from Noon to 4 p.m. in the parking lot of the Northwest Shopping Center, 2629 West Pierson Road, Flint, MI 48504 (corner of Clio Road and W. Pierson Road).

Residents are asked to bring their empty water bottles to this location. Schupan Recycling will be collecting the bottles to process for turning into new products.

Residents also will be able to pick up a blue recycling bin from Republic Services.

Media is invited.

February 2016

MSP Employees Receive Recognition

Every year in January, the Michigan State Police (MSP) continues the tradition of recognizing the Trooper of the Year, Motor Carrier Officer of the Year and the Civilian of the Year at a special department ceremony in Lansing.

This year's ceremony took place on January 21, where department members gathered with family and friends at the MSP Training Academy to recognize and congratulate the 2015 honorees.

The 2015 Dr. Carl A. Gerstacker Trooper of the Year Award was presented to Tpr. Michael Darrow of the Tri-City Post. The Gerstacker Award recognizes the MSP trooper or sergeant who symbolizes outstanding professional ethics, dedication to duty and a concern for giving back to their community. Trooper Darrow is a 15-year veteran of the department and is known for his dedication to community outreach. *Trooper Darrow is instrumental in several* MSP community outreach initiatives, such as Light Up the City and the Community Action United Team In Our Neighborhood program, known as C.A.U.T.I.O.N.

The 2015 Motor Carrier Officer of the Year Award was presented to MC Ofcr. Jason Zylstra of the Jackson Post. This award is sponsored by the Michigan Trucking Association and recognizes the MSP motor carrier officer who symbolizes outstanding professional ethics, dedication to duty and concern for giving back to their community. MC Officer Zylstra joined the department in 2011 and serves as a Commercial Vehicle Safety Alliance certified instructor, background investigator and a recruiter for the department.

Also presented at the ceremony was the 2015 Civilian of the Year

In the Community

Feb 10:

Recruiting Event - Northern Michigan University Marquette Summer Job Fair, 1 p.m. to 5 p.m. at 1401 Presque Isle Ave., Marquette

Feb. 10:

Recruiting Event - Michigan State University Criminal Justice Career Fair, 5 p.m. to 8 p.m. at the Kellogg Center, 219 S Harrison Rd, East Lansing

Feb. 12:

Recruiting Event - Central Michigan University Alpha Kappa Psi Career Day, 9 a.m. to 1 p.m. at Ronan Hall, Mt. Pleasant

Feb. 12:

Feb. 25:

Recruiting Event - Grand Valley State University Career Fair, 1 p.m. to 5 p.m. at DeVos Place Convention Center, 303 Monroe Ave. NW, Grand Rapids

Award, which was awarded to Ms. Brianna Briggs of the Emergency Management and Homeland Security Division. The MSP Civilian of the Year Award is named in honor of the late Floyd R. Bell Jr., a 42-year employee of the MSP, who demonstrated commitment and dedication to the department and his community. Ms. Briggs is a departmental analyst with the EMHSD, where she served as the project manager for two of the division's largest projects in 2015.

Learn more about the award recipients at MSP Awards.

MSP Assists with Flint Water Response Efforts

The MSP is actively involved in the state's ongoing response to the health and safety issues caused by lead in the city of Flint's drinking water.

On January 5, Governor Rick Snyder declared a state of emergency for Genesee County, making available all state resources to ensure Flint residents have access to safe water. As part of this effort, Governor Snyder activated the State Emergency Operations Center (SEOC), which is overseen by the MSP Emergency Management & Homeland Security Division.

The SEOC continues to be activated and is responsible for coordinating response and recovery efforts by state, local and federal agencies. The SEOC is staffed by members of state agencies and other partners for decision making and information coordination during disasters or emergencies in Michigan. The state's Joint Information Center (JIC) is also operational to help coordinate public information.

In addition to working in the activated emergency facilities, members of the MSP also helped distribute water resources to Flint residents, including many department members who volunteered their time during the Martin Luther King, Jr. Day holiday weekend.

For updates on the Flint water situation, visit www.michigan.gov/flintwater. To find out how you can help, visit www.helpforflint.com.

Celebrate Super Bowl 50 Responsibly

March 19:

MSP Women's Recruiting Seminar, 10 a.m. at Schoolcraft College, 18600 Haggerty Hwy, Livonia

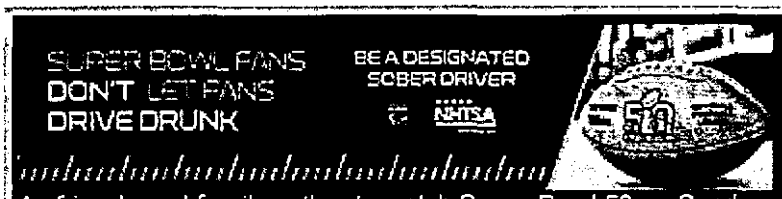
Keep Michigan Safe

If you see something suspicious, immediately call 9-1-1 for emergencies. For non-emergencies, suspicious activity can be reported to the MSP Michigan Intelligence Operations Center by phone at 1-855-MICH-TIP (855-642-4847) or online at www.michigan.gov/michtip.

Join the MSP

Consider a rewarding career with the MSP; learn more at www.mi.gov/mspjobs.

Contact the MSP



As friends and family gather to watch Super Bowl 50 on Sunday, February 7, the MSP wants to remind citizens to be a team player and designate a sober driver.

Celebrate responsibly by not driving drunk and if you're hosting a party, don't let guests get behind the wheel if they have been drinking. Remember, buzzed driving is drunk driving.

MSP Holds Women's Recruiting Seminar

The MSP is continuing to host *recruiting seminars for women* and the next informational seminar will take place at Schoolcraft College in Livonia on Saturday, March 19.

Women interested in a career with the State Police are invited to attend this recruiting seminar to hear from female troopers about recruit school training, the trooper lifestyle, opportunities for women in law enforcement and the hiring process.

The event will begin promptly at 10:00 a.m. and will feature many of the department's specialty units, including the Forensic Science Division, Canine Unit, Gaming Section, Special Investigations and Computer Crimes.

Women interested in attending need to RSVP to Tpr. Marjorie Richardson at RichardsonM2@michigan.gov. Additional information is available on the MSP Recruiting website.

A Look Back in Time

Contact your local MSP post at www.mi.gov/mspposts or call us 24/7 at 517-332-2521.

Most young men who joined the Michigan State Police in 1919-1920 were military veterans of the Great War. Today, nearly one-third of our trooper recruits are military veterans and those serving in the National Guard and Reserve.

Hey Kevin....I did get the script for that water filter video from Trevor. Thank you.

There's another video on the Flint water site titled "How To Properly Test Your Water". We'd like to translate that to spanish also, with your permission...and if there is a transcript available, that would be helpful.

The only other thing I need is a note/email/letter/whatever from your office stating that you own the content of those videos and give us permission to translate and distribute to our member radio and television stations for posting on their websites. Naturally, we'd make the translated versions available to you.

Again, thanks.

Edible Flint Works to Address Water Emergency through Urban Gardening
Urban Agriculture Organization Makes a Positive Impact in Flint Communities

FOR IMMEDIATE RELEASE
February 4, 2016
Release #: 29

Flint, Mich. – Since 2009, Edible Flint has been working with individuals and institutional partners to support Flint residents in growing and accessing healthy food in order to reconnect with the land and each other. As a part of their continuing outreach to Flint's residents, Edible Flint is gearing up to ensure a bumper crop of lead fighting vegetables and address concerns over urban gardening in Flint.

Edible Flint supports more than 300 community and individual gardens in the city through its Garden Starters program. This program provides gardening classes, technical expertise, resources and supplies. In response to the recent Flint water emergency, the organization has plans to expand their programs as they prepare for the upcoming gardening season.

Not only are they looking to support additional food gardeners through their Garden Starters program, they are currently reviewing the selection of seeds and transplants being distributed this year to ensure vegetables that fight lead exposure are included. In addition, Edible Flint, which tests approximately 50 new gardens each

year, will be increasing the number soil tests (including lead screening) for Flint's food gardens. They also intend to provide hose filters for garden irrigation for program participants.

"Edible Flint is committed to supporting Flint residents by providing access to resources to grow nutritious fresh food," said Terry McLean, Michigan State University Extension (MSUE) Educator, and Edible Flint Leadership Board Member. "Through our urban gardening program we hope to provide a catalyst for recovery and community engagement."

McLean added, Edible Flint has been working with MSUE partners to reassure gardeners of the safety of eating and growing vegetables grown in Flint's community gardens.

For more information on Edible Flint, visit http://www.edibleflint.org.

Gov. Rick Snyder: Swift Senate approval of $30 million for water bills shows strong commitment to Flint residents

If approved by House, supplemental funding for Flint totals $67.3 this fiscal year

LANSING, Mich. – The proposal announced yesterday by Gov. Rick Snyder to aid the city of Flint with credits to be applied to the portion of residents' water and sewer bills for water used for drinking, bathing and cooking is one step closer to enactment after the state Senate voted unanimously today for passage of the $30 million dollar funding request.

"We want to provide relief to Flint residents who were paying for water they could not drink," Snyder said. "The entire state continues to demonstrate unity in coming together for the residents of Flint, and I greatly appreciate the acts of cooperation, bipartisanship and good will that are advancing Flint's recovery."

If approved by both chambers and signed into law, the Consumption and Consumer Use Credit would aid the city of Flint in applying these credits to residents' water portion of their water and sewer bills until state and federal officials certify the water is safe to consume. Under the plan, the city would credit residential bills going back to April 2014 for water used for drinking, bathing and cooking - about 65 percent of the water portion of residential water and sewer bills. Residents would still be responsible for covering sewer costs as well as water not used for consumption - such as flushing toilets, hot water boilers and outside water use.

Last Friday, Snyder signed a supplemental budget bill for Flint for $28 million to supply free bottled water, faucet filters, and testing kits for Flint residents, put nurses in local schools to monitor student health and well-being, provide better nutrition for students and infants through WIC and in-

school nutrition programs and fund other health care and follow-up services for children with high lead levels.

The $28 million is in addition to $9.3 million appropriated in Oct. 2015 to move back to Detroit's water system, test drinking water and provide wraparound services for children. If this $30 million is approved by the House, state funding for Flint's water crisis for this Fiscal Year will total $67.3 million.

The supplemental spending now heads to the House for consideration, where it will be held for 5 days according to the Constitution before it can be voted on.

The governor will formally present his Fiscal Year 2016-2017 budget recommendation on Feb. 10 in Lansing.

Senate OKs $30M For Flint Water Bills

The Senate in a surprise move passed a bill today with $30 million to the city of Flint to essentially reimburse Flint residents on their water bills for water they could not use as a result of the city's contaminated water.

The money came via an amendment by Sen. Rick Jones (R-Grand Ledge) on SB 136, which was discharged from the Senate Appropriations Committee.

"Everybody in this room knows that Flint has had a major problem with their water. We all want to do what we can to fix it. Nobody in this room is to blame," Mr. Jones said in a statement on the floor. "What I want to do as a former sheriff who believes in action is take care of those water bills."

Senate Minority Leader Jim Ananich (D-Flint) unsuccessfully attempted to change the amount of money to $60 million.

Wednesday, about 12 hours after Governor Rick Snyder revealed his proposal for $30 million, top Senate Republicans did not commit to supporting it. But that clearly changed quickly.

Gongwer News Service will have more on this story in Thursday's Michigan Report.

Hi Stacey,

Chelsea Bozzo was a student assistant who graduated and wasn't eligible to continue employment under current student assistant guidelines. We completed the employee departure form and it should have been routed to the Human Resources Division with her State of Michigan ID. There were delays in getting the departure from sent to human resources due to the Flint water emergency underway.

Her last day was Dec. 30, 2015.

Thanks,

Ron

DEQ
DEQ blames contractor for latest delay on updating dioxane standards (Mlive)
After years of repeatedly missed deadlines, Michigan officials are blaming the latest delay in establishing new cleanup standards for 1,4-dioxane and 300-plus other hazardous substances on a hired contractor.

Ford finds contaminated groundwater near Livonia plant (The Detroit News)
Ford Motor Co. is testing the area around its Livonia Transmission Plant after discovering vinyl chloride in the groundwater on the east side of the plant. The Dearborn automaker on Wednesday said samples with the potentially cancer-causing chemical were found seven feet or more underground and pose no health risk to residents.

DHHS
State making progress in ensuring rights of foster children (MPRN-Lansing)
An overhaul of Michigan's child foster care system is showing results, and the state is moving closer to ending a federal judge's oversight.

LARA

Gov. issues order transferring ethnic commissions to LARA (La Prensa)

Gov. Rick Snyder has signed Executive Order 2016-3, transferring administrative responsibilities of three ethnic commissions to the department of Licensing and Regulatory Affairs (LARA).

MDHHS

MDHHS begins investigation into rash reports in Flint's water crisis (MLive)

State health officials are moving forward in the investigation of rashes possibly associated with Flint's water crisis. The Michigan Department of Health and Human Services (MDHHS) is working to develop a plan to better understand rashes that have been reported by some Flint residents, according to a news release from the Joint Information Center.

MDOT

Vintage MDOT video shows what Michigan winter was like 80 years ago (MLive)

There's a saying among old timers — perhaps you've heard it — who like to admonish the younger generation for taking the many comforts afforded by modern life for granted. It goes something like this:

Michigan lawmakers may raise speed limits on rural highways (AP)

The speed limit could jump to 75 mph on some 600 miles of rural highway in Michigan — and possibly even higher on portions of two heavily traveled interstates — under a measure a committee sent to the state House Tuesday

Newsreel found in Upper Peninsula offers glimpse into 1930s Michigan winter (9&10)

A 1930s-era newsreel found in the Upper Peninsula is offering a glimpse into Michigan's past.

MPSC

DTE files $344 million rate request with Michigan Public Service Commission (Crain's Detroit Business)

DTE Electric Co. has filed a $344 million rate hike request with the Michigan Public Service Commission to continue upgrading its electric distribution system in Southeast Michigan, officials announced Wednesday.

DTMB

Unemployment rate climbs to 4.2 percent in Huron County (Huron Daily Tribune)

New jobless data shows local unemployment levels have, for the most part, edged up slightly

SOS

State error prompts voter cancellation notices (The Detroit News)

Hundreds of Michigan voters were mistakenly sent "notices of cancellation" last month challenging their voter registration status, according to the Secretary of State Ruth Johnson's office, which is taking steps to correct the error.

Michigan Supreme Court

Planet Fitness transgender locker room case heads to appeals court (MLive)

A Midland County woman's lawsuit against Planet Fitness for its transgender-friendly locker room policy continues, despite a judge dismissing the lawsuit in January. Yvette Cormier's attorney, David A. Kallman, appealed the judge's decision to the Michigan Court of Appeals on Jan. 28.

LEGISLATIVE

State Supreme Court clarifies range of whistleblower law (AP)

The Michigan Supreme Court has used a dispute at a women's shelter to clarify the scope of the state's whistleblower protection law.

Bill to loosen 'gag order' law approved by House panel (MLive)

The House Elections Committee on Wednesday afternoon approved a bill to clarify language in a new law limiting information public bodies can distribute ahead of elections.

Bills would stop animal abusers from adopting at Michigan shelters (MLive)
A pair of bills approved by the Michigan Senate would, together with companion bills pending in the House, create a system aimed at preventing past animal abusers from adopting from any animal shelter in the state.

Senate leader: EAA set to be eliminated (The Detroit News)
Gov. Rick Snyder's controversial Education Achievement Authority will come to an end as legislators consider a $715 million plan to rescue the Detroit Public Schools, according to Senate Majority Leader Arlan Meekhof.

Fix to election restrictions law passes House committee (Detroit Free Press)
Local and school officials will be able to communicate with their constituents about ballot proposals, as long as the information is "factual and strictly neutral," according to a legislative fix to a bill that passed late last year.

Legislation could bump up speed limits (The Times Herald)
Your commute could be getting a little bit quicker. Legislation heading to the full House would increase the speed limit to 75 or 80 mph on some interstates and freeways, and up to 65 miles per hour on some state trunk lines.

Bill to bring property tax assessments 'into the 21st century' (MLive)
Property assessment rolls in Michigan counties and townships are paper behemoths, but a bill currently in the state senate proposes to change that. Rep. Holly Hughes, R-Montague, testified Tuesday, Feb. 2, before the Senate Committee on Local Government on Tuesday.

OPINION

Editorial: No good answers in Flint water switch (Detroit News)
Depictions of the Flint water crisis as a case of a financially desperate Flint, deprived of local control by a state emergency manager, being forced to switch off the clean water from the Detroit Water and Sewerage Department to save a few bucks are misleading. It didn't happen that way.

Detroiters struggling to keep up with water bills (Detroit News)
Do the math, and it becomes clear: Eddie Cunningham Sr. is one of five people on his block in northwest Detroit who is current on his water bill.

'J'accuse'—and so does everybody else (Detroit Free Press)
"I do j'accuse!" one Congressman thundered at a brace of government officials, during a particularly heated moment in the U.S. House Oversight and Government Reform Committee's hearing on the Flint water crisis, expressing a willingness to place blame where blame is due.

Savings from Flint water switch don't add up (Detroit Free Press)
The genesis of the Flint water crisis is lack of accountability and public responsibility otherwise known as the Emergency Manager Law that is currently utilized in the State of Michigan. It is important to understand how this situation was allowed to reach such a dangerous level.

Howes: Ineptitude overshadows heroes in Flint fiasco (Detroit News)
If Wednesday's congressional hearing into the Flint Water Crisis proved anything, it's that neither Republicans nor Democrats dispute the central narrative: emergency managers working for Gov. Rick Snyder made the call to draw water from the Flint River.

Edible Flint Works to Address Water Emergency through Urban Gardening
Urban Agriculture Organization Makes a Positive Impact in Flint Communities

FOR IMMEDIATE RELEASE
February 4, 2016
Release #: 29

Flint, Mich. – Since 2009, Edible Flint has been working with individuals and institutional partners to support Flint residents in growing and accessing healthy food in order to reconnect with the land and each other. As a part of their continuing outreach to Flint's residents, Edible Flint is gearing up to ensure a bumper crop of lead fighting vegetables and address concerns over urban gardening in Flint.

Edible Flint supports more than 300 community and individual gardens in the city through its Garden Starters program. This program provides gardening classes, technical expertise, resources and supplies. In response to the recent Flint water emergency, the organization has plans to expand their programs as they prepare for the upcoming gardening season.

Not only are they looking to support additional food gardeners through their Garden Starters program, they are currently reviewing the selection of seeds and transplants being distributed this year to ensure vegetables that fight lead exposure are included. In addition, Edible Flint, which tests approximately 50 new gardens each year, will be increasing the number soil tests (including lead screening) for Flint's food gardens. They also intend to provide hose filters for garden irrigation for program participants.

"Edible Flint is committed to supporting Flint residents by providing access to resources to grow nutritious fresh food," said Terry McLean, Michigan State University Extension (MSUE) Educator, and Edible Flint Leadership Board Member. "Through our urban gardening program we hope to provide a catalyst for recovery and community engagement."

McLean added, Edible Flint has been working with MSUE partners to reassure gardeners of the safety of eating and growing vegetables grown in Flint's community gardens.

For more information on Edible Flint, visit http://www.edibleflint.org.

Plan Advanced by State to Monitor Skin Conditions in Flint

FOR IMMEDIATE RELEASE
February 3, 2016
Release #: 28

FLINT, Mich. – Health officials in Michigan are moving forward on the investigation of rashes possibly associated with Flint water.

The Michigan Department of Health and Human Services (MDHHS) is developing a plan to better understand rashes that are being reported by members of the public. In recent weeks, MDHHS and the United Way 211 Information Line have received some calls with questions or concerns about rashes possibly associated with Flint water. While rashes are very common in the general population and there are numerous known causes, an important public health function involves being able to identify and rapidly respond to new causes of illness as they emerge.

MDHHS has been actively monitoring trends in rash illnesses to emergency departments in Genesee County and has not seen evidence of increases compared with prior years. However, in an effort to proactively respond to reported rashes, MDHHS is developing a plan to conduct structured interviews with members of the public who report current rashes that may be related to exposure to Flint water in their homes. The Centers for Disease Control and Prevention, Agency for Toxic Substances and Disease Registry (CDC/ATSDR), and the Environmental Protection Agency (EPA) are providing technical assistance to MDHHS in this effort.

"Flint residents are understandably worried about the effects of skin exposure to water in their homes, and it's absolutely necessary we follow up directly on their concerns," said Dr. Eden Wells, chief medical executive with the MDHHS. "While the science currently tells us children and adults can bathe in the water, we are committed to identifying any potential health risks so we can provide information to and protect families in Flint."

MDHHS will begin asking health care providers to report cases of current rash possibly associated with Flint water exposure. These individuals will be contacted and interviewed by MDHHS personnel, and investigations will also involve testing home water samples of those with active rashes. This testing will be different from other routine water sampling and testing being conducted by the Michigan Department of Environmental Quality or the EPA throughout Flint as it will focus on testing for concentrations of metals and other water quality factors that may be associated with the reported rashes.

While finalizing plans and materials for this investigation, MDHHS is already actively responding to these rash reports. Last week, Flint residents who recently reported rashes were interviewed at their homes by a team from MDHHS and water samples were collected for analysis. While it is too early in the investigation to draw any conclusions about how many people might be experiencing rashes or what might be causing them, MDHHS is responding with urgency to these reported health complaints with assistance from federal partners.

Members of the public who have concerns about rashes are encouraged to visit their primary care physician. Information reported by health care providers is an important part of creating a better understanding of the characteristics of these rashes. Individuals with questions may also call United Way 211 to be connected with health information specialists to answer their specific concerns.

For additional information related to the response in Flint, visit www.michigan.gov/flintwater.

At a town hall meeting for Jeb Bush in Keene, N.H., this week. Cheryl Senter for The New York Times

Your Thursday Briefing

By ADEEL HASSAN

Good morning.

Here's what you need to know:

• On the stump in New Hampshire.

Hillary Clinton and Bernie Sanders debate tonight (9 p.m. Eastern, MSNBC). On Wednesday night, they clashed in heated terms over the meaning of progressivism in America.

Republican candidates in the state are trying to win over women voters with a softer tone. Many women there are independents or moderates, and they are perhaps the most critical swing vote in next week's primary.

And how well Jeb Bush performs could shape the direction of the party's race.

• Aid for Syria.

One day after the peace talks in Geneva broke down, world leaders today are seeking $9 billion to help Syrians inside and outside the country suffering as a result of the civil war, now entering its sixth year. By comparison, $50 billion was spent on the Sochi Olympics.

And Germany's cabinet has toughened asylum rules.

We measure the staggering toll of Europe's migrant crisis in lives and dollars.

• At the White House.

President Obama is being pressed by many of his top national security aides to approve a Special Operations military campaign in Libya against the Islamic State extremist group.

Colombia's president, Juan Manuel Santos, will ask Mr. Obama today for more funds and changes to U.S. policy to help his country rebuild after half a century of guerrilla fighting.

• On Capitol Hill.

The Senate may vote as early as today on a comprehensive energy bill meant to update the nation's power grid and oil and gas transportation systems.

government should do to help resolve the water crisis in Flint, Mich., where residents want to leave.

• Meet the new student activists.

Black students and their allies are demanding change, and we talk to some of them about what they're seeking. The Times will host a live online conversation about race on campuses today at 3 p.m. Eastern.

The University of Missouri, rocked by racist episodes last fall, is one school that is struggling to bridge its racial divide.

• Cosby case goes forward.

A judge ruled Wednesday that prosecutors are not bound by a district attorney's decision a decade ago not to prosecute the comedian Bill Cosby on sexual assault charges.

BUSINESS

• **A House committee** will hold a hearing today on the rapid increase in drug prices. Martin Shkreli, the pharmaceutical executive who famously raised the price of a lifesaving drug by 5,000 percent, is expected to exercise his Fifth Amendment rights and not answer questions.

• **Sumner Redstone**, 92, has resigned as chairman of CBS as questions swirl about his mental competence. Leslie Moonves, the CBS chief executive, is his successor.

• **Honda is adding** more than two million vehicles — some Acura and Honda vehicles from model years 2005-16 — to its recall of Takata airbags.

• **Here are snapshots** of the U.S. and world markets.

NOTEWORTHY

• A plan to save reproductive cells.

A new pilot program by the Pentagon will pay to have troops' sperm and eggs frozen, so they'd still be able to have children if they are hurt on the battlefield.

• A major markdown.

The cloud storage company Dropbox, once valued at $10 billion, has turned out to be worth only $2 billion.

That's a fate that other Silicon Valley start-ups may be facing.

• Health roundup.

Sexually active women who are not on birth control should abstain from alcohol to avoid the risk of giving birth to babies with fetal alcohol spectrum disorders, the Centers for Disease Control and Prevention has recommended.

Here's a workout and diet regimen that lets you lose weight and gain muscle. Not surprisingly, it's really, really difficult.

• U.S. Soccer sues women's union.

U.S. Soccer has sued the union representing the world champion U.S. women's national team in federal court.

The lawsuit is effectively a disagreement about whether the team has a valid labor agreement, as U.S. Soccer argues.

• Where a streetcar is something to desire.

Mayor Bill de Blasio will propose today a 16-mile streetcar route linking Brooklyn and Queens. Travel between the two boroughs often means a detour into Manhattan.

The system is expected to cost about $2.5 billion, much less than an underground subway line.

• What's to cook.

We've got another 15-minute recipe — for soba noodle salad — to try tonight.

BACK STORY

There was a time when many college students would get a facebook, a compendium filled with photos of their fellow freshmen, during orientation.

Then TheFacebook went online at www.thefacebook.com 12 years ago today, making the paper directories look archaic.

Founded in a Harvard dorm room, it got more than 1,000 sign-ups in 24 hours, and half of the college's undergraduates were on it within a month.

It was designed with expansion in mind. About 150,000 students were registered on sites created for about 30 campuses by June 2004. Students who wanted to join needed only a current ".edu" email address to register free.

One of the founders, Mark Zuckerberg, had created a site called facemash.com in late

who was more attractive.

Around that time Mr. Zuckerberg was enlisted by a group of fellow Harvard students to work on a social network they were creating called ConnectU.

Within a few months he launched TheFacebook, leading the ConnectU founders to accuse him of stealing their idea. The feud was dramatized in the film "The Social Network" in 2010.

Mr. Zuckerberg's rival network grew over the next years to include other colleges, and eventually the world. Today, more than 1.5 billion people connect through Facebook.

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/3/16 – 30th Day (29th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Refocus state agencies on objectives, tasks in the Incident Action Plan and how we get to the end state/shift to longer term recovery.
- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data *shows filters have not been provided and/or visits not made.*
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Submit SBA application – outstanding item is the certification of availability of financial assistance. Priority item for the a.m. so this can get submitted. Press release has been completed.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. **Daily Summary of Data, full version and abridged (New reporting format – we will ensure we give liters of water and cases in the future)**
2. Residential Water Sampling Results Maps – Lead and Copper
3. SitRep 29

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Thursday, February 4, 2016.

- Will continue to target residences from the Apartment List from 2/2/16

Items to Note

- Paired down the list of parcels not visited from 2400 to 958. Will continue on 2/4/16 to identify any parcels not visited. Some parcels contain multifamily residences and those types of residences are being reviewed and targeted to ensure coverage.
- MDOC is going to look into their job programs for any prisoners begin release back into the Flint area. This will be in conjunction with any other job programs identified. We are working with MTED on solutions.
- DEQ and DHHS will be going to residences with >150 ppb starting tomorrow. They will be checking residences next to the one with the high lead level to see if this is a single residence issue or a bigger issue affecting the block or line in an area. This will not initially include EPA as they did not seem interested in combining teams but we are working on more collaboration without slowing us down.
- DEQ will have a representative in the UCG starting 2/4/15.
- Discussed with UPS on ways they can assist with Rapid Response Team and filter replacements in the future.
- Additional warehouse will be put in service potentially Saturday. Seventh Day Adventist are potentially going to operate it or help with operations to phase out state agency personnel and make it more community run. The warehouse does include some office space if needed.
- 10 ARC Flint Water Response Teams to the field today.
- Team Priority Visited Today: Apartment List from 2/2/16
- SEOC Logistics worked with MDOC on their assistance with warehouse management and staffing for new warehouse Reached out to Food Bank on their recommendation and coordination for hours/days of operation of new warehouse.
- SEOC Operations attended a donations management meeting to discuss the need for a consolidated list of donated goods.
- JIC strategized with the U.S. Department of Health and Human Services and Environmental Protection Agency on how to better coordinate public information.

Unified Coordination Group (UCG):

- UCG IAP approved today for the operational period 0800 2/2/16 to 0800 2/4/16.
- The Federal Health Coordinating Officer had a meeting today with Economic Development and Housing and Urban Development.
- EMHSD liaison provided information on Michigan EM structure to Command.
- State JIC manager now in the communication loop for the UCG.
- UCG discussed MARCs and potential implementation.
- Capt. Kelenske met with Don Boyce from US DHHS to discuss concerns with Federal HHS and EPA and how we can move forward with better collaboration and coordination. Boyce also met with Governor's Office staff on same. The meeting went well and a solid relationship is in place with Boyce. He is a direct report to Dr. Lurie and will provide her some context on the issues and how we can move forward. He will be a good POC to assist us with any shifts in direction needed at the federal level.

Local EOC

- Coordinated rapid response deliveries to homebound residents and special locations.
- Working on refining rapid response delivery process.
    - Preparing transition from Team Rubicon personnel to NCCC teams, and eventually Southern Baptist Disaster Relief.
    - Coordinating with ARC for logistics support to NCCC teams (AmeriCorp).
- Working with ARC to ensure resource needs of franchise customers at Sunridge Apartments complex in Flint Township are met.
- Coordinating with MDEQ to streamline test kit assembly process.
- Attended distribution plan meeting with faith-based organizations, state, and local agencies.
- Referring VOADs to appropriate volunteer management agencies.

- Addressing various public concerns, including availability of supplies at child care facilities.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/2/16 – 29th Day (28th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue investigating a warehousing option for non-palletized donations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Continue to work on SBA application.
- Obtain additional information from the City of Flint and Genesee County for appeal.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. MDDHS Director's Sit Rep: Reference blood lead testing results.
2. Sit Rep #28

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Wednesday, February 3, 2016
- Apartment complexes will be targeted tomorrow.
- We anticipate providing a cleaner way to view the numbers at a glance starting tomorrow.
- **Work with the Chamber of Commerce and MEDC to get more businesses for the SBA declaration. Found that we only have a gross revenue loss of 24% when it needs to exceed 40%. Will follow up first thing with SBA to double check this. Chamber of Commerce was to provide the top 5 businesses with losses.**

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- Team Priority Visited Today: Completed Section 8 housing list. 10 remaining franchise customers.
- SEOC Logistics worked with DTMB to secure additional warehouse location for donated water.
- JIC partnered with the Michigan Association of Broadcasters (MAB) to record two PSAs in Spanish. The PSAs were shared with MAB member stations.
- SEOC Finance met with State Budget Office to discuss and develop collaborative cost reporting for all state agencies.
- SEOC Planning finalized Small Business Administration request for economic injury.
- Information reported to the JIC:
    - As of 2/2/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

        1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 2/2/16*
30,770	37,844	12,406	530

*There were issues with the app in the field on February 2, 2016. Outstanding data will be included tomorrow night.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	255,457
b. Filters	102,498
c. Filter cartridges	206,642
d. Test kits	33,243*

*Adjusted due to test kits were not assembled at POD 1 yesterday and sent back to warehouse. Those kits were included as distributed and should not have been.

3. Resources purchased:
   a. Cases of water 2,715,324 Liters (additional 1,209,675 Liters donated)
   b. Filters 266,312*
   c. Filter Cartridges 584,957*
   d. Test kits 62,701
   *Includes back data, not previously accounted for, from MDHHS purchases on January 12-16, 2016 so there is a jump in the amounts.
4. Teams going out tomorrow:
   a. 10 American Red Cross Teams scheduled for Wednesday, February 3, 2016.

Standing Information Requirements

1. **Number of homes visited each day:**
   a. 2/2/16, as of 5 pm, 530 homes were visited today
2. **Total number of homes visited:**
   a. Targeted Canvassing Mission: 12,406
3. **Total number of National Guard on the ground:**
   a. 53
4. **Total Number of Volunteers each day:**
   a. 27 volunteers on 2/2/16, per ARC.
5. ***Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,831	28,277
Active residential water subscribers	26,673	22,491

6. **Number of Water filters distributed (each day and to date):**
   a. 587 (172 FWRT + 415 PODs [1700 2/1 to 1600 2/2]) were distributed since this report yesterday and total distributed to date is 102,498.
7. **Cases of Bottle water distributed (each day and to date):**
   a. 10,524 (444 FWRT +10,080 cases or 120,960 liters PODs [1700 2/1 to 1600 2/2]) were distributed since this report yesterday and the total distributed to date is 255,457 cases or 3,065,484 Liters.
8. **Number of testing kits distributed (each day and to date):**
   a. 491 (56 FWRT +435 PODs [1700 2/1 to 1600 2/2]) were distributed since this report yesterday and the total distributed to date is 33,243.

9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. See attached MDHHS Sit Rep, pages 1 and 3 – this is a new format from DHHS but we are working to pull it into an easier format.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. See attached MDHHS Sit Rep, pages 1 and 3 -- this is a new format from DHHS but we are working to pull it into an easier format.
11. **Number of homes with safe drinking water:**
    a. Drinking water (Analyzed 9/3/15 to 2/2/16)
        i. 5516 out of 5906 (93%) at or below 15 ppb (390 tests above)
        ii. <5 ppb: 4853 (82%)
        iii. 5-15 ppb: 663 (11%)
        iv. > 15 ppb: 390 (7%)
        v. >30 ppb: 214 (4%)
        vi. >150 ppb: 50 (0.8%) (DEQ and DHHS are working to get a plan in place to ensure these homes are visited).

    *Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Coordinating distribution of appropriate supplies to Flint water system franchise customers outside the City of Flint.
- Coordinating with owner of new warehouse site for access to the site, and operations at the facility.
- Addressing various public concerns, including availability of supplies to residents in apartment complexes.
- Attended meeting with UM-Flint to discuss student volunteer opportunities and potential communications support.
- Attended VOAD meeting to discuss volunteer engagement, volunteer management, and distribution management.
- Coordinating replacement for Team Rubicon after their demobilization for rapid response deliveries.

Subject: SEOC Update 2/1/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/1/16 – 28th Day (27th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Finalize new Incident Action Plan (IAP) for Operational Period 2/2/16 to 2/9/16.
- Sync up with the UCG to ensure lines of communication and operation are clear.
- Ensure adequate quantities of supplies to support operations.
- Continue investigating a warehousing option for non-palletized donations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.

- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Continue to work on SBA application – pends status of Declaration of Emergency appeal.
- Obtain additional information from the City of Flint and Genesee County for appeal.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal. IHP is an Individual Assistance program.

Attached:

1. SitRep 27
2. Flint Water Timeline (DRAFT) – This is a running record I keep so I have it for future reference. This is draft but thought some of you may want it at this time.
3. State Agency Weekly Activities – It was mentioned on the morning call to have a weekly activities sheet. I am certain there are other events to be added but this is from the SEOC personnel.
4. Day to Day POD Comparison Data – Internal for EMHSD and FEMA

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Tuesday, February 2, 2016
- Franchise Customers continue to be targeted for visits with additional to be determined.

Items to Note

- The question came up as to the difference between active residential customers and residential parcels. Customers are on the Flint water system according to what the City of Flint provides us. Residential parcels are those not on the system for numerous reasons to include them having a well or just not connected to the system. We are aware some not on the system have gotten filters. I also do not have a lot of faith in the records provided to us by the city water department. We just received an updated franchise list which had more customers.from the city that is different from the one we were given earlier.
- Received approval to obtain a former Kroger store near Statoin 6 POD. This will greatly alleviate donation management issues. Office space is available at this location if needed.
- 10 ARC Flint Water Response Teams to the field today.
- GIS was not able to develop maps with today's data due to issues with the software. They will be providing maps first thing tomorrow.
- Recovery Branch coordinated meeting with Michigan Community Service Commission (MCSC), Local EOC, and ARC regarding volunteer coordination and reporting.
- JIC is working to set up a legislative and congressional briefing call this week.
- Information reported to the JIC:
    - As of 2/1/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	ARC Paper Data* 1/31/16	Targeted Canvassing Mission 2/1/16
30,770	37,844	11,876	1,135	1,164

*Data from last night that was not available.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	244,933

b. Filters	101,911
c. Filter cartridges	205,820
d. Test kits	33,561

3. Resources purchased:
    a. Cases of water 2,637,324 Liters (additional 1,127,171 Liters donated)
    b. Filters 165,048
    c. Filter Cartridges 389,357
    d. Test kits 62,701
4. Teams going out tomorrow:
    a. *10 American Red Cross Teams scheduled for Tuesday, February 2, 2016.*

Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/31/16, ARC Data, 1,135 homes were visited yesterday. Data was not included in yesterday's report.
    b. 2/1/16, as of 5 pm, 1,164 homes were visited today
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: 11,876
3. **Total number of National Guard on the ground:**
    a. 53
4. **Total Number of Volunteers each day:**
    a. 50 volunteers on 2/1/16, per ARC.
5. ***Number of homes with filters:**

	Total Number	Number with filters*
Residential parcels	38,831	28,167
Active residential water subscribers	26,673	22,400

*Number does not include franchise customers, will be updated tomorrow morning.

6. **Number of Water filters distributed (each day and to date):**
    a. 1,318 (1,001 FWRT + 317 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and total distributed to date is 101,911.
7. **Cases of Bottle water distributed (each day and to date):**
    a. 10,443 (1,218 FWRT +9,225 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and the total distributed to date is 244,933.
8. **Number of testing kits distributed (each day and to date):**
    a. 1,091 (293 FWRT +798 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and the total distributed to date is 33,184.
9. ***Number of people tested for elevated blood levels (kids, adults, total):***
    a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
    *this data will not be updated again until Tuesday.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
        i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
        ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
        iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22
    *This data will not be updated again until Tuesday
11. **Number of homes with safe drinking water:**
    a. Drinking water (9/3/15 to 2/1/16)*
        i. 5227 out of 5590 (94%) at or below 15ppb (363 tests above)
        ii. <5 ppb: 4594 (82%)
        iii. 5-15 ppb: 633 (11%)
        iv. > 15 ppb: 363 (6%)

v. > 150 ppb: 48 (0.9%) – DEQ was tasked with getting better information on this as to how many are residences, what steps have been taken with them, how many have been "cleared," and how many are new. They will be working on it first thing tomorrow. Based on sheets I was provided this evening, since the report on Friday:
    1. Saturday there were 4 additional results >150 ppb
    2. Sunday there were 5 additional results >150 ppb
    3. Monday there were 6 additional results >150 ppb

vi. > 30 ppb: 199 (4%)
*Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Coordination of rapid response deliveries to homebound residents and special locations.
- Finalized rapid response delivery plan with ARC, Team Rubicon, Michigan Community Service Commission and SEOC.
- IC/Genesee County EMC attended county commission meeting, briefed commission on response efforts, and addressed questions and concerns.
- Addressing public concerns, including rumors of availability of FEMA relocation assistance.
- Coordinating with charter schools outside the city of Flint/Flint water system for supply of water resources to students that are Flint residents.
- Attended conference call with Dow Chemical to discuss potential donation of filter systems. Will provide spec sheets to SEOC Logistics.

- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- **10 American Red Cross Teams scheduled for Monday, February 1, 2016**
- **City Sections Scheduled Tomorrow*:** Franchise Customers, Additional to be determined.

*City sections subject to change based on available data updates. Teams will reach out for additional assignments if entire city section is completed during the operational period.

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- Information reported to the JIC:
  - As of 1/31/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 1/31/2016
30,770	37,844	9,577	551*

*Due to an issue with the iPads in the field not all numbers were captured for today's outreach. The additional residences will be entered tonight by ARC and will be included in the data for tomorrow, per Recovery Branch.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	234,490
b. Filters	100,593
c. Filter cartridges	204,736
d. Test kits	32,093

3. Resources purchased:
   a. Cases of water 2,637,324 Liters (additional 996,080 Liters donated)
   b. Filters 165,048
   c. Filter Cartridges 383,282
   d. Test kits 62,701
4. Teams going out tomorrow:
   a. 10 American Red Cross Teams scheduled for Monday, February 1, 2016.

New Standing Information Requirements

1. **Number of homes visited each day:**
   a. 1/31/16, as of 5 pm, 551* homes were visited today
      i. *The numbers are low due to an issue with the iPad input, the additional residences will be inputted tonight and included in tomorrow numbers.
2. **Total number of homes visited:**
   a. Targeted Canvassing Mission: 9,577
3. **Total number of National Guard on the ground:**
   a. 53
4. **Total Number of Volunteers each day:**
   a. 236 volunteers on 1/31/2016, per ARC.
5. **Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,831	28,081
Active residential water subscribers	26,673	22,334

6. **Number of Water filters distributed (each day and to date):**

a. 624 (299 FWRT + 325 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and total distributed to date is 100,593.

7. **Cases of Bottle water distributed (each day and to date):**
   a. 7,302 (426 FWRT +6876 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 234,490.
8. **Number of testing kits distributed (each day and to date):**
   a. 581 (251 FWRT +330 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 32,093.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
   a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
      *This data will not be updated again until Tuesday.
10. ***Number of people with elevated blood level (kids, adults, total):***
    a. Per CHECC: These numbers are only updated bi-weekly
       i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
       ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
       iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22
    *This data will not be updated again until Tuesday
11. **Number of homes with safe drinking water:**
    a. 5,020 water samples out of 5,356 sampled through **January 31, 2016** are at or below the action level of 15 ppb for lead. Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Addressing various public concerns, including concerns regarding filter efficiency.
- Establishing procedures for receiving incoming donations of loose water at overflow locations.
- Established rapid response delivery plan with ARC and Team Rubicon.
- *Coordinated rapid response deliveries to homebound residents and special locations.*
- Coordinated with VRC for door-to-door distribution of recycling information and supplies.
- Genesee County Board of Commissioners meeting scheduled for 02/01/2016.

Subject: 2-1-1 Update Flint Water Response for Wednesday, February 3, 2016

This is the daily 2-1-1 summary on the Flint Water Response for Wednesday, February 3, 2016

GENERAL INFORMATION:

- **Gov. Snyder introduced a bill today seeking $30 million** to provide a credit to Flint water customers back to the April 2014 switch to the Flint River. The credit/reimbursement would apply to the estimated 65% of the water bill for personal use and drinking.
- **Gov. Snyder held a second Tele-Town Hall** with Flint residents today from 6:30 pm – 7:15 pm. The governor's office provided advance notice to 2-1-1 to ensure additional staff were available to respond to calls. Michigan 2-1-1 monitored the call to identify key concerns and to note responses in order to ensure consistent information sharing with the public. Questions addressed:
    - Importance of getting water tested
    - Use of untested filtered water for different activities
        - OK: bathing, washing clothes and dishes
        - NOT OK: Drinking, cooking, washing fruits and vegetables
    - Reimbursement for past and current water bills
        - Referenced proposal to legislature for $30 million to reimburse/credit residents for water bills back to April 2014
        - For now need to pay bills until legislature appropriates funding and a process is in place to reimburse customers
    - Residents with additional questions can call 517-335-7858 or go to website michigan.gov/Snyder to use form to submit questions.

- **Congress held hearings today** on the Flint Water situation. Searchable video and partial transcripts are available at http://www.c-span.org/video/?404078-1/hearing-contaminated-drinking-water-flint-michigan&live

- The Detroit Free Press reported a young man in Holland, MI has developed a mobile app to help Flint residents find water resources. http://www.freep.com/story/news/local/michigan/flint-water-crisis/2016/02/02/iphone-app-helps-flint-residents-find-clean-water/79711664/
    - 2-1-1 has been contacted by a local public radio station to partner on developing a Flint water information mobile app. **Is anyone receiving this update aware of other efforts to develop mobile apps to assist with the Flint response? If so, please respond to tpage@uwmich.org to promote coordination and avoid duplication of effort.**

CORRECTIONS AND CLARIFICATIONS

From 2/2/16: The Environmental Protection Agency (EPA) contact information in yesterday's update was missing a digit.

EPA Safe Drinking Water Hotline: 800-426-4791

EPA Flint Email: flintwater@epa.gov

This number and email can answer questions about drinking water safety and will refer residents to the free testing kits being distributed in Flint.

The EPA Water Hotline provided an additional resource that has been added to the 2-1-1 Resource Database:

EPA National Lead Hotline: 1-800-424-LEAD (5989)

The lead hotline can answer specific questions about the effects of lead and lead poisoning. It is not an appropriate referral for basic water questions.

CALL VOLUME:

As seasonal demand for tax prep and utility assistance begin to decline, overall call volume is becoming more manageable again.

Following up on yesterday's analysis of Flint Water calls to 2-1-1 from January 9 - 31, 2016, today's update provides additional information related to 2-1-1's overall performance during this period.

Flint Water Calls to 2-1-1: Jan. 9 – 31, 2016

		Service Requests			
	Calls received	*Referrals Made*	Unmet needs**	*Information only*	Total Requests
Flint Water	6,634	7,771	863	928	9,562
Flint Daily Average	286/day	338/day	38/day	40/day	416/day
Flint % of all 2-1-1 calls	22.3%	21.9%	25.6%	22.2%	22.6%

- 83% of Flint water callers used the special prompt "If you are calling about Flint Water Press 5" set up to prioritize these callers for a rapid response.
- 2,304 used the "call-back" feature to keep their place in line without having to wait on hold.
- **Average wait-time** was 4 minutes 46 seconds.
    - This was during a period call volume to 2-1-1 peaked at more than 3 times normal. For comparison, callers for other 2-1-1 services such as tax prep assistance had an average wait-time up to 25 minutes.
- **Average Talk Time** was 3 minutes 18 seconds
    - Call length varied significantly with some lasting up to 30 minutes when callers presented with complex needs and emotional distress.

SPECIAL NEEDS/REQUESTS

- **Vendor Contact Established:** Vendors interested in selling goods or services to the state to aid in the Flint water crises can use the link at www.helpforflint.com to fill out with their information.
- **Skin Condition Plan announced** by State to investigate reports of rashes. Details are available in media release at http://www.michigan.gov/flintwater/0,6092,7-345--375520--,00.html.
    - **2-1-1 is ready and able to help investigators connect with members of the public experiencing rashes and other skin conditions. Many of the callers are past the stage of checking with their primary care provider and are seeing a dermatologist.**
    - **Is there a referral to DHHS or CDC investigators that 2-1-1 can provide to these callers?**
    - *Underscoring the urgency of this need, 2-1-1 was contacted today by a caller expressing suicidal thoughts in part due to feeling disfigured from the skin condition they attribute to bathing in Flint water. 2-1-1 initiated crisis intervention protocols and maintained contact with the caller until they were stabilized and in a safe location. A follow up contact is scheduled for the morning.*

RUMOR CONTROL

- No new rumors to reports
    - 2-1-1 continues to receive calls reporting a variety of rumors -- agents are providing the most accurate and up-to-date information available to answer questions and reassure callers.

UNRESOLVED

- ☐ **From 1/18/16:** Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue.
- ☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?
- ☐ **From 1/20/16:** Michigan 2-1-1 heard an anecdotal report today that real estate agents are reluctant to close sales in Flint *because they cannot verify the any properties are free from lead contamination.* **Is there are state agency or partner who can give real estate agency and home inspectors information on their potential liability.**
- ☐ **From 1/25/26:** Organizations distributing bottles to collect water samples report running out of bottles. **Is there a contact for individuals and organizations to get additional testing sample bottles?**
- ☐ **From 1/26/26:** Callers are asking about the efficacy of various water filters and whole-home filtration system to screen out lead. **Is there an state- or independently-vetted list of effective filters available for residents to reference.**
- ☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through Good360 or another supplier? UPDATE:** The Michigan 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.
- ☐ **From 1/26/26:** Callers are asking about the availability of whole-home filtration systems. **Is there any guidance on whether this is being considered as an option for residents?**
- ☐ **From 2/1/16:** 2-1-1 received a related rumor that due to the class-action lawsuits filed against the state, MDEQ will no longer be able to process lead tests for Flint residents. **Can SEOC investigate this rumor and determine whether or not it is true?**
- ☐ **From 2/1/16:** A few callers are expressing concerns about the reliability of MDEQ test results and are asking how to get independent lab testing for free or low cost

Budget recommendation will include $30 million request for Flint water bill repayments

"I agree with Flint residents, that they should not have to pay for water they cannot drink.

My budget recommendation will include the request for the state to make payments to the city's water system for residential bills going back to April 2014."

— Rick Snyder

www.mi.gov/FlintWater | www.HelpForFlint.com

When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly

65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.

LEARN MORE

We spoke with Staff Sgt. Thomas Vega about the critical resources they're providing to Flint families every day. He also encouraged residents to pick up and return their water testing kits to Flint fire stations. Test results will be posted online at www.mi.gov/flintwater. **Click here to watch the video.**

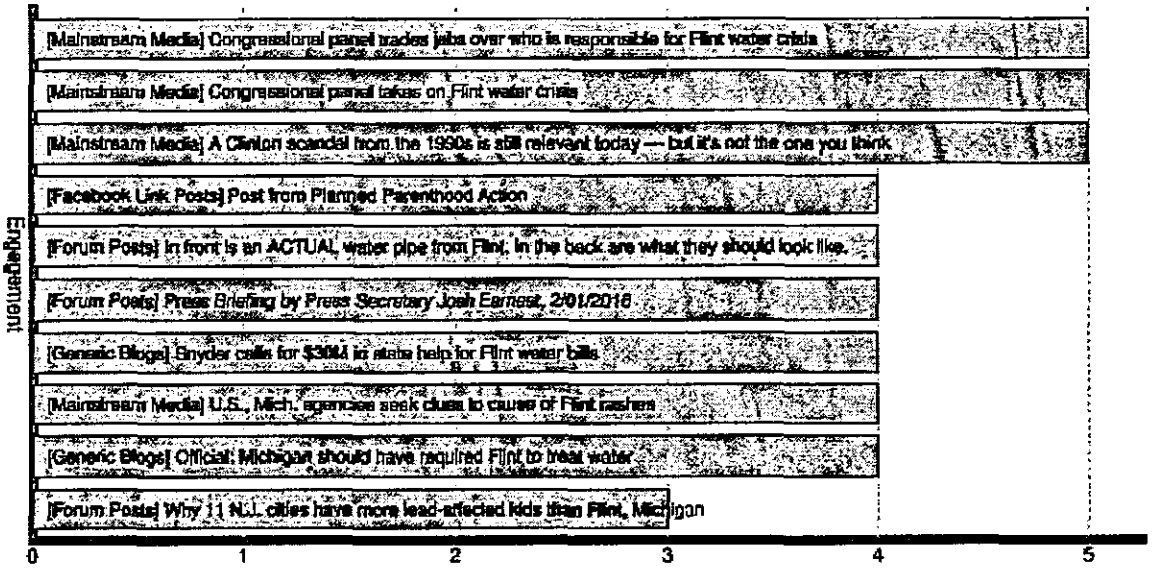
Daily Social Summary: Top Stories Flint Water from Radian6

This is an automatically generated daily report utilizing Radian6 showing two items: (1) Top 10 trending social and online news stories for the day and (2) social media content and news stories manually flagged by the JIC social media admin.

Contact Chad Wiebesick, Director of Social Median and Interactive Marketing at MEDC, wiebesickc@michigan.org if there are any questions.

Daily Top 10 Trending Stories

This is a collection of the Top 10 stories published online and/or shared on social media. The Radian6 tool monitors both the social web (Facebook, Twitter, blogs, forums, etc.) and also online mainstream news outlets (e.g. NewYorkTimes.com, WSJ.com, MLive.com etc).



Flagged Social Content and News Stories

This is a collection of social content, online trending stories, online videos and other items across the social web flagged by the JIC social media manager. These items were flagged because they were deemed significant or were noteworthy in some fashion. Keep in mind there are more than 1,000 tweets per hour around the Flint water emergency.

Plan Advanced by State to Monitor Skin Conditions in Flint

FOR IMMEDIATE RELEASE
February 3, 2016
Release #: 28

FLINT, Mich. – Health officials in Michigan are moving forward on the investigation of rashes possibly associated with Flint water.

The Michigan Department of Health and Human Services (MDHHS) is developing a plan to better understand rashes that are being reported by members of the public. In recent weeks, MDHHS and the United Way 211 Information Line have received some calls with questions or concerns about rashes possibly associated with Flint water. While rashes are very common in the general population and there are numerous known causes, an important public health function involves being able to identify and rapidly respond to new causes of illness as they emerge.

MDHHS has been actively monitoring trends in rash illnesses to emergency departments in Genesee County and has not seen evidence of increases compared with prior years. However, in an effort to proactively respond to reported rashes, MDHHS is developing a plan to conduct structured interviews with members of the public who report current rashes that may be related to exposure to Flint water in their homes. The Centers for Disease Control and Prevention, Agency for Toxic Substances and Disease Registry (CDC/ATSDR), and the Environmental Protection Agency (EPA) are providing technical assistance to MDHHS in this effort.

"Flint residents are understandably worried about the effects of skin exposure to water in their homes, and it's absolutely necessary we follow up directly on their concerns," said Dr. Eden Wells, chief medical executive with the MDHHS. "While the science currently tells us children and adults can bathe in the water, we are committed to identifying any potential health risks so we can provide information to and protect families in Flint."

MDHHS will begin asking health care providers to report cases of current rash possibly associated with Flint water exposure. These individuals will be contacted and interviewed by MDHHS personnel, and investigations will also involve testing home water samples of those with active rashes. This testing will be different from other routine water sampling and testing being conducted by the Michigan Department of Environmental Quality or the EPA throughout Flint as it will focus on testing for concentrations of metals and other water quality factors that may be associated with the reported rashes.

While finalizing plans and materials for this investigation, MDHHS is already actively responding to these rash reports. Last week, Flint residents who recently reported rashes were interviewed at their homes by a team

from MDHHS and water samples were collected for analysis. While it is too early in the investigation to draw any conclusions about how many people might be experiencing rashes or what might be causing them, MDHHS is responding with urgency to these reported health complaints with assistance from federal partners.

Members of the public who have concerns about rashes are encouraged to visit their primary care physician. Information reported by health care providers is an important part of creating a better understanding of the characteristics of these rashes. Individuals with questions may also call United Way 211 to be connected with health information specialists to answer their specific concerns.

For additional information related to the response in Flint, visit www.michigan.gov/flintwater.

FLINT WATER RESPONSE TEAM

UPDATE | WEDNESDAY, FEBRUARY 3, 2016

This daily update is being issued in order to provide the latest information regarding actions and available resources.

Governor Snyder proposes $30 million for Flint water bill repayments

"I agree with Flint residents, that they should not have to pay for water they cannot drink.

My budget recommendation will include the request for the state to make payments to the city's water system for residential bills going back to April 2014."

www.mi.gov/FlintWater | www.HelpForFlint.com

When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

The credit would be applied to consumption usage (roughly 65 percent) of a resident's water portion of the bill.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the $30 million budget recommendation.

Flint families need critical clean water resources. Since January 9, the state has distributed:

- 244,933 cases of bottled water

- 101,911 water filters
- 205,820 replacement cartridges
- 33,561 water testing kits

REMINDERS

- For Flint water assistance: Dial United Way 211 or visit www.mi.gov/FlintWater
- To donate or volunteer: visit www.HelpForFlint.com
- Residents should install filters to their taps to ensure they have immediate and ongoing access to safe water. Only run cold water through the water filter and use filtered water for drinking and cooking. Monitor the cartridge on the filter and replace as needed.

WATER RESOURCE LOCATIONS
These sites are open seven days a week from 9 a.m. to 9 p.m. with the following resources:

- Bottled water
- Water filters
- Replacement cartridges for water filters
- Water testing kits pick-up
- Drop-off location for water testing kits

Gov. Rick Snyder: Budget recommendation will include $30 million request for Flint water bill repayments

Consumption and Consumer Use Credit would provide relief to residents, funding is on top of $37.3 million in relief already allocated this fiscal year

LANSING, Mich. – As part of his upcoming budget proposal, Gov. Rick Snyder will ask the Legislature to approve a $30 million water consumption credit plan for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

The governor's proposal is part of the 2016-2017 Fiscal Year budget he will present to lawmakers next week, and calls for a new Consumption and Consumer Use Credit the city of Flint could apply to residents' water bills until state, federal, and independent water quality officials certify the water is safe for consumption.

"I agree with Flint residents, that they should not have to pay for water they cannot drink," Snyder said. "My budget recommendation will include the request for the state to make payments to the

city's water system for residential bills going back to April 2014."

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly 65 percent) of a resident's water portion of the bill. Residents still would be responsible for paying the sewer portion of their water bills.

The $30 million recommendation is part of the governor's formal budget request to the Legislature. The credit would not take effect until the budget goes through the full state budget process, including vetting and approval by House and Senate committees as well as a vote of both chambers. Bill credits for residents going back to April 2014 is part of the governor's longer-term approach to the crisis and if enacted will help ensure the fiscal stability and structural integrity of the city's water system.

"As an American who sympathizes with the plight of Flint residents, it's hard to find moral justification in having them pay for water that is not suitable for consumption or until recently, bathing," said Marc Edwards, Charles P. Lunsford Professor of Environmental and Water Resources Engineering at Virginia Tech University. "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Last Friday, Snyder signed supplemental spending for Flint in the amount of $28 million that will:

- Supply free bottled water, faucet filters, and testing kits for Flint residents;
- Put nine nurses in local schools to monitor student health and well-being;
- Provide better nutrition for students and infants through WIC and in-school nutrition programs;
- Replace fixtures in schools, daycares, nursing homes and hospitals;
- Provide for an infrastructure study using independent experts;
- Treat any children who have high lead levels in the blood, using diagnostic testing, nurse visits and environmental assessments in the home;
- Provide additional community education opportunities within the Genesee County Health Department;
- Compensate the Michigan National Guard's work to support water distribution;
- Assist with home lead abatement costs;
- Help the City of Flint with utility issues;
- Provide operational funding for the Flint Interagency Advisory Committee.

The $28 million emergency supplemental funding signed last week is in addition to $9.3 million in October 2015 to move back to Detroit's water system, test drinking water and provide wraparound services for children.

The governor will formally present his Fiscal Year 2016-2017 budget recommendation on Feb. 10 in Lansing.

GOV's ACTIVITIES
Flint water bill relief
Snyder wants $30 million for Flint water bills (FOX 47)
Flint residents want the murky, lead-contaminated drinking water gone, and the bills too.

Michigan Governor Rick Snyder plans $30 M credit for Flint water customers (AP)
Michigan Gov. Rick Snyder will propose $30 million in state funding to help pay the water bills of Flint residents facing an emergency over the city's lead-contaminated water supply.

Governor proposes $30M to pay Flint water bills (WSJM)
Governor Rick Snyder is proposing $30 million in state funding to help pay the water bills of Flint residents facing an emergency over the city's lead-contaminated water supply.

Governor seeking $30 million to reimburse Flint residents for water bills (WDIV)
Gov. Rick Snyder is asking the Legislature to approve $30 million in funds that would go to Flint to reimburse residents for the money they've spent on water that was improperly treated and in some cases has tested astronomically high for lead.

Snyder plans $30M credit for Flint water customers (Michigan Radio)
Michigan Governor Rick Snyder will propose $30 million in state funding to help pay the water bills of Flint residents facing an emergency over the city's lead-contaminated water supply.

Snyder seeking $30M to reimburse Flint water customers (Detroit Free Press)
Gov. Rick Snyder plans to announce Wednesday he will ask the state legislature to approve a $30-million water payment relief plan for Flint residents to keep their water service on and reimburse them for water they cannot drink because of a lead-contaminated water supply, according to a document reviewed by the Detroit Free Press.

Snyder proposing $30M to help pay Flint residents' water bills (MLive)
Gov. Rick Snyder is proposing $30 million in state funding to help pay residents' water bills in Flint water crisis.

DPS Emergency Manager
State Manager for Detroit Schools Leaving Job Months Early (AP)

Criticized on two fronts for his role in Flint's lead-tainted water crisis and his handling of teacher sick-outs and building conditions in Detroit's troubled public schools, Darnell Earley has decided to step down from his job as the state-appointed emergency manager for Michigan's largest school district before the end of his 18-month term.

Gov. Rick Snyder says emergency manager Darnell Earley to leave troubled Detroit schools early (AP)
Gov. Rick Snyder says emergency manager Darnell Earley to leave troubled Detroit schools early.

DPS emergency manager Darnell Earley to step down (Detroit Free Press)
Embattled Detroit Public Schools emergency manager Darnell Earley, who has faced increased criticism for his management of the district and his role in the Flint water crisis, is leaving his job Feb. 29. Gov. Rick Snyder will appoint a transition leader by the end of the month.

CEO to take over academics of four East Detroit schools (Detroit Free Press)
The state will appoint a chief executive officer to oversee four chronically low-performing schools in East Detroit Public Schools.

Ex-Flint manager Earley shrugs off U.S. House subpoena (Detroit Free Press)
Sources told the Free Press on Tuesday night that a congressional committee voted to subpoena former Flint emergency manager Darnell Earley to testify on the city's water crisis but that he has refused service.

New DPS manager needs Detroit's trust (Detroit News)
The calls for the resignation of the Detroit Public Schools emergency manager escalated to a fever pitch in recent weeks. And Darnell Earley got the message, letting the governor know Tuesday he'll step down at the end of the month. It was the right decision.

DPS Emergency Manager Darnell Earley out at end of month (Fox 2)
Detroit Public Schools Emergency Manager Darnell Earley has informed Gov. Snyder he is planning to leave his position at the end of the month, Gov. Snyder's office confirmed in a news release. You can read Earley's letter in full below. Earley is also the former Emergency Manager of the city of Flint, which is now under national scrutiny over its contaminated water system. While Earley was Flint's emergency manager, the city switched from Detroit's water system back to Flint's to cut costs. High lead levels have since been detected in Flint resident's tap water.

Detroit Public Schools EM Darnell Earley resigns from position (WDIV)
Detroit Public Schools (DPS) Emergency Manager and former Flint city emergency manager Darnell Earley will resign from his position at DPS this month. Earley will resign on Feb. 29, according to Gov. Rick Snyder's office.

Darnell Earley has resigned as DPS emergency manager (ABC 7 WXYZ)
Sources tell 7 Action News that Darnell Earley has resigned as emergency manager of Detroit Public Schools. The resignation will be effective February 29, according to a statement from the governor's office. "Darnell has done a very good job under some very difficult circumstances.

Flint's Former Manager Resigns as Head of Detroit Schools (New York Times)
The state-appointed emergency manager of the Detroit Public Schools, who had also managed the city of Flint and oversaw its decision to draw its water from the Flint River, resigned on Tuesday, the day before a congressional committee hearing in Washington on Flint's water.

Detroit school system's manager to step down this month (Reuters)
Detroit Public Schools' emergency manager Darnell Earley is stepping down later this month, Michigan Governor Rick Snyder said on Tuesday. Earley, who has drawn criticism from the teachers union and black state lawmakers for the crumbling state of the city's schools, will leave the school district on Feb. 29, the governor said in a statement.

Controversial Emergency Manager Of Detroit's Public Schools Resigns (NPR)

A Michigan emergency manager tied to two major controversies has resigned from his current post running Detroit's public school district. Darnell Earley has faced escalating criticism over poor conditions in Detroit schools. Before that, he ran the troubled city of Flint. As Michigan Radio's Rick Pluta reports:

Earley To Be Out The Door Early As Emergency Manager of Detroit Public Schools (Daily Detroit)
The Emergency Manger of the Detroit Public Schools and former Emergency Manger of the city of Flint, Darnell Earley, will be leaving office on February 29, 2016, says the Governor's office. His term was to end in June. This does not mean the end of emergency management for the district. Governor Rick Snyder will announce his appointment of someone to lead DPS by the end of the month.

Darnell Earley, current DPS EM, ex-Flint EM, to step down (Michigan Radio)
The controversial emergency manager of the Detroit Public Schools will step down at the end of this month, Gov. Snyder's office announced Tuesday. Snyder faced growing pressure to get rid of Darnell Earley.

Detroit Schools' Emergency Manager to Step Down (Wall Street Journal)
Embattled Detroit Public Schools emergency manager Darnell Earley will step down from his post at the end of the month, departing from the cash-strapped school district after just over a year and leaving the system's next steps in the hands of another state appointee.

Detroit Schools Emergency Manager Darnell Earley Will Step Aside Early (Deadline Detroit)
"Darnell Earley was a complete disaster as the Emergency Manager of Detroit Public Schools and the City of Flint," says Ron Bieber, President of the Michigan AFL-CIO, in a statement. "But let's be clear, Rick Snyder is the one who's ultimately responsible for Earley's failures in Flint and Detroit.

The Detroit schools emergency manager resigns after a month of 'sick-outs' and stomach-turning images of decay (Business Insider)
Detroit Public Schools (DPS) emergency manager Darnell Earley announced he will step down at the end of February, The Detroit Free Press reported.

Detroit Public Schools Emergency Manager Darnell Earley announced Tuesday he will step down at the end of this month.

SRO Announcement
4 East Detroit schools to get CEO to boost academics (The Detroit News)
Thirty Michigan schools, including 12 Detroit Public Schools, will be removed from the state's list of the lowest performing schools, Gov. Rick Snyder announced Tuesday.

30 Michigan schools no longer among state's lowest performers (MLive)
Thirty Michigan schools will be removed from the state's list of lowest performing schools after making academic strides, Gov. Rick Snyder's office announced Tuesday.

Three downriver schools remain on state's Priority Schools list (The News Herald)
Three Downriver schools remain on the state's Priority Schools list after Gov. Rick Snyder's office announced today that 30 schools were being removed due to significant improvement in education

FOIA
Amid the Flint water crisis, journalists are calling for changes to Michigan's FOIA law (Poynter)
When Michigan Gov. Rick Snyder released emails related to the ongoing water crisis in the city of Flint earlier this month, he was under no obligation to do so. Michigan is one of only two states in the country (Massachusetts is the other) where the state's Freedom of Information Act excludes the governor's office from public records searches. Missing from Gov. Snyder's voluntary 274-page disclosure were emails from before 2014, when the governor-appointed emergency manager in charge of Flint made the decision to switch the city's water source from Detroit public water to the Flint River, a poorly-managed transition which resulted in the lead poisoning of thousands of Flint residents.

The Struggle for Accountability in Flint (Boston Review)
What is unfolding in Flint, Michigan, is not just a public health crisis. Faith in the public sector, too, is at risk of being irreparably shaken. Lead-contaminated water has flowed since the spring of 2014 into this city of roughly 100,000 people, despite residents' repeated complaints. Several investigations and class-action lawsuits are underway, highlighting the contempt in which the people of Flint were held by the very state officials tasked with protecting their safety. Governor Rick Snyder has apologized and promised support not just to fix Flint's corroded pipes, but also to expand special education and mental health services.

Flint Water
Neither party wants Rick Snyder to resign over Flint (Michigan Radio)
If you've turned on any TV news channel today, my guess is that you saw experts talking about the meaning of the Iowa caucuses. I watched more of that than I intended to, and discovered that the single best assessment did not come from one of the glamorous talking heads, but from a former congressman who is going to be 90 years old this summer.

Governor Snyder signs $28M in aid for Flint (Leader Call)
The state has come under fire for its handling of the Flint water crisis up until now, with some demanding Snyder's resignation. Rick Snyder doesn't want you to know which corporations are paying to salvage his reputation in the wake of the lead poisoning of Flint's children under his watch.

Gov. Rick Snyder taking 'baby steps' on Flint water crisis, Michigan senator accuses (Mlive)
Senate Minority Leader Jim Ananich sent a letter to Gov. Rick Snyder over the weekend asking for the thing he says Flint residents need right now: swift action to address the Flint water crisis. "I'm tired of spin. I'm tired of meetings saying they're going to do things," Ananich said at a press conference Tuesday morning.

Fieger lawsuit targets Flint hospital and Snyder administration on behalf of Legionnaires' patients (ABC 7 WXYZ)
Attorney Geoffrey Fieger has filed a $100 million lawsuit on behalf of four Genesee County residents who contracted Legionnaires' disease at McLaren Hospital during the Flint water crisis. According to the lawsuit, one of those residents, 58-year-old Debra Kidd, died from Legionella pneumonia on August 2, 2015.

Fieger Files 100 Million Dollar Lawsuit Against Snyder Administration And McLaren Hospital For Legionella Outbreak And Flint Water Crisis (PR Newswire)
Attorney Geoffrey Fieger announced today he has filed a one hundred million dollar lawsuit on behalf of four Genesee County residents who contracted Legionnaires' disease while being treated at McLaren Flint Hospital during the Flint

water crisis. One of the residents was 58 year old Debra Kidd, who died from Legionella pneumonia on August 2, 2015, just seven days after she presented to the McLaren Flint ER with a headache.

Snyder plan to fight Great Lakes algae draws criticism (The Detroit News)
Michigan Gov. Rick Snyder's plan for helping reduce the spread of algal blooms in the Great Lakes fails to go far enough, according to several conservation groups. In November, state officials rolled out their plan for reducing the amount of phosphorus that reaches the lakes and helps generate the green blooms that foul beaches and interfere with boating. Algae has become particularly problematic in Lake Erie, where it contaminated Toledo's water supply in 2014.

Gov. Rick Snyder: Budget recommendation will include $30 million request for Flint water bill repayments

Consumption and Consumer Use Credit would provide relief to residents, funding is on top of $37.3 million in relief already allocated this fiscal year

LANSING, Mich. – As part of his upcoming budget proposal, Gov. Rick Snyder will ask the Legislature to approve a $30 million water consumption credit plan for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

The governor's proposal is part of the 2016-2017 Fiscal Year budget he will present to lawmakers next week, and calls for a new Consumption and Consumer Use Credit the city of Flint could apply to residents' water bills until state, federal, and independent water quality officials certify the water is safe for consumption.

"I agree with Flint residents, that they should not have to pay for water they cannot drink," Snyder said. "My budget recommendation will include the request for the state to make payments to the city's water system for residential bills going back to April 2014."

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly 65 percent) of a resident's water portion of the bill. Residents still would be responsible for paying the sewer portion of their water bills.

The $30 million recommendation is part of the governor's formal budget request to the Legislature. The credit would not take effect until the budget goes through the full state budget process, including vetting and approval by House and Senate committees as well as a vote of both chambers. Bill credits for residents going back to April 2014 is part of the governor's longer-term approach to the crisis and if enacted will help ensure the fiscal stability and structural integrity of the city's water system.

"As an American who sympathizes with the plight of Flint residents, it's hard to find moral justification in having them pay for water that is not suitable for consumption or until recently, bathing," said Marc Edwards, Charles P. Lunsford Professor of Environmental and Water Resources Engineering at Virginia Tech University. "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Last Friday, Snyder signed supplemental spending for Flint in the amount of $28 million that will:

- Supply free bottled water, faucet filters, and testing kits for Flint residents;
- Put nine nurses in local schools to monitor student health and well-being;
- Provide better nutrition for students and infants through WIC and in-school nutrition programs;
- Replace fixtures in schools, daycares, nursing homes and hospitals;
- Provide for an infrastructure study using independent experts;
- Treat any children who have high lead levels in the blood, using diagnostic testing, nurse visits and environmental assessments in the home;
- Provide additional community education opportunities within the Genesee County Health Department;
- Compensate the Michigan National Guard's work to support water distribution;
- Assist with home lead abatement costs;
- Help the City of Flint with utility issues;
- Provide operational funding for the Flint Interagency Advisory Committee.

The $28 million emergency supplemental funding signed last week is in addition to $9.3 million in October 2015 to move back to Detroit's water system, test drinking water and provide wraparound services for children.

The governor will formally present his Fiscal Year 2016-2017 budget recommendation on Feb. 10 in Lansing.

Subject: Provider Section - Web

Importance: High

Good morning everyone,

Just circling back around on the PCC document as I'm not sure where this was left. There are a number of documents on the website related to provider specific information. I'd like to request getting this section set up on the website today.

Thoughts about posting the document? It's not currently posted online elsewhere. If we don't want it posted to the Flint Water website directly, we could post to the MDHHS website and link from there. It will still open up as a PDF though so I'm not sure that helps.

Thoughts?

With George Krisztian's blessing, we are going to start posting these in the morning so we don't have to bring in an admin after hours.

Ron Leix will post them tomorrow and Thursday morning. Susan, I may have him call you to make sure he's posting in the appropriate place on the web site.

Regards,
Meegan

Subject: RE: Full List of Residential Results for February 2, 2016
Importance: High

This note is for Tuesday February 2, 2016

Please find attached the full list of residential results through the date listed above (4 attachments). Please note that this version includes concentrations in ppb and the street number is separated from street name to make it easier to find the address. Also, there are pdfs of the two worksheets for people who don't have Microsoft office. All have been prepped for the web minus the naming convention that is usually used. I will follow this format going forward. If I fail to do that then please let me know:

1. For the web page http://www.michigan.gov/flintwater/0,6092,7-345-75251_75373---,00.html , found under the accordion lower left "Keeping lead out: Water Test Results and Reports"/ "Keeping lead out of the home: Tips and Residential Water Test Results", the following are to be added (3 attachments):

Asset # 512083 – February 2 2016 Test Results Flint.xlsx Asset# 512511 – February 2 2016 Test Results Flint_Sorted By Address.pdf Asset# 512510 – February 2 2016 Test Results Flint_Sorted by Lead Concentration.pdf

2. For the same accordion underneath the DEQ reports to EPA, The Test Results Flint DEQ Reports to the EPA Asset needs updating:

Asset# 512663 - February 2 2016 Test Results Flint_DEQ Reports to the EPA.xlsx

Please note that the results are for all samples reported out through today February 2, 2016 in all documents. In addition, the workbooks (XLSX) contains two tabs: One has the data sorted by Lead concentration and the other is sorted by address.

Posting this data in a timely manner is of the essence so that we can comply with the order issued by EPA.

Please post this to the website ASAP and make sure that all are posted so that people can look at the version that they are interested in.

Thank you!!!

Susan

Stocking up on bottled water in Flint, Mich. Sarah Rice for The New York Times

Your Wednesday Briefing

By ADEEL HASSAN

Good morning.

Here's what you need to know:

• President Obama visits a mosque.

President Obama will for the first time in his presidency visit a mosque on American soil.

He's attending a discussion today at a Baltimore Islamic center where he is expected to issue a rebuke of anti-Muslim rhetoric by Republican presidential candidates, administration officials say.

• Iowa in the rearview mirror.

Conservative leaders and rival candidates for the Republican presidential nomination are aggressively taking on Donald J. Trump in New Hampshire after his defeat in the Iowa caucuses.

Hillary Clinton and Bernie Sanders meet voters in a town hall-style meeting (8 p.m. Eastern, CNN).

No candidate in either party will have an easy time capturing consecutive wins in the next two contests. Here are the leading Republicans' paths to victory.

• Inquiries into lead-tainted water.

The F.B.I. is investigating the origin of the water crisis in Flint, Mich., to determine whether federal laws were broken.

The city's mayor is calling for the immediate removal of lead pipes from homes where pregnant women or young children live. And a congressional committee will hold a hearing today on Flint's water.

• Attacks in Afghanistan.

The Afghan Air Force says that strikes against the local affiliate of the Islamic State have killed dozens of militants. Additionally, the U.S. is increasing its attacks against ISIS targets in the country.

And a child soldier, who was declared a hero last year for leading a militia's defense against a Taliban siege, has been killed by that militant group.

• **Bill Cosby's pretrial hearing.**

An ex-prosecutor who declined 10 years ago to bring sex-crime charges against Mr. Cosby testified that the decision was intended to close the case forever.

Now a judge must rule on whether Mr. Cosby's deposition in the case is inadmissible. If so, the current district attorney's case could be weakened. If it's allowed, the case will most likely proceed to a preliminary hearing and ultimately a trial.

• **Investigations of sexual assault.**

The resignation of a prominent molecular biologist at the University of Chicago comes amid calls for universities to be more transparent about sexual harassment in their science departments, where women account for only one-quarter of senior faculty jobs.

And U.S. authorities have arrested a seminary student that they say was attempting to find a baby, either through adoption or cash purchase, to sexually assault.

BUSINESS

• **General Motors,** the nation's biggest automaker, announces its fourth-quarter and 2015 full-year financial results today.

The company is expected to report an increase in profits.

• **Europe's** national privacy agencies are to announce today their recommendations over how people's digital information can be sent outside the European Union. They'll be closely watched by U.S. tech companies.

• **Uber drivers and others** in the gig economy are uniting to secure what they see as fairer treatment from their employers.

• **Yahoo beat expectations** for quarterly revenue but not earnings and said it would explore selling assets and laying off 15 percent of its work force.

• **U.S. stock markets** tumbled about two percent on Tuesday. Here are snapshots of the U.S. and world markets.

NOTEWORTHY

• **Health roundup.**

Officials in Dallas report that a patient with Zika virus was infected after having sex with someone who had returned from a country where Zika is circulating.

Separately, clinicians and researchers are trying to understand the importance of deathbed dreams to help the ill and the bereaved.

• **New fiction.**

Among the releases this week: Yann Martel ("Life of Pi") has "The High Mountains of Portugal"; and Darryl Pinckney has "Black Deutschland."

Plus, it's the 20th anniversary of David Foster Wallace's opus "Infinite Jest."

• **Don't book that flight yet.**

Our travel columnist shares what you can do to get the lowest fare, and — surprise — it has nothing to do with what day you buy your ticket.

• **What's to watch.**

Richard Dreyfuss plays Bernard L. Madoff in the four-hour mini-series "Madoff," a story about the mastermind behind the country's greatest Ponzi scheme (8:00 Eastern, ABC).

Here's our episode recap of "The People v. O. J. Simpson."

• **Buildup for the Grammys.**

The annual awards ceremony is Feb. 15, but interest is growing because Lady Gaga will pay tribute to David Bowie in a special segment.

• **A race to the sky.**

Competitors will sprint today from the lobby up 1,576 steps to the 86th-floor observation deck in the Empire State Building Run-Up in New York.

• **What's to cook.**

Take a half-hour to steam up some rice and make this recipe for Hunan beef with cumin.

BACK STORY

If you're someone who embraces the chill of winter, then Quebec City's 18-day Winter Carnival, now underway, might seem like a wonderland.

Residents of the former French colony started the tradition in 1894 as a way to enjoy themselves before the austerity of Lent kicked in.

million visitors to the picturesque city on the St. Lawrence River, with attractions like a snow-sculpture contest, an ice-canoe race and a giant ice palace decorated with lights.

In the U.S., Minnesotans led the way on wintertime festivals in 1886. The St. Paul Winter Carnival began that year after a Times reporter called the city "another Siberia, unfit for human habitation in the winter."

China has gotten into the spirit, too, starting the Harbin ice festival in 1985. It has quickly become one of the most famous in the world.

And for those of you who can't stand the cold, Rio de Janeiro's Carnival begins Friday.

Your Morning Briefing is published weekdays at 6 a.m. Eastern and updated on the web all morning.

Subject:	SEOC Update 2/2/16 - Flint Water - Limited Distribution
Attachments:	2015-10-01 City of Flint Water Contamination-Shortage SitRep 28 2016-02-....pdf; Director's SITREP 02_02_16 FINAL.PDF

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/2/16 – 29th Day (28th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue investigating a warehousing option for non-palletized donations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Continue to work on SBA application.
- Obtain additional information from the City of Flint and Genesee County for appeal.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. MDDHS Director's Sit Rep: Reference blood lead testing results.
2. Sit Rep #28

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Wednesday, February 3, 2016
- Apartment complexes will be targeted tomorrow.
- We anticipate providing a cleaner way to view the numbers at a glance starting tomorrow.
- **Work with the Chamber of Commerce and MEDC to get more businesses for the SBA declaration. Found that we only have a gross revenue loss of 24% when it needs to exceed 40%. Will follow up first thing with SBA to double check this. Chamber of Commerce was to provide the top 5 businesses with losses.**

Items to Note

- 10 ARC Flint Water Response Teams to the field today.

- Team Priority Visited Today: Completed Section 8 housing list. 10 remaining franchise customers.
- SEOC Logistics worked with DTMB to secure additional warehouse location for donated water.
- JIC partnered with the Michigan Association of Broadcasters (MAB) to record two PSAs in Spanish. The PSAs were shared with MAB member stations.
- SEOC Finance met with State Budget Office to discuss and develop collaborative cost reporting for all state agencies.
- SEOC Planning finalized Small Business Administration request for economic injury.
- *Information reported to the JIC:*
    - As of 2/2/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 2/2/16*
30,770	37,844	12,406	530

*There were issues with the app in the field on February 2, 2016. Outstanding data will be included tomorrow night.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	255,457
b. Filters	102,498
c. Filter cartridges	206,642
d. Test kits	33,243*

*Adjusted due to test kits were not assembled at POD 1 yesterday and sent back to warehouse. Those kits were included as distributed and should not have been.

3. Resources purchased:
    a. Cases of water 2,715,324 Liters (additional 1,209,675 Liters donated)
    b. Filters 266,312*
    c. Filter Cartridges 584,957*
    d. Test kits 62,701
    *Includes back data, not previously accounted for, from MDHHS purchases on January 12-16, 2016 so there is a jump in the amounts.
4. Teams going out tomorrow:
    a. 10 American Red Cross Teams scheduled for Wednesday, February 3, 2016.

Standing Information Requirements

1. **Number of homes visited each day:**
    a. 2/2/16, as of 5 pm, 530 homes were visited today
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: 12,406
3. **Total number of National Guard on the ground:**
    a. 53
4. **Total Number of Volunteers each day:**
    a. 27 volunteers on 2/2/16, per ARC.
5. ***Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,831	28,277
Active residential water subscribers	26,673	22,491

6. **Number of Water filters distributed (each day and to date):**
    a. 587 (172 FWRT + 415 PODs [1700 2/1 to 1600 2/2]) were distributed since this report yesterday and total distributed to date is 102,498.
7. **Cases of Bottle water distributed (each day and to date):**
    a. *10,524 (444 FWRT +10,080 cases or 120,960 liters PODs [1700 2/1 to 1600 2/2]) were* distributed since this report yesterday and the total distributed to date is 255,457 cases or 3,065,484 Liters.
8. **Number of testing kits distributed (each day and to date):**
    a. 491 (56 FWRT +435 PODs [1700 2/1 to 1600 2/2]) were distributed since this report yesterday and the total distributed to date is 33,243.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. See attached MDHHS Sit Rep, pages 1 and 3 – this is a new format from DHHS but we are working to pull it into an easier format.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. See attached MDHHS Sit Rep, pages 1 and 3 -- this is a new format from DHHS but we are working to pull it into an easier format.
11. **Number of homes with safe drinking water:**
    a. Drinking water (Analyzed 9/3/15 to 2/2/16)
        i. 5516 out of 5906 (93%) at or below 15 ppb (390 tests above)
        ii. <5 ppb: 4853 (82%)
        iii. 5-15 ppb: 663 (11%)
        iv. > 15 ppb: 390 (7%)
        v. >30 ppb: 214 (4%)
        vi. >150 ppb: 50 (0.8%) (DEQ and DHHS are working to get a plan in place to ensure these homes are visited).

    *Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Coordinating distribution of appropriate supplies to Flint water system franchise customers outside the City of Flint.
- *Coordinating with owner of new warehouse site for access to the site, and operations at the facility.*
- Addressing various public concerns, including availability of supplies to residents in apartment complexes.
- Attended meeting with UM-Flint to discuss student volunteer opportunities and potential communications support.
- Attended VOAD meeting to discuss volunteer engagement, volunteer management, and distribution management.
- Coordinating replacement for Team Rubicon after their demobilization for rapid response deliveries.

Subject: SEOC Update 2/1/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/1/16 – 28th Day (27th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Finalize new Incident Action Plan (IAP) for Operational Period 2/2/16 to 2/9/16.
- Sync up with the UCG to ensure lines of communication and operation are clear.
- Ensure adequate quantities of supplies to support operations.
- Continue investigating a warehousing option for non-palletized donations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Continue to work on SBA application – pends status of Declaration of Emergency appeal.
- Obtain additional information from the City of Flint and Genesee County for appeal.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal. IHP is an Individual Assistance program.

Attached:

1. SitRep 27
2. Flint Water Timeline (DRAFT) – This is a running record I keep so I have it for future reference. This is draft but thought some of you may want it at this time.
3. State Agency Weekly Activities – It was mentioned on the morning call to have a weekly activities sheet. I am certain there are other events to be added but this is from the SEOC personnel.
4. Day to Day POD Comparison Data – Internal for EMHSD and FEMA

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Tuesday, February 2, 2016
- Franchise Customers continue to be targeted for visits with additional to be determined.

Items to Note

- The question came up as to the difference between active residential customers and residential parcels. Customers are on the Flint water system according to what the City of Flint provides us. Residential parcels are those not on the system for numerous reasons to include them having a well or just not connected to the system. We are aware some not on the system have gotten filters. I also do not have a lot of faith in the records provided to us by the city water department. We just received an updated franchise list which had more customers.from the city that is different from the one we were given earlier.
- Received approval to obtain a former Kroger store near Statoin 6 POD. This will greatly alleviate donation management issues. Office space is available at this location if needed.
- 10 ARC Flint Water Response Teams to the field today.
- GIS was not able to develop maps with today's data due to issues with the software. They will be providing maps first thing tomorrow.
- Recovery Branch coordinated meeting with Michigan Community Service Commission (MCSC), Local EOC, and ARC regarding volunteer coordination and reporting.
- JIC is working to set up a legislative and congressional briefing call this week.
- Information reported to the JIC:
    - As of 2/1/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	ARC Paper Data* 1/31/16	Targeted Canvassing Mission 2/1/16
30,770	37,844	11,876	1,135	1,164

*Data from last night that was not available.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	244,933
b. Filters	101,911
c. Filter cartridges	205,820
d. Test kits	33,561

3. Resources purchased:
   a. Cases of water 2,637,324 Liters (additional 1,127,171 Liters donated)
   b. Filters 165,048
   c. Filter Cartridges 389,357
   d. Test kits 62,701
4. Teams going out tomorrow:
   a. 10 American Red Cross Teams scheduled for Tuesday, February 2, 2016.

Standing Information Requirements

1. **Number of homes visited each day:**
   a. 1/31/16, ARC Data, 1,135 homes were visited yesterday. Data was not included in yesterday's report.
   b. 2/1/16, as of 5 pm, 1,164 homes were visited today
2. **Total number of homes visited:**
   a. Targeted Canvassing Mission: 11,876
3. **Total number of National Guard on the ground:**
   a. 53
4. **Total Number of Volunteers each day:**
   a. 50 volunteers on 2/1/16, per ARC.
5. ***Number of homes with filters:**

	Total Number	Number with filters*
Residential parcels	38,831	28,167
Active residential water subscribers	26,673	22,400

*Number does not include franchise customers, will be updated tomorrow morning.

6. **Number of Water filters distributed (each day and to date):**
   a. 1,318 (1,001 FWRT + 317 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday *and total distributed to date is* 101,911.
7. **Cases of Bottle water distributed (each day and to date):**
   a. 10,443 (1,218 FWRT +9,225 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and the total distributed to date is 244,933.
8. **Number of testing kits distributed (each day and to date):**
   a. 1,091 (293 FWRT +798 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and the total distributed to date is 33,184.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
   a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
      *this data will not be updated again until Tuesday.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly

i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22

*This data will not be updated again until Tuesday

11. **Number of homes with safe drinking water:**
    a. Drinking water (9/3/15 to 2/1/16)*
        i. 5227 out of 5590 (94%) at or below 15ppb (363 tests above)
        ii. <5 ppb: 4594 (82%)
        iii. 5-15 ppb: 633 (11%)
        iv. > 15 ppb: 363 (6%)
        v. > 150 ppb: 48 (0.9%) – DEQ was tasked with getting better information on this as to how many are residences, what steps have been taken with them, how many have been "cleared," and how many are new. They will be working on it first thing tomorrow. Based on sheets I was provided this evening, since the report on Friday:
            1. Saturday there were 4 additional results >150 ppb
            2. Sunday there were 5 additional results >150 ppb
            3. Monday there were 6 additional results >150 ppb
        vi. > 30 ppb: 199 (4%)

*Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Coordination of rapid response deliveries to homebound residents and special locations.
- Finalized rapid response delivery plan with ARC, Team Rubicon, Michigan Community Service Commission and SEOC.
- IC/Genesee County EMC attended county commission meeting, briefed commission on response efforts, and addressed questions and concerns.
- Addressing public concerns, including rumors of availability of FEMA relocation assistance.
- Coordinating with charter schools outside the city of Flint/Flint water system for supply of water resources to students that are Flint residents.
- Attended conference call with Dow Chemical to discuss potential donation of filter systems. Will provide spec sheets to SEOC Logistics.

Subject: SEOC Update 1/31/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/31/16 – 27th Day (26th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue investigating a warehousing option for non-palletized donations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.

- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Finalize SBA application.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- **10 American Red Cross Teams scheduled for Monday, February 1, 2016**
- **City Sections Scheduled Tomorrow*:** Franchise Customers, Additional to be determined.

*City sections subject to change based on available data updates. Teams will reach out for additional assignments if entire city section is completed during the operational period.

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- Information reported to the JIC:
  - As of 1/31/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 1/31/2016
30,770	37,844	9,577	551*

*Due to an issue with the iPads in the field not all numbers were captured for today's outreach. The additional residences will be entered tonight by ARC and will be included in the data for tomorrow, per Recovery Branch.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	234,490
b. Filters	100,593
c. Filter cartridges	204,736
d. Test kits	32,093

3. Resources purchased:
   a. Cases of water 2,637,324 Liters (additional 996,080 Liters donated)
   b. Filters 165,048
   c. Filter Cartridges 383,282
   d. Test kits 62,701
4. Teams going out tomorrow:
   a. 10 American Red Cross Teams scheduled for Monday, February 1, 2016.

New Standing Information Requirements

1. **Number of homes visited each day:**
   a. 1/31/16, as of 5 pm, 551* homes were visited today
      i. *The numbers are low due to an issue with the iPad input, the additional residences will be inputted tonight and included in tomorrow numbers.
2. **Total number of homes visited:**
   a. Targeted Canvassing Mission: 9,577
3. **Total number of National Guard on the ground:**

a. 53

4. **Total Number of Volunteers each day:**
   a. 236 volunteers on 1/31/2016, per ARC.
5. **Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,831	28,081
Active residential water subscribers	26,673	22,334

6. **Number of Water filters distributed (each day and to date):**
   a. 624 (299 FWRT + 325 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and total distributed to date is 100,593.
7. **Cases of Bottle water distributed (each day and to date):**
   a. 7,302 (426 FWRT +6876 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 234,490.
8. **Number of testing kits distributed (each day and to date):**
   a. 581 (251 FWRT +330 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 32,093.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
   a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
      *This data will not be updated again until Tuesday.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
       i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
       ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
       iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22

    *This data will not be updated again until Tuesday
11. **Number of homes with safe drinking water:**
    a. 5,020 water samples out of 5,356 sampled through **January 31, 2016** are at or below the action level of 15 ppb for lead. Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Addressing various public concerns, including concerns regarding filter efficiency.
- Establishing procedures for receiving incoming donations of loose water at overflow locations.
- Established rapid response delivery plan with ARC and Team Rubicon.
- Coordinated rapid response deliveries to homebound residents and special locations.
- Coordinated with VRC for door-to-door distribution of recycling information and supplies.
- Genesee County Board of Commissioners meeting scheduled for 02/01/2016.

Subject: 2-1-1 Update Flint Water Response for Tuesday, February 2, 2016
Attachments: 2016-02-02 MI211 Flint Water Daily Update.docx

This is the daily 2-1-1 summary on the Flint Water Response for Tuesday, February 2, 2016

GENERAL INFORMATION:

- SEOC provided information that Environmental Protection Agency (EPA) has set up an email and toll free number for Flint residents with water sampling questions.
  Phone: 1.800.426.479
  Email: flintwater@epa.gov

CALL VOLUME:

Today's report provides an analysis of Flint Water calls to 2-1-1 from January 9, 2016, the day the State of Michigan began referring residents to 2-1-1 for assistance, and the end of the month – a total of 23 days. 99% of calls (6572 of 6634) from Genesee County were related to the Flint Water Response. For ease of reporting, numbers in this report include the entire county.

Flint Water Calls to 2-1-1: Jan. 9 – 31, 2016

		Service Requests			
	Calls received	Referrals Made	Unmet needs**	Information only	Total Requests
Flint Water	6,634	7,771	863	928	9,562
All 211 Calls Statewide	29,767	35,467	3,375	3,529	42,371
Flint Daily Average	286/day	338/day	38/day	40/day	416/day
State Daily Average	1,294/day	1542/day	147/day	153/day	1,842/day
% Calls For Flint	22.3%	21.9%	25.6%	22.2%	22.6%

** The majority of unmet needs were reported during the first two weeks of the response. During the last week of January only 69 unmet needs were reported for Flint residents.

During the 23 days reported, Michigan 2-1-1 partners handled 9,562 requests for assistance from Flint residents. With roughly 1% of the state population, Flint generated 20% of the calls to 2-1-1.

Coordination of access and services among responders clearly benefited Flint residents. Early in the month up to 28.5% of calls resulted in unmet needs where there was no service or assistance available for callers. By the end of the month the rate of unmet needs had dropped to under 5%.

SPECIAL NEEDS/REQUESTS

- No special request or needs to report today

RUMOR CONTROL

- No new rumors to reports

- 2-1-1 continues to receive calls reporting a variety of rumors – agents are providing the most accurate and up-to-date information available to answer questions and reassure callers.

UNRESOLVED

- ☐ **From 1/18/16:** Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue.
- ☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?
- ☐ **From 1/20/16:** Michigan 2-1-1 heard an anecdotal report today that real estate agents are reluctant to close sales in Flint because they cannot verify the any properties are free from lead contamination. **Is there are state agency or partner who can give real estate agency and home inspectors information on their potential liability.**
- ☐ **From 1/25/26:** *Organizations distributing bottles to collect water samples report running out of bottles.* **Is there a contact for individuals and organizations to get additional testing sample bottles?**
- ☐ **From 1/26/26:** Callers are asking about the efficacy of various water filters and whole-home filtration system to screen out lead. **Is there an state- or independently-vetted list of effective filters available for residents to reference.**
- ☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through Good360 or another supplier? UPDATE:** The Michigan 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.
- ☐ **From 1/26/26:** *Callers are asking about the availability of whole-home filtration systems.* **Is there any guidance on whether this is being considered as an option for residents?**
- ☑ **From 1/28/16:** Callers are asking for accurate information regarding a report that, "Undocumented immigrants in Flint aren't just being denied clean water, they aren't being tested for lead poisoning." This tweet included a link to a story about undocumented residents facing ICE raids: http://grist.org/cities/its-not-just-clean-water-flints-undocumented-immigrants-cant-access-medical-lead-testing/

  Resolved: Per JIC News Release # 27 dated February 2, 2016

  "[P]hoto identification is not required and no resident will be denied resources."

  "Flint residents can pick up water test kits, water filters, filter cartridges, and cases of bottled water. Also, residents can return filled water test kits at any one of the five water resource sites. Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams."
- ☐ **From 2/1/16:** 2-1-1 received a related rumor that due to the class-action lawsuits filed against the state, MDEQ will no longer be able to process lead tests for Flint residents. **Can SEOC investigate this rumor and determine whether *or not it is true*?**
- ☐ **From 2/1/16:** A few callers are expressing concerns about the reliability of MDEQ test results and are asking how to get independent lab testing for free or low cost

Michigan National Guard Continue Efforts at Water Resource Sites

FOR IMMEDIATE RELEASE
February 2, 2016
Release #: 27

FLINT, Mich. Approximately 70 Michigan National Guard Soldiers continue to assist with the distribution of bottled water, water filters, replacement cartridges and water testing kits at the water resource sites located at five of the city's fires stations.

As part of the distribution process, residents seeking water filters and replacement cartridges are asked to share their address. This data is being collected and mapped in real-time to assist with long-term recovery and help water response teams know where to focus their door-to-door efforts.

It is important to note that photo identification is not required and no resident will be denied resources.

Learn more about the Michigan National Guards efforts by viewing this video.

Flint residents can pick up water test kits, water filters, filter cartridges, and cases of bottled water. Also, residents can return filled water test kits at any one of the five water resource sites. Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

The water resource sites remain open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1 (also a water bottle and filter cartridge recycling site)
310 East 5th St.

Fire Station #3
1525 Martin Luther King Ave.

Fire Station #5 (also a water bottle and filter cartridge recycling site)
3402 Western Road

Fire Station #6
716 West Pierson Road

Fire Station #8 (also a water bottle and filter cartridge recycling site)
202 East Atherton Road

All water filters distributed at the water resource sites are certified by NSF International for lead reduction. Individuals wishing to verify that a specific filter is NSF-certified can do so via the NSF website.

The State of Michigan continues to coordinate response efforts in partnership with the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater, by visiting www.helpforflint.com or by calling 211.

Ron –

Here are the documents for posting first thing Wednesday morning. Of course the web site has changed, but you'll Susan Norton's directions below to help you figure out what goes where. If you're confused, just call me and we'll get it figured out.

The main thing is: Any documents with addresses absolutely cannot go under the DEQ to EPA tab, because the EPA requires redaction of personal info. However, we put the SAME document WITH addresses under our "In the Home" tab because it's the best way for people to get their water test results.

Thanks so much, Ron!
- Meegan

From: Norton, Susan (DEQ)
Sent: Tuesday, February 02, 2016 6:12 PM
To: Krisztian, George (DEQ) <krisztiang@michigan.gov>; Brown, Melanie (DEQ) <BrownM45@michigan.gov>; Hawks, Trevor (MSP) <HawksT@michigan.gov>; JICManager <JICManager@michigan.gov>; Wolf, Jennifer (DNR) <WOLFJ1@michigan.gov>

This note is for Tuesday February 2, 2016

Please find attached the full list of residential results through the date listed above (4 attachments). Please note that this version includes concentrations in ppb and the street number is separated from street name to make it easier to find the address. Also, there are pdfs of the two worksheets for people who don't have Microsoft office. All have been prepped for the web minus the naming convention that is usually used. I will follow this format going forward. **If I fail to do that then please let me know**:

1. For the web page http://www.michigan.gov/flintwater/0,6092,7-345-75251_75373---,00.html , found under the accordion lower left "Keeping lead out: Water Test Results and Reports"/ "Keeping lead out of the home: Tips and Residential Water Test Results", the following are to be added (3 attachments):

   Asset # 512083 – February 2 2016 Test Results Flint.xlsx

Asset# 512511 – February 2 2016 Test Results Flint_Sorted By Address.pdf
Asset# 512510 – February 2 2016 Test Results Flint_Sorted by Lead Concentration.pdf

2. For the same accordion underneath the DEQ reports to EPA, The Test Results Flint DEQ Reports to the EPA Asset needs updating:

   Asset# 512663 - February 2 2016 Test Results Flint_DEQ Reports to the EPA.xlsx

Please note that the results are for all samples reported out through today February 2, 2016 in all documents. In addition, the workbooks (XLSX) contains two tabs: One has the data sorted by Lead concentration and the other is sorted by address.

Posting this data in a timely manner is of the essence so that we can comply with the order issued by EPA.

Please post this to the website ASAP and make sure that all are posted so that people can look at the version that they are interested in.

Thank you!!!

Flint Water Daily Update
Updated Feb. 2

Current Issues Talking Points

Flint Mayor calls for immediate replacement of Flint pipes

- In a press conference today, Flint Mayor Karen Weaver called for immediate replacement of Flint's water infrastructure.
- Immediately removing pipes could potentially add to the infrastructure problem and result in higher costs for the city.
- Both Senate Minority Leader Jim Ananich and Virginia Tech water treatment expert Marc Edwards advise first mapping the city's pipes to determine the location of lead infrastructure.
- Edwards also says the state is taking the correct actions to make Flint's water safe again. Adding phosphate to the water to coat the pipes is a necessary first step toward ensuring safe drinking water for Flint residents.
    - Flint's damaged pipes spark debate on fix (Detroit Free Press)
    - Prof. Marc Edwards discusses pipes in Flint (video)
- The Governor continues to work with Edwards and the Flint Water Interagency Coordinating Committee to identify and implement a successful long-term solution for Flint families.

Senate Minority Leader sends Governor Flint action letter

- The Governor's senior staff has been in close communication with state Sen. Jim Ananich and have met with him frequently to provide updates, answer questions and get feedback.
- The Governor remains committed to providing Flint residents with the resources needed to implement both short and long-term solutions and will continue to work closely with Ananich.
- The Governor will announce a long-term funding proposal in his formal budget presentation next week to further address Flint water.

DPS Emergency Manager Darnell Earley resigns

- Today, Detroit Public Schools Emergency Manager Darnell Earley resigned, effective February 29.

- The Governor will appoint a transition leader before the end of the month to help guide DPS through a plan that will help address the district's academics and finances giving students and teachers the learning environment they deserve.
- The Governor is encouraging the Legislature to pass a bill package that will help address the $515 million debt faced by DPS. With that support the district should be better able to manage its business and educational goals.

Governor continues to stress importance of home water testing

- A video with instructions on how to properly test home water is available to share: https://www.youtube.com/watch?v=QTER-DiK64o
- The health and safety of Flint residents remains a top priority. It is essential that all Flint residents have the water in their homes tested as soon as possible.
- While water filters will eliminate lead in most homes, those with levels above 150 parts per billion will need to take extra precaution.
- If levels are above 150 ppb, residents should not drink water from the filtered faucet and use bottled water only.
- DEQ and DHHS will visit homes found to have lead levels over 150 ppb for additional testing.
- To date, less than one percent of Flint homes have been identified as having lead levels of this amount. Results showing lower levels indicate residents should continue following established protocols.
- Pregnant and nursing mothers and young children should continue to drink bottled water as a precaution.
- Free water testing kits are available at Fire Stations 1, 3, 5, 6, and 8. Water Samples should be returned to the fire stations for testing.
- Anyone who is unable to get to a Fire Station to pick up a free testing kit should call United Way 2-1-1 for assistance.

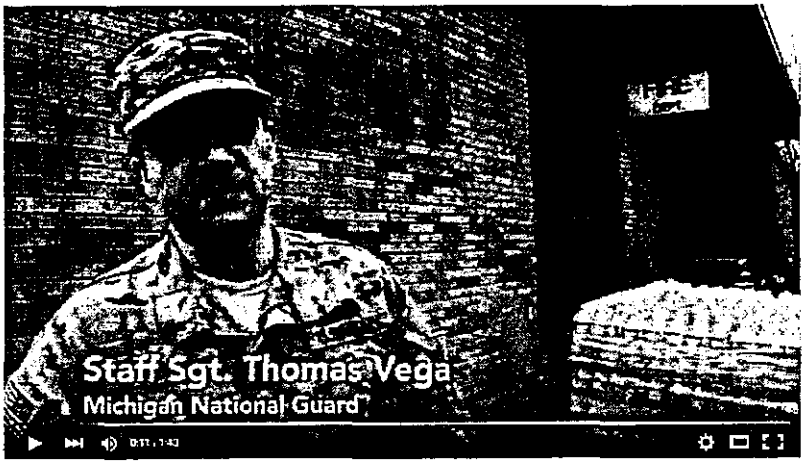
Subject: Tuesday, Feb. 2 update from the Flint Water Response Team

FLINT WATER RESPONSE TEAM

UPDATE | TUESDAY, FEBRUARY 2, 2016

This daily update is being issued in order to provide the latest information regarding actions and available resources.

VIDEO:"We're here for as long as the people of Flint need us"



We spoke with Staff Sgt. Thomas Vega about the critical resources they're providing to Flint families every day. He also encouraged residents to pick up and return their water testing kits to Flint fire stations. Test results will be posted online at http://mi.gov/flintwater.

Flint families need critical clean water resources. Since January 9, the state has distributed:

- 244,933 cases of bottled water
- 101,911 water filters
- 205,820 replacement cartridges
- 33,561 water testing kits

REMINDERS

- For Flint water assistance: Dial United Way 211 or visit www.mi.gov/FlintWater
- To donate or volunteer: visit www.HelpForFlint.com
- Residents should install filters to their taps to ensure they have immediate and ongoing access to safe water. Only run cold water through the water filter and use filtered water for

drinking and cooking. Monitor the cartridge on the filter and replace as needed.

WATER RESOURCE LOCATIONS
These sites are open seven days a week from 9 a.m. to 9 p.m. with the following resources:

- Bottled water
- Water filters
- Replacement cartridges for water filters
- Water testing kits pick-up
- Drop-off location for water testing kits

Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Rd.
Flint, MI 48506

Fire Station #6
716 West Pierson Rd.
Flint, MI 48505

Fire Station #8
202 East Atherton Rd.
Flint, MI 48507

We will continue to work to improve the water situation in Flint. Community members and local officials are working together to make sure we hear and respond to concerns. Governor Snyder will continue to keep you updated on the latest news and information. **If you don't find the resources you need by dialing United Way 211 please call the Governor's office directly at 517-335-7858.**

Subject: Flint phone calls

Good morning Ron,

Our FEMA Region V switchboard has been forwarding incoming calls about Flint to my phone. I received two calls that I wanted to let you know about. The first call is from a Flint resident wondering when FEMA will give the OK for the use of the National Guard water trucks in Flint.... Do you know anything about this or know who I should forward future calls to about it? The caller didn't leave a call back number, but in case I get another call I just want to be prepared. The second call was about getting new lead testing kits and where to pick them up since the original testing kits aren't filtering out the lead. Is there a way you would like us to handle this question?

Sorry to inundate you with these questions! I know how busy you all are.

FYI - The JIC is mentioned...

Opinion: Separating effective communication from spin

By: Matthew Seeger, Detroit News, 2/1/16

The Flint water disaster has become another cautionary tale about the risks of crisis and disaster and failed responses, management and communication.

In terms of the number of people harmed and timeframe for the harm, this is probably the worst disaster to affect Michigan in recent memory. The fact that the disaster was primarily human-caused makes the harm appear to be much worse. Disasters that are seen primarily as acts of God create less psychological impact and anger than those that are caused by human decisions and failures.

While there are many failures and lots of blame to go around, one of major causalities has been effective communication and the trust that comes from people getting accurate, timely and consistent information from their state and local governments.

The governor has now hired public relations professionals to help manage the communication associated with the disaster. These professionals were hired with private as opposed to state funds. Not surprisingly this development is being questioned, as an effort to spin the crisis is more positive ways.

Spin, from all sides, is always part of a crisis, but crisis communication is much more than PR spin — it's critical to an effective response, helping the people affected and learning from our mistakes.

Residents of Flint need good information about the distribution of bottled water, about ongoing changes in water quality and about possible health impacts for themselves and their family members. Regular updates need to be provided about what is being done to address the situation and what is changing from day to day. Others need information about how we can help. These messages need to be consistent, frequent, and address their specific concerns and needs. We need to hear regularly and directly from the people in control and they need to be honest and open.

Good communication can reduce uncertainty and help people regain some sense of control. Effective communication can also help sort out the very confused question about blame and responsibility and who knew what when, what actions should have been taken, and why wasn't action taken much sooner. Good crisis communication also involves listening to those impacted and hearing their concerns and anger. Most important, communication can help determine how to go forward.

The state is now participating in a Joint Information Center (JIC) to help facilitate the release of information with other state and local agencies. The state has adopted a much more transparent and cooperative stance. These are important first steps. As more is learned about what happened and why, that too should be communicated. In addition, our elected officials should be open about what they have learned about how those lessons will be translated into future actions and policies.

The Flint water crisis has played into many existing beliefs about the failures of government, the vulnerability of our poorer communities and the decay of our aging infrastructure. The intensity of responses and level of outrage have been very high and do not appear to be dissipating any time soon. Trust in state government is likely at an all-time low. Even the best crisis communicator will be unable to overcome that perception of outrage and extreme distrust. Efforts to spin the meaning of the Flint disaster will likely continue but should not overshadow or be confused with the broader efforts to communicate effectively.

Matthew Seeger is a professor of communication, dean of the College of Fine, Performing and Communicating Arts at Wayne State University and author or co-author of seven books on crisis communication.

GOV's ACTIVITIES

Flint water

Governor talks with Jason Cooper on Friday about efforts in Flint (WFNT Radio)
Michigan Governor Rick Snyder spoke with WFNT 1470 on Friday morning and provided an update on the Flint water crisis.

Video shows Flint residents how to pull water for test (Detroit News)
Gov. Rick Snyder has urged all Flint residents to test their homes' water and the state released Monday an online video with instructions on collecting samples. Snyder's plea and the video come days after federal officials said the water filters they've been handing out to Flint residents may not be effective enough in removing lead.

Gov. Rick Snyder tells Michigan employees Flint water crisis can never happen again (Mlive)
Gov. Rick Snyder in a letter to state employees last week applauded volunteer efforts to help in the Flint water crisis but warned that what happened in Flint could never be allowed to happen again.

Michigan Gov. Rick Snyder's approval rating jumps before Flint water emergency declaration (Mlive)
Michigan Gov. Rick Snyder's approval ratings jumped by 6 percent in a survey from Michigan State University this Fall, but experts warn that number could be much different now that the Flint water crisis has made national news.

ABC 12 highlights the Mission Flint team (ABC 12)

LT. GOVERNOR'S ACTIVITIES

Schuette, Calley raise big bucks for possible gov runs (Detroit News)
Attorney General Bill Schuette and Lt. Gov. Brian Calley each raised around $230,000 for their campaign funds last winter even though they cannot seek re-election to their current offices.

Calley sees Flint as 'most important work' of his life (Detroit News)
Lt. Gov. Brian Calley will split time between the state Capitol and Flint for the foreseeable future as the Snyder

administration works to resolve a drinking water contamination crisis in the beleaguered city and restore trust in state government.

New study reveals economic impact of insurance industry in state (WLNS)
"One of the issues becoming very significant to the industry is the development of a talent pipeline to provide candidates for new insurance jobs," Lt. Gov. Brian Calley said.

Lt. Governor talks about Mission Flint and efforts to help the city recover (WILX)

FLINT

FBI joins Flint drinking water investigation (Detroit Free Press)
The FBI is now investigating the contamination of Flint's drinking water, a man-made public health catastrophe, which has left an unknown number of Flint children and other residents poisoned by lead and resulted in state and federal emergency declarations.

FBI joins Flint, Michigan water contamination probe (Reuters)
The FBI is joining a U.S. criminal investigation into Flint, Michigan's water contamination crisis, a spokeswoman for the U.S. Attorney's Office in Detroit said on Tuesday.

Assessment of Flint Water Crisis may hinge on stupidity vs. criminality (NYT)
In the movie "The Big Short," which is concerned with how the housing bubble led to the financial crisis in 2008, one of the characters tries to explain why no one at the banks was being held accountable. "Tell me the difference between stupid and illegal, and I'll have my wife's brother arrested," he says.

New attorneys needed for DEQ workers in Flint water lawsuit, Schuette says (MLive)
Attorney General Bill Schuette wants a federal judge to allow seven Department of Environmental Quality employees to be represented by a new attorney due to a potential conflict of interest in a lawsuit over the Flint water crisis.

Michigan's top lawyer just picked a side in Flint water case (Huffington Post)
Residents of Flint, Michigan, allege that state and city officials ignored evidence the city was pumping toxic water from the Flint River into their homes. Bill Schuette, Michigan's Republican attorney general, hasn't finished his investigation into whether any state laws were broken when Flint's water was poisoned. But in the legal fight, Schuette is already picking sides: On Friday, he said in a court filing that his office probably can't ethically defend Gov. Rick Snyder (R) in court while defending certain lower-level state officials -- and those lower-ranking bureaucrats will need their own lawyers.

AG: Sued workers will get legal help (Detroit News)
Former Michigan Department of Environmental Quality Director Dan Wyant and at least five other DEQ employees will receive state legal representation, the Attorney General's Office confirmed Monday.

DEQ workers will get state-funded lawyers in Flint case (Detroit Free Press)
Seven Michigan Department of Environmental Quality employees who are being sued over the Flint water fiasco will get state-funded lawyers -- they just won't be the same ones defending Gov. Rick Snyder.

Michigan, US officials discuss Flint water (AP)
State Department of Environmental Quality chief Keith Creagh says he has met with an official from the U.S. Environmental Protection Agency as part of interagency cooperation addressing the lead-tainted water crisis in Flint.

Sen. Peters visits Flint to highlight aid initiatives (Detroit News)
U.S. Sen. Gary Peters visited Hurley Medical Center on Monday to highlight legislation set to be introduced Tuesday that would expand early education to children exposed to the city's lead crisis.

Michigan undertaking plan to determine if Flint water safe (FOX News)
The Michigan Department of Environmental Quality has undertaken a five-part strategy to determine whether Flint's water, which has become contaminated with lead, is safe to drink.

Michigan outlines strategy to determine if Flint water safe (CBS News)
The Michigan Department of Environmental Quality has undertaken a five-part strategy to determine whether Flint's water, which has become contaminated with lead, is safe to drink.

Michigan DEQ plans to deliver results for Flint (WLNS)
Today, the Michigan Department of Environmental Quality made strides in cleaning up Flint. Michigan DEQ Director Keith Creagh proposed a five part strategy to determine whether Flint's water is safe to drink. Creagh went in front of the U.S. Environmental Protection Agency to outline his plans. The goal is to ensure lead is out of the water through detailed testing in homes, schools, food service, and blood testing.

DEQ: Five-part testing strategy in Flint gains speed (Detroit News)
Michigan Department of Environmental Quality Director Keith Creagh reiterated Monday that the state continues to implement its five-pronged testing approach to judge Flint's water contamination and the health of its residents.

Lead levels elevated for thousands of Michigan children outside of Flint (MLive)
As the nation wrings its hands about the plight of lead-poisoned children in Flint, thousands of other children throughout Michigan face similar challenges because of exposure to the toxin.

DETROIT
These photos will make you understand Detroit's education crisis (Huffington Post)
Detroit has closed more than two-thirds of its public schools in the last 15 years, shortchanging students, neighborhoods and the district itself, finds a report released as teachers protest conditions at the schools that remain open.

More than 100 photos of mice, leaks and poor conditions at Detroit schools accompany lawsuit (MLive)

Teachers and parents who sued Detroit Public Schools on Thursday have gathered more than 100 photographs as evidence of poor school conditions to accompany their lawsuit. The exhibits include images of dead mice, wet and moldy conditions cause by leaks, fallen ceiling tiles, exposed wiring and other safety hazards at various Detroit schools.

Why Detroit schools are crumbling — look at state's funding foundation (MLive)
Black mold in school buildings. Classroom heating systems that fail during frigid Michigan winters. Leaky roofs, warped floors, and collapsed ceilings.

Detroit schools begins repairs of buildings, plans weekly report on progress (Crain's Detroit Business)
Detroit's school district is actively working to address building maintenance issues, including those that have been cited in recent city inspections and a lawsuit by the teachers' union, officials said Monday.

Most Detroit property assesments to decrease (The Detroit News)
Property tax assessments in Detroit are expected to dip by 5 to 15 percent this year for most residents.

Principal's plea hearing postponed in corruption case (Detroit Free Press)
A guilty plea hearing in a corruption case involving ex-Detroit school principal Kenyetta Wilbourn Snapp has been postponed due to the judge being sick.

DIA tallies one million visits since millage passed (The Detroit News)
The Detroit Institute of Arts has had one million visitors from Wayne, Oakland and Macomb counties since the passage of the tri-county millage in 2012, officials announced Monday

DPS reports progress in fixing inspection violations (The Detroit News)
Detroit Public Schools said Monday it is making progress in addressing building problems cited by city inspectors, such as replacing water-damaged ceiling tiles at three schools, replacing broken windows at Osborn High School and fixing peeling paint at Spain Elementary-Middle School.

Mayor Duggan announces reduction in property assessment values (Click on Detroit)
Mayor Mike Duggan announced a reduction this year in property assessment values for Detroit homeowners Monday afternoon at City Hall. For the third year in a row, the Duggan administration is adjusting assessments to more accurately reflect the property's true value.

Howes: Detroit moves to match property values, reality (The Detroit News)
Mayor Mike Duggan says the years-long swoon in Detroit property values is coming to an end. For the third year in a row, the city will reduce property tax assessments as much as 15 percent in eight of Detroit's 10 tax districts, affecting 95 percent of the city's residential properties.

9 Of 10 Detroit Districts Expected To See Lower Property Tax Bills (Daily Detroit)
For the first time in a half century, the City of Detroit is doing a citywide reassessment of all residential, commercial and industrial properties, and that could mean big changes for your tax bill if you live in nine of the ten districts. According to officials, 95% of the city's 220,000 residential properties will see a reduction of 5%-15% percent of their property's assessed value.

DEPARTMENTS

AG

AG seeks input on alternatives to Line 5 Pipeline (ABC 10)
Michigan Attorney General Bill Schuette announced today that the State of Michigan is seeking public input on drafts for proposals from environmental and engineering experts who could complete risk and alternatives studies on the Mackinac Straits pipeline known as Enbridge Energy's Line 5.

Bootleg merchandize, tobacco violations brings pleas (WZZM)
A Walker businessman charged with selling counterfeit name-brand clothing at 10 Sleeping Tiger Imports stores across Michigan pleaded guilty Monday to two felonies punishable by up to five years in prison.

Schuette encourages public input on risk and alternatives for Mackinac pipeline (UP Matters)
Michigan Attorney General Bill Schuette announced today that the State of Michigan is seeking public input on drafts for proposals from environmental and engineering experts who could complete risk and alternatives studies on the Mackinac Straits pipeline known as Enbridge Energy's Line 5.

DHHS

Health care provider HDI announces two-year program (Argus Press)
The Michigan Department of Health and Human Services (MDHHS) recently announced Shiawassee County will receive funding to coordinate and manage behavioral and physical health services.

DNR

DNR makes effort to study, help snowy owls (Up North Live)
From Saginaw Bay to Sault Ste Marie, people throughout Michigan have been reporting an increase of snowy owls.
DNR reminds public of ice safety (Up Matters)
With warm and rainy weather patterns seen in recent weeks in many parts of the state, the Michigan Department of Natural Resources urges ice anglers and snowmobilers to remember that no ice is safe ice.

Free Fishing Weekend is Feb. 13-14 (*Oakland Press*)
People can fish for free Saturday and Sunday, Feb. 13 and 14, as part of Michigan's Free Fishing Weekend.

Humane Society unable to determine cause of death for deer found in Leslie Park (MLive)
The Humane Society of Huron Valley has released the results of its investigation into a torn-apart deer carcass found at the Leslie Park Golf Course.

Hofma Park addition offers chance to shape parkland (Grand Haven Tribune)
After many months of talk and anticipation, Grand Haven Township has finally taken ownership of new land that'll be a part of the Hofma Preserve.

DNR believes dead cougar was placed on side of road (MLive)
The Michigan Department of Natural Resources is requesting information from the public after a dead cougar was found *along the side of a road in the Upper Peninsula.*

DNR seeks information on dead cougar found in Dickinson County (Petoskey News)
Michigan Department of Natural Resources conservation officers are seeking information on a dead cougar found approximately 4 miles north of Iron Mountain in Dickinson County. The male cougar was discovered by conservation officers around 11 a.m. today, Feb. 1, near the intersection of Johnson Road and County Road 607 in Breitung Township.

DNR looking for information on dead cougar found in Dickinson County (Upper Michigans Source)
The Michigan Department of Natural Resources is looking for information on a dead cougar found approximately four miles north of Iron Mountain.

Dead cougar found in Breitung Township (Daily News)
A cougar was found dead late this morning just north of Iron Mountain and state wildlife officials are asking the public *for any information they might have on the cat.*

DTMB
Muskegon schools job fair coming up, plus other job seeker news (MLive)
Here's a job fair coming up in the near future: EDUStaff will hold an educational job fair with Muskegon Public Schools from 9:30 a.m. to 2:30 p.m. Feb. 17 at the Hackley Administration Building, 349 W. Webster in Muskegon. The event is designed for anyone interested in becoming a substitute teacher, teacher aide, food service or custodian in the Muskegon Public School District. Attendees can preregister for this event at www.EDUStaff.org.

MDOT
MDOT asks drivers to report potholes (WSJM)
The Michigan Department of Transportation wants to hear from the public about potholes. Spokesperson Nick Schirippa says the weather this winter has been optimal for their creation.

MDOT recovers "Winter Comes to Michigan film (Upper Michigans Source)
Discovered in the basement of a home and donated to the Michigan Department of Transportation, a 16 millimeter black and white film from the 1930s. It reads Winter Comes to Michigan. The film is helping remind several people about the challenges that come with winter weather.

Vintage video of Upper Peninsula surfaces (UP Matters)
After spending decades in a basement in the eastern Upper Peninsula, a 1930s-era newsreel from the Michigan State Highway Department has resurfaced to remind us of the challenges and fun of winters past.

MPSC
Dicastal in line for Big Incentives from Consumers Energy (Energy Manager Today)
Dicastal North America, an aluminum wheel manufacturer that is a division of Chinese manufacturer Dicastal, could

receive as much as $170,000 in incentives from Consumers Energy for energy efficiency programs at its plant in Greenville, MI, according to the press release, which was posted at Military-Technologies.

SOS

Tesla applies for dealership license in Michigan (Automotive News)
Tesla Motors Inc. has applied for a Michigan dealership license, a move the automaker said is intended to test a state law effectively banning the electric-vehicle maker's direct-sales model.

Tesla: Dealer app meant to confirm 'anti-consumer law' (Detroit News)
Tesla Motors Inc. submitted a dealership application to the Michigan Secretary of State Office in November as a likely precursor for the company to challenge the state's ban on directly selling vehicles to consumers, The Detroit News has learned.

Tesla Motors files for a dealership license in Michigan (WSJ)
Tesla Motors Inc. filed an application for a dealership license in Michigan, setting up a potential legal fight over the state's ban on selling cars directly to consumers.

Tesla tries to open its first Michigan dealership (CNN Money)
Tesla Motors is taking the fight to Michigan, the home turf of the Big Three automakers.

Tesla may resort to Franchise dealerships to sell cars in Michigan (Road and Track)
While Tesla has spent the last several years fighting for the right to sell its cars directly to consumers, it appears the automaker is considering a change in tactic, apparently applying to sell cars in Michigan through a traditional franchise dealership.

Tesla vs. Michigan: Dealership application, conservative coalition, ballot push (Green Car Reports)
Electric-car maker Tesla Motors is the fourth-largest U.S. car maker, but its home in California's Silicon Valley is far from the heartland Detroit base of GM, Ford, and Fiat Chrysler.

Preparing direct-sales fight, Tesla applies for Michigan dealer license (Left Lane)
Tesla Motors has reportedly applied for a dealer license in Michigan, potentially sparking a legal battle in the Detroit Big Three's home turf.

Tesla tries to open its first Michigan dealership (WPTZ)
Tesla Motors is taking the fight to Michigan, the home turf of the Big Three automakers.

TREASURY

Michigan Department of Treasury warns taxpayers about telephone phishing scam (News Herald)
With the beginning of tax season, the Michigan Department of Treasury is warning taxpayers of fraudulent phone calls being made to taxpayers from a false phone number.

MI Treasury warns of tax phishing scam (WSJM)
Now that tax season is just about here, a new phishing scam is being reported by the Michigan Department of Treasury. Spokesperson Terry Stanton says the agency has been hearing complaints about residents getting phone calls from someone claiming to be from Treasury. The caller will claim the would-be victim owes back taxes, and then demands they pay immediately over the phone, threatening jail if they don't. Stanton says the Michigan Treasury doesn't do that.

State warns of spoofing scam targeting taxpayers (WOOD TV)
Tax season is here, and so is a new scam warning from the Michigan Department of Treasury.

LEGISLATIVE

Michigan House Republicans have cash advantage going into election year (MLive)

House Republicans have a cash advantage going into an election year, filings with the Secretary of State show. Michiganders vote for House of Representatives members every two years, and this year's election happens on Nov. 8. Campaign finance filings for the 2015 calendar year were due on Feb. 1.

New Macomb Treasurer Miller sworn in; quits Legislature (The Detroit News)

Former state Rep. Derek Miller was sworn in Monday as Macomb County treasurer — on the same day he resigned his legislative seat. Miller took the oath of office before a packed courtroom at the county courthouse by Michigan Supreme Court Justice David F. Viviano.

OPINION

Michigan AG makes case for Jeb Bush (The Detroit News)

At the heart of the Constitution is a commitment to the separation of powers. The Founding Fathers designed a federal government where central authority would be limited, defined, and diffused across three equal branches. For all other functions of government, power would be reserved to the "states respectively, or to the people."

Sanders should agree to Flint debate (Detroit Free Press)

Debates have been a political football during the primary season of the 2016 Presidential election. Democratic National Committee Chairwoman Debbie Wasserman Schultz has been roundly criticized for sanctioning a paltry number of debates, including debates that have taken place on weekends and holidays.

Performance standards can rein in electricity costs for 2016 ratepayers (Bridge)

2016 will be a critical year for energy in Michigan. Our clean energy policy sunset at the end of last year, and the Michigan legislature has a true opportunity to set us on a path toward a more affordable energy future by passing performance standards for Michigan utility companies.

Flint's long misery, at the hands of urban policy (Detroit Free Press)

If you look at what has been happening in Flint, long before children were drinking foul water from the faucets in their homes, you'd not be surprised that any measure of wicked reality was headed the city's way.

Why Detroit schools are crumbling - look at state's funding foundation (MLive)

Black mold in school buildings. Classroom heating systems that fail during frigid Michigan winters. Leaky roofs, warped floors, and collapsed ceilings. As Lansing lawmakers belatedly work to address the Detroit Public Schools' financial crisis, these physical manifestations of that crisis have provoked perhaps the loudest public outcry. Classroom conditions are a focal point of teachers' ongoing protests.

Congressional hearing on Flint may yield few answers (Detroit Free Press)

On Wednesday, the U.S. House of Representatives' Oversight and Government Reform Committee will meet to delve into the Flint water crisis.

Editorial: Leave election cycle alone (Detroit News)

Democrats are always squawking about Republicans manipulating the voting process to give themselves an advantage on Election Day. And there has been some of that going on in Michigan, notably the recent decision by the GOP-controlled Legislature to eliminate straight-ticket voting.

Separating effective communities from spin (Detroit News)

The Flint water disaster has become another cautionary tale about the risks of crisis and disaster and failed responses, management and communication.

For Flint and Michigan, abolish FOIA exemptions for governor, lawmakers (MLive)

A little over a year ago, Gov. Rick Snyder enacted changes to the state's Freedom of Information Act, a crucial check on government operations passed into law in 1976 that grants citizens the right to access government information.

Subject:	SEOC Update 2/1/16 - Flint Water - Limited Distribution
Attachments:	SitRep27 Flint Water.pdf; Day to Day POD Comparision for FEMA 1-31-16.xlsx; State Agency Weekly Activities 2 1 16.docx; Flint Water Timeline Daily Update DRAFT.docx

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/1/16 – 28th Day (27th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Finalize new Incident Action Plan (IAP) for Operational Period 2/2/16 to 2/9/16.
- Sync up with the UCG to ensure lines of communication and operation are clear.
- Ensure adequate quantities of supplies to support operations.
- Continue investigating a warehousing option for non-palletized donations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Continue to work on SBA application – pends status of Declaration of Emergency appeal.
- Obtain additional information from the City of Flint and Genesee County for appeal.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal. IHP is an Individual Assistance program.

Attached:

1. SitRep 27
2. Flint Water Timeline (DRAFT) – This is a running record I keep so I have it for future reference. This is draft but thought some of you may want it at this time.
3. State Agency Weekly Activities – It was mentioned on the morning call to have a weekly activities sheet. I am certain there are other events to be added but this is from the SEOC personnel.
4. Day to Day POD Comparison Data – Internal for EMHSD and FEMA

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Tuesday, February 2, 2016
- Franchise Customers continue to be targeted for visits with additional to be determined.

Items to Note

- The question came up as to the difference between active residential customers and residential parcels. Customers are on the Flint water system according to what the City of Flint provides us. Residential parcels are those not on the system for numerous reasons to include them having a well or just not connected to the system. We are aware some not on the system have gotten filters. I also do not have a lot of faith in the records provided to us by the city water department. We just received an updated franchise list which had more customers.from the city that is different from the one we were given earlier.
- Received approval to obtain a former Kroger store near Statoin 6 POD. This will greatly alleviate donation management issues. Office space is available at this location if needed.
- 10 ARC Flint Water Response Teams to the field today.
- GIS was not able to develop maps with today's data due to issues with the software. They will be providing maps first thing tomorrow.
- Recovery Branch coordinated meeting with Michigan Community Service Commission (MCSC), Local EOC, and ARC regarding volunteer coordination and reporting.
- JIC is working to set up a legislative and congressional briefing call this week.
- Information reported to the JIC:
    - As of 2/1/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	ARC Paper Data* 1/31/16	Targeted Canvassing Mission 2/1/16
30,770	37,844	11,876	1,135	1,164

*Data from last night that was not available.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	244,933
b. Filters	101,911
c. Filter cartridges	205,820
d. Test kits	33,561

3. Resources purchased:
    a. Cases of water 2,637,324 Liters (additional 1,127,171 Liters donated)
    b. Filters 165,048
    c. Filter Cartridges 389,357
    d. Test kits 62,701
4. Teams going out tomorrow:
    a. 10 American Red Cross Teams scheduled for Tuesday, February 2, 2016.

Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/31/16, ARC Data, 1,135 homes were visited yesterday. Data was not included in yesterday's report.
    b. 2/1/16, as of 5 pm, 1,164 homes were visited today
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: 11,876
3. **Total number of National Guard on the ground:**
    a. 53
4. **Total Number of Volunteers each day:**
    a. 50 volunteers on 2/1/16, per ARC.

5. ***Number of homes with filters:**

	Total Number	Number with filters*
Residential parcels	38,831	28,167
Active residential water subscribers	26,673	22,400

*Number does not include franchise customers, will be updated tomorrow morning.

6. **Number of Water filters distributed (each day and to date):**
   a. 1,318 (1,001 FWRT + 317 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and total distributed to date is 101,911.
7. **Cases of Bottle water distributed (each day and to date):**
   a. 10,443 (1,218 FWRT +9,225 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and the total distributed to date is 244,933.
8. **Number of testing kits distributed (each day and to date):**
   a. 1,091 (293 FWRT +798 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and the total distributed to date is 33,184.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
   a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
      *this data will not be updated again until Tuesday.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
       i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
       ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
       iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22
      *This data will not be updated again until Tuesday
11. **Number of homes with safe drinking water:**
    a. Drinking water (9/3/15 to 2/1/16)*
       i. 5227 out of 5590 (94%) at or below 15ppb (363 tests above)
       ii. <5 ppb: 4594 (82%)
       iii. 5-15 ppb: 633 (11%)
       iv. > 15 ppb: 363 (6%)
       v. > 150 ppb: 48 (0.9%) – DEQ was tasked with getting better information on this as to how many are residences, what steps have been taken with them, how many have been "cleared," and how many are new. They will be working on it first thing tomorrow. Based on sheets I was provided this evening, since the report on Friday:
          1. Saturday there were 4 additional results >150 ppb
          2. Sunday there were 5 additional results >150 ppb
          3. Monday there were 6 additional results >150 ppb
       vi. > 30 ppb: 199 (4%)
       *Note, per MDEQ, this data is from uncontrolled samples provided by residents.

<u>Local EOC</u>

- Coordination of rapid response deliveries to homebound residents and special locations.
- Finalized rapid response delivery plan with ARC, Team Rubicon, Michigan Community Service Commission and SEOC.
- IC/Genesee County EMC attended county commission meeting, briefed commission on response efforts, and addressed questions and concerns.
- Addressing public concerns, including rumors of availability of FEMA relocation assistance.
- Coordinating with charter schools outside the city of Flint/Flint water system for supply of water resources to students that are Flint residents.
- Attended conference call with Dow Chemical to discuss potential donation of filter systems. Will provide spec sheets to SEOC Logistics.

- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- **10 American Red Cross Teams scheduled for Monday, February 1, 2016**
- **City Sections Scheduled Tomorrow***: Franchise Customers, Additional to be determined.

*City sections subject to change based on available data updates. Teams will reach out for additional assignments if entire city section is completed during the operational period.

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- Information reported to the JIC:
  - As of 1/31/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 1/31/2016
30,770	37,844	9,577	551*

*Due to an issue with the iPads in the field not all numbers were captured for today's outreach. The additional residences will be entered tonight by ARC and will be included in the data for tomorrow, per Recovery Branch.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	234,490
b. Filters	100,593
c. Filter cartridges	204,736

d. Test kits	32,093

3. Resources purchased:
    a. Cases of water 2,637,324 Liters (additional 996,080 Liters donated)
    b. Filters 165,048
    c. Filter Cartridges 383,282
    d. Test kits 62,701
4. Teams going out tomorrow:
    a. 10 American Red Cross Teams scheduled for Monday, February 1, 2016.

New Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/31/16, as of 5 pm, 551* homes were visited today
        i. *The numbers are low due to an issue with the iPad input, the additional residences will be inputted tonight and included in tomorrow numbers.
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: 9,577
3. **Total number of National Guard on the ground:**
    a. 53
4. **Total Number of Volunteers each day:**
    a. 236 volunteers on 1/31/2016, per ARC.
5. **Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,831	28,081
Active residential water subscribers	26,673	22,334

6. **Number of Water filters distributed (each day and to date):**
    a. 624 (299 FWRT + 325 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and total distributed to date is 100,593.
7. **Cases of Bottle water distributed (each day and to date):**
    a. 7,302 (426 FWRT +6876 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 234,490.
8. **Number of testing kits distributed (each day and to date):**
    a. 581 (251 FWRT +330 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 32,093.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
    *This data will not be updated again until Tuesday.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
        i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
        ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
        iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22
    *This data will not be updated again until Tuesday
11. **Number of homes with safe drinking water:**
    a. 5,020 water samples out of 5,356 sampled through **January 31, 2016** are at or below the action level of 15 ppb for lead. Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Addressing various public concerns, including concerns regarding filter efficiency.
- Establishing procedures for receiving incoming donations of loose water at overflow locations.

- Established rapid response delivery plan with ARC and Team Rubicon.
- Coordinated rapid response deliveries to homebound residents and special locations.
- Coordinated with VRC for door-to-door distribution of recycling information and supplies.
- Genesee County Board of Commissioners meeting scheduled for 02/01/2016.

Subject: Monday, Feb. 1 update from the Flint Water Response Team

FLINT WATER RESPONSE TEAM

UPDATE | MONDAY, FEBRUARY 1, 2016

This daily update is being issued in order to provide the latest information regarding actions and available resources.

EPA and DEQ continue interagency cooperation discussions on Flint water

Michigan DEQ Director Keith Creagh met with the EPA as part of ongoing interagency cooperation to address the Flint water crisis. The EPA and DEQ have meet regularly since a state of emergency was declared in Flint in early January.

Click here to learn more about the interagency cooperation.

Flint families need critical clean water resources. Since January 9, the state has distributed:

- 234,490 cases of bottled water
- 100,593 water filters
- 204,736 replacement cartridges

REMINDERS

- For Flint water assistance: Dial 211 or visit www.mi.gov/FlintWater
- To donate or volunteer: visit www.HelpForFlint.com
- Residents should install filters to their taps to ensure they have immediate and ongoing access to safe water. Only run cold water through the water filter and use filtered water for drinking and cooking. Monitor the cartridge on the filter and replace as needed.

WATER RESOURCE LOCATIONS
These sites are open seven days a week from 9 a.m. to 9 p.m. with the following resources:

- Bottled water
- Water filters
- Replacement cartridges for water filters
- Water testing kits pick-up
- Drop-off location for water testing kits

Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Rd.
Flint, MI 48506

Fire Station #6
716 West Pierson Rd.
Flint, MI 48505

Fire Station #8
202 East Atherton Rd.
Flint, MI 48507

We will continue to work to improve the water situation in Flint. Community members and local officials are working together to make sure we hear and respond to concerns. Governor Snyder will continue to keep you updated on the latest news and information. **If you don't find the resources you need by dialing 211 please call the Governor's office directly at 517-335-7858.**

Subject: 2-1-1 Update Flint Water Response for Monday, February 1, 2016
Attachments: 2016-02-01 MI211 Flint Water Daily Update.docx

This is the daily 2-1-1 summary on the Flint Water Response for Monday, February 1, 2016

Regrets that I was not able to compile an update for Friday, January 29. A prior work commitment had me in Manistee and Traverse City so I did not get back to Lansing until late evening as news reports broke of some Flint homes showing lead levels exceeding water filter capacity.

GENERAL INFORMATION:

- Following last Wednesday's tele-town hall by Gov. Snyder with 8,000 Flint residents that generated a substantial number of unanticipated calls to 2-1-1 after 5 pm, Michigan 2-1-1 had a conference call Friday morning with the governor's staff and reached agreement on how the state will coordinate with 2-1-1. Thank you to Meegan Holland, Director of Communications in Gov. Snyder's office for taking the lead on this.
- **A notification system to alert 2-1-1 when a state communication or event will refer residents to call 2-1-1.**
    - **Agreement:** The governor's office will coordinate to provide advance notice to 2-1-1 for major events and outreach initiatives such a community meetings, tele-town halls, and distribution of outreach materials that direct residents to 'Dial United Way 211'.
- **Clear identification of 2-1-1 as a non-governmental, independent service.**
    - **Agreement:** Moving forward state marketing materials will refer to 'United Way 211' to distinguish the service is an independent partner in the coordinated response. It was acknowledged that not all 2-1-1 partners are directed affiliated with United Ways, but it appears to be the best available option for now. At future town hall or other public events, 2-1-1/United Way 211 will be recognized as a community-based partner in the response effort.
- **State use of the 2-1-1 brand and logo.**
    - **Agreement:** State of Michigan will review if the Central Michigan 2-1-1 logo or other Michigan 2-1-1 partner logos have been used on other web pages or outreach materials. 2-1-1 partners will consult and determine if there is a preference for using the regional logo or to switch to the statewide Michigan 2-1-1 logo.

FYI: Michigan 2-1-1 can coordinate to provide 2-1-1 logos in high resolution eps or jpg formats.

- **A vetting process for 2-1-1 to review and approve how the service is presented by State of Michigan.**
    - **Agreement:** Given the volume and timeliness of releases, events and outreach materials produced on a daily basis, it is not feasible for 2-1-1 to review and provide feedback on all materials. The state will use the guidelines outlined above when referring to 2-1-1 and will provide as much advance notice as possible when an event or outreach initiative has the potential to generate an increase in call volume for 2-1-1, so 2-1-1 partners can ensure sufficient capacity and preparation is in place to provide an prompt and informed response to the public.
- **A mechanism to financially support the expanded 2-1-1 capacity needed to provide timely, high quality assistance that the high numbers of Flint residents calling 2-1-1 deserve.**
    - State of Michigan partners are reviewing funding options and will follow up with Michigan 2-1-1.

☐ Friday night a late-break news story reported a number of homes testing positive for lead levels exceeding the capacity of filters to remove the toxin. 2-1-1 immediately updated our referral information to follow the state

recommendation unless a home has received a safe lead test result, they should immediately stop using filtered tap water and use only bottled water until testing shows a safe lead level.

CALL VOLUME:

Since the state issued the disaster declaration for Flint, Michigan 2-1-1 partners have handled roughly 10,000 calls from local residents. Tomorrow's report will have an update on overall call volume and call patterns.

Overall call volume remains exceptionally high. Demand for tax prep referrals and help for the now 20,000 customers dropped from their MEAP energy assistance program round out the big three reasons people are calling 2-1-1. Features like the 'call-back' option are being widely utilized to limit the amount of time callers wait on hold, but the amount of time it takes to speak to a 2-1-1 agent continues to be longer than our goal of 80% of callers reaching an agent in 90 seconds or less.

SPECIAL NEEDS/REQUESTS

☐ A few callers are expressing concerns about the reliability of MDEQ test results and are asking how to get independent lab testing for free or low cost.

RUMOR CONTROL

☑ Several sources reporting the new story of high lead levels persisting in homes stated it takes three (3) days to receive water test results. This conflicted with 2-1-1's information from MDEQ that testing takes 2-3 weeks. 2-1-1 was able to contact MDEQ through the SEOC to verify test results from the state MDEQ lad take up to 3 WEEKS to process and report.

- Partner Good360 reports vendors have offered a discounted rate for home lead testing kits that indicate if water lead levels exceed EPA standards, but these tests only indicate if levels are above or below the standard, not the actual amount of lead in the water.

Could home testing kits be distributed to quickly identify homes with lead levels exceeding federal standards, allowing other residents to safely resume use of filtered tap water?

☐ 2-1-1 received a related rumor that due to the class-action lawsuits filed against the state, MDEQ will no longer be able to process lead tests for Flint residents. **Can SEOC investigate this rumor and determine whether or not it is true?**

If it is true, is there an alternative for Flint residents to have their water tested at no cost to themselves? ***See special need/request above regarding independent testing of water.***

☑ **From 1/28/16:** The rumor that, "Flint residents are barred from selling their homes and moving their families because it is illegal to sell with a known lead or copper issue", has been shown to be FALSE. Snopes.com has a detailed analysis and refutation: http://www.snopes.com/illegal-sell-homes-flint/

☐ **From 1/28/16:** As of today there is no response regarding last Thursday's report that, "Undocumented immigrants in Flint aren't just being denied clean water, they aren't being tested for lead poisoning." This tweet included a link to a story about undocumented residents facing ICE raids: http://grist.org/cities/its-not-just-clean-water-flints-undocumented-immigrants-cant-access-medical-lead-testing/

UNRESOLVED

☐ **From 1/18/16:** Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue.

☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?

☐ **From 1/20/16:** Michigan 2-1-1 heard an anecdotal report today that real estate agents are reluctant to close sales in Flint because they cannot verify the any properties are free from lead contamination. **Is there are state agency or partner who can give real estate agency and home inspectors information on their potential liability.**

- ☐ **From 1/25/26:** Organizations distributing bottles to collect water samples report running out of bottles. **Is there a contact for individuals and organizations to get additional testing sample bottles?**
- ☐ **From 1/26/26:** Callers are asking about the efficacy of various water filters and whole-home filtration system to screen out lead. **Is there an state- or independently-vetted list of effective filters available for residents to reference.**
- ☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through Good360 or another supplier? UPDATE:** The Michigan 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.
- ☐ **From 1/26/26:** Callers are asking about the availability of whole-home filtration systems. **Is there any guidance on whether this is being considered as an option for residents?**

DEQ and EPA Continue Interagency Cooperation Discussions on Flint Water

FOR IMMEDIATE RELEASE
February 1, 2016
Release #: 26

FLINT, Mich. – Michigan Department of Environmental Quality Director Keith Creagh met today with Interim Regional Administrator Robert Kaplan from the U.S. Environmental Protection Agency as part of ongoing interagency cooperation to address the Flint water crisis. The EPA and DEQ have met regularly since a state of emergency was declared in Flint in early January.

"These conversations with the EPA are a critical part of our shared response to the emergency in Flint," said Creagh. "We know that moving forward will require all levels of government – along with partners in the business and nonprofit communities and the community of Flint – to work together with the sense of urgency this crisis demands."

Creagh and the EPA regional administrator have weekly phone calls. In addition, program staff from the DEQ and EPA remain in daily contact to coordinate response. At today's meeting, Creagh and Kaplan along with technical staff from both agencies discussed working together to maximize the data that is being collected to make sure the agencies are closely aligned in their work.

The DEQ is also working in conjunction with the EPA to plan and review the 200 sentinel test sites, enabling both entities to capture the information needed across the entire spectrum of data so we have a better overall analysis of the distribution system.

"We want to have systems and structures in place that will lead us to better conclusions for the people of Flint," Creagh said. "We appreciate the partnership with EPA and other government and non-government agencies."

The discussion included a five-part strategy the DEQ implemented to establish a baseline of data to determine when the water in Flint is safe to drink.

The strategy includes:

- Residential water testing: At-home water testing done by residents is key in guiding experts to areas of concern.

- School testing: Michigan DEQ in collaboration with the Michigan Department of Licensing and Regulatory Affairs (LARA) has tested all 13 public schools in the city and continues to test non-public schools, children's centers and senior centers. The state will retest the public schools once it has completed replacing water fixtures. Fixture replacement has begun at Freeman School, which will be retested after water flushing happens within the next week.
- Food service/restaurant provider testing: Michigan DEQ is working in collaboration with the Michigan Department of Agriculture and Rural Development (MDARD) to test establishments and ensure they are using water filters, flushing water systems properly and using the correct food and water standards.
- Blood level testing: Michigan DEQ is working in conjunction with the Michigan Department of Health and Human Services (MDHHS) to ensure that residents with high blood lead levels have their water tested for lead. Homes with high water lead levels are provided additional services by MDHHS and the Genesee County Health Department to ensure residents' exposure to lead is minimized.
- Flint water distribution system testing: Michigan DEQ and the City of Flint are working to monitor and test the quality of the water as it travels throughout the city's water distribution system. Additionally, sentinel sites are being established to set a baseline for data collection. Sentinel sites are homes that will be used as representative samples to determine the effectiveness of corrosion controls in reducing lead levels.

"Our ongoing conversations with the EPA will help us solidify this plan so we can have confidence in the outcomes," Creagh said.

Water resource sites remain open daily from 9 a.m. to 9 p.m. and can be found at the five city fire stations. For locations, go to www.michigan.gov/flintwater. Additional information is available at www.michigan.gov/flintwater, or by calling United Way 211.

Angela,

Attached are two messages in Spanish. I've also attached the scripts.

Please review and let me know if you have any changes. We are planning to distribute these tomorrow if everyone sends us a thumbs up! There is :04 at the end of the :60 for our stations to add a tag if they choose to do so.

Gisgie from Ruth Johnson's office was gracious enough to assist in translations and is the actual voice in the spot.

I'm interested in any feedback you have to offer. You can try me at the office until 5:30 or via cell at 989-721-8531. Thanks!

Flint Water Daily Update
Updated Feb. 1

Current Issues Talking Points

Governor and DEQ stress importance of home water testing

- The health and safety of Flint residents remains a top priority. It is essential that all Flint residents have the water in their homes tested as soon as possible.
- While water filters will eliminate lead in most homes, those with levels above 150 parts per billion will need to take extra precaution.
- If levels are above 150 ppb, residents should not drink water from the filtered faucet and use bottled water only.
- DEQ and DHHS will visit homes found to have lead levels over 150 ppb for additional testing.
- To date, less than one percent of Flint homes have been identified as having lead levels of this amount. Results showing lower levels indicate residents should continue following established protocols.
- Pregnant and nursing mothers and young children should continue to drink bottled water as a precaution.
- Free water testing kits are available at Fire Stations 1, 3, 5, 6, and 8. Water Samples should be returned to the fire stations for testing.
- Anyone who is unable to get to a Fire Station to pick up a free testing kit should call United Way 2-1-1 for assistance.

Federal denial of WIC expansion for Flint children

- On Saturday, the federal government denied the Governor's request to use supplemental nutrition funding for Flint children up to 10 years of age who may have been exposed to high lead levels in the water.
- The governor has continually stated that the Flint water issue is the result of government failure at all levels. All levels of government should be committed to supporting Flint's families along their road to recovery.

- It is understood that WIC funding is generally meant for children five years old and younger, however this disaster calls for a waiver of this rule. Expanded nutritional support for children under 10 is essential to their long-term well-being.
- The Governor is urging the federal government to re-evaluate their denial of this funding.
- The state has provided more than $28 million for a short-term solution in Flint, but additional funding and collaboration is necessary to implement a successful long-term solution.

Mission Flint
'Mission Flint' charts city's future after water crisis (Freep)
On the fifth floor of a state office building in downtown, Richard Baird, top aide to Gov. Rick Snyder, convened a closed-door meeting of a dozen top state officials charged with a dual task aimed at fixing Flint.

Supplemental signing/MPA lunch
Gov. Snyder signs $28M in aid for Flint (AP)
Michigan Gov. Rick Snyder has signed into law $28 million in emergency funding to address Flint's lead-contaminated water crisis. The Republican governor signed the measure Friday afternoon at a Michigan Press Association meeting in Grand Rapids.

Snyder discusses Flint water and tuition at MPA conference (CM Life)
Gov. Rick Snyder addressed the press and state legislature about Flint water issues on Jan. 29 at the Michigan Press Association convention. After his speech, he signed a $28 million supplemental finance package for Flint. "Part of this is

lessons learned," Snyder said. "Let's use Flint as an opportunity to address the hidden problem of infrastructure in our state."

Snyder signs $28M Flint bill, hopes for safe water soon (Detroit News)
Gov. Rick Snyder signed Friday a $28 million supplemental spending bill to benefit Flint and said he hopes residents will be able to use safe drinking water from their taps within two to three months. But the decision on safe drinking water will depend on testing, including validation from outside experts, and not any set timeline, the Republican governor said in Grand Rapids, where he signed the Flint funding bill during an annual gathering of the Michigan Press Association.

Gov. Snyder signs emergency funding bill for Flint (Michigan Radio)
Governor Rick Snyder signed a law today that'll allocate $28 million in emergency funding to address short-term needs stemming from Flint's water crisis. It'll pay for bottled water, faucet filters, testing kits, additional school nurses, medical treatment, and help with the city's unpaid water bills. There are also funds to hire outside experts to figure out whether Flint's water infrastructure needs to be completely replaced.

Flint water crisis: City gets $28 million in state aid (CNN)
Help -- $28 million of it -- is on its way to Flint, Michigan. Gov. Rick Snyder made it official Friday, signing a bill to provide funding to cope with ramifications of tainted water, damaged pipes and health problems for those who drank from the tap before authorities finally sounded the alarm.

Governor Snyder signs $28 million measure for emergency funding for Flint (WTVB)
The Governor Friday signed a $28 million measure for emergency funding for Flint. To a chorus of applause from assembled lawmakers at a Michigan Press Association luncheon in Grand Rapids, a smiling Rick Snyder approved the legislation yesterday.

Governor Snyder Signs Off on $28 Million in Emergency Money to Help Flint With Water Crisis (9&10 News)
Governor Snyder signed off on $28 million in emergency money to help with Flint's water crisis. The money will pay for bottled water, faucet filters, testing kits, additional school nurses, medical treatment and to help the city with unpaid water bills.

Gov. Rick Snyder secures $28 million in immediate aid to Flint residents (UP Matters/TV 3)
Governor Snyder today signed legislation bringing $28 million to immediately help families in Flint with lead testing, treatment and other emergency services. The funding was part of a multi-point relief package the governor outlined last week during his state of the state address to the Michigan Legislature.

Snyder Signs Emergency Funding Bill For Flint (WSJM)
The governor has put his signature on legislation sending $28 million to Flint to help combat its water crisis. The money will be used to help supply the city with bottled water, filters and testing kits. It will also fund programs to help offset the effects of lead poisoning. Governor Rick Snyder says the legislation, which was approved unanimously in both the state House and Senate, is a step moving toward solving the Flint issue.

Gov. Snyder signs $28M bill to address Flint water crisis (WDIV)
Michigan Gov. Rick Snyder signed into law $28 million in emergency funding to address Flint's lead-contaminated water. It's the second round of state aid for the city since the crisis was confirmed in the fall.

Gov. Snyder signs bill giving $28 million more to Flint during water crisis (WXYZ)
Michigan Gov. Rick Snyder on Friday signed into law $28 million in emergency funding to address Flint's lead-contaminated water.

Gov. Snyder signs $28M bill to address Flint water crisis (Fox 17)
Michigan Gov. Rick Snyder signed into law a $28 million emergency funding bill to address Flint's lead-contaminated water. It's the second round of state aid for the city since the crisis was confirmed in the fall.

Gov. Snyder prepares to approve $28 million in funding for Flint's water emergency (ABC 12 Flint)
Governor Rick Snyder is preparing to approve $28 million in funding to help Flint's water emergency. State lawmakers unanimously approved the funding earlier this week.

WIC denial

Michigan governor: No time frame for Flint water fix (Freep)
Michigan Gov. Rick Snyder said Friday he hopes the water in Flint might be safe to drink again in three months. But, he said, it's impossible to predict because it's not a question of time, but of science.

Feds deny Flint supplement nutrition funding (AP)
The federal government has denied Michigan's request to increase nutrition funding for older low-income Flint children who may be affected by the city's lead-tainted water. Gov. Rick Snyder says Saturday in a release that the Jan. 27 request to the U.S. Department of Agriculture was for supplemental funding through the Women, Infants and Children program. It would have covered children up to age 10.

Feds deny Snyder's request to raise Flint WIC eligibility (Detroit News)
The U.S. Department of Agriculture has rejected Michigan's request to increase access for Flint children ages 5 to 10 to the federal nutritional program for low-income women and children.

Feds reject Snyder's bid to expand WIC for Flint kids (Freep)
The U.S. Department of Agriculture rejected Gov Rick Snyder's plea the extend a federal nutrition program to children up to age 10 in and around Flint, saying federal law prohibited it.

Local lawmakers react as Gov. Snyder signs $28M Flint water bill (WWMT)
On Friday, Governor Rick Snyder signed a multi-million dollar bill to send more aid to the troubled city of Flint. Newschannel 3 was on hand at the signing, which Snyder called one of the first steps to help move Flint past its water crisis.

Snyder's request for WIC exceptions denied (WDIV)
The federal government denied the Michigan Department of Health and Human Services request for supplemental nutrition funding for Flint children ages 5-10 years old.

Feds deny Michigan's request to expand WIC for Flint children (Fox 2 Detroit)
Gov. Snyder released the following statement today after the federal government denied the Michigan Department of Health and Human Services request to use supplemental nutrition funding for Flint children up to the age of 10 who may have been affected by high levels of lead in the water.

Governor Snyder updates strategy on dealing with Flint water crisis (WTVB)
The Snyder administration has released its short term strategy for dealing with the water crisis in Flint. The game plan is to make sure every single building gets its water tested, and every child gets a blood test, so they know where the lead is located and who needs help. They say data collected during this emergency response will help them formulate the long term response.

Misc

In letter, Snyder tells state employees 'Never again' (Freep)
Gov. Rick Snyder has sent a letter to state employees, telling them what happened in Flint must never happen again.

Snyder tells state workers 'never again' on Flint (Detroit News)
Gov. Rick Snyder, who has criticized some environmental department workers for failing to use "common sense" in the run-up to the Flint water crisis, sent a Friday email to some 46,000 state employees telling them what happened there cannot happen again.

No timetable for Flint water restoration, Snyder hopes for safety in 2-3 months (Mlive)
Gov. Rick Snyder told a radio show he hopes city residents will have safe water in 2-3 months, but his staff said there is still no timetable on restoring Flint's drinking water.

Flint residents warned of lead above filter grade (AP)
Flint residents were warned Friday that water samples from more than two dozen city locations have higher lead levels than filters can handle and that further tests are recommended. Dr. Nicole Lurie of the Department of Health and Human Services said the lead level in some Flint locations has exceeded 150 parts per billion, which is the level for which water filters are graded. She said people with levels over 150 ppb are being notified and their water being retested.

Officials: High lead levels too much for Flint filters (Detroit News)
Officials admitted late Friday the filters they've been handing out to residents may not be effective enough in removing lead from their faucets. Water samples collected from 26 random taps since the last week of December have shown lead levels higher than what filters are rated to handle — above 150 parts per billion. That is more than 10 times the level deemed safe by the U.S. Environmental Protection Agency. More than 3,900 homes were tested. The highest reading out of the 26 residences "was at least 4,000" parts per billion.

Governor Snyder says Flint residents need to make water testing a priority (WLNS)
Governor Rick Snyder is urging Flint residents to get their water tested. "It is essential that all Flint residents have the water in their homes tested as soon as possible," said Governor Rick Snyder.

U.S. Reps send letter to Gov. Snyder requesting Flint water crisis documents (Mlive)
Two members of the House Committee on Oversight and Government reform sent a letter to Gov. Rick Snyder requesting documents regarding the Flint water crisis. On Friday, Jan. 29, Maryland Rep. Elijah E. Cummings, the ranking member of the House Committee on Oversight and Government Reform, and U.S. Rep. Brenda Lawrence (D-Southfield), the ranking member of the Subcommittee on Interior, sent a letter to Snyder requesting the documents.

Hillary Clinton campaign: Let Dems debate in Flint (Freep)
Hillary Rodham Clinton's presidential campaign chairman called Saturday for a Democratic debate in Flint to draw attention to the water crisis there.

Michigan may get a Democratic debate in Flint (Detroit News)
"What will help Flint more than a political debate is expanding WIC and Medicaid to cover Flint children," Snyder wrote on Twitter.

Other news
Snyder honor draws protests at WSU board meeting (Detroit News)
Some Metro Detroiters frustrated with Gov. Rick Snyder over the Flint water crisis and other issues turned out Friday for a Wayne State University Board of Governors meeting, angry over an upcoming honor they believed the school was involved in.

Legislative Black Caucus asks Snyder to fire Earley (Freep)
The Michigan Legislative Black Caucus has asked Gov. Rick Snyder to fire Darnell Earley, saying he has left behind a trail of destruction both in Detroit Public Schools and in the city of Flint.

LT. GOVERNOR'S ACTIVITIES

On the fifth floor of a state office building in downtown, Richard Baird, top aide to Gov. Rick Snyder, convened a closed-door meeting of a dozen top state officials charged with a dual task aimed at fixing Flint.

Lieutenant Governor Brian Calley to address the Michigan Insurance sector (WLNS)
Medical coverage is playing a big part in the race for the White House with candidates promising to repeal, uphold or expand on the Affordable Care Act. Now, Lieutenant Governor Brian Calley plans to unveil a new look at the insurance industry in Michigan.

FLINT

Flint water crisis spurs calls to change open-record laws (AP)
Under fire for his administration's role in Flint's lead-tainted water emergency, Michigan Gov. Rick Snyder did something that would be legally required in most other states by releasing his government emails related to the crisis. He did not release them all, however.

State environmental agency to present Flint water plan (Freep)
The Michigan Department of Environmental Quality will present its comprehensive testing plan for Flint water to federal officials today based on monitoring hundreds of new sites around the city and mapping all of the system's lead piping that leached toxic metals into the city's drinking water supply.

The Michigan Department of Environmental Quality is proposing a five-part strategy to determine whether Flint's water is safe to drink (AP)
The state says the plan to try to ensure drinking water no longer is tainted with lead includes residential water testing, school testing, food service and restaurant provider testing, blood testing and overall testing of Flint's water distribution system. DEQ Director Keith Creagh told the Detroit Free Press his agency will outline plans Monday to the U.S. Environmental Protection Agency. Creagh hopes "to be able to say something about the general health of the system come mid-April."

Michigan DEQ Proposing Five-Part Strategy to Test Safety of Flint Water (9&10 News)
The Michigan Department of Environmental Quality is proposing a five-part strategy to determine if Flint's water is safe to drink. The plan to make sure drinking water is no longer tainted with lead includes testing residential, school, food service and restaurant water.

DHHS provides list of steps being taken in Flint water crisis (Mlive)
The federal government issued a laundry list of items that have taken place since President Barack Obama signed an emergency declaration earlier this month in response to Flint's water crisis.

Flint filing: AG can't defend both gov, workers (Detroit News)
Michigan Attorney General Bill Schuette said his office cannot legally defend both Gov. Rick Snyder and individual employees of the state Department of Environmental Quality in a lawsuit filed over the Flint water crisis.

Schuette to DEQ workers: Get your own lawyers in suit (Freep)
A new legal migraine could be kicking in for seven Michigan Department of Environmental Quality employees who are being sued over the Flint water crisis.

Thirsty kids, food prep challenge Flint schools (Detroit News)
Before sunrise at Northridge Academy, a kindergarten through eighth-grade charter school in Flint, students bundled in winter coats and hats file through the school's front doors and line up in the hallway to get their morning breakfast.

Flint Faces: Life stacked around bottled water (Freep)
Gospel music played in the background as Flois Dukes opened her oven and checked on the last bit of a hearty Sunday dinner she cooked for her daughters and grandchildren. It was almost like every other big Sunday dinner she's cooked — except for the fact she used nearly a gallon of bottled water to prepare her meal.

Lead levels elevated for thousands of Michigan children outside of Flint (Mlive)
As the nation wrings its hands about the plight of lead-poisoned children in Flint, thousands of other children

throughout Michigan face similar challenges because of exposure to the toxin. That includes pockets of children in communities ranging from Detroit, to the city of Morenci in Lenawee County, to the tiny village of Nashville east of Hastings.

Gov. Snyder signs emergency funding bill for Flint (Mlive)
Rap star Snoop Dogg has a concert scheduled at Detroit's Masonic Temple tonight. But before he hit the stage in the Motor City, he made a surprise trip to Flint.

DETROIT

Detroit Mayor Duggan expected to announce property tax reductions (WXYZ)
For years, Detroit residents have complained about high property taxes--and now, it looks like relief is on the way.

DPS students sound off on state of city schools (Fox 2 Detroit)
Students from Communication and Media Arts High School ended up being suspended initially for five days. That suspension was reduced to one day.

Ex-Detroit principal expected to enter plea for scheme (Detroit News)
Whether a wide-ranging corruption investigation into the Education Achievement Authority is over is not clear, but one chapter of the case will close this week when two defendants charged in a kickback scheme are expected to enter pleas in federal court.

Detroit's government watchdog asks for raise (Detroit Free Press)
The watchdog over Detroit's city government wants higher salaries for him and his staff.

Michigan Black Caucus calls for DPS emergency manager to be terminated (Fox 2 Detroit)
Some state lawmakers are calling for the termination of Detroit Public Schools' emergency manager Darnell Earley.

Vermin evidence found in at least 1 more Detroit schools (Detroit News)
The city of Detroit on Saturday released its latest round of public school building inspection reports that include evidence of vermin in at least one school.

City of Detroit releases health, safety inspection reports for more Detroit Public Schools (WXYZ)
The city of Detroit has released more inspection reports for Detroit Public Schools.

Detroit King students hold protest march about school conditions (Fox 2 Detroit)
Students at Detroit's Martin Luther King High School show solidarity with their teachers. They held a protest Friday demanding an end to horrible conditions in schools, large class sizes, and the lack of supplies.

Detroit teachers explain why they're 'sicking-out' (Time)
Thousands of people have fled the Detroit public schools, but Alise Anaya decides every day to do the opposite, commuting from the suburbs to teach in one city school and drop her children off at another

Teachers sue Detroit Public Schools after a month of 'sick-outs' and stomach-turning images of decay (Business Insider)
The Detroit Federation of Teachers has struck out at Detroit Public Schools (DPS) and DPS emergency manager Darnell Earley with a lawsuit claiming the district allowed schools to deteriorate "to the point of crisis" and have put the health and safety of students and staff at risk.

After parents sue, Detroit schools manager says he's done his job by addressing deficit (Mlive)
In response to a lawsuit filed against him Thursday by parents and teachers, the state-appointed emergency manager of Detroit Public Schools pointed out that he's eliminated the district's structural budget deficit.

More than 100 photos of mice, leaks and poor conditions at Detroit schools accompany lawsuit (MLive)
Teachers and parents who sued Detroit Public Schools on Thursday have gathered more than 100 photographs as evidence of poor school conditions to accompany their lawsuit.

DEPARTMENTS

AG

AG can't defend both gov, workers (Detroit News)
Michigan Attorney General Bill Schuette said his office cannot legally defend both Gov. Rick Snyder and individual employees of the state Department of Environmental Quality in a lawsuit filed over the Flint water crisis.

1,000 untested rape kits, 28 in St. Clair County (Times Herald)
Attorney General Bill Schuette announced this week that roughly 1,800 sexual assault kits from police agencies outside Wayne County have gone untested.

DEQ

Schuette to DEQ workers: Get your own lawyers in suit (Detroit Free Press)
A new legal migraine could be kicking in for seven Michigan Department of Environmental Quality employees who are being sued over the Flint water crisis.

Mayor Duggan joins fight to block Marathon refinery from releasing more pollutants (Deadline Detroit)

Protest over Southfield oil drilling continues as state seeks public input (Daily Tribune)
With an overwhelming response to this week's public meeting at the Southfield library to discuss the proposed oil drilling in the city, officials and activists are continuing their protest.

DHHS

Michigan wants health departments to consider collaborations (AP)
The Michigan Department of Health and Human Services is asking local health departments across the state to consider sharing services and other ways of collaborating.

Michigan's health agency offers money to local departments for ideas on sharing services (Crains)
The Michigan Department of Health and Human Services is asking local health departments across the state to consider sharing services and other ways of collaborating.

Both Michigan, Lenawee County see childhood immunization waivers decline from 2014 to 2015 (LenConnect)
The number of Lenawee County children given waivers to avoid immunizations was down 23.3 percent last year, according to reports released Thursday by state health authorities.

Fewer vaccination waivers good news in Lenewee County (LenConnect)
When Michigan last year enacted a new rule to reduce unnecessary waivers from childhood vaccinations, we said it was a sensible step. Based on data released this week by the Michigan Department of Health and Human Services, it also appears to be a success — both statewide and here in Lenawee County.

Michigan Cities test positive for high levels of lead in children (Pittsburgh Courier)
Researchers from the Michigan Department of Health and Human Services, as well as teachers and parents, are speaking out about the state's history of infecting children with lead – long before the Flint water crisis.

Dept. of Health and Human Services offering help to quit smoking (Mi News26)
As part of a national campaign to help smokers quit, anyone who calls the Michigan Tobacco Quitline and enrolls in February will receive eight weeks of free nicotine replacement therapy in.

Michigan recognizes national birth Defects Prevention Month (Midland Daily)
Every 4 1/2 minutes a baby is born with a birth defect in the United States. While not all birth defects can be prevented, women can increase their chances of having a healthy baby by managing health conditions and adopting healthy behaviors before becoming pregnant, the Michigan Department of Health and Human Services states.

DNR
DNR waives fees for free fishing weekend Feb. 13-14 (Battle Creek Enquirer)
The Michigan Department of Natural Resources has designated Feb. 13-14 as a Free Fishing Weekend allowing both residents and out-of-state visitors to fish for free.

Donation of fishing poles boosts Detroit River recreation (AP)
The U.S. Fish and Wildlife Service has donated nearly 300 fishing poles to help more children get interested in the sport along the Detroit River.

Wolves not threat to deer you may think (MLive)
In the snowy woods of the western Upper Peninsula, wildlife researchers are learning a thing or two about deer survival: what preys on adult whitetails and fawns — and what else contributes to their deaths.

Annual Water Advisory committee meeting focuses on lake health (C&G Newspapers)
Sharing a name with the lake along its coast, it's no wonder that St. Clair Shores residents would have a passion for Lake St. Clair.

DTMB
Michigan gave state employees purified water as it denied crisis, emails show (NYT)Throughout most of 2015, the administration of Gov. Rick Snyder told the residents of Flint, Mich., that their tap water was safe to drink. But emails released on Thursday suggest the state was concerned about its own employees' exposure to the city's water as early as January of last year, even arranging for purified water to be provided at a state office building there.

Mich. gave bottled water top state workers in Flint months before water crisis exposed (9&10)
The Michigan Department of Technology, Management and Budget provided bottled water to state workers last January, months before news came out about lead-tainted water in the city.

County job gains continue through to year's end (LenConnect)
Lenawee County held onto recent job gains through December when seasonal employment numbers normally decline. The county's jobless rate edged down to 3.6 percent because of a slight reduction in the labor force, according to figures released Thursday by the Michigan Department of Technology, Management & Budget.

Livingston County jobless rate holds mostly steady in December (WHMI)
Livingston County's jobless rate held mostly steady from November to December. Seasonally unadjusted jobless rates in December declined slightly over the month in most major labor market areas.

LARA
DeVos family buys Coppercraft Distillery, growth plans underway (Holland Sentinel)
It appears that the DeVos family of Grand Rapids is getting into the liquor business, starting with the purchase of assets from Coppercraft Distillery in Holland Township.

MDARD
Keeping your credit card safe from skimmers (WLNS)
Credit card skimmers have been a problem in Michigan since last August, but the numbers seem to be going down.

Michigan agriculture department director visits Hudson Dairy (LenConnect)
Michigan Department of Agriculture and Rural Development Director Jamie Clover Adams toured the Hudson Dairy Friday to get a ground-level view of the state's dairy industry.

Pscholka slams Orchard Hill's statement (Herald Palladium)
State Rep. Al Pscholka fired back Saturday against claims Orchard Hill Sanitary Landfill made in blasting his bill increasing fines for violations.

OPINION

Editorial: Detroit skills gap still too wide (Detroit News)
Detroit's economic recovery has made it to several of the city's centers — mainly downtown, Midtown and Corktown. But the city's neighborhoods remain poverty-stricken, with tens of thousands of residents who lack education and are unable to find a job that matches their skill levels.

Gade: EPA failure to act in Flint violated public trust (Detroit News)
Almost 45 years ago, Congress showed great wisdom in creating the architecture for implementing this country's environmental laws. From the Safe Drinking Water Act to the Clean Air Act, and to laws regulating hazardous and solid

waste, the U.S. Environmental Protection Agency shares the responsibility with state governments for implementing their provisions: from permitting, to inspections, to enforcement.

More on DPS buildings, Flint water (Detroit News)
We seem to have forgotten why the Detroit Public Schools have an emergency manager in the first place. Having said that, why isn't the director of operations and maintenance out in the field checking to see if buildings are being maintained properly? Why aren't building engineers complaining about deficiencies and safety issues? And, last but not least, why aren't principals in each building fighting for the safety of their students?

Finley: Trace Flint blame from water plant (Detroit News)
The obsession with how the decision was made to switch Flint to its own water system, and who made it, is misplaced. *While it turned into a disaster, it would have been inconsequential had it not been for some bad and baffling choices* made before the water started flowing to Flint residents.

Editorial: Reform civil service (Detroit News)
Lot of government reforms should come out of the Flint water crisis. Chief among them should be a reform of Michigan's civil service system.

Smith: Don't forget Snyder's good work (Detroit News)
Isn't it time for people to stand up and say, "Hey, that's our governor, you news personalities, celebrities and politicians are trashing and blaming for a problem that started long before he became governor"? Flint's poverty, lead-based paint issues, water and financial problems began years ago.

What Flint needs now (Detroit Free Press)
There's hope for the children of Flint. Exposed for nearly two years to lead in the city's drinking water — after a serious of disastrous decisions made by state, local and federal officials — Flint's children are at risk for a host of impacts associated with exposure to the toxic chemical: loss of IQ points, behavioral and mental health problems and developmental delays.

Michigan's vaccine policy is the right compromise (Detroit free Press)
We've heard something exciting from public health officials across Michigan: The number of nonmedical vaccine waivers has fallen dramatically — down 39% compared with 2014.

Flint's long misery, at the hands of urban policy (Detroit Free Press)
If you look at what has been happening in Flint, long before children were drinking foul water from the faucets in their homes, you'd not be surprised that any measure of wicked reality was headed the city's way.

We owe Flint so much—let's start with the truth (MLive)
Like so many of us here in Michigan, I'm horrified by what we're witnessing take place in Flint. Every time I turn on the faucet in my own home I'm reminded of it. A series of unforgivable failures in government has put the health of an entire generation of Flint residents at risk, and a city is left wondering why it took so long for anyone to hear their pleas for help.

Images of Bernie Sanders adorn a T-shirt at his speech in Cedar Rapids, Iowa, on Saturday. Todd Heisler/The New York Times

Your Monday Briefing

By ADEEL HASSAN

Good morning.

Here's what you need to know:

• Whose voters will show up?

The Iowa caucuses are tonight, and the results will hinge on turnout. The White House hopefuls are making last-ditch pitches to their supporters.

One big question is whether Bernie Sanders and Donald J. Trump can bring out a lot of nontraditional voters and remake the electorate, like Barack Obama did in 2008 to defeat Hillary Clinton.

Mr. Trump has widened his lead against Ted Cruz in Iowa. Many Wall Street financiers have rallied behind Marco Rubio, while a new counter-establishment of conservatives is backing Mr. Cruz.

The Times is providing full coverage all day. Catch up on updates here.

• Emergency talks on Zika virus.

The World Health Organization holds an emergency meeting today to decide whether Zika, which is transmitted by mosquitoes, should be declared an international emergency. The group says the virus, the source of a deformity in newborns in Brazil, is likely to spread across almost all of the Americas.

Genetically engineered mosquitoes are among the cutting-edge weapons being tested to fight Zika.

• Shuttle diplomacy.

As U.N.-brokered talks on Syria begin today in Geneva, the death toll from a suicide attack in Damascus on Sunday, for which the Islamic State group claimed responsibility, has risen to more than 70.

The major opposition groups and the representatives of President Bashar al-Assad's government are participating in the sessions. ISIS was not invited.

• The struggle against militancy.

shift from the austerity that has recently dominated policy.

And in Sweden, scores of masked men dressed in black arrived in Stockholm prepared to terrorize young migrants, but they were stopped by the police, the authorities said.

• **Care for schizophrenic patients.**

A new approach to treating early schizophrenia, which includes family counseling, has resulted in improvements in quality of life, researchers reported today.

The study comes just days after scientists said they had taken a significant step toward understanding the cause of the illness.

BUSINESS

• **Alphabet**, Google's parent company, is expected to report earnings today, giving investors their first look at data for each entity under its umbrella.

• **A group of hedge funds** and officials from Argentina will meet with a mediator in Manhattan to try to resolve a decade-long legal dispute over billions of dollars in bonds that Argentina defaulted on in 2001.

• **It may be years** before regulators have a firm understanding of the scope of the Takata airbag problem.

• **U.S. stocks** rose sharply on Friday, but they still ended January down more than 5 percent. Here are snapshots of the U.S. and world markets.

OVER THE WEEKEND

• **The State Department** confirmed for the first time that Hillary Clinton had "top secret" material in her personal email account.

• **Lead levels** in water in Flint, Mich., are too high for filters in some locations. Here are the facts about lead exposure.

• **Private sales of guns** were banned from Facebook and Instagram. The social network already prohibited offers to sell marijuana, pharmaceuticals and illegal drugs.

• **Nearly two dozen** high-ranking members of the Sinaloa drug cartel, once run by El Chapo, were arrested.

• **The N.F.L. said** the number of concussions players sustained in 2015 was 31.6 percent higher than in 2014.

• **The three men who escaped** from a maximum-security prison in Southern California were recaptured in the Bay Area.

• **A Times report showed** that for women in India seeking jobs, the guarantee of equality under the law means little.

• **Two Virginia Tech students** were arrested in connection with the abduction and death of a 13-year-old girl.

• **At the Australian Open,** Angelique Kerber and Novak Djokovic won singles' titles.

• **"Kung Fu Panda 3"** was the box-office winner. And the journalism drama "Spotlight" won the top prize at the Screen Actors Guild Awards.

• **Catching up on TV:** Episode recaps for "Billions" and "Downton Abbey."

NOTEWORTHY

• **Unpublished black history.**

Here are some revealing moments from The Times's archives. We'll add images daily in February, Black History Month, and you can also sign up for email updates.

• **A run around the world.**

Becca Pizzi is the first American woman to complete seven marathons on seven continents in seven days. Daniel Cartica of the U.S. also accomplished the feat.

• **Scam alerts.**

Some tax preparers are telling clients to pay them the penalties for going without health insurance, only to keep the money for themselves.

And fake locksmiths are among the fastest-growing sources of consumer complaints.

• **What's to cook.**

Dinner in 15 minutes? Our friends at NYT Cooking recommend fettuccine Alfredo tonight.

BACK STORY

It's fitting that today, the birthday of Langston Hughes — the poet and leading figure of the Harlem Renaissance — is also the start of Black History Month.

American experience. And they continue to do so.

Hughes got his break while working as a busboy at a Washington hotel. He slipped his poems next to the plate of the poet Vachel Lindsay who read them and was immediately impressed.

Introductions were made and Hughes was soon a published poet. He received a full scholarship to Lincoln University in Pennsylvania, and his debut book, "The Weary Blues," was released even before he graduated in 1929.

Hughes was born in Joplin, Mo., and his parents' divorce forced him to move around a lot.

One of those moves was fortuitous. He was named "class poet" in grammar school in Lincoln, Ill. He later said he believed he was chosen because of a stereotype that blacks had rhythm.

"There were only two of us Negro kids in the whole class and our English teacher was always stressing the importance of rhythm in poetry," he said.

It led Hughes to try his hand at writing, and the rest is literary history.

State outlines initiatives to determine safe drinking levels and to provide long-term assistance to Flint children

FOR IMMEDIATE RELEASE
January 31, 2016
Release: #25

Flint, Mich. – Strategies to determine when Flint's water is safe to drink and to ensure that the city's children have access to comprehensive health care are key to the state's long-term solutions in the Flint water crisis.

Short-term, Gov. Rick Snyder is urging every Flint resident to get a water test kit.

"Almost 5,000 homes submitted water tests, but we want to encourage everyone to submit a water test. Please pick up a free water test kit at one of the Flint fire stations and return the sample to the same location," Snyder said. "We want to ensure that all homes are getting the proper immediate attention and the home water tests will help in that process. If you need assistance, please call United Way 2-1-1 for help."

In addition to the federal emergency declaration, which was granted on Jan. 16, Snyder has requested more federal help for Flint: "While the USDA denied my request to expand WIC nutrition support for Flint children ages 5-10, I'm asking that agency to reconsider. I'm also encouraging the federal government to grant my requests to extend Medicaid eligibility to all Flint residents ages 21 and under, provide long-term health care services for children and help with lead abatement."

On Friday, Snyder signed legislation that will allocate $28 million for more water resources and expanded health care initiatives, including more school nurses, diagnostic tests and community education through the Genesee County Health Department. He also plans to include additional long-term aid for Flint in his FY 2017 budget proposal to be unveiled early this month.

Here's what key Michigan departments are doing to help with the Flint water emergency:

Michigan Department of Environmental Quality

The Michigan Department of Environmental Quality (DEQ) has embarked on a five-part strategy to establish a baseline of data to determine when the water is safe to drink.

The strategy includes:

•Residential water testing: At-home water testing done by residents is key in guiding experts to areas of concern.

To date, of 4,924 total residential water samples, tests show that 93.7 percent of homes are below the actionable level of 15 parts per billion (ppb) for lead:

4,616 samples at 15 ppb or less for lead (93.7%);
4,179 samples at 5 ppb or less for lead (84.9%);
308 samples over 15 ppb for lead (6.3%);
37 samples over 150 ppb for lead (0.75%); and
26 samples over 1,300 ppb for copper (0.5%).

Water samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams. To process these samples as efficiently as possible, the Michigan Department DEQ lab is

operating seven days per week and is capable of processing 1,000 tests per day. Residents can access these reports online at www.mi.gov/FlintWater. Results are mailed to each residence tested.

•School testing: Michigan DEQ in collaboration with the Michigan Department of Licensing and Regulatory Affairs (LARA) has tested all 13 public schools in the city and continues to test non-public schools, children's centers and senior centers. The state will retest the public schools once it has completed replacing water fixtures. Fixture replacement has begun at Freeman School, which will be retested after water flushing happens within the next week.

•Food service/restaurant provider testing: Michigan DEQ is working in collaboration with the Michigan Department of Agriculture and Rural Development (MDARD) to test establishments and ensure they are using water filters, flushing water systems properly and using the correct food and water standards.

•Blood level testing: Michigan DEQ is working in conjunction with the Michigan Department of Health and Human Services (MDHHS) to ensure that residents with high blood lead levels have their water tested for lead. Homes with high water lead levels are provided additional services by MDHHS and the Genesee County Health Department to ensure residents' exposure to lead is minimized.

•Flint water distribution system testing: Michigan DEQ and the City of Flint are working to monitor and test the quality of the water as it travels throughout the city's water distribution system. Additionally, sentinel sites are being established to set a baseline for data collection.

Michigan DEQ is working with the EPA on trend analysis and data sets that will be reviewed by the Flint Water Interagency Coordinating Committee, which includes water quality experts to help local, state and federal officials provide a consensus conclusion on water quality and safety.

Michigan Department of Health and Human Services

In response to the elevated blood lead levels found in some Flint children, the MDHHS has worked closely with partners at the state and local level to reach and educate families and providers about what they can do to help protect the health of Flint residents.

These actions include funding to Genesee County Health Department for nurses to work with families when an elevated blood lead level has been detected. During follow-up visits, nurses coordinate with environmental health investigators to meet with families in their homes to identify lead exposures, answer questions and provide water filters.

As part of the effort to test Flint residents, the following data includes all children and adults tested since Oct. 1, 2015:

•67 of 3,351 Flint residents tested showed an elevated blood lead level;
•38 of 1,505 children under the age of 6 showed an elevated blood lead level;
•Seven of 963 children between 6 and 17 years of age showed an elevated blood lead level; and
•22 of 883 adults over the age of 18 showed an elevated blood lead level.

Because lead stays in the blood for only a few weeks after exposure, these numbers do not provide a comprehensive picture of how many people may have been exposed. MDHHS continues to focus on ensuring that all children in Flint have access to additional behavioral, educational, nutritional and healthcare supports, as well as encouraging every resident to get tested for elevated blood lead levels.

Emergency Management Response

Today, water response teams comprised of city, county and state personnel, American Red Cross and volunteers continued door-to-door delivery efforts. These teams are canvassing neighborhoods providing free bottled water, filters, water replacement cartridges and water testing kits to City of Flint water system consumers not yet identified as having a water filter. These door-to-door efforts also include the 266 homes outside of the city limits on the municipal water system.

Additionally, homebound residents who need supplies should call United Way 2-1-1 or 810-257-3600. The United Way 2-1-1 is collecting a list of individuals needing home delivery and is providing that information to the Genesee County Sheriff's Department.

Since Jan. 9, 2016, the following resources have been distributed to residents, both at the water resource sites and by water response teams:

•234,490 cases of water
•100,593 water filters
•32,093 water testing kits

Water resource sites remain open daily from 9 a.m. to 9 p.m. and can be found at the five city fire stations. For locations, go to www.michigan.gov/flintwater.

Due to an overwhelming response from individuals who want to donate, please direct inquiries to FlintDonations@michigan.gov or 517-420-4162. You can also donate online at www.helpforflint.com.

Additional information is available at www.michigan.gov/flintwater, or by calling United Way 211.

Subject: SEOC Update 1/31/16 - Flint Water - Limited Distribution
Attachments: SitRep26 Flint Water.pdf

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/31/16 – 27th Day (26th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue investigating a warehousing option for non-palletized donations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Finalize SBA application.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- **10 American Red Cross Teams scheduled for Monday, February 1, 2016**
- **City Sections Scheduled Tomorrow***: Franchise Customers, Additional to be determined.

*City sections subject to change based on available data updates. Teams will reach out for additional assignments if entire city section is completed during the operational period.

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- Information reported to the JIC:
  - As of 1/31/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 1/31/2016
30,770	37,844	9,577	551*

*Due to an issue with the iPads in the field not all numbers were captured for today's outreach. The additional residences will be entered tonight by ARC and will be included in the data for tomorrow, per Recovery Branch.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	234,490
b. Filters	100,593
c. Filter cartridges	204,736
d. Test kits	32,093

3. Resources purchased:
   a. Cases of water 2,637,324 Liters (additional 996,080 Liters donated)
   b. Filters 165,048
   c. Filter Cartridges 383,282
   d. Test kits 62,701
4. Teams going out tomorrow:
   a. 10 American Red Cross Teams scheduled for Monday, February 1, 2016.

New Standing Information Requirements

1. **Number of homes visited each day:**
   a. 1/31/16, as of 5 pm, 551* homes were visited today
      i. *The numbers are low due to an issue with the iPad input, the additional residences will be inputted tonight and included in tomorrow numbers.
2. **Total number of homes visited:**
   a. Targeted Canvassing Mission: 9,577
3. **Total number of National Guard on the ground:**
   a. 53
4. **Total Number of Volunteers each day:**
   a. 236 volunteers on 1/31/2016, per ARC.
5. **Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,831	28,081
Active residential water subscribers	26,673	22,334

6. **Number of Water filters distributed (each day and to date):**
   a. 624 (299 FWRT + 325 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and total distributed to date is 100,593.
7. **Cases of Bottle water distributed (each day and to date):**
   a. 7,302 (426 FWRT +6876 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 234,490.
8. **Number of testing kits distributed (each day and to date):**
   a. 581 (251 FWRT +330 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 32,093.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
   a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
      *This data will not be updated again until Tuesday.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
       i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
       ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7

iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22

*This data will not be updated again until Tuesday

11. **Number of homes with safe drinking water:**
    a. 5,020 water samples out of 5,356 sampled through **January 31, 2016** are at or below the action level of 15 ppb for lead. Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Addressing various public concerns, including concerns regarding filter efficiency.
- Establishing procedures for receiving incoming donations of loose water at overflow locations.
- Established rapid response delivery plan with ARC and Team Rubicon.
- Coordinated rapid response deliveries to homebound residents and special locations.
- Coordinated with VRC for door-to-door distribution of recycling information and supplies.
- Genesee County Board of Commissioners meeting scheduled for 02/01/2016.

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	02/02/2016 08:00:00
Operational Period End:	02/09/2016 08:00:00
Situation Report No.	32
SEOC Status:	Full
SEOC Hours of Operation Begin:	02/06/2016 08:00:00
SEOC Hours of Operation End:	02/06/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (February 6, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Followed up on request for equipment/supplies from ALANaid for new warehouse.
- Reviewed and modified Adventist Community Service Agreement.
- Working to secure space in Kroger for SBA office, additional information needed from SBA.
- Working on getting the supplies and equipment needed to make the second warehouse functional.
- Clarified roles at both warehouses.
- Worked with DOC to coordinate staffing for warehouse #2 to determine needed meals.

JIC:
- Monitored media and social media for inaccuracies.
- Posted the AIA Flint Safe Water Storage Guideline flyers on MI CIMS under internal documents.
- Posted the 211 video on the MSP Facebook accounts and EMHSD twitter account.
- The number of filters and cases of bottled water distributed to date will be shared via social media tomorrow morning.

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meetings, and Distribution Process Meetings.
- Completed plan for ARC to visit zero contact list.
- Worked with GIS to obtain a follow-up visits list for ARC teams to visit homes with few visits by our teams, focusing especially on those without a filter.
- Team Priority Visited Today: Zero contacts from previous sweeps list.
- Team Priority Scheduled Tomorrow: Zero contacts from previous sweeps list; follow-up visits list.
- 10 American Red Cross Teams scheduled for Sunday, February 7, 2016.
- Data is for 2/6/16 as of 5:00 pm:

o Total homes visited:
- 16,561 (round 3 total).
- 1,034 (today).

o Water cases (liters calculated by multiplying # of cases x 12):
- 115,908 liters or 9,659 cases (round 3 total).
- 4,368 liters or 364 cases (today).

o Replacement cartridges:
- 3,332 (round 3 total).
- 265 (today).

o Faucet filters:
- 7,093 (round 3 total).
- 81 (today).

Planning Section:
- Published Sit Rep # 32.
- Updated water projections to included long term donated water.
- Developed procedures for each planning section position.
- Participated in daily meetings, local EOC, state agency briefing, and distribution process meeting.

Operations Section:
o Facilitated daily local EOC and SEOC state agency briefings.
o Responded to requests from the Governor's office for information or service and assisted State agencies in fulfilling those tasks.
o 225 total volunteers (23 ARC and 202 event based) were active on the FWRTs today.

o Warehouse Numbers as of 1800:
❑ Water (liters):
• 647,462 liters or 53,955 cases.
❑ Filters (faucet):
• 50,096.
❑ Replacement cartridges:
• 379,562.
❑ Test Kits (prepped):
• 29,070.
o PODs (1700 2/5 – 1600 2/6):
❑ Water (cases):
• 83,268 liters or 6,939 cases.
❑ Filters (faucet):
• 121.
❑ Replacement Cartridges:
• 388.
❑ Test kits:
• 256.

Finance Section:
• Updated spending plan with actual costs.
• Updated financial contact list for all agencies.
• Created PCA for Flint Water Inter-Agency Coordination Committee.
• Reviewed activity code usage for payroll tracking.

GIS Branch Updates:
• Geocoded and cleansed addresses for food establishments in the Flint Metro Area.
• Digitized water service lines coded by pressure from paper map onto digital map.
• Provided standard daily maps and reports.
• Faith Based Facilities Map.
• Water Test Kit Map Update.

DTMB:
• Continue to provide DTMB management with daily updates and resource requests received.
• Looking to secure office space for SBA Disaster Loan Outreach Center within the City of Flint.
• Provided DNR calendar access for incident management team and VPN access for two employees.
• Confirmed DTMB trucks/drivers to assist in supply delivery at the Clio Road warehouse and Eastern Michigan Food Bank for the next two weeks.

DHHS-CH:
• A team from the CDC arrived yesterday to work with MDHHS Bureau of Epidemiology.
• Contacted MDARD EMC to follow-up on an inquiry that the CHECC received from CDC personnel in the UCG, regarding pets and animals in Flint. MDARD was able to connect with CDC staff in Flint to discuss and collaborate on efforts.
• Inquired with the CHECC regarding GCHD participating in home visits for residences for which test results were greater than 150 PPB. DEQ provided SEOC with a list of the homes visited and it appeared that only home that was listed included a visit by GCHD staff.

DEQ:
• One team comprised of DEQ and DHHS staff continued with contacting residents and providing services. The team contacted 13 residents on February 4, 2016. All those agreed to participate in sentinel sampling and further assessments.
• Access to the Flint Water website was gained to provide for the ability of department staff to upload EPA reports.
• Finalized sentinel sampling plan to commence activities beginning February 10th, 2016.
• Continued to establish and clarify protocol for sampling teams and developed mobile data collection software application ("Collector").

State Voluntary Agency Liaison (VAL):
• Working on the Category B and Individuals and Households appeal.

Unified Coordination Group (UCG):
• Attended 3 matrix review meetings, taskforce leads give status updates on the original requests/asks sent from the State to Federal government.
• UCG POC will update the objectives with current status once completed by the information cell.
• EPA has 4 teams going out today, 17 filter grabs, a sequential sampling, and walk in requests.
• Additional phosphorus results remain consistent with previous reports. Appears the coating is working in the pipes.
• Multiple Hispanic events are taking place in the community and will be attended by federal staff.
• CDC recommendation should go out today for blood level testing for children under the age of 6.

Local EOC:
• Completed DEQ outreach at homes with water lead levels above 150 ppb.
• Developing plan for outreach at homes with water lead levels of 100 to 149 ppb.
• Will start outreach at homes with water lead levels of 100 to 149 ppb with one group on Monday.
• Potentially following up on initial outreach at homes with water lead levels of 100 to 149 ppb. 10 strike teams for evaluation of pluming system, water sampling, etc. starting Wednesday.
• Evaluating need to address health needs of companion animals in households exceeding water lead levels above 100 ppb.
• Awaiting clarification regarding effectiveness of filter systems for removal of copper.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.

8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) operated from the SEOC on Saturday Feb 6 from 8 a.m. to 5 p.m.

Tasks accomplished:

- Monitored media and social media for inaccuracies.
- Posted the AIA Flint Safe Water Storage Guideline flyers on MI CIMS under internal documents.
- Posted the 211 video on the MSP Facebook accounts and EMHSD twitter account.
- The number of filters and cases of bottled water distributed to date will be shared via social media tomorrow morning.

Agriculture and Rural Development (MDARD)

MDARD issues for Sat. Feb 6
Someone from CDC provide a Q & A document related to lead and pets; MDARD staff will review and then coordinate with the JIC.
We received an inquiry from the Genesee County Emergency Management Manager that contained misinformation about the coordination and response to possible lead exposure in pets and we provided correct information.
MDARD is planning for additional follow up with food related businesses as water test results come in; new maps with updated information will help with future prioritization.
Director Clover Adams visited the SEOC today.
MDARD will attend a USDA-Natural Resources Conservation Service press conference to be held on Monday; NRCS will be *announcing funds to support community gardens and local foods.*

American Red Cross (ARC)

The American Red Cross deployed 10 Water Response Teams on Saturday, 2/6/16, to attempt contact at those residences where no one had yet answered the door. Additionally, teams of event-based volunteers were sent out to deliver water door-to-door.

The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm. The VRC will operate on the same schedule tomorrow.

Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Reviewed media coverage of Michigan Civil Rights Commission press release on forthcoming public hearings; forwarded to staff past media coverage concerning Genesee County Incinerator.

Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD.

A team from the CDC arrived yesterday to work with MDHHS Bureau of Epidemiology. Their work began today by beginning to analyze data for the development of long term surveillance strategies that will look to link blood lead level results to specific populations, to include vulnerable and at-risk populations.

Contacted with MDARD EMC to follow-up on an inquiry that the CHECC received from CDC personnel in the UCG, regarding pets and animals in Flint. MDARD was able to connect with CDC staff in Flint to discuss and collaborate on efforts.

Inquired with the CHECC regarding GCHD participating in home visits for residences for which test results were greater than 150 PPB. DEQ provided SEOC with a list of the homes visited and it appeared that only home that was listed included a visit by GCHD staff. The CHECC will be contacting the GCHD on Sunday to verify with the local Environmental Health POC, who is off today.

Received responses from MDHHS Epidemiology pertaining to the Tele-town Hall questions that the SEOC Operations Chief had requested answers to from a health perspective.

Corrections (MDOC)

MDOC continued operations at both warehouses and all PODs were well supplied during the entire operational period.

MDOC continue to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

223 water samples were collected and delivered to the DEQ Lab in Lansing. 223 Residential and zero MI Department of Agriculture and Rural Development (MDARD) (as they don't take weekend samples).

MDOC had 19 employees and two SAI work crews (10 trainees total) on the ground in Flint today.

In an effort to reduce overtime costs we are working on completing a critical staff review. All dedicated resources will be reviewed to determine if it is feasible to reduce staffing in lieu of volunteers wherever possible.

We are working with Finance and MDOC assets to capture total employee payroll information and expenditures.

MDOC continue to staff the SEOC from 0800-2000, 7 days/week.

Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC.

Education (MDE)

1. *Donations Management Group asked MDE for information regarding which schools in Flint have drinkable water and which* schools do not. This request was in response to schools turning down bottled water. Donations management wants verification of what schools need water. MDE is following-up with impacted schools. MDE will update the Donations Management Group when further information is received.
2. MDE participated in a conference call, Friday (15:00) being coordinated by MDARD and related to school testing
3. As a result of conference call, MDE tasked with providing LARA a listing of all educational programs (Non Public) that are within impacted zip codes that are not registered with MDE as a school/entity (Non Publics are not required to register with MDE).
4. MDE is working to provide a spreadsheet to DHHS with the names and addresses of all Flint kids enrolled in Early Head Start/Head Start under age 6. The information will be compared to the list of children who have had lead testing.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

Participation in Unified Coordination Group

Developed detail task list for SEOC DEQ desk

223 samples received at the laboratory

Human Services (MDHS)

Looking into filtration system for a child care institute, possibly through donation.

Passing on resource request for staff to assist with donation management mission.

Licensing and Regulatory Affairs (LARA)

Participated in daily briefings and updated the LARA Executive Team

LARA *continues to monitor* DEQ's *test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.*

Freeman Elementary was tested today (2/6/15) by DEQ/LARA staff members.

LARA completed mapping in the dormitory, (Michigan School for the Deaf) and completed a materials list for the main school building.

Military and Veterans Affairs (DMVA)

Commanders Situation Report (SITREP)

1. DTG: 0612002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC: 1LT Roland, John G. Cell: Email: john.g.roland2.mil@mail.mil

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the *Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and* water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Traffic signs are in place at all stations. Flint City Engineering with the aid of National Guard Soldiers, have placed signs in accordance with city code.

b. POD 5 has received additional generator lighting from MDOT. All PODs now have sufficient lighting.

c. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC, 2LT Benke, will be seeking approval from CPT Bowles and Dana and/or Kim at the purchasing office for laminating.

d. Last 24hrs operation.

1.) MSU Athletics showed up to the PODs unannounced in order to promote recycling. The original plan was to have the athletes

promote recycling from the Warehouse 2 location. All efforts went without any incidents, even with the lack of planning and coordinating.

8. PERSONNEL: Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: No Force Protection intelligence at this time.

10. LOGISTICS: In support of TF Flint

a. In support of recycle project sponsored by Schupon, the special purpose recycle bags have not been distributed to POD operations.

1.) Logistics is expecting the recycle bags to be on the PODs for distribution within the next 48hrs. In addition the instruction cards will be attached to the recycle bags.

b. Hotel issues have been resolved.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• AAR and operational notes are being consolidated into SOP's to send to JOC to assist in updating the All Hazards Plan.
• An operational handoff packet including SOP's, POC's, POD sector sketches, hand-receipts, and other operational notes is being built to assist the incoming unit.
• OUT (last 24 hours)
Bottled water-4507 Water (Gallons)-40 Lead Testing Kits-214
Pitcher (23 cup)-0 Brita Faucet Filter-206 Brita Replacement Cartridge-303
Pur Filter-62 Pur Replacement Filter-280

National Weather Service (NWS)

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

Natural Resources (MDNR)

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200

State Police (MSP)

11:38 a.m. MSP Operations received NRC Report# 1139847 reporting a spill into the Flint River that occurred July 1, 2015. This information was forwarded the EMHSD Duty Officer Tonya Nobach and EMHSD 3rd District Coordinator Lt. B.J. Roach.
****Mardella Horhn - SEOC OPS Public Safety MSP - HorhnM@michigan.gov at 12:20:29 on 2/5/2016****

11:17 a.m. - Brent Travelbee from DOC called Operations to request a trooper to respond to the Clio Road Warehouse to take an accident report for one of his drivers. Genesee County Dispatch was contacted at 11:28 to dispatch a trooper for the report.
****Mardella Horhn - SEOC OPS Public Safety MSP - HorhnM@michigan.gov at 12:15:54 on 2/5/2016****

Request received from SEOCLGC to find out Customs procedure for Canadian carrier company interested in arranging efforts to have truckloads of water brought across the border. These shipments require an importer of record and must be entered through US Customs and FDA. Spoke with officer at CBP and sent an email that will be forwarded through their chain of command. Will contact us with an answer.
****Valencia Jones - SEOC OPS Public Safety MSP - jonesv4@michigan.gov at 17:54:28 on 2/5/2016***

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

Technology, Management and Budget (MDTMB)

Continue to provide DTMB management with daily updates and resource requests received.

Looking to secure office space for SBA Disaster Loan Outreach Center within the City of Flint.
Provided laptop, iPhone and MIFI for use at the Pierson Rd. Warehouse.
Provided access for multiple employees to DTMB-managed buildings.
Coordinating armed security for the second warehouse from 7p to 7a, 7 days a week.
Procured additional supplies for the Pierson Rd. Warehouse.
Assisting in rental of (2) electric pallet jacks for Pierson Rd. Warehouse.

Transportation (MDOT)

Providing 2 portable light tower generators to Fire Station #5 on Western Rd.

Facilitated with the City of Flint Public Works to deploy signs and barricades at Fire Station #1, #5, and #8 to assist with traffic flow through parking lots.

Providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 (3' x 5') standard signs fabricated and set up to replace 4 portable changeable message boards (2 each site)
-100 grabber traffic cones (narrow reflective cones) (50 each site).

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

Flint Water Daily Update
Updated Feb. 5

Current Issues Talking Points

U.S. Small Business Administration disaster declaration request approved

- Coordination across all levels is necessary to assist Flint along its road to recovery. This disaster has impacted many families both at home and through their businesses.
- In an effort to secure all available resources to ensure the safety and well-being of Flint residents, the Governor requested a disaster declaration from the Small Business Administration yesterday, Feb. 4.
- The disaster declaration request was granted today, allowing Flint businesses, small agriculture cooperatives, and most private, nonprofit organizations who may have been affected by lead-impacted water to qualify for financial assistance in the form of federal Economic Injury Disaster loans.
- The SBA tailors loan repayment to each individual borrower's financial ability. Business owners seeking these loans must apply by Nov. 7, 2016.
- The approval will help support comprehensive recovery efforts in the city from health and infrastructure to economic development.

Former head of DEQ water quality unit removed

- The Governor remains committed to building a DEQ culture of trust and responsibility with residents well-being as a top priority.
- After a departmental review of circumstances and actions leading up to the Flint water crisis, the former head of the MDEQ Drinking Water and Municipal Assistance unit was officially terminated today.
- The former supervisor was dismissed following a disciplinary conference regarding performance.

Governor invited to testify at Congressional Hearing

- The Governor received an invitation to testify at the Democratic Steering and Policy Committee hearing in Washington D.C. next week.
- At this point in time, the Executive Office is reviewing the request.

Task Force Coordination/Communication Concerns

- Gov. Snyder has promised full cooperation with the Flint Water Task Force and any other authority investigating the Flint water crisis.
- The situation Dr. Reynolds described at the FWIACC meeting today is exactly the frustration the Governor has spoken about regarding the culture in some state departments that was a problem and needed to be changed.
- The Governor is actively taking steps to rectify the situation, and ensure that authorities get the information they need when they need it.
- We are glad that Dr. Reynolds raised the issue directly with us today. We will not tolerate any departments withholding information from the task force.

NEWS RELEASE

FOR IMMEDIATE RELEASE
DRAFT: February 5, 2016
Release #: 32

Key Flint Water Materials Now Translated into Spanish, Mandarin Chinese and Arabic

Flint, Mich. – To ensure all communities in Flint have the information they need, the state continues to add to the inventory of important communications. Key informational materials related to the Flint water crisis are now available in Spanish, Mandarin Chinese, and Arabic, and are currently being translated into American Sign Language (ASL).

"It is vital that all Flint residents, regardless of their native language, has access to all of the information and resources they need during this emergency," said Governor Rick Snyder.

In addition to translating materials into target languages, the State of Michigan Joint Information Center is reviewing existing documents and videos for translation.

"Flint is home to a number of individuals who may not be proficient in English, including a significant community of people who use American Sign Language," said Agustin Arbulu, Director of the Michigan Department of Civil Rights. "It is essential that they have access to the same important information we're providing to everyone."

In consultation with community leaders and the Michigan Department of Civil Rights, the Joint Information Center and State Emergency Operations Center have identified the following languages for translation and are working with certified translators to have important documents translated:

- Spanish
- Hmong
- Mandarin Chinese
- Arabic
- American Sign Language

Translated documents are available in the "Alternative Language Resources: Español - 中文 - العربي" area of www.michigan.gov/flintwater. Further, our federal partners have resources available in Spanish, traditional Chinese, simple Chinese, Vietnamese, and Korean available at www.epa.gov/flint.

JOINT INFORMATION CENTER

NEWS RELEASE

FOR IMMEDIATE RELEASE
February 5, 2016
Release #: 32

State Teams Visit Homes with Lead Levels above 150ppb

Flint, Mich. – The State of Michigan is sending health and water teams throughout the city of Flint to all residences where water test results showed lead levels above 150 parts per billion (ppb). Of the 5,590 total samples tested, 47 samples are greater than 150 ppb (0.84 percent).

Although the Environmental Protection Agency's early sampling results confirm lead removal filters are working, the safest drinking water for nursing and pregnant mothers and children under 6 years of age is bottled water. Because National Sanitation Foundation (NSF)-certified filters are certified for use with water containing lead levels up to 150 ppb, health officials are still advising residents with samples greater than 150 ppb take extra precautions and drink only bottled water.

Representatives from the Departments of Environmental Quality (DEQ), Health and Human Services (MDHHS) and other state officials are visiting residences to provide:

- Health and wellness information, recommendations and consultations;
- Plumbing inspection by a licensed plumber;
- Additional bottled water, filters and sample kits.

"All Flint residents need to have the water in their homes tested immediately," said Lt. Governor Brian Calley. "The State of Michigan is directly contacting homes that test above 150 ppb to provide a diverse set of additional assistance and guidance including essential information about blood lead level testing resources."

All children younger than 6 years of age should have their blood lead levels tested by their doctor or receive free testing at the Genesee County Health Department.

Water testing kits, along with bottled water and NSF-certified water filters, are available free of charge at water resource sites throughout the city.

DEQ continues to process water samples of residences. The updated number of samples reflects the number of samples taken at residences and is not reflective of the total number of households.

Updated lead test results:

- 4,737 are 5 ppb or less (84.7 percent)
- 5,227 are 15 ppb or less (93.5 percent)
- 362 are greater than 15 ppb (6.5 percent)
- 47 are greater than 150 ppb (0.84 percent)

Updated test results can be found: www.michigan.gov/flintwater.

In addition to water response teams, water resource sites remain open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1 (also a recycling site)
310 East 5th St.

Fire Station #3
1525 Martin Luther King Ave.

Fire Station #5 (also a recycling site)
3402 Western Rd.

Fire Station #6
716 West Pierson Rd.

Fire Station #8 (also a recycling site)
202 East Atherton Rd.

All water filters distributed by the State of Michigan are certified by NSF International for lead reduction. Individuals wishing to verify that a specific filter is NSF-certified can do so via the NSF website.

The State of Michigan continues to coordinate response efforts in partnership with federal agencies, the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater, by calling 211 or visiting www.helpforflint.com.

State Encourages Food Establishments to take Advantage of Free Water Safety Inspections

Local and State Leaders Showcase Water Assessments Done at Flint Food Establishments

Flint, Mich. – In an effort to support Flint food-based businesses, Lt. Gov. Brian Calley, along with local and state food regulators and business development officials, provided a behind-the-scenes look at how the Michigan Department of Agriculture and Rural Development (MDARD) and Genesee County Health Department are working with local food establishments to conduct water assessments and ensure food safety precautions are in place.

"Flint has hundreds of restaurants, retail food markets and food processors committed to serving its residents safely," Calley said. "These establishments can now receive free assessments from MDARD and the Genesee County Health Department to ensure food safety precautions are in place."

"In response to this emergency and the need to assess lead levels in water being used at Flint food establishments, MDARD has mobilized 14 food inspectors, working full-time to conduct risk-based compliance assessments and verify adherence to current water source requirements," said MDARD Director Jamie Clover Adams. "MDARD inspectors are assisting the Genesee County Health Department in conducting the sampling and inspections, allowing the health department to focus its efforts on checking other priority facilities in its jurisdiction, including childcare facilities."

Food establishments must take extra precautions to protect food safety during the Flint water emergency. These precautions include having the water tested by an accredited laboratory to prove it is safe to use; installing approved water filters, as needed; flushing unfiltered faucets and hard-plumbed equipment on a daily basis; or using commercially bottled water for all cooking, cleaning/washing and drinking.

"Flint's restaurants and other food establishments are demonstrating they are taking the necessary precautions to reduce potential food safety risks associated with Flint water," said Mark Valacak, Health Officer, Genesee County Health Department. "Safe food preparation and handling is the cornerstone of any food business's success, and we are

MORE

dedicated to working cooperatively with MDARD and the food service establishments we regulate to ensure the safety of our food supply."

The State of Michigan is covering the cost of water sample testing for food establishments on the City of Flint water supply.

"The restaurants, bars, cafes and other food businesses, like the Flint Farmers' Market, in Flint are the backbone of the city's culture and economic success, and help define who we are as a community," said George Wilkinson, Group Vice President, Flint & Genesee Chamber of Commerce. "Whether a relative new-comer or a well-established dining institution, we need to do whatever we can to support Flint food businesses and ensure their success."

Flint has a total of 633 licensed food businesses, including restaurants, food processors and retail grocery stores. Assessments have been prioritized according to risk, with those in known high-lead areas taking first priority, and by request from food establishments. Food businesses who have not yet had an assessment or free water sample testing can call MDARD's Call Center at 800-292-3939 to schedule an appointment.

As of Feb. 4, MDARD has completed approximately 225 initial assessments of food businesses and has begun doing follow-up assessments. If the businesses are taking the required precautions, they are determined to be in compliance with state and federal food regulations. A list of food businesses determined to be in compliance with current water use regulations is available at www.michigan.gov/flintwater. The list is updated regularly.

Flint food businesses not included on the list are not necessarily out of compliance with Michigan food regulations. Some businesses have not yet received a compliance assessment from food inspectors.

Initial water samples taken at the facilities were "first-draw" samples, taken when the water had not been in use for at least six hours. If first-draw samples showed any lead levels, follow-up samples are being taken. MDARD will continue to work with businesses to make sure they are in compliance with water use requirements and assist them in getting water test sample results below detectable levels.

For more information, or to schedule a food establishment water assessment, contact MDARD at 800-292-3939.

GOV's ACTIVITIES

Legionnaires

Emails warned Gov. Snyder's staff early of water, Legionnaires' link (AP)
High-ranking officials in Michigan Gov. Rick Snyder's administration were aware of a surge in Legionnaires' disease potentially linked to Flint's water long before the governor reported the increase to the public last month, internal emails show.

Emails show Snyder's Office Knew About The Surge in Legionnaire's Disease (9 & 10 News)
New details Thursday night on the investigation into the Flint water crisis. Internal emails show that high ranking officials knew about a surge in legionnaire's disease long before it was made public. Governor Snyder made the announcement in January.

Emails: Snyder aide was told of Legionnaires' in March (Detroit Free Press)
An aide in the office of Gov. Rick Snyder was notified in March — more than nine months before Snyder said he learned of the problem — that there was an increase in Legionnaires' disease in Genesee County and a county health official attributed the change to drinking water taken from the Flint River, according to records released Thursday by the liberal group Progress Michigan.

Officials warned of water, Legionnaires' link (Detroit News)
A top aide for Gov. Rick Snyder was notified about a rise in the number of Genesee County Legionnaires' disease cases — and their possible link to Flint's water source — in March, more than 10 months before the governor held a press conference to inform the public.

Newly releases emails show officials about the risk of water disease from the Flint crisis (Reuters)
Emails between Michigan state officials show they knew about an uptick in Legionnaires disease and that it could be linked to problems with Flint water many months before Governor Rick Snyder said he received information of the outbreak

Flint residents impacted by the water crisis want answers about Legionnaires' emails (WXYZ)
Residents affected the most by the Flint water crisis are speaking out, after new emails show top officials knew about the spike in Legionnaires' disease months before Governor Snyder told the public.

Rick Snyder's office was warned of deadly Legionnaires outbreak, did nothing (Huffington Post)
Michigan Gov. Rick Snyder (R) has said he didn't know about an uptick in deadly Legionnaires' disease around Flint until this year, but newly released emails show a Snyder aide had been warned last March.

Email warned Snyder's aid early of possible link between Legionnaires' surge, Flint water (WDIV)
High-ranking officials in Michigan Gov. Rick Snyder's administration were aware of a surge in Legionnaires' disease potentially linked to Flint's water long before the governor reported the increase to the public last month, internal emails show.

Emails show Michigan officials knew about the risk of disease and Flint's water problems (Newsweek)
Emails between Michigan state officials show they knew about an uptick in Legionnaires disease and that it could be linked to problems with Flint water many months before Governor Rick Snyder said he received information of the outbreak.

Gov. Rick Snyder 'incompetant,' 'morally bankrupt,' say D's following Legionnaire's revelations (MLive)
Michigan Democrats are turning up calls for resignation and expressing indignation following a revelation that Gov. Rick Snyder's administration knew of a possible connection between an outbreak of Legionnaire's Disease and the Flint water source in March of 2015.

Flint Economic Disaster Request
Snyder seeks economic disaster for Flint (AP)
Gov. Rick Snyder is seeking an economic disaster declaration from the U.S. Small Business Administration for Flint and Genesee County as the city struggles with lead-tainted water.

Snyder seeks economic disaster declaration for Flint (Detroit News)
Gov. Rick Snyder said he requested an economic disaster declaration Thursday from the U.S. Small Business Administration to obtain financial assistance for Flint residents and business owners affected by lead-contaminated water in the city.

Rick Snyder asks SBA to help Flint residents (WOOD Radio)
Governor Snyder is asking the US Small Business Administration for an economic disaster declaration in Flint and Genesee County.

An historic day Thursday as hearings opened on saving the Detroit school system.

Local control, charter schools focus of testimony over $715M Detroit schools reform package (MLive)
Testifying Thursday before a state senate committee, Detroit Mayor Mike Duggan pushed lawmakers – considering a $715 million proposal to reform the debt-plagued Detroit Public Schools – to restore local control to the district and create a commission with authority to open and close traditional and charter schools

GOP must give Snyder a win on DPS plan (The Detroit News)
Gov. Rick Snyder is in the middle of a political storm that's hourly growing in intensity. The mishandling of the Flint water crisis by all levels of government has fallen squarely on him.

Misc.
Gov. Snyder: Clinton politicizing Flint's water crisis (AP)
Michigan Gov. Rick Snyder says Democratic presidential hopeful Hillary Clinton is making Flint's water crisis a political issue. Clinton said during Sunday's Democratic debate that Snyder has "acted as though he didn't really care" about the crisis.

FLINT
Black lawmaker: Flint wouldn't be waiting for money if it was a white suburb (Politico)
The chairman of the Congressional Black Caucus said residents of Flint, Michigan wouldn't be waiting for government help after a massive water contamination scandal if the community was white and in the suburbs.

Flint's water crisis: Who Pays? (Michigan Radio)
High levels of lead in their drinking water have Flint residents relying on cases of bottled water for just about everything. It may come as no surprise that thousands of those residents have stopped paying their water bills.

Hillary Clinton plans Sunday visit to Flint (Detroit News)
Democratic presidential candidate Hillary Clinton will leave the New Hampshire campaign trail Sunday to visit Flint and highlight the water-tainted city's need for $600 million in federal funding.

Hillary Clinton, Bernie Sanders talk Flint crisis during debate (MLive)
While the Democratic presidential hopefuls talked about what they would change if they were elected, they also spoke about what should be done in response to Flint's water crisis.

Flint water crisis emerges as a key piece of Democrats' election-year message (Washington Post)
Hillary Clinton and Bernie Sanders have clashed over Wall Street reforms, gun control, free trade and more. But in recent weeks, the two presidential candidates, along with their fellow Democrats on Capitol Hill, have found an issue they can all rally around: the drinking-water crisis in Flint, Mich.

DETROIT
Lawmakers pledge Detroit bailout won't hurt other districts (Toledo Blade)
Lawmakers looking at a plan to spend $715 million over a decade rescuing Detroit's ailing school district said Thursday they will not pass legislation that affects the funding in other districts across the state.

Mayor Duggan to Deliver State of City Address Feb. 23 (Deadline Detroit)
Mayor Mike Duggan, who assumed office on Jan. 1, 2014, will deliver his third State of the City Address on Tuesday, Feb. 23 at 7 p.m. on Detroit's east side.

Detroit Mayor Mike Duggan says Detroit Public Schools legislation doesn't do enough (WXYZ)
Detroit Public Schools is facing an historic crisis. The district is on track to run out of the money it needs to operate by April. Then, it would be forced into a bankruptcy that would leave the state on the hook for billions of dollars in debt backed by the state.

DEPARTMENTS
DEQ
Ford plant's toxic groundwater plume creeping toward neighborhood (MLive)
Ford Motor Co. will be pulling groundwater samples from a residential neighborhood adjacent to its Livonia transmission plant next week in an effort to discover how far a toxic pollution plume has spread from its facility.

Without regulation, some schools scrambling to test for lead (Lansing State Journal)
In all likelihood, it had been there for decades – a sticker above a classroom sink saying the faucet should be flushed for five minutes to reduce the chance of lead poisoning.

Lead fixtures are replaced on as-you-go basis (Toledo Blade)
Toledo's water distribution system has lead connectors that are swapped out with copper ones if crews are replacing a water main, but there is no program to actively remove pipes or connectors that contain lead, officials said Wednesday.

DNR

Free Fishing Weekend to draw anglers to state waters (The Voice)

The Michigan Department of Natural Resources sponsors two free fishing weekends a year to give residents a chance to get outside into the fresh air and engage in a sport that is growing rarer in the digital age. One of the MDNR's purposes is to promote awareness of the state's abundant aquatic resources to Michigan residents and tourists from other states. The 2016 Annual Winter Free Fishing Weekend on Feb. 13 and 14 will draw many anglers to these waters.

Pure Michigan Hunt winners announced (Petoskey News)

The winners of the seventh annual Pure Michigan Hunt have been announced and, unfortunately, none of the winners were Northern Michigan residents. According to a Michigan Department of Natural Resources press release, the three winners, announced Monday, were Jeff Kresnak of Caledonia, Mike Scherzer of Freeland and Makayla Fleetwood of Bloomingdale

MDHHS

State, union partner on human trafficking (Lansing State Journal)

Michigan's largest state employee union and its largest state government department are in talks about how thousands of new government workers could join the front lines in the war on human trafficking.

MDOT

Community leaders converge on Port Huron (The Times Herald)

Standing on the porch of the Blue Water Convention Center Wednesday, city managers and leaders from communities across the state soaked in the sun on an unusually warm February day.

MDOT planning US-23 bridge rehab in Au Gres (Arenac County Independent)

Engineers from the Michigan Department of Transportation laid out plans at the Feb. 2 Au Gres City Council meeting to perform bridge rehabilitation over the Au Gres River this spring.

Officials hope to expand existing transit service (Petoskey News)

Emmet County's transportation committee is leaning toward using Straits Regional Ride for public bus transit, expanding the current service it provides.

MDARD

Credit card skimmer found at Livonia gas station (WXYZ)

It was just a routine annual check when an inspector with the Michigan Department of Agriculture and Rural Development noticed the tell-tale sign of tampering inside this self-service gas pump at the Shell station on Plymouth Road in Livonia Thursday morning.

MDOC

Parole absconder from Detroit found (Wood TV 8)

A man who absconded from parole in Detroit on Wednesday has been located, state authorities say.

Michigan State Housing Development Authority

MCOP taking applications for two housing assistance programs (Bedford Now)

The Monroe County Opportunity Program, which is the community housing development organization for Monroe County, provides various opportunities for housing assistance to qualifying Monroe County residents.

LEGISLATIVE

Michigan Senate committee begins reviewing Detroit schools plan (Crain's Detroit)
The debate over a plan to restructure Detroit's ailing school district is officially underway in Michigan's Legislature.

Michigan Senators Attempt To Save Detroit Public Schools From Ruin (WEMU)
Legislative hearings are underway on a plan to keep Detroit Public Schools (DPS) from going broke.

Hearings Begin On Detroit Schools Rescue, Republicans Pledge To End EAA (WMUK)
Legislative hearings are underway on a plan to keep Detroit Public Schools from going broke.

Hearings begin on DPS rescue; Republicans pledge to end EAA (Michigan Radio)
Legislative hearings are underway on a plan to keep Detroit Public Schools from going broke.

OPINION

Michigan's woeful track record for environmental justice (Detroit Free Press)The question has been raised again and again in the aftermath of the Flint water crisis: Would such a man-made health crisis unfold in a rich, white community?

Days turn into months in Flint water crisis and still lead pipes remain (MLive)
126 days and counting. And still the lead pipes that have poisoned Flint's water still sit in the ground.

Flint water crisis no reason to repeal EM law (Detroit News)
It's no surprise that we're already hearing voices demanding that Michigan's emergency manager law be repealed, with the Flint water disaster as the rationale for why this needs to happen.

Jacquesl. GOP must give Snyder a win on DPS plan (Detroit News)
Gov. Rick Snyder is in the middle of a political storm that's hourly growing in intensity. The mishandling of the Flint water crisis by all levels of government has fallen squarely on him.

Editorial: Congress right to press EPA on Flint (Detroit News)
Congress served precisely the role it should have in the U.S. House Oversight hearing Wednesday on the Flint water crisis. Members of Congress rightly pressed hard on the role the Environmental Protection Agency (EPA) should have played, but didn't, in protecting Flint residents.

#####

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	02/02/2016 08:00:00
Operational Period End:	02/09/2016 08:00:00
Situation Report No.	31
SEOC Status:	Full
SEOC Hours of Operation Begin:	02/05/2016 08:00:00
SEOC Hours of Operation End:	02/05/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (February 5, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded rapid response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Followed up on request for equipment/supplies from ALANaid for new warehouse.
- Worked with DOC on their assistance with warehouse management and staffing for new warehouse.
- Capt. Kelenske approved the Kroger Warehouse Plan and we shared it with MDOC, DTMB and warehouse for staffing.
- Worked with MDCH and local EOC for bus vouchers for residents.

JIC:
- Held a media event to encourage people to check out Flint area restaurants with the Lt. Gov. Brian Calley and Michigan Department of Agriculture and Rural Development Director Jamie Clover Adams. Nine local and statewide news media members attended the event.
- The Michigan Department of Agriculture and Rural Development coordinated interviews with WWJ-AM 950 in Detroit, CNN, WXYZ-TV 7 in Detroit, and Michigan Radio regarding lead and pets.
- Drafted a news release about state of Michigan teams visiting homes with lead levels above 150 ppb.
- Issued a news release around 10 a.m. about the state of Michigan encouraging food establishments to take advantage free water safety inspections. The news release was picked up by the Associated Press and other news media outlets.

Recovery Branch:
- Attended local briefing, SEOC state agency briefing meetings, and distribution process meeting.
- Completed plan for ARC to visit apartment complexes.
- Updated zero contact from previous sweeps list and map with help from GIS.
- Supported the efforts of MSDHA to provide resources to tenants in their facilities.
- The teams were prioritized to the following area(s): Remaining Apartment List from 2/2/16 and began the un-able to make contact list from Previous Sweeps List.
- City Sections Scheduled Tomorrow: zero contacts from previous sweeps list.
- 10 American Red Cross Teams scheduled for Saturday, February 6, 2016.

- Data is for 2/5/16 as of 5:00 pm:
o Total homes visited:
- 15,527 (round 3 total).
- 1,189 (today).
o Water cases (liters calculated by multiplying # of cases x 12):
- 111,540 liters or 9,295 cases (round 3 total).
- 7,080 liters or 590 cases (today).
o Replacement cartridges:
- 3,067 (round 3 total).
- 282 (today).
o Faucet filters:
- 7,012 (round 3 total).
- 218 (today).

Planning Section:
- Published Sit Rep # 31.
- Updated water projections to included long term donated water.
- Developed procedures for each planning section position.
- Participated in daily meetings, local EOC, state agency briefing, and distribution process meeting.

Operations Section:

o Facilitated daily local EOC and SEOC state agency briefings.
o Responded to requests from the Governor's office for information or service and assisted State agencies in fulfilling those tasks.
o 231 volunteers deployed by Volunteer Reception Center (VRC) to assist across operation today.
o 183 total volunteers (23 ARC and 160 event based) were active on the FWRTs today.

o Warehouse Numbers as of 1800:
❑ Water (liters):
• 731,156 liters or 60,929 cases.
❑ Filters (faucet):
• 47,864.
❑ Replacement cartridges:
• 381,690.
❑ Test Kits (prepped):
• 19,728.

o PODs (1700 2/4 – 1600 2/5):
❑ Water (cases):
• 100,440 liters or 8,370 cases.
❑ Filters (faucet):
• 266.
❑ Replacement Cartridges:
• 581.
❑ Test kits:
• 199.

Finance Section:
• Develop guidance for Flint Water Inter-Agency Coordinating Committee related to reimbursements for non-state employees.
• Discussions with the State Budget Office, Office of Internal Audits regarding audit staff on-site Monday, February 8, 2016.
• Reviewed cost reports received from state agencies to see if additional information is needed.
• Confirmed state agency financial points of contact to provide names to SBO/OIA.

GIS Branch Updates:
• Map of churches, PODS, and fire stations.
• Met with MDARD to discuss a geographic risk assessment strategy.
• Updated water test site data base.
• Added service line material attribute to City of Flint parcel data base.
• Update parcels visited database with data from Comcast team.

DTMB:
• Provided twelve iPads to DEQ for their personnel that are part of the sampling task force.
• Looking to secure office space for SBA Disaster Loan Outreach Center within the City of Flint.
• Provided DNR calendar access for incident management team and VPN access for two employees.
• Confirmed DTMB trucks/drivers to assist in supply delivery at the Clio Road warehouse and Eastern Michigan Food Bank for the next two weeks.
• Printed and provided 250 LARA contractor badges for use with water replacement program.
• Confirmed delivery of tables and chairs to Pierson Road warehouse for Wednesday, February 9.
• Color copies for DEQ water task force printed and delivered this morning.

DHHS-CH:
• The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD.
• MDHHS provided a representative to accompany the MDEQ team to the high lead homes in Flint. The MDHHS representative will encourage individuals to have blood lead testing and answer health questions as necessary.
o If individuals are in need of transportation for lead testing, transportation will be arranged. Contacted the local EOC and they will also try to get bus passes that could be provided if necessary.
• Lab Corporation of America reached out to MDHHS with an offer to conduct "good will" blood lead testing to Flint residents. Information provided regarding the need to be a CLPPP approved program, and contact information for the Genesee County Health Department was shared with the lab.
• MDHHS received a reach out from MEDC regarding potential funding for grocery stores in Flint.
• Collaborating with MDE to obtain a list of Flint children under 6 in Head Start or Early Head Start which can be compared with the MDHHS list of children who have received lead testing

DEQ:
• One team comprised of DEQ and DHHS staff continued with contacting residents and providing services. The team contacted 13 residents on February 4, 2016. All those agreed to participate in sentinel sampling and further assessments.
• Access to the Flint Water website was gained to provide for the ability of department staff to upload EPA reports.
• Finalized sentinel sampling plan to commence activities beginning February 10th, 2016.
• Received 12 iPads for deployment with teams for status tracking.
• Continue to establish and clarify protocol for sampling teams and developed mobile data collection software application ("Collector").
• Ensured that EPA deadlines from EPA Order Tracking spreadsheet (item 61) was completed.
• Updated resource tracking (aka glide path) to include ECC and DNR personnel working on the incident.
• DEQ ECC Organization Chart was updated.

State Voluntary Agency Liaison (VAL):
• Prepared list of NGOs involved in Flint for DHHS SERG grant application.
• Contacted Flint MTA regarding logistical capacity of bus barns as warehouses.
• Worked on potential jobs funding with TIA via DOL.
• Continued work on community water hub logistical requirements; local SEOC assisting.

Unified Coordination Group (UCG):
• Met with the nutrition task force today on request from the state.
• IAP # 7 was developed today.

• Cleared up misinformation on areas that have not been covered.

Local EOC:
• Coordinating rapid response deliveries to homebound residents and special locations.
• Developed floor plan proposal for new warehouse with warehouse workers.
• Recycling and water distribution event with MSU athletics.
• Establishing plan to provide public transit vouchers for travel to blood lead level test clinics.
• Work with Michigan Community Service Commission to align supplies and resources for PUR filter distribution effort next week.
• DEQ/Team Rubicon team visited 30 homes with water lead levels of 150 ppb.
• Developing plans for follow-up with residents at homes with water lead levels of 150 ppb.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 5. The JIC was operational until 9 p.m. on Feb. 4.

State agencies at the JIC included the Michigan Economic Development Corporation, Michigan State Police and Departments of Agriculture and Rural Development, Environmental Quality, Health and Human Services, Licensing and Regulatory Affairs, Treasury, and Military and Veterans Affairs. The Genesee County Sheriff's Office and the American Red Cross were also present.

Tasks accomplished:

- Held a media event to encourage people to check out Flint area restaurants with the Lt. Gov. Brian Calley and Michigan Department of Agriculture and Rural Development Director Jamie Clover Adams. Nine local and statewide news media members attended the event.
- Media hotline staff answered more than 10 emails and phone calls, ranging from Legionaries disease to inquiries about the city of Flint's use of corrosion control. Calls were down compared to previous days.
- Key agency PIOs fielded multiple news inquiries throughout the day, including conducting or scheduling interviews with WDIV-TV 4 in Detroit, WILX-TV 10 in Lansing and WNEM-TV 5 in Flint.
- The Michigan Department of Agriculture and Rural Development coordinated interviews with WWJ-AM 950 in Detroit, CNN, WXYZ-TV 7 in Detroit, and Michigan Radio regarding lead and pets.
- Created a morning and afternoon media monitoring report and looked for information requiring correction.
- Updated internal talking points about the ongoing Flint water emergency.
- Continued routing public information materials for approval, including a news release about encouraging food establishments to take advantage of free water safety inspections and a news release about translated documents. Also received Spanish translations of the pregnancy flier and other materials.
- Worked with Governor's Office to post information on the www.michigan.gov/flintwater website, especially facts sheets and fliers in Spanish, Arabic and other languages.
- Drafted a news release about state of Michigan teams visiting homes with lead levels above 150 ppb.
- Issued a news release around 10 a.m. about the state of Michigan encouraging food establishments to take advantage free water safety inspections. The news release was picked up by the Associated Press and other news media outlets.

Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/5/16 included:
o 15 water samples collected (10 were "in-use samples and 5 were "Routine")
o 7 water sample requests/appointments were scheduled today
In addition, 25 water test results were received this afternoon, one found to be at a high level of 83 ppb.

As of 2/04/16, MDARD has completed initial water assessments at all food businesses in the high risk area and has conducted a total of 415 assessments (375 initial/ 40 Follow-up). 154 water samples have been collected and 124 are currently scheduled.

MDARD held a phone conference today at to clarify who has or is conducting sampling in public and private schools, The meeting generated a list of actions that have been agreed upon at this time, along with assigning the responsible parties/agencies to follow-up on those actions.

The State Veterinarian conducted four interviews regarding lead toxicity and pets.

MDARD updated its Flint Staff instructions for Just In Time Training covering SOPs for sampling, follow-up and enforcement.

MDARD staff met with MSP GIS staff to discuss/ clarify data and information needs to generate maps and lists that will facilitate sampling planning. This will help GIS fulfill a MDARD resource request.

The MDARD SITREP data summary of sampling approved for 2016_Feb 4 is attached

American Red Cross (ARC)

The American Red Cross deployed and supported 10 Water Response Teams on Friday, 2/5/16.

The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm.

No water test kits were assembled today, but several thousand were assembled yesterday.

Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Reviewed media coverage of Michigan Civil Rights Commission press release on forthcoming public hearings; forwarded to staff past media coverage concerning Genesee County Incinerator.

Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD.

MDHHS provided a representative to accompany the MDEQ team to the high lead homes in Flint again today. He reported that he felt that it was valuable to have a representative with these teams to address health issues. The individuals who were contacted yesterday expressed appreciation for the follow up. The MDHHS representative, in addition to encouraging blood testing, is providing information and applications for the safe lead homes program. Bus passes have been obtained and provided to the teams. They will give bus passes to individuals who need transportation to have lead testing. Coordination of teams by the various entities remains an issue.

Lab Corporation of America reached out to MDHHS yesterday with an offer to conduct "good will" blood lead testing to Flint residents. Today they re-contacted the SEOC to confirm that they are a CLPPP approved laboratory. They will contact the GCHD on Monday to see how they can assist with the mission of getting the residents tested.

MDHHS received a reach out from MEDC regarding grocery stores in Flint. There is funding that could be available for this endeavor to assist with eliminating the "food desert" in Flint. His contact was provided to Gloria Zunker in the CHECC for inclusion in the Nutrition Plan.

Collaborating with MDE to obtain a list of Flint children under 6 in Head Start or Early Head Start which can be compared with the MDHHS list of children who have received lead testing. A plan can then be developed to address identified gaps.

Corrections (MDOC)

MDOC continued operations at the warehouse and all PODs were well supplied.

MDOC continue to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

459 Water Samples were collected and delivered to the DEQ Lab in Lansing. 426 Residential and 33 MI Department of Agriculture and Rural Development (MDARD)

MDOC had 17 employees and an SAI work crew on the ground in Flint today.

We are working with Finance and MDOC assets to complete employee payroll information.

MDOC continue to staff the SEOC from 0800-2000, 7 days/week.

We are in the process of establishing a second warehouse location and MDOC will be staffing the second location beginning on Saturday for a week or possibly two.

Mike Farmer and Bridget Spencer are managing the Recovery Branch of the SEOC.

Education (MDE)

1. Donations Management Group asked MDE for information regarding which schools in Flint have drinkable water and which schools do not. This request was in response to schools turning down bottled water. Donations management wants verification of what schools need water. MDE is following-up with impacted schools. MDE will update the Donations Management Group when further information is received.
2. MDE shared updated LARA spreadsheet of tested schools with MDARD
3. MDE shared communication log with DHHS of all communication/outreach between MDE and local schools/child cares based on request from Genesee County Health Department
4. MDE has been asked to participate in a conference call, Friday (15:00) being coordinated by MDARD and related to school testing
5. MDE is working to provide a spreadsheet to DHHS with the names and addresses of all Flint kids enrolled in Early Head Start/Head Start under age 6. The information will be compared to the list of children who have had lead testing.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

One team comprised of DEQ and DHHS staff continued with contacting residents and providing services. The team contacted 13 residents on February 4, 2016. All those agreed to participate in sentinel sampling and further assessments.

Access to the Flint Water website was gained to provide for the ability of department staff to upload EPA reports.

Finalized sentinel sampling plan to commence activities beginning February 10th, 2016.

Received 12 iPads for deployment with teams for status tracking.

Continue to establish and clarify protocol for sampling teams and developed mobile data collection software application ("Collector").

Ensured that EPA deadlines from EPA Order Tracking spreadsheet (item 61) was completed.

Updated resource tracking (aka glide path) to include ECC and DNR personnel working on the incident.

DEQ ECC Organization Chart was updated.

Human Services (MDHS)

Looking into filtration system for a child care institute, possibly through donation.

Passing on resource request for staff to assist with donation management mission.

Daily update conference call with MDHHS Budget & Field Operations.

Licensing and Regulatory Affairs (LARA)

Participated in daily briefings and updated the LARA Executive Team
LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.
Finalizing materials lists for plumbing fixtures.
LARA Director, Emergency Management Coordinator and Plumbing Division Administrator met with the Plumbers and Pipefitters regarding contracting services for installation of fixtures at Flint licensed facilities. Development of an agreement is moving forward.
LARA Director, Emergency Management Coordinator, EMC First Alternate and Plumbing Division Director met with Masco Corporation regarding needed materials for the replacement of fixtures.
Translation of Documents continues through the Michigan Office of New Americans.
Director of the Office of New Americans is scheduled to present to the Flint Chinese Association on Saturday, February 6, 2016. He will be providing material information as finalized through the JIC.
Testing at Freeman School is schedule to take place Saturday, February 6, 2016.
Contact made with multiple schools in Flint regarding faucet replacement activities.
Participated in meeting with MDARD, MDE, DEQ regarding activities to eliminate duplication of services.

Military and Veterans Affairs (DMVA)

Commanders Situation Report (SITREP)

1. DTG: 0412002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC: 1LT Roland, John G. Cell: / Email: john.g.roland2.mil@mail.mil

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 65 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Traffic outside of Stations 1, 5, and 8 still remains an issue.

1.) Traffic signs are in place at Station 5. Flint City Engineering is currently working on Stations 1 and then 8.

b. POD 5 is still waiting for an update on the capabilities of additional lighting at Station 5.

1.) The Flint City Administrator has denied the request for additional lighting at Station5.

c. Signs have been printed off for the POD Buildings. Requesting approval to get the signs laminated from the purchasing office.

1.) TF Flint OIC will be seeking approval from CPT Bowles and Dana and/or Kim at the purchasing office for laminating.

8. PERSONNEL Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: No Force Protection intelligence at this time.

10. LOGISTICS: In support of TF Flint

a. In support of recycle project sponsored by Schupon, the special purpose recycle bags have not been distributed to POD operations.

1.) Logistics is expecting the recycle bags to be on the PODs for distribution within the next 48hrs.

b. The current hotel reservation at the Holiday Inn Flint – Grand Blanc Area is only through 12FEB16; our last reserved night is for 11FEB16.

1.) JFHQ JOC is working to resolve the hotel issue.

11. COMMUNICATIONS: No communications issues at this time.

P: RRF cell phones alternate for WRTs.
A: Personal cell phone
C: 800 MHz radios issued to PODs and WRTs.
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• AAR's, award recommendations, station sector sketches and operation/logistical information & capabilities, hand receipt consolidation, and TF Flint hand-off documents are all being consolidated and organized to ensure a smooth transition of the POD operation once the 1-125 IN BN cycles out.
• We still have not been informed of any plan to resolve this issue. LTC Randall (SEOC LNO) mentioned we might be splitting between two hotels in Flint. I would recommend we keep TF Flint consolidated in one hotel if possible; driving in from Birch Run daily to allow us all to stay in one hotel is preferable to splitting amongst two hotels within Flint.
• OUT (last 24 hours)
Bottled water-3914 Water (Gallons)-202 Lead Testing Kits-333
Pitcher (23 cup)-0 Brita Faucet Filter-177 Brita Replacement Cartridge-279
Pur Filter-62 Pur Replacement Filter-359

National Weather Service (NWS)

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

Natural Resources (MDNR)

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

State Police (MSP)

11:38 a.m. MSP Operations received NRC Report# 1139847 reporting a spill into the Flint River that occurred July 1, 2015. This information was forwarded the EMHSD Duty Officer Tonya Nobach and EMHSD 3rd District Coordinator Lt. B.J. Roach.
****Mardella Horhn - SEOC OPS Public Safety MSP - HorhnM@michigan.gov at 12:20:29 on 2/5/2016****

11:17 a.m. - Brent Travelbee from DOC called Operations to request a trooper to respond to the Clio Road Warehouse to take an accident report for one of his drivers. Genesee County Dispatch was contacted at 11:28 to dispatch a trooper for the report.
****Mardella Horhn - SEOC OPS Public Safety MSP - HorhnM@michigan.gov at 12:15:54 on 2/5/2016****

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

Technology, Management and Budget (MDTMB)

Continue to provide DTMB management with daily updates and resource requests received.

Provided twelve iPads to DEQ for their personnel that are part of the sampling task force.
Looking to secure office space for SBA Disaster Loan Outreach Center within the City of Flint.
Provided DNR calendar access for incident management team and VPN access for two employees.
Confirmed DTMB trucks/drivers to assist in supply delivery at the Clio Road warehouse and Eastern Michigan Food Bank for the next two weeks.
Printed and provided 250 LARA contractor badges for use with water replacement program.
Confirmed delivery of tables and chairs to Pierson Road warehouse for Wednesday, February 9.
Color copies for DEQ water task force printed and delivered this morning.

Transportation (MDOT)

Providing 2 portable light tower generators to Fire Station #5 on Western Rd.

Facilitated with the City of Flint Public Works to deploy signs and barricades at Fire Station #1, #5, and #8 to assist with traffic flow through parking lots.

Providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 (3' x 5') standard signs fabricated and set up to replace 4 portable changeable message boards (2 each site)
-100 grabber traffic cones (narrow reflective cones) (50 each site).

Continuing to maintain situational awareness and responding to issues regarding equipment and road conditions.

Author: andersonn9@michigan.gov, (A111)
Created: 02:09 PM, 05 Feb 16

This is the daily 2-1-1 summary on the Flint Water Response for Thursday, February 4, 2016

GENERAL INFORMATION:

- **MLive confirms March 6 Democratic debate in Flint** between candidates Hillary Clinton and Bernie Sanders. Time and location have not been announced.
  http://www.mlive.com/news/flint/index.ssf/2016/02/flint_water_crisis_brings_demo.html#incart_river_home
- **EPA Reform Bill introduced** in Congress today by Reps. Upton and Kildee would require the Environmental Protection Agency notify the public when lead levels in public drinking water exceed federal standards, and to create a strategic plan for handling and improving information flow between water utilities, the states, the EPA, and affected consumers. The bill is co-sponsored by all 14 members of the Michigan House Congressional delegation. A companion senate bill was introduced by Senators Stabenow and Peter.
  http://www.mlive.com/news/kalamazoo/index.ssf/2016/02/flint_water_crisis_prompts_epa.html#incart_story_package

CALL VOLUME:

Aside from a minor challenge from staff members who were out sick, Central Michigan 2-1-1 was able to manage today's call volume with minimal wait times for Flint callers. Outside of Flint the call volume to Michigan 2-1-1 is following the traditional seasonal pattern of initial high demand at the start of tax season subsiding to normal volume with another major increase anticipated from April 1st until tax filing closes (this year on April 18th).

SPECIAL NEEDS/REQUESTS

- **2-1-1 called about suspicious behavior** – Several Flint residents called 2-1-1 today concerned about people in green vests asking to come inside their homes. At least one resident reported they did not show identification. After investigating, we learned that EPA is testing residential homes for lead levels and were able to let residents know these were not scam artists or a danger.

  REMINDER: Please let 2-1-1 know if an organization or agency will be canvassing or engaging in any out-of-the-ordinary activity so we are prepared to provide reassurance and accurate information, or report potentially dangerous or illegal activity.
- **Information and access to services for visually and hearing impaired residents** is an emerging issue. 2-1-1 has been contacted by a number of residents and caregivers asking for Flint water information in braille and other accessible formats like ASL videos.

  Please contact tpage@uwmich.org with resources or options for providing alternate access to Flint water information.
  - 2-1-1 handles requests from deaf and hard of hearing individuals in several ways.
    - TDD/TTY is available at every center, but very few calls come in this way
    - 7-1-1 teleinterpreter is regularly used by callers to reach 2-1-1
    - Email is widely used as it allows direct communication between the deaf/hard of hearing person and the 2-1-1 agent
    - Live chat is available at most of the 2-1-1 partners which allows individuals to communicate directly and privately with a 2-1-1 agent in real-time

- A few 2-1-1s around the country are testing video chat with 2-1-1 agents skilled at sign language. We would like to implement this option. Our technology platform would support it, but do not currently have the resources to hire the needed staff.

- **Follow up: Skin Condition Plan** DHHS Bureau of EMS, Trauma and Preparedness provided a contact number for Flint residents to call with concerns about skin conditions. The number is 888-535-6136. It is available Monday-Friday from 8:00 am -5:00 pm.

RUMOR/SCAM CONTROL

This section is expanding today to include information on potential scams.

- Michigan Association of United Ways received word this morning that a web site www.flintwater.org was using the United Way and Red Cross logos to sell Flint water wrist bands, claiming a percentage of proceeds will go to help local residents. After verifying the logo was used without permission, MAUW notified the Attorney General's office and asked the site owner to remove any references to United Way. The owner complied and also received an educational letter from the Attorney General with information on the Charitable Solicitations Act and the legal risks of using trademarked logos without permission.
- No new rumors to reports
  - 2-1-1 continues to receive calls reporting a variety of rumors – agents are providing the most accurate and up-to-date information available to answer questions and reassure callers.

UNRESOLVED

- ☐ **From 1/18/16:** Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue.
- ☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?
- ☐ **From 1/20/16:** Michigan 2-1-1 heard an anecdotal report today that real estate agents are reluctant to close sales in Flint because they cannot verify the any properties are free from lead contamination. **Is there are state agency or partner who can give real estate agency and home inspectors information on their potential liability.**
- ☐ **From 1/25/26:** Organizations distributing bottles to collect water samples report running out of bottles. **Is there a contact for individuals and organizations to get additional testing sample bottles?**
- ☐ **From 1/26/26:** Callers are asking about the efficacy of various water filters and whole-home filtration system to screen out lead. **Is there an state- or independently-vetted list of effective filters available for residents to reference.**
- ☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through Good360 or another supplier? UPDATE:** The Michigan 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.
- ☐ **From 1/26/26:** Callers are asking about the availability of whole-home filtration systems. **Is there any guidance on whether this is being considered as an option for residents?**

- ☐ **From 2/1/16:** 2-1-1 received a related rumor that due to the class-action lawsuits filed against the state, MDEQ will no longer be able to process lead tests for Flint residents. **Can SEOC investigate this rumor and determine whether or not it is true?**
- ☐ **From 2/1/16:** A few callers are expressing concerns about the reliability of MDEQ test results and are asking how to get independent lab testing for free or low cost

Talking points: Food establishment event – Flint
Event date: February 5, 2016

MDARD Director Jamie Clover Adams (EMCEE)

- **Thank you for coming here today to highlight the efforts being undertaken by Flint area food establishments to ensure food safety.**
- **Joining me today is:**
  - **Lt. Governor Brian Calley**
  - **George Wilkinson with the Flint and Genesee Chamber of Commerce**
  - **Mark Valacak (Val-a-check), Genesee County Health Department**
- **What we are going to show you today is a behind-the-scenes look at how the state and local health departments are conducting water assessments and showcase the measures being taken to protect food safety.**

Lt. Governor Calley

- We're committed to cultivating economic development in Flint. Today I am here to remind you that Flint is open for business, including the hundreds of restaurants, retail food markets and food processors located within the city.

- The restaurants, bars, cafes and other food businesses, like the Flint Farmers Market, are a vital part of the city's heartbeat, culture and economic successes.

- Whether it's a new food-based business or a long-standing community business member, this is our opportunity to support these entrepreneurs and their

- MDARD inspectors are assisting the state's partners at the Genesee County Health Department in conducting the sampling and inspections, allowing the health department to focus its efforts on checking other priority facilities in its jurisdiction, including childcare facilities.

- MDARD mobilized 14 food inspectors who are working full-time to conduct risk-based compliance assessments and verify adherence to current water source requirements.

- Many food establishments, like Blackstone's, are taking precautions to protect food safety, including having the water tested by an accredited laboratory to prove it is safe to use; installing approved water filters, as needed; flushing unfiltered faucets and hard-plumbed equipment on a daily basis; or using commercially bottled water for all cooking, cleaning/washing and drinking.

- Blackstone's, for example, has recently installed a NSF 53 filter system which sounds an alarm when the filter needs to be replaced. The filter is connected to all the lines for water, ice, soda, and more.

- The State of Michigan is covering the cost of water sample testing for Flint food establishments on the City of Flint water supply free of charge.

- As of February 4, MDARD has completed approximately 225 initial assessments of food businesses and has begun doing follow-up assessments. If the businesses are taking the required precautions, they are determined to be in compliance with state and federal food regulations. A list of food businesses determined to be in compliance with current water use regulations is available at www.michigan.gov/flintwater. The list is updated regularly.

- Flint food businesses not included on the list are not necessarily out of compliance with Michigan food regulations. Some businesses have not yet received a compliance assessment from food inspectors.

- We're committed to the long-term success of the Flint business community. Flint is open for business and I encourage you to come in and patronize one of their great food-based businesses.

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	02/02/2016 08:00:00
Operational Period End:	02/09/2016 08:00:00
Situation Report No.	30
SEOC Status:	Full
SEOC Hours of Operation Begin:	02/04/2016 08:00:00
SEOC Hours of Operation End:	02/04/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (February 4, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded Rapid Response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Followed up on request for equipment/supplies from ALANaid for new warehouse.
- Worked with DOC on their assistance with warehouse management and staffing for new warehouse.
- Finalized and emailed the Kroger Warehouse Plan to Capt for his review

JIC:
- Michigan State Police F/Lt. David Kaiser, field PIO, conducted interviews with both WEYI-TV 25 in Flint and WNEM-TV 5 in Flint about ongoing operations underway and to quash any rumors about water donations and ID requirements at water response sites.
- Created a morning and afternoon media monitoring report and looked for information requiring correction.
- Worked with Governor's Office to post information on the www.michigan.gov/flintwater website.
- Issued a media advisory about federal lead for Flint water crisis Dr. Nicole Lurie to visit EPA's command post.
- Drafted and released a news release about the state of Michigan partnering with MSU student athlete to help with Flint recycling and water distribution efforts. The Flint JIC intends to issue the news release tonight.
- Drafted and released a media advisory about state and local partners hosting a tour of the restaurant water assessment process. The media advisory is currently on hold per the Flint and Genesee Chamber of Commerce.

Recovery Branch:
- Attended Local Brief, SEOC Agency Briefing Meeting, and Distribution Process Meeting
- Updated plan for ARC to visit apartment complexes.
- Worked with county and postal partners to collect information about home vacancies and resident's with forwarded mail addresses in order to ensure we are contacting all occupied residences in the City of Flint.
- Supported the efforts of MSDHA to provide resources to tenants in their facilities.
- Collaborated with GCCARD to develop additions to the list of vulnerable persons requiring additional support within the City of Flint.
- Targeted team list for today: Apartment List from 2/2/16
- City Sections Scheduled Tomorrow*: Continuation of Apartment List from 2/2/16
- 10 American Red Cross Teams scheduled for Friday, February 5, 2016

- Data is for 2/3/16 as of 5:00 pm:
o Total homes visited:
❑ 14,388 (round 3 total).
❑ 1,127 (today).
o Water cases (liters calculated by multiplying # of cases x 12):
❑ 104,460 liters or 8,705 cases (round 3 total).
❑ 6,960 liters or 580 cases (today).
o Replacement cartridges:
❑ 2,785 (round 3 total).
❑ 647 (today).
o Faucet filters:
❑ 6,794 (round 3 total).
❑ 156 (today).

Planning Section:
- Published Sit Rep #30.
- Developed long term commodity projections.
- Participated in local EOC, state agency, and distribution process conference calls.
- Updated Governor's data tracking spreadsheet.

Operations Section:
o Facilitated daily local EOC and SEOC state agency briefings.
o Reviewed information materials and press releases.
o Fielded requests for information and ensured follow-up.
o 153 total volunteers (13 ARC and 140 event based) were active on the FWRTs today.

o Warehouse Numbers as of 1600:
❑ Water (liters):
• 550,684 liters or 46,890 cases.
❑ Filters (faucet):
• 47,684.
❑ Replacement cartridges:
• 381,590.
❑ Test Kits (prepped):
• 19,728.
o PODs (1700 2/2 – 1600 2/3):
❑ Water (cases):
• 98,736 liters or 8,228 cases.
❑ Filters (faucet):
• 242.
❑ Replacement Cartridges:
• 516.
❑ Test kits:
• 393.

Finance Section:
• EMHSD staffing cost reports developed to update financial status reports.
• Reviewed state agency financial data for compiling comprehensive report.
• Met with state budget office on tracking of state agency costs for the incident.

GIS Branch Updates:
• Coordinate with UGC to establish consistent data sharing protocol.
• Working with the US EPA on sharing water test results they are gathering.
• Developing a field application for MDEQ and MDHHS for field collection of water test data and health data respectively.
• Updated map of DEQ water test results matched to City of Flint parcels.
• Coordinate with the Environmental Systems Research Institute on in field application development.

DTMB:
• DTMB Print & Graphic Services translating aerator fact sheet in Spanish and Arabic. Also, printing English and Spanish documents for DEQ.
• DTMB working on locating office furniture for second warehouse (Kroger Store).
• Provided access cards and building access for multiple employees and Federal partners.

DHHS-CH:
• The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD.
• MDHHS provided a representative to accompany the MDEQ team to the high lead homes in Flint. The MDHHS representative will encourage individuals to have blood lead testing and answer health questions as necessary.
o If individuals are in need of transportation for lead testing, transportation will be arranged. Contacted the local EOC and they will also try to get bus passes that could be provided if necessary.
• Lab Corporation of America reached out to MDHHS with an offer to conduct "good will" blood lead testing to Flint residents. Information provided regarding the need to be a CLPPP approved program, and contact information for the Genesee County Health Department was shared with the lab.

DEQ:
• Continued coordination for > 100ppb state response plan and implementation.
• Requested development of an application for iPad's to collect information from high lead water test sites, in coordination and consultation with other agencies.
• Refined plan for school water fixture sampling, in light of decision to replace fixtures at all schools.
• Continued to establish and clarify protocol for sampling teams and information collection.
• Ensured that EPA deadlines from EPA Order Tracking spreadsheet (items 59 A, B and C) were completed.

Unified Coordination Group (UCG):
• Working on improving communication flow between UCG and state partners.
• Attended long term recovery meeting held by state VAL.
o Discussed MARC model and potential transition plan.

Local EOC:
• Coordinating rapid response deliveries to homebound residents and special locations.
• Attended meeting with federal, state and local health and environmental agencies to establish process for notification of households with water test results that exceed 150 ppb.
• Attended two long term recovery planning meetings with SEOC staff, VOADs and local agencies (Flint Water Recovery Leadership group).
• Ensuring Community Access Center for the Deaf and Hard of Hearing receives appropriate supplies.
o Briefed staff on site on filter installation and water sampling process.
• Clarified distribution process at city sites with Flint City Administrator's Office. Coordinating with Fire Department Quartermaster for supplying city sites.
• Addressing various public concerns, including identification of canvassing teams.
• Instituted credentialing verification process for 211 calls.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 4. The JIC was operational until 8 p.m. on Feb. 3.
State agencies at the JIC included the Michigan Civil Rights Commission, Michigan State Police and Departments of Agriculture and Rural Development, Environmental Quality, Health and Human Services, Licensing and Regulatory Affairs, Treasury, Corrections and Military and Veterans Affairs. The Genesee County Sheriff's Office and the American Red Cross were also present.
Tasks accomplished:
• Media hotline staff answered more than 20 emails and phone calls, ranging from inquiries about current operations underway to inquiries about Edible Flint.
• Key agency PIOs fielded multiple news inquiries throughout the day, including conducting or scheduling interviews with WEYI-TV 25 in Flint to WNEM-TV 5 in Flint.
• Michigan State Police F/Lt. David Kaiser, field PIO, conducted interviews with both WEYI-TV 25 in Flint and WNEM-TV 5 in Flint about ongoing operations underway and to quash any rumors about water donations and ID requirements at water response sites.
• Created a morning and afternoon media monitoring report and looked for information requiring correction.
• Updated internal talking points about the ongoing Flint water emergency.
• Continued routing public information materials for approval, including water filter installation fact sheets, pregnant women and lead fact sheet, adult lead exposure fact sheet, and oral health FAQ. Also began submitting materials for Spanish translation.
• Worked with Governor's Office to post information on the www.michigan.gov/flintwater website.
• Issued a media advisory about federal lead for Flint water crisis Dr. Nicole Lurie to visit EPA's command post.
• Drafted and released a news release about the state of Michigan partnering with MSU student athlete to help with Flint recycling and water distribution efforts. The Flint JIC intends to issue the news release tonight.
• Drafted and released a media advisory about state and local partners hosting a tour of the restaurant water assessment process. The media advisory is currently on hold per the Flint and Genesee Chamber of Commerce.

Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/4/16 included:
o 23 SURVEYS CONDUCTED (17 were follow up assessments, 5 were initial assessments)
o 29water samples collected (27 were "in-use samples and 2 were "Routine")
o 2 water sample requests/appointments were scheduled today

We received 36 new water results this morning, 2/04/16. Several are very high:
• First Presbyterian Church (Medium risk) at 746 S Saginaw: 1,964 ppb (IN-USE WATER SAMPLE - collected by K Russell on 2/1)
• King's Market (High risk) at 1602 Oren : 465 ppb (IN USE WATER SAMPLE - collected by M Kusnier on 1/29) -
• Arrowhead Veteran's Assn (High Risk) at 402 W Water St : 11 ppb (IN USE WATER SAMPLE collected by B Benson on 1/29) – Kitchen in the hall
• Arrowhead Veteran's Assn at 402 W Water St: 5 ppb (IN USE collected by B Benson on 1/29) – Kitchen at bar

Immediate action of field visits to be conducted today for compliance assessment of the affected establishments. Note that according to the inspector's report, King's Market has previously stopped using the water for food or drink.

As of 2/03/16, MDARD has completed initial water assessments at all food businesses in the high risk area and has conducted a total of 392 initial assessments. 149 water samples have been collected.

Reminder, that the daily MDARD Water Response Report will go out at 10am (summarizing the previous day's activities), instead of 4-5pm to allow proper time for all data from the day's activities to come in and be organized.

MDARD is scheduling a phone conference tomorrow, time TBD, with MDEQ, MLARA, MDE to clarify who has or is conducting sampling in public and private schools

A tour of the Restaurant Water Assessment Process is still scheduled for tomorrow, 2/05/16 at 09:00 at Blackstone's Pub and Grill.

American Red Cross (ARC)

The American Red Cross deployed and supported 10 Water Response Teams on Thursday, 2/4/16. It's anticipated that 10 teams will deploy tomorrow.
The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm. A total of 140 volunteers were processed today. That was 6 individual event-based volunteers and 4 groups totaling 134 volunteers. We assigned 88 to water test kit assembly, 46 to the Water Resource Teams, 2 to Catholic Charities, and one each to the Food Bank and the City of Flint.
Assembly of water test kits has resumed.

Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Suggested safety planning be considered in routine contacts with community groups due to increased media exposure and propensity for detractors to target those groups. Discussed App development with GIS and MDCH for self-reporting of skin rash concerns and issues raised in press release #28 for

underrepresented/vulnerable populations. Suggested MDEQ/DHS Teams include an interpreter to ease the teams entry/action *plan for addressing >150 ppb residential testing follow up.*

Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD.

MDHHS provided a representative to accompany the MDEQ team to the high lead homes in Flint. The MDHHS representative will encourage individuals to have blood lead testing and answer health questions as necessary. Written information is also being provided. If individuals are in need of transportation for lead testing, transportation will be arranged. Contacted the local EOC and they will also try to get bus passes that could be provided if necessary. No notifications have been received of individuals requiring transportation. There is some concern about duplicative efforts in this follow up endeavor, as the Genesee County Health Department/ATSDR Teams have also apparently contacted all of the homes above 150 ppb; so communication has been initiated with leaders from MDEQ and MDHHS to finesse the plan in collaboration with the EPA and local health department and communicate that to the SEOC.

Lab Corporation of America reached out to MDHHS with an offer to conduct "good will" blood lead testing to Flint residents. Information provided regarding the need to be a CLPPP approved program, and contact information for the Genesee County Health Department was shared with the lab.

Provided information from LARA and MDE to the CHECC in follow up to a request from the GCHD about child care agencies.

Corrections (MDOC)

MDOC continued operations at the warehouse and all PODs were well supplied.

MDOC continue to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

449 Water Samples were collected and delivered to the DEQ Lab in Lansing. 425 Residential and 24 MI Department of Agriculture and Rural Development (MDARD)

MDOC had 13 employees and an SAI work crew on the ground in Flint today.

We are working with Finance and MDOC assets to complete employee payroll information.

MDOC continue to staff the SEOC from 0800-2000, 7 days/week.

We are in the process of establishing a second warehouse location and MDOC will be staffing the second location beginning on Saturday for a week or possibly two.

Mike Farmer and Bridget Spencer are in command of the Recovery Branch.

Education (MDE)

1. Donations Management Group asked MDE for information regarding which schools in Flint have drinkable water and which schools do not. This request was in response to schools turning down bottled water. Donations management wants verification of what schools need water. MDE is following-up with impacted schools. MDE will update the Donations Management Group when further information is received.
2. MDE shared updated LARA spreadsheet of tested schools with MDARD
3. MDE shared communication log with DHHS of all communication/outreach between MDE and local schools/child cares based on request from Genesee County Health Department
4. MDE has been asked to participate in a conference call, Friday (15:00) being coordinated by MDARD and related to school testing

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

- Continued coordination for > 100ppb state response plan and implementation
- Provided guidance to MSHDA on residential sampling program
- Requested DHHS to verify how many homes GCHD has contacted and what services were provided

Human Services (MDHS)

GCCARD restocked with filtration devices, which replenishes our MDHHS office PODs.

Looking into filtration system for a child care institute, possibly through donation.

Exploring availability of MDHHS staff to assist with donation management mission.

Working with State VAL and Recovery on process for distributing replacement cartridges in the future.

Daily update conference call with MDHHS Budget & Field Operations.

Licensing and Regulatory Affairs (LARA)

Updated the LARA Executive Team

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

Working with DEQ for Strike Teams.

Preparing materials lists for plumbing fixtures.

Military and Veterans Affairs (DMVA)

Commanders Situation Report (SITREP)

1. DTG: 0315302016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC: 1LT Roland, John G. Cell: Email: john.g.roland2.mil@mail.mil

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 5 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Traffic outside of Stations 1, 5, and 8 still remains an issue.

1.) LT Benke met with MDOT and Flint City Engineering today. All traffic signs should be in place within the next 48hrs.

b. Flint City Electricians have fixed the lighting issue at Station 8. POD 5 is still waiting for an update on the capabilities of additional lighting at Station 5.

8. PERSONNEL: Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: Michigan militia did establish a presence within the AO. The intentions were not harmful and in support of efforts made to resolving issues to residents of Flint.

10. LOGISTICS: In support of recycle project sponsored by Schupon, the special purpose recycle bags have not been distributed to POD operations. Logistics is expecting the recycle bags to be on the PODs for distribution within the next 48hrs.

11. COMMUNICATIONS: No communications issues at this time.

P: 800 MHz radios issued to PODs and WRTs.
A: RRF cell phones alternate for WRTs.
C: Personal cell phone
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• MING resources on ground help bring to light an issue in supply distribution and provide information in regards to the issue to the LEOC to assist in ensuring all of the supplies from the Clio road warehouse are being handled and distributed properly. Overall, I believe the LEOC is very pleased with our operation and assistance in all water & filter distribution operations.
• I received and reviewed FRAGORD 9. I sent up a current roster to the JOC to assist in updating the FRAGORD products.
• Recycling:
LEOC is working to get more Schupan trash bags to fire stations 1, 5, & 8 for their water bottle recycling trailers. Additionally, they are trying to get the trailers at station 1 & 8 switched.
New public awareness sheets were distributed to the fire stations in regards to water bottle recycling curb side pick-up.
• We received cold medication from the 126 CAV per my request.Consolidated Station Report OUT (last 24 hours)
Bottled water-4362 Water (Gallons)-214 Lead Testing Kits-458
Pitcher (23 cup)-0 Brita Faucet Filter-359 Brita Replacement Cartridge-338
Pur Filter-71 Pur Replacement Filter-392

National Weather Service (NWS)

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

Natural Resources (MDNR)

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

State Police (MSP)

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

Technology, Management and Budget (MDTMB)

Continue to provide DTMB management with daily updates and resource requests received.

DTMB Print & Graphic Services translating aerator fact sheet in Spanish and Arabic. Also, printing of English and Spanish documents for DEQ.
DTMB working on locating office furniture for second warehouse (Kroger Store).
Ordered printer toner for multi-function device at warehouse.
Provided access cards and building access for multiple employees and Federal partners.

Transportation (MDOT)

MDOT facilitated with the City of Flint Public Works to deploy signs and barricades at Fire Station #1, #5, and #8 to assist with *traffic flow through parking lots.*

MDOT is providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 portable changeable message boards (2 each site)
WB Pierson Rd. sign was out of service 2/3, has been repaired and being put back in service 2/4.
EB Pierson Rd. sign is out of service 2/4 and being picked up for repair. Repair/replacement being prepared for 2/5.
-100 grabber traffic cones (narrow reflective cones) (50 each site).

MDOT continues to maintain situational awareness and respond to issues regarding equipment and road conditions.

Release #XXX

Lt. Governor Calley: "Flint is Open for Business"

Local and state leaders showcase water assessments done at Flint food establishments

Flint – In an effort to support Flint food-based businesses, Lt. Governor Brian Calley, along with local and state food regulators and business development officials, provided a behind-the-scenes look at how the Michigan Department of Agriculture and Rural Development and Genesee County Health Department are working with local food establishments to conduct water assessments and ensure food safety precautions are in place.

"We're committed to cultivating economic development in Flint," said Calley. "Today I want to remind you that Flint is open for business, including the hundreds of restaurants, retail food markets and food processors located within the city."

Governor Snyder declared a state of emergency in Flint on January 5, 2016. With that declaration, Flint municipal water became an unapproved source for food establishments, unless certain precautions are taken to reduce the risk of food safety issues.

"In response to this emergency and the need to assess lead levels in water being used at Flint food establishments, MDARD has mobilized 14 food inspectors working full-time to conduct risk-based compliance assessments and verify adherence to current water source requirements," said MDARD Director Jamie Clover Adams. "MDARD inspectors are assisting the Genesee County Health Department in conducting the sampling and inspections, allowing the health department to focus its efforts on checking other priority facilities in its jurisdiction, including childcare facilities."

Food establishments must take extra precautions to protect food safety during the Flint water response. These precautions include having the water tested by an accredited laboratory to prove it is safe to use; installing approved water filters, as needed; flushing unfiltered faucets and hard-plumbed equipment on a daily basis; or using commercially bottled water for all cooking, cleaning/washing and drinking.

"Flint's restaurants and other food establishments are demonstrating they are taking the necessary precautions to reduce potential food safety risks associated with Flint water," said Anthony Pavone, Environmental Health Supervisor, Genesee County Health Department. "Safe food preparation and handling is the cornerstone of any food business's success, and we are dedicated to working cooperatively with MDARD and the food service establishments we regulate to ensure the safety of our food supply."

The State of Michigan is covering the cost of water sample testing for food establishments on the City of Flint water supply. Food businesses can also obtain

standard household filters free of charge to food businesses through distribution centers located throughout the city.

"The restaurants, bars, cafes and other food businesses, like the Flint Farmers Market, are the backbone of the city's culture and economic success, and help define who we are as a community," said George Wilkinson, Group Vice President, Flint & Genesee Chamber of Commerce. "Whether a relative new-comer or a well-established dining institution, we need to do whatever we can to support Flint food businesses and ensure their success."

Flint has a total of 633 licensed food businesses, including restaurants, food processors and retail grocery stores. Assessments have been prioritized according to risk, with those in known high-lead areas taking first priority, and by request from food establishments. Food businesses who have not yet had an assessment or free water sample testing can call MDARD's Call Center at 800-292-3939 to schedule an appointment.

As of February 4, MDARD has completed approximately 225 initial assessments of food businesses and has begun doing follow-up assessments. If the businesses are taking the required precautions, they are determined to be in compliance with state and federal food regulations. A list of food businesses determined to be in compliance with current water use regulations is available at www.michigan.gov/flintwater. The list is updated regularly.

Flint food businesses not included on the list are not necessarily out of compliance with Michigan food regulations. Some businesses have not yet received a compliance assessment from food inspectors.

Initial water samples taken at the facilities were "first-draw" samples, taken when the water had not been in use for at least six hours. If first-draw samples show any lead levels, follow-up samples are being taken. MDARD will continue to work with businesses to make sure they are in compliance with water use requirements and assist them in getting water test sample results below detectable levels.

For more information, or to schedule a food establishment water assessment, contact MDARD at 800-292-3939.

GOV's ACTIVITIES

Bill signing
Theis bill to streamline gun purchases for officers signed into law (WHMI)
Legislation from a local lawmaker has been signed into law to make it easier for police officers to purchase handguns.

Michigan police no longer need permit to buy pistol (Livingston Daily)
Michigan's governor signed into law Tuesday a measure exempting currently employed and certified police officers from the requirement that they must obtain a purchase license before buying a pistol.

Snyder OKs bills to link emergency contact info with IDs (AP)
Laws enacted by Gov. Rick Snyder will let Michigan residents have their emergency contact information linked to their driver's license or state ID.

Flint water
Snyder talks water bills, pipes with Flint residents (Detroit News)
Flint residents peppered Gov. Rick Snyder on Wednesday night with questions about their water bills and whether the state plans to help replace underground pipes damaged by corrosive river water.

Snyder defends approach to assess Flint water lines (Detroit Free Press)
Gov. Rick Snyder, who has drawn international attention for his handling of the lead contamination of Flint's water supply, defended his administration's strategy of more study about replacing the city's lead water lines despite calls to start replacing them immediately.

Snyder proposes $30 million for water bill credits to Flint residents (MLive)
Gov. Rick Snyder announced a request for $30 million in the 2016-17 state budget as a consumption and consumer credit for Flint residents for bills dating back as far as April 2014.

Gov. Snyder estimates it will cost $767,419,500 to replace Flint's water system (CNN)
For nearly two years, the simple act of having a glass of water has been fraught with danger in Flint, Michigan.

Snyder pitched $30 million for Flint water bill refunds (Detroit News)
Flint residents would get refunds on a portion of their water bills dating back to April 2014 under a $30 million proposal Gov. Rick Snyder announced Wednesday

Gov. Snyder would "seriously look at" testifying before Congress over Flint water crisis (Mlive)
"The first thing is I haven't even been invited to testify," said Snyder, during a Wednesday, Feb. 3 press conference at the Flint & Genesee Chamber of Commerce where he announced a request to be made for $30 million to offer future credits for water bills for city residents as far back as April 2014.

Snyder calls for $30M in state help for Flint water bills (AP)
Legislative leaders said Wednesday they are open to spending $30 million to help pay the water bills of Flint residents facing an emergency over a lead-contaminated water supply, though a top Democrat said the proposed state funding should be doubled.

Governor Snyder calls for $30 million in state help for Flint water bills (WXYZ)
Michigan Gov. Rick Snyder will propose $30 million in state funding to help pay the water bills of Flint residents facing an emergency over the city's lead-contaminated water supply.

Snyder seeks $30M to reimburse Flint water customers (Freep)
Gov. Rick Snyder confirmed Wednesday that he will ask the state Legislature to approve a $30-million water payment relief plan for Flint residents to keep their water service on and reimburse them for water they cannot drink because of a lead-contaminated water supply.

Snyder in Flint with $30M promise to pay residents' water bills (Fox 2 Detroit)
Instead of Washington DC, Gov. Rick Snyder spent the day in Flint rolling out a $30 million promise to help pay people's water bills. He's also calling for more studies to be done, before any of the city's lead pipes are dug up. "I don't think we should have to pay for water until they get it right, at all," said resident Eric Marland.

Michigan Governor Wants to Help Flint Residents Pay Their Water Bills (Fortune)
Michigan Governor Rick Snyder plans to request state funding to help alleviate residents affected by the Flint Water Crisis.

Unpaid Water Bills In Flint Could Hinder Repairs (NPR)
High levels of lead in their drinking water have Flint, Mich., residents relying on cases of bottled water for just about everything. So it may come as no surprise that thousands of them have stopped paying their water bills.

Snyder Asks for $30 million More for Flint (MI 26 News)
Even though he won't present it to the Michigan Legislature until next week, Governor Snyder has already released that he will ask for an additional $30 million in aid for Flint.

Gov. Rick Snyder: Budget recommendation will include money for Flint water bill repayments (UP Matters/TV 3)
As part of his upcoming budget proposal, Gov. Rick Snyder will ask the Legislature to approve a $30 million water consumption credit plan for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Snyder asking for $30M in state help to pay Flint water bills (WDIV)
Michigan Gov. Rick Snyder will propose $30 million in state funding to help pay the water bills of Flint residents facing an emergency over the city's lead-contaminated water supply.

Legislative leaders say they are open to spending $30 million to help pay the water bills of Flint residents facing an emergency over a lead-contaminated was supply (AP)
Legislative leaders said Wednesday they are open to spending $30 million to help pay the water bills of Flint residents facing an emergency over a lead-contaminated water supply, though a top Democrat said the proposed state funding should be doubled.

Gov. Snyder proposes funding for water bills in Flint (WNEM)
Michigan legislative leaders are open to spending state funds to help pay the water bills of Flint residents, though a top Democrat says the amount should double to $60 million.

FLINT

Michigan official apologizes for Flint crisis (Washington Times)
Michigan should have acted sooner to correct the Flint water crisis, the state's top environmental official told Congress Wednesday, saying officials got caught up in technical compliance with the law instead of making sure residents had safe drinking water.

Lawmakers spar on state's blame for Flint water (Detroit News)
Congressional lawmakers pressed state and federal officials Wednesday on the government's handling of the lead contamination of drinking water in Flint and how officials dismissed accepted guidance and ignored test results for months as city residents continued to consume lead-tainted water.

Congressional chair vows to 'hunt down' former EM to testify (Fox 17)
Congressional chair committee Jason Chaffetz, R-Utah, vowed at the start of the hearing Wednesday morning to "hunt down" former Flint Emergency Manager Darnell Earley, while promising he will eventually have to testify.

House Panel accuses officials of covering up Flint water crisis (NBC)
The head of the U.S. Environmental Protection Agency's water office told lawmakers Wednesday that Michigan authorities broke federal rules requiring them to add anti-corrosive materials to drinking water pumped into Flint homes, triggering a lead-poisoning crisis.

Feds offer crisis hotline, lead tests and more in Flint (Detroit Free Press)
The U.S. Department of Health and Human Services said today that it and its federal partners are making "substantial progress" on requests from the state to help in recovery efforts related to the Flint water crisis.

U.S. lawmakers chastise officials at all levels over Flint crisis (Reuters)
U.S. lawmakers criticized environmental officials at a hearing on Wednesday for not acting sooner when they saw a report that drinking water in Flint, Michigan was polluted with dangerously high levels of lead.

The Latest: Flint's ex-manager unable to attend hearing (AP)
The latest on developments in the lead contamination of Flint's water (all times local):

Lawmakers argue over who's to blame for Flint water crisis at Congressional hearing: 'This is a failing at every level' (People Magazine)
A congressional committee investigating the Flint, Michigan, water crisis pressed state and federal

officials Wednesday concerning the handling of the lead-contaminated water that has caused a nationwide outrage.

Darnell Earley could answer Flint water questions (Lansing State Journal)
The Detroit Public Schools' emergency manager, who has Lansing ties, will "respect and honor" a subpoena from a congressional committee about the Flint water crisis, if the committee gives him a reasonable amount of time to respond, his lawyer said Wednesday.

Lawyer: No need for US marshals to hunt down Earley (Detroit News)
The House oversight chairman said Wednesday the committee has directed U.S. marshals to "hunt down" former Flint Emergency Manager Darnell Earley to serve him a subpoena to testify on Flint's water crisis.

Environmental regulator: Michigan should have forced Flint to treat water (WDIV)
Michigan should have required the city of Flint to treat its water for corrosion-causing elements after elevated lead levels were first discovered in the city's water a year ago, the state's top environmental regulator told Congress Wednesday

House Democrats call for Gov. Rick Snyder to testify on Flint water (MLive)
Democrats on the House committee holding a hearing on Flint's drinking water crisis are calling for Gov. Rick Snyder to testify on what happened in the city.

House panel hears blame game on Flint water (Detroit Free Press)
Congressional interrogators on Wednesday sharply criticized state and federal regulators for failing to react to warnings of rising lead levels in Flint's tap water, chastising Michigan officials for not taking adequate steps to protect public health and blasting the federal EPA for not forcing the state's hand sooner.

Flint mayor outlines plans to replace pipes (Detroit Free Press)
An aggressive plan to remove Flint's lead-contaminated pipes from the water distribution system was announced Tuesday by city officials who said the city will first target the homes of high-risk populations, including children and pregnant women.

DETROIT

Detroit: Coal by-product a threat to riverfront area (Detroit Free Press)
The City of Detroit today denied a riverfront property owner's request to store a coal-based by-product called coke breeze and other materials at an industrial site in southwest Detroit.

Detroit lighting CEO abruptly resigns amid power struggle with mayor (Crain's Detroit Business)
Odis Jones, CEO of the Detroit Public Lighting Authority, resigned "to pursue other opportunities" Wednesday, 20 months after being hired to oversee $185 million in improvements to the city's streetlight system.

Ex-EAA principal to plead guilty to corruption today (Detroit Free Press)
With the fate of the embattled Education Achievement Authority still in limbo, two women are expected to shed some light today on how fraud and corruption ran through an agency that was supposed to help Detroit's worst schools.

DEPARTMENTS

DEQ

DEQ blames contractor for latest delay on updating dioxane standards (Mlive)
After years of repeatedly missed deadlines, Michigan officials are blaming the latest delay in establishing new cleanup standards for 1,4-dioxane and 300-plus other hazardous substances on a hired contractor.

Ford finds contaminated groundwater near Livonia plant (The Detroit News)
Ford Motor Co. is testing the area around its Livonia Transmission Plant after discovering vinyl chloride in the groundwater on the east side of the plant. The Dearborn automaker on Wednesday said samples with the potentially cancer-causing chemical were found seven feet or more underground and pose no health risk to residents.

DHHS

State making progress in ensuring rights of foster children (MPRN-Lansing)
An overhaul of Michigan's child foster care system is showing results, and the state is moving closer to ending a federal judge's oversight.

LARA

Gov. issues order transferring ethnic commissions to LARA (La Prensa)
Gov. Rick Snyder has signed *Executive Order 2016-3,* transferring administrative responsibilities of three ethnic commissions to the department of Licensing and Regulatory Affairs (LARA).

MDHHS

MDHHS begins investigation into rash reports in Flint's water crisis (MLive)
State health officials are moving forward in the investigation of rashes possibly associated with Flint's water crisis. The Michigan Department of Health and Human Services (MDHHS) is working to develop a plan to better understand rashes that have been reported by some Flint residents, according to a news release from the Joint Information Center.

MDOT

Vintage MDOT video shows what Michigan winter was like 80 years ago (MLive)
There's a saying among old timers — perhaps you've heard it — who like to admonish the younger generation for taking the many comforts afforded by modern life for granted. It goes something like this:

Michigan lawmakers may raise speed limits on rural highways (AP)
The speed limit could jump to 75 mph on some 600 miles of rural highway in Michigan — and possibly even higher on portions of two heavily traveled interstates — under a measure a committee sent to the state House Tuesday

Newsreel found in Upper Peninsula offers glimpse into 1930s Michigan winter (9&10)
A 1930s-era newsreel found in the Upper Peninsula is offering a glimpse into Michigan's past.

MPSC

DTE files $344 million rate request with Michigan Public Service Commission (Crain's Detroit Business)

DTE Electric Co. has filed a $344 million rate hike request with the Michigan Public Service Commission to continue upgrading its electric distribution system in Southeast Michigan, officials announced Wednesday.

DTMB

Unemployment rate climbs to 4.2 percent in Huron County (Huron Daily Tribune)
New jobless data shows local unemployment levels have, for the most part, edged up slightly

SOS

State error prompts voter cancellation notices (The Detroit News)
Hundreds of Michigan voters were mistakenly sent "notices of cancellation" last month challenging their voter registration status, according to the Secretary of State Ruth Johnson's office, which is taking steps to correct the error.

Michigan Supreme Court

Planet Fitness transgender locker room case heads to appeals court (MLive)
A Midland County woman's lawsuit against Planet Fitness for its transgender-friendly locker room policy continues, despite a judge dismissing the lawsuit in January. Yvette Cormier's attorney, David A. Kallman, appealed the judge's decision to the Michigan Court of Appeals on Jan. 28.

LEGISLATIVE

State Supreme Court clarifies range of whistleblower law (AP)
The Michigan Supreme Court has used a dispute at a women's shelter to clarify the scope of the state's whistleblower protection law.

Bill to loosen 'gag order' law approved by House panel (MLive)
The House Elections Committee on Wednesday afternoon approved a bill to clarify language in a new law limiting information public bodies can distribute ahead of elections.

Bills would stop animal abusers from adopting at Michigan shelters (MLive)
A pair of bills approved by the Michigan Senate would, together with companion bills pending in the House, create a system aimed at preventing past animal abusers from adopting from any animal shelter in the state.

Senate leader: EAA set to be eliminated (The Detroit News)
Gov. Rick Snyder's controversial Education Achievement Authority will come to an end as legislators consider a $715 million plan to rescue the Detroit Public Schools, according to Senate Majority Leader Arlan Meekhof.

Fix to election restrictions law passes House committee (Detroit Free Press)
Local and school officials will be able to communicate with their constituents about ballot proposals, as long as the information is "factual and strictly neutral," according to a legislative fix to a bill that passed late last year.

Legislation could bump up speed limits (The Times Herald)

Your commute could be getting a little bit quicker. Legislation heading to the full House would increase the speed limit to 75 or 80 mph on some interstates and freeways, and up to 65 miles per hour on some state trunk lines.

Bill to bring property tax assessments 'into the 21st century' (MLive)
Property assessment rolls in Michigan counties and townships are paper behemoths, but a bill currently in the state senate proposes to change that. Rep. Holly Hughes, R-Montague, testified Tuesday, Feb. 2, before the Senate Committee on Local Government on Tuesday.

OPINION

Editorial: No good answers in Flint water switch (Detroit News)
Depictions of the Flint water crisis as a case of a financially desperate Flint, deprived of local control by a state emergency manager, being forced to switch off the clean water from the Detroit Water and Sewerage Department to save a few bucks are misleading. It didn't happen that way.

Detroiters struggling to keep up with water bills (Detroit News)
Do the math, and it becomes clear: Eddie Cunningham Sr. is one of five people on his block in northwest Detroit who is current on his water bill.

'J'accuse'—and so does everybody else (Detroit Free Press)
"I do j'accuse!" one Congressman thundered at a brace of government officials, during a particularly heated moment in the U.S. House Oversight and Government Reform Committee's hearing on the Flint water crisis, expressing a willingness to place blame where blame is due.

Savings from Flint water switch don't add up (Detroit Free Press)
The genesis of the Flint water crisis is lack of accountability and public responsibility otherwise known as the Emergency Manager Law that is currently utilized in the State of Michigan. It is important to understand how this situation was allowed to reach such a dangerous level.

Howes: Ineptitude overshadows heroes in Flint fiasco (Detroit News)
If Wednesday's congressional hearing into the Flint Water Crisis proved anything, it's that neither Republicans nor Democrats dispute the central narrative: emergency managers working for Gov. Rick Snyder made the call to draw water from the Flint River.

State Partners with MSU Student Athletes to Help with Flint Recycling and Water Distribution Efforts

New Recycling Site Open Friday from Noon to 4 p.m.

Flint, Mich. – Student athletes from Michigan State University are partnering with Schupan Recycling, Republic Services and the Michigan Community Service Commission (MCSC) to help with recycling and water distribution efforts in Flint on Friday, Feb. 5, including collection of empty water bottles and distribution of recycling bags and bins.

"We are excited to have students from MSU volunteer their time to help the residents of Flint," said Ginna Holmes, executive director of the MCSC. "The state is thankful to Schupan and Republic for stepping up to help recycle all the water bottles. We're also looking forward to engaging other volunteers in the future to assist with these recycling efforts."

Recycling collection and water distribution will take place Friday from Noon to 4 p.m. in the parking lot of the Northwest Shopping Center, 2629 West Pierson Road, Flint, MI 48504 (corner of Clio Road and W. Pierson Road).

Residents are asked to bring their empty water bottles to this location. Schupan Recycling will be collecting the bottles to process for turning into new products.

Residents also will be able to pick up a blue recycling bin from Republic Services.

Media is invited.

GOV's ACTIVITIES

Flint water bill relief

Snyder wants $30 million for Flint water bills (FOX 47)
Flint residents want the murky, lead-contaminated drinking water gone, and the bills too.

Michigan Governor Rick Snyder plans $30 M credit for Flint water customers (AP)
Michigan Gov. Rick Snyder will propose $30 million in state funding to help pay the water bills of Flint residents facing an emergency over the city's lead-contaminated water supply.

Governor proposes $30M to pay Flint water bills (WSJM)
Governor Rick Snyder is proposing $30 million in state funding to help pay the water bills of Flint residents facing an emergency over the city's lead-contaminated water supply.

Governor seeking $30 million to reimburse Flint residents for water bills (WDIV)
Gov. Rick Snyder is asking the Legislature to approve $30 million in funds that would go to Flint to reimburse residents for the money they've spent on water that was improperly treated and in some cases has tested astronomically high for lead.

Snyder plans $30M credit for Flint water customers (Michigan Radio)
Michigan Governor Rick Snyder will propose $30 million in state funding to help pay the water bills of Flint residents facing an emergency over the city's lead-contaminated water supply.

Snyder seeking $30M to reimburse Flint water customers (Detroit Free Press)
Gov. Rick Snyder plans to announce Wednesday he will ask the state legislature to approve a $30-million water payment relief plan for Flint residents to keep their water service on and reimburse them for water they cannot drink because of a lead-contaminated water supply, according to a document reviewed by the Detroit Free Press.

Snyder proposing $30M to help pay Flint residents' water bills (MLive)
Gov. Rick Snyder is proposing $30 million in state funding to help pay residents' water bills in Flint water crisis.

DPS Emergency Manager

State Manager for Detroit Schools Leaving Job Months Early (AP)
Criticized on two fronts for his role in Flint's lead-tainted water crisis and his handling of teacher sick-outs and building conditions in Detroit's troubled public schools, Darnell Earley has decided to step

down from his job as the state-appointed emergency manager for Michigan's largest school district before the end of his 18-month term.

Gov. Rick Snyder says emergency manager Darnell Earley to leave troubled Detroit schools early (AP)
Gov. Rick Snyder says emergency manager Darnell Earley to leave troubled Detroit schools early.

DPS emergency manager Darnell Earley to step down (Detroit Free Press)
Embattled Detroit Public Schools emergency manager Darnell Earley, who has faced increased criticism for his management of the district and his role in the Flint water crisis, is leaving his job Feb. 29. Gov. Rick Snyder will appoint a transition leader by the end of the month.

CEO to take over academics of four East Detroit schools (Detroit Free Press)
The state will appoint a chief executive officer to oversee four chronically low-performing schools in East Detroit Public Schools.

Ex-Flint manager Earley shrugs off U.S. House subpoena (Detroit Free Press)
Sources told the Free Press on Tuesday night that a congressional committee voted to subpoena former Flint emergency manager Darnell Earley to testify on the city's water crisis but that he has refused service.

New DPS manager needs Detroit's trust (Detroit News)
The calls for the resignation of the Detroit Public Schools emergency manager escalated to a fever pitch in recent weeks. And Darnell Earley got the message, letting the governor know Tuesday he'll step down at the end of the month. It was the right decision.

DPS Emergency Manager Darnell Earley out at end of month (Fox 2)
Detroit Public Schools Emergency Manager Darnell Earley has informed Gov. Snyder he is planning to leave his position at the end of the month, Gov. Snyder's office confirmed in a news release. You can read Earley's letter in full below. Earley is also the former Emergency Manager of the city of Flint, which is now under national scrutiny over its contaminated water system. While Earley was Flint's emergency manager, the city switched from Detroit's water system back to Flint's to cut costs. High lead levels have since been detected in Flint resident's tap water.

Detroit Public Schools EM Darnell Earley resigns from position (WDIV)
Detroit Public Schools (DPS) Emergency Manager and former Flint city emergency manager Darnell Earley will resign from his position at DPS this month. Earley will resign on Feb. 29, according to Gov. Rick Snyder's office.

Darnell Earley has resigned as DPS emergency manager (ABC 7 WXYZ)
Sources tell 7 Action News that Darnell Earley has resigned as emergency manager of Detroit Public Schools. The resignation will be effective February 29, according to a statement from the governor's office. "Darnell has done a very good job under some very difficult circumstances.

Flint's Former Manager Resigns as Head of Detroit Schools (New York Times)
The state-appointed emergency manager of the Detroit Public Schools, who had also managed the city of Flint and oversaw its decision to draw its water from the Flint River, resigned on Tuesday, the day before a congressional committee hearing in Washington on Flint's water.

Detroit school system's manager to step down this month (Reuters)
Detroit Public Schools' emergency manager Darnell Earley is stepping down later this month, Michigan Governor Rick Snyder said on Tuesday. Earley, who has drawn criticism from the teachers union and black state lawmakers for the crumbling state of the city's schools, will leave the school district on Feb. 29, the governor said in a statement.

Controversial Emergency Manager Of Detroit's Public Schools Resigns (NPR)
A Michigan emergency manager tied to two major controversies has resigned from his current post running Detroit's public school district. Darnell Earley has faced escalating criticism over poor conditions in Detroit schools. Before that, he ran the troubled city of Flint. As Michigan Radio's Rick Pluta reports:

Earley To Be Out The Door Early As Emergency Manager of Detroit Public Schools (Daily Detroit)
The Emergency Manger of the Detroit Public Schools and former Emergency Manger of the city of Flint, Darnell Earley, will be leaving office on February 29, 2016, says the Governor's office. His term was to end in June. This does not mean the end of emergency management for the district. Governor Rick Snyder will announce his appointment of someone to lead DPS by the end of the month.

Darnell Earley, current DPS EM, ex-Flint EM, to step down (Michigan Radio)
The controversial emergency manager of the Detroit Public Schools will step down at the end of this month, Gov. Snyder's office announced Tuesday. Snyder faced growing pressure to get rid of Darnell Earley.

Detroit Schools' Emergency Manager to Step Down (Wall Street Journal)
Embattled Detroit Public Schools emergency manager Darnell Earley will step down from his post at the end of the month, departing from the cash-strapped school district after just over a year and leaving the system's next steps in the hands of another state appointee.

Detroit Schools Emergency Manager Darnell Earley Will Step Aside Early (Deadline Detroit)
"Darnell Earley was a complete disaster as the Emergency Manager of Detroit Public Schools and the City of Flint," says Ron Bieber, President of the Michigan AFL-CIO, in a statement. "But let's be clear, Rick Snyder is the one who's ultimately responsible for Earley's failures in Flint and Detroit.

The Detroit schools emergency manager resigns after a month of 'sick-outs' and stomach-turning images of decay (Business Insider)
Detroit Public Schools (DPS) emergency manager Darnell Earley announced he will step down at the end of February, The Detroit Free Press reported.

Darnell Earley, head of Detroit schools and former Flint EM, resigning (MLive)
Darnell Earley, the state-appointed emergency manager of Detroit Public Schools who also ran Flint government during that city's ill-fated water system changes, is resigning.

Detroit school system's manager to step down (Aljazeera)
Detroit Public Schools' emergency manager Darnell Earley is stepping down later this month, Michigan Gov. Rick Snyder said on Tuesday.

Detroit Public Schools emergency manager steps down (FOX 28)
In Michigan a controversial official is stepping down after Detroit teachers called for his removal last week.

Detroit Public Schools Emergency Manager Darnell Earley Resigns (WDET)
Detroit Public Schools Emergency Manager Darnell Earley announced Tuesday he will step down at the end of this month.

SRO Announcement
4 East Detroit schools to get CEO to boost academics (The Detroit News)
Thirty Michigan schools, including 12 Detroit Public Schools, will be removed from the state's list of the lowest performing schools, Gov. Rick Snyder announced Tuesday.

30 Michigan schools no longer among state's lowest performers (MLive)
Thirty Michigan schools will be removed from the state's list of lowest performing schools after making academic strides, Gov. Rick Snyder's office announced Tuesday.

Three downriver schools remain on state's Priority Schools list (The News Herald)
Three Downriver schools remain on the state's Priority Schools list after Gov. Rick Snyder's office announced today that 30 schools were being removed due to significant improvement in education

FOIA
Amid the Flint water crisis, journalists are calling for changes to Michigan's FOIA law (Poynter)
When Michigan Gov. Rick Snyder released emails related to the ongoing water crisis in the city of Flint earlier this month, he was under no obligation to do so. Michigan is one of only two states in the country (Massachusetts is the other) where the state's Freedom of Information Act excludes the governor's office from public records searches. Missing from Gov. Snyder's voluntary 274-page disclosure were emails from before 2014, when the governor-appointed emergency manager in charge of Flint made the decision to switch the city's water source from Detroit public water to the Flint River, a poorly-managed transition which resulted in the lead poisoning of thousands of Flint residents.

The Struggle for Accountability in Flint (Boston Review)
What is unfolding in Flint, Michigan, is not just a public health crisis. Faith in the public sector, too, is at risk of being irreparably shaken. Lead-contaminated water has flowed since the spring of 2014 into this city of roughly 100,000 people, despite residents' repeated complaints. Several investigations and class-action lawsuits are underway, highlighting the contempt in which the people of Flint were held by the very state officials tasked with protecting their safety. Governor Rick Snyder has apologized and promised support not just to fix Flint's corroded pipes, but also to expand special education and mental health services.

Flint Water
Neither party wants Rick Snyder to resign over Flint (Michigan Radio)
If you've turned on any TV news channel today, my guess is that you saw experts talking about the meaning of the Iowa caucuses. I watched more of that than I intended to, and discovered that the single

best assessment did not come from one of the glamorous talking heads, but from a former congressman who is going to be 90 years old this summer.

Governor Snyder signs $28M in aid for Flint (Leader Call)
The state has come under fire for its handling of the Flint water crisis up until now, with some demanding Snyder's resignation. Rick Snyder doesn't want you to know which corporations are paying to salvage his reputation in the wake of the lead poisoning of Flint's children under his watch.

Gov. Rick Snyder taking 'baby steps' on Flint water crisis, Michigan senator accuses (Mlive)
Senate Minority Leader Jim Ananich sent a letter to Gov. Rick Snyder over the weekend asking for the thing he says Flint residents need right now: swift action to address the Flint water crisis. "I'm tired of spin. I'm tired of meetings saying they're going to do things," Ananich said at a press conference Tuesday morning.

Fieger lawsuit targets Flint hospital and Snyder administration on behalf of Legionnaires' patients (ABC 7 WXYZ)
Attorney Geoffrey Fieger has filed a $100 million lawsuit on behalf of four Genesee County residents who contracted Legionnaires' disease at McLaren Hospital during the Flint water crisis. According to the lawsuit, one of those residents, 58-year-old Debra Kidd, died from Legionella pneumonia on August 2, 2015.

Fieger Files 100 Million Dollar Lawsuit Against Snyder Administration And McLaren Hospital For Legionella Outbreak And Flint Water Crisis (PR Newswire)
Attorney Geoffrey Fieger announced today he has filed a one hundred million dollar lawsuit on behalf of four Genesee County residents who contracted Legionnaires' disease while being treated at McLaren Flint Hospital during the Flint water crisis. One of the residents was 58 year old Debra Kidd, who died from Legionella pneumonia on August 2, 2015, just seven days after she presented to the McLaren Flint ER with a headache.

Bill Signings
Gov. Snyder okays personal emergency information on state IDs (AP)
Laws enacted by Gov. Rick Snyder will let Michigan residents have their emergency contact information linked to their driver's license or state ID.

Snyder signs law linking emergency contact to your ID (WWMT)
Governor Snyder has signed legislation that will allow you to link emergency contact to your ID.

MISC.
Snyder plan to fight Great Lakes algae draws criticism (The Detroit News)
Michigan Gov. Rick Snyder's plan for helping reduce the spread of algal blooms in the Great Lakes fails to go far enough, according to several conservation groups. In November, state officials rolled out their plan for reducing the amount of phosphorus that reaches the lakes and helps generate the green blooms that foul beaches and interfere with boating. Algae has become particularly problematic in Lake Erie, where it contaminated Toledo's water supply in 2014.

FLINT
U.S. Rep. Kildee plans to testify before Congress on Flint water (Mlive)

U.S. Rep. Dan Kildee says he will testify before the House Committee on Oversight and Government Reform on the Flint water crisis Wednesday, Feb. 3. Kildee's announcement comes amid reports by The Detroit Free Press and others that former Flint emergency manager Darnell Earley may not testify after having been called to by the House committee.

FBI Investigating Flint Lead Poisoning Scandal (Patch)
The FBI has joined the investigation into the Flint lead-poisoning scandal, federal prosecutors and others have confirmed. FBI Detroit field office spokesman Jill Washburn told The Detroit News the agency has been investigating the manmade public health catastrophe "for a while" to "determine if there are any federal violations."

FBI joins Flint drinking water investigation (Detroit Free Press)
The FBI is now investigating the contamination of Flint's drinking water, a man-made public health catastrophe, which has left an unknown number of Flint children and other residents poisoned by lead and resulted in state and federal emergency declarations. Gina Balaya, a spokeswoman for the U.S. Attorney's Office in Detroit, told the Free Press Monday that federal prosecutors are "working with a multi-agency investigation team on the Flint water contamination matter, including the FBI, the U.S. Postal Inspection Service, EPA's Office of Inspector General, and EPA's Criminal Investigation Division."

New class-action takes aim at alleged Flint water 'conspiracy' (Mlive)
A new class-action lawsuit has been filed claiming state and local leaders conspired to deny any trouble with the city's water supply while discriminating against residents by providing clean water to state office workers here.

Flint mayor calls for immediate removal of lead pipes (Detroit Free Press)
Flint Mayor Karen Weaver is expected to call for immediate action to remove lead pipes from the city's water distribution system at a news conference, city officials announced Tuesday. Weaver is expected to make the announcement alongside Baltimore Mayor Stephanie Rawlings-Blake, Lansing Mayor Virg Bernero and former Atlanta Mayor Shirley Franklin and community members at City Hall.

Flint residents headed to Washington, D.C., for hearing on water crisis (Mlive)
A group of Flint residents who want to be heard in Washington, D.C., will leave Flint tonight. Organizers want people who are impacted by the Flint water crisis to be able to tell their stories during the U.S. House Committee on Oversight and Government Reform hearing.

Prominent Baltimore attorney brings class-action lawsuit against Flint officials over water contamination (The Baltimore Sun)
Prominent Baltimore attorney William H. "Billy" Murphy Jr. — who recently won a $6.4 million settlement for the family of Freddie Gray — has brought a federal class-action lawsuit against state and local officials in Flint, Michigan over the contamination of the city's drinking water.

DETROIT

East Detroit Public Schools to fall under state control for academics (Macomb Daily Education)
A chief executive officer will soon be named to oversee academics in East Detroit Public Schools after years of chronically low student achievement, state officials said Tuesday. The CEO will have jurisdiction over all instructional and financial decisions of four of the district's seven schools for the next three years along with the superintendent, according to the State School Reform Office.

House speaker bashes Detroit teachers union after emergency manager announces resignation (MLive)
House Speaker Kevin Cotter, R-Mt. Pleasant, tore into the Detroit teachers union Tuesday in a statement issued after Gov. Rick Snyder's office announced the resignation of Darnell Early, who's led Detroit Public Schools since January 2015.

Flint's former emergency manager subpoenaed (KRDO)
Darnell Earley sent a letter to Michigan's governor Tuesday announcing his resignation from his role as emergency manager of Detroit Public Schools. Hours later officials in Washington sent him a different kind of message: a subpoena.

Mayor Duggan expands effort to get Detroit teens to work (WXYZ)
Detroit Mayor Mike Duggan is expanding an effort to put teens to work this summer.

The Latest: Teachers' Union Wants Local Control for District (ABC News)
The Detroit teachers' union president says emergency manager Darnell Earley's decision to step down is a step in returning the district to local control. Ivy Bailey said Tuesday that "appointing another emergency manager won't fix Detroit's education crisis."

Detroit mayor announces reduction in property assessments (Mining Journal)
Mayor Mike Duggan announced a drop in residential property assessments for about 95 percent of Detroit residents after years of cost complaints from angry homeowners.

AG

FBI Joins Investigation of Flint Water Lead Contamination (AP)
The FBI is working with a multi-agency team investigating the lead contamination of Flint's drinking water, alongside Environmental Protection Agency investigators who can tackle criminal violations of *federal environmental law, officials said Tuesday.* Several local, state and federal officials have resigned since doctors revealed last year that using the Flint River for the city's drinking water supply caused elevated levels of lead in some children's blood. Lead contamination has been linked to learning disabilities and other problems. Michigan's governor has apologized repeatedly for the state's role.

Michigan attorney general seeks public input on Mackinac Straits pipeline risks (Legal Newline)
Michigan Attorney General Bill Schuette has announced the state will seek public input on proposal drafts from environmental and engineering experts completing risk and alternative studies on the Mackinac Straits pipeline known as Enbridge Energy's Line 5.

Michigan attorney general issues warning about Flint water scams (WDIV)
Michigan Attorney General Bill Schuette on Tuesday issued a warning about scams relating to the Flint water crisis. Schuette said two common scams involve charitable giving and home and business repairs.

Why is the FBI getting involved in Flint? (Christian Science Monitor)
Multiple federal agencies are now involved in a criminal investigation into the Flint, Mich., water crisis. Gina Balaya, a spokeswoman for the US Attorney's Office in Detroit, said in an email to media that federal prosecutors in Michigan are "working with a multi-agency investigation team on the Flint water

contamination matter, including the FBI, the U.S. Postal Inspection Service, the EPA's Office of Inspector General ... and the EPA's Criminal Investigation Division."

65 untested rape kits in Ann Arbor connected to cases concluded by other means, police say (Mlive)
The 65 untested rape kits in Ann Arbor Police Department are connected to cases that were concluded by other means, police say.

FBI joins Flint water contamination probe (AP)
The FBI is working with a multi-agency team investigating the lead contamination of Flint's drinking water, alongside Environmental Protection Agency investigators who can tackle criminal violations of federal environmental law, officials said Tuesday.

Flint water crisis provides battle cry in local environmental fights (Mlive)
Bursting into cheers at every mention of Flint, a crowd of Southfield residents angrily expressed opposition to a proposal to drill for oil in a residentially zoned area Monday night. It was the second time in five days that a large crowd of Metro Detroiters gathered over fears of environmental contamination, pointing repeatedly to the Flint's water crisis as an example of disaster caused by flawed state regulation.

EPA lays out future plans in Flint water crisis (MLive)
The U.S. Environmental Protection Agency is in Flint and plans to stay for the long haul as it works on testing water at homes and ensuring the city's infrastructure is repaired.

Arbor Hills odors lead to violation, construction (Hometown life)
Construction to replace existing gas wells and add new ones at the Arbor Hills Landfill — which also has a proposal to expand — is underway, a move expected to reduce odors that nearby homeowners have complained about. "I've gotten quite a few complaints last week and through the weekend and yesterday," said Tom Casari, Northville Township public services director. "They are coming from everywhere on the west end."

DHHS

Leadership class to help give foster children, parents more comfortable visit room (Petoskey News)
People who use the visitation room at the Michigan Department of Health and Human Services in Petoskey are probably not thinking about worn-out furniture or sparse wall decorations. It is more likely they have other, more important things on their minds. Like spending quality time with their children.

"The visitation room is used to facilitate visits between foster children and their parents and other family members.

State has fewer goals to end child welfare system oversight (9&10 News)
The FBI is now investigating the contamination of Flint's drinking water, a man-made public health catastrophe, which has left an unknown number of Flint children and other residents poisoned by lead and resulted in state and federal emergency declarations.

Flint rashes: State, U.S. agencies to investigate cause (Detroit Free Press)
The Michigan Department of Health and Human Services has begun to investigate the rashes that have plagued many Flint residents since the city changed its water source to the Flint River in 2014.

DNR

DNR: Coyotes not a threat in Troy (C&G Newspapers)
At the request of the Troy City Council, a police service aide and a Michigan Department of Natural Resources representative presented a program at the Jan. 25 council meeting about the coyotes in Troy.

Ice-safety measures provided by DNR (Fox 28)
Michigan Department of Natural Resources advises ice anglers and snowmobilers to remember that no ice is considered safe ice, with the warm and rainy patterns we've been seeing in the weather in recent weeks over parts of the state. "When temperatures reach into the 40s, as they have recently in many areas, thawing will occur and that will definitely weaken ice," said Sgt. Steve Orange, DNR Law Enforcement Division's recreational safety, education and enforcement supervisor.

Deadline to register to vote in March primary is next Monday (94.9)
The deadline to register to vote in Michigan's presidential primaries is fast approaching. The Michigan Secretary of State's office warns it's next Monday.

LEGISLATIVE

Senate minority leader says Governor must take "real estate" in Flint (WILX)
Many state lawmakers aren't holding back their feelings about how Governor Rick Snyder handled Flint's water crisis.

State couldn't advertise for 'Healthy Michigan' Medicaid expansion under bill (MLive)
The state Department of Health and Human Services would have to stop spending $2 million per year on advertising for the Healthy Michigan plan under a proposal the Senate Health Policy Committee considered on Tuesday.

75 mph speed limit green lighted by Michigan House panel (MLive)
Speed limits on some Michigan freeways could eventually reach 80 miles per hour under a package approved by the House Transportation and Infrastructure Committee Tuesday.

Tax credits for charitable donations may be restored (Detroit Free Press)
Five years after tax credits for a wide variety of charitable contributions and other expenses were eliminated as part of Gov. Rick Snyder's tax reform policies, the Michigan Legislature began taking action Tuesday to restore those credits.

Michigan bills aim to make sick-outs illegal strikes (Detroit Free Press)
Frustrated by teacher sick-outs that have caused the closure of dozens of Detroit Public School buildings since the beginning of the year, the Senate Education Committee voted Tuesday to make it easier to determine that a sick-out is an illegal strike and to punish the teachers and school districts that participate.

Michigan lawmakers may raise speeds on rural highways (Detroit News)
The speed limit could jump to 75 mph on some 600 miles of rural highway in Michigan — and possibly even higher on portions of two heavily traveled interstates — under a measure a committee sent to the state House on Tuesday.

OPINION
Editorial: Earley is out, but Detroit kids still need help (Detroit Free Press)
And just like that, Darnell Earley is heading out the door.

Miller: 'No' to nuclear waste near Lake Huron (Detroit News)
The United States and Canada have long shared an appreciation for the vital role the Great Lakes play in our economic and cultural lives and history — and a commitment to preserve and protect the Lakes for generations to come.

Editorial: New DPS manager needs Detroit's trust (Detroit News)
The calls for the resignation of the Detroit Public Schools emergency manager escalated to a fever pitch in recent weeks. And Darnell Earley got the message, letting the governor know Tuesday he'll step down at the end of the month. It was the right decision.

Letters: Readers on Snyder record, Flint responsibility (Detroit News)
Re: Paul W. Smith's Jan. 30 column in The Detroit News "Don't forget Snyder's good work": I'm not a Smith fan, but now I'm echoing him all the way. His column on our governor is the first clear, fair accounting on the subject I've seen since the Flint water debacle became public.

New DPS manager needs Detroit's trust (Detroit News)
The calls for the resignation of the Detroit Public Schools emergency manager escalated to a fever pitch in recent weeks. And Darnell Earley got the message, letting the governor know Tuesday he'll step down at the end of the month. It was the right decision.

Author: MSP-SEOCGIS2@michigan.gov, (A111)
Created: 11:31 AM, 03 Feb 16

This is the daily 2-1-1 summary on the Flint Water Response for Tuesday, February 2, 2016

GENERAL INFORMATION:

- SEOC provided information that Environmental Protection Agency (EPA) has set up an email and toll free number for Flint residents with water sampling questions.
  Phone: 1.800.426.479
  Email: flintwater@epa.gov

CALL VOLUME:

Today's report provides an analysis of Flint Water calls to 2-1-1 from January 9, 2016, the day the State of Michigan began referring residents to 2-1-1 for assistance, and the end of the month – a total of 23 days.

99% of calls (6572 of 6634) from Genesee County were related to the Flint Water Response. For ease of reporting, numbers in this report include the entire county

Flint Water Calls to 2-1-1: Jan. 9 – 31, 2016

		Service Requests			
	Calls received	Referrals Made	Unmet needs**	Information only	Total Requests
Flint Water	6,634	7,771	863	928	9,562
All 211 Calls Statewide	29,767	35,467	3,375	3,529	42,371
Flint Daily Average	286/day	338/day	38/day	40/day	416/day
State Daily Average	1,294/day	1542/day	147/day	153/day	1,842/day
% Calls For Flint	22.3%	21.9%	25.6%	22.2%	22.6%

** The majority of unmet needs were reported during the first two weeks of the response. During the last week of January only 69 unmet needs were reported for Flint residents.

During the 23 days reported, Michigan 2-1-1 partners handled 9,562 requests for assistance from Flint residents. With roughly 1% of the state population, Flint generated 20% of the calls to 2-1-1.

Coordination of access and services among responders clearly benefited Flint residents. Early in the month up to 28.5% of calls resulted in unmet needs where there was no service or assistance available for callers. By the end of the month the rate of unmet needs had dropped to under 5%.

SPECIAL NEEDS/REQUESTS

- No special request or needs to report today

RUMOR CONTROL

- No new rumors to reports
  - 2-1-1 continues to receive calls reporting a variety of rumors -- agents are providing the most accurate and up-to-date information available to answer questions and reassure callers.

UNRESOLVED

☐ **From 1/18/16:** Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue.

- ☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?
- ☐ **From 1/20/16:** *Michigan 2-1-1 heard an anecdotal report today that real estate agents are reluctant* to close sales in Flint because they cannot verify the any properties are free from lead contamination. **Is there are state agency or partner who can give real estate agency and home inspectors information on their potential liability.**
- ☐ **From 1/25/26:** Organizations distributing bottles to collect water samples report running out of bottles. **Is there a contact for individuals and organizations to get additional testing sample bottles?**
- ☐ **From 1/26/26:** Callers are asking about the efficacy of various water filters and whole-home filtration system to screen out lead. **Is there an state- or independently-vetted list of effective filters available for residents to reference.**
- ☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through Good360 or another supplier? UPDATE:** The Michigan 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.
- ☐ **From 1/26/26:** Callers are asking about the availability of whole-home filtration systems. **Is there any guidance on whether this is being considered as an option for residents?**
- ☑ **From 1/28/16:** Callers are asking for accurate information regarding a report that, "Undocumented immigrants in Flint aren't just being denied clean water, they aren't being tested for lead poisoning." This tweet included a link to a story about undocumented residents facing ICE raids: http://grist.org/cities/its-not-just-clean-water-flints-undocumented-immigrants-cant-access-medical-lead-testing/

  Resolved: Per JIC News Release # 27 dated February 2, 2016

  > "[P]hoto identification is not required and no resident will be denied resources."
  >
  > "Flint residents can pick up water test kits, water filters, filter cartridges, and cases of bottled water. Also, residents can return filled water test kits at any one of the five water resource sites. Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams."

- ☐ **From 2/1/16:** 2-1-1 received a related rumor that due to the class-action lawsuits filed against the state, MDEQ will no longer be able to process lead tests for Flint residents. **Can SEOC investigate this rumor and determine whether or not it is true?**
- ☐ **From 2/1/16:** A few callers are expressing concerns about the reliability of MDEQ test results and are asking how to get independent lab testing for free or low cost

JOINT INFORMATION CENTER

NEWS RELEASE

FOR IMMEDIATE RELEASE
February 2, 2016
Release #: 27

Michigan National Guard Continue Efforts at Water Resource Sites

FLINT, Mich. Approximately 70 Michigan National Guard Soldiers continue to assist with the distribution of bottled water, water filters, replacement cartridges and water testing kits at the water resource sites located at five of the city's fires stations.

As part of the distribution process, residents seeking water filters and replacement cartridges are asked to share their address. This data is being collected and mapped in real-time to assist with long-term recovery and help water response teams know where to focus their door-to-door efforts.

It is important to note that photo identification is not required and no resident will be denied resources.

Learn more about the Michigan National Guards efforts by viewing this video.

MORE

Flint residents can pick up water test kits, water filters, filter cartridges, and cases of bottled water. Also, residents can return filled water test kits at any one of the five water resource sites. Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

The water resource sites remain open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1 (also a water bottle and filter cartridge recycling site)
310 East 5th St.

Fire Station #3
1525 Martin Luther King Ave.

Fire Station #5 (also a water bottle and filter cartridge recycling site)
3402 Western Road

Fire Station #6
716 West Pierson Road

Fire Station #8 (also a water bottle and filter cartridge recycling site)
202 East Atherton Road

All water filters distributed at the water resource sites are certified by NSF International for lead reduction. Individuals wishing to verify that a specific filter is NSF-certified can do so via the NSF website.

The State of Michigan continues to coordinate response efforts in partnership with the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater, by visiting www.helpforflint.com or by calling 211.

MDHHS Director's Situation Report
Flint Water Response
02 February 2016

Blood Lead Testing Results in Children Enrolled in Medicaid and Residing in City of Flint as of February 1, 2016

Tests Performed on or After April 1, 2014

Zip Codes 48501-48507

Blood Lead Testing	Age				Total	
	0-11 months		1-5 Years			
	N	%	N	%	N	%
Children Tested	89	5.7%	3945	54.7%	4034	46.0%
Children Not Tested	1480	94.3%	3264	45.3%	4744	54.0%
Total Enrolled	1569		7209		8778	
Blood Level ≥ 5 µg/dL* among Tested Children	3 of 89	3.4%	180 of 3945	4.6%	183 of 4034	4.5%

Zip Codes 48501-48507, 48509, 48519, 48529 and 48532

Blood Lead Testing	Age				Total	
	0-11 months		1-5 Years			
	N	%	N	%	N	%
Children Tested	100	5.0%	4814	53.5%	4914	44.7%
Children Not Tested	1900	95.0%	4178	46.5%	6078	55.3%
Total Enrolled	2000		8992		10992	
Blood Level ≥ 5 µg/dL* among Tested Children	3 of 100	3%	194 of 4814	4.0%	197 of 4914	4.0%

*The highest level for each child tested was selected. If a child had a venous test, that was selected over any capillary test.

Flint Daily Blood Test Report

Week of February 1-5, 2016: Includes Zip Codes 48501 to 48507

The table on p.2 presents daily counts of the total number of venous or capillary blood lead test results for Flint residents in zip codes 48501-48507 received by MDHHS in the previous 24 hours. (Counts on each Monday of the week include the previous week-end.) Cumulative total counts are also provided for the week. These counts do not represent the number of individual people tested, as some individuals may be tested more than once per year. For information on the number of people tested per calendar year, please see the weekly Flint Blood Test Report (available at www.michigan.gov/flintwater) that includes counts and percentage of tests with blood lead levels ≥ 5 micrograms per deciliter of blood by calendar year.

Table Key

 # Tests: the total number of venous or capillary blood lead test results received in the previous 24 hours.

 # => 5: the number of venous or capillary blood lead test results received in the previous 24 hours that were => 5 micrograms per deciliter of blood

 # => 5 new: the number of those test results => 5 micrograms per deciliter of blood that were from people not previously tested.

% ≥ 5: the percent of total tests received in the previous 24 hours that were => 5 micrograms per deciliter of blood.

Environmental Investigations

Elevated Blood Level Environmental Investigations:

Through 02/1/2016:

- 28 families contacted
- 25 EBL investigations completed
- 22 Water sampling completed
  - 10 Homes where water filters were observed
- 7 EBL Reports Received
  - 13 homes with lead dust hazards were identified
  - 5 homes with lead in soil hazards
  - 13 homes with lead-based paint hazards

- 9 homes with lead detected in tap water
    - 2 home with lead water levels greater than 15 ppb
- 1 investigations scheduled
- 10 applications received for the Lead Safe Homes Program
    - 2 family enrolled

Filters distributed GCCARD/DHHS:

	Distributed Feb 1, 2016	Total Distributed Oct- Feb 1
Brita Filters	5	13,193
Zero Water Pitchers	0	558
PUR Filters	15	271
Replacement Cartridges - Brita	10	3,719
Replacement Cartridges - PUR	23	678
Replacement Cartridges - Zero	5	434

State Emergency Operations Center (SEOC) Update

Data is for 2/1/16 as of 5:00 pm

- Total homes visited:
    - 11,876 (round 3 total)
    - 1,686 (total 1/31)
    - 1,164 (today)
- Water Cases (liters calculated by multiplying # of cases x 12):
    - 87,792 liters or 7,316 cases (round 3 total)
    - 13,932 liters or 1,161 cases (total 1/31)
    - 5,796 liters or 483 cases (today)
- Replacement Cartridges:
    - 1,866 (round 3 total)
    - 144 (total 1/31)
    - 473 (today)
- Faucet Filters:
    - 6,228 (round 3 total)
    - 407 (total 1/31)
    - 437 (today)

Bureau of Disease Control, Prevention, and Epidemiology

- Provided the April 2014 to date list of addresses of all children tested for lead in Flint to the CHECC for GIS mapping in the SEOC.

Case Management

- Case management DATA through 2/1/2016:
    - Contacted 190 (0-5 year olds) and 12 (6-17 year olds)
        - Offered case management services to 147 (0-5 year olds) and 8 (6-17 year olds)
    - Case management services provided to 27 (0-5 year olds) and 4 (6-17 year olds)
        - 16 (0-5 year olds) and 1 (6-17 year olds) billed to Medicaid

- 20 (0-5 year olds) and 1 (6-17 year olds) with 'Other' disposition, which includes moved out of county or out of state, or Case Management closed because child's lead level is testing <5.

➢ During a weekly call with Genesee County Case Management staff (2/2), the following challenges were raised from a Community Forum; Members expressed concern with navigating the FlintWater website and delays with 211 response.

Flint Water Crisis: Michigan's Aging Network/Aging & Adult Services Agency

➢ Prior to the State Declaration of Emergency on Jan. 5, Valley Area Agency on Aging (VAAA), in partnership with other local community agencies such as the Genesee County Community Action Resource Department and the Genesee County Health Department, participated in the local ad-hoc response to the local water crisis by helping organize local meetings and by distributed water and water filters to the Region 5 Planning and Service area home-delivered meals participants.

➢ **AASA Staff:** AASA has a staff person who supports the SEOC and serves as a liaison to VAAA.

➢ **Trusted Access Point/Call Center:** VAAA continues to serve as a trusted access point for calls from homebound seniors who need assistance with bottled water, water filters, or if they have other general questions. VAAA also makes referrals to other agencies who can provide other needed services.

Children's Services Agency (CSA)

➢ Actions:
- 89% visual confirmations of water filters (or otherwise confirmed as outside city of Flint water source) for all impacted foster care placement providers. Deadline 2/8/16
- Genesee County Child Welfare Health Liaison Officer (HLO) reviewed lead testing information available on MCIR for 100% of foster children currently placed in Flint
- Completed 100% of blood lead level testing for children placed at Whaley; results are pending

➢ Resources distributed by MDHHS child welfare staff (additional resources distributed by general services staff):
- Water Filter Units: 63
- Replacement Cartridges: 167
- Test Kits: 45
- Zerowater Pitchers: 32
- Zerowater pitcher replacement cartridges: 24

➢ Interagency Coordination/Communication:
- Written communication sent on 2/1/16 to all Child Welfare staff regarding expectation for water testing, follow up medical care for foster children, safety planning, and updated foster parents/agency agreement
- Informational conference call conducted on 2/2/16 with the Business Service Center and county directors regarding the written communication sent on 2/1/16

Outreach

➢ The CHECC will be hosting the MDHHS Chief Medical Executive webinar tomorrow at 12:00PM for Genesee County healthcare providers titled: *An Introduction to the Health Implications of Lead Exposure*

➢ The CHECC have provided a Fluoride, Bottled Water, and Oral Health Prevention FAQ to the JIC

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	02/02/2016 08:00:00
Operational Period End:	*02/09/2016 08:00:00*
Situation Report No.	28
SEOC Status:	Full
SEOC Hours of Operation Begin:	02/02/2016 08:00:00
SEOC Hours of Operation End:	02/02/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (February 2, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- *Coordination with city/county.*
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded rapid response requests.
- Fielded Governor's office request.
- Facilitated distribution team calls.
- Coordinated warehouse deliveries – donated water.
- Submitted proposal to open second warehouse – proposal approved.
- Sent request to Chad Veeser to secure Adventists to staff warehouse.
- Requested equipment/supplies from ALANaid for new warehouse.
- Requested FEMA advisors for new warehouse.
- Requested DOC's assistance with warehouse management and staffing for new warehouse.
- Revised staffing for the Recovery branch.
- Requested DOC work crew to assist in short-term staffing for the new warehouse.
- Fielded inquiry from ARC on the Washington Post wanting to tour the warehouse.

JIC:
- Created a morning and afternoon media monitoring report and looked for information requiring correction.
- Updated internal talking points about the ongoing Flint water emergency.
- Continued routing public information materials for approval, including communications about water bottle and water filter recycling and water filter installation fact sheets.
- Partnered with the Michigan Association of Broadcasters (MAB) to record two PSAs in Spanish. The PSAs were shared with MAB member stations.

Recovery Branch:
- Attended local brief, SEOC state agency briefing meeting, and distribution process meeting
- Worked with GIS to map and analyze City of Flint apartment buildings to send out water resource teams.
- Created plan for ARC to visit apartment complexes.
- Worked with GIS to develop a map and street addresses for franchise customers to send out to Red Cross water resource teams.
- Team priority visited today: completed section 8 list.
- City sections visited today: 10 remaining franchise customers.
- City sections scheduled tomorrow*: apartment complexes
- 10 American Red Cross Teams scheduled for Wednesday, February 3, 2016.

o Data is for 2/2/16 as of 5:00 pm (Data is low due to iPad difficulties, additional data will be included in tomorrows numbers):
o *Total homes visited:*
- 12,406 (round 3 total).
- 530 (today).

o Water cases (liters calculated by multiplying # of cases x 12):
- 93,120 liters or 7,760 cases (round 3 total).
- 5,328 liters or 444 cases (today).

o Replacement cartridges:
- 1,965 (round 3 total).
- 99 (today).

o Faucet filters:
- 6,400 (round 3 total).
- 172 (today).

Planning Section:
- Published Sit Rep #28.
- Finalized SBA request.

- Participated in local EOC, state agency, and distribution process conference calls.
- Posted signed IAP #8 to MI CIMS.
- Expanded Governor's data tracking worksheet.

Operations Section:
o DHHS is researching options for seniors to open bottled water.
o DHHS reported CDC is sending staff today to assist with the response.
o Held a 1000 meeting with State Director, DEQ, DHHS, and Recovery branch to develop a plan for residences testing over the action level of 150 ppb.
o Facilitate daily local EOC and SEOC state agency briefings
o 27 total volunteers (20 ARC and 7 event based) were active across the operation today.

o Warehouse Numbers as of 1800:
❑ Water (liters):
- 538,085 liters or 48,757 cases.
❑ Filters (faucet):
- 49,016.
❑ Replacement cartridges:
- 372,350.
❑ Test Kits (prepped):
- 22,292.

o PODs (1700 2/1 – 1600 2/2):
❑ Water (cases):
- 120,960 liters or 10,080 cases.
❑ Filters (faucet):
- 415.
❑ Replacement Cartridges:
- 723.
❑ Test kits:
- 435.

Finance Section:
- Met with State Budget Office to discuss and develop collaborative cost reporting for all state agencies.
- Reviewed EMHSD Staff overtime to estimate current costs.
- Reviewed FEMA RRFs for commodity costs for projections and match calculation.

GIS Branch Updates:
- Created a map for DHHS of blood levels for children 0-6 years old in the city of Flint.
- Updated the data collection application to include parcels outside of the city of Flint.
- Worked in verifying HUD housing addresses for recovery.
- Calculated the number of kitchen sinks in the city of Flint
- Consolidating field team data to streamline daily map requests.

DTMB:
- DTMB Print & Graphic Services translating aerator fact sheet in Spanish and Arabic.
- DTMB has five trucks/drivers assisting with delivery of supplies; three for the point of distribution sites and two assisting the food bank.
- Asked to provide credentialing for contractors working on fixture replacement work at regulated facilities.
- Providing a lockset at the JIC office space in Flint.
- DTMB Real Estate worked with landlord of former Kroger store on Pierson Road in Flint to write up a month-to-month rental agreement.

DHHS-CH:
- Participated on a conference call with DEQ, LARA, EPA, CHECC, and MDHHS Environmental Health to discuss the plan and process going forward to follow-up with the homes that have tested at 150 PPB or higher for lead.
- Confirmed with MDARD and the JIC that MSU is not offering free lead testing for pets; and therefore, this information should not be provided to callers who call the CHECC hotline. This information has also been provided to Human Services for 2-1-1.
- Held a discussion with the CHECC regarding identification and outreach to pregnant women and young children in Flint. Those activities are ongoing and include the development of an info-graphic as well as inclusion in the Wednesday webinar series that Dr. Wells will be providing to health professionals weekly.
- Worked with GIS to obtain a map that depicts an overlay of blood lead level testing results and water testing results. Not available for dissemination, as they contain sensitive health information protected by HIPPA.

DEQ:
- 621 test kits delivered to lab.
- Coordinated with the EPA for participation on the high lead home strike force.

Local EOC Update:
- Coordinating rapid response deliveries to homebound residents and special locations.
- Coordinating distribution of appropriate supplies to Flint water system franchise customers outside the City of Flint.
- Coordinating with owner of new warehouse site for access to the site, and operations at the facility.
- Addressing various public concerns, including availability of supplies to residents in apartment complexes.
- Attended meeting with UM-Flint to discuss student volunteer opportunities and potential communications support.
- Attended VOAD meeting to discuss volunteer engagement, volunteer management, and distribution management.
- Coordinating replacement for Team Rubicon after their demobilization for rapid response deliveries.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.

8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 2. The JIC was operational until 10:45 p.m. on Feb 1.

State agencies at the JIC included the Michigan State Police and Departments of Agriculture and Rural Development, Environmental Quality, Health and Human Services, Licensing and Regulatory Affairs, Transportation, and Military and Veterans Affairs. The Genesee County Sheriff's Office and the American Red Cross were also present.

Tasks accomplished:
- Media hotline staff answered more than 20 emails and phone calls ranging from DEQ staff legal representation to National Guard members refusing to deliver supplies to certain areas of Flint because it is considered "too dangerous."
- Key agency PIOs fielded multiple news inquiries throughout the day, including conducting or scheduling interviews with the Baltimore Sun, New York Times, Lansing State Journal, ABC News, WJRT-TV 12 in Flint, WEYI-TV 25 in Flint, and WNEM-TV 5 in Flint.
- Created a morning and afternoon media monitoring report and looked for information requiring correction.
- Updated internal talking points about the ongoing Flint water emergency.
- Continued routing public information materials for approval, including communications from about water bottle and water filter recycling and water filter installation fact sheets.
- Continued adding individuals to staff the Flint JIC for the next two weeks.
- Partnered with the Michigan Association of Broadcasters (MAB) to record two PSAs in Spanish. The PSAs were shared with MAB member stations.

Agriculture and Rural Development (MDARD)

As of 2/2/16, MDARD completed water assessments at all 21 food businesses in the high risk area and 127 in the medium risk and 221 in other areas (numbers differ from those reported 2/1/16 due to risk reclassification of some businesses). Follow-up assessments/verification sampling was completed at 15 firms.

Staff have collected 125 water samples to date, with more scheduled for this week. Results for 61 of the samples are back. 51% had elevated lead levels (over 0.01 ppb) including 4 samples with levels greater than 15 ppb.

MDARD Environmental Stewardship Division staff held a conference call today with several local entities regarding how we can coordinate urban agriculture/gardening questions related to the Flint Water issue. One resource is the MSU Extension Lead Webpage: http://msue.anr.msu.edu/program/info/lead .

There was a rumor that the Michigan State University Veterinary Clinic was conducting free lead testing for Flint pet owners. It was confirmed this afternoon that this is not true.

American Red Cross (ARC)

The American Red Cross deployed and supported 10 Water Response Teams on Tuesday, 2/2/16. It's anticipated that 10 teams will deploy tomorrow.
The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm, and processed 25 event-based volunteers.
Assembly of water test kits will resume when materials become available.

Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Pull list of potential adaptive devices for bottle openers and forwarded to Branch Director Thelen. Requested PIO/JIC add Deaf/Hard of Hearing and Spanish language options to the website where The Disaster Distress Helpline is listed.

Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any health-related questions that 2-1-1 is unable to answer in order to support GCHD.

Participated on a conference call with DEQ, LARA, EPA, CHECC, and MDHHS Environmental Health to discuss the plan and process going forward to follow-up with the homes that have tested at 150 PPB or higher for lead. DEQ has drafted a plan that will be provided to the State Director for implementation as early as tomorrow, 2/3/16.

Requested that CHECC communications staff support MSP staff with updates to the Flint Water website.

Confirmed with MDARD and the JIC that MSU is not offering free lead testing for pets; and therefore, this information should not be provided to callers who call the CHECC hotline. This information has also been provided to Human Services for 2-1-1.

Confirmed with MDE the correct zip codes to be used when responding to the CHECC's inquiry for nutritional planning.

Confirmed with the CHECC that no additional activities have occurred involving CMS since the letters to healthcare providers were sent and posted to the Flint Water website.

Held a discussion with the CHECC regarding identification and outreach to pregnant women and young children in Flint. Those activities are ongoing and include the development of an info-graphic as well as inclusion in the Wednesday webinar series that Dr. Wells will be providing to health professionals weekly.

Worked with GIS to obtain a map that depicts an overlay of blood lead level testing results and water testing results. Not available for dissemination, as they contain sensitive health information protected by HIPPA.

Corrections (MDOC)

We continued operations at the warehouse and all PODs were well supplied.

We continue to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

621 Water Samples were collected and delivered to the DEQ Lab in Lansing. 584 Residential and 37 MDARD

We had 17 employees and an SAI work crew on the ground in Flint today. We continue to staff the SEOC from 0800-2000, 7 days/week.

We are in the process of establishing a second warehouse location and MDOC will be staffing the second location for at 2 weeks.

MDOC has also been asked to assume Recovery Branch duties.

Education (MDE)

1. Michigan School for the Deaf. Report from MSD that two of the three new drinking fountains were installed this past weekend (Jan 30-31). Landlord said he anticipates this weekend (February 6/7), to install final new drinking fountain. Based on that, MSD will contact Joe Madziar on Monday (8 February), to establish a tentative date for LARA to schedule Stevens Hall testing.
2. MDE was contacted by Senator Stabenow's office. Her representative was very interested in CEP and the schools in Flint. We sent her some info yesterday. She also told us Stabenow's office is available to assist us in any way they can. We will continue regular communication with her and keep SEOC posted.
3. MSD reports they received confirmation that Dr. Eden Wells, Chief Medical Executive of the Michigan Department of Health and Human Services, will be attending the February 9th MSD parent meeting to address any parental concerns regarding lead exposure.
4. MSD reports visit by Dr. Jamal Gwathney, representing the U.S. Department of Health and Human Services. He said his agency is part of a coordinated federal response involving HHS, FEMA, and CDC. He asked background questions about the school's response to the water crisis, and offered to assist MSD with any unmet needs. He seemed satisfied that the school's needs are met.
He asked about other potential contacts within the Deaf Community, and MSD referred him to Communication Access Center (CAC). They are the local non-profit group that runs several group homes for Deaf people, a Deaf senior citizens program, interpreter services, and provides contracted staff to MSD.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

621 samples were delivered to the lab today.

Coordinated with USEPA, USDHHS, MDHHS and MDEQ for participation on High Lead Home Strike Force.

Human Services (MDHS)

Met with MDARD & MDE on joint efforts regarding food service establishments and schools.

Working with State VAL and Recovery on process for distributing replacement cartridges in the future.

Participated on 10:00 conference call with GCHD. GCHD continues to get resources out. They have lots of federal agencies there, The NCCC team arrived 02/01/16, they are being oriented to the area and what efforts have already been completed.

Provided logistics with information on bottle openers received from Aging and Adult and Civil Rights. This is to address the concern of some citizens with grip or strength limitations to open water bottles.

Reached out to see if MDHHS might have existing data that would help identify high population / low income areas.

CHECC continues to maintain a Level 2 Activation

Licensing and Regulatory Affairs (LARA)

Updated the LARA Executive Team

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

Working with DEQ for Strike Teams.

Preparing materials lists for plumbing fixtures.

Military and Veterans Affairs (DMVA)

1. DTG: 0113002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell. :mail: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 53 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. SEOC has the POC with MDOT. Lt. Benke will be linking up with MDOT technician to do a visual reconnaissance.

1.) Workers from the City of Flint determined that they do not have the capabilities to support the road sign warnings. Local EOC was working through the Genesee County Road Commission and determined that they do not have the recourses to sustain our long term operations.

b. Flint City Electricians have assessed outside lighting issue at station 5 and 8. In addition, they will be fulfilling long requested work order for maintenance on all lighting at those stations. Station 8 work order to be initiated NLT 01FEB2016 0730.

8. PERSONNEL: Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8. 12 Soldiers were released and conducted reverse RSOI. 12 new Soldiers will report 2JAN2016 in support of TF Flint.

9. INTELLIGENCE / FORCE PROTECTION: Michigan militia did establish a presence within the AO. The intentions were not harmful and in support of efforts made to resolving issues to residents of Flint.

10. LOGISTICS: In support of recycle project sponsored by Schupon, the special purpose recycle bags have not been distributed to POD operations.

11. COMMUNICATIONS: No communications issues at this time.

P: 800 MHz radios issued to PODs and WRTs.
A: RRF cell phones alternate for WRTs.
C: Personal cell phone
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
- POD operations are still functioning well. We are trying to improve the efficiency, professional appearance, and long-term establishment of the POD's, but, overall the POD's operations are remaining successful.
- Recycling has been implemented at PODs 1, 5, and 8. Recycling is happening frequently but at a restriction due to the lack of supply of clear recycle bags given from schupan..
- Consolidated Station Report OUT (last 24 hours)

Bottled water-3523 Water (Gallons)-244 Lead Testing Kits-235
Pitcher (23 cup)-0 Brita Faucet Filter-136 Brita Replacement Cartridge-186
Pur Filter-162 Pur Replacement Filter-346

National Weather Service (NWS)

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

Natural Resources (MDNR)

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe

water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

State Police (MSP)

1:36 p.m. The MIOC is monitoring a Facebook Post reference the next Flint City Council meeting which will be held on Wednesday, February 3, 2016, City Council Chambers, 3rd Floor, City Hall, 1101 S. Saginaw Street, Flint. There is a flyer making its rounds on Facebook stating: "We need the city hall packed. Even if you are just driving up and down Saginaw Street. Like back to the bricks."

(Also, on February 3, is the City Council Public Safety Committee Meeting from 6 p.m. – 7 p.m. same location)

The MIOC will continue to monitor this for additional information. This information was forwarded to the SEOC, Local EOC, along with the MSP Flint Post.

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

Technology, Management and Budget (MDTMB)

Continue to provide DTMB management with daily updates and resource requests received.

DTMB Print & Graphic Services translating aerator fact sheet in Spanish and Arabic.
DTMB has five trucks/drivers assisting with delivery of supplies; three for the point of distribution sites and two assisting the food bank.
Asked to provide credentialing for contractors working on fixture replacement work at regulated facilities.
Providing a lockset at the JIC office space in Flint.
Warehouse is requesting additional supplies.
DTMB Real Estate worked with landlord of former Kroger store on Pierson Road in Flint to write up a month-to-month rental agreement.

Transportation (MDOT)

MDOT is providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 portable changeable message boards (2 each site).
-100 grabber traffic cones (narrow reflective cones) (50 each site)

MDOT continues to maintain situational awareness and respond to issues regarding equipment and road conditions.

NEWS RELEASE

FOR IMMEDIATE RELEASE
February 3, 2016
Release #: 28

Plan Advanced by State to Monitor Skin Conditions in Flint

FLINT, Mich. – Health officials in Michigan are moving forward on the investigation of rashes possibly associated with Flint water.

The Michigan Department of Health and Human Services (MDHHS) is developing a plan to better understand rashes that are being reported by members of the public. In recent weeks, MDHHS and the United Way 211 Information Line have received some calls with questions or concerns about rashes possibly associated with Flint water. While rashes are very common in the general population and there are numerous known causes, an important public health function involves being able to identify and rapidly respond to new causes of illness as they emerge.

MDHHS has been actively monitoring trends in rash illnesses to emergency departments in Genesee County and has not seen evidence of increases compared with prior years. However, in an effort to proactively respond to reported rashes, MDHHS is developing a plan to conduct structured interviews with members of the public who report current rashes that may be related to exposure to Flint water in their homes. The Centers for Disease Control and Prevention, Agency for Toxic Substances and Disease Registry (CDC/ATSDR), and the Environmental Protection Agency (EPA) are providing technical assistance to MDHHS in this effort.

"Flint residents are understandably worried about the effects of skin exposure to water in their homes, and it's absolutely necessary we follow up directly on their concerns," said Dr. Eden Wells, chief medical executive with the MDHHS. "While the science currently tells us children and adults can bathe in the water, we are committed to identifying any potential health risks so we can provide information to and protect families in Flint."

MDHHS will begin asking health care providers to report cases of current rash possibly associated with Flint water exposure. These individuals will be contacted and interviewed by MDHHS personnel, and investigations will also involve testing home water samples of those with active rashes. This testing will be different from other routine water sampling and testing being conducted by the Michigan Department of Environmental Quality or the EPA throughout Flint as it will focus on testing for concentrations of metals and other water quality factors that may be associated with the reported rashes.

MORE

While finalizing plans and materials for this investigation, MDHHS is already actively responding to these rash reports. Last week, Flint residents who recently reported rashes were interviewed at their homes by a team from MDHHS and water samples were collected for analysis. While it is too early in the investigation to draw any conclusions about how many people might be experiencing rashes or what might be causing them, MDHHS is responding with urgency to these reported health complaints with assistance from federal partners.

Members of the public who have concerns about rashes are encouraged to visit their primary care physician. Information reported by health care providers is an important part of creating a better understanding of the characteristics of these rashes. Individuals with questions may also call United Way 211 to be connected with health information specialists to answer their specific concerns.

For additional information related to the response in Flint, visit www.michigan.gov/flintwater.

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	02/02/2016 08:00:00
Operational Period End:	02/09/2016 08:00:00
Situation Report No.	29
SEOC Status:	Full
SEOC Hours of Operation Begin:	02/03/2016 08:00:00
SEOC Hours of Operation End:	02/03/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (February 3, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded rapid response requests.
- Fielded Governor's office requests.
- Facilitated distribution team calls.
- Sent request to Chad Veeser to secure Seventh day Adventists to staff warehouse.
- Followed up on request for equipment/supplies from ALANaid for new warehouse.
- Ordered 25,000 more english palm cards for the warehouse.
- Worked with DOC on their assistance with warehouse management and staffing for new warehouse.
- Reached out to Food Bank on their recommendation and coordination for hours/days of operation of new warehouse.
- Assisted with modifying Rapid Response Form for 2-1-1.

JIC:
- The JIC fielded multiple news inquiries throughout the day, including conducting or scheduling interviews with CNN and the Washington Post.
- Assisted with Governor Snyder's 10:45 p.m. media availability at the Flint and Genesee County Chamber of Commerce. The governor will ask the Michigan Legislature to approve a $30 million water consumption credit plan for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.
- Developed talking points for Governor Snyder's TeleTown Hall at 6:30 p.m. Notified United Way 2-1-1 about the town hall so they are prepared for a surge of calls.
- Issued a news release about Michigan and federal environmental health officials advancing plans to monitor skin conditions in Flint.
- Strategized with the U.S. Department of Health and Human Services and Environmental Protection Agency on how to better coordinate public information.

Recovery Branch:
- Attended Local Brief, SEOC State Agency Briefing Meeting, and Distribution Process Meeting
- Updated plan for ARC to visit apartment complexes.
- Worked with county and postal partners to collect information about home vacancies and resident's with forwarded mail addresses in order to ensure we are contacting all occupied residences in the City of Flint.
- Supported the efforts of MSDHA to provide resources to tenants in their facilities.
- Collaborated with GCCARD to develop additions to the list of vulnerable persons requiring additional support within the City of Flint.
- Team Priority Visited Today: Apartment List from 2/2/16
- City Sections Scheduled Tomorrow*: Continuation of Apartment List from 2/2/16
- 10 American Red Cross Teams scheduled for Thursday, February 4, 2016

- Data is for 2/3/16 as of 5:00 pm:
o Total homes visited:
❑ 13,211 (round 3 total).
❑ 805 (today).
o Water cases (liters calculated by multiplying # of cases x 12):
❑ 97,500 liters or 8,125 cases (round 3 total).
❑ 4,380 liters or 365 cases (today).
o Replacement cartridges:
❑ 2,138 (round 3 total).
❑ 173 (today).
o Faucet filters:
❑ 6,638 (round 3 total).
❑ 238 (today).

Planning Section:

• Published Sit Rep #29.
• SBA request information handed off to the Deputy State Director for finalization.
• Participated in local EOC, state agency, and distribution process conference calls. .
• Updated Governor's data tracking spreadsheet.
• Responded to JIC media inquiries.

Operations Section:
o Donations management meeting was held today and the need for a consolidated list of donated goods was discussed.
o Facilitated daily local EOC and SEOC state agency briefings
o 48 total volunteers (21 ARC and 25 event based) were active on the FWRTs today.

o Warehouse Numbers as of 1800:
❑ Water (liters):
• 441,710 liters or 36,809 cases.
❑ Filters (faucet):
• 48,656.
❑ Replacement cartridges:
• 372,350.
❑ Test Kits (prepped):
• 21,676.
o PODs (1700 2/2 – 1600 2/3):
❑ Water (cases):
• 88,644 liters or 7,387 cases.
❑ Filters (faucet):
• 268.
❑ Replacement Cartridges:
• 598.
❑ Test kits:
• 379.

Finance Section:
• EMHSD staffing cost reports developed to update financial status reports.
• Reviewed state agency financial data for compiling comprehensive report.
• Reviewed Donations Management module in MI CIMS.

GIS Branch Updates:
• Updated water test results data with DEQ supplied spreadsheet.
• Provided the recovery unit with a list of address of residences that do not have a filter and how many times the residence was visited.
• Provided planning with a count of kitchen sinks for the City of Flint.
• Developed maps for LARA showing schools, child care, and adult foster care facilities.
• Developed a PowerPoint for the Governor's representative showing maps produced by GIS.

DTMB:
• DTMB Print & Graphic Services translating aerator fact sheet in Spanish and Arabic.
• DTMB has five trucks/drivers assisting with delivery of supplies; three for the point of distribution sites and two assisting the food bank.
• DTMB received donation of 24 "Gaylord" boxes to use at the warehouse for single bottle water donations from Rapid Shred.
• Rental agreement signed with landlord of former Kroger store on Pierson Road in Flint.

DHHS-CH:
• The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD.
• MDHHS, MDEQ, and LARA developed a plan for an MDEQ Team to contact all of the homes with lead levels above the acceptable range beginning 2/4/16.
o Health information, including to have lead testing done will be shared with the residents of these dwellings during the MDEQ visits. Home visits will be tracked on the iPads.
• A new LNO officer from US DHHS, Janet Odom has arrived at the CHECC and will be there through Sunday 2/7/16.

DEQ:
• 576 test kits delivered to lab.
• Continued coordination for > 100ppb state response plan and implementation
• Provided guidance to MSHDA on residential sampling program
• Requested DHHS to verify how many homes GCHD has contacted and what services were provided.

Unified Coordination Group (UCG):
• UCG IAP approved today for the operational period 0800 2/2/16 to 0800 2/4/16.
• The Federal Health Coordinating Officer had a meeting today with Economic Development and Housing and Urban Development.
• EMHSD liaison provided information on Michigan EM structure to command.
• State JIC manager now in the communication loop for the UCG.
• UCG discussed MARCs and potential implementation.

Local EOC:
• Coordinated rapid response deliveries to homebound residents and special locations.
• Working on refining rapid response delivery process.
o Preparing transition from Team Rubicon personnel to NCCC teams, and eventually Southern Baptist Disaster Relief.
o Coordinating with ARC for logistics support to NCCC teams.
• Working with ARC to ensure resource needs of franchise customers at Sunridge Apartments complex in Flint Township are met.
• Coordinating with MDEQ to streamline test kit assembly process.
• Attended distribution plan meeting with faith-based organizations, state, and local agencies.
• Referring VOADs to appropriate volunteer management agencies.
• Addressing various public concerns, including availability of supplies at child care facilities.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

11. Ensure accurate tracking and accounting of all donations.
5. Continue to maintain adequate staffing to support operational requirements.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
9. Enhance situational awareness and common operating picture of all activities.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).
3. Improve and maintain the public information strategy and process.
6. Develop an overview of possible assistance programs.
4. Develop a long term public health and services plan.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.
2. Ensure accurate tracking and accounting of all commodities.

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 3. The JIC was operational until 8 p.m. on Feb. 2.

State agencies at the JIC included the Michigan Economic Development Corporation, Michigan State Police and Departments of Agriculture and Rural Development, Environmental Quality, Health and Human Services, Licensing and Regulatory Affairs, Treasury, Corrections and Military and Veterans Affairs. The Genesee County Sheriff's Office and the American Red Cross were also present.

Tasks accomplished:
• Media hotline staff answered more than 10 emails and phone calls, ranging from inquiries about the U.S. House Committee on Oversight and Government Reform hearing to how much money and water have been donated to Flint residents.
• Key agency PIOs fielded multiple news inquiries throughout the day, including conducting or scheduling interviews with CNN and the Washington Post.
• Created a morning and afternoon media monitoring report and looked for information requiring correction.
• Updated internal talking points about the ongoing Flint water emergency.
• Continued routing public information materials for approval, including water filter installation fact sheets, pregnant women and lead fact sheet, adult lead exposure fact sheet, and oral health FAQ. Also began submitting materials for Spanish translation.
• Worked with Governor's Office to reorganize the www.michigan.gov/flintwater website. The Governor's Office is now leading the content of the website.
• Assisted with Governor Snyder's 10:45 p.m. media availability at the Flint and Genesee County Chamber of Commerce. The governor will ask the Michigan Legislature to approve a $30 million water consumption credit plan for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.
• Continued adding individuals to staff the Flint JIC for the next two weeks.
• Developed talking points for Governor Snyder's TeleTown Hall at 6:30 p.m. Notified United Way 2-1-1 about the town hall so they are prepared for a surge of calls.
• Began drafting a news release about Edible Flint, an organization an established organization in Flint that has been working on food access, nutrition and urban agriculture for several years. The organization assists gardeners with resources, like soil lead tests, and is looking at ways to expand their current efforts to allow for more lead tests, possible hose filters for watering, and supporting additional gardens in the city to increase access to nutritious foods, especially for those with children in the household.
• Drafted a news release about Michigan and federal environmental health officials advancing plans to monitor skin conditions in Flint. The Flint JIC intends to issue the news release today.
• Strategized with the U.S. Department of Health and Human Services and Environmental Protection Agency on how to better coordinate public information.

Agriculture and Rural Development (MDARD)

MDARD's field activities for 2/3/16 included:
o 16 assessments completed at food businesses (11 re-assessments, 5 initial assessments)
o 24 water samples collected (17 "in-use samples, 7 first draw)
o 8 water sampling appointments scheduled

To date, MDARD has completed initial water assessments at all food businesses in the high risk area and has conducted a total of 382 initial assessments. 149 water samples have been collected.

The daily MDARD Water Response Report will go out at 10am (summarizing the previous day's activities), instead of 4-5pm to allow proper time for all data from the day's activities to come in and be organized.

The FDA Detroit District Office asked MDARD to share the following: FDA Warns Marketers of Unapproved 'Chelation' Drugs http://www.fda.gov/downloads/ForConsumers/ConsumerUpdates/UCM229436.pdf

American Red Cross (ARC)

The American Red Cross deployed and supported 10 Water Response Teams on Wednesday, 2/3/16. It's anticipated that 10 teams will deploy tomorrow.
The Volunteer Reception Center (VRC) was in operation today, from 9am to 5pm.
Assembly of water test kits will resume when materials become available.

Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Requested ASL video translation of "Taking Action on Flint Water" flyer. Raised issue with LARA regarding water softener/filter issues. Advised Branch, PIO/JIC as to document posted via the Mexican Consulate and in use by local advocates.

Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any lead health-related questions referred by 2-1-1 in support of the GCHD.

MDHHS and MDEQ facilitated conference calls between MDEQ ECC and MDHHS and LARA that resulted in a plan for an MDEQ Team to contact all of the homes with lead levels above the acceptable range beginning 2/4/16. Health information, including encouragement to have lead blood levels drawn and testing locations where to have lead testing done will be shared with the residents of these dwellings during the MDEQ visits. This activity is in support of the GCHD. The home site visits will be tracked on an iPad. The initial goal is to reach all homes that have tested at or above 150 ppb 2/4/16, then the homes at 100 ppb or above. LARA will also have plumbers available on 2/4/16 to accompany the team(s). This information was also relayed to the Governor's representative in the SEOC.

A new LNO officer, Janet Odom has arrived at the CHECC and will be there through Sunday 2/7/16.

Corrections (MDOC)

MDOC continued operations at the warehouse and all PODs were well supplied.

MDOC continue to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

576 Water Samples were collected and delivered to the DEQ Lab in Lansing. 551 Residential and 25 MI Department of Agriculture and Rural Development (MDARD)

MDOC had 17 employees and an SAI work crew on the ground in Flint today.

MDOC continue to staff the SEOC from 0800-2000, 7 days/week.

We are in the process of establishing a second warehouse location and MDOC will be staffing the second location beginning on Saturday for a week or possibly two.

MDOC has also been asked to assume Recovery Branch duties. Mike Farmer and Bridget Spencer will assume command of the Recovery Branch.

Education (MDE)

1. Donations Management Group asked MDE for information regarding which schools in Flint have drinkable water and which schools do not. This request was in response to schools turning down bottled water. Donations management wants verification of what schools need water.
2. MDE contacted LARA for information regarding school water supplies. LARA provided a document that lists schools in the affected area on Flint Water System and schools in the affected area not on Flint Water System. MDE the shared information with Donations Management Group and contacted MDARD to request further information based on school cafeteria testing. MDARD is reviewing their involvement with school testing and results, referred MDE to DEQ website for additional information.
3. MDE will update the Donations Management Group when further information is received.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

- Continued coordination for > 100ppb state response plan and implementation
- Provided guidance to MSHDA on residential sampling program
- Requested DHHS to verify how many homes GCHD has contacted and what services were provided

Human Services (MDHS)

Working with State VAL and Recovery on process for distributing replacement cartridges in the future.

Participated in "MARC" discussions.

Held Donation Management weekly meeting. More staff needed to handle day to day operations and coordination of information gathering and entering.

Daily update conference call with MDHHS Budget & Field Operations.

CHECC continues to maintain a Level 2 Activation

Licensing and Regulatory Affairs (LARA)

Updated the LARA Executive Team

LARA continues to monitor DEQ's test results for Health Care, Child Care, Adult Foster Care, HHS and MDE facilities and Schools.

Working with DEQ for Strike Teams.

Preparing materials lists for plumbing fixtures.

Military and Veterans Affairs (DMVA)

Commanders Situation Report (SITREP)

1. DTG: 0212002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC: 1LT Roland, John G. Cell: (810) 640-6377 Email: john.g.roland2.mil@mail.mil

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has 65 Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has 65 Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. Traffic outside of Stations 1, 5, and 8 still remains an issue.

1.) No response has been given to the request to have traffic signs in place at 3 of the POD locations. There have been 2 vehicle accidents in front of Station 8 over that last 48hrs.

b. Flint City Electricians have fixed the lighting issue at Station 8. POD 5 is still waiting for an update on the capabilities of additional lighting at Station 5.

8. PERSONNEL: 65 Soldiers are currently assigned to the POD operations. 58 Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8.

9. INTELLIGENCE / FORCE PROTECTION: Michigan militia did establish a presence within the AO. The intentions were not harmful and in support of efforts made to resolving issues to residents of Flint.

10. LOGISTICS: In support of recycle project sponsored by Schupon, the special purpose recycle bags have not been distributed to POD operations. Logistics is expecting the recycle bags to be on the PODs for distribution within the next 48hrs.

11. COMMUNICATIONS: No communications issues at this time.

P: 800 MHz radios issued to PODs and WRTs.
A: RRF cell phones alternate for WRTs.
C: Personal cell phone
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• SPC Colwell at Station 1 tended to a Flint citizen who approached the fire station and was having an asthma attack. SPC Colwell successfully treated and stabilized her until local EMS could respond.
• There have been (2) car accidents at fire station 8 over the last 2 days. Neither was directly caused by our operation but the need for MDOT assistance to ensure worksite safety is becoming more critical.
• Consolidated Station Report OUT (last 24 hours)
Bottled water-5765 Water (Gallons)-33 Lead Testing Kits-889 (432 were returned to the warehouse to be reassembled correctly)
Pitcher (23 cup)-0 Brita Faucet Filter-264 Brita Replacement Cartridge-292
Pur Filter-91 Pur Replacement Filter-394

National Weather Service (NWS)

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

Natural Resources (MDNR)

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

State Police (MSP)

Open Source is reporting that Hillary Clinton and Bernie Sanders have agreed to hold a debate in Flint in March. Open Source is advising the debate is scheduled for March 6th. The location is not known at this time. The MIOC will continue to monitor Open Source for additional information.

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

Supreme Court

08:50 - State Judiciary EMC John Ort reported to the SEOC regarding the Flint water emergency. Nothing to report from the Judiciary regarding the emergency. DEQ website resources shared with our State Court Administrative Office (attn: Region II) in case our Genesee County courts have any questions regarding the emergency.

Technology, Management and Budget (MDTMB)

Continue to provide DTMB management with daily updates and resource requests received.

DTMB Print & Graphic Services translating aerator fact sheet in Spanish and Arabic.
DTMB has five trucks/drivers assisting with delivery of supplies; three for the point of distribution sites and two assisting the food bank.
DTMB received donation of 24 "Gaylord" boxes to use at the warehouse for single bottle water donations from Rapid Shred.
Rental agreement signed with landlord of former Kroger store on Pierson Road in Flint.
Ordered printer toner for multi-function device at warehouse.

Transportation (MDOT)

MDOT is providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 portable changeable message boards (2 each site).
-100 grabber traffic cones (narrow reflective cones) (50 each site)

MDOT continues to maintain situational awareness and respond to issues regarding equipment and road conditions.

Flint Water Daily Update
Updated Feb. 2

Current Issues Talking Points

Flint Mayor calls for immediate replacement of Flint pipes

- In a press conference today, Flint Mayor Karen Weaver called for immediate replacement of Flint's water infrastructure.
- Immediately removing pipes could potentially add to the infrastructure problem and result in higher costs for the city.
- Both Senate Minority Leader Jim Ananich and Virginia Tech water treatment expert Marc Edwards advise first mapping the city's pipes to determine the location of lead infrastructure.
- Edwards also says the state is taking the correct actions to make Flint's water safe again. Adding phosphate to the water to coat the pipes is a necessary first step toward ensuring safe drinking water for Flint residents.
    - Flint's damaged pipes spark debate on fix (Detroit Free Press)
    - Prof. Marc Edwards discusses pipes in Flint (video)
- The Governor continues to work with Edwards and the Flint Water Interagency Coordinating Committee to identify and implement a successful long-term solution for Flint families.

Senate Minority Leader sends Governor Flint action letter

- The Governor's senior staff has been in close communication with state Sen. Jim Ananich and have met with him frequently to provide updates, answer questions and get feedback.
- The Governor remains committed to providing Flint residents with the resources needed to implement both short and long-term solutions and will continue to work closely with Ananich.
- The Governor will announce a long-term funding proposal in his formal budget presentation next week to further address Flint water.

DPS Emergency Manager Darnell Earley resigns

- Today, Detroit Public Schools Emergency Manager Darnell Earley resigned, effective February 29.
- The Governor will appoint a transition leader before the end of the month to help guide DPS through a plan that will help address the district's academics and finances giving students and teachers the learning environment they deserve.
- The Governor is encouraging the Legislature to pass a bill package that will help address the $515 million debt faced by DPS. With that support the district should be better able to manage its business and educational goals.

Governor continues to stress importance of home water testing

- A video with instructions on how to properly test home water is available to share: https://www.youtube.com/watch?v=QTER-DiK64o
- The health and safety of Flint residents remains a top priority. It is essential that all Flint residents have the water in their homes tested as soon as possible.
- While water filters will eliminate lead in most homes, those with levels above 150 parts per billion will need to take extra precaution.
- If levels are above 150 ppb, residents should not drink water from the filtered faucet and use bottled water only.

- DEQ and DHHS will visit homes found to have lead levels over 150 ppb for additional testing.
- To date, less than one percent of Flint homes have been identified as having lead levels of this amount. Results showing lower levels indicate residents should continue following established protocols.
- Pregnant and nursing mothers and young children should continue to drink bottled water as a precaution.
- Free water testing kits are available at Fire Stations 1, 3, 5, 6, and 8. Water Samples should be returned to the fire stations for testing.
- Anyone who is unable to get to a Fire Station to pick up a free testing kit should call United Way 2-1-1 for assistance.

GOV's ACTIVITIES

Flint water

Governor talks with Jason Cooper on Friday about efforts in Flint (WFNT Radio)
Michigan Governor Rick Snyder spoke with WFNT 1470 on Friday morning and provided an update on the Flint water crisis.

Video shows Flint residents how to pull water for test (Detroit News)
Gov. Rick Snyder has urged all Flint residents to test their homes' water and the state released Monday an online video with instructions on collecting samples. Snyder's plea and the video come days after federal officials said the water filters they've been handing out to Flint residents may not be effective enough in removing lead.

Gov. Rick Snyder tells Michigan employees Flint water crisis can never happen again (Mlive)
Gov. Rick Snyder in a letter to state employees last week applauded volunteer efforts to help in the Flint water crisis but warned that what happened in Flint could never be allowed to happen again.

Michigan Gov. Rick Snyder's approval rating jumps before Flint water emergency declaration (Mlive)
Michigan Gov. Rick Snyder's approval ratings jumped by 6 percent in a survey from Michigan State University this Fall, but experts warn that number could be much different now that the Flint water crisis has made national news.

ABC 12 highlights the Mission Flint team (ABC 12)

LT. GOVERNOR'S ACTIVITIES

Schuette, Calley raise big bucks for possible gov runs (Detroit News)
Attorney General Bill Schuette and Lt. Gov. Brian Calley each raised around $230,000 for their campaign funds last winter even though they cannot seek re-election to their current offices.

Calley sees Flint as 'most important work' of his life (Detroit News)
Lt. Gov. Brian Calley will split time between the state Capitol and Flint for the foreseeable future as the Snyder administration works to resolve a drinking water contamination crisis in the beleaguered city and restore trust in state government.

New study reveals economic impact of insurance industry in state (WLNS)
"One of the issues becoming very significant to the industry is the development of a talent pipeline to provide candidates for new insurance jobs," Lt. Gov. Brian Calley said.

Lt. Governor talks about Mission Flint and efforts to help the city recover (WILX)

FLINT

FBI joins Flint drinking water investigation (Detroit Free Press)
The FBI is now investigating the contamination of Flint's drinking water, a man-made public health catastrophe, which has left an unknown number of Flint children and other residents poisoned by lead and resulted in state and federal emergency declarations.

FBI joins Flint, Michigan water contamination probe (Reuters)
The FBI is joining a U.S. criminal investigation into Flint, Michigan's water contamination crisis, a spokeswoman for the U.S. Attorney's Office in Detroit said on Tuesday.

Assessment of Flint Water Crisis may hinge on stupidity vs. criminality (NYT)
In the movie "The Big Short," which is concerned with how the housing bubble led to the financial crisis in 2008, one of the characters tries to explain why no one at the banks was being held accountable. "Tell me the difference between stupid and illegal, and I'll have my wife's brother arrested," he says.

New attorneys needed for DEQ workers in Flint water lawsuit, Schuette says (MLive)
Attorney General Bill Schuette wants a federal judge to allow seven Department of Environmental Quality employees to be represented by a new attorney due to a potential conflict of interest in a lawsuit over the Flint water crisis.

Michigan's top lawyer just picked a side in Flint water case (Huffington Post)
Residents of Flint, Michigan, allege that state and city officials ignored evidence the city was pumping toxic water from the Flint River into their homes. Bill Schuette, Michigan's Republican attorney general, hasn't finished his investigation into whether any state laws were broken when Flint's water was poisoned. But in the legal fight, Schuette is already picking sides: On Friday, he said in a court filing that his office probably can't ethically defend Gov. Rick Snyder (R) in court while defending certain lower-level state officials -- and those lower-ranking bureaucrats will need their own lawyers.

AG: Sued workers will get legal help (Detroit News)
Former Michigan Department of Environmental Quality Director Dan Wyant and at least five other DEQ employees will receive state legal representation, the Attorney General's Office confirmed Monday.

DEQ workers will get state-funded lawyers in Flint case (Detroit Free Press)
Seven Michigan Department of Environmental Quality employees who are being sued over the Flint water fiasco will get state-funded lawyers -- they just won't be the same ones defending Gov. Rick Snyder.

Michigan, US officials discuss Flint water (AP)
State Department of Environmental Quality chief Keith Creagh says he has met with an official from the

U.S. Environmental Protection Agency as part of interagency cooperation addressing the lead-tainted water crisis in Flint.

Sen. Peters visits Flint to highlight aid initiatives (Detroit News)
U.S. Sen. Gary Peters visited Hurley Medical Center on Monday to highlight legislation set to be introduced Tuesday that would expand early education to children exposed to the city's lead crisis.

Michigan undertaking plan to determine if Flint water safe (FOX News)
The Michigan Department of Environmental Quality has undertaken a five-part strategy to determine whether Flint's water, which has become contaminated with lead, is safe to drink.

Michigan outlines strategy to determine if Flint water safe (CBS News)
The Michigan Department of Environmental Quality has undertaken a five-part strategy to determine whether Flint's water, which has become contaminated with lead, is safe to drink.

Michigan DEQ plans to deliver results for Flint (WLNS)
Today, the Michigan Department of Environmental Quality made strides in cleaning up Flint. Michigan DEQ Director Keith Creagh proposed a five part strategy to determine whether Flint's water is safe to drink. Creagh went in front of the U.S. Environmental Protection Agency to outline his plans. The goal is to ensure lead is out of the water through detailed testing in homes, schools, food service, and blood testing.

DEQ: Five-part testing strategy in Flint gains speed (Detroit News)
Michigan Department of Environmental Quality Director Keith Creagh reiterated Monday that the state continues to implement its five-pronged testing approach to judge Flint's water contamination and the health of its residents.

Lead levels elevated for thousands of Michigan children outside of Flint (MLive)
As the nation wrings its hands about the plight of lead-poisoned children in Flint, thousands of other children throughout Michigan face similar challenges because of exposure to the toxin.

DETROIT
These photos will make you understand Detroit's education crisis (Huffington Post)
Detroit has closed more than two-thirds of its public schools in the last 15 years, shortchanging students, neighborhoods and the district itself, finds a report released as teachers protest conditions at the schools that remain open.

More than 100 photos of mice, leaks and poor conditions at Detroit schools accompany lawsuit (MLive)

Teachers and parents who sued Detroit Public Schools on Thursday have gathered more than 100 photographs as evidence of poor school conditions to accompany their lawsuit. The exhibits include images of dead mice, wet and moldy conditions cause by leaks, fallen ceiling tiles, exposed wiring and other safety hazards at various Detroit schools.

Why Detroit schools are crumbling — look at state's funding foundation (MLive)
Black mold in school buildings. Classroom heating systems that fail during frigid Michigan winters. Leaky roofs, warped floors, and collapsed ceilings.

Detroit schools begins repairs of buildings, plans weekly report on progress (Crain's Detroit Business)
Detroit's school district is actively working to address building maintenance issues, including those that have been cited in recent city inspections and a lawsuit by the teachers' union, officials said Monday.

Most Detroit property assesments to decrease (The Detroit News)
Property tax assessments in Detroit are expected to dip by 5 to 15 percent this year for most residents.

Principal's plea hearing postponed in corruption case (Detroit Free Press)
A guilty plea hearing in a corruption case involving ex-Detroit school principal Kenyetta Wilbourn Snapp has been postponed due to the judge being sick.

DIA tallies one million visits since millage passed (The Detroit News)
The Detroit Institute of Arts has had one million visitors from Wayne, Oakland and Macomb counties since the passage of the tri-county millage in 2012, officials announced Monday

DPS reports progress in fixing inspection violations (The Detroit News)
Detroit Public Schools said Monday it is making progress in addressing building problems cited by city inspectors, such as replacing water-damaged ceiling tiles at three schools, replacing broken windows at Osborn High School and fixing peeling paint at Spain Elementary-Middle School.

Mayor Duggan announces reduction in property assessment values (Click on Detroit)
Mayor Mike Duggan announced a reduction this year in property assessment values for Detroit homeowners Monday afternoon at City Hall. For the third year in a row, the Duggan administration is adjusting assessments to more accurately reflect the property's true value.

Howes: Detroit moves to match property values, reality (The Detroit News)
Mayor Mike Duggan says the years-long swoon in Detroit property values is coming to an end. For the third year in a row, the city will reduce property tax assessments as much as 15 percent in eight of Detroit's 10 tax districts, affecting 95 percent of the city's residential properties.

9 Of 10 Detroit Districts Expected To See Lower Property Tax Bills (Daily Detroit)
For the first time in a half century, the City of Detroit is doing a citywide reassessment of all residential, commercial and industrial properties, and that could mean big changes for your tax bill if you live in nine of the ten districts. According to officials, 95% of the city's 220,000 residential properties will see a *reduction of 5%-15% percent of their property's assessed value.*

DEPARTMENTS

AG

AG seeks input on alternatives to Line 5 Pipeline (ABC 10)
Michigan Attorney General Bill Schuette announced today that the State of Michigan is seeking public input on drafts for proposals from environmental and engineering experts who could complete risk and alternatives studies on the Mackinac Straits pipeline known as Enbridge Energy's Line 5.

Bootleg merchandize, tobacco violations brings pleas (WZZM)
A Walker businessman charged with selling counterfeit name-brand clothing at 10 Sleeping Tiger Imports stores across Michigan pleaded guilty Monday to two felonies punishable by up to five years in prison.

Schuette encourages public input on risk and alternatives for Mackinac pipeline (UP Matters)

Michigan Attorney General Bill Schuette announced today that the State of Michigan is seeking public input on drafts for proposals from environmental and engineering experts who could complete risk and alternatives studies on the Mackinac Straits pipeline known as Enbridge Energy's Line 5.

DHHS

Health care provider HDI announces two-year program (Argus Press)
The Michigan Department of Health and Human Services (MDHHS) recently announced Shiawassee County will receive funding to coordinate and manage behavioral and physical health services.

DNR

DNR makes effort to study, help snowy owls (Up North Live)
From Saginaw Bay to Sault Ste Marie, people throughout Michigan have been reporting an increase of snowy owls.

DNR reminds public of ice safety (Up Matters)
With warm and rainy weather patterns seen in recent weeks in many parts of the state, the Michigan Department of Natural Resources urges ice anglers and snowmobilers to remember that no ice is safe ice.

Free Fishing Weekend is Feb. 13-14 (Oakland Press)
People can fish for free Saturday and Sunday, Feb. 13 and 14, as part of Michigan's Free Fishing Weekend.

Humane Society unable to determine cause of death for deer found in Leslie Park (MLive)
The Humane Society of Huron Valley has released the results of its investigation into a torn-apart deer carcass found at the Leslie Park Golf Course.

Hofma Park addition offers chance to shape parkland (Grand Haven Tribune)
After many months of talk and anticipation, Grand Haven Township has finally taken ownership of new land that'll be a part of the Hofma Preserve.

DNR believes dead cougar was placed on side of road (MLive)
The Michigan Department of Natural Resources is requesting information from the public after a dead cougar was found along the side of a road in the Upper Peninsula.

DNR seeks information on dead cougar found in Dickinson County (Petoskey News)
Michigan Department of Natural Resources conservation officers are seeking information on a dead cougar found approximately 4 miles north of Iron Mountain in Dickinson County. The male cougar was discovered by conservation officers around 11 a.m. today, Feb. 1, near the intersection of Johnson Road and County Road 607 in Breitung Township.

DNR looking for information on dead cougar found in Dickinson County (Upper Michigans Source)
The Michigan Department of Natural Resources is looking for information on a dead cougar found approximately four miles north of Iron Mountain.

Dead cougar found in Breitung Township (Daily News)
A cougar was found dead late this morning just north of Iron Mountain and state wildlife officials are asking the public for any information they might have on the cat.

DTMB

Muskegon schools job fair coming up, plus other job seeker news (MLive)

Here's a job fair coming up in the near future: EDUStaff will hold an educational job fair with Muskegon Public Schools from 9:30 a.m. to 2:30 p.m. Feb. 17 at the Hackley Administration Building, 349 W. Webster in Muskegon. The event is designed for anyone interested in becoming a substitute teacher, teacher aide, food service or custodian in the Muskegon Public School District. Attendees can preregister for this event at www.EDUStaff.org.

MDOT

MDOT asks drivers to report potholes (WSJM)

The Michigan Department of Transportation wants to hear from the public about potholes. Spokesperson Nick Schirippa says the weather this winter has been optimal for their creation.

MDOT recovers "Winter Comes to Michigan film (Upper Michigans Source)

Discovered in the basement of a home and donated to the Michigan Department of Transportation, a 16 millimeter black and white film from the 1930s. It reads Winter Comes to Michigan. The film is helping remind several people about the challenges that come with winter weather.

Vintage video of Upper Peninsula surfaces (UP Matters)

After spending decades in a basement in the eastern Upper Peninsula, a 1930s-era newsreel from the Michigan State Highway Department has resurfaced to remind us of the challenges and fun of winters past.

MPSC

Dicastal in line for Big Incentives from Consumers Energy (Energy Manager Today)

Dicastal North America, an aluminum wheel manufacturer that is a division of Chinese manufacturer Dicastal, could receive as much as $170,000 in incentives from Consumers Energy for energy efficiency programs at its plant in Greenville, MI, according to the press release, which was posted at Military-Technologies.

SOS

Tesla applies for dealership license in Michigan (Automotive News)

Tesla Motors Inc. has applied for a Michigan dealership license, a move the automaker said is intended to test a state law effectively banning the electric-vehicle maker's direct-sales model.

Tesla: Dealer app meant to confirm 'anti-consumer law' (Detroit News)

Tesla Motors Inc. submitted a dealership application to the Michigan Secretary of State Office in November as a likely precursor for the company to challenge the state's ban on directly selling vehicles to consumers, The Detroit News has learned.

Tesla Motors files for a dealership license in Michigan (WSJ)

Tesla Motors Inc. filed an application for a dealership license in Michigan, setting up a potential legal fight over the state's ban on selling cars directly to consumers.

Tesla tries to open its first Michigan dealership (CNN Money)

Tesla Motors is taking the fight to Michigan, the home turf of the Big Three automakers.

Tesla may resort to Franchise dealerships to sell cars in Michigan (Road and Track)

While Tesla has spent the last several years fighting for the right to sell its cars directly to consumers, it appears the automaker is considering a change in tactic, apparently applying to sell cars in Michigan through a traditional franchise dealership.

Tesla vs. Michigan: Dealership application, conservative coalition, ballot push (Green Car Reports)
Electric-car maker Tesla Motors is the fourth-largest U.S. car maker, but its home in California's Silicon Valley is far from the heartland Detroit base of GM, Ford, and Fiat Chrysler.

Preparing direct-sales fight, Tesla applies for Michigan dealer license (Left Lane)
Tesla Motors has reportedly applied for a dealer license in Michigan, potentially sparking a legal battle in the Detroit Big Three's home turf.

Tesla tries to open its first Michigan dealership (WPTZ)
Tesla Motors is taking the fight to Michigan, the home turf of the Big Three automakers.

TREASURY

Michigan Department of Treasury warns taxpayers about telephone phishing scam (News Herald)
With the beginning of tax season, the Michigan Department of Treasury is warning taxpayers of fraudulent phone calls being made to taxpayers from a false phone number.

MI Treasury warns of tax phishing scam (WSJM)
Now that tax season is just about here, a new phishing scam is being reported by the Michigan Department of Treasury. Spokesperson Terry Stanton says the agency has been hearing complaints about residents getting phone calls from someone claiming to be from Treasury. The caller will claim the would-be victim owes back taxes, and then demands they pay immediately over the phone, threatening jail if they don't. Stanton says the Michigan Treasury doesn't do that.

State warns of spoofing scam targeting taxpayers (WOOD TV)
Tax season is here, and so is a new scam warning from the Michigan Department of Treasury.

LEGISLATIVE

Michigan House Republicans have cash advantage going into election year (MLive)
House Republicans have a cash advantage going into an election year, filings with the Secretary of State show. Michiganders vote for House of Representatives members every two years, and this year's election happens on Nov. 8. Campaign finance filings for the 2015 calendar year were due on Feb. 1.

New Macomb Treasurer Miller sworn in; quits Legislature (The Detroit News)
Former state Rep. Derek Miller was sworn in Monday as Macomb County treasurer — on the same day he resigned his legislative seat. Miller took the oath of office before a packed courtroom at the county courthouse by Michigan Supreme Court Justice David F. Viviano.

OPINION

Michigan AG makes case for Jeb Bush (The Detroit News)
At the heart of the Constitution is a commitment to the separation of powers. The Founding Fathers designed a federal government where central authority would be limited, defined, and diffused across

three equal branches. For all other functions of government, power would be reserved to the "states respectively, or to the people."

Sanders should agree to Flint debate (Detroit Free Press)
Debates have been a political football during the primary season of the 2016 Presidential election. Democratic National Committee Chairwoman Debbie Wasserman Schultz has been roundly criticized for sanctioning a paltry number of debates, including debates that have taken place on weekends and holidays.

Performance standards can rein in electricity costs for 2016 ratepayers (Bridge)
2016 will be a critical year for energy in Michigan. Our clean energy policy sunset at the end of last year, and the Michigan legislature has a true opportunity to set us on a path toward a more affordable energy future by passing performance standards for Michigan utility companies.

Flint's long misery, at the hands of urban policy (Detroit Free Press)
If you look at what has been happening in Flint, long before children were drinking foul water from the faucets in their homes, you'd not be surprised that any measure of wicked reality was headed the city's way.

Why Detroit schools are crumbling - look at state's funding foundation (MLive)
Black mold in school buildings. Classroom heating systems that fail during frigid Michigan winters. Leaky roofs, warped floors, and collapsed ceilings. As Lansing lawmakers belatedly work to address the Detroit Public Schools' financial crisis, these physical manifestations of that crisis have provoked perhaps the loudest public outcry. Classroom conditions are a focal point of teachers' ongoing protests.

Congressional hearing on Flint may yield few answers (Detroit Free Press)
On Wednesday, the U.S. House of Representatives' Oversight and Government Reform Committee will meet to delve into the Flint water crisis.

Editorial: Leave election cycle alone (Detroit News)
Democrats are always squawking about Republicans manipulating the voting process to give themselves an advantage on Election Day. And there has been some of that going on in Michigan, notably the recent decision by the GOP-controlled Legislature to eliminate straight-ticket voting.

Separating effective communities from spin (Detroit News)
The Flint water disaster has become another cautionary tale about the risks of crisis and disaster and failed responses, management and communication.

For Flint and Michigan, abolish FOIA exemptions for governor, lawmakers (MLive)
A little over a year ago, Gov. Rick Snyder enacted changes to the state's Freedom of Information Act, a crucial check on government operations passed into law in 1976 that grants citizens the right to access government information.

State Agency Weekly Activities
Events for the Week of February 1, 2016

Monday, February 1, 2016:

- Recovery Branch: Met with Volunteer Reception Center and Donations Management Program.
- EMHSD Liaison: Unified Coordination Group Planning Meetings at 1100 and 1400.
- MDHHS: Attended the Board of Commissioners meeting in Flint.
- MDHHS: Participated in Mission Flint meeting.
- MDHHS: Participated in MARC meeting with federal partners.
- MDEQ: Met with EPA to discuss sampling protocols on Monday.
- Local EOC: Genesee County Board of Commissioners Meeting. Briefed commissioners, addressed questions and concerns.
- Local EOC: Dow Chemical Meeting; discussed potential donation of filter systems.
- Local EOC: Rapid Response Delivery Plan Meeting; finalized plan with ARC, Team Rubicon, and MCSC.
- Local EOC: Plumbers and Pipefitters Union Meeting; discussed filter installation and faucet replacement program.
- Local EOC: Congresswoman Brenda Lawrence brief; EOC tour and briefed on response efforts

Tuesday, February 2, 2016:

- SEOC Volunteer Agency Liaison: Flint Water Operations Plan "Task Force" at 0930 hours.
- SEOC Finance – Meeting with State Budget Office at 1100 hours to discuss collection and reporting of all state agency costs related to the emergency.
- EMHSD Liaison- Meeting with U of M Flint Communications Director at 1430 hours.
- SEOC State Director: Congressional/Legislative Briefing at 1530 hours.
- Local EOC: VOAD meeting to discuss volunteer engagement at 0930 hours.
- MDCR: Community Relations Division Arab American Liaison Charles Schoder will attend a convening by the Genesee Health System to discuss Flint water issues.
- MDHHS- Community Resilience Group Meeting to discuss disaster behavior health with Genesee Health System and SAMHSA, time and location TBD.

Wednesday, February 3, 2016:

- MDEQ: Director giving Congressional Testimony in Washington, D.C.
- EMHSD Liaison: Unified Coordination Group Planning meetings at 1100 and 1400.
- MDHHS: Chief Medical Executive, Dr. Wells, will begin her series of weekly webinars for health professionals in Genesee County at 1200.
- MDCR: The Hispanic/Latino Commission of Michigan will host its business meeting from 12:30-14:45 hours at the Hispanic Center of Western Michigan, in Grand Rapids.
    - LARA Director Zimmer will attend the meeting and discuss possible ways they can be of assistance (Note: This is due to EO2016-3 transferring the three ethnic commissions from MDCR to LARA).

Thursday, February 4, 2016:

- SEOC Volunteer Agency Liaison: Community Partners, facilitated by American Red Cross, 1500 location TBD.
- MDHHS: CDC Crisis Emergency Risk Communication (CERC) Distance Learning Training for Genesee County Health Department staff and volunteers, location and time TBD.

- MDEQ: Follow up meeting with EPA regarding sampling protocols, location and time TBD.
- Local EOC: Community Recycling Coalition Meeting to discuss implementation of recycling plan, short-term and long-term recycling strategy, 1100 hours at Genesee County Administration Building.

Friday, February 5, 2016:

- MDARD (Tentative Event): Possible media event with the Genesee County Chamber at a restaurant highlighting the steps they are taking to protect their customers and that "Flint is open for business." Governor's Communications Director is aware and has the rough draft agenda/talking points.
- EMHSD Liaison- Unified Coordination Group Planning meetings at 1100 and 1400.
- MDEQ: Weekly meeting with City officials, location and time TBD.
- EMHSD: Capt. Kelenske at FWICC and Mission Flint meeting in Flint.

Flint Water
DRAFT

Day	Date	Event
	October 1 Thursday	• Genesee County Health Department declares a Public Health Emergency
	December 15 Tuesday	• City of Flint declares a local State of Emergency.
	January 4 Monday	• Local State of Emergency declared by Genesee County along with request for a Governor's Declaration.. • Genesee County EOC activated.
1	January 5 Tuesday	• Governor Snyder issues Declaration of Emergency for the City of Flint and the County of Genesee (end of day). • SEOC is activated and will be staffed 0800-1700 beginning January 6. • FEMA Region V contacted to provide update (Watch Desk and State Director call with FEMA Region V Administrator).
2	January 6 Wednesday	• SEOC Staffed (M-F 0800 to 1700), SEOC State Director has call with FEMA Region V, Deputy Administrator, to request LNOs. • Contacted local EM, advised him of 0830 daily call and initiate contact. • JIC established at 4000 Collins Rd, Lansing, MI. • Briefing held with SMEs Dr. Wells and George Krisztian. • 1400 media round table at Collins Road with Capt. Kelenske and Dr. Wells
3	January 7 Thursday	• FEMA LNOs arrive in the evening and have discussion with State Director (via phone). • Initial damage assessment submitted to EMHSD by local jurisdictions (evening). Infrastructure replacement costs only. Information provided to the local EOC on the best methods of identifying health and non-structural impacts for the damage assessment process. • Deployed two EMHSD personnel to the local EOC to assist with command and control.
4	January 8 Friday	• FEMA LNOs arrive at SEOC 0800. • SEOC State Director orders SEOC to stay open 7 days a week, 0800 – 2000 until incident is stabilized. • Media is driving a message of what the locals are doing versus the state. • Held first legislative/congressional conference call. • JIC has been co-located in the City of Flint.

		• Originally we were advised we had 80-90 PODS from the local EM. Identified these as party stores, etc. and not true PODs. Received confirmation of the 8 POD locations but there is confusion in the SEOC as to what the local EOC has coordinated. Five fire stations have been dedicated to be PODs (from the Mayor). Logistics for these locations is being worked on by the SEOC and EOC. • Finalizing 9 church locations to distribute 2000 filters (200 each) plus water. • State personnel deployed to (3) assist with incident management functions at the local EOC (not public information)
5	January 9 Saturday	• Third FEMA LNO in SEOC. • 5 PODs open 0900-1600. Staffed by ARC. • Ten state personnel in the local EOC to ensure command and control at the local level. • Working on "one team" messaging. • The County EOC has no support from the City of Flint, liaison is necessary for smooth operations and to serve residents.
6	January 10 Sunday	• 9 Churches provided filters and water for Sunday distribution. ARC assisting. • 5 PODs open 0900-2100 until further notice. • Freeman Elementary School pilot project initiated. • State agencies working to translate materials into multiple languages.
7	January 11 Monday	• Working to identify warehouse for our use. • Media event held at a POD. • Media event held at the Genesee County Office Building. • Some supply issues arose due to the hard time keeping up with the large demand for water. • Working to finalize logistics plan and get the plan in place.
8	January 12 Tuesday	• Focus is on receiving, storing, and increasing quantities of supplies; fine tuning logistics, increasing door to door team; increase collaboration and messaging of collaboration with local agencies. • Four state WRTs plus the Sheriff's Department teams...App developed and used in the field. • EO activating the National Guard. Mission is to replace ARC volunteers in PODs. • Governor requested FEMA to identify a POC for non-Stafford Act resources (Federal agencies acting under their own authority). Approved by FEMA Region V Administrator and LNO Zuelke identified. He will be a liaison to the FWIACC. • 7,824 cases of water arrived (109 pallets) • Ordered 19,152 cases to arrive 1/13 (109 Pallets), 1/3 going to GCCARD and rest going to warehouse • 12,768 cased to arrive daily beginning 1/14 (177 pallets a day). • PSA video pushed out by the Governor's office.

9	January 13 Wednesday	• Planning for increase in teams. • Draft request for a Presidential Declaration of a Major Disaster and an Emergency sent review. • 5 WRTs in field. • Flint Mass Transportation Authority adding PODs to route. • NG deployed 5-7 personnel to PODS.
10	January 14 Thursday	• Request for Presidential declarations submitted to FEMA. • Current number of citizens who are willing to be sample sites is 114. • Senator Ananich visits SEOC. • Secured 80,000 square foot warehouse. • Email to state employees for volunteer opportunity. • Deployed 8 WRTs. • NG deployed 33 total personnel to PODs.
11	January 15 Friday	• LG visits local and state EOC. • Short session on managing stress held in SEOC. • 10 state/local and 5 ARC WRTs deployed. • Standing requirements for JIC information created. • 7,474 homes visited by FWRTs. • 18,576 cases of water distributed to date; 45,916 filters; 165,382 filter cartridges; 3,217 test kits.
12	January 16 Saturday	• Received Emergency Declaration – limited to Direct Federal Assistance. FCO David Samaniego on site. • Major Disaster Declaration Denied. • Deployed 11 state/local teams and 10 ARC teams. • LG visited local EOC and discussed local EOC operations. • DEQ sampling kits are being received at PODs now. • 20,876 cases distributed; 47,935 filters; 167,401 filter cartridges; 3,322 test kits. • 11,324 homes visited by WRTs to date • 3,850 homes visited
13	January 17 Sunday	• Deployed 11 state/local WRTs and 10 ARC FWRTs. • 4,963 homes visited • Website attacks of Michigan.gov, city of Flint, and Flint township website occur. • Conference call with legislative and congressional representatives. • 16,353 homes visited by WRTs to date. • 27,195 cases of water distributed to date; 50,432 filters; 168,605 cartridges; 4,861 test kits. • Supplies provided to ~14 churches

14	January 18 Monday	• Jesse Jackson in Flint. • Deployed 12 state/local and 10 ARC FWRT. • Resource request sent for MIANG assistance to deliver water, filters, test kits, and replacement filters to residents. • Community Health Emergency Coordination Center was notified that the Center for Disease Control Agency for Toxic Substances & Disease Registry will have a team of 3-5 people coming to Michigan. This team is coming to provide technical assistance as part of their regular mission. • Governor approved the use of the National Guard for the Door to Door Operations in Flint. 200 National Guard personnel arriving on Wednesday (1-20-16). • Media availability event at the Volunteer Reception Center. • Faith based organizations continue to assist with distributing resources. • 5,040 homes visited. • 21,299 home visited to date by FWRT. • 37, 313 cases of water distributed to date; 53,713 filters; 169,520 cartridges; 7,379 test kits.
15	January 19 Tuesday	• White House press release identified the Department of Health and Human Services (DHHS) as the lead for the federal government response to the public health crisis in Flint. HHS will have staff in Michigan in the next few days. • National Guard in-processed 33 Soldiers to augment points of distribution operations. • Deployed 5 state/local and 10 ARC FWRT. • Flint video is now on available on Comcast On-Demand. • 2,809 homes visited. • 24,108 to date by FWRT • 77,794 cases of water distributed to date; 69,730 filters; 184,457 cartridges; 16,671 test kits.
16	January 20 Wednesday	• Legislative and Congressional Conference Call. • JIC held a media advisory and news release at 1100 about the Michigan National Guard's increase in support and change in mission. • Governor appeals denial of federal major disaster declaration for Flint. • Dr. Nicole Lurie, Assistant Secretary for Preparedness and Response, US DHHS has arrived. • Deployed 10 National Guard/state/local teams and 10 ARC FWRT. • 3,395 homes visited. • 27,503 homes visited to date by FWRT. • 90,377 cases of water distributed to date; 73,229 filters; 185,852 cartridges; 19,866 test kits.

17	January 21 Thursday	• Deployed18 National Guard/state/local and 10 ARC FWRT • 6,416 homes visited. • 6,416homes visited by FWRT, phase II. • 105,091 cases of water distributed to date; 79,571 filters; 189,428 cartridges; 21,625 test kits. • Dr. Lurie the US DHHS ASPR at the CHECC and SEOC to explain the US DHHS transition.
18	January 22 Friday	• Deployed 15 National Guard/state/local and 15 ARC FWRT. • National Guard is working to deploy 3 cyber personnel to assist at the Michigan Cyber Command Center (MC3). • 6,166 homes visited. • 12,582 homes visited by FWRT, phase II. • 121,404 cases of water distributed to date; 82,687 filters; 191,704 cartridges; 23,415 test kits.
19	January 23 Saturday	• Deployed 18 National Guard/state/local and 40 ARC FWRT. • 14,118 homes visited. • 21,291 homes visited by FWRT, phase II. • 153,005 cases of water distributed to date; 84,505 filters; 195,264 cartridges; 24,866 test kits.
20	January 24 Sunday	• Deployed 15 National Guard/state/local and 19 ARC FWRT. • DEQ confirmed that a multidisciplinary team will be revising the process for home lead level test results being reported to the household. Letters are being revised to reflect one way of reporting the lead levels and actions to be taken. • Beginning Monday 1/25/2016 at 0730 the MDOC will be assuming management duties at the Warehouse. • MDNR and MSP GIS are working to map known lead service lines based off of geographical locations and zip codes. • MIARNG has 280 Soldiers and Airmen deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs). • 11,243 homes visited. • 37,943 homes visited by FWRT, phase II. • 164,991 cases of water distributed to date; 91,763 filters; 197,775 cartridges; 28,763 test kits.
21	January 25 Monday	• Held a media availability at Flint Fire Station No. 8 to provide an update on the activities and mission of the water response teams. Maj. Gen. Gregory Vadnais, Spl/F/Lt. Dave Kaiser, Genesee County Sheriff's Office and the American Red Cross participated in the event. • JIC coordinated with FEMA to arrange a Congressional/Legislative briefing for tomorrow afternoon. • MDHHS leadership and CHECC staff met with federal partners from SAMHSA and CDC/HHS today to discuss technical assistance and federal activities.

		• National Guard demobilized canvassing teams. 68 Soldiers are currently assigned to the POD operations and cyber mission. • Deployed 11 ARC FWRT. • 2,596 homes visited by ARC as part of the targeted canvassing mission. • 176,118 cases of water distributed to date; 93,048 filters; 198,552 cartridges; 29,320 test kits.
22	January 26 Tuesday	• Operations for the Flint Water Response Teams has shifted to a targeted effort to get filters into homes that we show have not been contacted. • Governor Snyder signed Executive Order 2016-3 transferring the ethnic commissions – the Hispanic/Latino Commission of Michigan (HLC), the Michigan Asian Pacific American Affairs Commission (MAPAAC), and the Commission on Middle Eastern American Affairs (CMEAA) - from MDCR to the Department of Licensing and Regulatory Affairs (LARA). • Michigan's HHS Regional Coordinator will serve as the Federal Health Coordinating Officer (FHCO) within a Unified Coordination Group (UCG) that will be operational this week in an effort to streamline information and coordinate federal activities. • Legislative and Congressional Call with FEMA. • NAACP meeting at U of M Flint. • Deployed 10 ARC FWRT. • 1,350 homes visited by ARC. • 3,946 homes visited to date for targeted canvassing mission. • 186,309 cases of water distributed to date; 94,301 filters; 199,489 cartridges; 29,841 test kits.
23	January 27 Wednesday	• Senate Appropriations Committee meeting. • Press conference at the University of Michigan-Flint's Northbank Center to provide an update about current actions and next steps to address about Flint water. • MDHHS CHECC staff met with the HHS State Coordinator Officer (SCO) regarding what HHS resources will be sent to Michigan, to include a nine person team. The team will consist of the following individuals: Mental Health staff, Sanitarian, Health Educator, Nurse, Nurse Manager, Behavioral Health staff, Risk Communication Developer, and Data Support. • Donations Management team and several branches of State and FEMA met regarding donation and volunteer management, will be meeting weekly. • Deployed 10 ARC FWRT. • 1,020 homes visited by ARC. • 4,966 homes visited to date for targeted canvassing mission. • 196,456 cases of water distributed to date; 95,417 filters; 200,654 cartridges; 30,255 test kits.

24	January 28 Thursday	• Media advisory and coordinated a press conference about recycling with Lt. Gov. Brian Calley at 1200 at Fire Station #1. • Community Partnership meeting, local, state, and FEMA representatives attended. • MDHHS is collective historical blood lead data is being obtained and an accurate display that is clear and understandable is in development. • Deployed 10 ARC FWRT. • 1,768 homes visited by ARC. • 6,734 homes visited to date for targeted canvassing mission. • 207,055 cases of water distributed to date; 97,342 filters; 201,848 cartridges; 30,801 test kits.
25	January 29 Friday	• Began working on SBA loan application. • Deployed 10 ARC FWRTs. • 924 homes visited by ARC. • 7,658 homes visited to date for targeted canvassing mission. • 216,605 cases of water distributed to date; 98, 641 filters; 202,566 cartridges; 31,111 test kits.
26	January 30 Saturday	• Deployed 10 ARC FWRTs. • 1,368 homes visited by ARC teams today. • 9,026 homes visited to date in targeted canvassing mission. • 227,188 cases of water distributed to date; 99,969 filters; 203,932 cartridges; 31,512 test kits.
27	January 31 Sunday	• Deployed 10 ARC FWRTs • 551* homes visited by ARC teams today (number low due to issue with iPads these additional homes will be added to the numbers tomorrow). • 9,577 homes visited to date in targeted canvassing mission. • 234,490 cases of water distributed to date; 100,593 filters; 204,736 cartridges; 32,093 test kits.

Data was not included in daily report. • 1,164 homes visited by ARC teams today. • 11,876 homes visited to date in targeted canvassing mission. • 244,933 cases of water distributed to date; 101,911 filters; 205,820 cartridges; 33,561 test kits.

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	01/26/2016 08:00:00
Operational Period End:	02/02/2016 08:00:00
Situation Report No.	27
SEOC Status:	Full
SEOC Hours of Operation Begin:	02/01/2016 08:00:00
SEOC Hours of Operation End:	02/01/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (February 1, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Fielded resource requests.
- Fielded rapid response requests.
- Fielded Governor's office requests.
- Facilitated distribution team calls.
- Coordinated warehouse deliveries for donated and purchased water.
- Continued to check the status of the Food Bank warehouse.

JIC:
- Updated internal talking points about the ongoing Flint water emergency.
- JIC is planning to issued a news release regarding a meeting between DEQ and EPA, and the continued interagency partnership.
- JIC is working to set up a legislative and congressional briefing call this week.

Recovery Branch:
- Attended local briefing, SEOC state agency briefing, and distribution process meetings.
- Worked with GIS to develop an area map and spreadsheet with addresses based on data specified as "follow up required" for Red Cross teams.
- Worked with GIS to map and analyze city of Flint apartment buildings to send out water response teams.
- Worked with GIS to develop a map and street addresses for franchise customers to send out to Red Cross water resource teams.
- Coordinated meeting with MCSC, local EOC, and ARC regarding volunteer coordination and reporting.
- Team priority visited today: franchise customers.
- City sections visited today: franchise customers, 22, 33, 4, 7, 1, 32, 13, 12, 15, 37.
- City sections scheduled tomorrow: franchise customers, additional to be determined.
- 10 American Red Cross teams scheduled for Tuesday, February 2, 2016.

o Data is for 2/1/16 as of 5:00 pm:
o Total homes visited:
- 11,876 (round 3 total).
- 1,686 (total 1/31).
- 1,164 (today).

o Water cases (liters calculated by multiplying # of cases x 12):
- 87,792 liters or 7,316 cases (round 3 total).
- 13,932 liters or 1,161 cases (total 1/31).
- 5,796 liters or 483 cases (today).

o Replacement cartridges:
- 1,868 (round 3 total).
- 144 (total 1/31).
- 473 (today).

o Faucet filters:
- 6,228 (round 3 total).
- 407 (total 1/31).
- 437 (today).

Planning Section:
- Published Sit Rep #24
- Published IAP #8.
- Compiled a list of activities from all state agencies taking place this week for the Governor's office.
- Trained additional Planning Section staff.
- Participated in IAP development process to include tactics meeting and planning briefing.

Operations Section:
o *Attended the unified command group meeting to determine tactics for the operational period.*
o Facilitate daily local EOC and SEOC state agency briefings
o Participated in the development of the Incident Action Plan including the tactics and planning briefing.
o 20 ARC volunteers were active across the operation today.
o 30 event-based volunteers were active across the operation today.

o Warehouse Numbers as of 1800:
❑ Water (liters):
• 600,882.
❑ Filters (faucet):
• 49,016.
❑ Replacement cartridges:
• 373,190.
❑ *Test Kits (prepped):*
• 23,795.
o PODs (1700 1/31 – 1600 2/1):
❑ Water (cases):
• 110,700 liters or 9,225 cases.
❑ Filters (faucet):
• 317.
❑ Replacement Cartridges:
• 543.
❑ Test kits:
• 798.

Finance Section:
• Developed template for state agency costs to be reported on a weekly basis.
• Created document for Recovery Branch Chief outlining requirements for possibly using donations toward 25% match of federal funds.
• Reviewed state agency costs submitted to date.

GIS Branch Updates:
• Prepared for a possible TV interview about GIS.
• Completed and distributed daily maps.
• Updated parcels with newest franchise customers.
• Prepared maps for Captain Kelenske to use with Executive Council.
• Prepared report on maps for Governor's office.
• Created a map of apartments and assisted living centers.

DTMB:
• Provided translation of lead fact sheet and printing for water testing document.
• Provided four drivers to assist with transportation of supplies on Monday, three for the point of distribution sites and one at the food bank.
• Provided assistance to ensure www.helpforflint.com and www.flintvolunteer.com are not blocked by state network.

DHHS-CH:
• CHECC remains at a Level 2 activation and continues to staff the hotline for health related questions.
• MDHHS participated in the Unified Command Group (UCG) call this morning.
• Requested that MDHHS Environmental Health Director include EPA on the notification for homes in Flint that are testing for high lead levels.
• Worked with MDHHS PIO and DTMB on the translation of materials on the Flint Water website.

DEQ:
• 382 test kits delivered to lab.
• Coordinated with the EPA for participation on the High Lead Home Strike Force.
• Coordinated with EMHSD to post DEQ reports to the Flint water website.
• Finalized EPA tracking sheet and summary and worked on new tracking spreadsheet for EPA Flint Drinking Water Task Force and Safe Water drinking plan.
• Drinking water test results to date (9/3/15 to 2/1/16):
o 5,227 out of 5,590 (94%) are at or below 15ppb.

Local EOC Update:
• Coordination of rapid response deliveries to homebound residents and special locations.
• Finalized rapid response delivery plan with ARC, Team Rubicon, Michigan Community Service Commission and SEOC.
• IC/Genesee County EMC attended county commission meeting, briefed commission on response efforts, and addressed questions and concerns.
• Addressing public concerns, including rumors of availability of FEMA relocation assistance.
• Coordinating with charter schools outside the city of Flint/Flint water system for supply of water resources to students that are Flint residents.
• Attended conference call with Dow Chemical to discuss potential donation of filter systems. Will provide spec sheets to SEOC Logistics.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

1. Ensure all households within impacted community have required resources.
2. Ensure accurate tracking and accounting of all commodities.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
3. Improve and maintain the public information strategy and process.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT and the FWICC

4. Develop a long term public health and services plan.
6. Develop an overview of possible assistance programs.
9. Enhance situational awareness and common operating picture of all activities.
5. Continue to maintain adequate staffing to support operational requirements.

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was expected to be operational in Flint from 8 a.m. to 8 p.m. on Feb. 1. The JIC was operational until 11 p.m. on January 31, 2016.

State agencies at the JIC included the Michigan State Police, Michigan Community Service Commission, Michigan Economic Development Corporation and Departments of Environmental Quality, Natural Resources, Transportation, Health and Human Services, and Military and Veterans Affairs. The Genesee County Sheriff's Office and the American Red Cross were also present. Tasks accomplished:

• Media hotline staff answered more than 20 emails and phone calls ranging from questions on a meeting between DEQ and EPA officials, pets and lead, and viewing water sample testing.

• Key agency PIOs fielded multiple news inquiries throughout the day, including conducting or scheduling interviews with Michigan Radio, Lansing State Journal, Detroit Free Press, and WNEM TV 5.

• Updated internal talking points about the ongoing Flint water emergency.

• Continued routing public information materials for approval, including communications from MDHHS and MDARD.

• JIC is planning to issue a news release around 7 p.m. regarding a meeting between DEQ and EPA, and the continued interagency partnership. This news release will take the place of the nightly numbers release.

• Updated ICS-204 with new task accomplishments and update work requirements.

Agriculture and Rural Development (MDARD)

As of 2/1/16, MDARD completed water assessments at all 18 food businesses in the high risk area and 105 in the medium risk and 80 in other areas (numbers differ from those reported 1/29/16 due to risk reclassification of some businesses.) The overall assessment compliance rate is 69.8%. We also have collected 84 water samples to date, with more scheduled for this week.

MDARD Environmental Stewardship Division (ESD) Staff has been working with several local entities regarding urban ag/gardening questions related to the Flint Water issue. A conference call is schedule for 2/2/16 to better understand how we can coordinate efforts.

MDARD Animal Industry Division (AID) held a conference call 1/29/16 with 12 industry/academic/medical/federal partners. The call created situational awareness among partners and stakeholders interested in the pet issue related to Flint water. AID is partnering with MSU College of Veterinary Medicine (CVM) to address animal issues, developing information pieces for the public and for veterinarians (with JIC approval), testing and laboratory issues. Also, MSU CVM is working with local MSU staff to identify specific community needs. AID is working with individual veterinarians/pet owners in the area on an individual basis as needed.

American Red Cross (ARC)

The American Red Cross deployed and supported 10 Water Response Teams on Monday.
The Volunteer Reception Center (VRC) was in operation today. The VRC will operate from 9am to 5pm through Sunday.
Assembly of water test kits will resume when materials become available.

Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities.

Forwarded Metro Times assessment of Bill Signing event coving Flint Recovery to MSP-SEOCPIO in follow up to last week's discussion on same subject:
http://www.metrotimes.com/blogs/archives/2016/02/01/gov-snyders-flint-aid-bill-signing-a-pr-disaster

Reviewed coverage of Baltimore Pastor Dr. Jamal Bryant's mid-day "The Environmental Justice Rally" today
The assembled group has collected some 47,124 bottles of water. The collection of water will be distributed among six churches: First Trinity M.B. Church, 1226 Beach Street; Cathedral of Faith Church of God in Christ 6031 DuPont Street, Christopher Martin, Pastor; Quinn Chapel AME Church 2101 Lippincott Blvd, Rev. Gerald Cardwell, Pastor; United Outreach Ministries 1429 Roosevelt Ave., LeMarcus Keels, Pastor; and Kingdom of Heaven Ministries 2430 Dutcher Road. The rally was open to the public and Flint, MI Mayor, Karen Weaver was scheduled to give remarks. See more at: http://afro.com/baltimore-pastor-jamal-bryant-heads-to-flint-to-lead-environmental-justice-water-rally/#sthash.L6lr1UiT.dpuf

Discussed Hispanic/Latino outreach with LARA and use/distribution of resource materials in Spanish; discussed grass-roots activity vs Water Resource Teams engagement

Discussed with MDE and DHHS data inquiry of individuals who may have left the respective Flint service areas for other Michigan or national points of service - may be a possible avenue for finding at-risk/high risk individuals exposed or entitled to services

Forwarded list of Departmental activities to Planning Inquiry:

* Michigan Department of Civil Rights (MDCR) continues to try and track down information/materials that have been or are scheduled to be translated into foreign languages and American Sign Language (ASL). MDCR is also trying to confirm what has actually been distributed on the ground in Flint and to whom/which agency or entity. (We have been getting many questions from various organizations related to these communities).

* MDCR Community Relations Division Arab American Liaison Charles Schoder will attend a convening by the Genesee Health System to discuss Flint water issues on 02Feb16 in Flint

* The Hispanic/Latino Commission of Michigan will host its business meeting on Wednesday, 03 Feb from 12:30-14:45 at the Hispanic Center of Western Michigan, 1204 Grandville Ave. SW, Grand Rapids, 49503. LARA Director Zimmer will attend the

meeting and discuss possible ways they can be of assistance (Note: This is due to EO2016-3 transferring the three ethnic commissions from MDCR to LARA)

* MDCR Communications Director Vicki Levengood will be at the JIC 03 Feb and 04 Feb (Wednesday and Thursday)
* MDCR Communications Staff Lisa Collins will be at the JIC 02 Feb and 03 Feb (Tuesday and Wednesday)

Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any health-related questions that 2-1-1 is unable to answer in order to support GCHD.

Contact information for the MDHHS Environmental Health Director was provided to the Paul Smith from the Governor's Office this afternoon at his request, to discuss blood lead level data for a dashboard that is in development.

Requested that MDHHS Environmental Health Director include EPA on the notification list for homes in Flint that are testing high for lead, at the request of DEQ. The notification is currently being provided to the GCHD. EPA would like to be notified at the same time if possible.

Worked MDHHS PIO and DTMB on the translation of materials on the Flint Water website, as well as updating outdated information that is currently on the website at the request of MDARD. Forwarded Aerator informational document from the JIC to DTMB for translation as well. Working with LARA to ensure all documents are translated in not only Spanish, but also Mandarin and Chinese.

Confirmed that Dr. Eden Wells will serve as the MDHHS representative for the FEMA-Congressional Call tomorrow. Coordinated with the MDHHS PIO to prepare Dr. Wells for that report.

Provided the Flint Blood Lead Count Report by zip code to the SEOC and the Lt. Governor's representative in the SEOC, who had requested the information previously.

Corrections (MDOC)

We continued operations at the warehouse and all PODs were well supplied.

We continue to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

382 Water Samples were collected and delivered to the DEQ Lab in Lansing.

We had 17 employees and an SAI work crew on the ground in Flint today. We continue to staff the SEOC from 0800-2000, 7 days/week.

The overhead bay door was damaged yesterday by one of our drivers (Rod Ridgeway). It was reported to the Local EOC and Lt. Russo completed an accident report as there was damage to the facility.

Education (MDE)

1. Michigan School for the Deaf. Report from MSD that two of the three new drinking fountains were installed this weekend (Jan 30-31). Landlord said he anticipates mid-week, this week, to install final new drinking fountain. Based on that, MSD contacted Joe Madziar, and he indicated next Friday (February 5) would be a tentative date for LARA to schedule Stevens Hall testing.
2. MDE completed request for listing of all Food Programs and Organizations within 16 zip code area. This spreadsheet has been uploaded to the Activity Log. Marla Moss included narrative that outlines efforts of MDE related to Food Programs that has been included in Activity Log for Education as well.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

382 samples were delivered to the lab this morning.

Coordinated with EPA for participation on High Lead Home Strike Force.

Coordinated with EMHSD for DEQ to obtain ability to upload DEQ reports to the Flint Water website.

Finalized EPA tracking sheet and summary and worked on new tracking spreadsheets for EPA Flint Drinking Water Task Force and Safe Drinking Water Plan.

All required postings made it to web by EPA timeline.

Human Services (MDHS)

Working with MDEQ on some information regarding water testing.
Went to Flint SOB, met with Chief Deputy & staff. Received direction to support them from the SEOC working with several other

state agencies already engaged.
CHECC continues to maintain a Level 2 Activation

Licensing and Regulatory Affairs (LARA)

Updated the LARA Executive Team

LARA's Bureau of Services for Blind Persons has staff assigned to and living in Flint. They will be reaching out to these clients covered by BSBP.

LARA's Michigan Office of New Americans is processing translation requests for Arabic, Mandarin and Hmong.

LARA continues to monitor DEQ's test results for Health Care Facilities, Child Care Facilities, Adult Foster Care Homes and Schools.

Military and Veterans Affairs (DMVA)

1. DTG: 0113002016

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. SEOC has the POC with MDOT. Lt. Benke will be linking up with MDOT technician to do a visual reconnaissance.

1.) Workers from the City of Flint determined that they do not have the capabilities to support the road sign warnings. Local EOC was working through the Genesee County Road Commission and determined that they do not have the recourses to sustain our long term operations.

b. Flint City Electricians have assessed outside lighting issue at station 5 and 8. In addition, they will be fulfilling long requested work order for maintenance on all lighting at those stations. Station 8 work order to be initiated NLT 01FEB2016 0730.

8. PERSONNEL: Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8. 12 Soldiers were released and conducted reverse RSOI. 12 new Soldiers will report 2JAN2016 in support of TF Flint.

9. INTELLIGENCE / FORCE PROTECTION: Michigan militia did establish a presence within the AO. The intentions were not harmful and in support of efforts made to resolving issues to residents of Flint.

10. LOGISTICS: In support of recycle project sponsored by Schupon, the special purpose recycle bags have not been distributed to POD operations.

11. COMMUNICATIONS: No communications issues at this time.

P: 800 MHz radios issued to PODs and WRTs.
A: RRF cell phones alternate for WRTs.
C: Personal cell phone
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• POD operations are still functioning well. We are trying to improve the efficiency, professional appearance, and long-term establishment of the POD's, but, overall the POD's operations are remaining successful.
• Recycling has been implemented at PODs 1, 5, and 8. Recycling is happening frequently but at a restriction due to the lack of supply of clear recycle bags given from schupan..
• Consolidated Station Report OUT (last 24 hours)
Bottled water-3523 Water (Gallons)-244 Lead Testing Kits-235
Pitcher (23 cup)-0 Brita Faucet Filter-136 Brita Replacement Cartridge-186
Pur Filter-162 Pur Replacement Filter-346

National Weather Service (NWS)

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

Natural Resources (MDNR)

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

State Police (MSP)

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

Technology, Management and Budget (MDTMB)

Continue to provide DTMB management with daily updates and resource requests received.

DTMB Print & Graphic Services to provide translation of Lead Fact sheet and printing for water testing document.
DTMB providing four drivers to assist with transportation of supplies on Monday, three for the point of distribution sites and one at the food bank.
Provided an AT&T conference line for the JIC to use to conduct media conference call.
Provided assistance to ensure www.helpforflint.com and www.flintwolunteer.com sites are not blocked by State network.
Provided building access and parking for employees and Federal partners in the SEOC and Flint State Office Building.
Provide Constitution Hall conference room until February 29 for DEQ to use

Transportation (MDOT)

MDOT is providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 portable changeable message boards (2 each site).
-100 grabber traffic cones (narrow reflective cones) (50 each site)

MDOT continues to maintain situational awareness and respond to issues regarding equipment and road conditions.

Incident Related Images

This is the daily 2-1-1 summary on the Flint Water Response for Monday, February 1, 2016

GENERAL INFORMATION:

- Following last Wednesday's tele-town hall by Gov. Snyder with 8,000 Flint residents that generated a substantial number of unanticipated calls to 2-1-1 after 5 pm, Michigan 2-1-1 had a conference call Friday morning with the governor's staff and reached agreement on how the state will coordinate with 2-1-1. Thank you to Meegan Holland, Director of Communications in Gov. Snyder's office for taking the lead on this.
    - **A notification system to alert 2-1-1 when a state communication or event will refer residents to call 2-1-1.**
        - **Agreement:** The governor's office will coordinate to provide advance notice to 2-1-1 for major events and outreach initiatives such a community meetings, tele-town halls, and distribution of outreach materials that direct residents to 'Dial United Way 211'.
    - **Clear identification of 2-1-1 as a non-governmental, independent service.**
        - **Agreement:** Moving forward state marketing materials will refer to 'United Way 211' to distinguish the service is an independent partner in the coordinated response. It was acknowledged that not all 2-1-1 partners are directed affiliated with United Ways, but it appears to be the best available option for now.

          At future town hall or other public events, 2-1-1/United Way 211 will be recognized as a community-based partner in the response effort.
    - **State use of the 2-1-1 brand and logo.**
        - ***Agreement:*** *State of Michigan will review if the Central Michigan* 2-1-1 *logo or other* Michigan 2-1-1 partner logos have been used on other web pages or outreach materials. 2-1-1 partners will consult and determine if there is a preference for using the regional logo or to switch to the statewide Michigan 2-1-1 logo.
          FYI: Michigan 2-1-1 can coordinate to provide 2-1-1 logos in high resolution eps or jpg formats.
    - **A vetting process for 2-1-1 to review and approve how the service is presented by State of Michigan.**
        - **Agreement:** Given the volume and timeliness of releases, events and outreach materials produced on a daily basis, it is not feasible for 2-1-1 to review and provide feedback on all materials. The state will use the guidelines outlined above when *referring to 2-1-1 and will provide as much advance notice as possible when an* event or outreach initiative has the potential to generate an increase in call volume for 2-1-1, so 2-1-1 partners can ensure sufficient capacity and preparation is in place to provide an prompt and informed response to the public.
    - **A mechanism to financially support the expanded 2-1-1 capacity needed to provide timely, high quality assistance that the high numbers of Flint residents calling 2-1-1 deserve.**
        - State of Michigan partners are reviewing funding options and will follow up with Michigan 2-1-1.

☐ Friday night a late-break news story reported a number of homes testing positive for lead levels exceeding the capacity of filters to remove the toxin. 2-1-1 immediately updated our referral information to follow the state recommendation unless a home has received a safe lead test result, they should immediately stop using filtered tap water and use only bottled water until testing shows a safe lead level.

CALL VOLUME:

Since the state issued the disaster declaration for Flint, Michigan 2-1-1 partners have handled roughly 10,000 calls from local residents. Tomorrow's report will have an update on overall call volume and call patterns.

Overall call volume remains exceptionally high. Demand for tax prep referrals and help for the now 20,000 customers dropped from their MEAP energy assistance program round out the big three reasons people are calling 2-1-1. Features like the 'call-back' option are being widely utilized to limit the amount of time callers wait on hold, but the amount of time it takes to speak to a 2-1-1 agent continues to be longer than our goal of 80% of callers reaching an agent in 90 seconds or less.

SPECIAL NEEDS/REQUESTS

- ☐ A few callers are expressing concerns about the reliability of MDEQ test results and are asking how to get independent lab testing for free or low cost.

RUMOR CONTROL

- ☑ Several sources reporting the new story of high lead levels persisting in homes stated it takes three (3) days to receive water test results. This conflicted with 2-1-1's information from MDEQ that testing takes 2-3 weeks. 2-1-1 was able to contact MDEQ through the SEOC to verify test results from the state MDEQ lad take up to 3 WEEKS to process and report.
    - o Partner Good360 reports vendors have offered a discounted rate for home lead testing kits that indicate if water lead levels exceed EPA standards, but these tests only indicate if levels are above or below the standard, not the actual amount of lead in the water. **Could home testing kits be distributed to quickly identify homes with lead levels exceeding federal standards, allowing other residents to safely resume use of filtered tap water?**
- ☐ 2-1-1 received a related rumor that due to the class-action lawsuits filed against the state, MDEQ will no longer be able to process lead tests for Flint residents. **Can SEOC investigate this rumor and determine whether or not it is true?**

  If it is true, is there an alternative for Flint residents to have their water tested at no cost to themselves? ***See special need/request above regarding independent testing of water.***
- ☑ **From 1/28/16:** The rumor that, "Flint residents are barred from selling their homes and moving their families because it is illegal to sell with a known lead or copper issue", has been shown to be FALSE. Snopes.com has a detailed analysis and refutation: http://www.snopes.com/illegal-sell-homes-flint/
- ☐ **From 1/28/16:** As of today there is no response regarding last Thursday's report that, "Undocumented immigrants in Flint aren't just being denied clean water, they aren't being tested for lead poisoning." This tweet included a link to a story about undocumented residents facing ICE raids: http://grist.org/cities/its-not-just-clean-water-flints-undocumented-immigrants-cant-access-medical-lead-testing/

UNRESOLVED

- ☐ **From 1/18/16:** Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue.

- ☐ **From 1/18/16:** One of the top questions is when will canvassers be in specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?
- ☐ **From 1/20/16:** Michigan 2-1-1 heard an anecdotal report today that real estate agents are reluctant to close sales in Flint because they cannot verify the any properties are free from lead contamination. **Is there are state agency or partner who can give real estate agency and home inspectors information on their potential liability.**
- ☐ **From 1/25/26:** Organizations distributing bottles to collect water samples report running out of bottles. **Is there a contact for individuals and organizations to get additional testing sample bottles?**
- ☐ **From 1/26/26:** Callers are asking about the efficacy of various water filters and whole-home filtration system to screen out lead. **Is there an state- or independently-vetted list of effective filters available for residents to reference.**
- ☐ **From 1/26/26:** There is high demand for shower filters due to reports of rashes and potential lead risk to children from using water to bathe. 2-1-1 is telling callers that shower filters are available for purchase through home improvement stores, based on a google search. **Are shower filter donations a request that can be coordinated through Good360 or another supplier? UPDATE:** The Michigan 2-1-1 office passed on the demand for shower filters to Good360, which is looking into options to meet this need.
- ☐ **From 1/26/26:** Callers are asking about the availability of whole-home filtration systems. **Is there any guidance on whether this is being considered as an option for residents?**

Script 1:

If you live in Flint, you can help to keep yourself and your family healthy and safe from lead with clean drinking water. You can get FREE water filters, bottled water, home water testing, and blood testing. The 211 call line is set up to answer questions and help you access these things as quickly and as easily as possible. To learn more about where to go and what you can do, visit www.michigan.gov/flintwater or call 211 today.

Los residentes de Flint pueden reducir el riesgo de envenenamiento de plomo utilizando agua limpia. Pueden obtener filtros de agua, agua embotellada, y análisis de sangre y del agua en su hogar GRATIS. Para más información y recursos GRATIS, visite la página michigan (punto) g-o-v (diagonal) flintwater o llame al 2-1-1.

Script 2:

High levels of lead in drinking water are a real problem. Fortunately, there are real things you can do to reduce your family's exposure; like drinking bottled water and using a filter approved by the National Sanitation Foundation. Even small amounts of lead in drinking water can be harmful to children. Use exclusively bottled water when mixing formula for infants or if you are currently pregnant or breastfeeding. Boiling your water doesn't help. To learn more about where to go and what you can do, visit www.michigan.gov/flintwater or call 211 today. The concern is real, but so is the help.

Los altos niveles de plomo en el agua pueden afectar a su familia. Afortunadamente, puede tomar medidas para limitar su exposición, tal como usar agua embotellada y filtros aprobados por la Organización para la Salud y Seguridad Pública. Aún pequeñas cantidades de plomo en el agua pueden hacerle daño a los niños. Hervir el agua no elimina el plomo. Así que sólo use agua embotellada para mezclar leche de fórmula para bebés, si está embarazada o lactando. Para más información y recursos, visite Michigan (punto) g-o-v (diagonal) flintwater o llame a 2-1-1. Hay ayuda GRATIS.

Flint Water Daily Update
Updated Feb. 1

Current Issues Talking Points

Governor and DEQ stress importance of home water testing

- The health and safety of Flint residents remains a top priority. It is essential that all Flint residents have the water in their homes tested as soon as possible.
- While water filters will eliminate lead in most homes, those with levels above 150 parts per billion will need to take extra precaution.
- If levels are above 150 ppb, residents should not drink water from the filtered faucet and use bottled water only.
- DEQ and DHHS will visit homes found to have lead levels over 150 ppb for additional testing.
- To date, less than one percent of Flint homes have been identified as having lead levels of this amount. Results showing lower levels indicate residents should continue following established protocols.
- Pregnant and nursing mothers and young children should continue to drink bottled water as a precaution.
- Free water testing kits are available at Fire Stations 1, 3, 5, 6, and 8. Water Samples should be returned to the fire stations for testing.
- Anyone who is unable to get to a Fire Station to pick up a free testing kit should call United Way 2-1-1 for assistance.

Federal denial of WIC expansion for Flint children

- On Saturday, the federal government denied the Governor's request to use supplemental nutrition funding for Flint children up to 10 years of age who may have been exposed to high lead levels in the water.
- The governor has continually stated that the Flint water issue is the result of government failure at all levels. All levels of government should be committed to supporting Flint's families along their road to recovery.
- It is understood that WIC funding is generally meant for children five years old and younger, however this disaster calls for a waiver of this rule. Expanded nutritional support for children under 10 is essential to their long-term well-being.
- The Governor is urging the federal government to re-evaluate their denial of this funding.
- The state has provided more than $28 million for a short-term solution in Flint, but additional funding and collaboration is necessary to implement a successful long-term solution.

Governor Rick Snyder
REINVENTING MICHIGAN
Getting It Right. Getting It Done.

Gov. Rick Snyder – January 28, 2016 (WWJ – Frank Beckmann)

Mission Flint
'Mission Flint' charts city's future after water crisis (Freep)
On the fifth floor of a state office building in downtown, Richard Baird, top aide to Gov. Rick Snyder, convened a closed-door meeting of a dozen top state officials charged with a dual task aimed at fixing Flint.

Supplemental signing/MPA lunch
Gov. Snyder signs $28M in aid for Flint (AP)
Michigan Gov. Rick Snyder has signed into law $28 million in emergency funding to address Flint's lead-contaminated water crisis. The Republican governor signed the measure Friday afternoon at a Michigan Press Association meeting in Grand Rapids.

Snyder discusses Flint water and tuition at MPA conference (CM Life)
Gov. Rick Snyder addressed the press and state legislature about Flint water issues on Jan. 29 at the Michigan Press Association convention. After his speech, he signed a $28 million supplemental finance package for Flint. "Part of this is lessons learned," Snyder said. "Let's use Flint as an opportunity to address the hidden problem of infrastructure in our state."

Snyder signs $28M Flint bill, hopes for safe water soon (Detroit News)
Gov. Rick Snyder signed Friday a $28 million supplemental spending bill to benefit Flint and said he hopes residents will be able to use safe drinking water from their taps within two to three months. But the decision on safe drinking water will depend on testing, including validation from outside experts,

and not any set timeline, the Republican governor said in Grand Rapids, where he signed the Flint funding bill during an annual gathering of the Michigan Press Association.

Gov. Snyder signs emergency funding bill for Flint (Michigan Radio)
Governor Rick Snyder signed a law today that'll allocate $28 million in emergency funding to address short-term needs stemming from Flint's water crisis. It'll pay for bottled water, faucet filters, testing kits, additional school nurses, medical treatment, and help with the city's unpaid water bills. There are also funds to hire outside experts to figure out whether Flint's water infrastructure needs to be completely replaced.

Flint water crisis: City gets $28 million in state aid (CNN)
Help -- $28 million of it -- is on its way to Flint, Michigan. Gov. Rick Snyder made it official Friday, signing a bill to provide funding to cope with ramifications of tainted water, damaged pipes and health problems for those who drank from the tap before authorities finally sounded the alarm.

Governor Snyder signs $28 million measure for emergency funding for Flint (WTVB)
The Governor Friday signed a $28 million measure for emergency funding for Flint. To a chorus of applause from assembled lawmakers at a Michigan Press Association luncheon in Grand Rapids, a smiling Rick Snyder approved the legislation yesterday.

Governor Snyder Signs Off on $28 Million in Emergency Money to Help Flint With Water Crisis (9&10 News)
Governor Snyder signed off on $28 million in emergency money to help with Flint's water crisis. The money will pay for bottled water, faucet filters, testing kits, additional school nurses, medical treatment and to help the city with unpaid water bills.

Gov. Rick Snyder secures $28 million in immediate aid to Flint residents (UP Matters/TV 3)
Governor Snyder today signed legislation bringing $28 million to immediately help families in Flint with lead testing, treatment and other emergency services. The funding was part of a multi-point relief package the governor outlined last week during his state of the state address to the Michigan Legislature.

Snyder Signs Emergency Funding Bill For Flint (WSJM)
The governor has put his signature on legislation sending $28 million to Flint to help combat its water crisis. The money will be used to help supply the city with bottled water, filters and testing kits. It will also fund programs to help offset the effects of lead poisoning. Governor Rick Snyder says the legislation, which was approved unanimously in both the state House and Senate, is a step moving toward solving the Flint issue.

Gov. Snyder signs $28M bill to address Flint water crisis (WDIV)
Michigan Gov. Rick Snyder signed into law $28 million in emergency funding to address Flint's lead-contaminated water. It's the second round of state aid for the city since the crisis was confirmed in the fall.

Gov. Snyder prepares to approve $28 million in funding for Flint's water emergency (ABC 12 Flint)
Governor Rick Snyder is preparing to approve $28 million in funding to help Flint's water emergency. State lawmakers unanimously approved the funding earlier this week.

WIC denial
Michigan governor: No time frame for Flint water fix (Freep)
Michigan Gov. Rick Snyder said Friday he hopes the water in Flint might be safe to drink again in three months. But, he said, it's impossible to predict because it's not a question of time, but of science.

Feds deny Flint supplement nutrition funding (AP)
The federal government has denied Michigan's request to increase nutrition funding for older low-income Flint children who may be affected by the city's lead-tainted water. Gov. Rick Snyder says Saturday in a release that the Jan. 27 request to the U.S. Department of Agriculture was for supplemental funding through the Women, Infants and Children program. It would have covered children up to age 10.

Feds deny Snyder's request to raise Flint WIC eligibility (Detroit News)
The U.S. Department of Agriculture has rejected Michigan's request to increase access for Flint children ages 5 to 10 to the federal nutritional program for low-income women and children.

Feds reject Snyder's bid to expand WIC for Flint kids (Freep)
The U.S. Department of Agriculture rejected Gov Rick Snyder's plea the extend a federal nutrition program to children up to age 10 in and around Flint, saying federal law prohibited it.

Local lawmakers react as Gov. Snyder signs $28M Flint water bill (WWMT)
On Friday, Governor Rick Snyder signed a multi-million dollar bill to send more aid to the troubled city of Flint. Newschannel 3 was on hand at the signing, which Snyder called one of the first steps to help move Flint past its water crisis.

Snyder's request for WIC exceptions denied (WDIV)
The federal government denied the Michigan Department of Health and Human Services request for supplemental nutrition funding for Flint children ages 5-10 years old.

Feds deny Michigan's request to expand WIC for Flint children (Fox 2 Detroit)
Gov. Snyder released the following statement today after the federal government denied the Michigan Department of Health and Human Services request to use supplemental nutrition funding for Flint children up to the age of 10 who may have been affected by high levels of lead in the water.

Governor Snyder updates strategy on dealing with Flint water crisis (WTVB)
The Snyder administration has released its short term strategy for dealing with the water crisis in Flint. The game plan is to make sure every single building gets its water tested, and every child gets a blood test, so they know where the lead is located and who needs help. They say data collected during this emergency response will help them formulate the long term response.

Misc

In letter, Snyder tells state employees 'Never again' (Freep)
Gov. Rick Snyder has sent a letter to state employees, telling them what happened in Flint must never happen again.

Snyder tells state workers 'never again' on Flint (Detroit News)
Gov. Rick Snyder, who has criticized some environmental department workers for failing to use "common sense" in the run-up to the Flint water crisis, sent a Friday email to some 46,000 state employees telling them what happened there cannot happen again.

No timetable for Flint water restoration, Snyder hopes for safety in 2-3 months (Mlive)
Gov. Rick Snyder told a radio show he hopes city residents will have safe water in 2-3 months, but his staff said there is still no timetable on restoring Flint's drinking water.

Flint residents warned of lead above filter grade (AP)
Flint residents were warned Friday that water samples from more than two dozen city locations have higher lead levels than filters can handle and that further tests are recommended. Dr. Nicole Lurie of the Department of Health and Human Services said the lead level in some Flint locations has exceeded 150 parts per billion, which is the level for which water filters are graded. She said people with levels over 150 ppb are being notified and their water being retested.

Officials: High lead levels too much for Flint filters (Detroit News)
Officials admitted late Friday the filters they've been handing out to residents may not be effective enough in removing lead from their faucets. Water samples collected from 26 random taps since the last week of December have shown lead levels higher than what filters are rated to handle — above 150 parts per billion. That is more than 10 times the level deemed safe by the U.S. Environmental Protection Agency. More than 3,900 homes were tested. The highest reading out of the 26 residences "was at least 4,000" parts per billion.

Governor Snyder says Flint residents need to make water testing a priority (WLNS)
Governor Rick Snyder is urging Flint residents to get their water tested. "It is essential that all Flint residents have the water in their homes tested as soon as possible," said Governor Rick Snyder.

U.S. Reps send letter to Gov. Snyder requesting Flint water crisis documents (Mlive)
Two members of the House Committee on Oversight and Government reform sent a letter to Gov. Rick Snyder requesting documents regarding the Flint water crisis. On Friday, Jan. 29, Maryland Rep. Elijah E. Cummings, the ranking member of the House Committee on Oversight and Government Reform, and U.S. Rep. Brenda Lawrence (D-Southfield), the ranking member of the Subcommittee on Interior, sent a letter to Snyder requesting the documents.

Hillary Clinton campaign: Let Dems debate in Flint (Freep)
Hillary Rodham Clinton's presidential campaign chairman called Saturday for a Democratic debate in Flint to draw attention to the water crisis there.

Michigan may get a Democratic debate in Flint (Detroit News)
"What will help Flint more than a political debate is expanding WIC and Medicaid to cover Flint children," Snyder wrote on Twitter.

OPINION

Editorial: Detroit skills gap still too wide (Detroit News)
Detroit's economic recovery has made it to several of the city's centers — mainly downtown, Midtown and Corktown. But the city's neighborhoods remain poverty-stricken, with tens of thousands of residents who lack education and are unable to find a job that matches their skill levels.

Gade: EPA failure to act in Flint violated public trust (Detroit News)
Almost 45 years ago, Congress showed great wisdom in creating the architecture for implementing this country's environmental laws. From the Safe Drinking Water Act to the Clean Air Act, and to laws regulating hazardous and solid waste, the U.S. Environmental Protection Agency shares the responsibility with state governments for implementing their provisions: from permitting, to inspections, to enforcement.

More on DPS buildings, Flint water (Detroit News)
We seem to have forgotten why the Detroit Public Schools have an emergency manager in the first place. Having said that, why isn't the director of operations and maintenance out in the field checking to see if buildings are being maintained properly? Why aren't building engineers complaining about deficiencies and safety issues? And, last but not least, why aren't principals in each building fighting for the safety of their students?

Finley: Trace Flint blame from water plant (Detroit News)
The obsession with how the decision was made to switch Flint to its own water system, and who made it, is misplaced. While it turned into a disaster, it would have been inconsequential had it not been for some bad and baffling choices made before the water started flowing to Flint residents.

Editorial: Reform civil service (Detroit News)
Lot of government reforms should come out of the Flint water crisis. Chief among them should be a reform of Michigan's civil service system.

Smith: Don't forget Snyder's good work (Detroit News)
Isn't it time for people to stand up and say, "Hey, that's our governor, you news personalities, celebrities and politicians are trashing and blaming for a problem that started long before he became governor"? *Flint's poverty, lead-based paint issues, water and financial problems began years ago.*

What Flint needs now (Detroit Free Press)
There's hope for the children of Flint. Exposed for nearly two years to lead in the city's drinking water — after a serious of disastrous decisions made by state, local and federal officials — Flint's children are at risk for a host of impacts associated with exposure to the toxic chemical: loss of IQ points, behavioral and mental health problems and developmental delays.

Michigan's vaccine policy is the right compromise (Detroit free Press)
We've heard something exciting from public health officials across Michigan: The number of nonmedical vaccine waivers has fallen dramatically — down 39% compared with 2014.

Flint's long misery, at the hands of urban policy (Detroit Free Press)
If you look at what has been happening in Flint, long before children were drinking foul water from the faucets in their homes, you'd not be surprised that any measure of wicked reality was headed the city's way.

We owe Flint so much—let's start with the truth (MLive)
Like so many of us here in Michigan, I'm horrified by what we're witnessing take place in Flint. Every time I turn on the faucet in my own home I'm reminded of it. A series of unforgivable failures in government has put the health of an entire generation of Flint residents at risk, and a city is left wondering why it took so long for anyone to hear their pleas for help.

#####

STATE OF MICHIGAN
JOINT INFORMATION CENTER

NEWS RELEASE

FOR IMMEDIATE RELEASE
January 31, 2016
Release: #25

State outlines initiatives to determine safe drinking levels and to provide long-term assistance to Flint children

Flint, Mich. – Strategies to determine when Flint's water is safe to drink and to ensure that the city's children have access to comprehensive health care are key to the state's long-term solutions in the Flint water crisis.

Short-term, Gov. Rick Snyder is urging every Flint resident to get a water test kit.

"Almost 5,000 homes submitted water tests, but we want to encourage everyone to submit a water test. Please pick up a free water test kit at one of the Flint fire stations and return the sample to the same location," Snyder said. "We want to ensure that all homes are getting the proper immediate attention and the home water tests will help in that process. If you need assistance, please call United Way 2-1-1 for help."

In addition to the federal emergency declaration, which was granted on Jan. 16, Snyder has requested more federal help for Flint: "While the USDA denied my request to expand WIC nutrition support for Flint children ages 5-10, I'm asking that agency to reconsider. I'm also encouraging the federal government to grant my requests to extend Medicaid eligibility to all Flint residents ages 21 and under, provide long-term health care services for children and help with lead abatement."

On Friday, Snyder signed legislation that will allocate $28 million for more water resources and expanded health care initiatives, including more school nurses, diagnostic tests and community education through the Genesee County Health Department. He also plans to include additional long-term aid for Flint in his FY 2017 budget proposal to be unveiled early this month.

Here's what key Michigan departments are doing to help with the Flint water emergency:

Michigan Department of Environmental Quality
The Michigan Department of Environmental Quality (DEQ) has embarked on a five-part strategy to establish a baseline of data to determine when the water is safe to drink.

The strategy includes:

- Residential water testing: At-home water testing done by residents is key in guiding experts to *areas of concern.*

MORE

To date, of 4,924 total residential water samples, tests show that 93.7 percent of homes are below the actionable level of 15 parts per billion (ppb) for lead:

- 4,616 samples at 15 ppb or less for lead (93.7%);
- 4,179 samples at 5 ppb or less for lead (84.9%);
- 308 samples over 15 ppb for lead (6.3%);
- 37 samples over 150 ppb for lead (0.75%); and
- 26 samples over 1,300 ppb for copper (0.5%).

Water samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams. To process these samples as efficiently as possible, the Michigan Department DEQ lab is operating seven days per week and is capable of processing 1,000 tests per day. Residents can access these reports online at www.mi.gov/FlintWater. Results are mailed to each residence tested.

- School testing: Michigan DEQ in collaboration with the Michigan Department of Licensing and Regulatory Affairs (LARA) has tested all 13 public schools in the city and continues to test non-public schools, children's centers and senior centers. The state will retest the public schools once it has completed replacing water fixtures. Fixture replacement has begun at Freeman School, which will be retested after water flushing happens within the next week.

- Food service/restaurant provider testing: Michigan DEQ is working in collaboration with the Michigan Department of Agriculture and Rural Development (MDARD) to test establishments and ensure they are using water filters, flushing water systems properly and using the correct food and water standards.

- Blood level testing: Michigan DEQ is working in conjunction with the Michigan Department of Health and Human Services (MDHHS) to ensure that residents with high blood lead levels have their water tested for lead. Homes with high water lead levels are provided additional services by MDHHS and the Genesee County Health Department to ensure residents' exposure to lead is minimized.

- Flint water distribution system testing: Michigan DEQ and the City of Flint are working to monitor and test the quality of the water as it travels throughout the city's water distribution system. Additionally, sentinel sites are being established to set a baseline for data collection.

Michigan DEQ is working with the EPA on trend analysis and data sets that will be reviewed by the Flint Water Interagency Coordinating Committee, which includes water quality experts to help local, state and federal officials provide a consensus conclusion on water quality and safety.

Michigan Department of Health and Human Services
In response to the elevated blood lead levels found in some Flint children, the MDHHS has worked closely with partners at the state and local level to reach and educate families and providers about what they can do to help protect the health of Flint residents.

These actions include funding to Genesee County Health Department for nurses to work with families when an elevated blood lead level has been detected. During follow-up visits, nurses coordinate with environmental health investigators to meet with families in their homes to identify lead exposures, answer questions and provide water filters.

MORE

As part of the effort to test Flint residents, the following data includes all children and adults tested since Oct. 1, 2015:

- 67 of 3,351 Flint residents tested showed an elevated blood lead level;
- 38 of 1,505 children under the age of 6 showed an elevated blood lead level;
- Seven of 963 children between 6 and 17 years of age showed an elevated blood lead level; and
- 22 of 883 adults over the age of 18 showed an elevated blood lead level.

Because lead stays in the blood for only a few weeks after exposure, these numbers do not provide a comprehensive picture of how many people may have been exposed. MDHHS continues to focus on ensuring that all children in Flint have access to additional behavioral, educational, nutritional and healthcare supports, as well as encouraging every resident to get tested for elevated blood lead levels.

Emergency Management Response
Today, water response teams comprised of city, county and state personnel, American Red Cross and volunteers continued door-to-door delivery efforts. These teams are canvassing neighborhoods providing free bottled water, filters, water replacement cartridges and water testing kits to City of Flint water system consumers not yet identified as having a water filter. These door-to-door efforts also include the 266 homes outside of the city limits on the municipal water system.

Additionally, homebound residents who need supplies should call United Way 2-1-1 or 810-257-3600. The United Way 2-1-1 is collecting a list of individuals needing home delivery and is providing that information to the Genesee County Sheriff's Department.

Since Jan. 9, 2016, the following resources have been distributed to residents, both at the water resource sites and by water response teams:

- 234,490 cases of water
- 100,593 water filters
- 32,093 water testing kits

Water resource sites remain open daily from 9 a.m. to 9 p.m. and can be found at the five city fire stations. For locations, go to www.michigan.gov/flintwater.

Due to an overwhelming response from individuals who want to donate, please direct inquiries to FlintDonations@michigan.gov or 517-420-4162. You can also donate online at www.helpforflint.com.

Additional information is available at www.michigan.gov/flintwater, or by calling United Way 211.

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	01/26/2016 08:00:00
Operational Period End:	02/02/2016 08:00:00
Situation Report No.	26
SEOC Status:	Full
SEOC Hours of Operation Begin:	01/31/2016 08:00:00
SEOC Hours of Operation End:	01/31/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (January 31, 2016):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Resources.
- Public information control.

Logistics:
- Conference call with Dave Guiterrez (Red Cross) and Brianna Briggs (Recovery) regarding donations management POC issues.
- Resource requests fielded.
- Rapid response requests fielded.
- Governor's office requests fielded.
- Facilitated distribution team calls.
- Assigned task received from DOC to DTMB.
- Assisted DTMB in locating missing 5000 post cards delivered to warehouse on 1/29.

JIC:
- The JIC is operating from the SEOC on Saturday, January 30 and Sunday, January 31.
- Created a media monitoring report and looked for misinformation. Provided several media outlets with information regarding the state's efforts to reach homebound individuals as well as residents outside of the city limits who receive Flint water.
- Coordinated several updates and postings to the www.mi.gov/FlintWater site.
- Updated internal and general talking points about the ongoing Flint water emergency.
- JIC will issue the nightly activity news release.

Recovery Branch:
- Attended local brief, SEOC state agency briefing meeting, and distribution process meeting.
- Coordinated with GIS to develop an area map and spreadsheet with addresses based on data specified as "follow up required" for Red Cross teams.
- Coordinated with GIS to map and analyze city of Flint apartment buildings to send out water resource team.
- Worked with GIS to develop a map and street addresses for franchise customers to provide to Red Cross water resource teams.
- Team priority visited today: franchise customers.
- City sections visited today: 28, 17, 11, 27, 29, 30,31.
- City sections scheduled tomorrow: franchise customers, additional to be determined.
- *10 American Red Cross teams scheduled for Monday, February 1, 2016.*

o Data is for 1/31/16 as of 5:00 pm:
o Total homes visited.
- 9,577 (round 3 total).
- 551 (today).

o Water cases:
- 6,098 (round 3 total).
- 426 (today).

o Replacement cartridges:
- 1,325 (round 3 total).
- 76 (today).

o Faucet filters:
- 5,227 (round 3 total).
- 299 (today).

Planning Section:
- Published sit rep #26.
- Worked with resource unit leader to streamline the number reporting mechanisms.
- Developed reporting process sheet for situation unit leader.
- Participated in local EOC, SEOC state agency, and distribution process conference call.

Operations Section:
o Facilitated state agency and local briefing calls.

o 42 ARC volunteers were active across the operation today.
o 194 event based volunteers were active across the operation today.
o Discussions regarding concerns over handling water donations not on pallets or semi quantities near the end of business hours at the warehouse.
o Warehouse numbers as of 1800:
❑ Water (liters):
• 620,558.
❑ Filters (faucet):
• 50,360.
❑ Replacement cartridges:
• 369,192.
❑ Test kits (prepped):
• 23,795.
❑ Test kits (un-prepped):
• 0 (all supplies out to ARC for assembly).
o PODs (1700 1/29 – 1600 1/30):
❑ Water (cases):
• 6,876.
❑ Filters (faucet):
• 325.
❑ Replacement cartridges:
• 595.
❑ Test kits:
• 330.

Finance Section:
• EMHSD expenditure report for costs charged to city of Flint water emergency.
• Worked on draft template to be used for state agency reporting; meeting with SBO on Tuesday to discuss reporting needs.
• Reviewed FEMA RRF for estimated costs to date to track 25% match.

GIS branch updates:
• Updated franchise customer listing with data from city of Flint website.
• Mapped apartment complexes.
• Provided final map of lead service lines and began validating results by comparing to water testing.
• Corrected the PODS dashboard.
• Troubleshooting for iPads.
• Prepared field team maps.
• Completed daily individual team assignments map.
• Conducted heat mapping of water test results.
• Consulted with governor's office representative on public facing mapping options.

DTMB:
• Print & Graphic Services providing translation of lead fact sheet and printing for water resting document.
• Providing four drivers to assist with transportation of supplies on Monday (three for point of distribution sites and one for food bank).

DHHS-CH:
• CHECC remains active at level 2, continues to staff hotline to answer any health related questions that 2-1-1 is unable to answer.
• CHECC is also working with the GCHD to assess the potential need for volunteer staffing and management support, as well as a communication strategy for messaging to pregnant women and oral health professionals.
• UCG will be setting up four (4) Task Force Teams:
o Health and medical task force – Led by HHS
• Human services task force – Led by Administration for Children and Families
• Water quality task force – Led by EPA and ATSDR (CDC)
• Nutrition and education task force – Led by USDA

DEQ:
• 205 test kits delivered to lab.
• Assisted website update to ensure documents can post in the "DEQ Reports to the EPA" tab.
• Developed a data spreadsheet with graphs of water testing results by month, showing total tests for four threshold categories.

Local EOC Update:
• Addressing various public concerns, including concerns regarding filter efficiency.
• Establishing procedures for receiving incoming donations of loose water at overflow locations.
• Established rapid response delivery plan with ARC and Team Rubicon.
• Coordinated rapid response deliveries to homebound residents and special locations.
• Coordinated with VRC for door-to-door distribution of recycling information and supplies.
• Genesee County Board of Commissioners meeting scheduled for 02/01/2016.

Incident Response/Recovery Priorities/Objectives

(Objectives are in order of priority with original objective number attached)

1. Ensure all households within impacted community have required resources.
2. Ensure accurate tracking and accounting of all commodities.
7. Gather, analyze, and disseminate GIS data to develop products for future planning.
10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.
3. Improve and maintain the public information strategy and process.
8. Maintain coordination between partner agencies and organizations to include FEMA IMAT and the FWICC
4. Develop a long term public health and services plan.
6. Develop an overview of possible assistance programs.
9. Enhance situational awareness and common operating picture of all activities.
5. Continue to maintain adequate staffing to support operational requirements.

Emergency Declarations

Local Declarations

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

The co-located JIC will be operational in the City of Flint.

Agriculture and Rural Development (MDARD)

MDARD has developed plans for the week starting tomorrow February 1 for water sampling and assessments of food businesses as well as follow up based on test results, including verification and compliance assistance. As of 1/29, MDARD completed water assessments at all 18 food businesses in the high risk area and 135 of the 156 in the medium risk area, as well as 58 in the other parts of the City. The overall assessment compliance rate is 70.1%. We also have collected 74 water samples, with more scheduled for this week.

American Red Cross (ARC)

The American Red Cross deployed and supported 10 Water Response Teams on Sunday.
The Volunteer Reception Center (VRC) was in operation today from 9am to 3pm. 194 event-based volunteers were processed through the VRC today. The VRC will operate from 9am to 5pm Monday through Sunday.
Assembly of water test kits will resume when materials become available.

Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC entities. Maintaining media awareness regarding situation and community activities. Requested list of links to Mexican lead-awareness documentation allegedly in use by local advocates seeking Spanish language materials.

Community Health (MDCH)

The CHECC remains active at a Level 2, and continues to staff the hotline to answer any health-related questions that 2-1-1 is unable to answer in order to support GCHD. The CHECC is also working with the GCHD to assess the potential need for volunteer staffing and management support, as well as a communication strategy for messaging to pregnant women and oral health professionals.

MDHHS participated in the Unified Coordination Group (UCG) call this morning at 0900. UCG will be setting up four (4) Task Force Teams, as detailed below. State and local entities will only be involved with these task forces on an "ad-hoc" basis if subject matter expertise is requested.Discussion took place with the UCG on the development of a "Science Group," that would advise and provide technical expertise outside of operations. The objectives of the Science Group will be set by the Flint Water Interagency Coordination Committee (FWICC).
- Health and Medical Task Force – Led by HHS
- Human Services Task Force – Led by Administration for Children and Families
- Water Quality Task Force – Led by EPA and ATSDR (CDC)
- Nutrition and Education Task Force – Led by USDA

MDHHS participated in a meeting with the CDC ATSDR and NCEH to discuss priorities in relation to data and surveillance, to include what involvement may be necessary from the state.

Corrections (MDOC)

We continued operations at the warehouse and all PODs were well supplied.

We continue to keep trucks dedicated to delivering to individual PODs and have Rapid Responses ready for any POD that gets to a critical level of supplies.

205 Water Samples were collected and delivered to the DEQ Lab in Lansing.

We are in the process of training backfill personnel for the staff assigned to the detail. We had 17 employees and an SAI work crew on the ground in Flint today. Our employees assigned to the mission are often putting in 12+ hours days and have not complained once. We truly appreciate their efforts and we remind them daily. We continue to staff the SEOC from 0800-2000, 7 days/week.

Education (MDE)

1. Michigan School for the Deaf. Report to LARA on the latest word from the landlord is that the three new drinking fountains will be installed this weekend (Jan 30-31). He said we should allow him until mid-week, next week, as a back-up estimated completion date. Based on that, MSD contacted Joe Madziar, and he indicated next Friday (February 5) would be a tentative date for LARA to schedule Stevens Hall testing.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:

Responded to request from EPA by providing up-to-date spreadsheet of sample results through January 29, 2016.

Worked with Joint Information Center (JIC) to seek to manage public expectations about how long it will take for sample results to be mailed to residents, given what was reported in some media.

Confirmed that the City was provided the assistance they requested yesterday to send out sample test results.

Continued activities to comply with EPA Order, including:

Several new mapping/GIS requests for overall analysis.

Initiated resource order for 10 new teams with law enforcement escort.

Secured addresses of currently unoccupied homes.

Human Services (MDHS)

Continue to review activities to provide support and assistance to Human Services branch and other SEOC entities.

CHECC continues to maintain a Level 2 Activation

Licensing and Regulatory Affairs (LARA)

Updated the LARA Executive Team

Testing at Freeman School was terminated today due to a broken pipe. Repairs occurred to ensure system is working for the school week. Testing has been rescheduled with DEQ.

Material Lists continue to be developed.

Reviewed facility needs for DHHS Child facilities.

Military and Veterans Affairs (DMVA)

Commanders Situation Report (SITREP)

1. *DTG: 3113002016*

2. UNIT: Points of Distribution (PODs), TF FLINT (1-125 IN)

3. POC:Ssg Gazzeny, Darryl L. Cell:) Email: armyinfantry31@yahoo.com

4. PRESENT LOCATION: Genesee County Local EOC, 1101 Beach St., Flint, MI, 48502

5. SITUATION OVERVIEW: 1-125 IN has Soldiers deployed to the Flint Water Crisis in support of Distribution Operations at the Points of Distributions (PODs).Daily operations consist of receiving, tracking, and issuing out water, filters, replacement filters, and water test kits.

6. OWN SITUATION DISPOSITION /STATUS: Currently 1-125 IN has Soldiers on ground supporting the mission.

7. OPERATIONS: Operations for the next 24 hours are to sustain water/filter distributions throughout the 5 designated fire stations and track all distribution incoming and outgoing through the PODs.

a. SEOC has the POC with MDOT. Lt. Benke will be linking up with MDOT technician to do a visual reconnaissance.

1.) Workers from the City of Flint determined that they do not have the capabilities to support the road sign warnings. Local EOC was working through the Genesee County Road Commission and determined that they do not have the recourses to sustain our long term operations.

b. Flint City Electricians have assessed outside lighting issue at station 5 and 8. In addition, they will be fulfilling long requested work order for maintenance on all lighting at those stations.

8. PERSONNEL: Soldiers are currently assigned to the POD operations. Soldiers are assigned in five teams at Fire Stations 1, 3, 5, 6 and 8. 12 Soldiers were released and conducted reverse RSOI. 12 new Soldiers will report 1JAN2016 in support of TF Flint.

9. INTELLIGENCE / FORCE PROTECTION: No force threats have been identified.

10. LOGISTICS: In support of recycle project sponsored by Schupon, the special purpose recycle bags have not been distributed to POD operations.

11. COMMUNICATIONS: No communications issues at this time.

P: 800 MHz radios issued to PODs and WRTs.
A: RRF cell phones alternate for WRTs.
C: Personal cell phone
E: Runner

12. NARRATIVE: N/A

13. COMMANDER'S EVALUATION:
• POD operations are still functioning well. We are trying to improve the efficiency, professional appearance, and long-term establishment of the POD's, but, overall the POD's operations are remaining successful.
• Recycling has been implemented at PODs 1, 5, and 8. Recycling is happening frequently but at a restriction due to the lack of supply of clear recycle bags given from schupan..
• Consolidated Station Report OUT (last 24 hours)
Bottled water-4196 Water (Gallons)-36 Lead Testing Kits-399
Pitcher (23 cup)-0 Brita Faucet Filter-102 Brita Replacement Cartridge-251
Pur Filter-484 Pur Replacement Filter-623

National Weather Service (NWS)

NWS Detroit providing morning SEOC brief and Activity Log posts. Jim Maczko from NWS Grand Rapids will be the contact point for any changes in NWS Support and will also continue to update the Sit Rep Executive Summary as needed.

Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

Natural Resources (MDNR)

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging (VAAA) continues to receive phone calls from concerned seniors in Flint and continues to make referrals to the Genesee Co. EOC for water and filter follow-up.

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is:
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

State Police (MSP)

1:36 p.m. The MIOC is monitoring a Facebook Post reference the next Flint City Council meeting which will be held on Wednesday, February 3, 2016, City Council Chambers, 3rd Floor, City Hall, 1101 S. Saginaw Street, Flint. There is a flyer making its rounds on Facebook stating: "We need the city hall packed. Even if you are just driving up and down Saginaw Street. Like back to the bricks."

(Also, on February 3, is the City Council Public Safety Committee Meeting from 6 p.m. – 7 p.m. same location)

The MIOC will continue to monitor this for additional information. This information was forwarded to the SEOC, Local EOC, along with the MSP Flint Post.

The MSP position within the SEOC will be staffed at MSP Operations at HQ. All e-mails to MSP-EOC-MDSP@michigan.gov are being forwarded to the Operations Lt. The phone number for the on duty Operations Lieutenant is 517-241-8000

Supreme Court

08:50 - State Judiciary EMC John Ort reported to the SEOC regarding the Flint water emergency. Nothing to report from the Judiciary regarding the emergency. DEQ website resources shared with our State Court Administrative Office (attn: Region II) in case our Genesee County courts have any questions regarding the emergency.

Technology, Management and Budget (MDTMB)

Continue to provide DTMB management with daily updates and resource requests received.

DTMB Print & Graphic Services to provide translation of Lead Fact sheet and printing for water resting document.
DTMB providing four drivers to assist with transportation of supplies on Monday, three for the point of distribution sites and one at the food bank.

Transportation (MDOT)

MDOT is providing traffic measures at Fire Station #6 on Pierson Rd. and Fire Station #3 on Martin Luther King Blvd:
-4 portable changeable message boards (2 each site).
-100 grabber traffic cones (narrow reflective cones) (50 each site)

MDOT continues to maintain situational awareness and respond to issues regarding equipment and road conditions.

Flint Residents Encouraged to Get Their Water Tested Efforts continue to provide safe water resources in the city

FOR IMMEDIATE RELEASE
January 30, 2016
Release #:24

FLINT, Mich. – The State of Michigan underscores the importance of utilizing the at-home water testing kits provided free of charge by the state and encourages residents to make it a priority to get their water tested as soon as possible. Water samples can be dropped off at the five water resource sites at fire stations. Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

To process these samples as efficiently as possible, the Michigan Department of Environmental Quality lab is operating seven days per week and is capable of processing 1,000 tests per day. Residents can access these reports online at www.mi.gov/FlintWater. Results are mailed to each residence tested.

All water filters distributed by the State of Michigan are certified by NSF International for lead reduction. Individuals wishing to verify that a specific filter is NSF-certified can do so via the NSF website.

Residents are encouraged to have their water tested to be sure the levels are below 150 parts per billion for which the filter is certified. While water safety experts remain confident in the ability of the filters to remove the lead, vulnerable populations, especially pregnant women, nursing women and young children under five years old, should only drink bottled water until they get results showing that their water is below 150 parts per billion.

Residents awaiting test results should always flush water through the tap for at least five minutes if the tap hasn't been used in several hours, and water pitchers with filters should be flushed before putting water into the pitcher.

Residents should also install filters to their taps to ensure they have immediate and ongoing access to safe water. Only run cold water through the water filter and use filtered water for drinking and cooking. Monitor the cartridge on the filter and replace as needed.

Additionally, efforts continue to ensure city-wide distribution of bottled water, filters, water replacement cartridges and water testing kits.

Water response teams comprised of 792 city, county and state personnel, American Red Cross and volunteers continued door-to-door delivery efforts today visiting 1,368 Flint homes today. These teams are canvassing the city providing free bottled water, filters, water replacement cartridges and water testing kits.

Since Jan. 9, 2016, the following resources have been distributed to residents, both at the water resource sites and by water response teams:
- 227,188 cases of water
- 99,969 water filters
- 31,512 water testing kits

In addition to water response teams, water resource sites remain open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1 (also a water bottle recycling site)
310 East 5th St.

Fire Station #3
1525 Martin Luther King Ave.

Fire Station #5 (also a water bottle recycling site)
3402 Western Rd.

Fire Station #6
716 West Pierson Rd.

Fire Station #8 (also a water bottle recycling site)
202 East Atherton Rd.

Also today, volunteers began door-to-door efforts distributing recycling materials in Flint neighborhoods. Bottles can be recycled at water resource locations. Details on what can be recycled are on cityoflint.com. Guidelines, locations, hours and other information are available here.

Due to an overwhelming response from individuals donating water and other items, a new office has been set-up to assist with donations and inquiries on how individuals can assist. Please direct future inquiries to FlintDonations@michigan.gov or 517-420-4162.

Additional information is available at www.michigan.gov/flintwater<http://www.michigan.gov/flintwater>, by calling 211 or visiting www.helpforflint.com<http://www.helpforflint.com>.

###

NOTE: ALL MEDIA INQUIRIES ARE BEING HANDLED BY THE JOINT INFORMATION CENTER AT 888-EMD-TODAY (888-363-8632). FOR FLINT WATER EMERGENCY DONATION INFORMATION, GO TO www.helpforflint.com<http://www.helpforflint.com>.

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/30/16 – 26th Day (25th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store, and increase quantities of supplies.
- Increase efficiency of warehouse operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Finalize SBA application

Attached Documents:

- Sit Rep # 25
- Lead Residents Sampled Results
- Copper Residents Sampled Results

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- We will have 10 ARC, type 5 teams (2-4 personnel).

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- Deployed SEOC liaison to UCG.
- Worked with GIS to map and analyze City of Flint apartment buildings to send out water resource teams.
- Coordinated the posting of the Food and Nutrition Service response to Michigan's request to increase the access and availability of WIC benefits and services on the www.mi.gov/FlintWater site.

- Information reported to the JIC:
  - As of 1/30/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 1/30/2016
30,770	37,844	9,026	1,368

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	227,188
b. Filters	99,969
c. Filter cartridges	203,932
d. Test kits	31,512

3. Resources purchased:
   a. Cases of water 2,481,324 Liters (additional 879,400 Liters donated)
   b. Filters 164,616
   c. Filter Cartridges 376,903
   d. Test kits 62,701
4. Teams going out tomorrow:
   a. 10 American Red Cross Teams scheduled for Sunday, January 31, 2016.

Standing Information Requirements

1. **Number of homes visited each day:**
   a. 1/30/16, as of 5 pm, 1,368 homes were visited today.
2. **Total number of homes visited:**
   a. Targeted Canvassing Mission: 9,026
3. **Total number of National Guard on the ground:**
   a. 65
4. **Total Number of Volunteers each day:**
   a. 792 volunteers on 1/30/2016.
5. **Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,831	27,956
Active residential water subscribers	29,994	22,229

6. **Number of Water filters distributed (each day and to date):**
   a. 706 were distributed on 1/30/2016, and total distributed to date is 99,347.
7. **Cases of Bottle water distributed (each day and to date):**
   a. 6,337 were distributed on 1/30/2016, and total distributed to date is 222,942.
8. **Number of testing kits distributed (each day and to date):**
   a. 65 were distributed on 1/30/2016, and total distributed to date is 31,176.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
   a. *Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016:* *3,351
      *this data will not be updated again until Tuesday.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
       i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
       ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
       iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22

*This data will not be updated again until Tuesday

11. **Number of homes with safe drinking water:**
    a. 4,084 water samples out of 4,351 sampled through **January 29, 2016** are at or below the action level of 15 ppb for lead. Note, per MDEQ, this data is from uncontrolled samples provided by residents.

**Per DEQ, numbers were not available tonight but will be provided tomorrow.

Local EOC

- Coordinated short-term resource needs of incoming volunteer groups.
- Addressing public concerns regarding filter efficiency.
- Addressing concerns regarding rapid response delivery system.
- Planning for transition of operational control to local level.
- Planning for demobilization of MSP/EMHSD support staff at Genesee County EOC.
- Attended conference call with Michigan Community Service Commission regarding long-term volunteer management plan.
- Refined 211 data entry and record keeping process.
- Provided EPA with 50 "Flint Water Response Team" badges and lanyards to wear when they are working in the community.
- EPA advised they deployed two sampling teams to work on sequential sampling and a filter pilot through Monday, February 1, 2016.
    - The filter pilot was described as collection of a sample from an unfiltered tap, followed by collection from a filtered tap, installation of a new filter, and collection of a sample through the newly installed filter. They have identified 30 homes for this 3 day effort.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/29/16 – 25th Day (24th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Draft data documents for Governor's team for dashboards.
- Draft timeline of events.
- Receive, store, and increase quantities of supplies.
- Increase efficiency of warehouse operations and work to increase warehouse locations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.

Attached Documents:

- Sit Rep # 24

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- We will have 10 ARC, type 5 teams (2-4 personnel).
- MSP EMHSD Operations Chief in the Local EOC will be shifted to the Unified Coordination Group (Federal Agencies) to provide connection to SEOC.
    - Local EOC to take a more active role in command and control at the local level.

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- Recovery compiled a list of apartment buildings to send out to water response teams.
- SEOC Logistics coordinated Niagara water donation delivery times/dates of 25.5 semi-trailers.
- SEOC Logistics Worked with warehouse to send temporary donation's for the weekend to the LEOC established staging area.
- JIC coordinated with Genesee County Emergency Operations Center and State Emergency Operations Center regarding concerns from undocumented workers and English as second language speakers, including fielding a phone call from the Mexican Consulate in Detroit. Efforts are underway to reach out to these communities and to translate more materials for publication.
- Planning developed SBA loan request letter.
- GIS continued refinement of data.
- Information reported to the JIC:
    - As of 1/29/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 1/29/2016
30,770	37,844	7,658	924

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	216,605
b. Filters	98,641
c. Filter cartridges	202,566
d. Test kits	31,111

3. Resources purchased:
    a. Cases of water 2,151,444 Liters (additional 715,404 Liters donated)
    b. Filters 162,536
    c. Filter Cartridges 376,903
    d. Test kits 62,701
4. Teams going out tomorrow:
    a. 10 ARC (2-4 people) type 5 teams -- Goal tomorrow 100 homes per team

aStanding Information Requirements

1. **Number of homes visited each day:**
    a. 1/29/16, as of 5 pm, 924 homes were visited today.
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: 7,658
3. **Total number of National Guard on the ground:**
    a. 73
        i. Number in PODs: 58
        ii. Command Cell: 6
        iii. Cyber Mission: 3
        iv. Joint Forces Headquarters: 5

4. **Total Number of Volunteers each day:**
    a. 100 volunteers on 1/29/2016.
5. **Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,831	27,855
Active residential water subscribers	26,673	22,158

6. **Number of Water filters distributed (each day and to date):**
    a. 1,218 were distributed on 1/29/2016, and total distributed to date is 98,641.
7. **Cases of Bottle water distributed (each day and to date):**
    a. 7,458 were distributed on 1/29/2016, and total distributed to date is 216,605.
8. **Number of testing kits distributed (each day and to date):**
    a. 221were distributed on 1/29/2016, and total distributed to date is 31,111.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
    *this data is updated bi-weekly
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
        i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
        ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
        iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22
11. **Number of homes with safe drinking water (Not sure whether it's possible right now to provide this number):**
    a. 4,084 water samples out of 4,351 sampled through January 29, 2016 are at or below the action level of 15 ppb for lead. Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Attended long-term recovery planning meeting with MSP/EMHSD, FEMA and community leaders.
- Planning for transition of operational control to local level.
- Planning for demobilization of MSP/EMHSD support staff.
- Coordinating distribution of Spanish-language water sample forms to affected populations.
- Identifying and securing additional warehouse space.
- Refining rapid response process and coordinating rapid response deliveries to special locations.
- Continuing to coordinate vehicle and technology demobilization.
- Implementing the recycling program with the Community Recycling Coalition.
- Coordinating in-kind and monetary donations through Michigan Community Service Commission.
- Coordinating volunteer management with Michigan Community Service Commission, ARC, and other VOADs.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/28/16 – 24th Day (23rd Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store, and increase quantities of supplies.
- Increase efficiency of warehouse operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.

- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.

Attached Documents:

- Sit Rep # 23
- Maps:
  - Parcel Contact Status, includes data as of 5 pm today. (Provide earlier by GIS)
  - Parcel Filter Status (Multi-Tenant Excluded), includes GIS data as of 5 pm today. (Provide earlier by GIS)

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- We will have 10 ARC, type 5 teams (2-4 personnel).
- We continue to send ARC teams to targeted areas potentially missed.
- Collins Road SEOC will be shutdown. New SEOC at 7150 Harris Drive in Windsor Township (former GOB) will be activated for SEOC staff only. All EMHSD admin personnel will start at the new facility on Monday.

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- MSP HQ staff completed data entry on all ARC paper copies.
- Recovery Staff attended local Community Partners Meeting.
- Recovery Branch worked with GIS to develop an area map and spreadsheet with addresses based on data specified as "follow up required "for Red Cross teams.
- SEOC Logistics researched possible warehouse options with the local EOC, FEMA and General Motors.
- We have a corporate owned (originally thought to be a franchise owned) Kroger that is no longer in business near Fire Station 6. Looking to get a lower cost for potentially use.
- Received an inquiry regarding potential scams being perpetrated on residents of Flint. This information was referred to the Attorney General's office for a possible news release and further action.
- Issued a media advisory and coordinated a press conference about recycling with Lt. Gov. Brian Calley at noon at Fire Station #1. Used social media to promote the event as it occurred.
- SEOC Operations coordinated water pitcher request for vulnerable population.
- Information reported to the JIC:
  - As of 1/28/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 1/28/2016
30,770	37,844	6,734	1,768

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	207,055
b. Filters	97,342
c. Filter cartridges	201,848
d. Test kits	30,801

3. Resources purchased:
    a. Cases of water 1,980,504 Liters (additional 517,152 Liters donated)
    b. Filters 154,052
    c. Filter Cartridges 299,508
    d. Test kits 62,701
4. Teams going out tomorrow:
    a. 10 ARC (2-4 people) type 5 teams -- Goal tomorrow 100 homes per team

New Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/28/16, as of 5 pm, 1,768 homes were visited today.
2. ***Total number of homes visited:***
    a. Targeted Canvassing Mission: 6,734
3. **Total number of National Guard on the ground:**
    a. 73
        i. Number in PODs: 58
        ii. Command Cell: 6
        iii. Cyber Mission: 3
        iv. Joint Forces Headquarters: 5
4. **Total Number of Volunteers each day:**
    a. 125 volunteers for 1/28/2016.
5. **Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,238	25,221
Active residential water subscribers	26,673	20,788

6. **Number of Water filters distributed (each day and to date):**
    a. 1,806 were distributed on 1/28/2016, and total distributed to date is 97,342.
7. **Cases of Bottle water distributed (each day and to date):**
    a. 8,428 were distributed on 1/28/2016, and total distributed to date is 207,055.
8. **Number of testing kits distributed (each day and to date):**
    a. 466 were distributed on 1/28/2016, and total distributed to date is 30,801.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351

    *this data is updated bi-weekly
10. ***Number of people with elevated blood level (kids, adults, total):***
    a. Per CHECC: These numbers are only updated bi-weekly
        i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
        ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
        iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22
11. **Number of homes with safe drinking water:**
    a. 3,726 water samples out of 3,972 sampled through January 28, 2016 are at or below the action level of 15 ppb for lead. Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Planning for transition of operational control to local level.
- Discussed transition and demobilization of EOC support team with SEOC staff, Genesee County Sheriff's Office and Genesee County Emergency Management & Homeland Security.
- Identifying and securing additional warehouse space.
- Implementing recycling program. Promoted program at a press conference with Lt. Gov. Calley.

- Coordinating in-kind and monetary donations through Michigan Community Service Commission.
- Coordinating volunteer management with Michigan Community Service Commission, ARC and other VOADs.
- Continuously addressing public concerns over perceived fraud through door-to-door teams.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/27/16 – 23th Day (22nd Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store, and increase quantities of supplies.
- Increase efficiency of warehouse operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.

Attached Documents:

- Sit Rep 22
- Maps:
    - Parcel Contact Status, includes data as of 5 pm today. (Provided earlier by GIS)
        - The first one indicates based upon the outreach that has been conducted, which parcels have had contact with a resident and which parcels have not had any contact with a resident.
    - Parcel Filter Status (Multi-Tenant Excluded), includes GIS data as of 5 pm today. (Provided earlier by GIS)
        - The second map indicates the status of residents that have or have not received a filter.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- We will have 10 ARC, type 5 teams (2-4 personnel).
    - ARC teams are targeting the homes we show that were not visited.
- Information provided to the Governor's Office (Paul Smith) for an extension to the Governor's Declaration of an Emergency. This has to be approved by both houses of the legislature. The extension will put us on the same timeline as FEMA's declaration.

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- Recovery Branch compiled a list of targets for apartment complexes. Once plan is in place, a team will go to each complex and verify all tenants have been given or have a water filter. Once outreach has taken place for each complex, GIS will manually mark entire parcel as complete.
- SEOC Logistics worked with the Michigan Community Service Commission on donations management and volunteers
- GIS coordinated with DNR and DEQ to establish timelines for lead mapping and strategize updates of lead statuses based on plumber activities.

- GIS coordinated with DTMB/CSS to meet with local GIS staff to review city GIS infrastructure and provide recommendations on future asset management.
- Planning and Financial provide information for Senate Appropriations Committee meeting this afternoon.
- Financial Reviewed donations as match guidelines for required 25% federal match.
- Information reported to the JIC:
    - As of 1/27/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Canvassing Total	Targeted Canvassing Mission 1/27/2016
30,770	37,844	4,966	1,020

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	196,456
b. Filters	95,417
c. Filter cartridges	200,654
d. Test kits	30,255

3. Resources purchased*:
    a. *Cases of water* 165,042 (*additional 32,234 donated*)
    b. Filters 154,052
    c. Filter Cartridges 299,508
    d. Test kits 62,701
4. Teams going out tomorrow:
    a. 10 ARC (2-4 people) type 5 teams -- Goal tomorrow 100 homes per team

Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/27/16, as of 5 pm, 1,020 homes were visited today.
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: 4,966
3. ***Total number of National Guard on the ground:***
    a. 73
        i. Number in PODs: 58
        ii. Command Cell: 6
        iii. Cyber Mission: 3
        iv. Joint Forces Headquarters: 5
4. **Total Number of Volunteers each day:**
    a. 109 volunteers for 1/27/2016.
5. ***Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,238	22,939
Active residential water subscribers	26,673	19,677

6. **Number of Water filters distributed (each day and to date):**
    a. 971 were distributed on 1/27/2016, and total distributed to date is 95,417.
7. ***Cases of Bottle water distributed (each day and to date):***
    a. 7,592 were distributed on 1/27/2016, and total distributed to date is 196,456.

8. **Number of testing kits distributed (each day and to date):**
    a. 341 were distributed on 1/27/2016, and total distributed to date is 30,255.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Per CHECC: People Tested for Lead 10/1/2015 to 1/22/2016: *3,351
    *this data is updated bi-weekly
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
        i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
        ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
        iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22
11. **Number of homes with safe drinking water:**
    a. 2,991 homes, per data from September 3, 2015 to January 27, 2016. Note, per MDEQ, this data is from uncontrolled samples provided by residents.
    *This is an estimate from Phase I data. We are cleaning up the data to get a more accurate number – Phase II questions were developed to help clean this up.

GIS Information

AS OF **1/27/2016** AT 5 p.m. USING DATA FROM FLINT WATER RESPONSE TEAMS, POD DISTRIBUTIONS, AND GENESEE COUNTY HEALTH DISTRIBUTION DATA.

NOTE: PLEASE REMEMBER THAT PAPER DATA AND DATA ENTRY FROM PREVIOUS DAYS CONTINUES TO COME IN AND WILL BE INCLUDED IN THE TOTALS AS IT IS RECEIVED.

We are tracking **38,238** residential parcels that the City of Flint has identified as non-vacant (including Franchise). Of those:

- **34,849 (91%)** of the parcels have been engaged (e.g. face to face, left an information card, etc.) as part of response efforts
- **22,939 (60%)** of the parcels have been confirmed to have some form of filter
- **10,723 (28%)** of the parcels have volunteered for water testing sites
- **4,918 (13%)** of the parcels have not had personal contact (not home or did not visit a POD)

We are also tracking that there are 29,994 active water subscribers (metered service lines) in the city. When consolidated down and filtering out only residential there are **26,673** residential parcels that have the ability to use the Flint Water System. Of these

- **25,457 (95%)** of the parcels have been engaged as part of response efforts
- **19,677 (74%)** of the parcels have been confirmed have some form of filter
- **9,561 (36%)** of the parcels have volunteered for water testing
- **3,718 (14%)** of the parcels have not had personal contact (not home or did not visit a POD)

Local EOC

- Planning for transition of operational control to local level.
- Identifying and securing additional warehouse space for donations management.
- Coordinating rapid response deliveries to identified locations.
- Coordinating demobilization of vehicles and technology.
- Working to implement recycling program. Press conference scheduled for 01/28/2016.
- Coordinating in-kind and monetary donations through Michigan Community Service Commission.
- Coordinating volunteer management with Michigan Community Service Commission, ARC and other VOADs.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/26/16 – 22th Day (21th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store, and increase quantities of supplies.
- Increase efficiency of warehouse operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Validate all data from the WRTs/PODs and identify focus areas.

Attached Documents:

- Sit Rep # 21
- Maps:
  - Parcel Contact Status, includes data as of 5 pm today.
    - The first one indicates based upon the outreach that has been conducted, which parcels have had contact with a resident and which parcels have not had any contact with a resident.
  - Parcel Filter Status (Multi-Tenant Excluded), includes GIS data as of 5 pm today.
    - The second map indicates the status of residents that have or have not received a filter.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- We will have 10 ARC, type 5 teams (2-4 personnel).
- Press conference to be held in Flint with the Governor, Mayor and some state agency personnel.

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- We have taken a significant number of paper records from the ARC WRTs so we can get the data entered into our system. MSP HQ staff has been pulled to the SEOC for data entry. These are a portion of the records the ARC had as they were not using the door to door App as directed. This data will further clarify areas covered/not covered by any teams.
- The WRTs are going to "targeted" locations where we are showing residences not contacted.
- We are working on identifying any multi-unit housing to ensure all have filters (e.g. apartment buildings). Some have been taken care of but we are ensuring these locations are not missed.
- Information reported to the JIC:
  - As of 1/26/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Canvass MissionTotal	Targeted Canvassing Mission 1/26/2016
30,770	37,844	3,946	1,350.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	186,309
b. Filters	94,301
c. Filter cartridges	199,489
d. Test kits	29,841

3. Total number of customers on the Flint water system
    a. 29,994 current water system subscribers
    b. ~45,000 hookups (This is our high end target #)
    c. ~39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased*:
    a. Cases of water 146,142 (additional 26,834 donated to the state warehouse and does not include other locations like GCCARD/Food Banks, Churches, etc.)
    b. Filters 154,052
    c. Filter Cartridges 299,508
    d. Test kits 62,701
5. Teams going out tomorrow:
    a. 10 ARC (2-4 people) type 5 teams – Goal tomorrow 100 homes per team

Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/26/16, as of 5 pm, **1,350** homes were visited today.
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: **3,946**
3. **Total number of National Guard on the ground:**
    a. 68
        i. Number in PODs: 58
        ii. Command Cell: 6
        iii. Cyber Mission: 3
4. **Total Number of Volunteers each day:**
    a. 98 volunteers for 1/26/2016.
5. ***Number of homes with filters:**
    a. *18,487 homes had filters, per entered GIS data as of 1/25/2016.*
6. **Number of Water filters distributed (each day and to date):**
    a. 1,091 were distributed on 1/26/2016, and total distributed to date is 94,301.
7. **Cases of Bottle water distributed (each day and to date):**
    a. 7,862 were distributed on 1/26/2016, and total distributed to date is 186,309.
8. **Number of testing kits distributed (each day and to date):**
    a. 403 were distributed on 1/26/2016, and total distributed to date is 29,841.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Per CHECC: People tested for lead 10/1/2015 to 1/8/2016: **2,642**;
    *this data is updated bi-monthly
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC:
        i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: **28**
        ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: **7**
        iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: **15**
    *this data is updated bi-monthly
11. **Number of homes with safe drinking water:**

a. **1,099** homes, per data from September 3, 2015 to January 22, 2016. Note, per MDEQ, this data is from uncontrolled samples provided by residents.

*This is an estimate from Phase I data. We are cleaning up the data to get a more accurate number – Phase II questions were developed to help clean this up.

Local EOC

- Delivered iPads to warehouse and provided on-site training to drivers, followed with written instructions.
- Facilitated recycling planning meeting and planned for implementation of the program.
- Attended local "Pastors and Police" meeting to coordinate water distribution plan with faith-based organizations.
- Planning for a transition of operational control to local level.
- Coordinated the incoming donations of water and filters through the Michigan Community Service Commission.
- Coordinated volunteer management with Michigan Community Service Commission, ARC and other VOADs.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/25/16 – 21th Day (20th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store, and increase quantities of supplies.
- Increase efficiency of warehouse operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Validate all data from the WRTs/PODs and identify focus areas

Attached Documents:

- Sit Rep # 20
- Michigan Department of Health and Human Services Situation Report for January 20, 2016
- Maps:
    - Parcel Contact Status, includes data as of 5 pm today.
        - The first map indicates based upon the outreach that has been conducted, which parcels have had contact with a resident and which parcels have not had any contact with a resident.
    - Parcel Filter Status (Multi-Tenant Excluded), includes GIS data as of 5 pm today.
        - The second map indicates the status of residents that have or have not received a filter.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- We will have 10 ARC, type 5 teams (2-4 personnel).

Items to Note

- 11 ARC Flint Water Response Teams to the field today.
- 8 EPA PIOs will be in the JIC tomorrow. The JIC is unaware of the role or expectations at this time.

- Reference the rash I discussed on the call tonight:
  - There was one specific complaint about rashes that Community Health personnel plan on working with ATSTD/CDC. DEQ is requesting that EPA collect all appropriate water samples to enable a full analysis of the water at the address (an apartment) for bacterial contamination, and a full metals and organics panel. Lead is not associated with skin rashes, but other contaminants are and DEQ wants to find out what, if any, other contaminants are in the water.
  - It was also discussed that it would be ideal if Community Health can forward to the EPA the other addresses and contact information for which they've received complaints of rashes, so that EPA could also test there for appropriate parameters to see if we can identify a cause.
  - SEOC DEQ desk will continue to monitor and work this issue.
- SEOC OPS, Health, MDEQ SEOC, Logistics participated in conference calls with the Governor's office and private partners on potential alternative filtration systems for schools, daycares, etc.
- Created a form for drivers to track rapid response deliveries.
- Media avail at fire station 8 this morning received positive news coverage.
- The NAACP is holding a public meeting at U of M Flint on Tuesday.
- Rachel Maddow will hold a town hall meeting on Wednesday. MSP Third District Commander advised.
- Developed new Incident Action Plan (#7 published in MICIMS) and ICS 204s for the new operational period (1/26/2015-2/2/2016).
- MDOC assumed all warehousing responsibilities today.
- Reviewed state agency financial information received for update to current spend plan.
- Information reported to the JIC:
  - <u>As of 1/25/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)</u>

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Canvassing Mission 1/25/2016
30,770	37,844	2,596 – ARC*

*American Red Cross data has not been entered in the app, but is currently being caught up. Starting January 26, 2016, the American Red Cross has been instructed that iPads must be used in the field for data entry in order to clearly capture the homes that have filters.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	176,118
b. Filters	93,048
c. Filter cartridges	198,552
d. Test kits	29,320

3. Total number of customers on the Flint water system
   a. 29,994 current water system subscribers
   b. ~45,000 hookups (This is our high end target #)
   c. ~39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased*:
   a. Cases of water 141,982 (additional 24,634 donated)
   b. Filters 124,052
   c. Filter Cartridges 285,586
   d. Test kits 62,701

   * Numbers have not been updated due to the following circumstances:
   - Outstanding donations and inventory at the warehouse which has not been reported to the SEOC. Staff in the SEOC is working with donations management and warehouse to reconcile numbers.

- Outstanding data from GCCARD on deliveries from 1/8-1/12. Staff in the SEOC and local EOC is working with GCCARD to obtain data.
- At the beginning of tracking the planning factor used was 72 cases of water per pallet and 22 pallets per semi-truck. Per bill of lading received from the warehouse today, it has been identified that this assumption is not correct. Staff is working to reconcile numbers.

5. Teams going out tomorrow:
    a. 10 ARC (2-4 people) type 5 teams -- Goal tomorrow 100 homes per team

Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/25/16, as of 5 pm, 2,596 homes were visited today.
2. **Total number of homes visited:**
    a. Phase II: 37,844
    b. Targeted Canvassing Mission: 2,596
3. **Total number of National Guard on the ground:**
    a. 65
        i. Number in PODs: 60
        ii. Command and Control Staff for NG Personnel: 5
4. **Total Number of Volunteers each day:**
    a. 135 volunteers for 1/25/2016.
5. ***Number of homes with filters:**
    a. 17,595 homes had filters, per entered GIS data as of 1/22/2016.
6. **Number of Water filters distributed (each day and to date):**
    a. 1,151 were distributed on 1/25/2016, and total distributed to date is 93,048.
7. **Cases of Bottle water distributed (each day and to date):**
    a. 9,514 were distributed on 1/25/2016, and total distributed to date is 176,118.
8. **Number of testing kits distributed (each day and to date):**
    a. 478 were distributed on 1/25/2016, and total distributed to date is 29,320.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Per CHECC: People tested for lead 10/1/2015 to 1/8/2016: **2,642;**
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC:
        i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: **28**
        ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: **7**
        iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: **15**
11. **Number of homes with safe drinking water:**
    a. 1099 homes, per data from September 3, 2015 to January 22, 2016. Note, per MDEQ, this data is from uncontrolled samples provided by residents.

GIS Information

I have had numerous discussions with GIS staff as to getting our data validated and as close to final as possible. We are tracking 38,144 residential properties within the city (noting large apartment complexes are classified as commercial so they are not a part of this). Of these:

- 34,318 have been engaged by Flint Water Response Teams and PODs (90%) - The remaining 10% is going to be a focus for the teams in the near future
- 23,281 have led to a direct citizen engagement (61%)
- 5,173 were not home during any attempt to visit and have not been recorded as having visited a POD (14%)
- 5,864 of the properties the teams visited were vacant or destroyed (15%)

Additionally, we have been tracking the status of "Active Water Subscribers" from the Flint Department of Public Works. These are residential properties which have meters put on the homes by the city. Of the total 29,994 subscribers citywide, 26,673 have been confirmed as being on residential parcels. Of the 26,673:

- 18,487 Have been confirmed as having received a filter by the Flint Water Response Teams or PODs (69%)
- 3,928 Were not home when visited (15%)
- The remaining 16% we have no data to confirm or deny whether they have a filter

Of special significance from the water subscriber data is that the old lead maps that we are digitizing from the Flint Water Department contain 993 suspected homes with lead lines in them. Of these only 659 have received a filter.

It is significant to note that we are continuing to receive paper forms from the field and processing them. The ARC and volunteers were specifically told to use the App and we provided Ipads but tonight I was told this was not being done by everyone which has caused us some lags in data. This is likely improve the overall numbers as we process historic records (ARC had ~7,000 of these records).

It cannot be reiterated enough that data is still coming in and we are still actively cleansing it.

Local EOC

Operations:

- Coordinated with Foodbank of Eastern Michigan for issuing of Resource Request.
- Coordinating and following up on vehicle demobilization.
- Facilitated rapid response deliveries to special locations.
- Finalizing components of recycling program.
- Received authorization to operate bottle collections for recycling at Fire Station 1 and 5 PODs.
- Initiated activities to plan for inclusion of institution sampling (schools, daycares, nursing homes, etc.) in Genesee County EOC IAP.
- Coordinating volunteer management with Michigan Community Service Commission.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/24/16 – 20th Day (19th Full Day) After Governor's Declaration of an Emergency

I have asked state agency SEMCs to archive their SitRep items so you only have current operational period information in the SitRep Agency Summaries. Director Creagh added to daily report.

Mission focus for the day:

- Receive, store, and increase quantities of supplies.
- Increase efficiency of warehouse operations.
- Continue door to door/Flint Water Response Teams (FWRTs).
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.

Attached Documents:

- Situation Report # 19

- Maps:
  - Parcel Contact Status, includes data as of 5 pm today.
    - The first one indicates based upon the outreach that has been conducted, which parcels have we had contact with a resident and which parcels have not had any contact with a resident.
  - Parcel Filter Status (Multi-Tenant Excluded), includes GIS data as of 5 pm today.
    - The second map indicates the status of residents that have or have not received a filter.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- We will have 10 ARC, type 5 teams (2-4 personnel).
- WRTs with NG personnel are transitioning out. No field teams. NG will continue to staff the PODs.
- Tony Katarsky will be acting SEOC State Director. Capt. Kelenske not in the SEOC - available by phone (in the Holland MI area).

Items to Note

- Deployed 15 National Guard/state/local teams and 19 ARC Flint Water Response Teams to the field today.
- JIC was operational with limited staff out of the SEOC today. Co-located JIC in Flint will be back and operational tomorrow.
- SEOC Logistics worked with MDOC on warehouse management transition.
- Recovery Branch began demobilization of trucks and vans.
- Demobilization of National Guard Water Response Teams will be effective as of Monday, January 25.
- School for the Deaf
  - As of 1/23/16: LARA and DEQ teams on site; water testing complete in school building and LRC dorm. Stevens Hall will be tested when landlord finishes upgrades.
  - As of 1/23/16: all water faucets replaced in Stevens Hall. 3 new drinking fountains on order; expected mid-week. Once fountains are installed, Stevens Hall will be scheduled for water testing.
- SEOC Finance Donations Management team to obtain list of donors and donations for FEMA request.
- SEOC Planning Section worked on burn rate data from FWRT and PODS for FEMA request.
- GIS continued to clean up V2 Dataset (patched approximately 1000 records).
- GIS coordinated with the DEQ to transfer lead service line mapping to their GIS department tomorrow. Wall maps showing known lead service lines based off of geographical locations and zip codes provided for Chief Hagler, SEOC DEQ staff and Director Creagh.
- Out of 37,003 homes visited, 5,660 were not home/did not answer. The number of homes visited is lower than the Phase II number as some duplicate contacts at addresses were eliminated.
- Information reported to the JIC:
  - As of 1/24/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	1/24/2016
30,770	37,844	7,012 National Guard/State/Local 4,132 ARC

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	164,991
b. Filters	91,763
c. Filter cartridges	197,775

d. Test kits	28,763

3. Total number of customers on the Flint water system
    a. 29,944 current water system subscribers
    b. ~45,000 hookups (This is our high end target #)
    c. ~39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased:
    a. Cases of water 141,982 (additional 24,634 donated)
    b. Filters 124,052
    c. Filter Cartridges 285,586
    d. Test kits 62,701

5. Teams going out tomorrow:
    a. 10 ARC (2-4 people) type 5 teams -- Goal tomorrow 100 homes per team

Additional Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/24/16, as of 5 pm, 11,144 homes were visited today
2. **Total number of homes visited:**
    a. Phase II: 37,844
3. **Total number of National Guard on the ground:**
    a. 276
        i. Number in PODs: 65
        ii. Number on Cyber Mission: 3
        iii. Number with FWRTs: 185
        iv. Command and Control Staff for NG Personnel: 23
4. **Total Number of Volunteers each day:**
    a. 315 volunteers for 1/24/2016.
5. ***Number of homes with filters:**
    a. 17,595 homes had filters, per entered GIS data as of 1/22/2016.
6. **Number of Water filters distributed (each day and to date):**
    a. 4,920 were distributed on 1/24/2016, and total distributed to date is 91,763.
7. **Cases of Bottle water distributed (each day and to date):**
    a. 16,125 were distributed on 1/24/2016, and total distributed to date is 164,991.
8. **Number of testing kits distributed (each day and to date):**
    a. 3,177 were distributed on 1/24/2016, and total distributed to date is 28,763.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Unknown at this time, CHECC will begin providing numbers on 1/25/2016.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Unknown at this time, CHECC will begin providing numbers on 1/25/2016.
11. **Number of homes with safe drinking water:**
    a. 577 homes, per data from September 3, 2015 to January 20, 2016. Note, per MDEQ, this data is from ***uncontrolled samples*** *provided by residents.*

*This is an estimate from Phase I data. We are cleaning up the data to get a more accurate number – Phase II questions were developed to help clean this up.

Local EOC

Operations:

- Distribution of supplies at five water resource sites in the City of Flint.

- Door-to-door distribution of supplies with 34 water response teams (19 ARC volunteer teams, 15 MSP/GCSO/NG teams).
- Facilitating rapid response deliveries to homebound residents and special locations by three teams staffed by Team Rubicon, and Lt. de Castro (MSP/EMHSD).
- Improved logistics for rapid response teams by providing transportation and iPads starting on 01/25/2016.
- Coordinated with ARC for distribution of additional iPads for data entry.
- Identified alternative warehouse locations for lose donations.
- Directed volunteer requests to appropriate state agencies.
- Started coordination for resource demobilization.
- Coordinated with 22 churches so they had water, filters, etc. Delivered Saturday. Some advised they were set with supplies. Lt. Roach (MSP District Coordinator will maintain contact with Pastors).

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/23/16 – 19h Day (18th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Increase efficiency of warehouse operations
- Continue door to door/Flint Water Response Teams (FWRTs)
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs

Attached Documents:

- SitRep 18

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- We will have 15 National Guard/state/local agency, type 3 teams (6-9 personnel).
- We will have 40 ARC, type 5 teams (2-4 personnel).

Items to Note

- Deployed 15 state/local teams and 40 ARC Flint Water Response Teams to the field today.
- Created a media monitoring report and looked for misinformation. A call was made to WILX to amend their article that implied that the State was not distributing water to undocumented immigrants. The news release was also sent to WILX about how the State is not requiring identification to receive water resources.
- SEOC Logistics worked on future resource planning and a local business commodity supply plan.
- Drafted talking points for Monday's press conference with Governor Snyder, Colonel Etue, and the Mayor.
- Put in place a place to control POD distribution as much as possible. SKU numbers are being lined out on commodities to prevent or minimize returns for cash.
- Information reported to the JIC:

- As of 1/23/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

To Date	1/23/2016
37,943	6,323 National Guard 7,361 ARC

2. Distributed: Includes outstanding data from yesterday- PODs after 5 pm, ARC worksheets and local EOC hotshots

Commodity	Total to Date
a. Number of cases of water	148,866
b. Filters	86,843
c. Filter cartridges	194,622
d. Test kits	25,586

3. Total number of customers on the Flint water system
   a. 29,944 paying customers
   b. ~45,000 hookups (This is our high end target #)
   c. ~39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased:
   a. Cases of water 133,662 (additional 24,634 donated)
   b. Filters 115,700
   c. Filter Cartridges 266,200
   d. Test kits 61,161

5. Teams going out tomorrow:
   a. 15 National Guard State (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
   b. 40 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

Local EOC

Operations:

- Worked to identify all vulnerable populations to help streamline Hot Shot/Rapid Response Team process.
- Working on plan for church water distribution and POD locations.
- Looking at possible alternative locations for PODs in difficult traffic areas. The city identified some but they are just as bad as the current ones.
- Working on finalizing a recycling plan for the incident.
- Lt. Roach sent up the church information to Tom Webber. She also received one church site that will act as a potential church mega site.
- SEOC GIS to provide a layer for the vulnerable populations so that Team Rubicon can get to them and track in the iPad.

New Standing Information Requirements

1. **Number of homes visited each day:**
   a. 1/23/16, As of 5 pm, 13,684 homes were visited today
2. **Total number of homes visited:**
   a. 37,943, does include duplicate counts from the second canvasing
3. **Total number of National Guard on the ground:**
   a. 276
4. **Total Number of Volunteers each day:**
   a. 310 volunteers for 1/23/2016

5. **Number of homes with filters:**
    a. 17,595 homes had filters, per entered GIS data as of 1/22/2016,
6. **Number of Water filters distributed (each day and to date):**
    a. 4,156 were distributed on 1/23/2016, and total distributed to date is 86,843
7. **Cases of Bottle water distributed (each day and to date):**
    a. 27,462 were distributed on 1/23/2016, and total distributed to date is 148,866
8. **Number of testing kits distributed (each day and to date):**
    a. 2,171 were distributed on 1/23/2016, and total distributed to date is 25,586
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Unknown at this time until we get the data
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Unknown at this time until we get the data
11. **Number of homes with safe drinking water (Not sure whether it's possible right now to provide this *number*):**
    a. Unknown at this time

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/22/16 – 18h Day (17th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Increase efficiency of warehouse operations
- Continue door to door/Flint Water Response Teams (FWRTs)
- Plan for next phase with MSP and NG personnel
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration
- Work with HHS personnel to ensure they have all items needed for operations

Attached Documents:

- SitRep # 17
- Briefing provided to the HHS Undersecretary by FEMA (due to time only finished 75%)

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- 15 National Guard/State/Local (6-9 folks) type 3 teams
- 40 ARC (2-4 folks) type 5 teams
- Deliveries going out to all churches on our list we have been working with (21) for Sunday services.
- I will not be in the SEOC Saturday. Tony Katarsky will be the acting SEOC state director. I will be available by phone (wrestling meet).
- Sunday, Lt. Mike Johnson will be acting SEOC state director but I may be in for some of the day.
- Monday I am out on a college visit with my son...I will be available by phone and Tony will again be acting.

Items to Note

- Deployed 15 state/local teams and 15 ARC Flint Water Response Teams to the field today.
- SEOC Operations worked on getting local contact into the JIC along with developing messaging for resources and donations.
- SEOC Planning worked on the further development of long term strategy.
- Recovery branch continued coordination with Red Cross on volunteers and the Michigan National Guard for Friday and Saturday.
- SEOC logistics worked with FEMA/DHHS on warehouse tracking status/strategy, coordinated resources, and donations management.
- Have had a number of media request concerning resources for immigrants and population less proficient in English. Clarified with a news release that we are not requiring ID but we are asking for addresses to assist with long term recovery. Nobody will be denied resources if they fail to provide us an address.
- *Have received numerous inquiries from celebrities on how they can assist and donate.*
- We are validating a lot of data but what we have currently is 38,144 parcels in Flint that are not considered "vacant". This does not mean all parcels have a tenant, there are a lot of houses that are empty.
    - 26,673 water subscribers in Flint (not including franchise).
        - Water Subscribers with a Filter = 15,399 (57.7%)
        - Water Subscribers without a Filter = 11,274 (42.2%)
            - With our second pass we are getting more information as to why people do not have a filter. Looking into whether these include homes connected but nobody currently living there. We are refining the data.
    - 11,471 Non-Water Subscribers in Flint.
        - Non Water Subscribers with a Filter = 2,196 (19%)
        - Non Water Subscribers without a Filter = 9,275 (81%)
    - The SEOC Ops Chief has been directed to firm up all numbers with GIS. We have a GIS specialist from FEMA Region V also deployed to the SEOC to assist. ArcGIS has advised us that the amount of data we have collected is more than some major disasters in other states. We are looking into getting their personnel more engaged to ensure we are using all the tools available for analysis.
- SEOC Finance Chief is working on costs to date and all SEMCs were advised to tighten up their records and ensure we have accountability of all costs.
- Information reported to the JIC:

    - <u>As of 1/22/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)</u>

1. Homes visited by the FWRTs to date.

To Date	1/22/2016
37,697	5,920

2. Distributed: Includes outstanding data from yesterday (PODs after 5 pm, ARC worksheets and local EOC hotshots.)

Commodity	Total to Date
a. Number of cases of water	121,404
b. Filters	82,687
c. Filter cartridges	191,704
d. Test kits	23,415

3. Resources purchased:
    a. Cases of water 130,782 (additional 21,682 donated)
    b. Filters 115,700
    c. Filter Cartridges 266,200
    d. Test kits 61,161

4. Teams going out tomorrow:
    a. 15 National Guard State (6-9 folks) type 3 teams – Goal tomorrow 300 homes per team
    b. 40 ARC (2-4 folks) type 5 teams -- Goal tomorrow 100 homes per team

Local EOC

Operations:

- Worked to identify all vulnerable populations to help streamline Hot Shot process.
- Working on plan for church water distribution and POD locations.
- Looking at possible alternative locations for PODs in difficult traffic areas.
    - Working on finding a new POD for 3 and 6. We are aware that the mayor would need to approve this.
- Coordinated water donations and delivery areas.
- Last minute large donations of water and volunteers expected during the weekend.
- Working on finalizing a recycling plan for the incident.
- The Jail water has been tested and is fine. The prisoners are not being poisoned and the local health department is working on clearing this issue up.
- Working on a plan with the churches to have 4 mega sites for churches (N,E,S,W) and have smaller churches work through these sites to get supplies. Churches are interested in the recycling program, putting information in their bulletins and also used a collection sites.
- Team Rubicon is coming tomorrow to assist with home deliveries.
- Continuing with recycling plan. Need to identify sites with city. Local EOC has visited areas with the local contractor.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/21/16 – 17^{h} Day (16th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Increase efficiency of warehouse operations
- Continue to implement the logistics plan and adjust as needed
- Continue door to door/Flint Water Response Teams (FWRTs) - "Phase II"
- Plan for next phase with MSP and NG personnel for Governor approval – "Phase III"
- Prepare for appeal on denial of Category B under the Presidential Emergency Declaration
- Work with HHS personnel to ensure they have all items needed for operations

Attached Documents:

- SitRep 16
- Draft Water Operations Plan for moving to next phases (Discussion document)
- Resident Water Sample Results Map (Not for public distribution)
- January 13-19 comparison map

Status on Governor's request letter to the President

- Emergency declaration received. Pending decision of Major Disaster appeal and any denials under the Emergency Declaration (e.g. Category B). We have not been denied category B yet ... POTUS/FEMA has not given it to us though. I believe we may get a denial of category B in conjunction with the Major Disaster appeal decision. We will have 30 days to appeal.

- Category B is critical in that it is for Emergency Protective Measures which includes (but is not limited to EOC related costs, supplies and commodities, safety inspections, and in limited circumstances "water testing and treatment supplies in the immediate aftermath of the incident to counter a specific threat." We purposely put our start date of this incident to be April 25, 2014 in hopes we get category B and could get 75% federal funds for many other costs all the way back to 2014 – long shot but would be huge if we land this.

Key items for tomorrow to note are:

- The logistics plan will be fully executed tomorrow with all teams.
  - We will have 18 National Guard/state/local agency, type 3 teams (6-9 personnel), with a goal of 300 homes per team.
  - We will have 15 ARC, type 5 teams (2-4 personnel), with a goal of 100 homes per team.

Items to Note

- We are using the terms Phase II, Phase III, etc. These are for internal discussion for planning and not meant for public dissemination at this time unless it is determined to be beneficial.
- The draft operations plan (attached) was completed in conjunction with MSP and NG personnel to initiate discussion on our next steps as to WRTs and PODs.
- The WH issued a statement that $80 million dollars in aid to MI mostly to repair Flint water infrastructure. We do not have additional information on this. This may be existing federal funds provided to MI that is just being opened up for other use. FEMA does not have any information on this.
- We have been advised we exceeded the $5 million under the emergency declaration. We are at $7.6 million.
- FEMA has advised that any donated items can be used to offset the state cost share. We are working on the mechanism with FEMA to do this.
- Deployed 18 state/local teams and 10 ARC Flint Water Response Teams to the field today.
- SEOC logistics worked to project future orders of water resources and commodities.
- Released updated JIC map at 1800 displaying updated field team activity and integrating historic paper records that have been entered into the tracking system for field team activity.
- DEQ test kits are only being provided to those who ask for them.
- I made contact with Senator Ananich aid, Julie Townsend, who was a POC for his volunteers. They are set to work next week on the 30th.
- MDOT met with city personnel to look at Station 6 POD and other PODs to see how traffic flow can be facilitated and safety increased. Additional report out due 1/22.
- A request from MSP MC3 for NG Cyber personnel (3 at $32,000 for 30 days or less) was initiated. This is to assist with the cyber attacks that have occurred/future attacks related to Flint Water. PENDING APPROVAL. NG advised this would have to be funded with existing funds at this time and to make adjustments.
- MDARD Food Program staff have completed assessments of all 21 food businesses (including restaurants) that were located in the highest risk area. In addition, they have completed assessments at 34 food businesses in the medium risk area, and have scheduled 28 appointments to collect water samples.
- Dr. Nicole Lurie, the Assistant Secretary for Preparedness and Response from the US Department of Health and Human Services (HHS), in addition to the HHS Regional Coordinator and other CDC staff, visited the CHECC and SEOC this morning and provided commentary to CHECC and SEOC staff/EMCs. She also attended a briefing from FEMA before departing to visit Flint.
- Parents of boarding students at the Michigan School for the Deaf were notified of the elevated lead results in Stevens Hall. All fixtures in the dormitory are scheduled to be replaced by January 24, 2016. Lt Gov. has scheduled visit on January 25.
- Valley Area Agency on Aging (VAAA) continues to take calls from seniors and caregivers needing access to water and filters. VAAA is providing this information to the local EOC each afternoon for follow-up.
- Information reported to the JIC:

  - As of 1/21/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase 1	Phase 2
30,770	5,409

2. Distributed: Includes outstanding data from yesterday - PODs after 5 pm, ARC worksheets and local EOC hotshots.

Commodity	Phase 1	Phase 2	Total to Date
a. Number of cases of water	94,688	10,403	105,091
b. Filters	77,215	2,356	79,571
c. Filter cartridges	188,389	1,039	189,428
d. Test kits	20,037	1,588	21,625

3. Total number of customers on the Flint water system
    a. 29,944 paying customers
    b. ~45,000 hookups (This is our high end target #)
    c. ~39,000 includes apartment complexes/multi family (The is the low end target #)

4. Resources purchased:
    a. Cases of water 124,398 (additional 20,098 donated)
    b. Filters 115,700
    c. Filter cartridges 243,200
    d. Test kits 61,161

5. Teams going out tomorrow:
    a. 18 National Guard/State/Local (6-9 folks) type 3 teams -- Goal tomorrow 300 homes per team
    b. 15 ARC (2-4 folks) type 5 teams -- Goal tomorrow 100 homes per team

Local EOC

• Attended ARC meeting with VOADs to discuss volunteer management and strategies.
• Attended meeting with Plumbers and Pipefitters Union to assess the need for long term cooperation for filter installation and fixture
replacement.
• Requested and received confirmation of deployment of Team Rubicon (starting on 01/23/2016).
• Facilitated Flint & Genesee Chamber of Commerce representation at the EOC.
• Addressed security issues at Fire Station 3, 6 and 8 PODs (residents concerned about criminal activity).
• Coordinating with SEOC Logistics to receive information on purchasing strategy and volumes for filter equipment.
• Met with Genesee County Planning Commission, United Way of Genesee County and Michigan Community Service Commission to clarify
recycling plans and potential volunteer utilization.
• Coordinated and verified deliveries of supplies to apartment complexes.
• Identified potential locations for recycling stations.

Chris

Update 1/20/16 – 16th Day (15th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Increase efficiency of warehouse operations
- Continue to implement the logistics plan and adjust as needed
- Continue door to door/Flint Water Response Teams (FWRTs)
- Prepare for second phase of door to door operations
- Submitted appeal to FEMA Region V
- Prepare for appeal on denial of Category B under the Presidential Emergency Declaration

Attached Documents:

- SitRep 16

Status on Governor's request letter to the President:

- Emergency declaration received.

Key items for tomorrow to note are:

- Five copies of the State/FEMA agreement will need to be signed by the Governor. Capt. Kelenske has them and will coordinate delivery.
- The logistics plan will be fully executed tomorrow with all teams.
    - We will have 18 National Guard (MSP supported), type 3 teams (6-9 personnel), with a goal of 300 homes per team.
    - We will have 10 ARC, type 5 teams (2-4 personnel), with a goal of 100 homes per team.
- Dr. Luri from HHS will be at the SEOC ~10:00 p.m.
- A second phase is starting tomorrow which will include more refined questions as to type of filter systems each person has. This will assist with sustainment operations.
- DOC prison work crew personnel (6-7) will be at the warehouse to keep the area clean. A lot of trash is generated in the warehouse and was becoming an issue.

Items to Note

- Deployed 10 state/local (NG, MSP, Local) teams and 10 ARC Flint Water Response Teams to the field today.
- MSP and local Sheriff's Department continue to provide over watch for WRTs.
- Aqua Hydrate contacted me to donate 5000 cases a month (4 semis) for a year. I was advised by Lindon Nelson this was a Governor/Mayor/Senator Ananich and Meekhof initiative and a press release was going to go out soon (TBD). Logistics is following up with them.
- News release sent from Governor's office about the appeal to the President of the disaster declaration.
- SEOC Logistics worked with JIC and Governor's office to establish a business resource submission tab on www.helpforflint.com
- SEOC Operations continued to develop and finalize Phase 2 canvassing roll out.
- Meeting held with Dr. Luri from HHS.
- Capt. Kelenske and other state agency financial personnel attended the appropriations hearing.
- End of day – concerns with the mass amounts of volunteers showing up and wanting to help. This can cause logistical issues but staff was working to get additional tasks for volunteers outside of the WRTs. We will continue to work on ways to involve more volunteers.
- Additional 5 person NG team for warehouse support approved.
- Information reported to the JIC:

    - As of 1/20/16 as of 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. 29,317 homes visited by the FWRTs to date.

    2. Distributed: Includes outstanding hard copy data from yesterday (PODs after 5 pm, ARC worksheets and local EOC hotshots).

a. Number of cases of water 90,337
b. Filters 73,229
c. Filter cartridges 185,852
d. Test kits 19,866

3. Total number of customers on the Flint water system
   a. 29,944 paying customers
   b. 45,000 hookups (This is our high end target #)
   c. 39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased:
   a. Cases of water 111,630 (additional 18,502 donated)
   b. Filters 115,700
   c. Filter cartridges 243,200
   d. Test kits 61,161

5. Teams going out tomorrow:
   a. 18 National Guard (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
   b. 10 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

Local EOC

Operations:

- Addressed reports of water contamination in distributed bottled and canned water. Confirmed that water is safe to drink through testing by MDEQ. Coordinating with JIC and MDEQ for improved public information on the issue.
- Identifying options to reroute unsolicited offers for supplies and services outside of the EOC. Coordinating to set up 800 number.
- Attended meeting with Flint & Genesee Chamber of Commerce to discuss coordination of efforts, representation at EOC, and improved messaging.
- Attended meeting with Community Foundation of Greater Flint to discuss coordination of neighborhood groups and improved messaging.
- Coordinated with MDARD to provide additional lead testing at restaurants, and signage for safe locations.
- Coordinating with SEOC Logistics to receive information on purchasing strategy and volumes for filter equipment
- Coordinated and verified deliveries of supplies to apartment complexes.
- Discussed logistics requirements of delivery requests for homebound residents with SEOC Logistics.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/19/16 – 15th Day (14th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Increase efficiency of warehouse operations
- Continue to implement the logistics plan and adjust as needed
- Continue door to door/Flint Water Response Teams (FWRTs)
- Prepare for possible surge in FWRTs utilizing NG personnel
- Prepare plans for next phase of operation – Second sweep of city

Attached Documents:

- SitRep 14

Status on Governor's request letter to the President:

- Emergency declaration received.
- Appeal letter pending.

Key items for tomorrow to note are:

- The logistics plan will be fully executed tomorrow with all teams.
    - We will have 9 National Guard, type 3 teams (6-9 personnel), with a goal of 300 homes per team.
    - We will have 10 ARC, type 5 teams (2-4 personnel), with a goal of 100 homes per team.

Items to Note

- Deployed 5 state/local teams and 11 ARC Flint Water Response Teams to the field today.
- Messaging being developed for concerns regarding the Total Dissolved Solids (TDS) meters and citizens' concerns with those meters indicating "lead" in bottled water. Testing of water to be done by DEQ to ensure we have solid messaging.
- DTMB is working to secure space in Flint for FEMA staff.
- Press release went out this afternoon to announce that the US Department of Health and Human Services will lead the federal response in Flint. Capt. Kelenske to meet with Dr. Nicole Lurie, HHS Assistant Secretary for Preparedness and Response (ASPR), on Thursday. The goal of the federal response will be to help state and local leaders identify the size and scope of the problem, and work with them to make and execute a plan for mitigation of the short- and long-term health effects of lead exposure.
- 5 Additional NG personnel being requested to assist with Warehouse inventories.
- 100 NG personnel on the ground with the WRTs tomorrow with 100 more transitioning in.
- Released updated JIC map at 1800 displaying updated field team activity and integrating historic paper records that have been entered into the tracking system for field team activity.
- LG is going to be in Flint working at one of the PODs on Wednesday.
- Information reported to the JIC:

    - As of 1/19/16 as of 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. 22,129 homes visited by the FWRTs to date.

2. Distributed: Includes outstanding data from yesterday - PODs after 5 pm, ARC worksheets and local EOC hotshots.
    a. Number of cases of water 77,794
    b. Filters 69,730
    c. Filter cartridges 184,457
    d. Test kits 16,671

3. Total number of customers on the Flint water system
    a. 29,944 paying customers
    b. 45,000 hookups (This is our high end target #)
    c. 39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased:
    a. Cases of water 95,760 (additional 16,056 donated)
    b. Filters 115,700
    c. Filter cartridges 243,200
    d. Test kits 61,161

5. Teams going out tomorrow:
    a. 9 National Guard (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
    b. 10 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

Local EOC

Operations:

- Attended public health group meeting with GCHD, City of Flint Water Department and MDEQ to discuss water test information being returned to residents, to allow residents a greater understanding of results.
- Attended recycling/trash management group meeting with DEQ, Republic Services, Keep Genesee County Beautiful and Genesee County Planning Commission. Provided projections on current and anticipated bottle distributions.
- Coordinated deliveries of supplies to faith-based organizations, apartment complexes and homebound residents
- Coordinated with Comcast to set up locations for distribution of filters (distributed 60 filters on 01/19/2016).

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/18/16 – 14th Day (13th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Continue to implement the logistics plan and adjust as needed
- Continue door to door/Flint Water Response Teams (FWRTs) and PODs
- Prepare for possible surge in FWRTs utilizing NG personnel
- Work to bring FEMA IMAT personnel up to date following the Presidential Emergency declaration.
- Complete appeal for Presidential Major Disaster Declaration denial.

Attached Documents:

- SitRep 13
- Side by side comparison of homes with filters January 13th compared to January 18th. This should be hitting the media tonight. This took longer to create than I wanted but is the image I have wanted to show progress of getting filters in to the field.

Status on Governor's request letter to the President:

- Appeal in process.

Key items for tomorrow to note are:

- The logistics plan will be fully executed tomorrow with all teams.
    - We will have 5-6 state/local agency, type 3 teams (6-9 personnel), with a goal of 300 homes per team.
    - We will have 10 ARC, type 5 teams (2-4 personnel), with a goal of 100 homes per team.
    - NG will be bringing in personnel to prep for surge.

Items to Note

- Beginning tomorrow the operational periods will be 7 days long.
- The CDC/ATSDR (Agency for Toxic Substances Disease Registry) has deployed a team to Michigan.
- An Arabic version of the palm card was reviewed and approved. This was developed via Arab American and Chaldean Council.

- Deployed 12 state/local teams and 10 ARC Flint Water Response Teams to the field today.
- DTMB is working to secure space in Flint for FEMA staff.
- Cost analysis to investigate if it would be more cost effective for FEMA to purchase water vs the SOM.
- ARC news release concerning the Volunteer Reception Center (VRC) sent out today.
- Media availability conducted today at 3pm at the VRC.
- Since 1/14/16 Michigan 2-1-1 has received three direct reports of bottled water testing positive for lead. DHHS SEOC Desk and DEQ SEOC Desk was able to contact two of the callers. The Zero Water filter (pitcher) has a handheld test device so people know when to change the filter. This TDS Meter measures dissolved solids (it is not a lead test). This was explained and we are going to work on messaging to ensure this does not cause issues. Dissolved solids are in all water. The water from the callers is going to be tested and a case of water from one of the companies will also be sent to DEQ for testing. Brands are Spartan Spring Water and Canned Water for Kids. The filter company is also going to work on messaging and work with us on this matter.
- Information reported to the JIC:

    - <u>As of 1/17/16 as of 5 pm (start date was Tuesday, 1/12/16)</u>

1. 21,393 homes visited by the FWRTs to date.

    2. Distributed:
        a. Number of cases of water 37,313
        b. Filters 53,713
        c. Filter cartridges 169,520
        d. Test kits 7,379

    3. Total number of customers on the Flint water system
        a. 29,944 paying customers
        b. 45,000 hookups (This is our high end target #)
        c. 39,000 includes apartment complexes (The is the low end target #)

    4. Resources purchased:
        a. Cases of water 82,992 (additional 16,056 donated)
        b. Filters 115,700
        c. Filter cartridges 243,200
        d. Test kits 61,161

    5. Teams going out tomorrow:
        a. 5-6 State (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
        b. 10 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

<u>Local EOC</u>
Operations:

- Continuing to work with faith based organization to distribute resources.
- Working with colleges to obtain volunteers for canvassing.

Chris

<u>Update 1/17/16 – 13th Day (12th Full Day) After Governor's Declaration of an Emergency</u>

<u>Mission focus for the day:</u>

- Receive, store and increase quantities of supplies
- Continue to implement the logistics plan and adjust as needed

- Continue door to door/Flint Water Response Teams (FWRTs), PODs
- Prepare for possible surge in FWRTs utilizing NG personnel
- Work to bring FEMA IMAT personnel up to date following the Presidential Emergency declaration.

Attached Documents:

- SitRep 12

Status on Governor's request letter to the President:

- Emergency declaration received.
  - Limited to direct assistance so we will need to ask for the Individual Housing Program but that is something I will work on with FEMA.
- Major disaster declaration denied. The appeal is being developed with a draft to Paul Smith by later afternoon 1/18/16.

Key items for tomorrow to note are:

- The logistics plan will be fully executed tomorrow with all teams.
  - We will have 12 state agency, type 3 teams (6-9 personnel), with a goal of 300 homes per team.
  - We will have 12 ARC, type 5 teams (2-4 personnel), with a goal of 100 homes per team.

Items to Note

- Deployed 11 state/local teams and 10 ARC Flint Water Response Teams to the field today.
  - 4,963 homes visited today.
- DTMB is working with DSEMIC and NC3 to monitor social media for information on cyber-attack yesterday.

01/16/16

- Approximately 5:00PM, Michigan.gov began to experience slowness in web page load time. Approximately 10 minutes later the Michigan.gov site became inaccessible caused by of a denial of service attack.
- IBM team was able to implement a mitigation strategy to stop the attack that began at 5:00PM. At 6:24PM the michigan.gov websites were again available to the public.
- Approximately 7:30PM, a new attack was initiated on the michigan.gov environment. The attack focused on the DNS servers and resulted in michigan.gov becoming inaccessible. Additionally, due to the nature of the attack other IBM customers were affected as well. IBM was able to implement a new mitigation strategy that resulted in the excessive traffic being blocked. At 7:53PM the websites were restored to normal operation.
- Shortly after the michigan.gov websites were restored, the State of Michigan was notified by our internet service providers that a DDoS attempt was made against our SOM DTMB servers in the external DMZ. Once detected, this attack was blocked and Michigan Cyber Security saw no signs of any other types of attacks.

01/17/16

- Genesee County was unable to access MiCIMS due to the State increasing filters. Michigan Cyber Security made adjustments to filter settings and their access to MiCIMS was restored.
- DTMB reached out to the City of Flint CTO, Paul Knific, offering any support they need. Right now they feel they have bigger issues than trying to get some of the things back online.

We currently do not have any additional information on the attacks on the City of Flint (cityofflint.com) or Flint Township Police (flinttownshippolice.org) websites. We'll continue to pass information along as we receive it.

- Information reported to the JIC:
  - As of 1/17/16 as of 7pm (start date was Tuesday, 1/12/16)

1. 16,353 homes visited by the FWRTs to date. We believe we have ~24,000 homes with filters; still trying to validate. This is from the data we received from prior to the SEOC activation (trying to validate the data) plus the PODs and door to door operations since activation.

2. Distributed:
    a. Number of cases of water 27,195
    b. Filters 50,432
    c. Filter cartridges 168,605
    d. Test kits 4,861

3. Total number of customers on the Flint water system
    a. 29,944 paying customers
    b. 45,000 hookups (This is our high end target #)
    c. 39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased:
    a. Cases of water 57,456 (additional 12,884 donated)
    b. Filters 108,520
    c. Filter cartridges 239,081
    d. Test kits 28,901

5. Teams going out tomorrow:
    a. 12 State (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
    b. 12 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

Local EOC

Operations:

- Facilitated activation of the Genesee County/Genesee Health System MOU for mental health services.
- Coordinated supplies for distribution to students at the U of M Flint campus.
- Still concerned about people going to every fire station and collecting water/filters.
- Coordinated trash pickup at Fire Station PODs with the City Liaison officer.
- Coordinated hotshot deliveries of supplies to home bound population.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/16/16 – 12th Day (11th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Continue to implement the logistics plan and adjust as needed
- Continue door to door/Flint Water Response Teams (FWRTs)
- Prepare for possible surge in FWRTs utilizing NG personnel
- Work with FEMA personnel to prepare for engagement following the Presidential Emergency declaration

Attached Documents:

- SitRep 11

Status on Governor's request letter to the President:

- Emergency declaration received. Federal Coordinating Officer (FCO) is David Samaneigo (Sam) who has been my LNO from FEMA. We began discussions on a transition to FEMA support last night. His team is headed to MI at this time and we will have our first coordination meeting on Sunday.
- The request for a Declaration of a Major Disaster was denied. FEMA advised this event does not fit the legal definition of a major disaster (natural incident or fire, flood, or explosion). This information has been provided since prior to the event to elected officials in Flint and the legislature. We are reviewing the chances for an appeal and I have already discussed this with the FCO.

Key items for tomorrow to note:

- The logistics plan will be fully executed tomorrow with all teams.
  - We will have 10 state agency, type 3 teams (6-9 personnel), with a goal of 300 homes per team.
  - We will have 10 ARC, type 5 teams (2-4 personnel), with a goal of 100 homes per team.
- I will be back on duty Sunday.
- We have been working with some of the churches. Contact was made with 14 churches for Sunday distributions. Interaction with the pastors has been very positive.
- A logistics briefing will be provided to see how many more teams we can put in the field.

Items to Note

- LT Gov visited the local EOC today; discussed local EOC operations.
- Deployed 11 state teams and 10 ARC Flint Water Response Teams to the field today.
- DEQ sampling kits are now being received at the PODs.
- DEQ sampled two Head Start facilities and worked with GIS to obtain future sample sites.
- The Freeman School pilot was delayed due to some parts not arriving as scheduled. Testing was to be done Sunday but may not occur until Monday.
- NG will have a total of 78 personnel in the PODs for distribution. Mission has not changed.
  - 34 NG soldiers have been in the PODS. 38 more processing in tomorrow with start date of 1/18 in the PODS. The TAG and I will be discussing future use of NG personnel door to door next week.
- Information reported to the JIC:
  - As of 1/16/16 7pm (start date was Tuesday, 1/12/16)

1. 11,324 homes visited by the FWRTs to date. *We believe we have ~24,000 homes with filters; still trying to* validate. This is from the data we received prior to the SEOC activation plus the PODs and door to door operations since activation. 3,850 homes were visited today (4,000 was the goal).

2. Distributed:
   a. Number of cases of water 20,876
   b. Filters 47,935
   c. Filter cartridges 167,401
   d. Test kits 3,322

3. Total number of customers on the Flint water system
   a. 29,944 paying customers
   b. 45,000 hookups (This is our high end target #)
   c. 39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased:
   a. Cases of water 57,456 (additional 12,884 donated)
   b. Filters 108,520
   c. Filter cartridges 239,081
   d. Test kits 28,901

5. Teams going out tomorrow:
    a. 10 State (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
    b. *10 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team*

Local EOC

Operations:

- Provided direction to Operations and Logistics Section to initiate water sample collection at PODs.
- Lt. Roach worked with faith based organizations today reference water and filter distribution. Additional churches were supplied with water, filters and test kits.
- Still concerned about people going to every fire station and collecting water/filters.
- Station #6 (POD) has associated safety concerns due to proximity of street and lack of suitable parking. We are working to resolve.

Subject: SEOC Update 1/15/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/15/16 – 11th Day (10th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Pilot the logistics plan and adjust as needed
- Continue with door to door/Flint Water Response Teams (FWRTs)
- Prepare for possible surge in FWRTs utilizing NG personnel
- Work with FEMA personnel to ensure we get a Presidential Declaration of a Major Disaster and Emergency

Attached Documents:

- SitRep 10

Status on Governor's request letter to the President:

- All documents for the presidential request have been submitted to FEMA. Numerous calls and meetings took place between me and FEMA today.
- When we get the declaration(s) ... I will set up a legislative/congressional call to explain and provide bullet points as to what programs we will received. The Federal Coordinating Officer assigned will also be with me to answer questions. This has helped in the past.

Key items for tomorrow to note are:

- The logistics plan will be fully executed tomorrow with all teams.
    - We will have 10 state agency, type 3 teams (6-9 personnel), with a goal of 300 homes per team.
    - We will have 10 ARC, type 5 teams (2-4 personnel), with a goal of 100 homes per team.
    - A pilot team was used to test our logistics plan today and with 60% strength they had 160% output (830 homes).

- I will be off tomorrow but available by cell. Tony Katarsky will be SEOC State Director. I will be back in on Sunday.

Items to Note

- LT Gov visited the local EOC and SEOC today. He was able to hear our final briefing for the day.
- Held a short session managing stress with SEOC staff. Two handouts were put in MICIMS for all state and local personnel to view.
- Deployed 10 state teams and 5 ARC Flint Water Response Teams to the field today.
- Standing requirements were created for the JIC so we can get information to the media every day. Below are the current ones we have in place and we should have something out tonight according to the JIC.
    - As of 1/15/16 as of 7pm (start date was Tuesday, 1/12/16)

1. 7474 homes visited by the FWRTs. We believe we have ~24,000 homes with filters but are trying to validate that information. This is form the data we received from prior to the SEOC activation plus the PODs and door to door operations since activation.

2. Distributed:
    a. Number of cases of water 18,576
    b. Filters 45,916
    c. Filter cartridges 165,382
    d. Test kits 3,217

3. Total number of customers on the Flint water system
    a. 29,944 paying customers
    b. 45,000 hookups (This is our high end target #)
    c. 39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased:
    a. Cases of water 44,688 (additional 12,884 donated)
    b. Filters 78,520
    c. Filter cartridges 163,081
    d. Test kits 18,761

5. Teams going out tomorrow:
    a. 10 State (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
    b. 10 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

Local EOC

Home Deliveries:

- Still receiving lists from the Valley Area Agency on Aging (VAAA) on home deliveries and forwarding these to the Sheriff's office. They are going through a lot of homes. 120 out of 125 homes were completed yesterday.

Operations:

- We sent staff to visit Fire Station 6 and the warehouse today. Fire station 6 traffic was congested and that was during a "slow" time. The National Guard is identifying what is needed to alleviate this. MSP is working on providing uniform presence as needed. An additional iPad at each location will hopefully help relieve the amount of time that people are spending at the distribution sites.
- Lt. Roach worked with faith based organizations today reference water and filter distribution. Additional requests from churches were made and I approved the locations so they could be ready for Sunday. Lt. Roach was told by one of the pastors that he met with the Gov today and expressed how much he appreciated the efforts put forth. We should have 14 for this Sunday. We are working on how we can increase this output.

- Still concerned about people going to every fire station and collecting water/filters. NG personnel observed vehicles with several cases of water an overheard saying they were heading to the next station. Some people were helping themselves and taking more than one case at a time. Per the NG they cannot physically stop people from doing so. The NG is going to try to change staging in the fire stations to try to prevent this.
- Flint PD is going to check in every day with the EOC and provide a specific contact person. They are also going to help with traffic issues at the PODS. Will ask Flint PD to provide a presence when water is off loaded at a POD to help prevent people from "helping themselves."

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/14/16 – 10th Day (9th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Prepare/approve logistics plan and finalize lease on warehouse space/begin to move supplies from GCCARD to new warehouse
- Continue with door to door teams and finalize planning for future team use
- Submit request for a Presidential Declaration of a Major Disaster and Emergency
- Continue to work on long term recovery items (DHHS, DEQ, MDARD)

Attached Documents:

- SitRep 9

Status on Governor's request letter to the President:

- All documents for the presidential request have been submitted to FEMA. I had a lengthy conversation with the FEMA Region V Administrator reference the request prior to sending.

Key items for tomorrow to note are:

- The door to door teams will continue in the morning.
- We will continue to ramp up door to door operations with additional teams. Teams continue to focus on the high lead level areas and additional data is being analyzed to focus mission areas.
- ARC will increase the number of their Water Response Teams.
- Supply burn rates as well as projections on how many teams will be needed to put filters in all homes within 3 and 5 days will be completed. Analysis will be done to see in NG personnel may be needed to finish in quicker manner.

Items to Note

- DEQ was notified of the number of homes who are willing to have them take additional samples in the future (current number (114). This question was added to the App being used by the Water Response Teams. Data will be provided when needed.
- LT Gov is scheduled to be at the local EOC and SEOC (~4:30) tomorrow to see the operations.
- Secured 80,000 sq. ft. of a warehouse today. Working to consolidate all resources in one location. Tomorrow will be the first day of full implementation of our logistics plan.
- Email sent to state employees to request volunteers for weekend.
- Media monitoring showed no incorrect information today.
- Michigan Association of Broadcasters is sending PSA to radio stations.
- Coordinating with Red Cross on volunteers for weekend.

- Deployed 8 Water Response Teams to the field today (approx. 120 volunteers). 78 Red Cross volunteers active across the operation today.
- National Guard is ramping up to have 3 soldiers per shift at each POD tomorrow. Will also have a Public Affairs Officer at the JIC and liaison at the local EOC.
- Senator Ananich visited the SEOC today to see how things operate. The visit went well and he seemed happy with the number of staff working the Flint event. He tweeted out a message indicating there is still a lot of work to be done but all are working hard.
- DHHS
    - The Community Health Emergency Coordination Center (CHECC) is working on the following:
        - A nutrition plan
        - Education materials, messaging, and working with local agencies
        - Developing a community assessment for disaster behavioral health services.
- Lined up the delivery of filters to two large apartment complexes and a student housing complex.
- We have the list of individuals needing home service (additional contacts will be sent to the Ops Chief at the Local EOC each day at 4:00). Info will be provided to the sheriff's office for action.
- Water Response Team Numbers (this is not the total of homes with filters – I will provide that number tomorrow but it appears we have filters in over half the residences):

	TOTAL	1/12/2016	1/13/2016	1/14/2016
Occupied Homes	1450	242	492	716
Vacant Homes	1967	152	161	1654
Total Homes	**3417**	**394**	653	2370
Resources				
Door Hangars	1487	217	453	817
Water	588	117	254	217
Filters	945	112	220	613
Pitchers	22	3	13	6
Water test kits	217	48	109	60
Replacement Filter	482		137	345
Total Resources Dispersed	**3741**			
Future sample test site	114	28	34	52

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/13/16 – 9th Day (8th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Prepare/approve logistics plan and close lease on warehouse space
- Continue with door to door teams and finalize planning for second wave increase (+15 teams – total for 1/14/16 will be 20)
- Continue to work on Governor's Declaration of an Emergency

Attached Documents:

- SitRep 8

Status on Governor's request letter to the President:

- *All support data from state Agencies and local jurisdictions collected as of 6:00 pm on 01-13-16*
- Current timeline:
  - First draft completed and ready for review by State Department Directors (including the Attorney General) by 11:00 am on 01-14-16
  - State agency reviews due back by 1:00 pm on 01-14-16 for revision of the draft
  - Revised draft to Captain Kelenske by 2:00 pm on 01-14-16 for review and forwarding to the Governor for final review
  - *Final draft (based on Governor's review) submitted to FEMA Region V Administrator by no later than cob* 01-14-16 but hopefully sooner. FEMA is aware and ready to receive.

Requests and potential response from FEMA/President

- The letter will request all programs eligible under the Stafford Act including Public Assistance, Individual Assistance, Hazard Mitigation, FEMA's coordination of assistance from other Federal agencies and direct assistance from FEMA
- *The letter will also request potential direct reimbursement from other Federal agencies such as* EPA, CDC, HUD, DHHS and SBA
- This request is in coordination with the request for Non-Stafford Act federal assistance already requested and received by the State (technical assistance and administration, but no direct reimbursement of disaster costs)
- Direct Federal assistance from FEMA in the form of Individual Assistance to homeowners for household repairs (repair and/or replacement of water service lines and Other Needs Assistance to reimburse for water filters, bottled water, etc.) is a possibility
- *Direct Federal assistance from FEMA in the form of Public Assistance is not as likely as it is mostly replacement* of publicly owned water distribution lines (and not the direct result of damage from a natural cause)
- If Stafford Act assistance is denied (Public Assistance, Individual Assistance and Hazard Mitigation) FEMA could still provide coordination of assistance from other Federal agencies if the President declares a disaster (or emergency) for the State of Michigan

Key items for tomorrow to note are:

- The door to door teams will continue at 9 a.m. – 5 p.m. Thursday morning and continue through the weekend.
- We will continue to ramp up door to door operations with additional teams. Teams are focusing on the high lead level areas and additional data is being analyzed to focus mission areas.
- MNG will have a press event at the armory with incoming soldiers and MG Vadnais.

Items to Note

- Received information that Rev. Jesse Jackson will be in town 1/17/16 at 1:30 at the Heavenly Host Church of the Harvest of Dartmouth St, Flint.
- Managed and corrected misinformation on NG role.
- Senator Ananich is stopping by the SEOC tomorrow morning 0845. I am meeting with him and his Chief of Staff. Short visit as he has a 0930 at the Capitol.
- Working with Comcast so they can put teams in the field for distribution.
- Penske is going to give us 15-20 trucks over the weekend.
- *Contact made with Two Men and a Truck for resources.*
- Meeting set with Google where they will brief me and key staff potential tasks.
- Coordinated with Flint Mass Transportation Authority (MTA) to include Fire Station PODs on bus routes.
- Tomorrow I will have a projection as to the number of teams needed to get all citizens filters in their homes in 5 days / 3 days.
- We are standardizing team structure and supply deployment to increase efficiencies. Mission Ready Package (MRP) specifications will be sent out for other entities to assist with door to door. They will then be able to arrive as a MRP get supplies, receive a mission location and deploy.

- 5 Water Response Teams were in the field again today. Below are the numbers from the 2 days of just the Water Response Teams (there are paper copies with data still to be entered from the PODs). I was just briefed by the ARC logistics planner and there are efficiencies we can put in place to increase homes touched per day. The next version of the app will provide more granular details. Additional 30 tablets were configured by DTMB today for field implementation to include use in the PODs.

	Total	1/12/2016	1/13/2016
Occupied Homes	533	242	291
Vacant Homes	238	152	86
Total Homes	**771**	**394**	377
Resources			
Door Hangars	473	217	256
Water	265	117	148
Filters	235	112	123
Pitchers	9	3	6
Water test kits	92	48	44
Replacement Filter	93		93
Total Resources Dispersed	**1167**		
Future sample test site	62	28	34

- We show 17,276 residences with filters (this does not include data entry to be completed from POD or other locations).
    - We have 35,378 service hookups but with apartments, multi residence dwellings, etc we would be around 45,000.
- Logistics Support
    - The American Red Cross Logistics Planner provided me a brief and I approved the plan forward. The current plan includes:
        - Mission – A filter in every home ASAP.
        - 4 Distribution Methods
            - PODs (5)
            - Water Response Teams (20 effective tomorrow and this will increase)
            - Local EOC "Hot Shots" (these are calls for functional needs, unable to get to a POD location due to ??, etc). Personnel dispatched with supplies.
            - Local EOC support for other local requests (Faith based for distribution, etc.)
        - Three warehouse locations at this time
        - How to better leverage ARC resources

- Supplies – Daily Numbers
    - Replacement Cartridges - 30,700 delivered.
    - Water (cases) - 19,152 cases delivered

- Budget projection completed and will be submitted to SBO for review.

- *Notes from Water Response Team Command (MSP)*
    - Very good synergy between Flint Post troopers and Genesee County Sheriff command and deputies in effective and efficient deployments for distribution efforts.
    - Great attitude and efforts by uniforms and volunteers to make important contributions to the City of Flint on water response team deployments.
    - Clear direction and coordination in the field of supply teams by lieutenants and troopers. No confusion. Clearly defined roles.

All personnel continue to be fully committed to fixing this as quickly as possible.

Chris

Update 1/12/16 – 8th Day (7th Full Day) After Governor's Declaration of an Emergency

I apologize in advance for the length of this report. With the supply issues we had the last couple of days I wanted to share our inventory plus what we anticipate to ensure we do not have supply issues.

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Fine-tune logistics
- Increase and deploy door to door teams (4 state teams added to teams from the Sheriff's Department)
- Increase collaboration and messaging of collaboration with local agencies (specifically the Sheriff's Department)

Attached Documents:

- SitRep 7
- Executive Order Activating the National Guard

Key items for tomorrow to note are:

- The Governor signed an Executive Order activating the National Guard. Mission will be to relieve ARC volunteers at the PODs (Fire Stations) which will free up the ARC volunteers for door to door activities.
  - I have briefed the ARC Disaster Officer on this plan.
- The Governor requested, through FEMA Region V, support from the Federal Emergency Management Agency (FEMA to bring together and identify other federal agencies that may have programs and funding that could be dedicated to assisting Flint as part of an interagency recovery plan. One of the existing LNOs has been identified as the POC for this. He will be a great liaison for the FWIACC.
- The door to door teams will continue at 0830 Wednesday morning and continue through the weekend and ramp up door to door operations with additional teams. Teams are focusing on the high lead level areas.
- We will look at all commodities and see where we are and where we need to be while working with the ARC logistics specialist.

Items to Note

- PSA video sent out to Flint citizens on resources available.

- Water
  - Today's numbers - 7,824 cases of water arrived today, 1/12/16 (109 pallets)
  - Ordered:
    - 19,152 cases of water are going to arrive Wednesday, 1/13/16 (266 pallets)
      - 1/3 is going to GCCARD and the rest is going to the new warehouse
    - 12,768 cases to arrive daily beginning Thursday through Saturday (177 pallets a day)

- Filters
  - Today's numbers
    - Ordered on 1/11/16 and delivered 1/12/16 direct to GCCARD
      - 2,000 – Brita filter faucet mounts
    - Filter Replacements
      - 2,400 – Brita filter replacements (single pack)
      - 8,000 – Brita filter replacements (two pack)

- Ordered on 1/12/16 to arrive Wednesday
  - Faucet Mounts – To be delivered direct to GCCARD on 1/13/16 (Wednesday)
    - 10,000 – PUR Vertical faucet mount
    - 2,500 – PUR Horizontal mount
  - Replacement Filters – To be delivered direct to GCCARD on 1/13/16 (Wednesday)
    - 10,000 – PUR replacement filters (3 pack)
    - 10,000 – PUR replacement filters (single pack)
  - PUR Combination Pack – to be delivered to GCCARD on 1/13/16 (Wednesday)
    - 10,700 – PUR combo packs

- To arrive Thursday
  - Zero Water Pitcher (8 Cup) – Delivering direct to GCCARD on 1/14/16 (Thursday)
    - 1,300 – Zero Water pitchers
  - Faucet Mounts – Delivering direct to GCCARD on 1/14/16 (Thursday)
    - 11,000 – PUR vertical faucet mount
    - 1,500 – PUR Horizontal faucet mount
    - 5,000 – Brita faucet mount
    - 10,000 – Brita adv faucet mount white
    - 12,000 – Brita adv faucet mount chrome
  - Replacement Filters – Delivering direct to GCCARD on 1/14/16 (Thursday)
    - 117,600 – PUR replacement filter

- Test Kits
  - 6601 unassembled kits arrived at GCCARD today, 1/12/16.
  - 500 have been assembled and are ready for distribution
  - 1000 additional unassembled kits have been ordered to be delivered at GCCARD (no ETA yet)
  - 10,142 unassembled kits to arrive at GCCARD early next week

- Second warehouse – Located in Flint
  - 100, 000 square feet of secure warehouse obtained.
  - Accepting commodities beginning Wednesday, January 13

- Logistics Support
  - The American Red Cross Logistics Planner arrived from DC today as requested. I outlined what her mission was and how I saw the progression forward. This logistics planner will assist in streamlining the inventory and distribution process now and into the future.

- Door to Door Numbers
  - Today the app implementation for the field went extremely well. There were a few issues that were quickly addressed. One related to how form fields should be filled out. Another was getting styluses for teams so that they don't have to remove their gloves in the cold. All very simple to fixes.
  - We are working on version 2.0 so this can be used at the PODs
  - We should be able to greatly optimize distribution in the near future as we mapped the active water subscribers from Flint's DPW and are adding them to the field team members apps. Of the ~56,000 possible addresses, this reduces the number of possible homes to visit down to ~29,000.
  - Notes from the field commander:
    - "Today we started out the day using two groups that consisted of approximately 10 people in each group. We eventually combine groups with Genesee County Sheriff's group and they brought two more groups with approx. 10 people (Local UAW) in each group. This made us a lot more efficient and we were able to set up a game plan. Tomorrow I feel we will be more efficient and we will have a better plan in place to get the maximum output out of our resources."
  - In the end, there were 394 total home visits with the following breakdowns:

- 217 Door Hangers
- 152 Vacant Homes
- 117 Water Distributions
- 112 Filters
- 3 Pitchers
- 48 Water Test Kits

- 211
  - CALL VOLUME:
    - 185 calls for water-related issues had been received as of 4:45 pm.

- Logistics made contact with Comcast and will be supplying them with filters and replacement cartridges for their deliveries in their work trucks as they make services calls. They will follow our procedures for reporting (our checklist).

Chris

Update 1/11/16

The focus today was the media event and getting the supplies and logistics on track. Most of the activity today was working on logistics for the water and other supplies.

Attached Documents:

- SitRep 6

Key items for tomorrow to note are:

- The door to door teams will start at 0830 Tuesday morning. It is reported that troopers are going to the door but DHHS employees are the lead with a troop car nearby.
  - State and local GIS created an App today for the teams to use tomorrow but I see potential use at distribution sites.
  - The App data will be used for our maps as we survey the public/distribute supplies and we will be getting real time metrics through the site from the field send back to the SEOC. We are using Android tablets tomorrow but in the future can use any mobile device for this.

Items to Note

- It was reported that only one POD (Station 5) was out of water longer than 30-45 minutes. This site was ~2 hours without water and part of that was the truck went to the wrong station. Trucks were sent as soon as the local EOC was notified.
- We also did not receive a DHHS shipment that was to come in which caused some filter delivery issues.
- Supplies are limited at this time; however, we are getting our shipments starting at 0630 tomorrow.
- We have Home Depot giving us 12,768 cases (this was a late development so the SitRep indicates half the amount) of water every day starting tomorrow. We are still working with other distributors too.
- ARC is flying in a logistics planner tomorrow. Three additional staff with be with her to shadow and help. We are turning warehouse logistics over to ARC logistics. We are moving tomorrow to a process that has a distribution center (GCCARD) and a warehouse that is 100,000 square that will maintain mass quantities. Staff has continually been placing orders for supplies to ensure we get a head of this. The intent is to keep the warehouse full so we do not have these continual issues of supplies.
- Began mapping lead service lines (anticipate having draft of lead service lines Friday).
- Coordinated with local IT managers overseeing filter tracking system to streamline data collection.

Local Emergency Operations Center

• Working to coordinate resources at the local level to maintain adequate supplies at all PODs.
• Demand has exceeded supplies and supplies are moving rapidly from PODs today. Working to make sure POD managers notify us when they start running low.
• Working to establish a warehouse for local resource storage.
• Established trigger points for resources at PODs and hourly inventory reporting from the PODs.
• Discussed potential long term water sources between local EOC and SEOC.
• Established planning cycle/meeting scheduled for 1/12/16.
• Local EOC EMHSD staff with Natasha Henderson to request deployment of City representative at local EOC.

Chris

Update 1/10/16

Attached Documents:

- SitRep 5
- Door card (English version but Spanish version will be ready for Tuesday)

I have a local EOC section listed below but state personnel are heavily engage in management of both locations. We occasionally hit some road bumps with this event but all personnel are working well together to accomplish our goals (especially state agency personnel).

I have had good discussion with FEMA LNOs. Two statements have been developed from our discussions that hopefully helps put this in more context but if it is more confusing I apologize:

1. In the immediate response, the State, in collaboration and coordination with city of Flint and county of Genesee are working to get water, water filters, and testing kits to the affected population. In conjunction, the state will coordinate with federal agencies to ascertain what resources can come to bear to help mitigate the issue.

2. If asked about a federal declaration from FEMA, we need to articulate the definition of major and emergency declaration and state or note to ourselves that it appears to not qualify; however, there may exist opportunities to leverage federal assistance from some agencies (i.e....EPA) under their own authority to help address this issue.

    - We need to really manage expectations on the potential for a federal declaration...not that we will not go after one but it will be difficult to get.
    - A major disaster is defined in the Stafford Act as any ***"nature catastrophe (including hurricane, tornado, storm, high water, windriven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, or drought) or, regardless of cause any fire, flood, or explosion.....causes damage of sufficient severity and magnitude, to warrant major disaster assistance.....to supplement the efforts and available resources of States, and local government....."***
    - An emergency declaration is ***"is any occasion or instance for which, in determination .....assistance is needed to supplement State and local efforts and capabilities to save lives and protect property and public health and safety or to lessen or avert the threat of a catastrophe....."***
        - This is limited to immediate and short-term assistance (I hate to put times on this but short-term is like 3 weeks), essential to save lives, protect public health and safety and property.
    - Severity of the situation is ***"A finding that the situation is of such severity and magnitude that effective response is beyond the capability the state and affected local governments, and that the state requires supplementary federal emergency assistance to save and to protect property....***

- Nature of assistance for Emergency Declaration is for ***"Debris removal, emergency protective measures, direct federal assistance...."***
    - Debris Removal = ***self-explanatory and we do not have this***
    - Emergency Protective measures = ***water, commodities, transportation (remember ... to supplement what the locals and state are already doing if we need more)***
    - Direct federal assistance= ***what specific type of work is requested, and what are the reasons why the state/local government cannot perform or contract for performance. Essentially what is the need that state/local govt cannot provide. I can see this being something we need but we may be able to get this outside a federal declaration under the federal agencies own authority to help address this issue.***

Back to the update...

Key items for tomorrow to note are:

- Training is occurring for the door to door teams scheduled for Tuesday morning.
- Deploying an additional MSP District Coordinator to the local EOC for command and control support.
- Deploying two DTMB trucks and two drivers for sustained logistical support for the week.
- Media event with the Governor in Flint.
- New Incident Action Plan starts (1/11 0800 -1/13 0800 operational period). Our objectives are as follows:
    1. Ensure all households within impacted community have required resources.
    2. Ensure accurate tracking and accounting of all commodities.
    3. Improve and maintain public information strategy.
    4. Develop a long term public health and services plan.
    5. Ensure adequate staffing to support operational requirements.
    6. Identify possible assistance programs.
    7. Develop an approved GIS strategy.
    8. Maintain coordination between partner agencies and organizations.
    9. Enhance situational awareness and common operating picture of all activities.
    10. Develop a comprehensive Recovery Plan.

Items to Note

- All 9 churches had filter systems/replacement filters, information sheets, and water test kits delivered as requested by each pastor/reverend on Sunday. We did not think we could get them water due to the limited time but we did end up getting water to all 9 churches with the other items.
- Fire station resource locations stayed open from 9a to 9p and will continue with those hours until further notice (Staffing is in place until Saturday). ARC is staffing these locations.
- The media event was held at Fire Station No. 1 and report back is that it went well and the spirit of collaboration between local, state, non-governmental partners is strong was relayed.
- The four door to door teams will have the hours of 8:30 a.m. to 5 p.m.
    - Each will have logistics support from DTMB, security from MSP, and contact personnel from DHHS.
    - The door card is attached that will be left if no one is home.
- Worked to identify a storage location within the City of Flint for water and supplies. G-CARD is identified as temporary location but we are moving toward a state run warehouse operation (looking at private sector partners to assist, especially with the warehouse management side).
    - GCCard is large enough, centrally located and comes staffed. GCCard has 75,000 sq ft with warehouse managers to assist with tracking resources coming in and out.
- GIS will provide us daily updates of how much was distributed each day but note we have a delay in data entry from delivery to entry in the GIS system. Over the weekend there was a problem locally with staffing to get this completed. A solution is in place and will be implemented so we get timely data. Distributed to date (as of 1/8/16).
    - 12,386 filters
    - 1,985 replacement filters
    - 354 Pitchers

    - *2500 Lead Testing Kits*
- Establishing and tracking of resources is a priority. Staffing has been assigned to get a good handle on these to ensure distribution sites maintain an appropriate level of inventory. I have requested trigger points get put in place so we do not get below certain levels in the main warehouse location.
    - Contacts with some large water distributors have been made and their and our logistics chiefs will connect first thing this week.
    - We have ordered an additional (expedited delivery with ETAs tomorrow)
        - 40,000 Brita Filters
        - 40,000 Brita Replacement Filters
        - 1000 Zero 8-Cup Pitchers
        - 1000 Zero 8-Cup Pitchers
        - 2000 PUR Replacement Filters
        - 93 Pallets of water (about 6700 cases)
- GIS continues to produce multiple maps for use.
- *JIC Items*
    - Requested PSA on the radio. Media has been approved and working with MAB.
    - Requested JIC to contact Comcast and Dish Network for availability for continuous running of filter install/replacement and test kit video.
    - A news release will likely going out tomorrow regarding canvassing in neighborhoods. Continued social media messaging.
        - Tuesday – embed state PIO with one of the canvassing teams to liaison with media.
        - JIC moving tomorrow to Flint.

<u>Local Emergency Operations Center</u>

I am providing you some information on some issues we ran into at the PODs. This has been addressed with additional state resources and processes put in place so we do not run out of resources. Public concerns/complaints have not been brought to my attention at this time. Staff is working very hard to ensure we do not run out of supplies at the PODs and *they understand the consequences. No one in the Local EOC or State EOC is happy the follwoing occurred and I felt you* should know in case it is brought up. Again, I believe we have fixed this and I take full responsibility for any supplies not being on site.

<u>Fire Station Inventory Levels:</u>

Station 1:

- Only time without supplies - 15 minutes without water while the truck was unloaded.

Station 3:

- Ran out of replacement filters around 7:00, replacement filters delivered around 7:30. Had to pick up replacement filters from Home Depot and deliver.

Station 5:

- Ran out of water around 5:00, water was delivered around 6:30. We needed to find additional trucks because DTMB drivers were over hours. The ARC stepped up and found a truck to go and pick up a pallet of water and deliver.
- Somewhere between 4:00-6:00 they ran out of lead test kits. No way to restock these because City facilities were closed and could not reach anyone.

Station 6:

- Around 5:00 ran out of water, filters, and replacement kits. Replacement kits were delivered around 7:30. Additional water and filters were delivered after 9:00 due to the DTMB drivers heading back to Lansing. Food Bank was called and had to get drivers in to operate trucks, pick up water from the School District load and deliver to all sites. Delays occurred with weather conditions and needing to use last minute sheriff EOC staff to load due to issues with City workers. City workers were scheduled to help and left around 7:00 without helping.

- 2 pallets of water were dropped off in the afternoon and within 1 hour were gone. This was much faster than we expected. On 1/9 they didn't go through 2 pallets of water at any station for the hours 9:00-4:00.
- We received news that a reverse 9-1-1 call notified residents of water which caused an unanticipated amount of people obtaining water. There was also a report of 1 person walking out with 2 cases of water and trying to sell in the parking lot.

Station 8:

- Around 7:00 ran out of filters and lead tests. Filters were delivered around 8:00 from the food bank trucks.
- Hourly reports were requested in the morning from volunteers but this information was not received as to the status throughout the day. Early inventory of supplies took between 1 hour-1.5 hours to receive in the EOC. We were not advised of low counts, just zero numbers.
- Reports received that the last couple of hours were slow.
- Residents were advised of the other sites and the opportunity to obtain supplies.

Restocking Plan

- United Way set up meeting with Food Bank to discuss.
- Had EOC meeting on this topic to discuss options.

Churches:

- All 9 churches received waters, filters, and informational bulletins.
- Lt Roach received positive feedback from 3 of the pastors.
- No complaints were received.

Signage:

- Provided information to SEOC on signage requirements at the fire stations.

Storage:

- Researched storage spaces; established temporary site at GCCARD.

Personnel:

- Lack of local EOC leadership (seems somewhat checked out) with IC and Deputy IC (doing an okay job).
- Captain TaFoya (Genesee County) helped tremendously today with all the plans outlined above and attended the press conference.
- Tina Martinez at the Food Bank and Matt Purcell at GCCARD were extremely helpful in getting last minute operations set up.

Chris

Update 1/9/16

SitRep 4 attached for more in depth information. The below only contains some items worked on today and while the format in the attached SitRep is not perfect (it is created automatically by MICIMS) it does contain a lot more information you may want to read. I also attached one of our maps. It is our filter distribution map. All filters handed out by anyone working with us feeds into this now. We are continuing to refine these and at this time there is a delay in the upload of address data but we are working on it. We have a ways to go to get filters in every home but this will help direct us to those who need still them. We also are working on identifying abandoned homes.

Key items for tomorrow to note are:

- 9 churches will have ARC volunteers and filters for distribution. Some may also get water.
- 5 fire stations are a distribution point for water, filter systems/replacement filters, and water test kits. While only open today until 4 p.m., tomorrow and until further notice they are open from 9a to 9p.
- Media event will take place on the above tomorrow.

Items to Note

- 211 has some issues with call load but it is being worked on. 2-1-1 Director contacted MDHHS PIO to discuss/resolve caller wait times and messaging. We anticipate an increase in activity tomorrow in 211 calls so we requested and received an increase to staff 211.
- We are shifting tasks the SEOC took on that are handled more effectively and efficiently at the local EOC. We have established command and control in their EOC. We are running things there but that is not being made public. We are doing this in partnership but we are clearly handling the operation with state personnel oversight.
- A 3rd FEMA LNO arrived today upon my request. This has nothing to do with a Presidential request for a declaration but support for some other items I want worked on for long term recovery.
- We continue morning calls with the local EOC leadership and local emergency manager on what our goals for the day are as well as any issues/concerns.
- Five 5 fire stations have received water, water filters, replacement cartridges, and water testing kits with American Red Cross personnel at each location to assist with delivery of resources and collection of addresses receiving them. These locations will be open from 9a – 9p daily until determined they are no longer needed. Those picking up water testing kits will be advised that they can return the test kits to the fire departments (where they will be picked up and taken to the Flint City Hall), the Flint Water Treatment Plant, or they can take them directly to the Flint City Hall. For those unable to return the kits, 211 can make arrangements for pick up the kits. We understand response to these sites has been positive thus far. The Genesee County EOC will be monitoring these supplies and request replacement of products as needed.
    - A call is going out tomorrow morning to advise this information ... I do not believe it was every resident but Tori Sachs has that info if needed.
- I approved a press release today to advise the public that all levels are working together to ensure delivery of filters, test kits and water; noting that all of these items were delivered to the 5 Flint fire department stations. It was stressed that the public should be aware that the local and state agencies have been working cooperatively to assist the residents - and will continue to do so. This was done to hopefully end or at least minimize the "who can get water and filters out first" when all of this has been connected with the state and coordinated since the state declaration was put in place.
- The arrangement of 2,000 filters, to be taken to 9 local churches on Sunday, January 10, is ongoing. The filters have been secured; they are now in the possession of the DTMB. DTMB will return to Flint on Sunday morning to deliver these to necessary locations. The American Red Cross will be on site at each church to assist with distribution and recording addresses (for GIS). The local EOC is working to ensure these arrangements are complete and run smoothly. Future engagement with the faith based community will occur to assist with additional distribution.
- A Flint City liaison has not been in the EOC but starting Monday this will be in place to keep the Flint Mayor appraised of activities being conducted in the city. She also has been advised she can call me at any time if she needs anything.
- Training has been confirmed for the door-to-door operation scheduled to start Tuesday. Four teams are initially scheduled with more to potentially be put in place. These are the teams that will be handing out water, filter systems/replacement filters, test kits and information. If nobody is home, a door hanger with information is being left. DHHS personnel and one MSP trooper will be on these teams.
    - Training will take place at 1 p.m. on Monday afternoon at the DHHS office on Clio Road. DEQ and DHHS will provide the training.
        - Training is so those going door to door can explain what the filters do, how to install them, if they need install help to call 211 who has a list of people who can install the filters, and answer any other questions versus just handing them the filter.
    - Hours of operation will be Tuesday through Friday from 8:30 a.m. to 5 p.m. AT THIS TIME. I am reevaluating these times to increase contact with someone versus just leaving information.
    - Logistics are being finalized for the teams and trucks to handle stocking and re-stocking of materials during daily operations.
    - GIS maps will provide guidance on deployment locations for these teams and other teams in the field.
- A pilot project at Freeman Elementary with LARA and DEQ has been initiated to see if replacing certain plumbing components in faucets at the school will drop the lead level.

MSP/EMHSD GIS Section Updates

Accomplished Today (January 9):

- Produced a Point of Distribution Map. Contains four types of distribution points; Churches, Water Resource Sites, Filter Distribution Sites, Water Distribution Sites.
- Produced Filter Distribution Map.
- Developed process of how best to handle geocoding the household filter locations, worked on processing the data.
- Worked on map of franchise customers outside of Flint City.
- Produced maps for MDARD on food establishments and Local Health Departments.
- Produced map of Church Filter Distribution map for DTMB.

Local Emergency Operations Center

- The state has deployed 10 personnel to the Genesee County EOC to ensure we have command and control at the local level. On 1/8/15 The state personnel took over the incident management functions of the Genesee County EOC (not public). The arrival of additional staff allowed the local Emergency Management Coordinator to delegate tasks which relieved a tremendous amount of stress.
- Additional Sherriff staff (2-positions) will be shadowing the state incident management team to allow for transition to the county personnel later in the incident when we are comfortable with them handling things. Not sure when that will be but we have secured a direct bill hotel for staff to stay in Flint as long as needed.
- With the additional staff, the Local EOC will be able to take over functions previously handled by the SEOC including:
    - Logistical activities to support church operations.
    - Logistical activities to support fire stations operations.
    - Coordinate Donations Management activities and draft donations management plan
    - Coordinate Volunteer Management activities
    - Identify local storage/staging facilities
    - Overall inventory tracking
    - Tracking of Points of Distribution (PODs)

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/8/16

SitRep 3 attached.

There is a significant difference in what is being presented by the media and what the local EOC is relaying to us at the SEOC. It is also being driven by the media that this is a state versus local response (who is providing more and quicker versus a coordinated effort between all). That said, I advised SEOC personnel that perception is reality in some eyes and we are to move forward to address items that typically are addressed at the local level. I have ordered the SEOC open all weekend due to make the quick wins that we need and continue to get the coordination and collaboration in place that is needed (but make gains on our own as needed).

Items to Note

- Two FEMA LNO's arrived today and are in the SEOC. A third LNO was requested from FEMA due to some unique issues with this event to include having to deploy more or my staff to the local EOC to get more structure and/or find out why there is an issue with the message the media is showing versus what we are hearing from the local EOC

- We finally received from the local EOC 8 locations (we were told originally early in the week they had 80-90) that are their Points of Distribution (PODs) for water in conjunction with the local food bank. The PODs are not getting water from the food bank even though the food bank has water. We are going to resolve this issue as we can help deliver the water to the PODs but we were not aware of this. 8 PODs is not enough locations if water needs to be distributed to citizens. Speaking with the ARC Regional Administrator later today, I believe ARC got water to those locations but I need to confirm that in the morning. The food bank reported they had 376 cases of water.

- We have learned that a low number of residents are testing their water when DEQ can test 400 kits per day. This is an added focus that we believe can be increased through dissemination of test kits with the filters and any water.

- I found out the Mayor was okay with using fire stations as distribution points for water, filters, and water test kits. While this did not come to me through the local EOC, I advised we needed to get water, filters, and test kits to these locations for tomorrow. The distribution at 5 Flint Fire Department stations has been coordinated to be in place by 10:00 am tomorrow morning.

    - DTMB has provided a truck and driver to pick up water test kits from DEQ lab in Lansing, water from the Food Bank and water filters and replacement cartridges from GCARD in Genesee County.
    - 10 American Red Cross (ARC) volunteers will meet the DTMB truck at GCARD at 9:00 am to be provided information about filters. Instructions will be included in water test kits. They will then report to the 5 fire stations to assist in distribution of resources to the public and track addresses of same.
    - Residents will be told where they can drop off their water test kits, or that they can return them to the fire station the next day. Coordination will occur on pick up of water test kits daily to be taken to the Flint City Hall, who will then delivery them to the DEQ testing lab.

- STILL FINALIZING - We have made available 2,000 Filters for distribution on Sunday as parishioners leave mass/services. This will be 200 filters for 10 churches in Flint. While this is a small number of churches, we do not want to waste an opportunity to hand out filters and this seems like a quick way to so. The filters will be put on the DTMB truck on Saturday for delivery to TBD locations for distribution. Logistics remain undetermined as I am still waiting on a list of the churches, pastors/reverends/hours or services/etc. The DTMB truck will be returning to Lansing approximately 11:00 a.m. so we need to finalize this quickly on Saturday. We may utilize ARC to assist with this.

- The Recovery branch is working with the JIC to develop a door hanger card. DTMB is working on the printing portion of the hanger card. Recovery will also be finalizing logistics over the weekend for neighborhood canvasing to occur early next week. 40 volunteers have signed up to attend training on Monday afternoon to complete this task. The mission will be to deliver water sample kits along with water filters/replacement cartridges, and water.

- It appears that 211 has become overloaded. DHHS is researching ways to increase capacity for calls.

- A Volunteer Management Coordinator is in the Genesee County EOC as of today.

- A Donations Management Coordinator has been requested and she will be in the Genesee County EOC Saturday.

- DHHS had a conference call with GM today; they indicated they can provide cash, and supplies, but primarily manpower. No commitments were made at this point. We inquired as to availability of warehouse space and trucks. It was left as GM being a major resource pool that we can tap into as we determine missions. Further conversations will occur, but primarily GM just wanted us to know they are there if needed.

- An additional EMHSD staff member was sent to the Genesee County EOC to act as Operations Section Chief and obtain awareness of the situation there.

- GIS staff met with various parts of Genesee County/Flint personnel to try to get a handle on data available.

- GIS continues to work with local GIS personnel with three GIS staff going to Flint today to work with them. GIS staff is working with U of M on how best to proceed with digitizing water lines for long term recovery.

Chris

UPDATE 1/7/16

A summary of some of today's SEOC activities is provided below. Attached is the following:

- Today's SitRep which contains more information than below.
- The resource request/task assignment sheet for your situational awareness. This is how locals request resources as well as how we track resources and any assignments and/or tasks that are to be completed.
- JIC Task Tracking – for your situational awareness on how we are tracking requests and assignments. Once someone is assigned a task or resource request it allows them to document what work has been or will be done as shown at the bottom of the document.

Items to note:

- I received a document this evening from Genesee County which appears to be damage assessment information. Analysis of this will occur tomorrow. It appears to be infrastructure and costs to fix it and no other impacts.
- I spoke with Jamie Curtis, Genesee County Commissioner, this evening. A very good relationship is in place with him, especially with our District Coordinator (DC). I also have our DC working on developing stronger relationships with the Mayor/Mayor's office.
- GIS staff continue to obtain data and work with County and City personnel to get a picture of where resources have been provided, need to be provided, as well as infrastructure locations (pipes) that could be affected.
- Personnel and agencies have been tasked with developing a plan to get people in the community to deliver information, hand out filters, etc. This would target those areas we are showing minimal or no filter distribution based on the data we are collecting. The plan is to get them in the field by Tuesday and the plan will be provided to me tomorrow.
- Filters can be obtained at the following locations:
  - Michigan Department of Health and Human Services office, 125 E. Union St., Flint, MI 48502
  - Michigan Department of Health and Human Services office, 4809 Clio Road, Flint, MI 48504
  - Genesee County Community Action Resource Department office, 2727 Lippincott, Flint, MI 48507
  - Genesee County Community Action Resource Department office, 601 N. Saginaw, Flint, MI 48502
- Conducted briefing with local EOC and county executive.
- Conducted briefing with state agencies (daily updates).
- Began work to schedule legislative/congressional conference calls. Tentatively scheduled for 2 p.m. Friday.
- JIC continued to develop messaging.
- Provided input to local EOC regarding best methods of identifying health and non-structural impacts for damage assessment process.
- Deployed two EMHSD/SEOC liaisons to assist the local EOC.
- Published the Incident Action Plan and continued assignment of objectives/tasks.
- FEMA Liaison Officers just arrived in Lansing to assist command and general staff.
- I spoke with Harvey a few times and he should have talking points later tonight or tomorrow a.m. for his use and also for others who may speak to media outside of state government who may benefit from our messaging.

- We held a media round table at 1 P.M. at the SEOC. Dr. Wells and I spoke and answered questions to numerous media outlets.
- Local agencies and NGOs continue to provide water and filters to citizens.
- The website, www.michigan.gov/flintwater, was update with information and links to assistance to include 211. Additional recommendations were provided to include information on the testing water in homes.

EMHSD GIS:
Accomplished Today:

- Reproduced Socio-Economic Status Map
- Reproduced Predicted Affected Populations Map
- Cleansed old data and reports for water filter distributions
- Created draft map of water filter distributions (Refinement needed before releasing final product)
- Scheduled on-site visit with Flint GIS Department and Genesee County GIS Department
- Formatted databases to host content
- Researched service line database creation and scheduled meeting with U of M Flint to discuss timelines and resource needs
- Generated water infrastructure map (does not include building service lines)

Tasks for Tomorrow:

- Meet with Flint City GIS
- Meet with Genesee County GIS
- Meet with U of M Flint GIS
- Finalize water filter distributions map
- Finalize plan for data distribution methods

Chris

UPDATE 1/6/16

A summary of today's SEOC activities is provided below. I tried to distill this as best I could but there has been a lot of activity and discussion to get an accurate assessment of the situation. Attached is the final draft of objectives and tactics for the operational period and agency situation report (SitRep) which has more SEOC agency information. I have implemented weekly operational periods.

Advise if you want anyone else copied or off this distribution.

Daily Update

- Set goals for SEOC and identified response/recovery emphasis
- Requested FEMA liaison officers (LNO) from FEMA Region V. Two LNOs will be on site by ~3 p.m. 1/7/16. Both are known contacts to me and some staff and one has worked extensively with me during the SE MI flooding in a command and control position. These personnel have been specifically tasked with this mission. **THEY ARE NOT HERE TO ASSIST WITH A PRESIDENTIAL DECLARATION REQUEST BUT TO ASSIST ME.**
- PIOs from multiple agencies were here and established the Joint Information Center (JIC). News released pushed out on this. I am very happy with the PIO work and movement toward coordinated messaging.
- Held briefing for State Agency Emergency Management Coordinators, which included presentations from DEQ and DHHS subject matter experts to ensure situational awareness and to develop a common operating picture.
    - I opened the briefing by identifying our initial goals, items to think about while subject matter experts were briefing us, and how we are to move forward, find quick wins, and regain trust.
    - **MDHHS – Elevated Blood Lead Levels**

        - Dr. Elizabeth Wells gave an in depth summary of lead poisoning and what has occurred in terms of health monitoring throughout the Flint crisis.
    - **MDEQ – Water Testing Protocols**
        - Mr. George Krisztian of MDEQ gave an in depth summary of the testing protocols and summary results that as they have developed throughout the emerging crisis.
- Developed Incident objectives, strategy and tactics (see attached)
- Identified SEOC and state agency staff positions
- Assigned work tasks for SEOC operation period from 0800 January 6, 2016 to 1700 January 8, 2016
- Reviewed planned actions, prepared final draft Incident Action Plan
- **Made contact with the Genesee County Emergency Manager first thing in the morning and held a conference call mid-day to discuss roles. Daily 0830 command conference calls with local EOC command staff starts tomorrow. Tomorrows call will include the County Commissioner and the City Administrator (both invited). *Topics include the incident action plan objectives and establishing better local coordination,* command and control to facilitate integration with the SEOC. The local EOC is not functioning as it needs to with personnel and local coordination and we are working on that issue.**
- I will be in Flint tomorrow for a 2 p.m. media round table with local officials that was set up by the JIC.
- The attached initial objectives will be updated at least every operational period and as needed. I listed the objectives below but the tactics to accomplish them is in the attached if you want further information.
    1. Activate the State Recovery Task Force (SRTF).
    2. Establish and maintain coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate medical experts.
    3. *Obtain and maintain situational awareness and common operating picture of all activities.*
    4. Establish SEOC operational period and hours of operations.
    5. Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program.
    6. Develop a comprehensive GIS strategy.
    7. Coordinate response and recovery activities with MIVOAD and identify potential mission areas.
    8. Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies.
    9. Provide technical assistance to the local Damage Assessment process.
    10. *Establish a Joint Information Center (JIC) and develop a public information strategy.*
    11. Monitor MI CIMS for resource requests and address as appropriate.
    12. Establish and disseminate cost center information for the incident.
- Additional tasks include:
    - Determine what federal agencies are already involved and their status
    - Identify potential water supplies
    - Determine where affected homes are located, where filters/pitchers (and replacements) were installed/provided, and determine who needs filters, etc.
    - Determine how filter distribution is handled, and if it can be handled more efficiently and effectively
    - *Determine what mechanisms are in place for nutrition supplementation*

EMHSD GIS Accomplishments:

- Hosted a conference call to begin coordination with Flint City and Genesee County GIS departments and the SEOC
- Established a daily call with county and city GIS personnel to synchronize GIS efforts in support of the Flint water crisis at 8:30 A.M.
- Began consolidating local data from local GIS practitioners into a consolidated database, to include:
    - Water Pipeline Locations
    - Filter Distribution Locations
    - November 25, 2015 Water Monitoring Results (Partial, some data remains to be digitized)
    - Affected School Locations
    - Predictive analysis of blood lead levels for affected area

- Updated Parcels
- Demographics
- Block Groups

- Produced a map for the filter distribution locations
- Began contacting specialists who developed historic maps depicting the Flint Water Crisis to obtain the data

Subject: RE: Update - Genesee County Declaration

I forgot to advise that we have asked key state agency PIOs to be in the SEOC for the briefing.

From: Kelenske, Chris (MSP)
Sent: Tuesday, January 05, 2016 6:06 PM
To: Etue, Kriste (MSP); Gorski, Gary (MSP); Smith, Paul (GOV)
Cc: Baird, Richard (GOV); Hollins, Harvey (GOV)
Subject: Update - Genesee County Declaration

Below are some key points for your situational awareness (FYSA) that have taken place or will take place within the next 15 hours.

- I was on the phone with Sean Kammer, Assistant to the Flint City Administrator, when the declaration hit the news so I advised him immediately. He was going to let the City Administrator know.
- I contacted MSP Lt. Roach, 3rd District Coordinator, who was at the Genesee County EOC and advised her to let the County EM know the declaration status.
- State Emergency Management Coordinators (SEMCs) were notified via our notification system with additional information in an email.
  - This included information on the SEOC activation and a 0900 briefing for SEMCs.
  - Some subject matter experts will provide us an update to establish a common operating picture.
- We have been in contact with FEMA Region V watch desk ... they will be on the call tomorrow and continue to monitor the situation.
- I have been in contact with the FEMA Region V Administrator to keep him updated.
- Operational period for the SEOC will be M-F, 0800 to 1700 at this time.
- Situation Reports (SitReps) will be provided in the evenings.
- An Incident Action Plan will be developed tomorrow.

Call me with any concerns or questions.

Leix, Ron (MSP)

From: Governor's Office <governorsoffice@govsubscriptions.michigan.gov>
Sent: Saturday, January 30, 2016 4:42 PM
To: Leix, Ron (MSP)
Subject: Saturday, Jan. 30 update from the Flint Water Response Team

FLINT WATER RESPONSE TEAM

UPDATE | SATURDAY, JANUARY 30, 2016

This daily update is being issued in order to provide the latest information regarding actions and available resources.

Governor Snyder encourages all Flint residents to get their water tested as soon as possible. If you live in Flint, please make it a priority for your family and encourage your friends and neighbors to obtain testing kits as well. The kits are available free of charge at the water resource sites within Flint fire stations.

Water testing kits are available at city hall and *all Flint* fire stations. Residents don't need to test their own water - simply fill up the bottle and return it to where it was obtained. Residents with questions can call United Way 2-1-1. For other questions about water testing, please visit www.mi.gov/FlintWater.

Water testing results are also posted at www.mi.gov/FlintWater

Detroit News: Feds deny Snyder's request to raise Flint WIC eligibility

The U.S. Department of Agriculture has rejected Michigan's request to increase access for Flint children ages 5 to 10 to the federal nutritional program for low-income women and children.

Governor Snyder strongly urges the federal government to reconsider this request and provide additional support for children ages 5 to 10. He says that we must draw on all resources possible and work cooperatively to meet the needs of the residents of Flint, both immediate and long-term.

Click here to learn more.

REMINDERS

- For Flint water assistance: Dial 211 or visit www.mi.gov/FlintWater
- To donate or volunteer: visit www.HelpForFlint.com
- Residents should install filters to their taps to ensure they have immediate and ongoing *access to safe water. Only run cold water through the water filter and use filtered water for* drinking and cooking. Monitor the cartridge on the filter and replace as needed.

WATER RESOURCE LOCATIONS
These sites are open seven days a week from 9 a.m. to 9 p.m. with the following resources:

- Bottled water

- Water filters
- Replacement cartridges for water filters
- Water testing kits pick-up
- Drop-off location for water testing kits

Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Rd.
Flint, MI 48506

Fire Station #6
716 West Pierson Rd.
Flint, MI 48505

Fire Station #8
202 East Atherton Rd.
Flint, MI 48507

We will continue to work to improve the water situation in Flint. Community members and local officials are working together to make sure we hear and respond to concerns. Governor Snyder will continue to keep you updated on the latest news and information. **If you don't find the resources you need by dialing 211 please call the Governor's office directly at 517-335-7858.**

Ok thanks.
Can we announce an update on steps taken with any home testing 15 ppb or higher.
Also, can we re-announce where to find home water test results online.

FOR IMMEDIATE RELEASE
Saturday, Jan. 30, 2016

Gov Snyder: All levels of government must work together to help Flint recover

Editor's note: Request and denial letters attached below.

Gov. Snyder released the following statement today after the federal government denied the Michigan Department of Health and Human Services request to use supplemental nutrition funding for Flint children up to the age of 10 who may have been affected by high levels of lead in the water:

"I have strongly and continually stated that it is essential for all levels of government to work together to help Flint recover from this crisis, as it was all levels of government that failed Flint. While I understand WIC funding does not normally cover children over the age of 5, the improved health and developmental growth that will come from better nutrition for these kids necessitates a waiver of this rule.

"I strongly urge the federal government to reconsider this request and provide additional support for children ages 5 to 10. We must draw on all resources possible and work cooperatively to meet the needs of the residents of Flint, both immediate and long-term."

Subject: Re: UM-Flint Communications Students

Hi Ron,

Matt talked with Michelle yesterday and again encouraged her to utilize these students in the local EOC. You can disregard.

Thanks.

Thanks, Paula, and hi Michelle. I'd be happy to meet sometime next week—it would have to be Monday or Tuesday, though, as I leave for a conference early Wednesday morning. I'm pretty wide open in terms of my schedule, as I am just teaching online this semester, but Monday morning or Tuesday afternoon would work best for me.

Best,
Dan

Hi Michelle,

Thanks so much! I am talking with Lt. Sweeny right now. This is very helpful.

Also, the Communications Department at UM-Flint has been very responsive to the suggestion of working with your efforts. I am going to meet with them and I hope we can connect a couple of their professors with you if that is okay?

On a separate issue, I just spoke with someone from the Hispanic Technology Center, and I can help communications with them.

We are working on the website and the app as we speak.

Have a great day!

Paula

I can meet at 4:30.

That is fine on bringing another staff member to the recycling meeting.

I'm also hoping to have our PIO here tomorrow and we can discuss the app as well.

Hi Michelle,

That's great news. Thank you!

How late would you be available to meet tomorrow? Would 4:30 be to late? If so, I can work on another time.

Also, thank you for the invitation to the recycling meeting. I will be able to come to the very beginning, and I am hoping to bring our staff member, Gary Ashley, who is heading up student recycling efforts to come if that's okay with you.

I think we are progressing with an interactive map and with any luck the app.

I look forward to hearing from you.

Thank you again,

Paula

If not we can meet another time.

University Outreach is trying to coordinate efforts between the campus and the community. This is ranging from volunteer activities to providing the community with information that we can update frequently. This will be a resource for both the university and for the community as a whole. We are committed as a university to helping with this.

I hope this helps a little.

Please let me know when you might be available.

Thank you!

Paula

Hello Paula! I am also cc'ing Michelle, who is helping to coordinate here in the local Emergency Operations Center. For everything not concerning volunteering, please work with her and Melanie on how you could integrate.

As part of a group for volunteerism. Please schedule in advance of the day your group wants to volunteer by contacting Victoria Fryer: victoria.fryer@redcross.org. She will plan out how to engage your efforts for this work.

Thank you!

Chad

Subject: UM-Flint Outreach regarding water issues

Good Morning, Chad,

Please let me introduce myself. My name is Paula Nas, and I am currently the director of Outreach at UM-Flint. Our office will be helping to connect the campus with the community regarding the water efforts, everything from volunteering to helping residents locate water distribution sites, testing centers, educational programming, etc.

What would be the best way for me to coordinate efforts with the State?

Thanks so much for your help!

Paula

Subject: SEOC Update 1/29/16 - Flint Water - Limited Distribution
Attachments: SitRep24 Flint Water.pdf

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/29/16 – 25th Day (24th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Draft data documents for Governor's team for dashboards.
- Draft timeline of events.
- Receive, store, and increase quantities of supplies.
- Increase efficiency of warehouse operations and work to increase warehouse locations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.

Attached Documents:

- Sit Rep # 24

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- We will have 10 ARC, type 5 teams (2-4 personnel).
- MSP EMHSD Operations Chief in the Local EOC will be shifted to the Unified Coordination Group (Federal Agencies) to provide connection to SEOC.
    - Local EOC to take a more active role in command and control at the local level.

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- Recovery compiled a list of apartment buildings to send out to water response teams.
- SEOC Logistics coordinated Niagara water donation delivery times/dates of 25.5 semi-trailers.
- SEOC Logistics Worked with warehouse to send temporary donation's for the weekend to the LEOC established staging area.

- JIC coordinated with Genesee County Emergency Operations Center and State Emergency Operations Center regarding concerns from undocumented workers and English as second language speakers, including fielding a phone call from the Mexican Consulate in Detroit. Efforts are underway to reach out to these communities and to translate more materials for publication.
- Planning developed SBA loan request letter.
- GIS continued refinement of data.
- Information reported to the JIC:
    - As of 1/29/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 1/29/2016
30,770	37,844	7,658	924

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	216,605
b. Filters	98,641
c. Filter cartridges	202,566
d. Test kits	31,111

3. Resources purchased:
    a. Cases of water 2,151,444 Liters (additional 715,404 Liters donated)
    b. Filters 162,536
    c. Filter Cartridges 376,903
    d. Test kits 62,701
4. Teams going out tomorrow:
    a. 10 ARC (2-4 people) type 5 teams -- Goal tomorrow 100 homes per team

aStanding Information Requirements

1. **Number of homes visited each day:**
    a. 1/29/16, as of 5 pm, 924 homes were visited today.
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: 7,658
3. **Total number of National Guard on the ground:**
    a. 73
        i. Number in PODs: 58
        ii. Command Cell: 6
        iii. Cyber Mission: 3
        iv. Joint Forces Headquarters: 5
4. **Total Number of Volunteers each day:**
    a. 100 volunteers on 1/29/2016.
5. **Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,831	27,855
Active residential water subscribers	26,673	22,158

6. **Number of Water filters distributed (each day and to date):**
    a. 1,218 were distributed on 1/29/2016, and total distributed to date is 98,641.
7. **Cases of Bottle water distributed (each day and to date):**

a. 7,458 were distributed on 1/29/2016, and total distributed to date is 216,605.

8. **Number of testing kits distributed (each day and to date):**
    a. 221were distributed on 1/29/2016, and total distributed to date is 31,111.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
    *this data is updated bi-weekly
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
        i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
        ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
        iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22
11. **Number of homes with safe drinking water (Not sure whether it's possible right now to provide this number):**
    a. 4,084 water samples out of 4,351 sampled through January 29, 2016 are at or below the action level of 15 ppb for lead. Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Attended long-term recovery planning meeting with MSP/EMHSD, FEMA and community leaders.
- Planning for transition of operational control to local level.
- Planning for demobilization of MSP/EMHSD support staff.
- Coordinating distribution of Spanish-language water sample forms to affected populations.
- Identifying and securing additional warehouse space.
- Refining rapid response process and coordinating rapid response deliveries to special locations.
- Continuing to coordinate vehicle and technology demobilization.
- Implementing the recycling program with the Community Recycling Coalition.
- Coordinating in-kind and monetary donations through Michigan Community Service Commission.
- Coordinating volunteer management with Michigan Community Service Commission, ARC, and other VOADs.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/28/16 – 24th Day (23rd Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store, and increase quantities of supplies.
- Increase efficiency of warehouse operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.

Attached Documents:

- Sit Rep # 23
- Maps:
    - Parcel Contact Status, includes data as of 5 pm today. (Provide earlier by GIS)
    - Parcel Filter Status (Multi-Tenant Excluded), includes GIS data as of 5 pm today. (Provide earlier by GIS)

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- We will have 10 ARC, type 5 teams (2-4 personnel).
- We continue to send ARC teams to targeted areas potentially missed.
- Collins Road SEOC will be shutdown. New SEOC at 7150 Harris Drive in Windsor Township (former GOB) will be activated for SEOC staff only. All EMHSD admin personnel will start at the new facility on Monday.

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- MSP HQ staff completed data entry on all ARC paper copies.
- Recovery Staff attended local Community Partners Meeting.
- Recovery Branch worked with GIS to develop an area map and spreadsheet with addresses based on data specified as "follow up required "for Red Cross teams.
- SEOC Logistics researched possible warehouse options with the local EOC, FEMA and General Motors.
- We have a corporate owned (originally thought to be a franchise owned) Kroger that is no longer in business near Fire Station 6. Looking to get a lower cost for potentially use.
- Received an inquiry regarding potential scams being perpetrated on residents of Flint. This information was referred to the Attorney General's office for a possible news release and further action.
- Issued a media advisory and coordinated a press conference about recycling with Lt. Gov. Brian Calley at noon at Fire Station #1. Used social media to promote the event as it occurred.
- SEOC Operations coordinated water pitcher request for vulnerable population.
- Information reported to the JIC:
    - As of 1/28/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 1/28/2016
30,770	37,844	6,734	1,768

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	207,055
b. Filters	97,342
c. Filter cartridges	201,848
d. Test kits	30,801

3. Resources purchased:
    a. Cases of water 1,980,504 Liters (additional 517,152 Liters donated)
    b. Filters 154,052
    c. Filter Cartridges 299,508
    d. Test kits 62,701
4. Teams going out tomorrow:
    a. 10 ARC (2-4 people) type 5 teams -- Goal tomorrow 100 homes per team

New Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/28/16, as of 5 pm, 1,768 homes were visited today.
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: 6,734
3. **Total number of National Guard on the ground:**
    a. 73
        i. Number in PODs: 58
        ii. Command Cell: 6
        iii. Cyber Mission: 3
        iv. Joint Forces Headquarters: 5
4. **Total Number of Volunteers each day:**
    a. 125 volunteers for 1/28/2016.
5. **Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,238	25,221
Active residential water subscribers	26,673	20,788

6. **Number of Water filters distributed (each day and to date):**
    a. 1,806 were distributed on 1/28/2016, and total distributed to date is 97,342.
7. **Cases of Bottle water distributed (each day and to date):**
    a. 8,428 were distributed on 1/28/2016, and total distributed to date is 207,055.
8. **Number of testing kits distributed (each day and to date):**
    a. 466 were distributed on 1/28/2016, and total distributed to date is 30,801.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
    *this data is updated bi-weekly
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
        i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
        ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
        iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22
11. **Number of homes with safe drinking water:**
    a. 3,726 water samples out of 3,972 sampled through January 28, 2016 are at or below the action level of 15 ppb for lead. Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Planning for transition of operational control to local level.
- Discussed transition and demobilization of EOC support team with SEOC staff, Genesee County Sheriff's Office and Genesee County Emergency Management & Homeland Security.
- Identifying and securing additional warehouse space.
- Implementing recycling program. Promoted program at a press conference with Lt. Gov. Calley.
- Coordinating in-kind and monetary donations through Michigan Community Service Commission.
- Coordinating volunteer management with Michigan Community Service Commission, ARC and other VOADs.
- Continuously addressing public concerns over perceived fraud through door-to-door teams.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/27/16 – 23rd Day (22nd Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store, and increase quantities of supplies.
- Increase efficiency of warehouse operations.
- *Continue door to door/Flint Water Response Teams (FWRTs), ARC only.*
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.

Attached Documents:

- Sit Rep 22
- Maps:
    - Parcel Contact Status, includes data as of 5 pm today. (Provided earlier by GIS)
        - The first one indicates based upon the outreach that has been conducted, which parcels have had contact with a resident and which parcels have not had any contact with a resident.
    - Parcel Filter Status (Multi-Tenant Excluded), includes GIS data as of 5 pm today. (Provided earlier by GIS)
        - The second map indicates the status of residents that have or have not received a filter.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- We will have 10 ARC, type 5 teams (2-4 personnel).
    - ARC teams are targeting the homes we show that were not visited.
- Information provided to the Governor's Office (Paul Smith) for an extension to the Governor's Declaration of an Emergency. This has to be approved by both houses of the legislature. The extension will put us on the same timeline as FEMA's declaration.

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- Recovery Branch compiled a list of targets for apartment complexes. Once plan is in place, a team will go to each complex and verify all tenants have been given or have a water filter. Once outreach has taken place for each complex, GIS will manually mark entire parcel as complete.
- SEOC Logistics worked with the Michigan Community Service Commission on donations management and volunteers
- GIS coordinated with DNR and DEQ to establish timelines for lead mapping and strategize updates of lead statuses based on plumber activities.
- GIS coordinated with DTMB/CSS to meet with local GIS staff to review city GIS infrastructure and provide recommendations on future asset management.
- Planning and Financial provide information for Senate Appropriations Committee meeting this afternoon.
- Financial Reviewed donations as match guidelines for required 25% federal match.
- Information reported to the JIC:
    - As of 1/27/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Canvassing Total	Targeted Canvassing Mission 1/27/2016
30,770	37,844	4,966	1,020

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	196,456
b. Filters	95,417
c. Filter cartridges	200,654
d. Test kits	30,255

3. Resources purchased*:
    a. Cases of water 165,042 (additional 32,234 donated)
    b. Filters 154,052
    c. Filter Cartridges 299,508
    d. Test kits 62,701
4. Teams going out tomorrow:
    a. 10 ARC (2-4 people) type 5 teams -- Goal tomorrow 100 homes per team

Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/27/16, as of 5 pm, 1,020 homes were visited today.
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: 4,966
3. **Total number of National Guard on the ground:**
    a. 73
        i. Number in PODs: 58
        ii. Command Cell: 6
        iii. Cyber Mission: 3
        iv. Joint Forces Headquarters: 5
4. **Total Number of Volunteers each day:**
    a. 109 volunteers for 1/27/2016.
5. ***Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,238	22,939
Active residential water subscribers	26,673	19,677

6. **Number of Water filters distributed (each day and to date):**
    a. 971 were distributed on 1/27/2016, and total distributed to date is 95,417.
7. **Cases of Bottle water distributed (each day and to date):**
    a. 7,592 were distributed on 1/27/2016, and total distributed to date is 196,456.
8. **Number of testing kits distributed (each day and to date):**
    a. 341 were distributed on 1/27/2016, and total distributed to date is 30,255.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Per CHECC: People Tested for Lead 10/1/2015 to 1/22/2016: *3,351
    *this data is updated bi-weekly
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
        i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
        ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
        iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22
11. **Number of homes with safe drinking water:**

a. 2,991 homes, per data from September 3, 2015 to January 27, 2016. Note, per MDEQ, this data is from uncontrolled samples provided by residents.
*This is an estimate from Phase I data. We are cleaning up the data to get a more accurate number – Phase II questions were developed to help clean this up.

GIS Information

AS OF **1/27/2016** AT 5 p.m. USING DATA FROM FLINT WATER RESPONSE TEAMS, POD DISTRIBUTIONS, AND GENESEE COUNTY HEALTH DISTRIBUTION DATA.

NOTE: PLEASE REMEMBER THAT PAPER DATA AND DATA ENTRY FROM PREVIOUS DAYS CONTINUES TO COME IN AND WILL BE INCLUDED IN THE TOTALS AS IT IS RECEIVED.

We are tracking **38,238** *residential parcels that the City of Flint has identified as non-vacant (including Franchise). Of* those:

- **34,849 (91%)** of the parcels have been engaged (e.g. face to face, left an information card, etc.) as part of response efforts
- **22,939 (60%)** of the parcels have been confirmed to have some form of filter
- **10,723 (28%)** of the parcels have volunteered for water testing sites
- **4,918 (13%)** of the parcels have not had personal contact (not home or did not visit a POD)

We are also tracking that there are 29,994 active water subscribers (metered service lines) in the city. When consolidated down and filtering out only residential there are **26,673** residential parcels that have the ability to use the Flint Water System. Of these

- **25,457 (95%)** of the parcels have been engaged as part of response efforts
- **19,677 (74%)** of the parcels have been confirmed have some form of filter
- **9,561 (36%)** of the parcels have volunteered for water testing
- **3,718 (14%)** of the parcels have not had personal contact (not home or did not visit a POD)

Local EOC

- Planning for transition of operational control to local level.
- Identifying and securing additional warehouse space for donations management.
- Coordinating rapid response deliveries to identified locations.
- Coordinating demobilization of vehicles and technology.
- Working to implement recycling program. Press conference scheduled for 01/28/2016.
- Coordinating in-kind and monetary donations through Michigan Community Service Commission.
- Coordinating volunteer management with Michigan Community Service Commission, ARC and other VOADs.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/26/16 – 22th Day (21th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store, and increase quantities of supplies.
- Increase efficiency of warehouse operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.

- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Validate all data from the WRTs/PODs and identify focus areas.

Attached Documents:

- Sit Rep # 21
- Maps:
  - Parcel Contact Status, includes data as of 5 pm today.
    - The first one indicates based upon the outreach that has been conducted, which parcels have had contact with a resident and which parcels have not had any contact with a resident.
  - Parcel Filter Status (Multi-Tenant Excluded), includes GIS data as of 5 pm today.
    - The second map indicates the status of residents that have or have not received a filter.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- We will have 10 ARC, type 5 teams (2-4 personnel).
- Press conference to be held in Flint with the Governor, Mayor and some state agency personnel.

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- We have taken a significant number of paper records from the ARC WRTs so we can get the data entered into our system. MSP HQ staff has been pulled to the SEOC for data entry. These are a portion of the records the ARC had as they were not using the door to door App as directed. This data will further clarify areas covered/not covered by any teams.
- The WRTs are going to "targeted" locations where we are showing residences not contacted.
- We are working on identifying any multi-unit housing to ensure all have filters (e.g. apartment buildings). Some have been taken care of but we are ensuring these locations are not missed.
- Information reported to the JIC:
  - As of 1/26/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Canvass MissionTotal	Targeted Canvassing Mission 1/26/2016
30,770	37,844	**3,946**	1,350.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	186,309
b. Filters	94,301
c. Filter cartridges	199,489
d. Test kits	29,841

3. Total number of customers on the Flint water system
   a. 29,994 current water system subscribers
   b. ~45,000 hookups (This is our high end target #)
   c. ~39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased*:
    a. Cases of water 146,142 (additional 26,834 donated to the state warehouse and does not include other locations like GCCARD/Food Banks, Churches, etc.)
    b. Filters 154,052
    c. Filter Cartridges 299,508
    d. Test kits 62,701
5. Teams going out tomorrow:
    a. 10 ARC (2-4 people) type 5 teams -- Goal tomorrow 100 homes per team

Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/26/16, as of 5 pm, **1,350** homes were visited today.
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: **3,946**
3. **Total number of National Guard on the ground:**
    a. 68
        i. Number in PODs: 58
        ii. Command Cell: 6
        iii. Cyber Mission: 3
4. **Total Number of Volunteers each day:**
    a. 98 volunteers for 1/26/2016.
5. ***Number of homes with filters:**
    a. 18,487 homes had filters, per entered GIS data as of 1/25/2016.
6. **Number of Water filters distributed (each day and to date):**
    a. 1,091 were distributed on 1/26/2016, and total distributed to date is 94,301.
7. **Cases of Bottle water distributed (each day and to date):**
    a. 7,862 were distributed on 1/26/2016, and total distributed to date is 186,309.
8. **Number of testing kits distributed (each day and to date):**
    a. 403 were distributed on 1/26/2016, and total distributed to date is 29,841.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Per CHECC: People tested for lead 10/1/2015 to 1/8/2016: **2,642;**
    *this data is updated bi-monthly
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC:
        i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: **28**
        ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: **7**
        iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: **15**
        *this data is updated bi-monthly
11. **Number of homes with safe drinking water:**
    a. **1,099** homes, per data from September 3, 2015 to January 22, 2016. Note, per MDEQ, this data is from uncontrolled samples provided by residents.
    *This is an estimate from Phase I data. We are cleaning up the data to get a more accurate number – Phase II questions were developed to help clean this up.

Local EOC

- Delivered iPads to warehouse and provided on-site training to drivers, followed with written instructions.
- Facilitated recycling planning meeting and planned for implementation of the program.
- Attended local "Pastors and Police" meeting to coordinate water distribution plan with faith-based organizations.
- Planning for a transition of operational control to local level.
- Coordinated the incoming donations of water and filters through the Michigan Community Service Commission.

- Coordinated volunteer management with Michigan Community Service Commission, ARC and other VOADs.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/25/16 – 21th Day (20th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store, and increase quantities of supplies.
- Increase efficiency of warehouse operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Validate all data from the WRTs/PODs and identify focus areas

Attached Documents:

- Sit Rep # 20
- Michigan Department of Health and Human Services Situation Report for January 20, 2016
- Maps:
    - Parcel Contact Status, includes data as of 5 pm today.
        - The first map indicates based upon the outreach that has been conducted, which parcels have had contact with a resident and which parcels have not had any contact with a resident.
    - Parcel Filter Status (Multi-Tenant Excluded), includes GIS data as of 5 pm today.
        - The second map indicates the status of residents that have or have not received a filter.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- We will have 10 ARC, type 5 teams (2-4 personnel).

Items to Note

- 11 ARC Flint Water Response Teams to the field today.
- 8 EPA PIOs will be in the JIC tomorrow. The JIC is unaware of the role or expectations at this time.
- Reference the rash I discussed on the call tonight:
    - There was one specific complaint about rashes that Community Health personnel plan on working with ATSTD/CDC. DEQ is requesting that EPA collect all appropriate water samples to enable a full analysis of the water at the address (an apartment) for bacterial contamination, and a full metals and organics panel. Lead is not associated with skin rashes, but other contaminants are and DEQ wants to find out what, if any, other contaminants are in the water.
    - It was also discussed that it would be ideal if Community Health can forward to the EPA the other addresses and contact information for which they've received complaints of rashes, so that EPA could also test there for appropriate parameters to see if we can identify a cause.
    - SEOC DEQ desk will continue to monitor and work this issue.

- SEOC OPS, Health, MDEQ SEOC, Logistics participated in conference calls with the Governor's office and private partners on potential alternative filtration systems for schools, daycares, etc.
- Created a form for drivers to track rapid response deliveries.
- Media avail at fire station 8 this morning received positive news coverage.
- The NAACP is holding a public meeting at U of M Flint on Tuesday.
- Rachel Maddow will hold a town hall meeting on Wednesday. MSP Third District Commander advised.
- Developed new Incident Action Plan (#7 published in MICIMS) and ICS 204s for the new operational period (1/26/2015-2/2/2016).
- MDOC assumed all warehousing responsibilities today.
- Reviewed state agency financial information received for update to current spend plan.
- Information reported to the JIC:
    - As of 1/25/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Canvassing Mission 1/25/2016
30,770	37,844	2,596 – ARC*

*American Red Cross data has not been entered in the app, but is currently being caught up. Starting January 26, 2016, the American Red Cross has been instructed that iPads must be used in the field for data entry in order to clearly capture the homes that have filters.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	176,118
b. Filters	93,048
c. Filter cartridges	198,552
d. Test kits	29,320

3. Total number of customers on the Flint water system
    a. 29,994 current water system subscribers
    b. ~45,000 hookups (This is our high end target #)
    c. ~39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased*:
    a. Cases of water 141,982 (additional 24,634 donated)
    b. Filters 124,052
    c. Filter Cartridges 285,586
    d. Test kits 62,701

    * Numbers have not been updated due to the following circumstances:
        - Outstanding donations and inventory at the warehouse which has not been reported to the SEOC. Staff in the SEOC is working with donations management and warehouse to reconcile numbers.
        - Outstanding data from GCCARD on deliveries from 1/8-1/12. Staff in the SEOC and local EOC is working with GCCARD to obtain data.
        - At the beginning of tracking the planning factor used was 72 cases of water per pallet and 22 pallets per semi-truck. Per bill of lading received from the warehouse today, it has been identified that this assumption is not correct. Staff is working to reconcile numbers.

5. Teams going out tomorrow:
    a. 10 ARC (2-4 people) type 5 teams -- Goal tomorrow 100 homes per team

Standing Information Requirements

1. **Number of homes visited each day:**

a. 1/25/16, as of 5 pm, 2,596 homes were visited today.

2. **Total number of homes visited:**
   a. Phase II: 37,844
   b. Targeted Canvassing Mission: 2,596
3. **Total number of National Guard on the ground:**
   a. 65
      i. Number in PODs: 60
      ii. Command and Control Staff for NG Personnel: 5
4. **Total Number of Volunteers each day:**
   a. 135 volunteers for 1/25/2016.
5. ***Number of homes with filters:**
   a. 17,595 homes had filters, per entered GIS data as of 1/22/2016.
6. **Number of Water filters distributed (each day and to date):**
   a. 1,151 were distributed on 1/25/2016, and total distributed to date is 93,048.
7. **Cases of Bottle water distributed (each day and to date):**
   a. 9,514 were distributed on 1/25/2016, and total distributed to date is 176,118.
8. **Number of testing kits distributed (each day and to date):**
   a. *478 were distributed on 1/25/2016, and total distributed to date is 29,320.*
9. **Number of people tested for elevated blood levels (kids, adults, total):**
   a. Per CHECC: People tested for lead 10/1/2015 to 1/8/2016: **2,642;**
